EXPLANATORY NOTE

White Mountains Insurance Group, Ltd. ("White Mountains" or the "Registrant") is filing this Form 8-K/A to amend its Form 8-K/A filed March 27, 2003 that presented financial information relating to CGU Corporation and its subsidiaries ("CGU"). This amendment has no impact on White Mountains' financial statements or its fully converted tangible book value per share in any period.

In particular, this Form 8-K/A reflects the following changes from the earlier filing. Exhibit 99(x) presents an expanded Management's Discussion and Analysis of Financial Condition for CGU for the five months ended May 31, 2001 compared to the six months ended June 30, 2000. Exhibit 99(y) corrects a typographical error in the deferred credit calculation in note (G). There are no changes to Exhibits 99(w) or 99(z) from the previous filing.

In addition, a reconciliation of CGU's net loss from continuing operations reflected in the pro forma financial statements contained in White Mountains' Form 8-K/A filed July 15, 2002 to CGU's net income from continuing operations reflected in this Form 8-K/A is as follows:

## Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form 8-K/A

(dollars in millions)

Net loss from continuing operations for the period from January 1, 2001 through June 1, 2001 as disclosed in Form 8-K/A filed July 15, 2002

Amounts ceded under the NICO Cover and the GRC Cover

Obligations relating to NYAIP assigned risk exposures

Allowance for doubtful accounts

Premium deficiency reserves on National Accounts and National Programs business

Adjustments to remove double counting of purchase accounting adjustments and realized losses

Net income from continuing operations for the five months ended May 31, 2001 as disclosed in this Form 8-K/A

(1) Earned insurance premiums and loss and loss adjustment expenses included in the CGU actual column in the pro forma table included in the Form 8-K/A filed on July 15, 2002 reflected the purchases of the NICO Cover and the GRC Cover on June 1, 2001, and, as described in Notes H and I to that filing, also included pro forma adjustments to remove the effect of these non-recurring transactions. In the pro forma table included in Exhibit 99(y) of this Form 8-K/A, the CGU actual column is based on CGU's financial statements for the five-month period ended May 31, 2001 (a date prior to the purchases of the NICO Cover and the GRC Cover) included in Exhibit 99(x) of this Form 8-K/A. These financial statements disclose the June 1, 2001 purchases of the NICO Cover and the GRC Cover as subsequent events, and no adjustments are necessary to remove the effect of these non-recurring transactions in determining pro forma amounts. As described above, since the NICO Cover and GRC Cover have been presented differently in this Form 8-K/A than in the Form 8-K/A filed on July 15, 2002, the reconciliation above includes an adjustment of \$306.9 million to remove the effect of amounts ceded under these covers which had been previously included in the CGU actual column in arriving at net loss from continuing operations of \$236.5 million in the Form 8-K/A filed on July 15, 2002. The adjustment of \$306.9 million is derived from the reduction of earned insurance premiums by \$1,510.1 million and the reduction of loss and loss adjustment expenses by \$1,037.9 million, tax effected at a U.S. statutory tax rate of 35%.

(2) The CGU historical and pro forma income statements now reflect certain amounts in CGU's historical, pre-acquisition financial statements that had previously been recorded as purchase accounting adjustments at the time of the acquisition by White Mountains. These adjustments were: (i) \$110.4 million to establish a liability relating to obligations associated with assigned risk exposures in New York (the New York Automobile Insurance Plan "NYAIP") (\$71.5 million after-tax); (ii) \$42.0 million in allowances for doubtful accounts on insurance balances receivable (\$27.3 million after-tax); and (iii) \$18.0 million of liabilities relating to premium deficiency reserves associated with CGU's National Accounts and National Programs business (\$11.7 million after-tax).

(3) The Form 8-K/A filed on July 15, 2002 erroneously included certain purchase accounting adjustments in the CGU column in its Exhibit 99(y). Specifically, a

\$57.6 million purchase accounting adjustment to reduce the carrying value of noncurrent, non-financial assets relating to goodwill, intangible assets and certain receivables which were to be collected more than one year after the acquisition had been recorded in the historical CGU column for the period from January 1, 2001 through June 1, 2001 of the pro forma income statement included in its Exhibit 99(y). Additionally, \$39.6 million of realized losses relating to non-insurance subsidiaries had been incorrectly recorded in CGU's pre-acquisition income statement included in its Exhibit 99(y), which had the result of understating net realized gains on investment securities. The CGU historical and pro forma income statements included Exhibits 99(x) and 99(y) in this Form 8-K/A reverse the purchase accounting adjustments and the realized losses that had been incorrectly recorded in order to properly reflect CGU's historical financial statements as of and for the five months ended May 31, 2001.
