Item 1.01 Entry into a Material Definitive Agreement

On August 11, 2008, Minera San Cristobal, S.A. (MSC), a 65% owned indirect subsidiary of Apex Silver Mines Limited (Apex Silver), entered into a \$50 million subordinated unsecured line of credit (the Loan Agreement) with SC Minerals Aktiebolag, a subsidiary of Sumitomo Corporation (SC Minerals). SC Minerals is the 35% shareholder of MSC. The Loan Agreement permits borrowings by MSC until October 31, 2008. Loans under the agreement will bear interest at an annual rate of 15%. The loans are subordinated to all amounts payable under MSC s existing project finance facility, and MSC is not required to pay any amount of principal or interest with respect to any loan until maturity in August 2013. The Loan Agreement provides that SC Minerals may, at its option, subscribe for additional MSC shares in lieu of extending credit and may convert outstanding advances (including accrued interest) into additional MSC shares at any time. If all amounts are fully drawn under the Loan Agreement, no payments are made by MSC prior to maturity, and if SC Minerals were to convert all amounts payable into MSC shares as of the maturity date, Apex Silver s indirect ownership interest in MSC would be reduced to approximately 53% (approximately 58% on conversion of principal only).
