TABLE OF CONTENTS

Form 10-QSB
For the Quarter Ended March 31, 2002

PART I. FINANCIAL INFORMATION

Item 1. Financial Statements

Condensed Balance Sheet as of March 31, 2002 (unaudited) and as of December 31, 2001 (audited).

Condensed Statements of Operations (Unaudited) for the three months ended March 31, 2002 and 2001, and from the Company's inception, May 8, 1997 through March 31, 2002.

Condensed Statements of Cash Flows (Unaudited) for the three months ended March 31, 2002 and 2001.

Notes to Financial Statements.

Item 2. Management's Discussion and Analysis or Plan of Operations

Results of Operations

Three months ended March 31, 2002 compared to the three months ended March 31, 2001.

Management has been actively involved in negotiations to secure sufficient equity and/or debt financing to fund the Company's business plans. In the short term, management has suspended various expenses including the Consulting Agreement with its CEO, Claude Guerard and its Outsourcing Agreement with Net 1 Investment Holdings, Ltd., the Company's UEPS integrators for the Central Europe, Middle East and African regions.

The Company is currently engaged in advanced stage negotiations with potential licensees of the FTS/UEPS technology in Kenya, Ghana, Congo, Uganda, Tanzania, Chile, China, Thailand, Vietnam, Zambia, Madagascar, Australia and the number of Middle East countries. The Australian organization wishes to implement FTS based systems in Australia, Hong Kong, the Philippines, and Indonesia.

Revenues: The Company is still in its development stage and planned principal

principal activities have produced revenues of \$157,565 which represent license fees collected by Net 1 Holdings during calendar year 2001 from licensees in Burundi, Latvia, Ghana, CIS, and Malawi.

Net 1 receives revenue from Net 1 Holdings from all sales of licenses equal to Net 1 Holdings annual net profit before amortization as certified by its auditors in its annual financial statement. Net 1 recognized the revenue in the period when the audited financial statements of Net 1 Holdings become available

Edgar Filing: NET 1 UEPS TECHNOLOGIES INC - Form 10QSB

and will report the revenue on a net basis as the Company is acting as an agent for Net 1 Holdings as per the Patent and Technology agreement dated May 3, 2000.

Administrative Expenses: Administrative expenses decreased from \$167,828 for -----
the three months ended March 31, 2001 to \$147,738 for the three months ended March 31, 2002, a decrease of \$20,090. The decrease resulted primarily from reduced travel expenses and professional fees. The majority of the expenses can be attributed to the subcontract fees paid pursuant to an outsourcing agreement with Net 1 Investment Holdings, Ltd., the Company's UEPS integrator for the Central Europe, Middle East and African regions.

Management intends to keep operating expenses at the lowest possible level by developing outsourcing policies.

Liquidity and Capital Resources: The primary source of the Company's cash has -----
been through the sale of equity. Currently, the Company does not have available any established lines of credit with banking facilities.

The Company will be receiving \$157,565 from license fees collected up to December 31, 2001, by Net 1 Holdings. Additional fees from the sale of new licenses and recurring annual license fees from existing licensees will accrue to the Company during 2002.

The Company has used the last \$1,000,000 received in October 2000 for general working capital. The Company anticipates raising additional funds from the sale of equity during the next fiscal year. Such capital will be used for working capital.

The Company believes its current available cash position and revenues due from Net 1 Holdings is sufficient to meet its cash needs on a short-term basis, but the Company will need additional capital to aggressively pursue its business plans.

The Company's ability to continue as a going concern is dependent upon the Company's ability in the near future to (i) raise additional funds through equity financings involving affiliates, controlling shareholders, and unrelated parties, and (ii) further develop markets for its products.

PART II. OTHER INFORMATION

Item 6. Exhibits and Reports on Form 8-K.

