We are pleased to take advantage of Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the internet. As a result, we are mailing to most of our stockholders the Notice instead of a paper copy of our proxy materials, which include the Notice, a Shareholder Letter, our Proxy Statement, our annual report on Form 10-K for the fiscal year ended July 31, 2014 (the "2014 Annual Report") and a proxy card or voting instruction form. The Notice contains instructions on how to access those documents on the internet and how to cast your vote via the internet. The Notice also contains instructions on how to request a paper copy of our proxy materials. All stockholders who do not receive the Notice will receive a paper copy of the proxy materials by mail. If you receive a paper copy of our proxy materials, you can cast your vote by completing the enclosed proxy card and returning it in the postage-prepaid envelope provided, or by utilizing the telephone or internet voting systems.

PROXY STATEMENT

GENERAL INFORMATION

This proxy statement ("Proxy Statement") is being furnished to shareholders of record of OncoSec Medical Incorporated, a Nevada corporation (the "Company," "OncoSec," "we" or "our") as of the close of business on June 5, 2015 (the "Record Date"), in connection with the solicitation of proxies by our Board of Directors (the "Board") for use at the 2015 Annual Meeting of Stockholders (the "Annual Meeting") to be held on July 31, 2015 at 9:00 a.m., Pacific Time, in the Lighthouse room located at 10996 Torreyana Road, San Diego, California 92121, or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders.

This Proxy Statement and the related proxy materials are first being mailed to stockholders, or made available on the Internet, as applicable, beginning on or about June 17, 2015. If you receive the Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you follow the instructions contained in the Notice for requesting such materials. The Notice instructs you on how to access and review all of the important information contained in our Proxy Statement and our 2014 Annual Report to Stockholders over the internet. The Notice also instructs you on how to submit your proxy via the internet.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to Be Held on July 31, 2015

The Notice of Annual Meeting of Stockholders, Proxy Statement and 2014 Annual Report are available to stockholders at: www.proxyvote.com. You are encouraged to access and review all of the important information contained in the proxy materials before voting.

The Company's principal executive office is located at 9810 Summers Ridge Road, Suite 110, San Diego, California 92121. The Company's mail telephone number is (855) 662-6732. The Company's principal executive officers may be reached at the foregoing business address and telephone number.

Voting Information

The presence, in person or by a proxy relating to any matter to be acted upon at the Annual Meeting, of the holders of a majority of the outstanding shares of common stock will constitute a quorum for purposes of the Annual Meeting. Abstentions, broker non-votes, and shares as to which authority to vote on any proposal is withheld are each included in the determination of the number of shares present at the Annual Meeting for purposes of obtaining a quorum.

Under our Amended and Restated Bylaws ("Bylaws"), when a quorum is present at any meeting, directors are elected by a plurality of the votes cast by the stockholders entitled to vote in the election of directors. Under our Bylaws, the affirmative vote of the holders of a majority of the shares represented at the meeting and entitled to vote on the subject matter is necessary for the approval of the other proposal set forth in this Proxy Statement. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will count toward the presence of a quorum. A "broker non-vote" occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Under applicable rules, brokers or other nominees have discretionary voting power with respect to matters that are considered routine, but not with respect to non-routine matters. Proposal 1 (the election of directors) and Proposal 3 (the amendment of the 2011 Stock Incentive Plan) are considered non-routine matters. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

non-votes on Proposal 1 and Proposal 3. Proposal No. 2 (ratification of independent registered public accounting firm) is considered a routine matter. Broker non-votes are not expected to result from the vote on Proposal 2.

If any other matters are properly presented at the Annual Meeting for consideration, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the Annual Meeting is postponed or adjourned, a stockholder's proxy may remain valid and may be voted at the postponed or adjourned meeting. A stockholder will still be able to revoke the stockholder's proxy until it is voted. As of the date of this Proxy Statement, the Board does not know of any matters other than those described in this Proxy Statement that will be presented at the Annual Meeting.

Who Can Vote; Outstanding Shares

The Record Date for the Annual Meeting is June 5, 2015. All stockholders of record of our common stock on the Record Date are entitled to notice of and to vote at the Annual Meeting and any meetings held upon any adjournment or postponement thereof. As of the Record Date, there were 12,351,763 shares of our common stock outstanding. Each stockholder of record on the Record Date is entitled to one vote on all matters presented at the Annual Meeting for each share of common stock held by such stockholder.

Voting of Proxies

You may vote by attending the Annual Meeting and voting in person, or you may vote by submitting a proxy. If you are the record holder of your stock, you may vote by submitting your proxy via the internet, by telephone or through the mail. To vote via the internet, follow the instructions in the Notice or go to the internet address stated on your proxy card. To vote by telephone, call the number on your proxy card. To vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-prepaid envelope. If you do not have the postage-prepaid envelope, please mail your completed proxy card to the following address: OncoSec Medical Incorporated, c/o Proxy Services, 51 Mercedes Way, Edgewood, NY 11717. If you receive only the Notice and would like to vote by mail, follow the procedures outlined in the Notice to request a paper proxy card to submit your vote by mail.

If your shares of common stock are held by a bank, broker or other holder of record, you are a beneficial owner of those shares rather than a stockholder of record. As a beneficial owner, you have the right to direct your bank, broker or other holder of record how to vote your shares. You will receive a notice from your broker, bank or other nominee that includes instructions on how to vote your shares. Your broker, bank or other nominee will allow you to deliver your voting instructions via the internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of our Proxy Statement and proxy card by following the instructions on the notice provided by your broker, bank or other nominee.

The internet and telephone voting facilities will close at 11:59 p.m., Eastern Time, on July 30, 2015, the day before the Annual Meeting. Stockholders who submit a proxy via the internet should be aware that they may incur costs to access the internet, such as usage charges from telephone companies or internet service providers, and that these costs must be borne by such stockholders. Stockholders who submit a proxy via the internet or by telephone need not return a proxy card or the form forwarded by your broker, bank or other nominee by mail.

YOUR VOTE IS VERY IMPORTANT. You should submit your proxy even if you plan to attend the Annual Meeting in person. If you properly give your proxy and submit it to us in time to vote, the individuals named as your proxy holders will vote your shares as you have directed.

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

All shares entitled to vote and represented by properly submitted proxies (including those submitted via the internet, by telephone and by mail) received before the polls are closed at the Annual Meeting, and not revoked or superseded, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies.

Unless you instruct otherwise in the proxy, any properly submitted proxy that is not revoked will be voted at the Annual Meeting by the proxy holders named in the proxy in accordance with the recommendations of our Board, as follows:

FOR each nominee to our Board of Directors;

FOR ratification of the appointment of Mayer Hoffman McCann P.C., as the Company's independent registered public accounting firm for the fiscal year ending July 31, 2015; and

FOR approval of the amendment to the 2011 Stock Incentive Plan.

In their discretion, the proxy holders named in the proxy are authorized to vote on any other matters that may properly come before the Annual Meeting and at any continuation, postponement or adjournment of the Annual Meeting. As of the date of this Proxy Statement, our Board does not know of any other items of business that will be presented for consideration at the Annual Meeting other than those described in this Proxy Statement.

Required Votes

Each stockholder may vote for, vote against, or abstain from voting on each of the proposals. The vote required for approval of each of the proposals before the stockholders at the Annual Meeting is as follows:

For Proposal 1 Election of Directors, the nominees for director will be elected by a plurality of the votes cast on this proposal by shares present in person or represented by proxy and entitled to vote on the election of directors at the Annual Meeting, meaning the nominees who receive the highest number of votes will be elected. Abstentions and broker non-votes, if any, will have no impact on the election of directors.

For Proposal 2 Ratification of the Appointment of Independent Registered Public Accounting Firm, an affirmative vote of a majority of shares present in person or represented by proxy and that are entitled to vote on such proposal at the Annual Meeting is required to approve Proposal 2. Abstentions and broker non-votes are not counted as votes cast and will have no effect on the outcome of the vote for Proposal 2.

For Proposal 3 Approval of amendment and restatement of the 2011 Stock Incentive Plan, an affirmative vote of a majority of shares present in person or represented by proxy and that are entitled to vote on such proposal at the Annual Meeting is required to approve Proposal 3. Abstentions and broker non-votes, if any, will have no impact on Proposal 3.

A broker non-vote occurs when a bank or broker does not vote on a particular proposal because such bank or broker does not have discretionary voting power with respect to that proposal and has not received voting instructions from the beneficial owner of the shares. If you hold your shares of common stock through a bank or broker and do not provide voting instructions to the bank or broker, then the bank or broker may vote your shares in its discretion with respect to Proposal 2, above, but may not vote your shares with respect to Proposal 1 or Proposal 3. If no such instructions are received by the bank or broker with respect to Proposal 1 or Proposal 3, the result will be a broker non-vote.

Voting in Person

If you plan to attend the Annual Meeting and wish to vote in person, you will be given a ballot at the Annual Meeting. Please note that if your shares are held of record by a broker, bank or other nominee and you decide to attend and vote at the Annual Meeting, your vote in person at the Annual Meeting will not be effective unless you present a legal proxy, issued in your name from your broker, bank or other nominee. Even if you plan to attend the Annual Meeting, we encourage you to submit your proxy to vote your shares in advance of the Annual Meeting.

How You May Revoke or Change Your Vote

As a stockholder of record, you have the power to revoke your proxy at any time before it is voted. A proxy may be revoked by a stockholder of record by:

Delivering a written notice of revocation to our Secretary at or before the Annual Meeting;

Presenting to our Secretary, at or before the Annual Meeting, a later dated proxy executed by the person who executed the prior proxy;

Submitting another proxy by telephone or via the internet, as your latest-dated telephone or internet voting instructions are followed; or

Attending the Annual Meeting and voting in person.

Attendance at the Annual Meeting will not, by itself, revoke a proxy. Any written notice of revocation or delivery of a subsequent proxy by a stockholder of record may be sent to OncoSec Medical Incorporated, 9810 Summers Ridge Road, Suite 110, San Diego, California 92121, or hand delivered to our Secretary at or before the voting at the Annual Meeting.

If you hold your shares through a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or other nominee. If you wish to vote in person, you must obtain a legal proxy issued to you by your broker, bank or other nominee.

Proxy Solicitation Costs

The accompanying proxy is solicited on behalf of the Board. We will pay for the cost of preparing, assembling, printing and mailing these proxy materials to our stockholders, as well as the cost of soliciting proxies relating to the Annual Meeting. We may request banks and brokers to solicit their customers who beneficially own our common stock held of record in names of nominees. We will reimburse these banks and brokers for their reasonable out-of-pocket expenses regarding these solicitations. Our officers, directors and employees may supplement the original solicitation by mail of proxies by telephone, facsimile, e-mail and personal solicitation. We will pay no additional compensation to our officers, directors and employees for these activities.

Delivery of Proxy Materials to Households

"Householding" is a program, approved by the Securities and Exchange Commission (the "SEC"), which allows companies and intermediaries such as banks or brokers to satisfy the delivery requirements for proxy statements and annual reports by delivering only one package of stockholder proxy material to any household at which two or more stockholders reside, unless we have received contrary instructions from any stockholder at the address. If you and other residents at your mailing address own shares of our common stock in street name, your broker or bank may have notified you that your household will receive only one copy of our proxy materials. Once you have received notice from your broker that they will be "householding" materials to your address, "householding" will continue until you are notified otherwise or until you provide notice that you wish to receive separate proxy materials. If, at any time, you no longer wish to participate in "householding" and would prefer

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or notify us directly at 9810 Summers Ridge Road, Suite 110, San Diego, California 92121, Attn: Secretary or 858-662-6732. Upon our receipt of any written or oral request for separate proxy materials, we undertake to deliver the proxy materials to the stockholder submitting the request.

