PROXY STATEMENT
2005 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of EPIX Pharmaceuticals, Inc., a Delaware corporation ("EPIX" or the "Company"), is soliciting your proxy to vote at the 2005 annual meeting of stockholders and any adjournments of the meeting. This proxy statement summarizes the information you need to know to vote at the annual meeting. You do not need to attend the annual meeting to vote your shares. Instead, you may vote your shares by marking, signing, dating and returning the enclosed proxy card.

On April 27, 2005, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Only stockholders who owned EPIX common stock at the close of business on March 31, 2005 are entitled to vote at the annual meeting. On this record date, there were 23,257,132 shares of EPIX common stock outstanding. EPIX common stock is our only class of voting stock. We are also sending along with this proxy statement, our 2004 Annual Report on Form 10-K, which includes our financial statements for the fiscal year ended December 31, 2004.

How Many Votes Do I Have?

Each share of EPIX common stock that you own entitles you to one vote.

How Do I Vote?

You may vote by signing and mailing your proxy card.

How Do I Vote by Proxy?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the annual meeting and vote.

If you properly fill in your proxy card and send it to us in time, your "proxy" (*one of the individuals named on your proxy card*) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the board of directors.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The board of directors recommends that you vote as follows:

"**FOR**" the election of the nominees for director;

"**FOR**" the amendment and restatement of our EPIX Pharmaceuticals, Inc. Amended and Restated 1992 Equity Incentive Plan;

"**FOR**" the amendment and restatement of our EPIX Pharmaceuticals, Inc. Amended and Restated 1996 Director Stock Option Plan; and

"**FOR**" ratification of the selection of independent auditors for our fiscal year ending December 31, 2005.

If any other matter is presented, your proxyholder will vote your shares in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the annual meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the following ways:

You may send in another proxy with a later date;

You may notify the Company's Secretary in writing before the annual meeting that you have revoked your proxy; or

You may vote in person at the annual meeting.

How Do I Vote in Person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on March 31, 2005, the record date for voting.

What Vote is Required to Approve Each Proposal?

Proposal 1: Re-elect Directors

The two nominees for director who receive the most votes (also known as a "plurality" of the votes) will be elected. Abstentions are not counted for purposes of electing directors. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name for the election of directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

Proposal 2: Approve Amendment and Restatement of Our EPIX Pharmaceuticals, Inc. Amended and Restated 1992 Incentive Plan

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the annual meeting is required to approve the amendment and restatement of our EPIX Pharmaceuticals, Inc. Amended and Restated 1992 Incentive Plan. Abstentions will be treated as votes against this proposal. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal, therefore, any shares not voted by a customer will be treated as a broker non-vote, such broker non-votes will have no effect on the results of this vote.

Proposal 3: Approve Amendment and Restatement of our EPIX Pharmaceuticals, Inc. Amended and Restated 1996 Director Stock Option Plan

The affirmative vote of the votes present or represented by proxy and entitled to vote at the annual meeting is required to approve the amendment and restatement of our EPIX Pharmaceuticals, Inc. Amended and Restated 1996 Director Stock Option Plan. Abstentions will be treated as votes against this proposal. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal, therefore, any shares not voted by a customer will be treated as a broker non-vote, such broker non-votes will have no effect on the results of this vote.

Proposal 4: Ratify Selection of Independent Public Accountants

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the annual meeting is required to ratify the selection of our independent public accountants. Abstentions will be treated as votes against this proposal. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent public accountants. However, if our stockholders do not ratify the selection of Ernst & Young LLP as our independent public accountants for 2005, our Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, EquiServe Trust Company N.A., examine these documents. We will not disclose your vote to management unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses. In addition, we have retained The Altman Group to assist us in the solicitation of proxies. The Altman Group may contact holders of our common stock by mail or telephone and may request brokers, dealers and other nominee stockholders to forward materials to beneficial owners of shares of our common stock. The Altman Group will receive reasonable and customary compensation for its services (estimated at \$12,000) and will be reimbursed for certain customary out-of-pocket expenses.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The annual meeting will be held at 10:00 a.m. on Thursday, June 2, 2005 at the office of EPIX Pharmaceuticals, Inc. located at 161 First Street, Cambridge, Massachusetts. When you arrive at 161 First Street, Cambridge, Massachusetts, signs will direct you to the appropriate meeting room. You need not attend the annual meeting in order to vote.

Voting

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. You may vote by mail, using the enclosed proxy card. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted by mail will be superseded by the vote that you cast at the annual meeting.

Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our shareholders reside, if we or your broker believe that the shareholders are members of the same family. This practice, referred to as "householding," benefits both you and EPIX. It reduces the volume of duplicate information received at your household and helps to reduce EPIX's expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be "household," the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, EquiServe Trust Company, N.A., by calling their toll free number, 1-877-282-1168.

If you do not wish to participate in "householding" and would like to receive your own set of EPIX's annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another EPIX shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

If your EPIX shares are registered in your own name, please contact our transfer agent, EquiServe Trust Company, N.A., and inform them of your request by calling them at 1-877 282-1168 or writing them at P.O. Box 219045, Kansas City, MO 64121-9045.

If a broker or other nominee holds your EPIX shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of February 18, 2005 for (a) the executive officers named in the Summary Compensation Table on page 12 of this proxy statement, (b) each of our directors and director nominees, (c) all of our current directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. We deem shares of common stock that may be acquired by an individual or group within 60 days of February 18, 2005 pursuant to the exercise of options to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 23,227,132 shares of common stock outstanding on February 18, 2005.

In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2006 Annual Meeting of stockholders using the procedures set forth in our Bylaws, it must follow the procedures described in "Stockholder Proposals and Nominations for Director" elsewhere in this proxy statement. If a Stockholder wishes simply to propose a candidate for consideration as a nominee by the Nominating and Governance Committee, it should submit any pertinent information regarding the candidate to the attention of the Chairman of the Nominating and Governance Committee, EPIX Pharmaceuticals, Inc, 161 First Street, Cambridge, MA 02142.

Compensation Committee Interlocks and Insider Participation. Our Compensation Committee has three members Dr. Crooke, Mr. Phelps and Mr. Gabrieli. There are no interlocking relationships between members of our Compensation Committee and the compensation committees of other companies' Boards of Directors.

