Insured Municipal Income Fund Inc.

Dear Mr. Armstrong:

Please bring this letter to the attention of the board of directors.

Bulldog Investors is a group of private investment funds that have significant investments in the Fund's common stock.

As the board is undoubtedly aware, recent events have adversely affected the liquidity of auction preferred shares "APS" issued by closed-end funds in general and the Fund's APS in particular. Although we are not owners of the Fund's APS, we are sympathetic to their plight.

Nevertheless, we believe it would be inappropriate for the Fund to bail out the APS shareholders who, like the common shareholders, are getting everything they are contractually entitled to receive.

Thus, we caution the board to eschew any action that would have the appearance of benefitting shareholders of the APS at the expense of the common stockholders or of the Fund as a whole. We are concerned about the persistent discount to net asset value at which the Fund's common shares have been trading. We believe that the board should consider implementing measures designed to close that gap, including open-ending the Fund. Whatever the board's views on open-ending have been in the past, the world of leveraged closed-end funds is now dramatically different.

It is now absolutely clear that open-ending or liquidation of the Fund would provide a benefit to both the common and the APS shareholders.

In any event, to insure that any action contemplated by the board to benefit the APS shareholders is equitable to all classes of the Fund's shares, we strongly recommend that such action be put to a shareholder vote.

Please contact us if the board would like to discuss this

matter further.

Very truly yours,

Phillip Goldstein

Principal