Communications with the Board of Directors

Any stockholder who desires to contact our Board or any member of our Board may do so by writing to: Board of Directors, c/o Secretary, OncoSec Medical Incorporated, 9810 Summers Ridge Road, Suite 110, San Diego, California 92121. Copies of any such written communications received by the Secretary will be provided to our full Board or the appropriate member depending on the facts and circumstances described in the communication unless they are considered, in the reasonable judgment of the Secretary, to be improper for submission to the intended recipient(s).

PROPOSAL 1**ELECTION OF DIRECTORS****Structure of the Board of Directors**

Our Board currently consists of four members, three of whom have been determined to be independent under the current rules of the NASDAQ Stock Market ("NASDAQ") and the SEC. Please see the section titled "Director Independence" below for more information. Currently, Dr. Avtar Dhillon, Dr. Anthony Maida, Dr. James DeMesa, and Punit Dhillon serve as our directors.

No arrangement or understanding exists between any nominee and any other person or persons pursuant to which any nominee was or is to be selected as a director or director nominee of the Company. There are no family relationships between any of the nominees or our named executive officers, except that Punit Dhillon, our Chief Executive Officer and a director, is the nephew of Dr. Avtar Dhillon, our Chairman of the Board.

Director Nominees

The Nominating and Corporate Governance Committee of our Board has recommended, and our Board has nominated, Dr. Avtar Dhillon, Dr. Anthony Maida, Dr. James DeMesa, and Punit Dhillon for election as our directors at the Annual Meeting. All of these individuals are currently members of our Board. Each nominee has consented to being named in this Proxy Statement as a nominee and has agreed to serve as a director if elected. Each director elected at the Annual Meeting will serve a one-year term until the next annual meeting of stockholders and until their successors are duly elected and qualified.

The shares represented by the proxies will be voted, unless otherwise specified, in favor of the nominees for the Board named below. If, as a result of circumstances not known or unforeseen, the nominees shall be unavailable to serve as director, proxies will be voted for the election of such other substitute nominee(s) as the Board may select.

Name	Position with the Company	Age as of the Annual Meeting	Director Since
Dr. Avtar Dhillon	Chairman of the Board	53	March 2011
Dr. Anthony Maida	Director	63	June 2011
Dr. James DeMesa	Director	56	February 2011
Punit Dhillon	Chief Executive Officer, President and Director	35	March 2011

The Board and its Nominating and Corporate Governance Committee believe the skills, qualities, attributes and experience of the directors provide the Company with business acumen and a diverse range of perspectives to engage each other and management to address effectively the Company's needs and represent the best interests of the Company's stockholders. The biographies below describe the skills, qualities, attributes and experience of the nominees that led the Board and the Nominating and Corporate Governance Committee to determine that it is appropriate to nominate these directors for reelection.

Dr. Avtar Dhillon has served as the Chairman of our Board since March 2011. Previously, Dr. Dhillon was the President and Chief Executive Officer of Inovio Pharmaceuticals, Inc. (formerly Inovio Biomedical Corporation) (NYSE MKT: INO) from October 2001 to June 2009, was President and Chairman of Inovio from June 2009 until October 2009, was Executive Chairman until August 2011, and was Chairman from September 2011. During his tenure at Inovio, Dr. Dhillon led the successful turnaround of the company through a restructuring, acquisition of technology from several European and North American companies, and a merger with VGX Pharmaceuticals to develop a vertically integrated DNA vaccine development company with one of the strongest development

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

pipelines in the industry. Dr. Dhillon led multiple successful financings for Inovio and concluded several licensing deals that included global giants, Merck and Wyeth (now Pfizer). Prior to joining Inovio, Dr. Dhillon was vice president of MDS Capital Corp. (now Lumira Capital Corp.), one of North America's leading healthcare venture capital organizations. In July 1989, Dr. Dhillon started a medical clinic and subsequently practiced family medicine for over 12 years. Dr. Dhillon has been instrumental in successfully turning around struggling companies and is influential as an active member in the biotech community. From March 1997 to July 1998, Dr. Dhillon was a consultant to Cardiome Pharma Corp. (NASDAQ: CRME), a biotechnology company, where he led a turnaround based on three pivotal financings, establishing a clinical development strategy, and procuring a new management team. In his role as a founder and board member of companies, Dr. Dhillon has been involved in several early stage healthcare focused companies listed on U.S. or Canadian stock exchanges, which have successfully matured through advances in their development pipeline and subsequent M&A transactions. Most recently, he was a founding board member (May 2003) of Protox Therapeutics, Inc. (TSX-V: SHS) (now Sophiris Bio Inc.), a publicly traded specialty pharmaceutical company. Dr. Dhillon maintained his board position until the execution of a financing of up to \$35 million with Warburg Pincus in November 2010. Dr. Dhillon currently sits on the Board of Directors of BC Advantage Funds, a Venture Capital Corporation in British Columbia, and since March 2012 has been the Chairman of Stevia First Corp. (OTCQB: STVF), an agricultural biotechnology company engaged in the cultivation and harvest of stevia leaf and the development of stevia products. Since May 2011, Dr. Dhillon has also served as a Director and was appointed Chairman in April 2013 of Arch Therapeutics, Inc. (OTCBB: ARTH), a medical device company offering an innovative therapeutic approach to stasis and barrier applications.

Dr. Dhillon plays a key role on our Board because of his extensive experience with pharmaceutical and biotech companies, including based on his tenure as President and CEO of Inovio where he was responsible for developing and executing on the clinical programs that provide the extensive clinical database supporting our current clinical development plan and partnering efforts for treating solid tumors. Dr. Dhillon's business and management experience, as well as his familiarity with the Company's business garnered through his tenure as a director, were the primary qualifications that have led the Board to conclude that he should serve as a director of the Company.

Dr. Anthony Maida joined our Board on June 21, 2011. Dr. Maida has served as a director on the Board of Directors of Spectrum Pharmaceuticals, Inc. since December 2003 and currently serves as the chairman of its Audit Committee and a member of its Placement Committee, Nomination and Corporate Governance Committee and Product Acquisition Committee. He is currently Senior Vice President Clinical Research at Northwest Biotherapeutics, Inc., a company focused on the development of therapeutic DC cell-based vaccines to treat patients with cancer. Currently Dr. Maida serves as the Chair of the Audit Committee of Stevia First Corp. Dr. Maida has been the acting Chairman of Dendri Therapeutics, Inc., a startup company focused on the clinical development of therapeutic vaccines for patients with cancer, since 2003 and as Principal of Anthony Maida Consulting International since 1999, providing consulting services to large and small biopharmaceutical firms in the clinical development of oncology products and product acquisitions and to venture capital firms evaluating life science investment opportunities. Recently Dr. Maida was Vice President of Clinical Research and General Manager, Oncology, world-wide for PharmaNet, Inc. He served as the President and Chief Executive Officer of Replicon NeuroTherapeutics, Inc., a biopharmaceutical company focused on the therapy of patients with tumors (both primary and metastatic) of the central nervous system, where he successfully raised financing from both venture capital and strategic investors and was responsible for all financial and operational aspects of the company, from June 2001 to July 2003. From 1999 to 2001, he held positions as Interim Chief Executive Officer for Trellis Bioscience, Inc., a privately held biotechnology company that addresses high clinical stage failure rates in pharmaceutical development, and President of CancerVax Corporation, a biotechnology company dedicated to the treatment of cancer. From 1992 until 1999, Dr. Maida served as President and CEO of Jenner

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

Biotherapies, Inc., a biopharmaceutical company. From 1980 to 1992, he held senior management positions with various companies including Vice President Finance and Chief Financial Officer of Data Plan, Inc., a wholly owned subsidiary of Lockheed Corporation. Dr. Maida serves or has served as a consultant and technical analyst for several investment firms, including CMX Capital, LLC, Sagamore Bioventures, Roaring Fork Capital, North Sound Capital, The Bonnie J. Addario Lung Cancer Foundation and Pediatric BioScience, Inc. Additionally, he has been retained by Abraxis BioScience, Inc., Northwest Biotherapeutics, Inc., Takeda Chemical Industries, Ltd. (Osaka, Japan), and Toucan Capital to conduct corporate and technical due diligence on investment opportunities. Dr. Maida formerly served as a member of the board of directors of Sirion Therapeutics, Inc., a privately held ophthalmic- focused company, and GlycoMetrix, Inc., a startup company focused on the development of assays to identify carbohydrates that can indicate cancer. He is a speaker at industry conferences and is a member of the American Society of Clinical Oncology, the American Association for Cancer Research, the Society of Neuro-Oncology and the International Society for Biological Therapy of Cancer. Dr. Maida received a B.A. in History from Santa Clara University in 1975, a B.A. in Biology from San Jose State University in 1977, an M.B.A. from Santa Clara University in 1978, an M.A. in Toxicology from San Jose State University in 1986 and a Ph.D. in Immunology from the University of California in 2010.

Dr. Maida brings to the Board extensive experience in our industry and significant expertise in clinical development and clinical trials. We believe that his financial and operational experience in our industry provide important resources to our Board and such experience is the primarily qualification that the Board considered in nominating him as a director of the Company.

Dr. James M. DeMesa has served on our Board since February 3, 2011. corporate finance role, Mr. Dhillon was pivotal to the company raising over \$125 million through multiple financings and several licensing deals including early stage deals with Merck and Wyeth. Mr. Dhillon was responsible for implementation of Inovio's corporate strategy, including achievement of annual budgets and milestones. He was also instrumental to the successful in-licensing of key intellectual property and a number of corporate transactions, including the acquisition and consolidation of Inovio AS, a Norwegian DNA delivery company, and the merger with VGX Pharmaceuticals ("VGX"), which solidified Inovio's position in the DNA vaccine industry. Mr. Dhillon played an effective role as head of operations for Inovio. He completed the integration of VGX with Inovio, including achieving cost-cutting of over 30% through the synergy assessment of both companies, consolidating four operating locations into two bi-coastal offices, and managing the existing stockholders from both companies. Mr. Dhillon was a director of Auricle Biomedical, a capital pool company, from July 2007 to April 2010. Mr. Dhillon has also previously been a consultant and board member for several TSX Venture Exchange listed early stage life science companies, which matured through advances in their development pipelines and subsequent M&A transactions. Most recently, Mr. Dhillon was involved as a board member in the completion of a trilateral merger between three Capital Pool Companies listed on the TSX Venture Exchange, which completed a qualifying transaction in April 2010 with a company specializing in conservation and demand management accessories for the utilities industry. Prior to joining Inovio, Mr. Dhillon worked for a corporate finance law firm as a law clerk. From September 1999 to July 2002, he worked with MDS Capital Corp. (now Lumira Capital Corp.) as an intern analyst. Mr. Dhillon is an active member in his community and co-founder of Inbalance Network Inc., an organization focused on promoting an active lifestyle and grassroots community involvement, including scholarships to support students pursuing post-secondary education. Mr. Dhillon has a Bachelor of Arts with honors in Political Science and a minor in Business Administration from Simon Fraser University.

Mr. Dhillon's in-depth knowledge of our business and operations as our Chief Executive Officer, his experience in the biotechnology and pharmaceutical industry, and his experience with publicly traded companies were the primary qualifications that the Board considered in nominating him as a director of the Company.

The Board of Directors recommends that you vote "FOR" the election of each of the named nominees as directors.

PROPOSAL 2**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has re-appointed Mayer Hoffman McCann P.C. ("MHM") as our independent registered public accounting firm with respect to our financial statements for the fiscal year ending July 31, 2015. MHM has served as the Company's independent registered public accounting firm since May 2011.