Net 1 UEPS Technologies, Inc.
(A Development Stage Company)
Notes to the Financial Statements

1. Development Stage Company

Net 1 UEPS Technologies, Inc. herein ("the Company") was incorporated in

Edgar Filing: NET 1 UEPS TECHNOLOGIES INC - Form 10QSB

the State of Florida on May 8, 1997.

The Company is a development stage company engaged in the business of commercializing the smart card technology based Universal Electronic Payment System ("UEPS") and Funds Transfer System ("FTS") through the development of strategic alliances with national and international bank and card service organizations. The patent rights (or applications for patents) of the UEPS/FTS technology are for all worldwide territories (except South Africa and its surrounding territories) are held by Net 1 Holdings S.a.r.l., a company incorporated in Luxembourg ("Net 1 Holdings").

The Company entered into a license agreement, dated May 19, 1997 (the "License Agreement"), with Net 1 Holdings, Net 1 Operations S.a.r.l. and Net 1 Pty (collectively, the "Licensors"), where the licensors granted a non-exclusive license to the Company for the UEPS technology for the issuance of 2,706,122 shares at a fair market value of \$0.001 per share. A total of 5,412,244 shares were issued as the Company split the stock on a two new for one old basis. On October 1, 1997 an Amendment to the License Agreement was signed that provided for the transfer of the ownership of the UEPS technology and FTS patents and for the assignment of the Technology License Agreement between VISA International Service Association and Net 1 Holdings, dated July 31, 1997 (the "Visa Agreement") to the Company in consideration for 2,364,806 shares on a pre-split basis, 4,729,612 on a post-split basis. The assignment of the Visa Agreement and the transfer of the ownership of the UEPS technology and FTS patents to the Company were never consummated because certain conditions precedent were never satisfied.

On May 3, 2000 an agreement entitled "Patent and Technology Agreement" was entered into between the Company and Net 1 Holdings that granted the Company an exclusive marketing license for the UEPS technology and the FTS patent for the world excluding South Africa and its surrounding territories under terms similar to those stipulated in the Amendment to the License Agreement. No conditions precedent were stipulated. The 4,729,612 shares of Net 1 previously issued into trust in consideration for the Amendment to the License Agreement were thus released to Net 1 Holdings.

The above issuances of shares were on a pre-split basis. Net 1 Holdings owns 64% of the Company's common shares.

In a development stage company, management devotes most of its activities to establishing a new business primarily, the development of a detailed business plan, marketing strategy and the raising of funds required to develop and operate the business successfully. Planned principal activities have not yet produced revenues and the Company has suffered recurring operating losses as is normal in development stage companies. These factors raise doubt about the Company's ability to continue as a going concern. The ability of the Company to emerge from the development stage with respect to its planned principal business activity is dependent upon its successful efforts to raise additional equity financing, receive funding from affiliates and controlling shareholders, and develop a market for its products.

In order to meet expenses over the next twelve months the Company is actively searching for additional equity financing. For fiscal 2002 the Company will be receiving \$157,565 from Net 1 Holdings relating to sales of licenses. These sales were recognized during the quarter ended March 31, 2002 upon receipt of audited financial statements of Net 1 Holdings.

Edgar Filing: NET 1 UEPS TECHNOLOGIES INC - Form 10QSB

2. Summary of Significant Accounting Policies

(a) Property, Plant and Equipment

Computer equipment is amortized over five years on a straight-line basis.

(b) Long-Lived Assets

Costs to acquire exclusive license rights to specific technology are considered "Long-Lived" assets and are capitalized as incurred. These costs are being amortized on a straight line basis over five years. Intangible assets are evaluated in each reporting period to determine if there were events or circumstances which would indicate a possible inability to recover the carrying amount. Such evaluation is based on various analyses including assessing the Company's ability to bring the commercial applications to market, related profitability projections and undiscounted cash flows relating to each application which necessarily involves significant management judgment.

