PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

AtheroGenics, Inc. (the "Company") has determined that it is unable to timely file its Quarterly Report on Form 10-Q for its quarter ended March 31, 2009 (the "Form 10-Q") and the Company expects that it will not be able to file the Form 10-Q within the five day extension period permitted by the rules of the U.S. Securities and Exchange Commission.

As previously disclosed, on September 15, 2008 an involuntary petition under Chapter 7 of the United States Bankruptcy Code (the "Bankruptcy Code") was filed against the Company by certain holders of the Company's 4.5% Convertible Notes Due 2008 in the United States Bankruptcy Court for the Northern District of Georgia (the "Bankruptcy Court"). On October 6, 2008, the Company consented to the bankruptcy filing and moved the Bankruptcy Court to convert the Chapter 7 case to a case under Chapter 11 of the Bankruptcy Code (the "Chapter 11 Proceeding"). On April 1, 2009, the Company sold substantially all of its non-cash assets for \$2,000,000 as part of the Chapter 11 Proceeding.

Since the commencement of the Chapter 11 Proceeding, the Company has been principally engaged in bankruptcy-related matters which has delayed the completion of the information needed to be included in the Form 10-Q. Accordingly, the Company has not yet completed the preparation of its financial statements for the quarter ended March 31, 2009 and the Company is unable to determine when it will file its Form 10-Q.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes p No "

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Edgar Filing: ATHEROGENICS INC - Form NT 10-Q

The Company's financial statements in the Form 10-Q will be prepared in accordance with Statement of Position ("SOP") 90-7, Financial Reporting by Entities under the Bankruptcy Code. SOP 90-7 does not ordinarily affect or change the application of GAAP although it does require the Company to distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of business in the financial statements and the notes thereto in the Form 10-Q. As of the date of this Form 12b-25, however, the Company has not completed its financial reporting process for its quarter ended March 31, 2009. Therefore, the Company is not in a position to quantify any potential differences between the comparable periods. However, since the Company curtailed its normal operations upon the commencement of the Chapter 11 Proceeding, it is anticipated that the Company's operating loss for 2009 will be lower than that incurred in 2008. In addition, the Company's cash usage in the first quarter of 2009 was approximately \$3.7 million compared to cash usage of \$16.9 million in first quarter of 2008.