In re-appointing MHM, the Audit Committee considered MHM's independence with respect to the services to be performed and other factors that the Audit Committee and the Board believe are advisable and in the best interest of the stockholders. Action by the stockholders is not required by law in the appointment of an independent registered public accounting firm. As a matter of good corporate governance, the Audit Committee has decided to submit its selection to stockholders for ratification.

At the Annual Meeting, the stockholders are being asked to ratify the appointment of MHM as the Company's independent registered public accounting firm for 2015. In the event that this selection of independent registered public accounting firm is not ratified by a majority vote of the shares of common stock present or represented at the Annual Meeting, the Audit Committee may, in its discretion, consider the selection of a different firm.

Representatives of MHM are expected to attend the 2015 Annual Meeting and will be available to respond to appropriate questions and to make a statement if they so desire. If MHM should decline to act or otherwise become incapable of acting, or if MHM's engagement is discontinued for any reason, the Audit Committee will appoint another independent registered public accounting firm to serve as our independent registered public accounting firm for our 2015 fiscal year.

Fees Paid to Independent Registered Public Accounting Firm

In connection with the audits of our consolidated financial statements for our 2014 and 2013 fiscal years, we entered into agreements with MHM, which set forth the terms by which MHM will perform audit services for the Company. The following table presents the aggregate fees billed to the Company in the fiscal year ended July 31, 2014 ("FY 2014") and FY 2013 for the indicated services during those periods:

	FY 2014	FY 2013
Audit Fees	\$ 177,022	\$ 133,928
Audit Related Fees		
Tax Fees	\$ 4,625	\$ 10,750
All Other Fees		\$ 3,750
TOTAL FEES	\$ 181,647	\$ 148,248

Audit Fees. The fees identified under this caption were for professional services rendered by MHM for the audits of our annual financial statements and internal control over financial reporting, quarterly review of financial statements included in the Company's quarterly reports on Form 10-Q and audit services provided in connection with other statutory and regulatory filings. Audit fees in 2014 and 2013 include an aggregate of \$27,000 and \$32,000, respectively, in fees paid to MHM in connection with consents related to our filings of Forms S-1, S-3 and S-8 during Fiscal 2014 and Form S-1 during Fiscal 2013.

Audit-Related Fees. Audit-related fees comprise fees for professional services that are reasonably related to the performance of the worldwide audit or review of the Company's financial statements. No such fees were accumulated in 2014 or 2013.

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

Tax Fees. Tax fees relate to professional services rendered in connection with tax audits and tax compliance and reporting provided by a professional service firm other than MHM.

All Other Fees. These fees consist primarily of consultation fees for the calculation, documentation and disclosure requirements under Financial Accounting Standards Board ASC 740 provided by a professional service firm other than MHM.

Pre-Approval Policy

Our Audit Committee's charter requires our Audit Committee to pre-approve all audit and permissible non-audit services to be performed for the Company by our independent registered public accounting firm, giving effect to the "de minimis" exception for ratification of certain non-audit services allowed by the applicable rules of the SEC, in order to assure that the provision of such services does not impair the auditor's independence. All of the fees and services provided by MHM as noted in the table above were authorized and approved by the Audit Committee in compliance with the pre-approval policies and procedures described herein.

MHM has advised the Company that MHM leases substantially all of its personnel, who work under the control of MHM's shareholders, from wholly-owned subsidiaries of CBIZ, Inc., in an alternative practice structure. Accordingly, substantially all of the hours expended on MHM's engagement to audit the Company's financial statements for Fiscal 2014 and Fiscal 2013, were attributed to work performed by persons other than MHM's full-time, permanent employees.

The Board of Directors recommends that you vote "FOR" approval of the ratification of the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm.

PROPOSAL 3**AMENDMENT AND RESTATEMENT OF THE 2011 STOCK INCENTIVE PLAN**

The Board has approved, subject to and contingent on shareholder approval, an amendment and restatement of the OncoSec Medical Incorporated 2011 Stock Incentive Plan (the "2011 Plan") to increase the number of shares of common stock authorized for issuance thereunder by 1,879,722 shares to 3,500,000 shares and to increase the annual per person limit on stock options, stock appreciation rights, restricted stock and restricted stock units that are intended to qualify for exclusion from the federal tax deduction limitation under Section 162(m) of the Internal Revenue Code.

The Board adopted the 2011 Plan for directors, employees and consultants on August 5, 2011. The 2011 Plan was approved by our stockholders in March 2012 and originally authorized the Board of Directors to grant equity awards to employees, directors, and consultants for up to 5,200,000 shares of our common stock. On April 15, 2013, our stockholders approved an amendment to the 2011 Plan to authorize the issuance of an additional 3,800,000 shares of our common stock under the 2011 Plan and on July 18, 2014 our stockholders approved an amendment to the 2011 Plan to authorize the issuance of an additional 16,000,000 shares of our common stock under the 2011 Plan, increasing the total number of shares reserved for issuance under the 2011 Plan to 25,000,000 shares.

Following the reverse stock split approved by our Board and effective as of May 18, 2015, each 20 shares of issued and outstanding common stock and warrants, respectively, were combined into and became one share of common stock, and no fractional shares were issued. The number of authorized shares of common stock was reduced proportionately to the number of outstanding shares of common stock reduced. Accordingly, the total number of shares of common stock reserved for issuance under the 2011 Plan was reduced following the reverse stock split to 1,620,278 shares, and the annual per-individual grant limitation was reduced to 100,000 shares.

An increase of 1,879,722 shares of common stock would bring the total reserve under the 2011 Plan from 1,620,278 shares reserved to 3,500,000 shares. Of the shares previously approved, 889,244 shares of common stock remain available for grant as of June 10, 2015. If approved, and in conjunction with the proposed increase to the annual per-individual grant limitation under the 2011 Plan to 500,000 shares, we expect to use the additional authorized shares to attract, motivate and retain high-performing individuals as employees (including executive officers), directors and consultants. Other than this, we currently have no plans, proposals or arrangements, written or otherwise, to issue any of the additional authorized shares of common stock.

The following table provides information about our outstanding stock options as of June 10, 2015, on a post-split basis. Approximately 65% of outstanding stock options were exercisable on that date and 52% of exercisable options had exercise prices above the closing price on that date. There have been no grants of stock appreciation rights, restricted stock, or restricted stock units under the 2011 Plan. There have been two grants of Restricted Stock Bonuses to consultants under the 2011 Plan. Each Restricted Stock Bonus grant was for 75,000 shares and was made on December 8, 2014.

Options Outstanding under 2011 Plan	As of June 10, 2015
Total Options Outstanding	661,151
Weighted Average Strike Price	\$ 8.87
Weighted Average Remaining Life (Years)	7.91
Total Options available for grant under all plans(1)	889,244

(1) 285,000 shares of our common stock are currently available for purchase pursuant to stock option awards that were not granted under the 2011 Plan. These awards were issued to employees and consultants between December 11, 2013 and March 7, 2014 and have exercise prices ranging from

\$6.20 to \$16.10, where the exercise price of each stock option equals the closing price of our common stock on the date of award of the respective stock option, adjusted pursuant to the reverse stock split. Each such stock option has a term of ten years from the grant date and becomes fully vested within two to three years of the grant date. A portion of these stock option awards were granted to named executive officers whose employment agreements provide for accelerated vesting of outstanding stock options in the event of a change of control.

Summary of the 2011 Plan

The following is a summary of the principal features of the 2011 Plan, as amended. This summary does not purport to be a complete description of all of the provisions of the 2011 Plan. It is qualified in its entirety by reference to the full text of the 2011 Plan. A copy of the 2011 Plan has been filed with the SEC with this Proxy Statement, and any stockholder who desires to obtain a copy of the 2011 Plan may do so by written request to the Company at 9810 Summers Ridge Road, Suite 110, San Diego, California 92121, Attn: Secretary.

Eligibility

Awards other than incentive stock options may be granted to employees, directors and consultants. Incentive stock options may be granted only to employees of the Company or a parent or a subsidiary of the Company. An employee, director or consultant who has been granted an award may, if otherwise eligible, be granted additional awards. Awards may be granted to such employees, directors or consultants who are residing in non-U.S. jurisdictions as the plan administrator may determine from time to time. As of June 10, 2015, approximately 48 employees, 3 directors, and 16 consultants were eligible to participate in the 2011 Plan, of which 4 were executive officers of the Company.

Administration

The 2011 Plan is administered, at the Company's expense, by the Board or a committee designated by the Board, and is currently being administered by the Compensation Committee (each such entity, the "plan administrator"). All questions of interpretation or application of the 2011 Plan are determined in the sole discretion of the plan administrator, and its decisions are final, conclusive, and binding upon all persons. With respect to grants to officers and directors, the Compensation Committee shall be constituted in such a manner as to satisfy applicable laws, including Rule 16b-3 promulgated under the Exchange Act and Section 162(m) of the Code.

Share Reserve

Currently, 1,620,278 shares of the Company's common stock are authorized for issuance under the 2011 Plan and, there is an automatic increase in the share reserve available under the 2011 Plan on the first business day of each calendar year by the lesser of (i) 3% of the shares of common stock outstanding as of the last day of the immediately preceding calendar year, (ii) 500,000 shares and (iii) such lesser shares as may be determined by the Board. Of these shares, 128,634 shares have previously been exercised, and, as of June 10, 2015, 1,491,644 shares remain available for exercise in the current and future offering periods under the 2011 Plan. If stockholders approve this proposal to amend the 2011 Plan, the maximum aggregate number of shares that may be issued under the 2011 Plan will increase from 1,620,278 shares of common stock as of July 31, 2015 to 3,500,000 shares of common stock. The number of shares available under the 2011 Plan is subject to adjustment in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure.

Any Shares covered by an award which is forfeited, canceled, expires or is settled in cash, shall be deemed not to have been issued for purposes of determining the maximum number of shares which

may be issued under the 2011 Plan. Shares that have been issued under the 2011 Plan pursuant to an award shall not be returned to the 2011 Plan and shall not become available for future grant under the 2011 Plan, except where unvested shares are forfeited or repurchased by the Company at the lower of their original purchase price or their fair market value. To the extent not prohibited by the listing requirements of The NASDAQ Stock Market LLC (or other established stock exchange or national market system on which the shares are traded) or applicable law, shares tendered or withheld in payment of an award exercise or purchase price and shares withheld by the Company to pay any tax withholding obligation shall be returned to the 2011 Plan and shall become available for future issuance under the 2011 Plan, unless otherwise determined by the plan administrator.

Types of Awards

The plan administrator is authorized under the 2011 Plan to award any type of arrangement to an employee, director or consultant that is not inconsistent with the provisions of the 2011 Plan and that by its terms involves or might involve the issuance of (i) shares of common stock, (ii) cash or (iii) an option, a stock appreciation right (a "SAR"), or similar right with a fixed or variable price related to the fair market value of the shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, options, SARs, sales or bonuses of restricted stock, restricted stock units or dividend equivalent rights (collectively, "awards"), and an award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

Terms and Conditions of Awards.

Options granted under the 2011 Plan may be either incentive stock options under the provisions of Section 422 of the Code, or non-qualified stock options. Incentive stock options may be granted only to employees. Awards other than incentive stock options may be granted to our employees, consultants and directors or to employees, consultants and directors of our related entities. To the extent that the aggregate fair market value of the shares subject to stock options designated as incentive stock options which become exercisable for the first time by a participant during any calendar year exceeds \$100,000, such excess stock options shall be treated as non-qualified stock options. Under the 2011 Plan, awards may be granted to such employees, consultants or directors who are residing in non-U.S. jurisdictions as the plan administrator may determine from time to time. Each award granted under the 2011 Plan shall be designated in an award agreement.

