TAL International Depot Letter

To Our Depot Providers,

TAL International announced today that we have agreed to merge with Triton to form a new company, Triton International Limited. The merger will create the world's largest container leasing company. Triton International will operate a container fleet of nearly five million TEU, and we will have a leading presence across the full range of container types.

We are confident the merger of TAL International and Triton will provide many benefits for customers and other key stakeholders. Together, TAL International and Triton will be a stronger company and better able to thrive in today's very difficult shipping environment, as well as take full advantage of the new opportunities that will be created when the market recovers. Our customers will benefit from being able to access the combined TAL International and Triton fleets in one stop, easing their ability to solve even the largest and most complex container requirements quickly and consistently. The merger will also give us the chance to combine the best people and processes from two companies already well known for operational excellence and customer service.

We believe TAL International and Triton will fit very well together. We embrace the same core values that have developed strong customer and vendor relationships over many years—Integrity, honesty, and a genuine desire to work fairly with our partners in finding win-win solutions. We share a commitment to reliability, best-in-class customer service and operational excellence. We are both highly focused on container quality, and the combined fleet of Triton International will be the leasing industry's best built container fleet in addition to the largest. Following the close of the transaction, TAL International's President and Chief Executive Officer Brian Sondey will serve as Chief Executive Officer, Triton's President and Chief Executive Officer Simon Vernon will serve as President, and TAL International's Chief Financial Officer John Burns will serve as will serve as Chief Financial Officer of the combined company.

Today's announcement is just the first step in our merger process; we expect the transaction to close in the first half of 2016. Until closing, TAL International and Triton will operate as separate companies and your primary points of contact from each company will remain the same. We will be reaching out in the coming days to answer any questions you may have. In the meantime, the press release announcing the agreement is

attached.

Sincerely,

Brian Sondey

President and Chief Executive Officer, TAL International
