Item 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

DIRECTORS

Our Certificate of Incorporation and Bylaws provide that the number of directors may be no less than five and no more than 25, with the exact number to be fixed by resolution of the board of directors or stockholders. Currently, the board of directors has 13 members.

Our board has nominated 13 individuals to serve as the Company's directors until the next annual meeting and until their successors are duly elected and qualified.

All of the nominees are currently directors. Eight nominees, including Jin Chul Jhung, Kevin S. Kim, Peter Y.S. Kim, Sang Hoon Kim, Chung Hyun Lee, David P. Malone, Scott Yoon-Suk Whang and Dale S. Zuehls, were elected to the board by our stockholders at our 2014 annual meeting. Five nominees, including Kiho Choi, Jinho Doo, C.K. (Chuck) Hong, William J. Lewis and Gary E. Peterson, were appointed by our board after the 2014 annual meeting and are standing for election by our stockholders for the first time.

It is the Company's policy to encourage its director nominees to attend annual meetings, and all of the director nominees are expected to attend our 2015 Annual Meeting of Stockholders ("Annual Meeting"). All director nominees who were elected by the stockholders at the 2014 annual meeting were in attendance at that meeting.

The NASDAQ Stock Market listing standards require that a majority of the members of a listed company's board of directors qualify as "independent," as affirmatively determined by the board of directors. The board of directors consults with the Company's counsel to ensure that the board of directors' determinations of independence are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of the NASDAQ Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and KPMG, the board of directors affirmatively has determined that all of our directors, other than Kevin S. Kim, our Chairman, President and Chief Executive Officer, are independent directors within the meaning of the applicable the NASDAQ Stock Market listing standards.

The following is a brief description of our current directors, each of whom has been nominated by the board of directors for election as a director. The age indicated in each nominee's biography is as of May 1, 2015, the date of this Proxy Statement. The Company knows of no arrangements, including any pledge by any person of the Company's securities, the operation of which may, at a subsequent date, result in a change in control of the Company. There are no arrangements or understandings by which any of the directors or nominees for director of the Company were selected. There is no family relationship between any of the directors, nominees or executive officers.

Audit Committee

The Audit Committee is appointed by the board of directors of the Company to assist the board in overseeing the Company's accounting and reporting practices, audits of financial statements, and to assist the board in monitoring the integrity of the Company's financial statements, compliance with legal and regulatory related audit and accounting matters, including the Sarbanes-Oxley Act of 2002, qualifications and independence of the Company's independent auditors, and the performance of the Company's internal audit function and independent auditors. Item 11. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The success of our Company has substantially depended, and will continue to depend, on our ability to attract and retain talented employees, including the Named Executive Officers identified in the Summary Compensation Table, whose compensation is the subject of this Compensation Discussion and Analysis, or CD&A. Overall, our executive compensation is used to attract and retain key executive officers and to reward exceptional job performance by such executive officers.

We believe that the most effective executive compensation programs are those that align the interests of our executive officers with those of our stockholders. A properly structured compensation program will reinforce and support the development of a strong performance-oriented culture within the Company to achieve specific short and long-term strategic objectives while taking into consideration potential risk implications, such as not encouraging imprudent risk-taking that threatens the long-term value of the Company. Although we believe that a significant percentage of executive compensation should be based on the principles of pay for performance, we also recognize that we must have the ability to attract and retain highly talented executive officers by offering competitive base salaries. An important objective of the Company and its Compensation Committee is to ensure that the compensation programs for our employees at the Executive Vice President level and above are competitive with those at our peer group companies.