Awards may be granted subject to vesting schedules and restrictions on transfer and repurchase or forfeiture rights in favor of the Company as specified in the award agreements to be issued under the 2011 Plan. Under the 2011 Plan, incentive stock options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the participant only by the participant. However, the 2011 Plan permits the designation of beneficiaries by holders of incentive stock options. Other awards shall be transferable by will and by the laws of descent and distribution and during the lifetime of the participant, to the extent and in the manner authorized by the plan administrator.

The plan administrator has the authority, in its discretion, to select employees, consultants and directors to whom awards may be granted from time to time, to determine whether and to what extent awards are granted, to determine the number of shares or the amount of other consideration to be covered by each award (subject to the limitations set forth below), to approve award agreements for use under the 2011 Plan, to determine the terms and conditions of any award (including the vesting schedule applicable to the award), to amend the terms of any outstanding award granted under the 2011 Plan (subject to the limitations described above), to construe and interpret the terms of the 2011 Plan and awards granted, to establish additional terms, conditions, rules or procedures to accommodate

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

the rules or laws of applicable non-U.S. jurisdictions, and to take such other action not inconsistent with the terms of the 2011 Plan, as the plan administrator deems appropriate.

The term of any award granted under the 2011 Plan will be stated in the applicable award agreement, provided that the term of an incentive stock option may not exceed ten (10) years (or five (5) years in the case of an incentive stock option granted to any participant who owns stock representing more than 10% of our combined voting power or any parent or subsidiary of us). Notwithstanding the foregoing, the term of an award shall not include any period for which the participant has elected to defer the receipt of the shares or cash issuable pursuant to the award pursuant to a deferral program the plan administrator may establish in its discretion.

The 2011 Plan authorizes the plan administrator to grant incentive stock options at an exercise price not less than 100% of the fair market value of our common stock on the date the stock option is granted (or 110%, in the case of an incentive stock option granted to any employee who owns stock representing more than 10% of our combined voting power or any parent or subsidiary of us). In the case of non-qualified stock options, stock appreciation rights, and awards intended to qualify as performance-based compensation, the exercise price, base appreciation amount or purchase price, if any, shall be not less than 100% of the fair market value per share on the date of grant. In the case of all other awards granted under the 2011 Plan, the exercise or purchase price shall be determined by the plan administrator. The method of payment of the exercise or purchase price shall be determined by the plan administrator. The plan administrator, in its discretion, may accept the following: cash, check, shares or, with respect to options, payment through a broker-dealer sale and remittance procedure or a "net exercise" procedure.

Under the 2011 Plan, the plan administrator may establish one or more programs under the 2011 Plan to permit selected participants the opportunity to elect to defer receipt of consideration payable under an award. The Administrator also may establish under the 2011 Plan separate programs for the grant of particular forms of awards to one or more classes of participants.

Section 162(m) of the Code.

For options and stock appreciation rights that are intended to be performance-based compensation under Section 162(m) of the Code, the maximum number of shares subject to such awards that may be granted to a participant during a calendar year is currently one hundred thousand (100,000) shares. If the 2011 Plan is approved, this limit will be increased by four hundred thousand (400,000) shares to five hundred thousand (500,000) shares. For awards of restricted stock and restricted stock units that are intended to be performance-based compensation under Section 162(m) of the Code, the maximum number of shares subject to such awards that may be granted to a participant during a calendar year is currently one hundred thousand (100,000) shares. If the 2011 Plan is approved, this limit will be increased by four hundred thousand (400,000) shares to five hundred thousand (500,000) shares. The foregoing limitations shall be adjusted proportionately by the plan administrator in the event of a stock split, reverse stock split, stock dividend, combination or reclassification of shares or other similar change in our shares or our capital structure, and its determination shall be final, binding and conclusive.

In order for restricted stock and restricted stock units to qualify as performance-based compensation, the Administrator must establish a performance goal with respect to such award in writing not later than ninety (90) days after the commencement of the services to which it relates (or, if earlier, the date after which 25% of the period of service to which the performance goal relates has elapsed) and while the outcome is substantially uncertain. In addition, the performance goal must be stated in terms of an objective formula or standard.

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

Under Code Section 162(m), a "covered employee" is the Company's chief executive officer and the three (3) other most highly compensated officers of the Company other than the chief financial officer.

The 2011 Plan includes the following performance criteria that may be considered by the plan administrator when granting awards intended to qualify as performance-based compensation under Section 162(m) of the Code: (i) net earnings or net income (before or after taxes), (ii) earnings per share or earnings per share growth, total units or unit growth, (iii) net sales, sales growth, total revenue or revenue growth, (iv) operating income, net operating profit or pre-tax profit, (v) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenue), (vi) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), (vii) earnings before or after taxes, interest, depreciation, and/or amortization, (viii) gross or operating margins, (ix) productivity ratios, (x) share price or relative share price (including, but not limited to, growth measures and total stockholder return), (xi) expense targets, (xii) margins, (xiii) operating efficiency, (xiv) market share or change in market share, (xv) customer retention or satisfaction, (xvi) working capital targets, (xvii) completion of strategic financing goals, acquisitions or alliances and clinical progress, (xviii) company project milestones and (xix) economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital). The performance criteria may be applicable to the Company, related entities and/or any individual business units of the Company or any related entity. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the award agreement. In addition, the performance criteria shall be calculated in accordance with generally accepted accounting principles, but excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item, as determined by the plan administrator, occurring after the establishment of the performance criteria applicable to the award intended to be performance-based compensation. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of the grantee's rights with respect to an award intended to be performance-based compensation.

Amendment, Suspension and Termination

The Board may at any time amend, suspend, or terminate the 2011 Plan; however, such amendment, suspension, or termination may not make any changes in an award previously granted that would adversely affect the rights of any participant. No amendment may be made to the 2011 Plan without the approval or ratification of the Company's stockholders if such amendment would require stockholder approval under Section 423 of the Code or any other applicable law or regulation. Notwithstanding the foregoing, the reduction or increase of the exercise price of any option or and the base appreciation amount of a SAR and canceling an option or SAR at a time when its exercise price or base appreciation amount exceeds the fair market value of the underlying shares, in exchange for another award shall not be subject to stockholder approval.

Certain Adjustments.

Subject to any required action by the stockholders of the Company, the number of shares covered by outstanding awards, the number of shares that have been authorized for issuance under the 2011 Plan, the exercise or purchase price of each outstanding award, the maximum number of shares or amount that may be granted subject to awards to any participant, and the like, shall be proportionally adjusted by the plan administrator in the event of (i) any increase or decrease in the number of issued shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification or similar event affecting the shares, (ii) any other increase or decrease in the number of issued shares effected without receipt of consideration by the Company or (iii) any other transaction with respect to

our shares including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete), distribution of cash or other assets to stockholders other than a normal cash dividend, or any similar transaction; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive.

Corporate Transactions

In the event that all or substantially all of the Company's assets are disposed of by means of a sale, merger, or consolidation in which the Company is not the surviving entity or in the event the Company is liquidated, all outstanding awards under the 2011 Plan shall terminate. However, all such awards shall not terminate to the extent they are assumed in connection with the corporate transaction.

The plan administrator shall have the authority, exercisable either in advance of any actual or anticipated corporate transaction or change in control or at the time of an actual corporate transaction (as defined under the 2011 Plan) or change in control (as defined under the 2011 Plan) and exercisable at the time of the grant of an award under the 2011 Plan or any time while an award remains outstanding, to provide for the full or partial automatic vesting and exercisability of one or more outstanding unvested awards under the 2011 Plan and the release from restrictions on transfer and repurchase or forfeiture rights of such awards in connection with a corporate transaction or change in control, on such terms and conditions as the plan administrator may specify. The plan administrator also shall have the authority to condition any such award vesting and exercisability or release from such limitations upon the subsequent termination of the continuous service of the grantee within a specified period following the effective date of the corporate transaction or change in control. The plan administrator may provide that any awards so vested or released from such limitations in connection with a change in control shall remain fully exercisable until the expiration or sooner termination of the award.

Transferability

No option grants under the 2011 Plan will be transferable by the participant, except by will or the laws of inheritance following a participant's death.

New Plan Benefits

Generally, awards granted under the 2011 Plan are at the discretion of the plan administrator. As such, with the exception of grants that have already been made, it is not possible to determine the benefits or the amounts to be received under the 2011 Plan by the Company's officers, employees, consultants or non-employee directors. The following table sets forth the number of outstanding awards to our executive officers, directors and employees under the 2011 Plan as of July 31, 2014, the end of

Certain U.S. Federal Income Tax Consequences

The following is general summary as of this date of the federal income tax consequences to us and to U.S. participants for awards granted under the plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Tax consequences for any particular individual may be different. This summary does not purport to be complete, and does not discuss state, local or non-U.S. tax consequences.

Non-qualified Stock Options. The grant of a non-qualified stock option under the 2011 Plan will not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares at the time of exercise. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

A non-qualified stock option can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A non-qualified stock option that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the 2011 Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods (referred to as a "disqualifying disposition"), he or she must recognize ordinary income in the year of the disposition. The amount of ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock at the time of exercise and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the calendar year in which the incentive stock options are exercised. However, such a sale of shares within the year of exercise will constitute a disqualifying disposition, as described above.

Stock Appreciation Rights. Recipients of stock appreciation rights ("SARs") generally should not recognize income until the SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a SAR. Recipients will recognize gain upon the disposition of any shares received on exercise of a SAR equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

A SAR also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A SAR that does not meet the requirements of Code Section 409A can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Restricted Stock. A restricted stock award is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code to the extent the award will be forfeited in the event that the participant ceases to provide services to the Company. As a result of this substantial risk of forfeiture,

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

the recipient will not recognize ordinary income at the time of the award (absent certain vesting acceleration provisions). Instead, the recipient will recognize ordinary income on the date when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The recipient's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the earlier of those two dates.

The recipient may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (*i.e.*, within thirty (30) days of the award) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of award, and the capital gain holding period commences on such date. The ordinary income recognized by a recipient that is an employee or former employee will be subject to tax withholding by the Company.

Restricted Stock Units. With respect to awards of restricted stock units, no taxable income is reportable when the restricted stock units are granted to a participant or upon vesting of the restricted stock units. Upon settlement, the recipient will recognize ordinary income in an amount equal to the value of the payment received pursuant to the restricted stock units. The ordinary income recognized by a recipient that is an employee or former employee will be subject to tax withholding by the Company.

Restricted stock units also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. A grant of restricted stock units that does not meet the requirements of Code Section 409A will result in an additional 20% tax obligation, plus penalties and interest to such recipient.

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

Tax Effect for the Company. Unless limited by Section 162(m) of the Code, the Company generally will be entitled to a tax deduction in connection with an award under the 2011 Plan in an amount equal to the ordinary income realized by a recipient at the time the recipient recognizes such income (for example, when restricted stock is no longer subject to the risk of forfeiture).

The 2011 Plan is not subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended. The 2011 Plan is not, nor is it intended to be, qualified under Section 401(a) of the Code.

The Board of Directors recommends that you vote "FOR" approval of the amended and restated 2011 Stock Incentive Plan.

CORPORATE GOVERNANCE

Role of the Board

The Board oversees the Company's CEO and other senior management in the competent operation of the Company and assures that the long-term interests of the stockholders are being served. The Board has adopted the OncoSec Medical Incorporated Corporate Governance Guidelines ("Corporate Governance Guidelines") to assist the Board and its committees in performing their duties and serving the best interests of the Company and its stockholders. The Corporate Governance Guidelines are available on our website, located at www.oncosec.com, under the Investors tab.

