NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2008
(UNAUDITED)

1. BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB and Regulation S-B. They do not include all information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, except as disclosed herein, there has been no material change in the information disclosed in the notes to the financial statements for the year ended September 30, 2007 included in the Company's Annual Report on Form 10-KSB, as filed with the Securities and Exchange Commission. The interim unaudited financial statements should be read in conjunction with those financial statements included in the Form 10-KSB. In the opinion of management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the three months and the nine months ended June 30, 2008 are not necessarily indicative of the results that may be expected for the year ending September 30, 2008.

2. RECENT ACCOUNTING STANDARDS AND PRONOUNCEMENTS AND NEW SIGNIFICANT ACCOUNTING PRINCIPLES

As explained in Note 9, on April 15, 2008, the Company acquired three entities in the media business. Following are the significant accounting principles applied in the new segment.

Revenue Recognition

Revenues from the sale of magazines and related advertising content are recognized when the issue is published and shipped, net of estimated returns. Revenues and external expenses related to the Company's annual Expo convention are recognized upon the completion of the convention in August.

Recent Accounting Standards and Pronouncements

In 2006, the FASB issued Interpretation No. 48 ("FIN 48"), Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109, Accounting for Income Taxes. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS 109. FIN 48 also prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The Company adopted FIN 48 as of October 1, 2007, as required.

The current Company policy classifies any interest recognized on an underpayment of income taxes as interest expense and classifies any statutory penalties recognized on a tax position as general and administrative expense. There was no interest and an insignificant amount of general and administrative expenses recognized related to income taxes for the three months and nine months ended June 30, 2008. The Company has not taken a tax position that would have a material effect on the financial statements or the effective tax rate for the three months and nine months ended June 30, 2008 or during the prior three years applicable under FIN 48. It is determined not to be reasonably possible for the amounts of unrecognized tax benefits to significantly increase or decrease within 12

months of the adoption of FIN 48. The Company is currently subject to a three year statute of limitations by major tax jurisdictions.

3. STOCK OPTIONS AND STOCK-BASED EMPLOYEE COMPENSATION

Below is the summary of common stock options outstanding as of June 30, 2008:

Employee and Director Stock Option Plan:	Options Authorized	Options Outstanding	Options Vested	Available for Grant
1999 Stock Option Plan	1,500,000	505,000	435,000	438,000

Employee and Director Stock Option Plans

In August 1999, the Company adopted the 1999 Stock Option Plan (“the Plan”). The options granted under the Plan may be either incentive stock options, or non-qualified options. The Plan is administered by the Board of Directors or by a compensation committee of the Board of Directors. The Board of Directors has the exclusive power to select individuals to receive grants, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plan. The options are subject to termination of employment and generally expire five years from the date of grant. Employee options generally vest in installments over two years. As of June 30, 2008, 438,000 shares of common stock were available for future grants under the Plan.

Accounting Treatment

Effective October 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123R, “Share-Based Payments,” using the modified prospective application method. Under this transition method, compensation cost recognized for the three and nine months ended June 30, 2008 and 2007, includes the applicable amounts of: (a) compensation of all stock-based payments granted prior to, but not yet vested as of October 1, 2006 (based on the grant-date fair value estimated in accordance with the original provisions of SFAS 123 and previously presented in pro forma footnote disclosures), and (b) compensation cost for all stock-based payments granted subsequent to October 1, 2006 based on the grant-date fair value estimated in accordance with the new provisions of SFAS No. 123R. Results for periods prior to October 1, 2006, have not been restated. The compensation cost recognized for the three months ended June 30, 2008 and 2007 were \$39,270 and \$48,134, respectively, and for the nine months ended June 30, 2008 and 2007 were \$117,810 and \$178,846, respectively, as a result of implementing SFAS No. 123R. There were 0 and 40,000 stock option exercises for the three months and nine months ended June 30, 2008, respectively.

The Company used the Black-Scholes Option Pricing Model to determine the fair value of option grants. The Company estimated the average holding period of vested options to be three years from the vesting period, using the simplified method. There were no stock option grants for the three and nine month periods ended June 30, 2008.