(c) Basic and Diluted Net Income (Loss) per Share

The Company computes net income (loss) per share in accordance with SFAS No. 128, "Earnings per Share" (SFAS 128). SFAS 128 requires presentation of both basic and diluted earnings per shares (EPS) on the face of the income statement. Basic EPS is computed by dividing net income (loss) available to common shareholders (numerator) by the weighted average number of common shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period including stock options, using the treasury stock method, and convertible preferred stock, using the if-converted method. In computing Diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential common shares if their effect is antidilutive.

(d) Foreign Currency Transactions/Balances

Transactions in currencies other than the U.S. dollar are translated at the rate in effect on the transaction date. Any balance sheet items denominated in foreign currencies are translated into U.S. dollars using the rate in effect on the balance sheet date.

(e) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods. Actual results could differ from those estimates.

(f) Interim Financial Statements

These interim unaudited financial statements have been prepared on the same basis as the annual financial statements and in the opinion of management, reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the Company's

Edgar Filing: NET 1 UEPS TECHNOLOGIES INC - Form 10QSB

financial position, results of operations and cash flows for the periods shown. The results of operations for such periods are not necessarily indicative of the results expected for a full year or for any future period.

(g) Revenue Recognition

The Company receives revenue from Net 1 Holdings from all sales of licenses equal to the Net 1 Holdings annual net profit before amortization as certified by its auditors in its annual financial statement. The Company recognizes revenue in the period when the audited financial statements of Net 1 Holdings become available. The Company reports revenue on a net basis as the Company is acting as an agent for Net 1 Holdings as per the Patent and Technology Agreement dated May 3, 2000.

3. Property, Plant and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization.

| | Cost \$ | Accumulated Depreciation and Amortization \$ | Ne V |
|---------------------------------|------------|---|---------|
| Computer equipment and software | 2,181 | 1,897 | 28 |
| ===== | | | |

4. Intangible Assets

| | Cost \$ | Accumulated Amortization \$ | Ne V |
|-------------------|------------|-----------------------------------|---------|
| Exclusive License | 9,361 | 6,379 | 2,98 |
| ===== | | | |

See Note 1 for the description of the license and Note 6 for status of the underlying patents.

5. Related Party Transactions

- (a) Consulting fees include \$37,500 (2001 - \$37,500) paid or payable to a director.
- (b) Subcontract costs include \$90,000 (2001 - \$90,000) paid or payable to

Edgar Filing: NET 1 UEPS TECHNOLOGIES INC - Form 10QSB

a Company with a common director.

- (c) See Note 1 for an exclusive license purchased from a related party during fiscal 2000 and related revenue recognized.
- (d) On January 29, 2002, pursuant to a Director's Resolution, unpaid consulting fees and subcontract costs, totalling \$89,953 as at March 31, 2002, have been postponed until the Company has sufficient funds to pay.

6. Legal Proceedings

(a) Status of FTS Patents

FTS was first patented in South Africa in 1989. The European patent was granted on December 28, 1994, with effect in Austria, Belgium, Switzerland, Germany, Denmark, Spain, France, Great Britain, Greece, Italy, Liechtenstein, Luxembourg, Netherlands and Sweden. The European Patent Convention provides for an opposition period immediately following the grant of a European patent, and six parties filed an opposition to the grant of the patent on the grounds that the invention was not patentable. The case was heard before a Board of the Opposition Division in March 1998, when the patent was upheld in a form slightly different than the original application. Following the issue of the formal decision, a number of the opponents filed an appeal. The appeal proceedings are scheduled for September 19, 2002 at the European Patent Office in Munich Germany. Currently, the granted patent remains effective in each of the designated states and is currently in force.

(b) Potential claim

A claim to the rights for UEPS for Canada was brought about in an action before the Supreme Court of Canada in February, 2000. The Company, as the exclusive licensee for UEPS for the world except South Africa, was served with a notice of claim in February, 2000. On December 6, 2001 the claim was settled by third parties resulting in no settlement costs to the Company.