Director Independence

The Company's common stock is listed on the NASDAQ Capital Market. NASDAQ listing rules require that a majority of the Company's directors be "independent" directors as defined by NASDAQ corporate governance standards. As such, the Company's Board examines the independence of its members annually. In order for a director to be considered independent, the Board must determine that the director has no material relationship with the Company or its affiliates, either directly or as a partner, shareholder, or officer of the organization that has such a material relationship. At a minimum, a director will not be considered independent if, among other things, the director:

Has been employed by the Company or its affiliates in the current year or past three years;

Has accepted, or has an immediate family member who has accepted, any compensation from the Company or its affiliates in excess of \$120,000 during any period of twelve consecutive months within the three years preceding the determination of independence (except for board services, retirement plan benefits or non-discretionary compensation);

Has an immediate family member who is, or has been in the past three years, employed by the Company or its affiliates as an executive officer;

Has been or has an immediate family member who has been, a partner in, a controlling shareholder or an executive officer of any organization to which the Company made or from which it received, payments (other than those which arise solely from investments in the Company's securities or under non-discretionary charitable contribution matching programs) that exceed five percent of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three fiscal years;

Has been or has an immediate family member who has been employed as an executive of another entity where any of the Company's executives serve or have served during the past three years on that entity's compensation committee; and

Is or has an immediate family member who is a current partner of the Company's outside auditor, or was a partner or an employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

The Board has determined that all directors, with the exception of Punit Dhillon, are independent under the applicable rules of NASDAQ and the SEC. Punit Dhillon is not independent because he is our President and Chief Executive Officer.

Board Leadership Structure

Under the Corporate Governance Guidelines, the Board has the flexibility to decide whether it is in the best interests of the Company for the roles of Chief Executive Officer and Chairman of the Board to be separate or combined. Following the appointment of our current directors to the Board in 2011, the Board determined that it was in the best interests of the Company for the roles of Chief Executive Officer

and Chairman of the Board to be separate in recognition of the differences between the two roles and to permit the individual serving in each role to focus on different aspects of our business.

In qualifying the separation of the two positions, our Chief Executive Officer, Mr. Punit Dhillon, is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board, Dr. Avtar Dhillon, provides guidance to the Chief Executive Officer, works with the Chief Executive Officer in setting the agenda for Board meetings and presides over meetings of the full Board. Dr. Avtar Dhillon has significant experience with our technology as a result of his roles at Inovio, as well as with respect to securing financing for emerging companies. Mr. Punit Dhillon, in addition to his corporate finance expertise, also brings extensive experience in execution of the corporate strategy, clinical development plan and operations as a result of his similar duties at Inovio before joining our Company.

The Board periodically reviews the leadership structure to determine whether it continues to best serve the Company and its stockholders. The Board believes it should be able to freely select the Chairman of the Board based on criteria that it deems to be in the best interests of the Company and its stockholders, and therefore one person may, in the future, serve as both our Chief Executive Officer and Chairman of the Board.

The functions of the Board are carried out by the full Board and, when delegated, by the Board committees. Each director participates in our major strategic and policy decisions. The Company believes that its leadership structure, discussed above, supports the risk oversight function of the Board, as described below. Strong directors chair various committees involved in risk oversight, there is open communication between management and directors, and all directors are actively involved in the risk oversight function.

Meetings of the Board of Directors

Our Board met six times during fiscal year 2014, in compliance with the standards set forth in the Corporate Governance Guidelines. All directors attended 100% of the meetings of the Board and of the committees of the Board on which he served during fiscal year 2014. The numbers of committee meetings held by each committee during fiscal year 2014 were: Audit Committee 6, Compensation Committee 4, Nomination and Corporate Governance Committee 4, Clinical and Regulatory Affairs Committee 0, and Financing Committee 0.

Our Corporate Governance Guidelines require that directors attend our annual meeting of stockholders, absent a valid reason. All of our directors attended our 2014 annual meeting of stockholders.

Committees of the Board

The standing committees of the Board are its Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, Clinical and Regulatory Affairs Committee, and Financing Committee. The Board has determined that the Chairs and all committee members are independent under applicable NASDAQ and SEC rules for committee memberships. The members of the committees are shown in the table below.

Director	Committee Membership				
	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee	Clinical and Regulatory Affairs Committee	Financing Committee
Dr. Avtar Dhillon	X	Chair	X	X	Chair
Dr. Anthony Maida	Chair		X	Chair	
Dr. James DeMesa	X	X	Chair		
Punit Dhillon					

Audit Committee

The Audit Committee has oversight responsibilities regarding, among other things, the preparation of our financial statements and our financial reporting and disclosure processes; the administration, maintenance and review of our system of internal controls regarding accounting compliance; our practices and processes relating to internal audits of our financial statements; the appointment of our independent registered public accounting firm and the review of its qualifications and independence; the review of reports, written statements and letters from our independent registered public accounting firm; and our compliance with legal and regulatory requirements in connection with the foregoing. The Board has determined that Dr. Maida is an "audit committee financial expert," as defined under applicable SEC rules and also meets the additional criteria for independence of audit committee members set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The Board has adopted a written charter for the Audit Committee, which is available on our website, www.oncosec.com, under the Investors tab.

Compensation Committee

The duties of the Compensation Committee include, without limitation: reviewing, approving and administering compensation programs and arrangements to ensure that they are effective in attracting and retaining key employees and reinforcing business strategies and objectives; determining the objectives of our executive officer compensation programs and the specific objectives relating to CEO compensation, including evaluating the performance of the CEO in light of those objectives; approving the compensation of our other named executive officers and our directors; administering our as-in-effect incentive-compensation and equity-based plans; and producing an annual report on named executive officer compensation for inclusion in our proxy statement, when required and in accordance with applicable rules and regulations.

While management presents their views regarding attainment of business objectives and recommended compensation, the Compensation Committee performs its own independent analysis and makes the final determinations regarding all compensation related matters. The Compensation Committee is not authorized to delegate its authority without the prior approval of our Board, but has delegated its authority with the Board's approval to both our Chief Executive Officer, Punit Dhillon and our Chairman of the Board, Dr. Avtar Dhillon solely with respect to routine option grants to non-executive employees of 7,500 shares or less on a post-split basis.

The Board has adopted a written charter for the Compensation Committee, which is available on our website, www.oncosec.com, under the Investors tab.

The Compensation Committee is authorized to engage independent compensation consultants and other professionals to assist in the design, formulation, analysis and implementation of compensation programs for the Company's named executive officers and other key employees. In January 2015, the Compensation Committee retained the services of Barney & Barney, a national compensation consulting firm, to provide advice and recommendations regarding the compensation of the Company's named executive officers and other senior officers for FY 2015. Barney & Barney did not perform any other services on behalf of management or the Company.

The Compensation Committee has determined that Barney & Barney is independent and that Barney & Barney's work did not raise any conflict of interest. The Compensation Committee made such determination primarily on the basis of the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Rule 10C-1(b)(4) under the Exchange Act.

Nominating and Corporate Governance Committee

The responsibilities of the Nominating and Corporate Governance Committee include, without limitation: assisting in the identification of nominees for election to our Board, consistent with approved qualifications and criteria; determining the composition of the Board and its committees; recommending to the Board the director nominees for the annual meeting of stockholders; establishing and monitoring a process of assessing the effectiveness of the Board; developing and overseeing a set of Corporate Governance Guidelines and procedures; and overseeing the evaluation of our directors and named executive officers.

The Board has adopted a written charter for the Nominating and Corporate Governance Committee, which is available on our website, www.oncosec.com, under the Investors tab.

Clinical and Regulatory Affairs Committee

The Clinical and Regulatory Affairs Committee has responsibilities relating to reviewing and providing comments on the clinical development plan for our ImmunoPulse programs, including introducing the clinical team to established opinion leaders, potential doctors and investigators, regulatory contacts and other professionals in the clinical oncology field that could benefit us in executing our development plan. The Clinical and Regulatory Affairs Committee does not currently have a charter.

Financing Committee

The Financing Committee has responsibilities relating to our efforts to obtain adequate funding to finance our development programs and operations. The Financing Committee does not currently have a charter.

Nomination of Directors

Identification and Evaluation of Nominees for Director

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of the Board, named executive officers, professional search firms, shareholders, or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. The Nominating and Corporate Governance Committee recommends the director nominees to our Board for approval for election at each annual meeting of stockholders. Under our bylaws, any director appointed by our Board is subject to re-election by shareholders at our next annual meeting of stockholders.

The Nominating and Corporate Governance Committee and the Board will consider candidates recommended by stockholders on a case-by-case basis, provided that stockholders submit any proposed candidate in accordance with the provisions of our Bylaws. A stockholder who desires to recommend a candidate for nomination to the Board of Directors should do so in writing to the Company at 9810 Summers Ridge Road, Suite 110, San Diego, California 92121, Attn: Secretary. Our Bylaws provide that any such written notice must be received by the Company not less than 90 days before the date of the annual meeting of stockholders at which directors are to be elected. The stockholder's notice must include, among other things as specified in our Bylaws, certain personal identification

information about the stockholder and its director nominee(s); the principal occupation or employment of the director nominee(s); the class and number of shares of the Company that are beneficially owned by the stockholder and its director nominee(s); and any other information relating to the director nominee(s) that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Exchange Act. A stockholder who complies with the notice procedures set forth in our Bylaws will be permitted to present the director nominee at the applicable annual meeting of stockholders, but will not be entitled to have the nominee included in our proxy statement for the annual meeting, unless an applicable rule of the SEC requires that we include the director nominee in our proxy statement.

Director Qualifications

Our Nominating and Corporate Governance Committee evaluates and recommends to the Board nominees for the election of directors. In considering potential new directors, the Nominating and Corporate Governance Committee may review individuals from various disciplines and backgrounds. Among the qualifications to be considered in the selection of candidates are broad experience in business, finance or administration; familiarity with the Company's industry; and prominence and reputation. Since prominence and reputation in a particular profession or field of endeavor are what brings most persons to the Board's attention, there is further consideration on whether the individual has the time available to devote to the work of the Board on one or more of its committees. The Nominating and Corporate Governance Committee also reviews the activities and associations of each candidate to ensure there is no legal impediment, conflict of interest, or other consideration that might hinder or prevent service on the Board. Other than the foregoing factors, there are no stated minimum criteria for director nominees. However, the Nominating and Corporate Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its stockholders. The Nominating and Corporate Governance Committee recognizes that under applicable regulatory requirements at least one member of the Board must meet the criteria for an "audit committee financial expert" as defined by SEC rules. Further, although the Company does not have a formal diversity policy, the Nominating and Corporate Governance Committee seeks to nominate a director that brings to the Company a variety of perspectives, skills, expertise, and sound business understanding and judgment, derived from business, professional, governmental, finance, community and industry experience.

Board Oversight of Risk Management

The Board as a whole is responsible for risk management oversight of the Company. The involvement of the full Board in setting our business strategy and objectives is integral to the Board's assessment of our risk and also a determination of what constitutes an appropriate level of risk and how best to manage any such risk. This involves receiving reports and/or presentations from applicable members of management and the committees of the Board. The full Board conducts on-going assessment of our financial risk, legal/compliance risk and operational/strategic risk and addresses individual risk issues with management throughout the year as necessary.

While the Board has the ultimate oversight responsibility for the risk management process, the Board delegates responsibility for certain aspects of risk management to its committees. In particular, the Audit Committee is responsible for reviewing our policies with respect to risk assessment and risk management, and discussing our major risk exposures and the steps management has taken to maintain and control these exposures. In addition, the Audit Committee focuses on financial risks and related controls and processes, and discusses with management our financial statements and the reasonableness of significant judgments and the adequacy and effectiveness of our accounting and financial controls. The Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with our business strategy and objectives. Finally, the Nominating and Corporate Governance

Committee is responsible for overseeing our corporate governance and developing and reviewing our Code of Business Conduct and Ethics.