Compensation of Directors

The Company pays each non-employee director who serves on a committee of the Board an annual fee of \$25,000 for service as a director of the Company and as a committee member. The

Company pays each non-employee director who does not also serve on a committee of the Board an annual fee of \$15,000 for service as a director of the Company. During 2004, the Company paid our outside directors the following fees; Mr. Gabrieli \$25,000, Dr. Crooke \$25,000, Mr. Wirth \$25,000, Mr. Phelps \$7,500 and Mr. Leuchtenberger \$3,750. In addition, non-employee directors are eligible to participate in the Company's Amended and Restated 1996 Director Stock Option Plan (the "Director Plan"). Upon the appointment, election or reelection of a non-employee director, such director is automatically granted an option to purchase 25,000 shares of common stock. Such options become exercisable in equal installments over a three year period on each anniversary of the grant, provided that the optionee is still a director of the Company at the opening of business on such applicable date. Commencing with grants made on or after the annual meeting of stockholders, this initial grant shall be subject to adjustment if a director receives stock options upon appointment to the Board between annual meetings of stockholders to fill a vacancy or newly elected directorship and any such option shall become exercisable in equal monthly installments from the date of grant until the first annual meeting of stockholders at which such director is nominated for election or reelection. In addition, each non-employee director is automatically granted an option to purchase 5,000 shares of common stock annually during the years in which such director is not up for reelection to the Board. Such options become exercisable in full on the first anniversary date of the grant, provided that the optionee is still a director of the Company at the opening of business on such date. Each option has a term of ten years and becomes vested in full in the event of a merger or liquidation of the Company. The exercise price for each option is equal to the fair market value of the common stock on the date of grant. During fiscal 2004, the following options were granted under the Director Plan: Mr. Gabrieli an option for 5,000 shares, Dr. Crooke an option for 25,000 shares, Mr. Leuchtenberger an option for 25,000 shares, Mr. Phelps an option for 25,000 shares and Mr. Wirth an option for 5,000 shares.

- (1) Stock options were granted under our Amended and Restated 1992 Incentive Plan at an exercise price equal to the fair market value of our common stock at the date of grant. The options vest in 5 equal annual installments beginning on February 25, 2005, except for Dr. Uprichard, which begin on July 16, 2005. The options are not transferable, except by will or by laws of descent and distribution. The post-termination exercise period for exercisable options is generally three months. If an acquisition event also constitutes a change in control, or, if there is a change in control that does not also constitute an acquisition event, unless provided to the contrary in an agreement between us and the optionee, the options or such assumed or substituted options shall become immediately exercisable in full, if within eighteen months of the change in control, a termination event (as defined below) with respect to the optionee occurs. If the acquiring or succeeding corporation does not agree to assume or issue substitute options for the options issued by the Company, the options issued by the Company shall become immediately exercisable in full. If the acquisition event involves a cash payment to our stockholders, the optionee shall receive a cash payment for each option equal to the amount by which the price to be paid in the acquisition exceeds the option exercise price.

An acquisition event means (a) any merger or consolidation of the Company with or into another entity as a result of which the common stock is converted into or exchanged for the right to receive cash, securities or other property; (b) any exchange of our shares for cash, securities or

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

other property pursuant to a statutory share exchange transaction; (c) any sale or exchange of all or substantially all of our assets in one transaction or in a series of transactions; or (d) a reorganization or liquidation of the Company.

A change in control means either (a) (i) a merger or consolidation of the Company, whether or not approved by the Board of Directors, other than a merger or consolidation in which our voting securities continue to represent at least 50% of the total voting power represented by our voting securities or the surviving entity outstanding immediately after the merger or consolidation, or (ii) the approval by our stockholders of an agreement for the sale or disposition by us of all or substantially all of our assets; or (b) any person becoming the beneficial owner of our securities representing 50% or more of our total outstanding voting power (excluding us or our affiliates or any employee benefit plan of ours) pursuant to a transaction or a series of related transactions which the Board of Directors does not approve.

A termination event means the termination of the optionee's employment (a) by the Company or the acquiring or succeeding corporation without cause; or (b) by the optionee upon written notice given promptly after the Company's or the acquiring or succeeding corporation's taking any of the following actions, which actions shall not have been cured within a 30-day period following such notice: (a) the principal place of the performance of the optionee's responsibilities (the "Principal Location") is changed to a location outside of a 30 mile radius from the Principal Location immediately prior to the change in control; (b) there is a material reduction in the optionee's salary; or (c) there is a material diminution in the scope of the optionee's responsibilities without the optionee's agreement or without cause.

(2)

In accordance with the rules of the Securities and Exchange Commission, we show in these columns the potential realizable value over the term of the option (the period from the grant date to the expiration date). We calculate this assuming that the fair market value of our common stock on the date of grant appreciates at the indicated annual rate, 5% and 10% compounded annually, for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. These amounts are based on assumed rates of appreciation and do not represent an estimate of our future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of our common stock, the optionholder's continued employment with us through the option exercise period, and the date on which the option is exercised.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information regarding exercises of options to purchase our common stock by each executive officer named in the Summary Compensation Table during the year ended December 31, 2004. The table also shows the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2004. The value of the unexercised in-the-money options at fiscal year end is based on a value of \$17.91 per share, the closing price of our

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

stock on the NASDAQ National Market on December 31, 2004 (the last trading day prior to the fiscal year end), less the per share exercise price.

We have not paid any dividends on our common stock, and we do not include dividends in the representation of our performance. **REPORT OF COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

This report is submitted by the Compensation Committee, which is responsible for establishing and administering the Company's executive compensation policies and stock option plans. The Compensation Committee's role and responsibilities are set forth in the Company's charter adopted by the Board. At December 31, 2004, this committee was composed of Stanley T. Croke, M.D., Ph.D., Christopher F.O. Gabrieli (Chairman) and Peter Wirth, who are each independent, non-employee directors. In March 2005, Gregory D. Phelps replaced Peter Wirth on this Committee. This report addresses the compensation policies for the year ended December 31, 2004 as they affected Michael D. Webb, in his capacity as Chief Executive Officer, and the Company's other executive officers included in the Summary Compensation Table on page 12. The Company's compensation programs are designed to provide a competitive level of total compensation, which, at the Company's present stage of development, is heavily weighted toward equity incentive compensation linked to the Company's performance. This program includes base salary and both annual and long-term incentive compensation.

Compensation Philosophy

The design and implementation of the Company's executive compensation programs are based on a series of guiding principles derived from our values, business strategy and management requirements. These principles may be summarized as follows:

attract, motivate and retain high caliber individuals who are responsible for leading the Company in achieving or exceeding business and corporate goals and to increase total return to stockholders;

provide a total compensation program where a significant portion of compensation is linked to both short-term and long-term corporate performance and the achievement of individual performance objectives;

align the financial interests of the management team with the Company's financial interests and those of its stockholders; and

emphasize reward for performance at the individual, team and corporate levels.

Base Salary

Each fiscal year, the Compensation Committee establishes base salaries for individual executive officers based upon (i) industry and peer group surveys prepared by independent consultants, (ii) the responsibilities, scope and complexity of each position, (iii) the individual's tenure in the position and (iv) performance judgments as to each individual's past and expected future contributions. The performance of the companies surveyed is not considered by the Compensation Committee. The Chief Executive Officer recommends the base salary amount for each officer other than himself. The Compensation Committee then reviews with the Chief Executive Officer and approves, with appropriate modifications, an annual base salary plan for our executive officers other than the Chief Executive Officer.

