**MINUTES
OF THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
HELD ON
DECEMBER 31, 2009**

At 10 a.m. on December 31, 2009, stockholders representing more than two-thirds of the voting stock of Companhia Energética de Minas Gerais **Cemig** met in Extraordinary General Meeting at its head office, on first convocation, at Av. The stockholder **The State of Minas Gerais** was **represented** by Mr. Marco Antônio Rebelo Romanelli, Deputy General Counsel of the State of Minas Gerais, in accordance with the legislation.

Initially, Ms. **Anamaria Pugedo Frade Barros**, Superintendent of Cemig's Corporate Executive Secretariat, informed those present that there was a **quorum** for the Extraordinary General Meeting of Stockholders. She further stated that the stockholders present should choose the Chairman of this Meeting, in accordance with Clause 10 of the Company's Bylaws. Asking for the floor, the representative of the Stockholder State of Minas Gerais **proposed** the name of the stockholder Djalma Bastos de Moraes to **chair the Meeting**. The proposal of the representative of the stockholder the State of Minas Gerais was put to the vote, and unanimously approved.

2 Approval of the said Valuation Opinion on **RME** Rio Minas Energia Participações S.A.

3 Approval of the disproportionate split of **RME** **Rio Minas Energia Participações S.A.**, in the precise terms of the *Protocol and Justification of Partial Split of RME* Rio Minas Energia Participações S.A., with **Andrade Gutierrez Concessões S.A.**, **Cemig**, **Luce Empreendimentos e Participações S.A.** and **RME** Rio Minas Energia Participações S.A. each being responsible for 25% of the obligations of **RME** Rio Minas Energia Participações S.A. up to the date of approval of the said partial split, without joint liability, with **Equatorial Energia S.A.** being guarantor, to the others, of **RME** Rio Minas Energia Participações S.A., for its portion of 25% of any obligations of **RME** Rio Minas Energia Participações S.A. arising from any act or fact taking place up to the date of approval of the partial split, this benefit being applicable in no specific order.

Any stockholder who wishes to be represented by proxy in the said General Meeting of Stockholders should obey the terms of Article 126 of Law 6406/76, as amended, and of the sole paragraph of Clause 9 of the Company's Bylaws, depositing, preferably by December 29, 2009, proofs of ownership of the shares, issued by a depositary financial institution, and a power of attorney with special powers, at Cemig's Corporate Executive Secretariat Office at Av. Barbacena 1200, 19th floor, B1 Wing, Belo Horizonte, Minas Gerais, or showing them at the time of the meeting.

Belo Horizonte, December 15, 2009

(Signed:) Sérgio Alair Barroso

Chairman of the Board of Directors

Before the items on the agenda of this meeting were put to debate and to the vote, the representative of the stockholder **Southern Electric Brasil Participações Ltda.** stated that the changes in the Bylaws made by the Extraordinary General Meeting of Stockholders of October 25, 1999, and also the subsequent alterations, were approved only by virtue of the suspension of the Stockholders' Agreement, by decision of the Courts, and were thus provisional and precarious.

He stated that as a result the acts and operations practiced or submitted to approval by the management bodies of Cemig, supported by the said changes in the Bylaws made under the protection of the Court decision in force today, may, at any moment, be reviewed and withdrawn from the world of legal existence.

On this question, the representative of the stockholder **The State of Minas Gerais** reminded the meeting that the decision which annulled the Stockholders' Agreement signed between the State of Minas Gerais and Southern Electric Brasil Participações Ltda. no longer has an interim or provisional character. It is, he said, a decision on the merit and it is thus a case not of suspension but of annulment. He added that there is already in existence a decision on the merit that annuls the Stockholders' Agreement, confirmed by the Appeal Court of the State of Minas Gerais. He further explained that the decisions of this Meeting can only take into account what exists at the present moment, and that it would be irresponsible not to vote on matters, in expectation of Court decisions, since, in reality, the said Stockholders' Agreement, by force of Court judgment, cannot produce any effect and the decisions taken are being taken within strict compliance with the Court decision.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

Continuing, he noted that the Extraordinary and Special Appeals brought by Southern have not been admitted by the Vice-chairman of the Minas Gerais Appeal Court, and that the Higher Appeal Court refused the interlocutory and special appeals brought by Southern, thus underlining and reinforcing the legal situation already stated by the Minas Gerais Appeal Court, that is to say, inefficacy of the Stockholders Agreement subject of the action.