8. EARNINGS PER SHARE (EPS)

The Company computes earnings per share in accordance with Statement of Financial Accounting Standards ("SFAS") No. 128, Earnings Per Share. SFAS No. 128 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock warrants and options (the number of which is computed using the "treasury stock method") and from outstanding convertible debentures (the number of which is computed using the "if converted method"). Diluted EPS considers the potential dilution that could occur if the Company's outstanding common stock warrants, options and convertible debentures were converted into common stock that then shared in the Company's earnings (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Net earnings applicable to common stock and the weighted – average number of shares used for basic and diluted earnings per share computations are summarized in the table that follows:

Under the terms of the Purchase Agreement, RCI paid a total purchase price of \$1,401,711 which was paid \$701,711 in cash and debt forgiveness at the time of closing and the issuance of 35,000 shares of the Company's restricted common stock valued at \$20.00 per share (the "Shares"). Pursuant to the terms of the Purchase Agreement, on or after one year after the closing date, the Seller shall have the right, but not the obligation to have the Company purchase from Seller 5,000 Shares per month (the "Monthly Shares"), calculated at a price per share equal to \$20.00 ("Value of the Shares"). At the Company's election during any given month, the Company may either buy the Monthly Club Shares or, if the Company elects not to buy the Monthly Club Shares from the Sellers, then the Sellers shall sell the Monthly Club Shares in the open market. Any deficiency between the amount, which the Sellers receive from the sale of the Monthly Club Shares and the Value of the Rick's Club Shares shall be paid by the Company within three (3) business days of the date of sale of the Monthly Club Shares during that particular month. SEXUALLY ORIENTED BUSINESS ORDINANCE OF HOUSTON, TEXAS

In January 1997, the City Council of the City of Houston passed a comprehensive new Ordinance regulating the location of and the conduct within Sexually Oriented Businesses (the "Ordinance"). The Ordinance established new minimum distances that Sexually Oriented Businesses may be located from schools, churches, playgrounds and other sexually oriented businesses. There were no provisions in the Ordinance exempting previously permitted sexually oriented businesses from the effect of the new Ordinance.

The Ordinance provided that a business which was denied a renewal of its operating permit due to changes in distance requirements under the Ordinance would be entitled to continue in operation for a period of time (the "Amortization Period") if the owner were unable to recoup, by the effective date of the Ordinance, its investment in the business that was incurred through the date of the passage and approval of the Ordinance. The Company's nightclub in the Company's south Houston location had a valid temporary permit/license. The permits for the Company's north Houston location and our Bering Drive location have expired.

In May 1997, the City of Houston agreed to defer implementation of the Ordinance until the constitutionality of the entire Ordinance was decided by court trial. In February 1998, the U.S. District Court for the Southern District of Texas, Houston Division, struck down certain provisions of the Ordinance, including the provision mandating a 1,500 foot distance between a club and schools, churches and other sexually oriented businesses, leaving intact the provision of the 750 foot distance as it existed prior to the Ordinance. The City of Houston appealed the District Court's rulings with the Fifth Circuit Court of Appeals.

In November 2003, a three judge panel from the Fifth Circuit Court of Appeals published their Opinion which affirmed the Trial Court's ruling regarding lighting levels, customer and dancer separation distances and licensing of dancers and staff. The Court of Appeals, however, did not follow the Trial Court's ruling regarding

the distance from which a club may be located from a church or school. The Court of Appeals held that a distance measurement of 1,500 feet would be upheld upon a showing by the City of Houston that its claims that there were alternative sites available for relocating clubs could be substantiated. The case was remanded for trial on the issues of the alternative sites.

The trial commenced on December 4, 2006 and concluded on December 12, 2006. The Trial Court rendered its judgment in favor of the City of Houston on January 31, 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing businesses in 1997. The Trial Court found the 1997 ordinance constitutional and enforceable. Post-trial motions were heard and the relief sought, a stay against enforcement, was denied by the Trial Court. An appeal to the Fifth Circuit Court of Appeals was timely filed. The Fifth Circuit granted a stay pending appeal. Oral argument was held before the Fifth Circuit Court of Appeals on August 7, 2007. The Fifth Circuit Court of Appeals ruled in favor of the City of Houston in September 2007. Pleadings were filed seeking a stay against enforcement of the provisions of the ordinance with the United States Supreme Court in conjunction with the request that the United States Supreme Court hear an appeal of the Fifth Circuit Court of Appeals ruling. Neither relief nor any indication of the Supreme Court's position on the appeal has been received to date.

