Item 2. Acquisition or Disposition of Assets.

On November 30, 2001, Ecolab Inc., a Delaware corporation (the "Company") acquired the 50 percent of the Henkel-Ecolab joint venture ("Henkel-Ecolab") which the Company did not own, from its joint venture partner, Henkel KGaA, Dusseldorf, Germany ("Henkel") for a purchase price of 483,631,000 Euro (approximately \$433,000,000 at November 30, 2001 exchange rates), subject to adjustment for post-closing adjustments and indemnity claims ("Purchase Price"). The Company and Henkel had jointly operated Henkel-Ecolab since July 1991. The acquisition is referred to herein as the "Transaction."

Henkel-Ecolab provides cleaning and sanitizing systems and service solutions to institutional and industrial companies throughout Europe. Offerings include detergents, sanitation cleaners, dispensing and measuring equipment, cleaning machines, training and service. Customers include hotels and restaurants; foodservice, healthcare and educational facilities; light industry; dairy plants and farms, as well as food and beverage processors throughout Europe.

Prior to the Transaction, the Company accounted for its interest in Henkel-Ecolab under the equity method of accounting. As a result of the Transaction, the legal entities constituting Henkel-Ecolab became wholly-owned entities of the Company's international operations. The assets, liabilities, revenues, expenses and cash flows of Henkel-Ecolab will be reflected in the Company's consolidated financial statements from the date of acquisition.

The Company paid the Purchase Price by issuing Euro-denominated notes to Henkel or its affiliates (the "Notes"). The Notes are due in 60 days, bear interest at a rate per annum of 3.73708 percent and are prepayable in full or in part.

The Company intends to retire these Notes at or prior to their maturity with proceeds from the issuance of U.S. dollar commercial paper supported by bank credit facilities. The Company has entered into a 364-day Revolving Credit Facility in the amount of \$175,000,000 and a 180-day Revolving Credit Facility in the amount of \$275,000,000 (collectively, the "Credit Facilities") with a consortium of banks with Citicorp USA, Inc. as Agent for the banks. The Credit Facilities will be available to repay the Notes or to support issuance of commercial paper for such purpose and for general corporate purposes. The Company is considering the issuance of term debt at a later time to replace some of the commercial paper.

In connection with the Transaction, Henkel and the Company entered into a Second Amended and Restated Stockholder's Agreement (the "Stockholder's Agreement") containing certain restrictions pertaining to, among other things, Henkel's acquisition, transfer and voting of the Company's Common Stock. In addition, Henkel is entitled to designate nominees for election to the Company's Board of Directors proportionate to its ownership of Common Stock (rounded down to the nearest whole number). Currently, three Henkel-designated nominees serve on the Company's 11-member Board of Directors. A copy of the Stockholder's Agreement is included in this Current Report on Form 8-K as Exhibit (4), and the description herein is qualified in its entirety by reference to the Stockholder's Agreement.

Edgar Filing: ECOLAB INC - Form 8-K

As a part of the Transaction, Henkel will continue for up to two years, subject to mutually agreed year-to-year extensions, to provide to the Company's European businesses certain services and arrangements which Henkel previously provided to Henkel Ecolab prior to the Transaction on financial and other terms substantially similar to those in place on November 30, 2001. These include leased office space; certain accounting, finance, payroll, human resources, information and other administrative services; and contract manufacturing and supply agreements.

Pursuant to an Intellectual Property Agreement entered into in connection with the Transaction: (i) Henkel transferred certain trademarks and patents used by Henkel-Ecolab to the Company and the Company granted a perpetual royalty-free license back to Henkel to use such transferred intellectual property outside of the cleaning and sanitizing field; and (ii) Henkel granted a perpetual (in a limited number of cases, the license for certain trademarks is limited to five years) royalty-free license to the Company to use certain other trademarks, patents and technology used by Henkel-Ecolab which were not transferred to the Company. The Intellectual Property Agreement is included in this Current Report on Form 8-K as Exhibit (10) and the description herein is qualified in its entirety by reference to the Intellectual Property Agreement.

At the time of the Transaction, Henkel reported that it beneficially owned approximately 27.6 percent of the Company's outstanding Common Stock (27.3 percent on a fully diluted basis).

A copy of the news release issued by the Company on November 30, 2001 is attached as Exhibit (99)A.

FORWARD-LOOKING STATEMENTS AND RISK FACTORS

This Current Report on Form 8-K contains various "Forward-Looking Statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements, which represent Ecolab's expectations or beliefs concerning various future events, include the expectation for refinancing the 60-day Notes, and are based on current expectations that involve a number of risks and uncertainties which could cause actual results to differ materially from those of such Forward-Looking Statements. Ecolab's ability to initially refinance the 60-day Notes with commercial paper can be affected by then-prevailing market conditions when commercial paper would be issued. Ecolab undertakes no duty to update these Forward-Looking Statements.

Footnotes to the Combined Financial Statements (Unaudited)

1. COMBINED FINANCIAL STATEMENTS

The unaudited combined balance sheet as of August 31, 2001 and the related combined statements of income and comprehensive income and of cash flows for the nine months ended August 31, 2001 and August 31, 2000, reflect, in the opinion of management, all adjustments necessary for a fair presentation of the financial condition and results of operations for the interim periods. The results of operations for any interim period are not necessarily indicative of results for the full year. The unaudited combined financial statements should be read in conjunction with the Company's combined financial statements and notes thereto for the year ended November 30, 2000.

2. ADOPTION OF NEW ACCOUNTING STANDARDS

In the first quarter, the Company adopted FAS 133 Accounting for Derivative Financial Instruments and Hedging Activities. The impact was immaterial to the combined financial statements.

The Company intends to adopt Emerging Issues Task Force Issue No. 00-10 Accounting for Shipping and Handling Fees and Costs in the fourth quarter. The Company currently records shipping and handling costs within selling, general and administrative expenses. These costs, which approximate 60 million Euros, will be reclassified to cost of goods sold in the year-end accounts and the prior year's results will be adjusted to conform to the new presentation.

3. ADOPTION OF NEW CURRENCY REPORTING

Prior to April 1, 2001, Henkel-Ecolab prepared and reported its combined financial statements in Deutsche Marks (DM). Beginning April 1, 2001, Henkel-Ecolab presented its combined financial statements as of and for the quarter ended May 31, 2001 in Euro (EUR). Accordingly figures for 2000 are shown in EUR using the Official Fixed Exchange Rate of 1 EUR = DM 1.95583. Henkel-Ecolab's 2000 Euro combined financial statements depict the same trends as would have been presented if it had continued to present its Combined Financial Statements in Deutsche Marks. The Company's Combined Financial Statements will however not be comparable to the Euro financial statements of other companies that previously reported their financial information in a currency other than Deutsche Marks.
