This report contains measures of financial or operating performance that are not specifically defined by accounting principles generally accepted in the United States ("GAAP"), including funds from operations ("FFO"), diluted FFO per share and net operating income ("NOI"). FFO and NOI are performance measures that are standard in the REIT business. We believe FFO and NOI provide investors with additional information concerning our operating performance and a basis to compare our performance with those of other REITs. We also use these measures internally to monitor the operating performance of our portfolio. Our computation of these non-GAAP measures may not be the same as similar measures reported by other REITs.

The non-GAAP financial measures used in this report should not be considered as alternatives to net income as a measure of our operating performance or to cash flows computed in accordance with GAAP as a measure of liquidity nor are they indicative of cash flows from operating and financial activities.

Reconciliations of each of the non-GAAP measures used in this report to the most-directly comparable GAAP measure are included.
