## Edgar Filing: ROCKWOOD SPECIALTIES GROUP INC - Form 8-K

For the purposes of the pro forma financial information, in accordance with SEC guidance, we have assumed no interest income on the estimated net proceeds of \$285.7 million or potential interest savings from expected debt repayments. However, we plan to use the proceeds to repay a portion of our term loans under senior secured credit facilities.

(a) Represents cash proceeds of \$300.0 million, less estimated taxes of \$8.3 million and estimated fees and expenses of \$6.0 million associated with the sale, but excludes a working capital adjustment of \$10.1 million, which was paid by the purchaser at closing and is subject to a potential post closing adjustment.

(b) Represents the estimated net gain on the sale, including \$8.3 million of current tax expense and estimated fees and expenses of \$6.0 million associated with the sale. The effects of the gain were not reflected, however, in the pro forma statements of operations as the adjustments are non-recurring in nature. We do not expect the transaction to have any U.S. federal tax effect as a result of valuation allowances attributable to net operating loss carryforwards, except for Alternative Minimum Tax.

## Notes to Unaudited Pro Forma Condensed Consolidated Statements of Operations

## 1. Pro Forma Assumptions and Adjustments

For the purposes of the pro forma financial information, in accordance with SEC guidance, we have assumed no interest income on the estimated net proceeds of \$285.7 million or potential interest savings from expected debt repayments. However, we plan to use the proceeds to repay a portion of our term loans under senior secured credit facilities.

(a) The tax rate is lower than the statutory tax rate primarily due to the assumed domestic utilization of net operating loss carryforwards for which the Company had previously provided a valuation allowance.
