bebe stores, inc. Announces Record Third Quarter Earnings of \$0.14 per share

BRISBANE, CALIF. April 27, 2006 bebe stores, inc. (Nasdaq:BEBE) today announced financial results for the third quarter ended April 1, 2006.

Net sales for the third quarter of fiscal 2006 were \$132.8 million, up 13.6% from \$116.9 million reported for the third quarter a year ago. As previously reported, same store sales for the quarter increased 4.7% compared to an increase of 28.5% in the prior year.

Gross profit as a percentage of net sales increased to 46.9% in the third quarter of fiscal 2006, compared to 46.8% in the third quarter of fiscal 2005. The increase in gross profit as a percentage of net sales from the prior year of 0.1% was primarily the result of a cumulative non-cash adjustment in the third quarter of fiscal 2005 of approximately \$3.2 million (\$2.0 million after tax) related to lease accounting offset by lower merchandise margins in the third quarter of fiscal 2006.

SG&A expenses for the third quarter of fiscal 2006 were \$44.7 million, or 33.7% of net sales, compared to \$37.8 million, or 32.4% of net sales for the same period of the prior year. The increase in SG&A expenses as a percent of sales is primarily due to a \$2.1 million pre-tax charge, or 1.6% of net sales, related to the expensing of stock based compensation as a result of the recent adoption of Financial Accounting Standards Board Statement No. 123(R) Share Based Payment (SFAS 123(R)).

Operating income for the third quarter of fiscal 2006 was \$17.5 million or 13.2% of net sales, compared to \$16.8 million or 14.4% of net sales for the same period of the prior year. Net earnings for the third quarter increased 19.8% to \$13.3 million, compared to \$11.1 million for the same period of the prior year. Diluted earnings per share for the third quarter were \$0.14 after taking into account the \$0.01 per share charge related to the expensing of stock based compensation versus \$0.12 per share in the same period of fiscal 2005.

Had stock based compensation been recorded in the prior year, the impact to diluted earnings per share would have been approximately \$0.02 per share as previously disclosed. After taking this charge into account, diluted earnings per share would have been \$0.10 and the increase in

Edgar Filing: BEBE STORES INC - Form 8-K

diluted earnings per share from the third quarter of fiscal 2005 to the third quarter of fiscal 2006 would have been approximately 40%.

The effective tax rate for the third quarter of fiscal 2006 decreased to 34.6% from 38.0% in the third quarter of fiscal 2005 primarily due to a cumulative adjustment of temporary and permanent differences and an increase in tax exempt interest income offset by compensation expense associated with expensing incentive stock options. The effective tax rate is expected to fluctuate from quarter to quarter under SFAS 123(R).

Net sales for the year-to-date period ended April 1, 2006 were \$426.9 million, up 14.6% from \$372.6 million reported for the year-to-date period ended April 2, 2005. As previously reported, same store sales for the year-to-date period ended April 1, 2006 increased 7.1% compared to an increase of 23.0% for the year-to-date period ended April 2, 2005.

Net earnings for the year-to-date period ended April 1, 2006 were \$51.9 million, an increase of 10.9% from \$46.8 million for the year-to-date period ended April 2, 2005. Diluted earnings per share for the year-to-date period ended April 1, 2006 were \$0.55 after taking into account the \$0.04 per share charge related to the expensing of stock based compensation versus \$0.50 per share for the year-to-date period ended April 2, 2005.

During the third quarter ended April 1, 2006, the Company relocated one bebe store and renovated one BEBE SPORT store.

For the fourth quarter of fiscal 2006, the Company anticipates comparable store sales will be in the low single digit range and earnings per share in the range of \$0.18 to \$0.22 after taking into account the impact of a \$0.02 per share charge related to the expensing of stock based compensation, versus \$0.21 per share in the fourth quarter of fiscal 2005. April comparable stores sales are currently performing above this range and we anticipate May and June comparable store sales to be below April. The Company is currently anticipating an effective tax rate of 38.0% for the fourth quarter of fiscal 2006. Fiscal 2005 fourth quarter diluted earnings per share exclude the impact of the stock based compensation charge which would have been approximately \$0.02 per share.

For the fourth quarter of fiscal 2006 ending July 1, 2006, the Company is currently planning finished goods inventory on a per square foot basis to increase high single digits when compared to the end of the fourth quarter of fiscal 2005.

For fiscal 2006, the Company anticipates opening 34 stores, expanding, relocating or renovating 11 existing stores and closing three stores resulting in an approximate square footage growth of 16%. The number of planned new stores includes 19 bebe stores, 12 BEBE SPORT stores and three bebe outlet stores. Total capital expenditures for the year will be approximately \$33 million which will include investments in new stores, store expansions and renovations, information technology systems and office improvements.