In 2012, the Company completed an internal analysis of our pay standards for our CEO, CFO and COO, with a peer group made up of U.S. public commercial banks with total assets within plus or minus 30% of the Bank's total assets, with a deposit to asset ratio of greater than 50%, brokered deposits to deposit ratio of less than 33%, CRE loans to total loans ratio of greater than 33% and total assets of the parent corporation of less than 150% of BBCN Bancorp. The peer group consisted of: Park National Bank, Citizens Business Bank, First Financial Bank NA, Boston Private Bank and Trust Company, First Commonwealth Bank, Santa Barbara Bank & Trust NA, BancFirst, Pacific Western Bank, WestAmerica Bank, Rockland Trust Company, Columbia State Bank, Pinnacle National Bank, Cole Taylor Bank, 1st Source Bank, TowneBank, Centennial Bank, Union First Market Bank and Bank of the Ozarks. The internal analysis found that in performance the Company ranked above the 75th percentile, but in pay for the CEO, CFO and COO the Company ranked at the 25th percentile. There were no changes to the peer group from 2013 to 2014. The Compensation Committee is currently in the process of engaging an executive compensation consultant to conduct a comprehensive analysis to ensure its programs remain competitive with peer group companies in light of the Company's growth in the last few years.

The Company's executive compensation programs are designed to provide:

- levels of base salary that are competitive with companies in our peer group;
- annual cash incentive bonuses under the Company's Performance Incentive Plan (also referred to as "PIP") that are tied to our financial results, achievement of our yearly strategic goals and achievement of individual performance objectives; and
- long-term incentive equity awards, including equity-based awards under the 2007 Equity Incentive Plan (also referred to as the "2007 Plan") and the 2006 Center Stock Incentive Plan (also referred to as the "2006 Plan"), and long-term incentive cash awards under the Company's Long Term Incentive Plan (also referred to as "LTIP") that are designed to encourage executive officers to focus their efforts on building stockholder value by meeting longer-term financial and strategic goals.

The Compensation Committee attempts to strike a balance among these elements, each of which is discussed in greater detail below, in designing and administering the Company's executive compensation programs. With respect to performance-based compensation, the Compensation Committee believes that executive compensation should be closely tied to the financial and operational performance of the Company, individual performance and the level of responsibility of the officer, as well as risk management. The Compensation Committee believes that the equity-based portion of our management compensation should include meaningful features that encourage key employees to remain in the employment of the Company. In making compensation decisions, the Compensation Committee considers such factors as fairness to employees, retention of talented executive officers and fostering improvement in the Company's performance, which will ultimately benefit the Company's stockholders.

Roles and Responsibilities of the Human Resources and Compensation Committee

The Human Resources and Compensation Committee of the board of directors has strategic and oversight responsibility for the compensation and benefits programs of the Company. The Compensation Committee reviews the compensation recommendations made by the Chief Executive Officer for employees at the Executive Vice President level and above and any other Chief Officers who are not Executive Vice Presidents (the Chief Internal Auditor is a Senior Vice President) to determine whether the compensation paid to such employees is reasonable and competitive and whether such compensation serves the interests of the Company's stockholders. The Chief Risk Officer reports directly to the Board Risk and Compliance Committee (also referred to as "BRCC") and the Chief Internal Auditor reports directly to the Audit Committee. The Chairs of the BRCC and Audit Committee provide input on

compensation decisions for the Chief Risk Officer and Chief Internal Auditor, respectively, in conjunction with the Compensation Committee.

The Compensation Committee is also responsible for establishing, implementing, and monitoring the compensation structure, policies, and programs of the Company subject to the overall authority of the board of directors, including assessment of the risk profile of each compensation policy and practice, and for assessing and recommending to the board for approval of the total compensation paid to the Chief Executive Officer and Executive Vice Presidents of the Company. The Compensation Committee periodically reviews the pay practices of companies in our peer group to determine the appropriate compensation mix and levels for our executive officers. It is the policy of the Company to only engage compensation consultants who are independent, and only provide services related to the form and amount of executive and director compensation.

The Compensation Committee meets at least four times a year and also holds special meetings and telephonic meetings to discuss extraordinary items, such as the hiring or dismissal of employees at the Executive Vice President level or above. For fiscal year 2014, the Compensation Committee met a total of nine times, including regularly scheduled Compensation Committee meetings, special meetings and telephonic meetings. The Chair of the Compensation Committee regularly reports to the board of directors on the Compensation Committee's actions and recommendations. The Compensation Committee has authority to retain outside counsel, compensation consultants and other advisors to assist as needed. A copy of the Compensation Committee's charter may be found in the Corporate Governance section of our website at www.BBCNbank.com.