In establishing and reviewing the Company's executive compensation program, the Compensation Committee considers whether the program encourages unnecessary or excessive risk-taking and has concluded that it does not. Named Executive Officer's base salaries are fixed in amount and thus do not encourage risk-taking. Cash bonuses are tied to overall corporate performance. The majority of compensation provided to the named executive officers is in the form of time-based and performance-based long-term equity awards that help further align executives' interests with those of the Company's shareholders. The Compensation Committee believes that these awards do not encourage unnecessary or excessive risk-taking because the ultimate value of the awards is tied to the Company's stock price performance and because awards are subject to regular vesting schedules to help ensure that a significant component of executive compensation is tied to shareholder value creation.

The Compensation Committee has also reviewed the Company's compensation programs for employees generally and has concluded these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee believes that the Company's annual cash and long-term equity awards provide an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term shareholder value creation and do not encourage short-term risk taking at the expense of long-term results. In general, bonus opportunities for Company employees are capped, and the Company has discretion to reduce bonus payments (or pay no bonus) based on individual performance and any other factors it may determine to be appropriate in the circumstances. As with the compensation of the Company's named executive officers, a substantial portion of the compensation for employees generally is delivered in the form of equity awards that help further align the interests of employees with those of shareholders.

Additionally, the full Board regularly receives reports from our Chief Executive Officer, the executive officer principally responsible for aiding the Board in identifying, evaluating and implementing risk management controls and methodologies to address identified risks.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer and principal financial and accounting officer. The Code of Business Conduct and Ethics is available for review on our website at www.oncosec.com under the Investors tab, and is also available in print, without charge, to any stockholder who requests a copy by writing to us at OncoSec Medical Incorporated, 9810 Summers Ridge Road, Suite 110, San Diego, CA 92121, Attention: Investor Relations. There have not been any waivers granted of the Code of Business Conduct and Ethics relating to any of our named executive officers or directors during FY 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers, directors and persons who beneficially own more than 10% of our common stock to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors and greater than ten percent shareholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on our review of such forms furnished to us from such reporting persons, the Company believes that all Section 16(a) filing requirements applicable to the Company's officers, directors and greater than ten percent stockholders were met during FY 2014 in a timely manner.

Certain Relationships and Related Transactions

The Company has various procedures in place to identify potential related party transactions, which are reviewed and overseen by the Audit Committee as required by its charter. Furthermore, the Company's Code of Business Conduct and Ethics addresses potential conflicts of interest, and requires that the existence of any actual or potential conflicts of interest be disclosed to the Chairman of the Audit Committee, requesting a waiver and cooperating in the establishment of procedures to neutralize the conflict. Waivers for directors and named executive officers must be approved by the Board. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director or named executive officer.

Since the beginning of our last fiscal year, there has been no transactions, or currently proposed transactions, in which the Company was or is to be a participant and the amount involved exceeds \$120,000 and in which any related person had or will have a direct or indirect material interest.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the disclosure contained in the following section entitled "Compensation Discussion and Analysis." Based on this review and discussion, the Compensation Committee recommended to the Board that the section "Compensation Discussion and Analysis" be included in this Proxy Statement for the Annual Meeting.

THE COMPENSATION COMMITTEE:

Dr. Avtar Dhillon (Chair)

Dr. James DeMesa

*

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended, or the Exchange Act, that might incorporate other filings with the SEC, including this information statement, in whole or in part, the Compensation Committee Report shall not be deemed to be incorporated by reference into any such filings.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

In this section, we provide an overview and analysis of the Company's compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions.

Say-on-Pay Consideration

In accordance with SEC rules, our stockholders voted on the "say-on-pay" non-binding advisory resolution at our 2013 Annual Meeting and also voted that the frequency of such votes should occur once every three years. Our stockholders will next vote on the "say-on-pay" non-binding advisory resolution at our 2016 Annual Meeting.

Compensation Philosophy and Process

The Company's compensation philosophy is set by the Compensation Committee and affirmed by the Board. Our philosophy is intended to align named executive officer compensation with the Company's annual and long-term performance. A significant portion of each named executive officer's total compensation opportunity is directly related to achieving absolute and relative performance targets driving our progress toward the goals of our long-term strategic and business plans.

We believe that our strong performance supports the executive compensation plans and programs the Committee has approved for the named executive officers. Our goal has been to design best practice compensation plans that drive short- and long-term positive results for our shareholders within the framework of our compensation philosophy as detailed further in this Compensation Discussion and Analysis.

The Company wants its named executive officers and employees to balance the risks and related opportunities inherent in the Company's industry and in the performance of their duties and share the upside opportunity and the downside risks once actual performance is measured. To this point, the Board has completed a risk analysis of all of our compensation policies and programs for its employees and has determined that these policies and programs are not reasonably likely to have a material adverse effect on the Company. For further information, please see "Corporate Governance Board Oversight of Risk Management."

Compensation Components

The Company's executive compensation program is simple in design. It consists of components designed to reward individual performance based on the Company's short-term and long-term performance, and how this performance links to our corporate strategy. The elements of our total compensation for named executive officers are as follows:

Rewarding Short-Term Performance

Base salaries. Base salaries are customary and help attract and retain executives. It recognizes the contribution of employees, level of experience, education and abilities, while remaining competitive in the market place. Base salary for each employee and named executive officer's position is primarily determined with regard to the employee's responsibilities, individual performance, overall corporate performance, and through the assessment of the market environment, conditions and competitiveness.

Discretionary performance-based cash bonuses. The Compensation Committee awards performance-based cash bonuses on an annual basis to provide the named executive officers with the opportunity to earn compensation for achieving the Company's annual performance goals.

Punit

Dhillon participates in the same performance-based cash bonus program as the other named executive officers. The Compensation Committee retains the right to award such cash bonuses in its sole discretion and best business judgment, if the Committee determines that a named executive officer has made a significant contribution to the Company's success in the past year.

Discretionary stock awards. The Company retains the right to award shares of stock or other stock-based awards to named executive officers in its sole discretion and best business judgment, if the Compensation Committee determines that a named executive officer has made a significant contribution to the Company's success in the past year.

Rewarding Long-Term Performance

Long-Term Incentive Awards. Long-term incentive in the form of options to purchase common stock of the Company are intended to align the interests of the directors, officers and named executive officers of the Company with those of its shareholders, to provide a long term incentive that rewards these individuals for their contribution to the creation of shareholder value, and to reduce the cash compensation the Company would otherwise have to pay. This approach is based on the assumption that the performance of the Company's common stock price over the long term is an important indicator of long term performance.

Incentive stock options are to be granted at a price that is no less than 100% of the fair value of the stock at the date of grant. Options vest over a period specified in individual option agreements entered into with grantees, and are exercisable for a maximum period of ten years after the date of grant. Options granted to stockholders who own more than 10% of the outstanding stock of the Company at the time of grant must be issued at an exercise price no less than 110% of the fair value of the stock on the date of grant.

Other Elements of Total Compensation

Other benefits and perquisites. The Company retains the right to provide active full-time employees with other benefits, such as reimbursement for medical, dental, short-term disability, long-term disability, and relocation expenses.

Retirement benefits. The Company retains the right to offer employees qualified retirement plans.

Employment agreements. We maintain employment agreements with each of our named executive officers to ensure that they will perform their roles for an extended period of time. These agreements are described in more detail elsewhere in this Proxy Statement.

Other compensation. Effective May 15, 2012, the Company adopted a defined contribution savings plan pursuant to Section 401(k) of the Code. The plan is for the benefit of all qualifying employees and permits voluntary contributions by employees up to 100% of eligible compensation, subject to the Internal Revenue Service imposed maximum limits. The terms of the plan allows for discretionary employer matching contributions. No employer matching contributions were made during the years ended July 31, 2014 and 2013.

The Role of Management in Compensation Decisions

The Compensation Committee determines all compensation for the named executive officers. Each year, the Compensation Committee conducts an evaluation of each named executive officer to determine if any changes in the officer's compensation would be appropriate based on the considerations described below. At the Compensation Committee's request, Punit Dhillon provides input regarding the performance and appropriate compensation of the other named executive officers.

The Compensation Committee considers Punit Dhillon's evaluation of the other named executive officers because of his direct knowledge of each named executive officer's performance and contributions.

The Role of the Compensation Consultant

The Compensation Committee is authorized to engage independent compensation consultants and other professionals to assist in the design, formulation, analysis and implementation of compensation programs for the Company's named executive officers and other key employees. In January 2015, the Compensation Committee retained the services of Barney & Barney, a national compensation consulting firm, to provide advice and recommendations regarding the compensation of the Company's named executive officers and other senior officers for FY 2015. Barney & Barney did not perform any other services on behalf of management or the Company.

Total Annual Cash Compensation

The Compensation Committee increased base salaries of Punit Dhillon and Veronica Vallejo for FY 2014 as follows: Punit Dhillon's base salary was increased from \$293,958 to \$342,500, and Veronica Vallejo's base salary was increased from \$199,167 to \$235,000, in recognition of their salaries' variances from market competitive positioning and their individual performance, skills and experience.

Discretionary Performance-Based Cash Bonuses

The Compensation Committee awards performance-based cash bonuses on an annual basis to provide the named executive officers with the opportunity to earn compensation for achieving the Company's annual performance goals. The Compensation Committee retains the right to award such cash bonuses in its sole discretion and best business judgment, if the Committee determines that a named executive officer has made a significant contribution to the Company's success in the past year.

Performance Goals. Performance goals used to determine the annual bonuses for the named executive officers in FY 2014 fell into four categories, which were chosen because they reflect measures of company performance and product development, both associated with shareholder value creation. The categories were as follows: (i) expand and execute on the ImmunoPulse Clinical Development Plan, which included reaching clinical development and operations goals for products in our pipeline and expanding our research team; (ii) maintain a strong financial position by raising funding in FY 2014; (iii) establish a research and development pipeline by initiating strategic partnerships or collaborations; and (iv) execute on engineering and quality objectives by supporting clinical trials.

The Compensation Committee determined to award a discretionary bonus to each of the named executive officers, with an aggregate bonus amount of \$200,000. In making this decision, the Compensation Committee considered managements' efforts in growing the company with key hires and executing on the clinical development strategy, while expanding the internal pipeline for ImmunoPulse, and also engaging in notable industry and academic collaborations in FY 2014. However, the Compensation Committee limited the bonus amount to an aggregate of \$200,000 because of the Company's relatively low stock price. The aggregate bonus amount was divided according to each named executive officer's relative responsibilities.

Long-Term Incentive Awards

The Compensation Committee and the Board are responsible for determining long-term incentives in the form of stock options to be granted to the named executive officers and directors of the Corporation and for any other officers of the Company from time to time, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of the Company's named executive officers, directors and other officers, the Compensation Committee considers (i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and the Company's shareholders; and (iv) rewarding performance, both on an individual basis and with respect to operations in general.