Additionally, the Company filed on behalf of three of our club locations in Houston state court lawsuits seeking judicial review of the results of the amortization process contained within the Ordinance. The amortization process was abated in 1998 due to the possible multiplicity of court actions. The final order by the Trial Court resulted in the termination of the abatement and allowed the amortization process to continue as provided in the Ordinance. Trial on the amortization cases was held on April 23 and 24, 2008. At the conclusion of the trial, the Court ruled that the amortization awards were proper and requested that Findings of Fact and Conclusions of Law be submitted to the Court as well as a Judgment in the case. A form of judgment has been entered by the Court. The amortization award periods have already expired for the affected clubs. An appeal of the amortization review by the Harris County District Court is being prepared. The clubs are currently seeking a stay of enforcement during the appeal. In the event all efforts to stop enforcement activity fail and the City of Houston elects to enforce the judgment, the Company, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. In such event, the Company presently intends to clothe the Company's entertainers in a manner to eliminate the need for licenses and to take such steps as to not be subject to SOB ordinance compliance which we have in three of our locations. Approximately 10.6% of the Company's club operation's revenues for the nine months ended June 30, 2008 were in Houston, Texas. The ruling could have a material adverse impact on the Company's operations, but it is unknown at this time.

Texas State Patron Tax

Beginning January 1, 2008, the Company's Texas clubs became subject to a new state law requiring each club to collect a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association, an organization to which the Company is a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from

collecting or assessing the tax. The State has appealed the court's ruling. In Texas, when cities or

the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the appeal. The Company has paid the tax for the first two calendar quarters under protest and expensed the tax in the accompanying financial statements. The Company has filed a lawsuit against the State to demand repayment of the taxes.

12. POTENTIAL ACQUISITION

Las Vegas Club Acquisition

On April 17, 2008, the Company entered into an Asset Purchase Agreement (the "Asset Purchase Agreement") pursuant to the terms of which the Company's subsidiary, RCI Entertainment (Las Vegas), Inc. As part of the transaction, the Purchaser and DI Food will also enter into an Option Agreement (the "Option Agreement") pursuant to which either party may exercise the option to purchase the Real Property.

The (i) \$12,000,000 cash payment, (ii) the Rick's Promissory Note, and (iii) the Convertible Debenture are collectively referred to as the "Purchase Price."

Further, pursuant to the terms of the Second Amendment, the Closing shall take place the later of (i) July 25, 2008 or (ii) five (5) days following (x) the approval and issuance to Purchaser of the licenses and authorizations and (y) receipt

of the assignment of the Lease (the “Closing Date”).

GENERAL

As of June 30, 2008, we conducted our business in three different areas of operation:

1. We own and operate upscale adult nightclubs serving primarily businessmen and professionals. Our nightclubs offer live adult entertainment, restaurant and bar operations. We own and operate twelve adult nightclubs under the name "Rick's Cabaret" and "XTC" in Houston, Austin, Fort Worth, Dallas and San Antonio, Texas; Minneapolis, Minnesota; New York, New York, and Philadelphia, Pennsylvania. We also operate four upscale venues that cater especially to urban professionals, businessmen and professional athletes called "Club Onyx" in Houston and Dallas, Texas and Charlotte, North Carolina. In August, 2007, we converted our Club Onyx location in San Antonio, Texas to "Encounters," which is a club for adults who enjoy alternative lifestyles. Currently, our newly acquired club in Miami Gardens, Florida, operates as "Tootsies Cabaret."

2. We have the following Internet activities:

a) We currently own two adult Internet membership Web sites at www.couplestouch.com and www.xxxpassword.com. We acquire www.xxxpassword.com site content from wholesalers.

b) We operate an online auction site www.naughtybids.com. This site provides our customers with the opportunity to purchase adult products and services in an auction format. We earn revenues by charging fees for each transaction conducted on the automated site.