Elements of Compensation

Total direct compensation is mainly comprised of a base salary, annual cash incentive bonus and long-term equity or cash incentive awards, as discussed in more detail below. Each year, the Compensation Committee determines the target level of total annual cash compensation (salary and non-equity incentive compensation) for each Named Executive Officer. To determine the appropriate mix among these elements, the Compensation Committee evaluates from time to time the pay practices of comparable banking institutions identified by the Company.

The following describes in greater detail the objectives and policies underlying the elements of our compensation structure and the methodology we use for establishing the amount of each element for our Named Executive Officers.

Base Salary

The base salary is the fixed component of the total direct compensation of our executive officers, including the NEOs. We believe that our employees should be paid a base salary that is competitive with the salaries paid by comparable banking institutions based on each employee's experience, performance and geographic location. The Compensation Committee considers a wide variety of factors in determining compensation levels, including the individual executive officer's performance, the Company's performance, the business or corporate function for which the executive is responsible, the nature and importance of the executive officer's position and role within the Company, the scope of the executive officer's responsibility or internal relationships and the current compensation package in place for the executive officer, including the executive officer's current annual base salary and potential bonus incentive awards under the Company's Performance Incentive Plan (also referred to as "PIP").

Annual Cash Incentive Bonus

We believe performance-based incentive compensation programs, with incentive criteria primarily tied to the Bank's performance, aligns the interest of our executive officers with those of our stockholders.

The annual cash incentive award for our Chief Executive Officer is determined by the Compensation Committee in collaboration with the Lead Independent Director and approved by the board of directors, following a formal evaluation. The determination of the annual cash incentive award is based on the achievement of strategic plan goals and performance against the budget, along with specific individual goals as defined by the Compensation Committee.

Following is a summary of the individual goals assigned to our Chief Executive Officer for 2014, along with the respective weighting of each goal:

- meet or exceed the budgeted return on average asset goal of 1.30% (one-sixth);
- meet or exceed the budgeted return on average equity goal of 10.20% (one-sixth);
- stabilize the management and retain key officers, including our executive officers (one-sixth);
- improve employee morale (one-sixth); and
- achieve the 2014 strategic initiatives (one-third).

Kevin S. Kim exceeded 100% of his individual goals based on the board's assessment of the Chief Executive Officer's performance and the Company's overall financial results for 2014. Pursuant to his employment agreement, our board of directors may provide for an annual cash incentive bonus ranging between 50% and 125% of our Chief Executive Officer's annual base salary, with the targeted bonus amount at 75%. Given the overall financial performance of the Company, the achievement of strategic initiatives and individual goals, and our Chief Executive Officer's success in stabilizing and building an executive management team equipped to lead the Company toward its longer term growth objectives, our Compensation Committee recommended and our board of directors approved an annual cash incentive award of 85% of our Chief Executive Officer's annual base salary for 2014.

Annual cash incentive bonuses for all other senior employees with a title of First Vice President and above, including NEOs, are paid under the Company's Performance Incentive Plan. Senior officers must have been employed by the Company for a minimum of six months as of the year-end to be eligible for the PIP bonus for that year. The PIP was developed to recognize and reward senior officers, who help enhance stockholder value, profitability and customer satisfaction and help meet the strategic goals of the Company. The program also measures performance against agreed-upon goals in determining an incentive award. The PIP is administered by the Chief Executive Officer and approved by the Compensation Committee.

The PIP defines Bank performance goals and individual goals and establishes incentive award ranges for each level of management. For 2014, the goals for our Senior Executive Vice Presidents were based 80% on the achievement of the Bank performance goals and 20% on individual goals. The goals for our Executive Vice Presidents were based 75% on the achievement of the Bank performance goals and 25% on individual goals.

