Item 1. Financial Statements.

For financial information, please see the financial statements and the
notes thereto, attached hereto and incorporated herein by this reference.

Edgar Filing: YAAK RIVER RESOURCES INC - Form 10QSB

The financial statements have been prepared by Yaak River Resources, Inc. without audit pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted as allowed by such rules and regulations, and management believes that the disclosures are adequate to make the information presented not misleading. These financial statements include all of the adjustments which, in the opinion of management, are necessary to a fair presentation of financial position and results of operations. All such adjustments are of a normal and recurring nature. These financial statements should be read in conjunction with the audited financial statements at December 31, 2002, included in the Company's Form 10-KSB.

REPORT ON REVIEW BY INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT

To the Board of Directors
Yaak River Resources, Inc.
Casper, Wyoming

We have reviewed the accompanying balance sheet of Yaak River Resources, Inc. as of March 31, 2004 and the related statements of operations and cash flows for the three months periods ended March 31, 2004 and 2003, included in the accompanying Securities and Exchange Commission Form 10-QSB for the period ended March 31, 2004. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with U.S. generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with U.S. generally accepted accounting principles.

Edgar Filing: YAAK RIVER RESOURCES INC - Form 10QSB

We have previously audited, in accordance with U.S. generally accepted auditing standards, the balance sheet as of December 31, 2003, and the related statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein). In our report dated March 24, 2004, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying balance sheet as of March 31, 2004 is fairly stated in all material respects in relation to the balance sheet from which it has been derived.

YAAK RIVER RESOURCES, INC. NOTES TO FINANCIAL STATEMENTS

1. Presentation of Interim Information

In the opinion of the management of Yaak River Resources, Inc., the accompanying unaudited financial statements include all normal adjustments considered necessary to present fairly the financial position as of March 31, 2004, and the results of operations and cash flows for the three months ended March 31, 2004 and 2003. Interim results are not necessarily indicative of results for a full year.

The financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in the Company's audited financial statements and notes for the fiscal year ended December 31, 2003.

F-6

Item 2. Management's Discussion and Analysis or Plan of Operation

The Company incurred expenses totaling \$1,411 for the three months ending March 31, 2004 compared to \$0 for the same period in 2003. The increase resulted from transfer agent fees paid. The Company generated no revenues in this period as well as for the same period in 2003. The net loss for the three months ending March 31, 2004 was \$(1,411) as compared to no net loss for the same period 2003.

Liquidity and Capital Resources

The Company had a net working capital (deficit) at March 31, 2004 of \$(13,663) as compared to a working capital of \$12,252 at March 31, 2003. There were no cash flows provided from operations during the three months ended March 31, 2004.

Cash and cash equivalents at March 31, 2004 were \$504, a decrease of \$2219 from March 31, 2003. During the three-month period ended, March 31, 2004, the Company used \$1,411 net cash in operating activities as compared to none for the same period 2003. This increase of cash used in operations of \$6,715 was as a result of the payment of transfer agent expenses.

We had, at March 31, 2004, working capital of \$504. We anticipate that there will be no cash generated from operations in the current year necessary to fund our current and anticipated cash requirements. We plan to obtain additional financing from equity and debt placements. We have been able to raise capital in a series of equity and debt offerings in the past. While there can be no assurances that we will be able to obtain such additional financing, on terms acceptable to us and at the times required, or at all, we believe that

Edgar Filing: YAAK RIVER RESOURCES INC - Form 10QSB

sufficient capital can be raised in the foreseeable future.

Item 3. Controls and Procedures

The management of the Company has evaluated the effectiveness of the issuer's disclosure controls and procedures as of a date within 90 days prior to the filing date of the report (evaluation date) and have concluded that the disclosure controls and procedures are adequate and effective based upon their evaluation as of the evaluation date.

There were no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of the most recent evaluation of such, including any corrective actions with regard to significant deficiencies and material weaknesses.
