DIGITAL POWER CORPORATION AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

1. BASIS OF PRESENTATION:

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. For further information, refer to the financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the fiscal year ended December 31, 2001.

In the opinion of management, the unaudited condensed consolidated financial statements contain all adjustments consisting only of normal recurring accruals considered necessary to present fairly the Company's financial position at March 31, 2002 and 2001, the results of operations, statement of shareholders' equity and cash flows for the three months then ended. The results for the period ended March 31, 2002, are not necessarily indicative of the results to be expected for the entire fiscal year ending December 31, 2002.

2. SIGNIFICANT ACCOUNTING POLICIES:

Edgar Filing: DIGITAL POWER CORP - Form 10QSB

The significant accounting policies applied in the preparation of these financial statements are identical to those followed in the preparation of the latest annual financial statements.

3. EARNINGS PER SHARE

The following represents the calculation of earnings (loss) per share:

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Stockholders and Board of Directors
Digital Power Corporation and Subsidiaries
Fremont, California

We have reviewed the accompanying consolidated balance sheets of Digital Power Corporation and subsidiaries as of March 31, 2002 and 2001, and related consolidated statements of operations, stockholders' equity, and cash flows for the three month periods then ended. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards established by the American Institute of Certified Public Accountants. A review of interim financial statements consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an examination in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the consolidated financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

HEIN + ASSOCIATES LLP
Certified Public Accountants

Orange, California

11

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

With the exception of historical facts stated herein, the matters discussed in this report are "forward looking" statements that involve risks and uncertainties that could cause actual results to differ materially from projected results. Such "forward looking" statements include, but are not necessarily limited to, statements regarding anticipated levels of future revenues and earnings from operations of the Company. Factors that could cause actual results to differ materially include, in addition to other factors identified in this report, dependence on the computer and other electronic equipment industry, competition in the power supply industry, dependence on the Guadalajara, Mexico facility and manufacturer in China, and other risks factors detailed in the Company's Form 10-KSB for the year ended December 31, 2001. Readers of this report are cautioned not to put undue reliance on "forward looking" statements which are, by their nature, uncertain as reliable indicators of future performance. The Company disclaims any intent or obligation to publicly update these "forward looking" statements, whether as a result of new information, future events, or otherwise.

The financial statements included in this report include additional information not otherwise required by regulations of the Securities and Exchange Commission. The Company is providing this additional information in connection with Telkoor Telecom's filings with the securities agencies in Israel.

THREE MONTHS ENDED MARCH 31, 2002, COMPARED TO MARCH 31, 2001

REVENUES

Total revenues decreased by 33.0% to \$2,182,849 for the first quarter ended March 31, 2002, from \$3,259,347 for the first quarter ended March 31, 2001. Revenues from the Company's United Kingdom's operations of Digital Power Ltd. decreased 29% to \$922,650 for the first quarter ended March 31, 2002, from \$1,299,167 for the first quarter ended March 31, 2001. Revenues attributed to the United States operations decreased by 36% from the same quarter of the prior year. The decrease in revenues was attributed primarily to the continued softness in the telecommunications industry.

GROSS MARGINS

Gross margins were 24.5% for the three months ended March 31, 2002, compared to 19.2% for the three months ended March 31, 2001. The increase in gross margins can be attributed primarily to utilization of inventory which was fully reserved in the amount of \$191,000 and the reversal of accrued cancellation charges of approximately \$100,000 which the supplier will not require.

SELLING, GENERAL AND ADMINISTRATIVE

Selling, general and administrative expenses were 23.1% of revenues for the three months ended March 31, 2002, compared to 22.0% for the three months ended March 31, 2001. In actual dollar terms, these expenses were down 29.7%, while revenues were down 33.0%, resulting in higher expense as a percentage of revenues. Reduced selling, general and administrative expenses can be attributed primarily to a decreased commissions paid and decreased salary for administrative staff by a 20% pay cut beginning in fourth quarter of 2001.

12

ENGINEERING AND PRODUCT DEVELOPMENT

Engineering and product development expenses were 8.7% of revenues for the three

Edgar Filing: DIGITAL POWER CORP - Form 10QSB

months ended March 31, 2002, and 9.7% for the three months ended March 31, 2001. Actual dollar expenditures were down by 40.3% mainly due to the reduced labor cost by laying off engineers and reducing the cost of outside services.

INTEREST EXPENSE

Interest expense, net of interest income, was \$8,714 for the three months ended March 31, 2002, compared to \$7,245 for the three months ended March 31, 2001.

LOSS BEFORE INCOME TAXES

For the three months ended March 31, 2002, the Company had a loss before income taxes of \$170,204 compared to a loss before income taxes of \$413,027 for the three months ended March 31, 2001. Digital Power Limited reported income before income taxes of \$55,115 for the three months ended March 31, 2002, compared to an income before income taxes of \$77,972 for the three months ended March 31, 2001.

INCOME TAX

Provision for income tax decreased from a \$368,000 for the three months ended March 31, 2001, to \$25,670 for the first quarter of 2002. Due to the net loss, DPC has no income tax provisions. The \$25,670 income tax provision in the first quarter of 2002 was solely for Gresham Power.

NET LOSS

Net loss for the three months ended March 31, 2002, was \$195,874 compared to net loss of \$781,027 for the three months ended March 31, 2001. Reduced labor expenses resulting from last year's lay off and the increase in our gross margin percentage contributed to our smaller loss.

LIQUIDITY AND CAPITAL RESOURCES

On March 31, 2002, the Company had cash of \$1,382,029 and working capital of \$1,717,237. This compares with cash of \$928,385 and working capital of \$5,613,698 at March 31, 2001. The decrease in working capital was primarily due to a net decrease in raw materials generated by a provision for inventory obsolescence and excess of \$2,7000,000 and a decrease in accounts receivable and prepaid expenses and increase in accounts payable. Cash provided in operating activities for the Company totaled \$284,675 for the three months ended March 31, 2002. Cash used in operating activities for the Company totaled \$122,692 for the three months ended March 31, 2001. Cash used in investing activities was \$3,864 for the three months ended March 31, 2002, compared to \$39,979 for the three months ended March 31, 2001. Net cash used by financing activities was \$111,752 for the three months ended March 31, 2002, compared to the net cash provided by financing activities of \$434,506 for the three months ended March 31, 2001.

The Company has a \$750,000 line of credit with San Jose National Bank ("SJNB"). Due, in part, to a change in business direction at SJNB, the Company and SJNB have agreed to terminate their relationship May 31, 2002. The Company is currently in negotiations with Silicon Valley Bank to seek a new credit facility. No assurance can be given that the Company will successfully enter into a new relationship with Silicon Valley Bank. Because the Company incurred a loss for the quarter ended March 31, 2002, the Company is currently not in compliance with one of its loan covenants with SJNB.

13

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On April 25, 2002, Celetron USA, Inc. filed a complaint against the Company in the Superior Court of the State of California for the County of Alameda (Case No. 2002-047625). Celetron is alleging breach of contract, among other claims,

Edgar Filing: DIGITAL POWER CORP - Form 10QSB

in connection with the purchase of power supplies by the Company from Celetron. Celetron is seeking damages of approximately \$126,000.