In general, the Compensation Committee reviews and fixes the base salary of the Chief Executive Officer based on comparable competitive compensation data as well as the Compensation Committee's assessment of such officer's past performance and its expectations as to such officer's future contributions to the Company's leadership. For 2004, the Chief Executive Officer's base salary was increased to \$336,828 from \$314,792. For 2005, the Committee has approved a 4.0% base salary increase to \$350,301 for the Chief Executive Officer.

The Company made progress in 2004 in moving its lead product, MS-325, through the U.S. regulatory process and in supporting Schering in its non-U.S. regulatory submissions, but fell short of achieving several key goals. The Company also made progress in developing MS-325 for other uses and in moving its second product, EP-2104R into the clinic. In January 2005, the Company received an approvable letter from the FDA for MS-325 in which the FDA requested additional clinical studies to demonstrate efficacy prior to approval. The Company is continuing its dialogue with the FDA in order to determine the next steps it will need to take in the regulatory pathway for MS-325. These matters were taken into account by the Compensation Committee in its review of the Company's achievements during 2004 relating to the value of the Company's current pipeline and building for growth. Accordingly, the Chief Executive Officer was awarded a bonus in the amount of \$49,125 for 2004, which represented a reduction from the Chief Executive Officer's 2003 bonus of \$137,722.

Annual Bonus

Beginning in 1998, the Company started a formal short-term incentive plan. The Company's executive officers are eligible for an annual cash bonus, which is based primarily on corporate achievements and individual performance objectives that are established at the beginning of each year. The targeted bonus level for the Chief Executive Officer is 35% of annual salary. After the completion of the year, the Compensation Committee reviews the attainment of corporate and individual objectives and awards bonuses in the first quarter of the subsequent year, based on the extent to which corporate objectives were met or exceeded and individual contributions to the Company's overall performance.

Equity-Based Long-Term Incentive Compensation

Long-term incentives for the Company's employees are provided through stock option grants under the Amended and Restate 1992 Incentive Plan, which are generally provided through initial stock option grants at the date of hire, and periodic additional grants. The option grants are intended to motivate the executive officers to improve the Company's long-term performance and to align the financial interests of the management team with the Company's financial interests and those of the Company's stockholders. Awards take into account each officer's scope of responsibility and specific assignments, strategic and operational goals applicable to the officer, anticipated performance and contributions of the officer and competitive market data for similar positions. Options are granted with an exercise price equal to the fair market value of the Company's common stock on the date of grant. The standard vesting schedule provides that a portion of the shares subject to each option vest and become exercisable annually over a five-year period. Certain options granted under the Equity Plan, including some of the options granted to the executive officers named in the Summary Compensation Table on page 12, are subject to different vesting schedules, including schedules that are based on the achievement of certain milestone events as determined by the Compensation Committee. In 2004, the Chief Executive Officer received an option to purchase 62,500 shares of the Company's common stock.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to each of the Company's Chief Executive Officer and its other most highly compensated executive officers. The Company does not believe that Section 162(m) will generally have an effect on the Company because of the current and anticipated compensation levels of its executive officers and Chief Executive Officer. However, the Compensation Committee intends to periodically review the potential consequences of Section 162(m) and may structure the annual cash incentive awards under the Company's annual incentive plan to comply with certain exemptions provided in Section 162(m) for certain performance-based compensation. The Company's Plan is currently structured to comply with such exemptions so that stock options and other awards under such plan to its executive officers will be tax deductible under Section 162(m).

The Compensation Committee reserves the authority to award non-deductible compensation in other circumstances as they deem appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, notwithstanding the Company's efforts, compensation intended by the Company to satisfy the requirements for deductibility under Section 162(m) may not, in fact, do so.

PROPOSAL 2

AMENDMENT AND RESTATEMENT OF OUR AMENDED AND RESTATED 1992 INCENTIVE PLAN, INCLUDING A 500,000 SHARE INCREASE IN THE NUMBER OF SHARES OF OUR COMMON STOCK AVAILABLE FOR ISSUANCE UNDER SUCH PLAN

General

On April 21, 2005, our Board of Directors approved, subject to approval of our stockholders at the Meeting, an amendment and restatement of our Amended and Restated 1992 Incentive Plan. The primary purposes of the amendment and restatement are to:

increase the number of shares of our common stock available for awards under the Plan by an additional 500,000 shares;

add a 100,000 share limitation on the number of awards that may be issued as stock grants or stock units;

extend the expiration of the Plan until March 15, 2015; and

add a provision prohibiting the repricing of awards and other material amendments without prior shareholder approval.

The other material features of the Plan generally remain the same as under the terms of the Plan previously approved by our stockholders.

If our stockholders approve our Plan as amended and restated, the maximum number of shares that may be issued under the Plan on or after March 31, 2005 would be increased to 4,388,176. This number represents shares subject to outstanding awards as of March 31, 2005 of 3,534,473 shares, shares available for, but not yet subject to, an award as of March 31, 2005 of 353,703 shares, plus the additional 500,000 shares authorized by this amendment and restatement.

The Plan as amended and restated is being submitted for your approval at the meeting in order to ensure (i) favorable federal income tax treatment for grants of incentive stock options under Section 422 of the Internal Revenue Code of 1986 (the "Code"), and (ii) continued eligibility to receive a federal income tax deduction for certain compensation paid under our Plan by complying with Rule 162(m) of the Code. Approval by our stockholders of the Plan as amended and restated is also required by the listing rules of the NASDAQ National Market. Our Board of Directors believes that the approval of our Plan as amended and restated is necessary to provide us with a sufficient number of shares to attract, retain and motivate employees and consultants and to give us the flexibility we need to make various types of grants in light of the recent and pending changes in tax and accounting rules relating to equity-based compensation.

Summary of Material Features of our Plan.

The following is a summary of the key provisions of our Plan and its operation as most recently approved by the Board. The following summary is qualified in its entirety by reference to our Plan as amended and restated as set forth in Appendix A.

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

- Purpose:** The purpose of our Plan is to encourage ownership of our common stock by our employees and certain consultants in order to attract and retain such people, to induce them to assist the Company in achieving its long-range performance goals and to enable them to participate in the long-term growth of the Company.
- Administration:** The Plan is to be administered by our Compensation Committee provided that the Board of Directors may in any instance perform any of the functions of the Compensation Committee. To the extent permitted by applicable law, the Compensation Committee may delegate, to one or more of our executive officers, the power to grant a specified number of awards under the Plan to certain participants.
- Awards:** The Plan authorizes the grant of incentive stock options to our employees and the grant of non-qualified options, restricted stock, performance shares, stock appreciation rights, stock units and other stock-based awards to our employees and consultants (approximately 96 people).
- Shares Subject to the Plan:** Awards may be made for up to 4,388,176 shares of our common stock provided that no more than 100,000 shares be issued as restricted stock, performance shares or stock units. No participant may receive awards for more than 300,000 shares of common stock in any fiscal year. These share limitations are subject to equitable adjustment upon the occurrence of any stock dividend or other distribution, recapitalization, reclassification, stock split, subdivision reorganization, merger, consolidation, combination, repurchase, or share exchange, or other similar corporate transaction or event.
- Terms of Awards:** Our Compensation Committee will determine the terms of options and other awards, including: (i) the determination of which employees and consultants will be granted options and other awards; (ii) the number of shares subject to options and other awards; (iii) the exercise price of each option which may not be less than fair market value on the date of grant; (iv) the schedule upon which options become exercisable; (v) the terms and conditions of other awards, including conditions for repurchase, termination or cancellation, issue price and repurchase price; and (vi) all other terms and conditions upon which each award may be granted in accordance with the Plan.