The Employment Agreement provides for the following, among other things: (a) a base annual salary of \$260,000; (b) a relocation bonus of \$54,000; (c) eligibility to receive an annual bonus at the discretion of the Board; (d) as an inducement material to entering into employment with the Company, a stock option award granted under the Company's Amended and Restated 2011 Stock Incentive Plan to purchase up to 1,700,000 million shares of the Company's common stock at an exercise price of \$0.52 per share, the closing price of the Company's common stock on the date of grant of the award, and to vest as follows: 25% of the shares underlying the award shall vest on September 16, 2014 and the remaining 75% of the shares underlying the award shall vest in equal installments on each monthly anniversary of September 16, 2014; and (e) if Dr. Le is terminated other than for cause, by death or by disability, or if she terminates her employment with the Company for good cause, then Dr. Le will be entitled to receive (i) prior to such time as she shall have provided services to the Company for twelve (12) months, severance payments by the Company of an amount aggregate equal to nine (9) months of her then-current base annual salary plus accrued bonus (if applicable), less applicable statutory deductions and withholdings, or (ii) following such time as she shall have provided services to the Company for twelve (12) months, severance payments by the Company of an aggregate amount equal to twelve (12) months of her then-current base annual salary plus accrued bonus (if applicable), less applicable statutory deductions and withholdings, with any such severance payments to be paid as salary continuation (and not as a lump sum) over the applicable period and in accordance with the Company's standard payroll practices. Under the terms of the Employment Agreement, (i) the term "for cause" is defined to mean (a) commission of a crime involving dishonesty, breach of trust, or physical harm to any person; (b) willful engagement in conduct that is in bad faith and materially injurious to the Company, including but not limited to, misappropriation of trade secrets, fraud or embezzlement; (c) commission of a material breach of the Employment Agreement, which breach is not cured within 30 days after written notice to Dr. Le from the Company; (d) willful refusal to implement or follow a reasonable and lawful policy or directive of the Company, which breach is not cured within 30 days after written notice to Dr. Le from the Company; or (e) engagement in misfeasance or malfeasance demonstrated by a pattern of failure to perform job duties diligently and professionally, which misfeasance or malfeasance is not cured within 30 days after written notice to Dr. Le from the Company; and (ii) the term "good cause" is defined to mean any one or more of the following events without Dr. Le's consent: (a) a reduction in the amount of Dr. Le's base compensation in a manner that disproportionately adversely affects Dr. Le as compared to other senior management of the Company; (b) Dr. Le ceases to report directly to the Chief Executive Officer of the Company, provided that such change in reporting relationship results in a material reduction in Dr. Le's authority, duties, or responsibilities; (c) any other material change in Dr. Le's duties, authority or responsibilities with the Company relative to the duties, authority or responsibilities in effect immediately prior to such reduction; or (d) the Company's relocation of Dr. Le's work location more than thirty (30) miles from Company's headquarters; provided in each case that the Company shall have 15 business days following its receipt of written notice from Dr. Le to cure any such event before it is deemed an event constituting "good cause."

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

On March 3, 2015, our Board approved an increase to Dr. Le's annual base salary to \$286,000.

On March 3, 2015, Dr. Le was granted an option to purchase 250,000 shares of our common stock at an exercise price of \$0.38 under the 2011 Plan. The option vests over a three year period, with 25% vesting on the date of grant and the remaining option shares vesting monthly thereafter in equal increments over a period of thirty-six months. The option may vest immediately upon a corporate transaction or change in control, as defined in the Stock Option Award Agreement.

Potential Payments Upon Termination of Employment

Option and Restricted Stock Unit Acceleration

The options and restricted stock units awards granted to our named executive officers under our equity plan will each vest on an accelerated basis as to all the shares in the event those options or awards are not assumed or otherwise replaced in connection with certain changes in control or ownership of the Company. The table below sets forth the intrinsic value of the options and the restricted stock unit awards held by each named executive officer that would accelerate in full (in accordance with the terms of the equity plan governing those options and awards) upon a change in control or ownership in which those options or awards and restricted stock units were not assumed or replaced had such change in control or ownership occurred on July 31, 2014.

Named Executive Officer	Intrinsic Value of Accelerated Options (\$)(1)	Intrinsic Value of Accelerated Restricted Stock Units(2)
Punit Dhillon	27,847	
Veronica Vallejo	11,139	
Robert Pierce, MD	145,860	

- (1) Such intrinsic value is determined by multiplying (A) the amount by which the fair market value per common share on July 31, 2014 (\$0.44 per share) exceeded the exercise price per share in effect under each option by (B) the number of unvested shares that would vest on an accelerated basis under such option.
- (2) There have been no grants of restricted stock.

Termination in Absence of Change in Control

The following table provides the total dollar value of the compensation that each named executive officer would have been entitled to receive had his or her employment been terminated without cause or he had resigned for good reason on July 31, 2014 in the absence of a change in control of the Company:

Named Executive Officer	Cash Severance (\$)	Health Benefits (\$)(1)	Total (\$)
Punit Dhillon	760,000	37,794	797,794
Veronica Vallejo	260,000	6,115	266,115
Robert Pierce, MD	225,000		225,000

- (1) Represents the aggregate full premium payments that would be required to be paid on behalf of each named executive officer to provide continued health insurance coverage for the maximum period available to the executive.

Termination in Connection with Change in Control

The following table provides the total dollar value of the compensation that each named executive officer would be entitled to receive if his or her employment was terminated without cause or if he or

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

she resigned for good reason on July 31, 2014 in connection with a change in control of the Company in which the outstanding awards are assumed, replaced or otherwise continued. If the outstanding awards are not assumed, replaced or otherwise continued in effect, then those awards will accelerate in full at the time of the change in control and the value of the acceleration will instead be as set forth in the table above titled, "Option and Restricted Stock Unit Acceleration."

Named Executive Officer	Cash Severance	Health Benefits \$(1)	Accelerated Vesting of Options \$(2)	Accelerated Vesting of Restricted Stock Units(3)	Total
Punit Dhillon	760,000	37,794	27,847		825,641
Veronica Vallejo	260,000	6,115	11,139		277,254
Robert Pierce, MD	225,000		145,860		370,860

- (1) Represents the aggregate full premium payments that would be required to be paid on behalf of each named executive officer to provide continued health insurance coverage for the maximum period available to the executive.
- (2) Represents the intrinsic value of the stock options that would vest on an accelerated basis in connection with such termination. Such intrinsic value is determined by multiplying (A) the amount by which the fair market value per common share on July 31, 2014 (\$0.44 per share) exceeded the exercise price per share in effect under each option by (B) the number of unvested shares that vest on an accelerated basis under such option.
- (3) Represents the value of restricted stock units that would vest on an accelerated basis in connection with such termination. The value is determined by multiplying (A) the number of unvested units that would vest on an accelerated basis under the award by (B) the fair market value per common share on July 31, 2014 (\$0.44 per share).

Tax Considerations

It has been and continues to be the Company's intent that compensation payments generally be deductible unless maintaining such deductibility would undermine our ability to meet our primary compensation objectives or is otherwise not in our best interest.

Section 162(m). Under Section 162(m) of the Code, we cannot deduct annual compensation in excess of \$1,000,000 paid to our named executives unless the compensation was performance-based. Although the majority of the compensation paid during 2014 was deductible, some components of the Company's compensation programs may result in payments from time to time that are subject to the restriction on deductibility. The Compensation Committee believes that it may be appropriate from time to time to exceed limitations on deductibility under Section 162(m) to ensure that executive officers are compensated in a manner that it believes to be consistent with the best interests of the Company and its shareholders consistent with the Company's executive compensation philosophy and objectives. In view of all of the circumstances, the Compensation Committee has concluded that no further action with respect to qualifying such compensation for deductibility is necessary at this time. The Compensation Committee, however, reserves the authority to continue to approve non-deductible compensation in appropriate circumstances. Also, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m), no assurance can be given that compensation intended by the Company to satisfy requirements for deductibility under Section 162(m) will in fact do so.

Compensation of Directors

The Board determines the form and amount of director compensation after its review of recommendations made by the Compensation Committee. All directors receive reimbursement for reasonable out-of-pocket expenses in attending Board meetings and for promoting our business. Except

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

for such reimbursement, directors who are also employees of our Company do not receive any separate compensation for their service as directors.

2011-2013 Director Compensation Policy

On June 30, 2011, the Board adopted a director compensation policy for non-employee directors, retroactive to the date of each non-employee director's appointment. According to such policy, the Chairman of our Board received an annual fee of \$30,000 and all other non-employee directors received an annual fee of \$15,000 for membership on the Board. In addition, non-employee directors received the following compensation for service on the committees of the Board beginning August 1, 2011:

Additionally, members of all of our Board committees received a fee of \$1,500 for each committee meeting attended in person and \$750 for each committee meeting attended telephonically.

2014 Director Compensation Policy

On March 7, 2014, the Compensation Committee approved a new director compensation policy, which replaces the compensation policy described above and became effective as of May 1, 2014. The new director compensation policy provides as follows:

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

In May 2011, our Board adopted the 2011 Plan. The 2011 Plan was approved by our stockholders in March 2012 and originally authorized the Board to grant equity awards to employees, directors, and consultants for up to 5,200,000 shares of our common stock. On April 15, 2013, our stockholders approved an amendment to the 2011 Plan to authorize the issuance of an additional 3,800,000 shares of our common stock under the 2011 Plan, increasing the total number of shares reserved for issuance under the 2011 Plan to 9,000,000 shares. On June 2, 2014, our Board approved, and our stockholders for approved on July 18, 2014, the amendment and restatement of the 2011 Plan to, among other things, authorize the issuance of an additional 16,000,000 shares of our common stock under the 2011 Plan, which, increased the total number of shares reserved for issuance under the 2011 Plan to 25,000,000 shares. On January 2, 2015, pursuant to the automatic increase in shares reserved for issuance as set forth in Section 3(a) of the Plan, an additional 7,405,568 shares of our common stock were authorized for issuance under the 2011 Plan, increasing the total number of shares reserved for issuance under the 2011 Plan to 32,405,568 shares.

Following the reverse stock split approved by our Board and effective as of May 18, 2015, each 20 shares of issued and outstanding common stock and warrants, respectively, were combined into and became one share of common stock, and no fractional shares were issued. The number of authorized shares of common stock was reduced proportionately to the number of outstanding shares of common stock reduced. Accordingly, the total number of shares of common stock reserved for issuance under the 2011 Plan was reduced following the reverse stock split to 1,620,278 shares. In Proposal 3, the Board seeks stockholder approval of an amendment to the 2011 Plan to increase the number of shares of common stock reserved for issuance thereunder to 3,500,000 shares.

The 2011 Plan provides for the issuance of a variety of forms of awards, including stock options, stock appreciation rights, restricted stock and restricted stock units. The following table provides information as of July 31, 2014, with respect to our equity compensation plans:

Equity Compensation Plan Information

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))(c)
Equity compensation plans approved by security holders	6,060,900	\$ 0.66	16,372,625

The stock option awards in this category were issued to employees and consultants between December 11, 2013 and March 7, 2014 and have exercise prices ranging from \$0.310 to \$0.805 (on a pre-split basis), where the exercise price of each stock option equals the closing price of our common stock on the date of award of the respective stock option. Each stock option has a term of ten years from the grant date and becomes fully vested within two to three years of the grant date. A portion of these stock option awards were granted to executive employees whose employment agreements provide for accelerated vesting of outstanding stock options in the event of a change of control.

In jurisdictions requiring notice in advance of an effective termination as an Employee, Director or Consultant, Continuous Service shall be deemed terminated upon the actual cessation of providing services to the Company or a Related Entity notwithstanding any required notice period that must be fulfilled before a termination as an Employee, Director or Consultant can be effective under Applicable Laws. A Grantee's Continuous Service shall be deemed to have terminated either upon an actual termination of Continuous Service or upon the entity for which the Grantee provides services ceasing to be a Related Entity. Continuous Service shall not be considered interrupted in the case of (i) any approved leave of absence, (ii) transfers among the Company, any Related Entity, or any successor, in any capacity of Employee, Director or Consultant, or (iii) any change in status as long as the individual remains in the service of the Company or a Related Entity in any capacity of Employee, Director or Consultant (except as otherwise provided in the Award Agreement). The determination of Award comparability shall be made by the Administrator and its determination shall be final, binding and conclusive.