Following is a summary of the Bank performance goals assigned to all PIP participants for 2014, with each having an equal contribution to the overall weighting of the corporate goals:

- complete the reorganization of delivery channels by retail and commercial;
- meet or exceed the budgeted loan growth goal of 7% and deposit growth goal of 8% ;
- meet or exceed the budgeted profitability measures of 1.30% return on average assets and 10.20% return on average equity;
- achieve the 2014 strategic initiatives; and
- complete a satisfactory regulatory examination.

The Bank met 80% of the Bank performance goals relating to the reorganization of delivery channels, met 100% of the goals relating to loan and deposit goals, met 100% of the goals relating to budgeted profitability measures, 95% of the goals relating to the 2014 strategic initiatives and 99% of the goals relating to a satisfactory regulatory examination.

Following is a summary of the individual goals of each of the NEOs, other than our Chief Executive Officer, and the respective weighting to their total performance goals:

Kyu S. Kim: 1) participate and collaborate in reorganizing the delivery channels (5%); 2) meet assigned financial budget goals, including loans, deposits and profitability (5%); 3) meet new key customers, strategic market growth and new product development goals (5%); and 4) develop and retain next generation of leaders (5%). Ms. Kim met 83% of her individual goals.

Cha Y. Park: 1) participate and collaborate in reorganizing the delivery channels (5%); 2) meet assigned financial budget goals, including loans, deposits and profitability (5%); 3) meet new key customers, strategic market growth and new product development goals (5%); and 4) develop and retain next generation of leaders (5%). Ms. Cha met 81% of her individual goals.

Douglas J. Goddard: 1) achieve assigned strategic initiatives (5%); 2) consistently and efficiently perform high quality work combining knowledge, technical expertise, ability and effort to achieve outstanding results and output for the

responsible areas (5%); 3) obtain satisfactory ratings for applicable internal audits, regulatory examination, compliance and code of ethics related subjects, and implementation of initiatives to improve any findings (5%); 4) develop next generation of leaders (5%); and 5) participate and collaborate in reorganizing the delivery channels (5%). Mr. Goddard met 85% of his individual goals.

Johann Minkyun You: 1) achieve assigned strategic initiatives (5%); 2) consistently and efficiently perform high quality work combining knowledge, technical expertise, ability and effort to achieve outstanding results and output for the responsible areas (5%); 3) obtain satisfactory ratings for applicable internal audits, regulatory examination, compliance and code of ethics related subjects, and implementation of initiatives to improve any findings (5%); 4) develop next generation of leaders (5%); and 5) participate and collaborate in reorganizing the delivery channels (5%). Mr. You met 88% of his individual goals.

The determination of how incentive payments are allocated and paid to each NEO is recommended by the Chief Executive Officer to the Compensation Committee and reviewed and approved by the board of directors. For Senior Executive Vice President level officers, the guidance for the PIP award as a percentage of the base salary was a minimum threshold of 40%, target of 50% and maximum of 60%. For Executive Vice President level officers, the guidance for the PIP award as a percentage of the base salary was a minimum threshold of 30%, target of 40% and maximum of 50%. The Chief Executive Officer determines each NEO's PIP award amount after the completion of PIP and individual performance evaluations. The allocation of each year's PIP accrual, to be paid in the following year, is determined by the relative performance and contribution to the financial results of the Company by each NEO and achievement of individual performance goals under each NEO's PIP.

In December 2014, all employees were paid a holiday bonus. All employees at levels below First Vice President were paid an individual holiday bonus equivalent to 80% of their monthly salary. Employees at levels First Vice President and above were paid a flat amount of \$500. All part-time employees were paid a flat \$300. For employees hired in 2014, a pro-ration was calculated based on weeks worked in 2014.