The maximum term of options granted under our Plan is 10 years. Awards are generally subject to early termination upon the termination of employment or other relationship of the participant with us, whether such termination is at the option of us, the participant or as a result of the death or disability of the participant. In addition, our Compensation Committee may, in its discretion, amend any term or condition of an outstanding award provided (i) such term or condition as amended is permitted by our Plan, and (ii) any such amendment shall be made only with the consent of the participant to whom such award was made, if the amendment is adverse to the participant.

Amendment and Termination:

Our Plan may be amended by our stockholders. It may also be amended by the Board of Directors, provided that any amendment approved by the Board of Directors which is of a scope that requires stockholder approval as required by the rules of the NASDAQ Stock Market, in order to ensure favorable federal income tax treatment for any incentive stock options under Code Section 422, or for any other reason is subject to obtaining such stockholder approval. Our Plan expires on March 15, 2015. In addition, our plan provides that no award outstanding under our Plan may be repriced, regranted through cancellation or otherwise amended to reduce the exercise price without the approval of our stockholders.

On March 31, 2005, the closing market price per share of our common stock was \$7.00, as reported in the NASDAQ National Market.

Federal Income Tax Considerations

The following is a brief summary of the applicable federal income tax laws relating to stock options, stock grants, stock appreciation rights and stock units under our Plan:

Incentive Stock Options: Incentive stock options are intended to qualify for treatment under Section 422 of the Code. An incentive stock option does not result in taxable income to the optionee or deduction to the Company at the time it is granted or exercised, provided that no disposition is made by the optionee of the shares acquired pursuant to the option within two years after the date of grant of the option nor within one year after the date of issuance of shares to the optionee (referred to as the "ISO holding period"). However, the difference between the fair market value of the shares on the date of exercise and the option price will be an item of tax preference includible in "alternative minimum taxable income." Upon disposition of the shares after the expiration of the ISO holding period, the optionee will generally recognize long term capital gain or loss based on the difference between the disposition proceeds and the option price paid for the shares. If the shares are disposed of prior to the expiration of the ISO holding period, the optionee generally will recognize taxable compensation, and the Company will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option over the option price. Any additional gain realized on the disposition will normally constitute capital gain. If the amount realized upon such a disqualifying disposition is less than fair market value of the shares on the date of exercise, the amount of compensation income will be limited to the excess of the amount realized over the optionee's adjusted basis in the shares.

Non-Qualified Options: Options otherwise qualifying as incentive stock options, to the extent the aggregate fair market value of shares with respect to which such options are first exercisable by an individual in any calendar year exceeds \$100,000, and options designated as non-qualified options will be treated as options that are not incentive stock options.

A non-qualified option ordinarily will not result in income to the optionee or deduction to the Company at the time of grant. The optionee will recognize compensation income at the time of exercise of such non-qualified option in an amount equal to the excess of the then value of the shares over the option price per share. Such compensation income of optionees may be subject to withholding taxes, and a deduction may then be allowable to the Company in an amount equal to the optionee's compensation income.

An optionee's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

Stock Grants:

With respect to stock grants under the Plan that result in the issuance of shares that are either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of shares received. Thus, deferral of the time of issuance will generally result in the deferral of the time the grantee will be liable for income taxes with respect to such issuance. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

With respect to stock grants involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of the shares received at the first time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. A grantee may elect to be taxed at the time of receipt of shares rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the grantee subsequently forfeits such shares, the grantee would not be entitled to any tax deduction, including as a capital loss, for the value of the shares on which he previously paid tax. The grantee must file such election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

Stock Appreciation Rights:

A participant will not be taxed at the time a stock appreciation right is granted. Upon exercise of a stock appreciation right, the participant will recognize ordinary income in an amount equal to the cash or the fair market value of the stock received on the exercise date (or, if a participant exercising a stock appreciation right for shares of common stock is subject to certain restrictions, upon lapse of those restrictions, unless the participant makes a special tax election under Section 83(b) of the Internal Revenue Code to have the income recognized at the time of transfer). We generally will be entitled to a deduction in the same amount and at the same time as the participant recognizes ordinary income.

Stock Units:

A participant who is awarded stock units will not recognize income and we will not be allowed a deduction at the time the award is made. When a participant receives payment for stock units in shares of common stock or cash, the fair market value of the shares or the amount of the cash received will be ordinary income to the participant and we will be allowed a deduction for federal income tax purposes. However, if any shares of common stock used to pay out stocks unit awards are non-transferable and there is a substantial risk that such shares will be forfeited (for example, because the Compensation Committee conditions those shares on the performance of future services), the taxable event is deferred until either the risk of forfeiture or the restriction on transferability lapses. In this case, the participant may be able to make an election under Section 83(b) of the Internal Revenue Code to be taxed upon receipt. We are entitled to a corresponding deduction at the time the ordinary income is recognized by the participant.

New Plan Benefits

The amounts of future grants under the Plan are not determinable as awards under the Plan will be granted at the sole discretion of the Compensation Committee, we cannot determine at this time either the persons who will receive awards under the Plan or the amount of any such awards.

The affirmative vote of a majority of the votes present or represented and entitled to vote at the Meeting is required to approve the amendment and restatement of our Plan.

The Board Of Directors Recommends Approval Of The Amendment and Restatement Of Our Amended and Restated 1992 Incentive Plan, Including A 500,000 Share Increase In The Number Of Shares Of Our Common Stock Available For Issuance, And Proxies Solicited By The Board Will Be Voted In Favor Of The Plan as Amended Unless A Stockholder Indicates Otherwise On The Proxy.

PROPOSAL 3

AMENDMENT AND RESTATEMENT OF OUR EPIX PHARMACEUTICALS, INC. AMENDED AND RESTATED 1996 DIRECTOR STOCK OPTION PLAN, INCLUDING A 100,000 SHARE INCREASE IN THE NUMBER OF SHARES OF OUR COMMON STOCK AVAILABLE FOR ISSUANCE UNDER SUCH PLAN

On April 21, 2005, our Board of Directors approved, subject to approval of our stockholders at the Meeting, an amendment and restatement of our Amended and Restated 1996 Director Stock Option Plan. The primary purposes of the amendment and restatement are to:

increase the number of shares of our common stock available for options under the Plan by an additional 100,000 shares;

add a provision for the grant of an option to a director who is appointed other than at the annual meeting of stockholders;

extend the expiration of the Plan until March 15, 2015; and

add a provision prohibiting the repricing of options and other material amendments without prior shareholder approval.