Finally, he noted that the **Federal Supreme Court**, in a judgment given by Justice Joaquim Barbosa on December 16, 2009, **refused Interlocutory Appeal 54743**, brought by **Southern Electric Brasil Participações Ltda.**

Continuing the proceedings, the Chairman requested the Secretary to read the **Proposal by the Board of Directors**, and the **Opinion of the Audit Board** thereon, the contents of which documents are **as follows**:

Table of Contents

j) following the absorption of **Lidil**, the stockholding structure of **RME** and **Light** is as follows:

k) in accordance with the orientation of the **Motta, Fernandes Rocha** law office, retained by **RME** to conduct the process of split of **RME**, the Executive Board of **Light**, and subsequently the Executive Board of **Cemig**, through its Chief Officer for Finance, Investor Relations and Control of Holdings, informally consulted the National Electricity Agency (**Aneel**), on the intended stockholding reorganization; and Aneel informally stated that its prior consent was not necessary for carrying out the restructuring presented, and requested that it should be given official notice of the restructuring carried out, upon conclusion of the process;

l) the Motta, Fernandes Rocha Law Office and the Regulations Department of **Light S.A.**, with support from the consultants **Abdo, Ellery & Associados**, confirmed the opinion that the stockholding reorganization of **RME** does not require prior consent from Aneel, it being sufficient to inform that regulatory body *a posteriori*;

n) there is a need to prepare, based on the Balance Sheet, a Valuation Opinion on the equity of **RME** (**the Valuation Opinion**) to determine the book value of its net assets and liabilities to be partially split and absorbed by the partners, and for this purpose the company **AMKS Contadores e Consultores** (**the Consultant**) was retained; and the Opinion, attached, will be analyzed by the Audit Board of **Cemig** prior to the Extraordinary General Meeting of Stockholders of **Cemig** that will decide on approval of the absorption, by **Cemig**, of the portion resulting from the split of **RME**;

o) Article 264 of Law 6404/76 requires the preparation of a Valuation Opinion based on the value of the stockholders' equity of the shares of the absorbing and the absorbed companies, the stockholders' equity of both to be valued by the same criteria and on the same date, at market

MATERIAL ANNOUNCEMENT

This is a public announcement by **Cemig** (*Companhia Energética de Minas Gerais*, a listed company with securities traded on the stock exchanges of São Paulo, New York and Madrid) to the São Paulo Stock, Commodities and Futures Exchange (Bovespa) and the market in general, in accordance with CVM Instruction 358 of January 3, as amended, and complying with its commitment to keep the market informed about **negotiations involving stockholdings in RME Rio Minas Energia Participações S.A.** as stated in Market Announcements published by **Cemig** on September 15 and October 8 and 16, 2009, and by **Light** on October 7, 2009, as follows:

Today Cemig, as purchaser, **signed share purchase agreements** with **Andrade Gutierrez Concessões S.A. (AGC)**, a Brazilian listed corporation, and **Fundo de Investimento em Participações PCP (FIP PCP)**, an equity investment fund controlling **Equatorial Energia S.A. (Equatorial)**, a Brazilian listed corporation, for the **purchase** and transfer of those companies' direct and indirect **interests in Light S.A. (Light)**.

A special-purpose company (**SPC**) will be formed, in association with an equity investment fund (FIP), through which Cemig will have an aggregate direct and indirect minority holding of 26.06% in the total and working capital of **Light**, while **Cemig** itself, and **Luce Brasil Fundo de Investimento em Participações (Luce)** will also retain their original equity interests in **Light**, of 13.03% each.

RME Rio Minas Energia Participações is currently the controlling stockholder of **Light**, which is listed on the *Novo Mercado* of the São Paulo Stock Exchange (Bovespa).