Long-Term Equity Incentive Awards

Long-term incentive equity awards are an additional component of the Company's total compensation package for retaining and motivating executive officers. The Compensation Committee believes that equity-based compensation, including stock options and performance units, ensures that the Company's officers have a personal stake in the long-term success of the Company without encouraging such officers to take inappropriate or unnecessary risks. During the Company's history, long-term incentive equity awards have been granted from time to time to help retain officers and secure their ongoing commitment to the Company. These long-term incentive awards have been granted under the Nara Bancorp, Inc. 2001 Nara Bank 2000 Continuation Long Term Incentive Plan (also referred to as the "2000 Plan"), which was subsequently replaced by the Nara Bancorp, Inc. 2007 Equity Incentive Plan, and renamed as the BBCN Bancorp, Inc. 2007 Equity Incentive Plan (also referred to as the "2007 Plan") and the 2006 Center Stock Incentive Plan (also referred to as the "2006 Plan"). The Company will continue to review best practices periodically and reevaluate the frequency of grants in light of practices by peer group companies in a manner that is consistent with the compensation philosophy of the Company and stockholders' interests.

The Company has granted long-term equity incentive awards under the 2000 Plan and the 2007 Plan. Under the 2000 Plan, the Company granted options to purchase the Company's common stock and restricted units, which typically vested over a three-year or five-year period in equal installments on the anniversary dates of the grant and were granted with a ten-year term. The options have an exercise price equal to the fair market value of the Company's common stock on the date of the grant. With the adoption of the 2007 Plan, the 2000 Plan was terminated, except with respect to outstanding awards.

Options and performance units granted under the 2007 Plan typically vest over a three-year or five-year period in equal installments on the anniversary date of the grant. Options are granted with a ten-year term and have an exercise price equal to the fair market value of the Company's common stock on the date of the grant. Performance unit grants will result in the issuance of the Company's common stock upon vesting and achievement of specified performance criteria.

The Company assumed the outstanding stock option awards that had been made under the 2006 Center Stock Incentive Plan (also referred to as the "2006 Plan"). Options issued under the 2006 Plan typically vest over a three-year or five-year period in equal installments on the anniversary date of the grant. Options are granted with a ten-year term and have an exercise price equal to the fair market value of the Company's common stock on the date of the grant.

On February 10, 2012, the executive officers of the Company, including Douglas J. Goddard and Kyu S. Kim, were granted performance units worth approximately 45% of their base salary in 2011 in conjunction with the completed merger of equals by and between the two predecessor companies. The performance units vested 50% on the two-year anniversary at February 10, 2014 and 25% on the three-year anniversary at February 10, 2015. The remaining 25% will vest on the fourth anniversary of the grant date, subject to attainment of satisfactory individual performance reviews in each year of the vesting period.

On March 6, 2013, Kevin S. Kim was granted 20,000 performance units in conjunction with his appointment as President and Chief Executive Officer of BBCN Bancorp. The performance units vest in thirds on each of the first three anniversaries of the grant date, subject to attainment of satisfactory individual performance reviews in each year

of the vesting period.

On June 26, 2013, Kyu S. Kim was granted 4,000 performance units. The performance units vest 20% on each of the first five anniversaries of the grant date, subject to attainment of satisfactory individual performance reviews in each year of the vesting period.

On January 22, 2014, Cha Y. Park was granted 20,000 performance units in conjunction with Ms. Park's joining the Company as a new employee. The performance units vest 25% on each of the first four anniversaries of the grant date, subject to attainment of satisfactory individual performance reviews in each year of the vesting period.

On April 11, 2014, Kevin S. Kim was granted 30,000 restricted units in conjunction with his appointment as President and Chief Executive Officer of BBCN Bank, in addition to his current responsibilities as Chairman, President and Chief Executive Officer of the Company. The restricted units vest 20% on each of the first five anniversaries of the grant date, subject to the attainment of satisfactory individual performance reviews in each year of the vesting period.

On June 27, 2014, the terms of Mr. Kim's employment agreement were finalized through which he was granted 200,000 stock options with a strike price of \$15.88 under the 2007 Plan. The stock options vest and become exercisable 20% on each of the first five anniversaries.

Long-Term Cash Incentive Plan

The Company has a Long Term Incentive Plan (also referred to as "LTIP"), which is intended to incentivize executive officers to remain employed by the Bank for the long term and to provide a vehicle for executive officers to build a retirement fund beyond the Company's 401(k) plan. We believe that stability of our executive management team is a key component to the Company's future success and growth.