3. In April 2008, we acquired a media division, including the leading trade magazine serving the multi-billion dollar adult nightclubs industry. As part of the transaction we also acquired two industry trade shows, two other industry trade publications and more than 25 industry websites.

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking, and other products and services. Our internet revenues are derived from subscriptions to adult content internet websites, traffic/referral revenues, and commissions earned on the sale of products and services through Internet auction sites, and other activities. Our media division revenues are derived principally from advertising, sponsoring and renting booths in trade shows, and magazine subscriptions. Our fiscal year end is September 30.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED JUNE 30, 2008 AS COMPARED TO THE THREE MONTHS ENDED JUNE 30, 2007

For the three months ended June 30, 2008, we had consolidated total revenues of \$16,278,461 compared to consolidated total revenues of \$8,446,351 for the three months ended June 30, 2007, an increase of \$7,832,110 or 92.73%. The increase in total revenues was primarily attributable to the increase in revenues generated by our new clubs in Dallas, Texas, Philadelphia, Pennsylvania, and Miami Gardens, Florida in the amount of \$6,790,991 and by the increase in revenues generated by our other locations in the amount of \$856,115, an 10.37% increase; from our media group in the amount of \$182,452, and from internet operations in the amount of \$2,552 a 1.33% increase, from a year ago. Total revenues for same-location-same-period of club operations increased to \$8,079,872 for the three months ended June 30, 2008 from \$7,450,469 for same period ended June 30, 2007, an 8.45% increase. The increase was primarily attributable to the overall increase in revenues in our club operations.

The cost of goods sold for the three months ended June 30, 2008 was 11.68% of total revenues compared to 12.76% for the three months ended June 30, 2007. The decrease was due primarily to the ability to obtain volume discounts,

especially in our club in Miami Gardens. The cost of goods sold for the club operations for the three months ended June 30, 2008 was 11.53% compared to 12.91% for the three months ended June 30, 2007. The cost of goods sold from our internet operations for the three months ended June 30, 2008 was 2.33% compared to 6.35% for the three months ended June 30, 2007. The cost of goods sold from our media group for the three months ended June 30, 2008 was 34.87%. The cost of goods sold for same-location-same-period of club operations for the three months ended June 30, 2008 was 11.42%, compared to 12.62% for the same period ended June 30, 2007.

Table of Contents

Payroll and related costs for the three months ended June 30, 2008 were \$3,856,733 compared to \$2,238,630 for the three months ended June 30, 2007. The increase was primarily due to addition of the new clubs and purchase of the media group. Payroll for same-location-same-period of club operations increased to \$1,771,156 for the three months ended June 30, 2008 from \$1,694,558 for the same period ended June 30, 2007. Management currently believes that its labor and management staff levels are appropriate.

Other general and administrative expenses for the three months ended June 30, 2008 were \$6,803,039 compared to \$3,817,958 for the three months ended June 30, 2007. The increase was significantly the result of the addition of new locations in Miami Gardens, Florida, Philadelphia, Pennsylvania, and Dallas, Texas, and purchase of our media group, which resulted in increases in taxes and permits, charge card fees, rent, advertising and marketing, legal and professional, indirect operating expenses, and utilities. These increased expenses were also a result of increased revenues from our operations.

Interest expense for the three months ended June 30, 2008 was \$700,788 compared to \$345,130 for the three months ended June 30, 2007. The increase was attributable to our obtaining new debt to finance the purchase and renovation of the new clubs. As of June 30, 2008, the balance of long-term debt was \$31,699,060 compared to \$14,895,002 a year earlier.

Net income for the three months ended June 30, 2008 was \$1,829,204 compared to \$1,031,727 for the three months ended June 30, 2007. The increase in net income was primarily due to the increase in revenues generated by our same-locations-same-period club operations and by our new clubs in Miami Gardens, Florida and Fort Worth, Texas. Income before income taxes for same-location-same-period of club operations increased to \$1,702,371 for the three months ended June 30, 2008 from \$1,427,607 for the same period ended June 30, 2007, or by 19.25%.