3. *Stock Subject to the Plan.*

(a) Subject to the provisions of Section 10, below, the maximum aggregate number of Shares which may be issued pursuant to all Awards (including Incentive Stock Options) is three million five hundred thousand shares (3,500,000) Shares, and commencing with the first business day of each calendar year beginning with 2015, such maximum aggregate number of Shares shall be increased by a number equal to the lesser of (i) three percent (3%) of the number of Shares outstanding as of the last day of the immediately preceding calendar year, (ii) five hundred thousand (500,000) Shares, and (iii) such lesser number of Shares as may be determined by the Board. The Shares to be issued pursuant to Awards may be authorized, but unissued, or reacquired Common Stock.

(b) Any Shares covered by an Award (or portion of an Award) which is forfeited, canceled or expires (whether voluntarily or involuntarily) shall be deemed not to have been issued for purposes of determining the maximum aggregate number of Shares which may be issued under the Plan. Shares that actually have been issued under the Plan pursuant to an Award shall not be returned to the Plan and shall not become available for future issuance under the Plan, except that if unvested Shares are forfeited, or repurchased by the Company at the lower of their original purchase price or their Fair Market Value at the time of repurchase, such Shares shall become available for future grant under the Plan. To the extent not prohibited by the listing requirements of The New York Stock Exchange (or other established stock exchange or national market system on which the Common Stock is traded) or Applicable Law, any Shares covered by an Award which are surrendered (i) in payment of the Award exercise or purchase price (including pursuant to the "net exercise" of an option pursuant to Section 7(b)(v)) or (ii) in satisfaction of tax withholding obligations incident to the exercise of an Award shall be deemed not to have been issued for purposes of determining the maximum number of Shares which may be issued pursuant to all Awards under the Plan, unless otherwise determined by the Administrator.

4. *Administration of the Plan.*

(a) *Plan Administrator.*

(i) *Administration with Respect to Directors and Officers.* With respect to grants of Awards to Directors or Employees who are also Officers or Directors of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws and

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

to permit such grants and related transactions under the Plan to be exempt from Section 16(b) of the Exchange Act in accordance with Rule 16b-3. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board.

(ii) *Administration With Respect to Consultants and Other Employees.* With respect to grants of Awards to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. The Board may authorize one or more Officers to grant such Awards and may limit such authority as the Board determines from time to time.

(iii) *Administration With Respect to Covered Employees.* Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the "Administrator" or to a "Committee" shall be deemed to be references to such Committee or subcommittee.

(iv) *Administration Errors.* In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) *Powers of the Administrator.* Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

(ii) to determine whether and to what extent Awards are granted hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided that any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent, provided, however, that an amendment or modification that may cause an Incentive Stock Option to become a Non-Qualified Stock Option shall not be treated as adversely affecting the rights of the Grantee. Notwithstanding the foregoing, (A) the reduction or increase of the exercise price of any Option awarded under the Plan and the base appreciation amount of any SAR awarded under the Plan and (B) canceling an Option or SAR at a time when its exercise price or base appreciation amount (as applicable) exceeds the Fair Market Value of the underlying Shares, in exchange for another Option, SAR, Restricted Stock, or other Award, in each case, shall not be subject to shareholder approval;

(vii) to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan;

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

(viii) to grant Awards to Employees, Directors and Consultants employed outside the United States on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable to further the purpose of the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator; provided that the Administrator may not exercise any right or power reserved to the Board. Any decision made, or action taken, by the Administrator or in connection with the administration of this Plan shall be final, conclusive and binding on all persons having an interest in the Plan.

(c) *Indemnification.* In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, members of the Board and any Officers or Employees of the Company or a Related Entity to whom authority to act for the Board, the Administrator or the Company is delegated shall be defended and indemnified by the Company to the extent permitted by law on an after-tax basis against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within thirty (30) days after the institution of such claim, investigation, action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. *Eligibility.* Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company or a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time.

6. *Terms and Conditions of Awards.*

(a) *Types of Awards.* The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Restricted Stock Units or Dividend Equivalent Rights, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) *Designation of Award.* Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, an Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 limitation of

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option. In the event that the Code or the regulations promulgated thereunder are amended after the date the Plan becomes effective to provide for a different limit on the Fair Market Value of Shares permitted to be subject to Incentive Stock Options, then such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

(c) *Conditions of Award.* Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) net earnings or net income (before or after taxes), (ii) earnings per share or earnings per share growth, total units or unit growth, (iii) net sales, sales growth, total revenue or revenue growth, (iv) operating income, net operating profit or pre-tax profit, (v) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenue, (vi) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), (vii) earnings before or after taxes, interest, depreciation, and/or amortization, (viii) gross or operating margins, (ix) productivity ratios, (x) share price or relative share price (including, but not limited to, growth measures and total stockholder return), (xi) expense targets, (xii) margins, (xiii) operating efficiency, (xiv) market share or change in market share, (xv) customer retention or satisfaction, (xvi) working capital targets, (xvii) completion of strategic financing goals, acquisitions or alliances and clinical progress, (xviii) company project milestones and (xix) economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital). The performance criteria may be applicable to the Company, Related Entities and/or any individual business units of the Company or any Related Entity. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement. In addition, the performance criteria shall be calculated in accordance with generally accepted accounting principles, but excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item, as determined by the Administrator, occurring after the establishment of the performance criteria applicable to the Award intended to be performance-based compensation. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of the Grantee's rights with respect to an Award intended to be performance-based compensation.

(d) *Acquisitions and Other Transactions.* The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) *Deferral of Award Payment.* The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) *Separate Programs.* The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) *Individual Limitations on Awards.*

(i) *Individual Limit for Options and SARs.* For Options and SARs that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company shall be five hundred thousand (500,000) Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitation with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) *Individual Limit for Restricted Stock and Restricted Stock Units.* For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any fiscal year of the Company shall be five hundred thousand (500,000) Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(h) *Deferral.* If the vesting or receipt of Shares under an Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to such Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

(i) *Early Exercise.* The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(j) *Term of Award.* The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of an Incentive Stock Option shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

date of grant thereof or such shorter term as may be provided in the Award Agreement. Notwithstanding the foregoing, the specified term of any Award shall not include any period for which the Grantee has elected to defer the receipt of the Shares or cash issuable pursuant to the Award.

(k) *Transferability of Awards.* Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Other Awards shall be transferable (i) by will and by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent and in the manner authorized by the Administrator. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

(l) *Time of Granting Awards.* The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other later date as is determined by the Administrator.

7. *Award Exercise or Purchase Price, Consideration and Taxes.*

(a) *Exercise or Purchase Price.* The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of SARs, the base appreciation amount shall not be less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(v) In the case of other Awards, such price as is determined by the Administrator.

(vi) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the provisions of the relevant instrument evidencing the agreement to issue such Award.

(b) *Consideration.* Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator. In addition to any other types of consideration the Administrator

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following:

- (i) cash;
- (ii) check;
- (iii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised;
- (iv) with respect to Options, if the exercise occurs on or after the Registration Date, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction;
- (v) with respect to Options, payment through a "net exercise" such that, without the payment of any funds, the Grantee may exercise the Option and receive the net number of Shares equal to (i) the number of Shares as to which the Option is being exercised, multiplied by (ii) a fraction, the numerator of which is the Fair Market Value per Share (on such date as is determined by the Administrator) less the exercise price per Share, and the denominator of which is such Fair Market Value per Share (the number of net Shares to be received shall be rounded down to the nearest whole number of Shares); or
- (vi) any combination of the foregoing methods of payment.

The Administrator may at any time or from time to time, by adoption of or by amendment to the standard forms of Award Agreement described in Section 4(b)(iv), or by other means, grant Awards which do not permit all of the foregoing forms of consideration to be used in payment for the Shares or which otherwise restrict one or more forms of consideration.

(c) *Taxes.* No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award the Company shall withhold or collect from the Grantee an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award (reduced to the lowest whole number of Shares if such number of Shares withheld would result in withholding a fractional Share with any remaining tax withholding settled in cash).

8. *Exercise of Award.*

(a) *Procedure for Exercise; Rights as a Stockholder.*

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is

Edgar Filing: ONCOSEC MEDICAL Inc - Form DEF 14A

exercised has been made, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(iv).

(b) *Exercise of Award Following Termination of Continuous Service.*

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. *Conditions Upon Issuance of Shares.*

(a) If at any time the Administrator determines that the delivery of Shares pursuant to the exercise, vesting or any other provision of an Award is or may be unlawful under Applicable Laws, the vesting or right to exercise an Award or to otherwise receive Shares pursuant to the terms of an Award shall be suspended until the Administrator determines that such delivery is lawful and shall be further subject to the approval of counsel for the Company with respect to such compliance. The Company shall have no obligation to effect any registration or qualification of the Shares under federal or state laws.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. *Adjustments Upon Changes in Capitalization.* Subject to any required action by the stockholders of the Company and Section 11 hereof, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Awards may be granted to any Grantee in any calendar year, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) any other transaction with respect to Common Stock including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." In the event of any distribution of cash or other assets to stockholders other than a normal cash dividend, the Administrator shall also make such adjustments as provided in this Section 10 or substitute, exchange or grant Awards to effect such adjustments (collectively "adjustments"). Any such adjustments to outstanding Awards will be effected in a manner that precludes the enlargement of rights and benefits

under such Awards. In connection with the foregoing adjustments, the Administrator may, in its discretion, prohibit the exercise of Awards or other issuance of Shares, cash or other consideration pursuant to Awards during certain periods of time. Except as the Administrator determines, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. *Corporate Transactions and Changes in Control.*

(a) *Termination of Award to Extent Not Assumed in Corporate Transaction.* Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

(b) *Acceleration of Award Upon Corporate Transaction or Change in Control.* The Administrator shall have the authority, exercisable either in advance of any actual or anticipated Corporate Transaction or Change in Control or at the time of an actual Corporate Transaction or Change in Control and exercisable at the time of the grant of an Award under the Plan or any time while an Award remains outstanding, to provide for the full or partial automatic vesting and exercisability of one or more outstanding unvested Awards under the Plan and the release from restrictions on transfer and repurchase or forfeiture rights of such Awards in connection with a Corporate Transaction or Change in Control, on such terms and conditions as the Administrator may specify. The Administrator also shall have the authority to condition any such Award vesting and exercisability or release from such limitations upon the subsequent termination of the Continuous Service of the Grantee within a specified period following the effective date of the Corporate Transaction or Change in Control. The Administrator may provide that any Awards so vested or released from such limitations in connection with a Change in Control shall remain fully exercisable until the expiration or sooner termination of the Award.

(c) *Effect of Acceleration on Incentive Stock Options.* Any Incentive Stock Option accelerated under this Section 11 in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded.

12. *Effective Date and Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

13. *Amendment, Suspension or Termination of the Plan.*

(a) The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by Applicable Laws.

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No suspension or termination of the Plan (including termination of the Plan under Section 11, above) shall adversely affect any rights under Awards already granted to a Grantee.

14. *Reservation of Shares.*

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. *No Effect on Terms of Employment/Consulting Relationship.* The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Grantee's Continuous Service at any time, with or without cause, and with or without notice.

16. *No Effect on Retirement and Other Benefit Plans.* Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Pension Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

17. *Stockholder Approval.* The grant of Incentive Stock Options under the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-Qualified Stock Options.

18. *Unfunded Obligation.* Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. *Construction.* Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

20. *Nonexclusivity of the Plan.* Neither the adoption of the Plan by the Board, the submission of the Plan to the stockholders of the Company for approval, nor any provision of the Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of Awards otherwise than under the Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
