Item 7.01 Regulation FD Disclosure.

On June 23, 2016, Flagstar Bancorp, Inc. ("the "Company") (NYSE: FBC) received written non-objection from the Federal Reserve Bank of Chicago, acting pursuant to the authority delegated by the Board of Governors of the Federal Reserve System, to redeem \$267 million of its Fixed Rate Cumulative Perpetual Preferred Stock, Series C (the "TARP Preferred"). Before redeeming the TARP Preferred, which requires that the Company simultaneously pay approximately \$102 million of accrued and unpaid dividends, the Company will pay approximately \$31 million of deferred interest on nine series of trust preferred securities (the "TruPS") issued by trusts controlled by the Company. The Company intends to finance the redemption using proceeds from senior debt securities and from internally generated sources, including a \$200 million dividend from its subsidiary Flagstar Bank, FSB. No equity offering for this redemption is contemplated.

In connection with a proposed offering of senior notes to finance the redemption of the TARP Preferred, the Company used non-GAAP financial measures to provide for more meaningful disclosure of the impact of the proposed TARP redemption transaction on the regulatory capital ratios that affect the Company. Such pro forma ratios and related non-GAAP reconciliation tables are included in Exhibit 99.2.

This Form 8-K is neither an offer to sell nor a solicitation of an offer to buy the senior notes or any other securities.

Information contained herein, including Exhibit 99.1 and Exhibit 99.2, shall not be deemed filed for the purposes of the Securities Exchange Act of 1934, nor shall such information and Exhibit be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such a filing.