Results of operations for the quarter ended June 30, 2008 were materially affected by certain one-time events: startup costs at two new clubs in Philadelphia and Dallas, non-recovery of the Texas patron tax in April and timing-related losses in our media division. Following is a summary of these costs:

Startup losses:

Philadelphia	\$ 350,000
Dallas	175,000
Non-recovery of patron tax	125,000
Losses in media division	125,000
Total	\$ 775,000

The Philadelphia and Rick's Dallas clubs will incur additional ramp-up costs in the next quarter but should begin to contribute to profits in the last calendar quarter of 2008.

The Company did not recover the Texas patron tax from customers during the month of April after a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The Company did not recover the tax from customers in April because the judge's order enjoined the State from collecting or assessing the tax. The State has appealed the court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the appeal. The Company has paid the tax for the first two calendar quarters under protest and expensed the tax in the accompanying financial statements, amounting to \$957,100 for the six months of 2008. The Company has filed a lawsuit against the State to demand

repayment of the taxes.

Table of Contents

The media division had only one publication per magazine in the quarter, whereas the next quarter will have two publications each, along with the annual Expo. Certain Expo and magazine expenses must be recognized on a current basis while the revenues are not recognized until the event or publication of the magazine.

The Company's earnings per share were also affected by the 672,000 shares issued in June 2008 to finance the cash portion of the pending Las Vegas acquisition, which has not closed as of August 14, 2008. These shares increased the weighted average shares outstanding for the quarter although the benefit from the acquisition will not be realized until after the transaction has been completed.

RESULTS OF OPERATIONS FOR THE NINE MONTHS ENDED JUNE 30, 2008 AS COMPARED TO THE NINE MONTHS ENDED JUNE 30, 2007

For the nine months ended June 30, 2008, we had consolidated total revenues of \$42,697,060 compared to consolidated total revenues of \$23,045,697 for the nine months ended June 30, 2007, an increase of \$19,651,363 or 85.27%. The increase in total revenues was primarily attributable to the increase in revenues generated by our new clubs in Miami Gardens, Florida, Philadelphia, Pennsylvania and Dallas, Texas in the amount of \$14,954,494 and by the increase in revenues generated by our other locations in the amount of \$4,533,844, a 20.16% increase; from our media group in the amount of \$182,452, offset by the decrease in internet operations in the amount of \$19,427, a 3.49% decrease, from a year ago. The increase was significantly the result of the addition of new locations in Miami Gardens, Florida, Philadelphia, Pennsylvania, and Dallas, Texas, and purchase of our media group, which resulted in increases in taxes and permits, charge card fees, rent, advertising and marketing, legal and professional, indirect operating expenses, insurance, and utilities. These increased expenses were also a result of increased revenues from our operations.

Table of Contents

Interest expense for the nine months ended June 30, 2008 was \$1,839,344 compared to \$999,146 for the nine months ended June 30, 2007. The increase was attributable to our obtaining new debt to finance the purchase and renovation of the new clubs.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2008, we had working capital of \$11,072,921 compared to a deficit of \$2,792,577 at September 30, 2007. The increase in working capital was primarily due to increases in cash and cash equivalents, accounts receivable - trade, inventory, prepaid expenses, other current assets and a decrease in current portion of long-term debts, offset by increases in accounts payable and accrued liabilities as a result of increased cash flow from operations, stock option exercises, long-term debt borrowings, and most substantially by common stock issuances. The value of available-for-sale marketable securities decreased by \$31,143 for the nine months ended in June 30, 2008.

Table of Contents

Net cash provided by operating activities in the nine months ended June 30, 2008 was \$9,857,401 compared to \$2,652,237 for the nine months ended June 30, 2007. The increase in cash provided by operating activities was primarily due to income from operations excluding depreciation.

We used \$26,242,277 of cash in investing activities during the nine months ended June 30, 2008 compared to \$6,214,121 during the nine months ended June 30, 2007. The increase was principally due to the acquisition of the clubs in Miami Gardens, Florida, Philadelphia, Pennsylvania, and Dallas, Texas. Cash of \$26,577,205 was provided by financing activities during the nine months ended June 30, 2008 compared to \$4,885,742 cash provided during the nine months ended June 30, 2007. The increase in cash provided by financing activities is primarily the result of common stock issuances to raise capital for acquiring the Florida club and for future acquisitions.

