Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Univest Corporation of Pennsylvania Deferred Salary Savings Plan:
Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Univest Corporation of Pennsylvania Deferred Salary and Savings Plan (the Plan) as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and 2016, and the related notes (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017 and 2016, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Accompanying Supplemental Information

The supplemental information in the accompanying schedule Schedule H Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ KPMG LLP

We have served as the Plan's auditor since 2004.

UNIVEST CORPORATION OF PENNSYLVANIA

DEFERRED SALARY SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan

The following description of the Univest Corporation of Pennsylvania Deferred Salary Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

(a) General

The Plan is a deferred salary savings plan covering all employees of Univest Corporation of Pennsylvania and its wholly owned subsidiaries (the Corporation or the Employer or Plan Sponsor) who have attained the age of 18. Employees can enter the Plan on the first day of the month following the fulfillment of the eligibility requirements. However, with respect to matching contributions, qualified non-elective contributions and discretionary profit-sharing contributions, employees are eligible to receive these contributions in the Plan after they have completed at least six months of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by Administrative Fiduciaries appointed by the Board of Directors of the Corporation under the Trust Agreement between the Plan Sponsor and the Trustee effective July 3, 2017. The Administrative Fiduciaries refer to members of Executive Management of the Corporation who serve as fiduciaries of the Plan. John Hancock Trust Company LLC serves as the Trustee of the Plan. The Plan Sponsor has appointed members of Executive Management to serve as Investment Fiduciaries of the Plan. Girard Partners, Ltd., a Univest Wealth Management firm is the Plan Advisor.

Effective July 3, 2017, the Corporation completed the transition to a new service platform with John Hancock Retirement Plan Services LLC (John Hancock), with John Hancock becoming the third-party administrator.

(b) Plan Amendments

Effective July 3, 2017, the Plan was amended and restated in its entirety to convert the Plan from an individually designed plan to a non-standardized pre-approved plan with John Hancock and to conform to the requirements of the current Internal Revenue Service ("IRS") remedial amendment cycle. Several discretionary changes were made in conjunction with the restatement, including allowing participants to borrow against their 401(k) up to 50% of their vested balance with a maximum loan amount of \$50,000 and minimum loan amount of \$1,000. In addition, the Plan was restated to include the acceptance of rollovers by the Plan from 403(b) plans, 457 plans, conduit IRA's and Traditional IRA's in accordance with the Internal Revenue Code (IRC).

Effective May 1, 2016, the Plan was amended for the following provisions: (i) an employee who becomes an employee as a result of a "lift out" shall become a participant in the Plan immediately upon the employee commencement date and (ii) the vested portion of all accounts of a participant who became an employee as a result of a lift out, shall be 100% at all times. A "lift out" occurs when three or more individuals are employed by the Employer at the same time, having been employed immediately preceding their employment commencement dates by the same banking institution.

(c) Contributions

Participants may contribute a percentage of eligible compensation on a pre-tax or after-tax basis or a combination thereof, up to the Internal Revenue Code (IRC) maximum allowable limit for 2017 of \$18,000 if under age 50 and \$24,000 if age 50 or over. Under the Roth 401(k) contribution option, a participant can make after-tax contributions; distributions from a participant's Roth 401(k) contributions and earnings thereon at retirement are generally tax-free. Participant contributions may be subject to additional limitations imposed by the IRC as detailed in the Plan.

The Employer makes a matching contribution of up to 50% of the participants' contributions on a pre-tax basis under the Plan provisions. Matching contributions are limited to the initial 6% of compensation a participant contributes. Additional amounts may be contributed at the election of the Corporation's Board of Directors.

Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for "in-plan Roth rollovers" which allow participants to convert vested pre-tax accounts to after-tax Roth accounts by direct rollover within the Plan in accordance with the IRC. Effective July 3, 2017, the Plan also accepts rollovers from 403(b) plans, 457 plans, conduit IRA's and Traditional IRA's in accordance with the IRC.

Table of Contents

UNIVEST CORPORATION OF PENNSYLVANIA

DEFERRED SALARY SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016

New employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

(d) Investment Options

Participants direct the investment of their contributions, matching contributions, qualified non-elective contributions and discretionary contributions into various investment options offered by the Plan. The Plan currently has participant investments in the Corporation's common stock. New participants do not have the option to invest in the Corporation's common stock. Effective July 3, 2017, participant investments in pooled separate accounts with John Hancock Life Insurance Company (U.S.A.) and the registered investment company bond fund were transferred to new investments in registered investment companies with similar investment objectives at John Hancock. The pooled separate account common collective investment trust fund with John Hancock was transferred to another common collective investment trust fund at John Hancock. In addition, several new registered investment companies options at John Hancock were added as well as a self-directed brokerage account provided by TD Ameritrade.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution as well as any investment earnings (losses) generated by the assets in which the participant's account is invested.

