The Company's revenues for the year ended December 31, 2001 are expected to be approximately \$35.1 million, compared to approximately \$22.6 million for the year ended December 31, 2000. This increase was primarily due to increases in theatrical, video/DVD and airline revenues and to increased sales of films domestically and internationally in 2001. The Company expects to record a net loss of approximately \$3.8 million for the year ended December 31, 2001, compared to a net loss of approximately \$20.5 million for the year ended December 31, 2000. This decrease primarily resulted from the Company reporting for the year ended December 31, 2000 a one-time charge for the cumulative effect of accounting changes of approximately