The LTIP requires the satisfaction of certain performance criteria by each participant each year in order for the executive officer to receive full credit for his or her potential yearly contribution. Performance criteria are determined in advance by the board of directors each year. Since 2008, the performance criteria have been that the Company must meet at least 80% of its return on assets and return on equity targets to be eligible for any contribution to an executive officer's LTIP account.

Since 2011, the Company met its performance criterion each year, and contributions were made to the LTIP accounts of qualified participants. Currently, Kevin S. Kim and Kyu S. Kim are the only participants in the LTIP.

Kyu S. Kim became an LTIP participant in 2008. According to the terms of her individual LTIP agreement, Kyu S. Kim is entitled to have contributions up to \$30,000 per year, for a ten-year period beginning in 2008, credited to a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when she reaches 65 years of age. The agreement has a five-year vesting cliff of up to 50% of her total potential contribution amount plus accrued interest in her deferred compensation account, with an additional 10% vesting of the total potential contributions plus accrued interest in each of years six through ten. The agreement provides for accelerated vesting of her deferred compensation account upon the occurrence of a "double trigger," which is both a change in control of the Company and a separation from service for good cause within 12 months of the change in control event. Company contributions to date to Kyu S. Kim's LTIP account include \$30,000 each for 2011, 2012, 2013 and 2014.

Kevin S. Kim became an LTIP participant in 2014. According to the terms of his individual LTIP agreement, Kevin S. Kim is entitled to have contributions up to \$50,000 per year, for a ten-year period beginning in 2014, credited to a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when he reaches 65 years of age. The agreement has a five-year vesting cliff of up to 50% of his total potential contribution amount plus accrued interest in his deferred compensation account, with an additional 10% vesting of the total potential contributions plus accrued interest in each of years six through ten. Mr. Kim's LTIP agreement provides for accelerated vesting of his deferred compensation account upon the occurrence of a "double trigger," which is both a change in control of the Company and a separation from service for good cause within 12 months of the change in control event. Company contributions to date to Kevin S. Kim's LTIP account include \$50,000 credited in 2015 for his services in 2014.

Alvin D. Kang, our former President and Chief Executive Officer who departed the Company and Bank on January 31, 2013, became a participant in the LTIP in 2008. Company contributions to his account, which accrues interest at an annual rate of 6.25%, included \$40,000 in 2011 and 2012. All requirements of his LTIP agreement have been satisfied, and distributions under the LTIP commenced in April 2013.

As previously discussed above in the Compensation Philosophy and Objectives section on page 23, the Compensation Committee is currently in the process of engaging an executive compensation consultant to conduct a comprehensive analysis to ensure its programs remain competitive with peer group companies, which analysis is expected to include a

review of the Company's LTIP and expand executive officer participation.

Perquisites

The Company believes it is important to give customary perquisites to its NEOs, which assist them in performing their responsibilities within the Company. Please see the footnotes to the Summary Compensation Table for further information.

Broad-Based Employee Benefit Programs

The NEOs are entitled to participate in the benefits programs that are available to all full-time employees. These benefits include health, dental, vision, and life insurance, paid vacation and the Company contributions to the 401(k) Plan, if any.

Compensation Committee Interlocks and Insider Participation

The members of our Human Resources and Compensation Committee are Messrs. Scott Yoon-Suk Whang (Chair), C.K. (Chuck) Hong, Sang Hoon Kim, Peter Y.S. Kim, David P. Malone and Dale S. Zuehls, all of whom satisfy the NASDAQ Stock Market listing requirements and relevant Internal Revenue Service and SEC regulations on director independence. None of the members of the Compensation Committee have ever been an officer or employee of the Company or any of its subsidiaries. In addition, none of our directors or executive officers have served as a director of an entity for which a member of the Compensation Committee is an executive officer.