We require capital principally for construction or acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

Included in our deferred tax liabilities at June 30, 2008 is approximately \$14,400,000 representing the tax effect of indefinite lived intangible assets from club acquisitions, which are not deductible for tax purposes. These deferred tax liabilities will remain in our balance sheet until the related clubs are sold.

On November 19, 2007, we completed a private placement of equity securities solely to accredited investors. Pursuant to the private placement, we issued 1,165,000 shares of our restricted common stock at a price of \$14.00 per share for a total gross offering price of \$16,310,000 with net proceeds of approximately \$15,000,000 to us after expenses. Pursuant to the terms of the transaction, we filed a registration statement on February 14, 2008, which became effective February 27, 2008. The offer and sale of the common stock was made pursuant to exemptions from the registration requirements of the Act pursuant to Section 4(2) and Rule 506 of Regulation D promulgated thereunder. All of the offers and sales of the common stock were made exclusively to “accredited investors” (as such term is defined in Rule 501(a) of Regulation D) in offers and sales not involving a public offering. The purchasers purchased the securities for their own account and not with a view towards or for resale. The private placement was conducted without general solicitation or advertising.

On June 12, 2008, we completed the private placement of 672,000 shares of our restricted common stock to institutional investors at a price of \$20.00 per share for gross proceeds of \$13,440,000 with net proceeds of approximately \$12,375,000 to us after expenses. The common stock was sold under the exemption from registration provided by Section 4(2) of the Securities Act of 1933 and the rules and regulations promulgated thereunder. All of the offers and sales of the common stock were made exclusively to “accredited investors” (as such term is defined in Rule 501(a) of Regulation D) in offers and sales not involving a public offering. The purchasers in the private placement purchased the securities for their own account and not with a view towards or for resale. The private placement was conducted without general solicitation or advertising.

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

Table of Contents

On September 16, 2003, we were authorized by our board of directors to repurchase up to an additional \$500,000 worth of our common stock. No shares have been purchased under this plan.

We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that sexually oriented business industry is required in all states to convert dancers who are now independent contractors into employees.

The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainment. Although management believes that we are well-positioned to compete successfully in the future, there can be no assurance that we will be able to maintain our high level of name recognition and prestige within the marketplace.

IMPACT OF INFLATION

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

SEASONALITY

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience to date indicates that there does not appear to be a seasonal fluctuation in our Internet activities.

Our media division experiences fluctuations in revenues and profits based on dates of publications of magazines and presentation of the annual expo. The first and third calendar quarters will normally reflect higher revenues and profits in this division than the second and fourth calendar quarters.

GROWTH STRATEGY

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after careful market research; (b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, as is the case with the acquisitions of the clubs in Austin, Dallas, and Fort Worth, Texas, Miami Gardens, Florida, and Philadelphia, Pennsylvania; (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise; (d) to develop new club concepts that are consistent with our management and marketing skills; (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises; and/or (f) to enter into licensing agreements in strategic locations, as is the case with the license agreement with Rick's Buenos Aires Sociedad Anonima in Argentina.

Thus far, during fiscal year 2008, we purchased four nightclub operations, the remaining 49% of another club, and a media group for \$52,845,641. The acquisitions were funded as follows: \$23,464,194 in cash, \$17,990,000 pursuant to four secured promissory notes: two in the amount of \$5,000,000 each to the sellers and two in the amounts of \$3,640,000 and \$4,350,000 to a financial institution, \$10,435,000 in 440,000 shares of common stock, \$701,711 in debt forgiveness, plus estimated transaction costs of \$241,142. For the nine months ended June 30, 2008, the four acquired nightclubs had total revenues of approximately \$14,954,000 and income before income tax of approximately

\$5,638,000.

33

Table of Contents

During fiscal year 2007, we purchased two nightclub operations for \$9,033,877. The acquisitions were funded by the issuance of 125,000 shares of our restricted common stock, \$5,500,000 in cash and \$2,400,000 in debt. For the nine months ended June 30, 2008, the nightclubs had total revenues of approximately \$3,968,000 and a net loss before income tax of approximately \$151,000.

During fiscal 2006, we acquired three existing nightclub operations for a total cost of \$3,865,000. These acquisitions were funded primarily through indebtedness, \$3,195,000, and cash, \$670,000. For the nine months ended June 30, 2008, these nightclub operations had total revenues of approximately \$1,883,000 and a net loss of approximately \$610,000.