The other material features of the Plan generally remain the same as under the terms of the Plan previously approved by our stockholders.

If our stockholders approve our Plan as amended and restated, the maximum number of shares that may be issued under the Plan on or after March 31, 2005 would be increased to 394,668. This number represents shares subject to outstanding options as of March 31, 2005 of 240,000 shares, shares available for, but not yet subject to, an option as of March 31, 2005 of 54,668 shares, plus the additional 100,000 shares authorized by this amendment and restatement.

Approval by our stockholders of the Director Plan is required by the listing rules of the NASDAQ National Market. Our Board of Directors believes that the approval of our Director Plan is necessary to provide us with a sufficient number of shares to attract, retain and motivate directors.

General

The purpose of the Director Plan is to attract and retain qualified persons, who are not also officers or employees of the Company, to serve as directors of the Company and to encourage stock ownership in the Company by such directors so as to provide additional incentives to promote the Company's success. The Director Plan will authorize, if this amendment and restatement is approved by our stockholders, the grant of nonstatutory stock options for the purchase of a maximum of 394,668 shares of our common stock, subject to adjustment for stock splits and similar capital changes, to Eligible Directors as defined below.

All non-employee directors of the Company ("Eligible Directors") are eligible to participate in the Director Plan. Currently, five of the Company's six directors are eligible to participate in the Director Plan.

Administration and Eligibility

The Director Plan provides for the grant of nonqualified stock options for the purchase of our common stock to directors who are not employees of the Company. Questions of interpretation of the Director Plan or of any options granted under it are determined by the Board of Directors.

Terms of Options

Upon the appointment, election or reelection of an Eligible Director, such director is automatically granted an option to purchase 25,000 shares of Common Stock. Such options become exercisable in equal installments over a three year period on each anniversary of the grant, provided that the optionee is still a director of the Company at the opening of business on the applicable date. Commencing with grants made on or after the annual meeting of stockholders, this initial grant shall be subject to adjustment if a director receives stock options upon appointment to the Board between annual meetings of stockholders to fill a vacancy or newly elected directorship and any such option shall become exercisable in equal monthly installments from the date of grant until the first annual meeting of stockholders at which such director is nominated for election or reelection. In addition, each Eligible Director is automatically granted an option to purchase 5,000 shares of Common Stock

annually during the years in which such director is not up for reelection to the Board. Such options become exercisable in full on the first anniversary date of the grant, provided that the optionee is still a director of the Company at the opening of business on such date. The exercise price for each option granted under the plan is the closing price for the Company's Common Stock as reported on the NASDAQ National Market on the date of grant. The term of each option granted under the Director Plan is ten years from the date of grant and each option becomes vested in full in the event of a merger or liquidation of the Company. A director who ceases to serve as a member of the Board for any reason other than death may, for a period of seven months following the date of cessation of service, exercise the rights they had under such options at the time they ceased being a director. If a director ceases to serve as a member of the Board because of death the option may be exercised within twelve months of the date of death.

In addition, our plan provides that no award outstanding under our Plan may be repriced, regranted through cancellation or otherwise amended to reduce the exercise price without the approval of our stockholders. Our Plan may be amended by our stockholders. It may also be amended by the Board of Directors, provided that any amendment approved by the Board of Directors which is of a scope that requires stockholder approval as required by the rules of the NASDAQ Stock Market, or for any other reason is subject to obtaining such stockholder approval. Our Plan expires on March 15, 2015.

On March 31, 2005, the closing market price per share of our common stock was \$7.00, as reported in the NASDAQ National Market.

Federal Income Tax Consequences Relating to Director Plan Option

Options granted under the Director Plan are nonstatutory stock options. The director realizes no income at the time a nonstatutory option is granted. Upon exercise, (a) ordinary income is realized by the director in an amount equal to the difference between the option price and the fair market value of shares on the date of exercise and (b) the Company receives a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a short-term or long-term capital gain or loss and will not result in any deduction by the Company.

The affirmative vote of a majority of the votes present or represented and entitled to vote at the Meeting is required to approve the amendments to our Director Plan.

New Plan Benefits

Upon reelection at the 2005 Annual Meeting, Mr. Gabrieli will be awarded 25,000 options to purchase Common Stock. Each other Eligible Director who is not up for reelection, which includes Dr. Crooke, Mr. Leuchtenberger, Mr. Phelps and Mr. Wirth, will automatically be granted 5,000 options to purchase Common Stock.

The Board Of Directors Recommends Approval Of The Amendment and Restatement Of Our Director Plan, Including a 100,000 Share Increase In The Number Of Shares Of Our Common Stock Available For Issuance, And Proxies Solicited By The Board Will Be Voted In Favor Of The Director Plan as Amended Unless A Stockholder Indicates Otherwise On The Proxy.

PROPOSAL 4**INDEPENDENT PUBLIC ACCOUNTANTS**

The Board of Directors has appointed Ernst & Young LLP, independent public accountants, to audit our financial statements for the year ending December 31, 2005. The Board proposes that the stockholders ratify this appointment. Ernst & Young LLP audited our financial statements for the year ended December 31, 2004. We expect that representatives of Ernst & Young LLP will be present at the meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table shows the aggregate fees to the Company by Ernst & Young LLP during the years ended December 31, 2004 and 2003. The Audit Committee considered the provision of the services corresponding to these fees in its finding that the services are compatible with Ernst & Young LLP maintaining its independence.

	December 31,	
	2004	2003
Audit Fees (1)	\$ 393,000	\$ 182,320
Audit-Related Fees (2)	0	14,000
Tax Fees (3)	27,872	19,320
All Other Fees	0	0
	\$ 420,872	\$ 215,640

- (1) Audit fees consist of fees for professional services rendered for the audit of the Company's annual financial statements, a review of the interim financial statements included in the quarterly reports, a review of internal controls for financial reporting (Section 404) in 2004 and services normally provided by Ernst and Young LLP in connection regulatory filings.
- (2) Audit-Related Fees consist of fees for assurance and related services that are reasonably related to the performance of an audit or review of the Company's financial statements and are not reported under Audit "Fees." The category includes fees for the review of the Company's employee benefit plans. In 2004, the Company hired an accounting firm other than Ernst & Young LLP to audit the employee benefit plan.
- (3) Tax Fees consist of fees for professional services rendered in preparing the federal and state tax returns, and for providing tax compliance, tax advice and tax planning assistance.
- (4) All Other Fees consist of fees for services other than the services reported above.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, and attest services and consultation regarding financial accounting and/or reporting standards.
2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
3. **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.
4. **Other Fees** are those associated with services not captured in the other categories.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by the category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original preapproval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of Ernst & Young LLP as our independent public accountants, the Board of Directors will reconsider its appointment.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the Meeting is required to ratify the appointment of the independent public accountants.