Tax Deductibility of Executive Officer Compensation

In general, compensation paid or otherwise provided to our executive officers is deductible by the Company as and when it is reported as taxable to the recipient. However, Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”), precludes a publicly traded corporation from taking a deduction for compensation in excess of \$1 million for its Chief Executive Officer or any of its three next highest paid executive officers (other than the Chief Financial Officer), unless the compensation satisfies the criteria to be “performance-based” as defined for purposes of Section 162(m). Income recognized by our executive officers upon the exercise of nonstatutory stock options granted under our Stock Plans generally would be tax-deductible for us as performance-based under Section 162(m). Gain recognized by our executive officers with respect to incentive stock options is not deductible, except to the extent that the executive officer recognizes ordinary income upon is a “disqualifying disposition” of the shares. A disqualifying disposition occurs when the executive sells or disposes of incentive stock option shares within two years after the grant date or within one year after the exercise date. In general, the vesting criteria that we have used for our grants of restricted stock and restricted stock unit awards and the performance criteria that we have used under our annual cash incentive plan do not qualify as performance-based for purposes of Section 162(m). Therefore, if income from any of these awards should result in one or more of our applicable executive officers having taxable income in excess of \$1 million in any year, such income would not be fully deductible by us at the time the award is otherwise taxable to the executive.

2014 Summary Compensation Table

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the board of directors. The Company's compensation and benefits programs are designed to pay directors fairly for work required for an organization of the size and scope of the Company, align the directors' interest with the long-term interests of stockholders, and provide compensation that is transparent and straightforward for stockholders to understand.

Cash Compensation

For 2014, each non-management director received an annual cash retainer of \$54,000, paid in monthly installments of \$4,500 per month. The Lead Independent Director of the Company and the Chairman of the Company's wholly owned subsidiary, BBCN Bank, each received an additional \$18,000 annual retainer, paid in monthly installments of \$1,500 per month. The committee Chairs each received an additional annual retainer of \$6,000 for their services, paid in monthly installments of \$500 per month. Each director received an additional \$1,000 per month for each monthly board meeting attended. Committee members received an additional annual retainer of \$6,000, paid in monthly installments of \$500 per month. Each member of the Director's Loan Committee received an annual retainer of \$6,000, paid in monthly installments of \$500 per month.

Throughout 2014, each director was given the option to receive \$1,250 per month in cash or to participate in the Bank's health and life insurance policy, up to a cost of \$1,250 per month. The directors also received reimbursement for expenses, which included reasonable travel expenses to attend board or committee meetings, reasonable outside seminar expenses, and other special board-related expenses.

In May 2004, Jin Chul Jung, Peter Y.S. Kim, Sang Hoon Kim and Chung Hyun Lee each became a participant in Center Bank's Director Survivor Income Plan ("Director Survivor Income Plan"), which provides for a payment to each director's chosen beneficiary in the amount of \$200,000. Former Center Bank, in return, purchased whole life insurance policies insuring the life of each director in amounts which exceed the benefits payable to such beneficiaries with the Company as beneficiary of each of the insurance policies.

Long-Term Equity Incentive Awards

Directors may be granted equity awards upon their appointment to the board of directors. Periodically, the Company reevaluates board compensation, including the grant of new stock options and performance units. In setting director compensation, the Company considers the amount of time that directors expend in fulfilling their duties to the Company as well as the skill level and experience required by the board of directors. The Company also considers board compensation practices at similarly situated banks, while keeping in mind the compensation philosophy of the Company and the stockholders' interests. Please see "Beneficial Ownership of Directors and Executive Officers" on page 33 of this Proxy Statement, for information concerning stock and options held by our directors.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Policies and Procedures for Approving Related Party Transactions

We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis, and all such transactions must be reviewed by the Nomination and Governance Committee and ultimately reviewed and approved by the Company's board of directors. As required under its charter, the Nomination and Governance Committee is responsible for reviewing each director's independence (according to the NASDAQ Stock Market, IRS and the SEC standards) and for making recommendations to the full board based on its findings.