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past.

We also expect to continue to grow our Internet profit centers. We plan to focus on high-margin Internet activities that leverage our marketing skills while requiring a low level of start-up cost and ongoing operating costs and refine and tune our Internet sites for better positioning in organic search rankings amongst the major search providers. We will restructure affiliate programs to provide higher incentives to our current affiliates to better promote our Internet sites, while actively seeking new affiliates to send traffic to our Internet sites.

In April 2008, we acquired a media group which we believe will enable us to (a) create new marketing synergies with major industry product suppliers; (b) expand our brand awareness through partnerships with national advertisers and liquor companies; (c) set up point of sale marketing in conjunction with print advertising; (d) improve bulk liquor pricing; and (e) diversify our revenue and income streams while remaining within our core competency. In conjunction with the transaction, we also acquired numerous websites that we will incorporate into our internet division to increase our brand awareness and potential revenues.

The acquisition of additional clubs, internet operations, and/or other operations will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

Potential Acquisition

Las Vegas Club Acquisition

On April 17, 2008, we entered into an Asset Purchase Agreement (the "Asset Purchase Agreement") pursuant to the terms of which our subsidiary, RCI Entertainment (Las Vegas), Inc. (the "Purchaser"), will acquire 100% of the assets (the "Purchased Assets") of DI Food and Beverage of Las Vegas, LLC, a Nevada limited liability company ("DI Food" or the "Seller") owned by it which are associated or used in connection with the operation of an adult entertainment cabaret known as "SCORES" (the "Club"), located at 3355 Procyon Street, Las Vegas, Nevada 89102 (the "Real Property"). As part of the transaction, the Purchaser and DI Food will also enter into an Option Agreement (the "Option Agreement") pursuant to which either party may exercise the option to purchase the Real Property.

On June 30, 2008, we entered into a Second Amendment to Asset Purchase Agreement (the "Second Amendment") to change the structure of the Purchase Price, to change the closing date and to change the termination date. Pursuant to the terms of the Second Amendment, the Purchase Price shall be paid as follows:

- (i) \$12,000,000 payable by cashier's check, certified funds or wire transfer;

- (ii) \$4,000,000 pursuant to a promissory note (the “Rick’s Promissory Note”), executed by and obligating us, bearing interest at eight percent (8%) per annum with a five (5) year amortization, with monthly payments of principal and interest to commence upon the first of the month following the Closing, with a balloon payment of all then outstanding principal and interest due upon the expiration of two (2) years from the execution of the Rick’s Promissory Note.
- (iii) \$5,000,000 as evidenced by a Convertible Debenture of Rick’s bearing simple interest of four percent (4%) per annum (the “Convertible Debenture”). The Convertible Debenture shall be payable commencing seven (7) months after the Closing Date (as defined herein) as follows: Twenty-five (25) equal monthly principal payments of \$200,000 in cash or by the conversion of 10,000 shares of our common stock, par value \$0.01, at the option of the holder of the Convertible Debenture, plus interest payable in cash.

Table of Contents

The (i) \$12,000,000 cash payment, (ii) the Rick's Promissory Note, and (iii) the Convertible Debenture are collectively referred to as the "Purchase Price."

Further, pursuant to the terms of the Second Amendment, the Closing shall take place the later of (i) July 25, 2008 or (ii) five (5) days following (x) the approval and issuance to Purchaser of the licenses and authorizations and (y) receipt of the assignment of the Lease (the "Closing Date").

Subsequent Event

In July 2008, the holder of convertible debentures converted his warrants and debentures of \$660,000 into 50,000 and 220,000 shares of our restricted common stock, respectively.

Item 3. Controls and Procedures.