The stockholders of **RME** are: **Cemig**, **AGC**, **Luce** and **Equatorial**.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

As stated in Material Announcements published by **Light** on November 16, 2009, and by **Cemig** on December 15, 2009, the stockholders of **RME**, to comply with the provisions of the Stockholders' Agreement of **RME**, intend to carry out a stockholding reorganization based on a partial split of the company, separating three equal parts, such that after that reorganization **AGC** and **Cemig** will hold their interests in **Light** directly, while **Luce**, through **Luce Empreendimentos e Participações S.A. (Lepsa)**, and **Equatorial**, through the remaining equity portion of **RME**, will retain their respective indirect interests in **Light**, as shown by this diagram:

The contract with AGC:

This is a **Share Purchase Agreement** for the acquisition of 26,576,149 (twenty-six million five hundred and seventy-six thousand one hundred and forty-nine) common shares in **Light**, representing approximately **13.03% of the voting and total capital of Light**, of which 25,494,500 (twenty-five million four hundred and ninety-four thousand five hundred) shares are to be acquired on the closing date, and 1,081,649 (one million and eighty one thousand six hundred and forty-nine) shares are to be acquired by June 27, 2010.

The total price of this acquisition, corresponding to the 13.03% of the total capital of **Light**, is **R\$ 785,000,000.00** (seven hundred and eighty-five million Reais), equivalent to approximately R\$ 29.54 (twenty-nine Reais and fifty-four centavos) per common share, of which R\$ 753,050,507.80 (seven hundred and fifty-three million fifty thousand five hundred and seven Reais and eighty centavos), corresponding to **12.50% of the total capital of Light**, is to be paid on the **closing date**, and R\$ 31,949,492.20 (thirty-one million nine hundred and forty-nine thousand four hundred and ninety-two Reais and twenty centavos), corresponding to **0.53% of the total capital of Light**, is to be paid **by June 27, 2010**. These amounts will be updated by the CDI (Interbank CD) rate published by Cetip (Securities Custody and Settlement Center), from December 1, 2009 up to the date of payment, after deduction of any dividends and Interest on Equity paid or declared by **Light** in this period.

The Share Purchase Agreement signed with AGC allows for assignment of the shares acquired to an affiliate of Cemig or to third parties.

Table of Contents

The contract with PCP:

This is a **Share Purchase Agreement** relating to acquisition of 55.41% (fifty-five point forty-one per cent) of the indirect stockholding held by FIP PCP (Controlling stockholder of Equatorial) in Light.

At present, this interest consists of 14,728,502 (fourteen million seven hundred and twenty-eight thousand five hundred and two) common shares in Light, equivalent to **7.22%** of the voting and total capital of **Light**.

For this transaction to be completed, **Equatorial** will undergo a process of split to separate out the indirect holding in **Light** to a new company (**Newco**) to be formed and listed on the BM&F Bovespa at the highest level of corporate governance compliance in that exchange's *Novo Mercado*.

Thus, **Newco** will be the holder of the shares in **Light** previously held by **Equatorial**. Subsequently to this split, and to the listing of the shares of **Newco** on the Novo Mercado of the BM&F Bovespa, the controlling stockholder of **Equatorial** (**FIP PCP**) will sell the totality of its direct and/or indirect interest in **Newco** to a company in the capital of which **Cemig** will hold an interest of not less than 20%.

The price of this acquisition is the same as that negotiated with **AGC**, namely **R\$ 29.54** per share in **Light**, corresponding to R\$ 434,968,500.00 (four hundred and thirty-four million nine hundred and sixty-eight thousand five hundred Reais), for 55.41% of the indirect interest in **Light** currently held by **FIP PCP**.

If the minority stockholders of **Newco** exercise their tag-along rights their rights to sell their shares on the same conditions as in the sale transaction with the controlling stockholder the value of the transaction could potentially reach a total of R\$ 785,000,000.00 (seven hundred and eighty-five million Reais), corresponding to the total of 26,576,149 (twenty-six million five hundred and seventy-six thousand one hundred and forty-nine) common shares in **Light** which Newco will hold indirectly, representing approximately **13.03%** of the total and voting capital of **Light**.

The stockholding reorganization of Equatorial is likely to be concluded within a maximum of 18 (eighteen) months, and the acquisition price will be updated in this period by the Cetip CDI rate, from December 1, 2009 to the date of payment, but after deduction, as applicable, of any dividends and Interest on Equity paid or declared by **Light** in this period.

The closing of the transactions is conditional upon approval by the competent bodies, by the Brazilian Development Bank (BNDES), and any other approvals from financing agents and/or holders of debentures of **Light** and of its subsidiaries that may be necessary. The closing date of the transaction will be decided after these conditions have been complied with.