Our Code of Ethics and Business Conduct for employees requires employees who may have a potential or apparent conflict of interest to notify their supervisor or the Ethics Officer. Our Director Code of Ethics and Business Conduct requires directors to notify the chair of the Nomination and Governance Committee. A potential conflict is considered to exist whenever an individual has an outside interest-direct or indirect-which could conflict with the individual's duty to the Company or adversely affect the individual's judgment in the discharge of his or her responsibilities at the Company. Prior to consideration of a related party transaction, our board of directors requires full disclosure of all material facts concerning the relationship and financial interest of the relevant individuals in the transaction. The board then determines whether the terms and conditions of the transaction are more or less favorable to the Company than those offered by unrelated third parties. Once the board determines that the terms and conditions are substantially similar to those offered by unrelated parties, the transaction may be permitted if it is approved by a majority of the independent directors entitled to vote on the matter with the interested director abstaining.

All of the transactions reported below were approved by our board of directors in accordance with these policies and procedures, and we believe that the terms of these transactions were not less favorable to us as those we could have obtained from unrelated third parties. The employee and director Code of Ethics and Business Conduct can be found in the Corporate Governance section of our website at www.BBCNbank.com.

To identify related party transactions, each year we require our directors and executive officers to complete director and officer questionnaires identifying any transaction with us or any of our subsidiaries in which the officer or director or their family members have an interest. In addition, director independence is discussed on a regular basis at the Nomination and Governance Committee, and the Bank tracks all deposit accounts on a daily basis and loan accounts on a quarterly basis. Directors and executive officers are required to notify the Legal Department of any updates to the information supplied in the questionnaire occurring after the date of its completion.

There are no existing or proposed material transactions between the Company or the Bank and any of our officers, directors, nominees or principal stockholders or the immediate family or associates of the foregoing persons, except as indicated below.

Transactions Considered

Some of the directors and officers of the Company and/or the Bank and the immediate families and the business organizations with which they are associated, are customers of, and have had banking transactions with, the Bank in the ordinary course of our business and we expect to have banking transactions with such persons in the future. All loans made to such persons have been made in the ordinary course of business; on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans to persons not related to the Bank; and do not involve more than a normal risk of collectability or present other unfavorable features.

Securities Authorized for Issuance Under Equity Compensation Plans

Please see “Securities Authorized for Issuance Under Equity Compensation Plans” in Item 5 of the Annual Report for certain equity compensation plan information.

Item 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Audit Committee of the board of directors has selected KPMG as our independent registered public accounting firm for the year ending December 31, 2015 and has further directed that the selection of KPMG be submitted for ratification by the stockholders at the 2015 Annual Meeting of Stockholders.

Aggregate fees for professional services rendered by KPMG for the Company with respect to the years ended December 31, 2013 and 2014 were:

	2013	2014
Audit fees	\$800,000	\$750,000
Audit-related fees	—	—
Tax fees	—	—
All other fees	—	—
Total fees	\$800,000	\$750,000

The audit fees include only fees that are customary under generally accepted auditing standards and are the aggregate fees that we incurred for professional services rendered for the audit of our annual consolidated financial statements for fiscal years 2013 and 2014. Audit fees include the fees for the audit of the consolidated financial statements and internal control over financial reporting and review of our quarterly consolidated financial statements included in our quarterly Form 10-Q filings for 2013 and 2014. KPMG's 2013 audit fees also reflect the completion of two acquisitions completed during the year.

No audit-related fees, tax fees or other fees were incurred in 2013 and 2014.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures for the pre-approval of audit and non-audit services rendered by our independent auditor. The policy requires advance approval of all services before the independent auditor is engaged to provide such services. The advance approval of services may be delegated to the Chair of the Audit Committee who has authority to approve up to \$25,000 of services, which must be ratified at the next scheduled Audit Committee meeting.

The Company anticipates that a representative of KPMG will be present at the 2015 Annual Meeting of Stockholders and will be available to respond to your appropriate questions and make such statements as the representative may desire.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as the Company's independent registered public accounting firm. However, we are submitting the selection of KPMG to the stockholders for ratification to obtain our stockholders views. If the stockholders do not ratify the selection of KPMG, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the board of directors in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee of the board of directors determines that such a change would be in our best interests and the best interests of our stockholders.