The Board Of Directors Recommends A Vote To Ratify The Appointment Of Ernst & Young LLP As Independent Public Accountants, And Proxies Solicited By The Board Will Be Voted In Favor Of Such Ratification Unless A Stockholder Indicates Otherwise On The Proxy.

Proposals that are not received within the time frames set for the above will not be voted on at the Annual Meeting. If a proposal is received within these time frames, the proxies that management solicits for the meeting may still exercise discretionary voting authority on the proposal under circumstances consistent with the proxy rules of the Securities and Exchange Commission. All stockholder proposals should be marked for the attention of Secretary, EPIX Pharmaceuticals, Inc. 161 First Street, Cambridge, Massachusetts 02142.

The Committee shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, and to interpret the provisions of the Plan. The Committee's decisions shall be final and binding. To the extent permitted by applicable law, the Committee may delegate to one or more executive officers of the Company the power to grant Awards to Participants who are not Reporting Persons or covered employees and all determinations under the Plan with respect thereto, provided that the Committee shall fix the maximum amount of such Awards for all such Participants and a maximum for any one Participant.

Section 4. Eligibility

All employees (including part-time employees), and in the case of Awards other than Incentive Stock Options and consultants of the Company or any Affiliate capable of contributing significantly to the successful performance of the Company, other than a person who has irrevocably elected not to be eligible, are eligible to be Participants in the Plan.

Section 5. Stock Available for Awards

- (a) Subject to adjustment under subsection (b) below, Awards may be made under the Plan for up to 4,399,176 shares of Common Stock provided however, that no more than 100,000 shares be issued as Restricted Stock, Performance Shares or Stock Units. If any Award expires or is terminated unexercised or is forfeited without the Participant having had the benefits of ownership (other than voting rights), the shares subject to such Award, to the extent of such expiration, termination or forfeiture, shall again be available for award under the Plan. Common Stock issued through the assumption or substitution of outstanding grants from an acquired Company shall not reduce the shares available for Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.
- (b) In the event that the Committee determines that any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, or other similar transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits or potential benefits intended to be made available under the Plan, then the Committee, subject, in the case of Incentive Stock Options, to any limitation required under the Code, shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards, and (iii) the award, exercise or conversion price with respect to any of the foregoing, and if considered appropriate, the Committee may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.
- (c) Subject to adjustment under subsection (b), no Participant may receive an Award which would result in such Participant having received, during the fiscal year of the Company in which the Award is made, Awards for more than an aggregate of 300,000 shares of Common Stock.

Section 6. Stock Options

- (a) General.
 - (i) Subject to the provisions of the Plan, the Committee may award Incentive Stock Options and Nonstatutory Stock Options and determine the number of shares to be covered by each Option, the option price therefore and the conditions and limitations applicable to the exercise of the Option. The terms and conditions of Incentive Stock Options shall be subject to and comply with Section 422 of the Code, or any successor provision, and any regulations thereunder. See subsection (b) below.

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

- (ii) The Committee shall establish the option price at the time each Option is awarded. Such price shall not be less than 100% of the Fair Market Value of the Common Stock on the date of award.
- (iii) Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable Award or thereafter. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.
- (iv) No shares shall be delivered pursuant to any exercise of an Option until payment in full of the option price therefore is received by the Company. Such payment may be made in whole or in part in cash or, to the extent permitted by the Committee at or after the award of the Option, by delivery of shares of Common Stock owned by the optionee, or by retaining shares otherwise issuable under the Plan, valued at their Fair Market Value on the date of delivery, or such other lawful consideration as the Committee may determine.

(b)

Incentive Stock Options.

Options granted under the Plan which are intended to be Incentive Stock Options shall be subject to the following additional terms and conditions:

- (i) All Incentive Stock Options granted under the Plan shall, at the time of grant, be specifically designated as such in the option agreement covering such Incentive Stock Options. The Option exercise period shall not exceed ten years from the date of grant.
- (ii) If any employee to whom an Incentive Stock Option is to be granted under the Plan is, at the time of the grant of such option, the owner of stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (after taking into account the attribution of stock ownership rules of Section 424(d) of the Code), then the following special provisions shall be applicable to the Incentive Stock Option granted to such individual:
 - (x) The purchase price per share of the Common Stock subject to such Incentive Stock Option shall not be less than 110% of the Fair Market Value of one share of Common Stock at the time of grant; and
 - (y) The option exercise period shall not exceed five years from the date of grant.
- (iii) For so long as the Code shall so provide, options granted to any employee under the Plan (and any other incentive stock option plans of the Company) which are intended to constitute Incentive Stock Options shall not constitute Incentive Stock Options to the extent that such options, in the aggregate, become exercisable for the first time in any one calendar year for shares of Common Stock with an aggregate Fair Market Value (determined as of the respective date or dates of grant) of more than \$100,000.

Section 7. Restricted Stock

- (a) Subject to the provisions of the Plan, the Committee may award shares of Restricted Stock and determine the duration of the Restricted Period during which, and the conditions under which, the shares may be forfeited to the Company and the other terms and conditions of such Awards. Shares of Restricted Stock shall be issued for no cash consideration or such minimum consideration as may be required by applicable law.
- (b) Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

Section 8. Stock-Based Awards

- (a) Subject to the provisions of the Plan, the Committee may award Stock-Based Awards based upon the Common Stock having such terms, restrictions, conditions, performance criteria, vesting requirements and payment rules as the Committee shall determine, including, without limitation, the grant of Performance Shares, the grant of securities convertible into Common Stock, and the grant of Stock Appreciation Rights, phantom stock awards or Stock Units.
- (b) Shares of Common Stock awarded in connection with a Stock-Based Award may be issued for no cash consideration or such minimum consideration as may be required by applicable law.

Section 9. General Provisions Applicable to Awards

- (a) Documentation. Each Award under the Plan shall be evidenced by a writing delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or comply with applicable tax and regulatory laws and accounting principles.
- (b) Committee Discretion. Each type of Award may be made alone, in addition to or in relation to any other type of Award. The terms of each type of Award need not be identical, and the Committee need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of award or at any time thereafter.
- (c) Dividends and Cash Awards. In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.
- (d) Termination of Employment. The Committee shall determine the effect on an Award of the disability, death, retirement or other termination of employment of a Participant and the

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder.