(f) Vesting

Participants are considered fully vested at all times in their voluntary contributions, plus actual earnings (losses) thereon.

Vesting in the remainder of participant accounts is based upon the number of years of continuous service. A participant is 50% vested at the end of two years of service, 75% vested at the end of three years of service, and fully vested at the end of four years of service. Participants attaining their normal retirement age, participants who become disabled and beneficiaries of participants who die are entitled to 100% of participant's accrued benefits, regardless of credited service period. A participant's service with other entities acquired by the Employer as a result of an asset or stock acquisition, merger, or similar transaction, as described in the Plan, is recognized for vesting of the Employer's matching contributions.

(g) Payment of Benefits

The benefit to which a participant is entitled is that which can be provided from the participant's account. Benefits shall be paid in either a lump-sum payment or calculated periodic payments when payable, based upon the election of the participant and as specified in the Plan agreement. Generally, benefit payments must commence no later than the year in which a participant attains age 70½.

(h) Notes Receivable from Participants

Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Effective July 3, 2017, under the terms of the Plan, participants can borrow against their 401(k) up to 50% of their vested balance with a maximum loan amount of \$50,000 and a minimum loan amount of \$1,000, and may only have one loan currently outstanding. Loan transactions are considered a directed investment from the account of the participant maintained under the Plan. The loans are secured by the balance in the participant's account. Principal and interest payments are paid ratably through payroll deductions and are added to the participant's account balance. The Plan will charge the participant's account balance with expenses directly related to the origination, maintenance and collection of the note. Loans bear a fixed rate of interest at the prime lending rate in effect at the time of origination plus 1%.

Loan repayments may be suspended for up to one year in case of an approved leave of absence. Loans to participants on a leave of absence due to a service in the military shall have loan repayments suspended until the participant's

military service is completed.

In the event of a Plan merger in connection with an acquisition by the Employer as a result of an asset or stock acquisition, merger, or similar transaction, or in the event of a trustee-to-trustee transfer or rollover of plan assets from a qualified retirement plan maintained by an entity acquired by the Employer as a result of an asset or stock acquisition, merger, or similar transaction, then, the Trustee may accept an in-kind transfer or rollover of an existing participant loan, provided that the loan conforms to the terms of the plan from which it was extended and is not then

5

Table of Contents

UNIVEST CORPORATION OF PENNSYLVANIA

DEFERRED SALARY SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016

in default; any such loan is treated as a self-directed investment of the participant and is administered in accordance with its original terms and conditions, without extension or modification.

At December 31, 2017, outstanding loans totaled \$349,058 with interest rates ranging from 4.25% to 5.50% and maturity dates ranging from 2018 through 2032.

(i) Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

(j) Excess Contributions

Excess contributions primarily represent salary deferrals withheld from participants in excess of the IRC limitations. These amounts are refunded to participants subsequent to year-end. Excess contributions are recorded as a liability, with a corresponding reduction to contributions. There were no excess contributions for the 2017 Plan year.

(k) Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts are used to reduce employer contributions. During 2017 and 2016, the Corporation used forfeited amounts to reduce employer contributions by \$29,784 and \$42,182, respectively. At December 31, 2017 and 2016, forfeited nonvested accounts that were not used in 2017 and 2016 to reduce employer contributions totaled \$19,359 and \$8,733, respectively.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded when it is earned. Loans are considered in default if any scheduled payments remain unpaid after the last day of the calendar quarter following the calendar quarter in which a schedule payment was missed or if the participant makes or furnishes any false representation or statement to the Plan. There was no allowance for credit losses recorded at December 31, 2017, as there were no loans in default.

(e) Expenses

The Plan's administrative expenses are paid by either the Plan or by the Corporation, according to the Plan's provisions, and include such expenses as contract administration and record keeping expenses. Expenses relating to investment management fees are charged to the particular investment fund to which the expenses relate.

(f) Payment of Benefits

Benefit payments to participants are recorded when paid.

UNIVEST CORPORATION OF PENNSYLVANIA

DEFERRED SALARY SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(g) Recent Accounting Pronouncements

There were no recent accounting pronouncements applicable to the Plan.

(3) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan determines the fair value of financial instruments based on the fair value hierarchy. The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan.