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

The acquisitions will also be submitted to approval by the anti-trust bodies, including the Brazilian monopolies authority (CADE), within the period and in the form specified by the respective legislation.

Cemig will keep its stockholders and the market opportunely and properly informed on the conclusion of the acquisition.

Cemig Increases its Stake in Light

Belo Horizonte, Brazil, December 30, 2009. Cemig (SAO: CMIG 3, CMIG 4; NYSE: CIG, CIG*C; Latibex: XCMIG) announced today two share purchase agreements that will restructure the control of Light S.A. (SAO: LIGT3), which has distribution assets mainly in the Rio de Janeiro State. The purchase agreements are with AGC (the concession holding company of the Andrade Gutierrez group) and PCP (the controlling shareholder of Equatorial), both of which currently have a stake in RME, the holding company that controls Light. The transaction, estimated at approximately R\$ 1.6 billion, including the participation of third parties, will take place after any required approvals.

To acquire the stakes in Light, a special-purpose company (SPC) will be constituted jointly with an FIP (Equity Investment Fund), in which Cemig will have a minority stake. Upon completion of the restructuring transactions, the SPC will hold up to 26.06% of Light S.A., while Cemig and Luce will retain its original stake, now equivalent to 13.03% each in direct stockholdings. The SPC will be the investment vehicle created to facilitate the structure of this transaction similar to the structure adopted for the acquisition of Terna without affecting Cemig's cash flow or dividend payments. Prior to the announcement of this acquisition, Cemig had a 13.03% indirect participation of Light's capital.

The acquisition of direct or indirect stakes in Light, currently held indirectly by Andrade Gutierrez (13.03%) and Equatorial (13.03%), will be at approximately R\$ 29.54 per share, and will be paid after the any required approvals, following the shareholders' restructuring of Equatorial. The Share Purchase Agreement specifies that in the future Cemig may transfer the stakes acquired to an affiliated company created in a partnership with an Equity Investment Fund - FIP specifically for this acquisition, in which Cemig would become a minority shareholder. Through this structure, created specifically for the transaction, Cemig achieves a lower expense cost of its own resources in the acquisition of the additional stake in Light, adding value for its shareholders, without changing its dividend policy that states an annual minimum dividend of 50% of its consolidated net income.

The acquisitions announced exceed Cemig's minimum profitability criteria while creating value for its shareholders. Based on market estimates, the Enterprise Value/Ebitda equals 7.22 in 2009 and 6.36 in 2010. The price per share, of R\$ 29.54, is at par with previous transactions closed in the Brazilian electricity market. The real annual rate of return to the shareholders is of 11.0%, in addition to further gains derived from future improvements in operational efficiency.

The increase in Light's stake follows Cemig's strategy of expanding its market share in all the segments of the Brazilian electricity market. In all operations, Cemig permanently seeks a return compatible with each activity.

Sérgio Barroso, Chairman of Cemig's Board of Directors, commented, *This acquisition takes us a step ahead in the execution of the strategy set in our long-term strategic plan. We first began to grow beyond the state of Minas Gerais in 2005, and today we have business in 20 other Brazilian, as well as in Chile.*

Table of Contents

Light represents an excellent investment opportunity for Cemig and its shareholders; even more when it is done through a creative structure that fully preserves the company's financial integrity.

We have consolidated our presence in the Brazilian electricity market, mainly in the state of Rio de Janeiro, the country's second-largest market and within a local economy that will in the future, incidentally, be boosted by the Summer Olympic Games and the Soccer World Cup.

We are particularly happy with this additional stake in Light, especially as we already know the company's culture, information and operations. Cemig will work seeking the expansion of its activities, with emphasis on sustainable projects, preserving its values, culture and the excellence of its employees. Light will benefit from Cemig's technical experience in the sector, and also its financial solidity.

With a higher stake in Light, we will consolidate our growth strategy, adding value for the shareholders of both companies, and preserving both the solidity of our balance sheet and our dividend policy.

For further details regarding the increase of Cemig's (NYSE: CIG) stake in Light, we kindly invite you to the Conference Call that will take place on January 4th 2010, 12:00, New York (17:00 GMT).