- (e) **Change in Control.** In order to preserve a Participant's rights under an Award in the event of a change in control of the Company (as defined by the Committee), the Committee in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the Award, (ii) provide for the purchase of the Award upon the Participant's request for an amount of cash or other property that could have been received upon the exercise or realization of the Award had the Award been currently exercisable or payable, (iii) adjust the terms of the Award in a manner determined by the Committee to reflect the change in control, (iv) cause the Award to be assumed, or new rights substituted therefore, by another entity, or (v) make such other provision as the Committee may consider equitable and in the best interests of the Company.
- (f) **Withholding Taxes.** The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant. In the Committee's discretion, the Participant may pay any taxes due with respect to an Award in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of retention or delivery.
- (g) **Foreign Nationals.** Awards may be made to Participants who are foreign nationals or employed outside the United States on such terms and conditions different from those specified in the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or comply with applicable laws.
- (h) **Amendment of Award.** The Committee may in a manner not inconsistent with the Plan, amend, modify or terminate any outstanding Award, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

Section 10. Miscellaneous

- (a) **No Right To Employment.** No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment. The Company expressly reserves the right at any time to dismiss a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.
- (b) **No Rights As Shareholder.** Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a shareholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof.

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.

- (c) Effective Date. The 1992 Equity Incentive Plan became effective on July 10, 1992 and will terminate on March 15, 2015.
- (d) Amendment of Plan. The Committee may amend, suspend or terminate the Plan or any portion thereof at any time, subject to any shareholder approval that the Committee determines to be necessary or advisable. In addition, if NASDAQ amends its corporate governance rules so that such rules no longer require stockholder approval of "material amendments" of equity compensation plans, then, from and after the effective date of such an amendment to the NASDAQ rules, no amendment of the Plan which (i) materially increases the number of shares to be issued under the Plan (other than to reflect a reorganization, stock split, merger, spinoff or similar transaction); (ii) materially increases the benefits to Participants, including any material change to: (a) permit a repricing (or decrease in exercise price) of outstanding Options, (b) reduce the price at which Shares or Options may be offered, or (c) extend the duration of the Plan; (iii) materially expands the class of Participants eligible to participate in the Plan; or (iv) expands the types of awards provided under the Plan shall become effective unless stockholder approval is obtained. Any modification or amendment of the Plan shall not, without the consent of a Participant, adversely affect his or her rights under an Option previously granted to him or her.
- (e) Governing Law. The provisions of the Plan shall be governed by and interpreted in accordance with the laws of the Commonwealth of Massachusetts.

APPENDIX B

EPIX PHARMACEUTICALS, INC.

Amended and Restated 1996 Director Stock Option Plan

(as of June 2, 2005)

1. Purpose.

This Amended and Restated 1996 Director Stock Option Plan (the "Plan") governs options to purchase Common Stock, \$.01 par value per share (the "Common Stock"), of EPIX Pharmaceuticals, Inc. (the "Company") granted by the Company to members of the Board of Directors of the Company who are not also officers or employees of the Company. The purpose of the Plan is to attract and retain qualified persons to serve as Directors of the Company and to encourage ownership of the Common Stock of the Company by such Directors.

2. Administration.

Grants of stock options under the Plan shall be automatic as provided in Section 8. However, all questions of interpretation of the Plan or of any options granted hereunder shall be determined by the Board of Directors of the Company (the "Board"). Any and all powers of the Board under the Plan may be exercised by a committee consisting of one or more Directors appointed by the Board.

3. Eligibility.

Members of the Board who are not also officers or employees of the Company shall be eligible to participate in the Plan.

4. Shares Subject to the Plan.

Options may be granted under the Plan in respect of a maximum of 394,668 shares of Common Stock, subject to adjustment as provided in Section 5 below. Shares to be issued upon the exercise of options granted under the Plan may be either authorized but unissued shares or shares held by the Company in its treasury. Whenever options under the Plan lapse or terminate or otherwise become unexercisable, the shares of Common Stock which were available for such options shall again be available for the grant of options under the Plan. The Company shall at all times while the Plan is in force reserve such number of shares of Common Stock as will be sufficient to satisfy the requirements of the Plan.

5. Adjustment of Number of Option Shares.

In the event of a stock dividend, split-up, combination or reclassification of shares, recapitalization or other similar capital change relating to the Company's Common Stock, the maximum aggregate number and kind of shares or securities of the Company as to which options may be granted under this Plan and as to which options then outstanding shall be exercisable, and the option price of such options shall be appropriately adjusted so that the proportionate number of shares or other securities as to which options may be granted and the proportionate interest of holders of outstanding options shall be maintained as before the occurrence of such event.

In the event of any reorganization, consolidation or merger to which the Company is a party and in which the Company does not survive, or upon the dissolution or liquidation of the Company, all outstanding options shall terminate; provided, however, that (i) in the event of the liquidation or dissolution of the Company, or in the event of any such reorganization, consolidation or merger in which the Company does not survive and with respect to which the resulting or surviving corporation does not assume such outstanding option or issue a substitute option therefore, such option shall be exercisable in full, without regard to any installment restrictions on exercise imposed pursuant to this Plan or any Option Agreement, during such period preceding the effective date of such liquidation, dissolution, reorganization, consolidation or merger (unless such option is terminated earlier by its terms) as may be specified by the Board; and (ii) in the event of any such reorganization, consolidation or merger, the Board may, in its good faith discretion, arrange to have the resulting or surviving corporation assume such outstanding option or issue a substitute option therefore.

No fraction of a share shall be purchasable or deliverable upon exercise of an option, but, in the event any adjustment hereunder of the number of shares covered by the option shall cause such number to include a fraction of a share, such fraction shall be adjusted to the nearest smaller whole number of shares.

6. *Non-Statutory Stock Options.*

All options granted under the Plan shall be non-statutory options not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

7. *Form of Option Agreements.*

Options shall be granted hereunder pursuant to the terms of Option Agreements which shall be substantially in a form as the Board may from time to time determine.

8. *Grant of Options and Option Terms.*

Automatic Grant of Options.

(i)

Each non-employee director of the Company who is elected or reelected to the Board of Directors shall, upon his or her appointment, election or reelection, automatically be granted an option to purchase 25,000 shares of Common Stock, which option shall become exercisable in equal installments over a three year period on each anniversary of the grant, provided that the optionee is still a director of the Company at the opening of business on each such date. If a non-employee director is first elected or appointed to the Board of Directors other than at an annual meeting of stockholders, on the date of his or her initial election or appointment he or she shall be granted an option to purchase the number of shares of Common Stock determined by multiplying 695 by the number of whole or partial months from the date of his or her initial election or appointment to the Company's next annual meeting of stockholders at which such director is first nominated for election or reelection, such option shall become exercisable in equal monthly installments over the period from the date of grant until the first annual meeting of stockholders at which such director is nominated for election or reelection, provided that the optionee is still a director of the Company at the opening of business on

Edgar Filing: EPIX Pharmaceuticals, Inc. - Form DEF 14A

each such date. For purposes of the preceding sentence, a month shall mean a period of 30 consecutive days.

(ii)

In addition, each non-employee director of the Company shall automatically be granted an option to purchase 5,000 shares of Common Stock annually in the years in which such director is not up for election or reelection to the Board. Such options shall become exercisable in full on the first anniversary date of the grant, provided that the optionee is still a director of the Company at the opening of business on such date.