Unobservable inputs are inputs that reflect assumptions that the Plan believes a market participant would use in pricing the asset or liability based on the best information available in the circumstances, including assumptions about risk. Three levels of inputs are used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of input significant to the fair value measurement. Transfers between levels are recognized at the end of the reporting period.

Level 1 - Valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuations are based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations are based on inputs that are unobservable and significant to the overall fair value measurement. Assets and liabilities utilizing Level 3 inputs include: financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the fair value calculation requires significant management judgment or estimation.

Where quoted prices are available in an active market for identical instruments, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of investments with similar characteristics or discounted cash flows. In cases where there is limited activity or less transparency around inputs to the valuation, investments are classified within Level 3 of the valuation hierarchy.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Common stock: Common stock is valued at the closing price reported on the active market on which the individual securities are traded. The common stock is classified in Level 1 in the fair value hierarchy.

Registered investment companies: Registered investment companies are valued at quoted market prices that represent the net asset value of shares on a market exchange at the end of the trading day. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The registered investment companies are classified in Level 1 in the fair value hierarchy.

Common collective trust fund: This investment represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The common collective trust fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The common collective trust fund is classified in Level 1 in the fair value hierarchy.

Self-directed brokerage account: Self-directed brokerage accounts include investments in publicly traded registered investment companies. These registered investment companies are valued at quoted market prices that represent the net asset value of shares on a market exchange at the end of the trading day and classified in Level 1 in the fair value hierarchy.

7

Table of Contents

UNIVEST CORPORATION OF PENNSYLVANIA

DEFERRED SALARY SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016

Pooled separate accounts: Pooled separate accounts represent investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The underlying securities in pooled separate accounts, except for the stable value fund, are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company denotes readily determinable fair value. These pooled separate accounts are classified in Level 1 in the fair value hierarchy. Included in pooled separate accounts is a common collective trust fund. The Plan has concluded that the net asset value of the underlying investments as adjusted and reported by the insurance company denotes readily determinable fair value. The common collect trust fund is classified in Level 1 in the fair value hierarchy.

The following table presents the fair value of the Plan's investments at December 31, 2017 and 2016, classified using the fair value hierarchy:

	Fair value measurements at December 31, 2017			
	Level 1	Level 2	Level 3	Total

Registered investment company bond fund	847,249	—	—	847,249
Pooled separate accounts	42,567,743	—	—	42,567,743
Total investments	\$48,405,261	\$ —	—	—\$48,405,261

(4) Parties-in-Interest Transactions

John Hancock became the third-party administrator of the Plan and the custodian and record keeper of all Plan investments effective July 3, 2017. Prior to July 3, 2017, the Bank, a subsidiary of the Corporation, was the custodian and record keeper of the Plan's investments in the common stock of the Corporation and the registered investment company bond fund, John Hancock was the custodian and record keeper of the Plan's investments in pooled separate accounts and CBIZ, Inc. was the third-party administrator of the Plan. Administrative expenses paid to John Hancock for the year ended December 31, 2017 were \$57,524. Administrative expenses paid to CBIZ, Inc. were \$44,351 and \$77,975 for the years ended December 31, 2017 and 2016, respectively.

At December 31, 2017 and 2016, the Plan held 118,725 and 153,674 shares, respectively, of the Corporation's common stock and the fair value of this common stock was \$3,330,236 and \$4,748,527, respectively. At December 31, 2017 and 2016, the Plan had an interest-bearing deposit account with the Bank with a balance of \$0 and \$233,009, respectively. At December 31, 2017 and 2016, the Plan had a noninterest-bearing cash account with John Hancock

with a balance of \$0 and \$8,733, respectively.

At December 31, 2017 and 2016, the Plan had outstanding notes receivable from participants totaling \$349,058 and \$28,665 respectively.

8

Table of Contents

UNIVEST CORPORATION OF PENNSYLVANIA

DEFERRED SALARY SAVINGS PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(5) Income Tax Status

The Plan received a favorable determination letter from the IRS dated October 15, 2009, stating that the Plan and related trust is qualified under Section 401(a) of the IRC. Effective July 3, 2017, the Plan was amended and restated in its entirety to an IRS pre-approved (May 18, 2015) prototype plan with John Hancock. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accordingly, no provision for income taxes was included in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(6) Risks and Uncertainties

The Plan has holdings in various investments including registered investment companies, a common collective investment trust fund sponsored by an insurance company and common stock of the Corporation. These investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts recorded in the statements of net assets available for benefits.