Date of Grant. The "Date of Grant" for options granted under this Plan shall be (i) the date of the respective director's appointment, election or reelection, for each grant pursuant to clause (i) of the preceding paragraph and (ii) the date of the respective annual meeting of stockholders, for each grant pursuant to clause (ii) of the preceding paragraph.

Option Price. The option price for each option granted under this Plan shall be the current fair market value of a share of Common Stock of the Company as determined by the Board of Directors in good faith, provided that if the Company's Common Stock is then quoted on the National Association of Securities Dealers Automated Quotations National Market ("NASDAQ") or traded on any other exchange, then the current fair market value of a share of Common Stock of the Company shall be the closing price for the Company's Common Stock as reported by NASDAQ, or the principal exchange on which the Company's Common Stock is then traded, on the Date of Grant.

Term of Option. The term of each option granted under the Plan shall be ten years from the Date of Grant.

Period of Exercise. Directors holding exercisable options under the Plan who cease to serve as members of the Board of the Company for any reason other than death may, for a period of seven months following the date of cessation of service, exercise the rights they had under such options at the time they ceased being a Director. Upon the death of a Director, those entitled to do so under the Director's will or the laws of descent and distribution shall have the right, at any time within twelve months after the date of death, to exercise in whole or in part any rights which were available to the Director at the time of his death. The rights of the option holder may be exercised by the holder's guardian or legal representative in the case of disability and by the beneficiary designated by the holder in writing delivered to the Company or, if none has been designated, by the holder's estate or his or her transferee on death in accordance with this Plan, in the case of death. Options granted under the Plan shall terminate, and no rights thereunder may be exercised, after the expiration of the applicable exercise period. Notwithstanding the foregoing provisions, no rights under any options may be exercised after the expiration of ten years from their Date of Grant.

Method of Exercise and Payment. Each exercise of an option hereunder may be effected only by giving written notice, in the manner provided in Section 11 hereof, of intent to exercise the option, specifying the number of shares as to which the option is being exercised, and accompanied by full payment of the option price for the number of shares then being acquired. Such payment shall be made in cash, by certified or bank check payable to the order of the Company, credit to the Company's account at a financial or brokerage institution on the date of exercise or a payment commitment of such an institution acceptable to the Company, or if the option so provides, (i) in

shares of Common Stock having an aggregate Fair Market Value, at the time of such payment, equal to the total option price for the number of shares of Common Stock for which payment is then being made, or (ii) partly in cash or by certified or bank check payable to the order of the Company and the balance in shares of Common Stock having an aggregate Fair Market Value, at the time of such payment, equal to the difference between the total option price for the number of shares of Common Stock for which payment is then being made and the amount of the payment in cash or by certified or bank check. Shares of Common Stock surrendered in payment of all or part of the option price shall have been held by the person exercising the option free of restrictions imposed by the Company for at least six months unless otherwise permitted by the Board. For purposes hereof, the "Fair Market Value" of the Common Stock shall be the current fair market value of a share of Common Stock of the Company as determined by the Board of Directors in good faith, provided that if the Company's Common Stock is then quoted on NASDAQ or traded on any other exchange, then the fair market value shall be the closing price for the Company's Common Stock as reported by NASDAQ, or the principal exchange on which the Company's Common Stock is then traded, for the last trading day immediately preceding the option exercise date.

Receipt by the Company of such notice and payment shall, for purposes of this Plan, constitute exercise of the option or a part thereof. Within twenty (20) days thereafter, the Company shall deliver or cause to be delivered to the optionee a certificate or certificates for the number of shares of Common Stock then being purchased by the optionee. Such shares shall be fully paid and non-assessable. If any law or applicable regulation of the Securities and Exchange Commission or other public regulatory authority (including, but not limited to, a stock exchange) shall require the Company or the optionee (i) to register or qualify, under the Securities Act of 1933, as amended (the "Securities Act"), any similar federal statute then in force or any state law regulating the sale of securities, any shares of Common Stock covered by an option with respect to which notice of intent to exercise shall have been delivered to the Company or (ii) to take any other action in connection with such shares before issuance thereof may be effected, then the delivery of the certificate or certificates for such shares shall be postponed until completion of the necessary action, which the Company shall take in good faith and without delay. All such action shall be taken by the Company at its own expense.

To the extent determined necessary by counsel to the Company to comply with any applicable law, the Company may require an individual exercising an option to represent that his purchase of shares of Common Stock pursuant to such exercise is for his own account, for investment and without a view to resale or distribution, and that he will not sell or otherwise dispose of any such shares except pursuant to (i) an effective registration statement covering such transaction filed with the Securities and Exchange Commission and in compliance with all of the applicable provisions of the Securities Act, and the rules and regulations thereunder, or (ii) an opinion of Company counsel that such registration is not required.

Non-transferability. Options granted under the Plan shall not be transferable by the holder thereof otherwise than by will or the laws of descent and distribution, and is exercisable, during the optionee's lifetime only by him or her.

9. *Limitation of Rights.*

No Right to Continue as a Director. Neither the Plan, nor the granting of an option or any other action taken pursuant to the Plan, shall constitute an agreement or understanding, expressed or implied, that the Company will retain an optionee as a Director for any period of time or at any particular rate of compensation.

No Stockholders' Rights for Options. Directors shall have no rights as stockholders with respect to the shares covered by their options until the date they exercise such options and pay the option price to the Company, and no adjustment will be made for dividends or other rights for which the record date is prior to the date such option is exercised and paid for.

10. *Amendment or Termination.*

The Board may amend or terminate this Plan at any time subject to any stockholder approval that the Board deems necessary. The Plan shall terminate on March 15, 2015. The Plan may be terminated at an earlier date by vote of the shareholders or the Board of Directors of the Company; provided, however, that any such earlier termination shall not affect any Option Agreements executed prior to the effective date of such termination. In addition, if NASDAQ amends its corporate governance rules so that such rules no longer require stockholder approval of "material amendments" of equity compensation plans, then, from and after the effective date of such an amendment to the NASDAQ rules, no amendment of the Plan which (i) materially increases the number of shares to be issued under the Plan (other than to reflect a reorganization, stock split, merger, spinoff or similar transaction); (ii) materially increases the benefits to Participants, including any material change to: (a) permit a repricing (or decrease in exercise price) of outstanding Options, (b) reduce the price at which Options may be offered, or (c) extend the duration of the Plan; (iii) materially expands the class of Participants eligible to participate in the Plan; or (iv) expands the types of awards provided under the Plan shall become effective unless stockholder approval is obtained.

11. *Notices.*

Any communication or notice required or permitted to be given under this Plan shall be in writing and mailed by registered or certified mail or delivered in hand, if to the Company, to its Sr. Vice President and Chief Financial Officer at EPIX Pharmaceuticals, Inc., 161 First Street, Cambridge, Massachusetts 02142-0118 and, if to an optionee, to such address as the optionee shall last have furnished to the Company.

12. *Governing Law.*

The Plan shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.