Eric S. Langan, our Chief Executive Officer and President, and Phillip K. Marshall, our Chief Financial Officer, have concluded that our disclosure controls and procedures are appropriate and effective. They have evaluated these controls and procedures as of June 30, 2008. There has been no change in our internal control over financial reporting during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II

OTHER INFORMATION

Item 1. Legal Proceedings

SEXUALLY ORIENTED BUSINESS ORDINANCE OF HOUSTON, TEXAS

In January 1997, the City Council of the City of Houston passed a comprehensive new Ordinance regulating the location of and the conduct within Sexually Oriented Businesses (the "Ordinance"). The Ordinance established new minimum distances that Sexually Oriented Businesses may be located from schools, churches, playgrounds and other sexually oriented businesses. There were no provisions in the Ordinance exempting previously permitted sexually oriented businesses from the effect of the new Ordinance.

The Ordinance provided that a business which was denied a renewal of its operating permit due to changes in distance requirements under the Ordinance would be entitled to continue in operation for a period of time (the "Amortization Period") if the owner were unable to recoup, by the effective date of the Ordinance, its investment in the business that was incurred through the date of the passage and approval of the Ordinance. The Company's nightclub in the Company's south Houston location had a valid temporary permit/license. The permits for the Company's north Houston location and our Bering Drive location have expired.

In May 1997, the City of Houston agreed to defer implementation of the Ordinance until the constitutionality of the entire Ordinance was decided by court trial. In February 1998, the U.S. District Court for the Southern District of Texas, Houston Division, struck down certain provisions of the Ordinance, including the provision mandating a 1,500 foot distance between a club and schools, churches and other sexually oriented businesses, leaving intact the provision of the 750 foot distance as it existed prior to the Ordinance. The City of Houston appealed the District Court's rulings with the Fifth Circuit Court of Appeals.

In November 2003, a three judge panel from the Fifth Circuit Court of Appeals published their Opinion which affirmed the Trial Court's ruling regarding lighting levels, customer and dancer separation distances and licensing of dancers and staff. The Court of Appeals, however, did not follow the Trial Court's ruling regarding the distance from which a club may be located from a church or school. The Court of Appeals held that a distance measurement of 1,500 feet would be upheld upon a showing by the City of Houston that its claims that there were alternative sites available for relocating clubs could be substantiated. The case was remanded for trial on the issues of the alternative sites.

The trial commenced on December 4, 2006 and concluded on December 12, 2006. The Trial Court rendered its judgment in favor of the City of Houston on January 31, 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing businesses in 1997. The Trial Court found the 1997 ordinance constitutional and enforceable. Post-trial motions were heard and the relief sought, a stay against enforcement, was denied by the Trial Court. An appeal to the Fifth Circuit Court of Appeals was timely filed. The Fifth Circuit granted a stay pending appeal. Oral argument was held before the Fifth Circuit Court of Appeals on August 7, 2007. The Fifth Circuit Court of Appeals ruled in favor of the City of Houston in September 2007. Pleadings were filed seeking a stay against enforcement of the provisions of the ordinance with the United States Supreme Court in conjunction with the request that the United States Supreme Court hear an appeal of the Fifth Circuit Court of Appeals ruling. Neither relief nor any indication of the Supreme Court's position on the appeal has been received to date.

Additionally, the Company filed on behalf of three of our club locations in Houston state court lawsuits seeking judicial review of the results of the amortization process contained within the Ordinance. The amortization process was abated in 1998 due to the possible multiplicity of court actions. The final order by the Trial Court resulted in the termination of the abatement and allowed the amortization process to continue as provided in the Ordinance. Trial on the amortization cases was held on April 23 and 24, 2008. At the conclusion of the trial, the Court ruled that the amortization awards were proper and requested that Findings of Fact and Conclusions of Law be submitted to the Court as well as a Judgment in the case. A form of judgment has been entered by the Court. The amortization award periods have already expired for the affected clubs. An appeal of the amortization review by the Harris County District Court is being prepared. The clubs are currently seeking a stay of enforcement during the appeal. In the event all efforts to stop enforcement activity fail and the City of Houston elects to enforce the judgment, the Company, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. In such event, the Company presently intends to clothe the Company's entertainers in a manner to eliminate the need for licenses and to take such steps as to not be subject to SOB ordinance compliance which we have in three of our locations. Approximately 10.6% of the Company's club operation's revenues for the nine months ended June 30, 2008 were in Houston, Texas. The ruling could have a material adverse impact on the Company's operations, but it is unknown at this time.

TEXAS STATE PATRON TAX

Beginning January 1, 2008, our Texas clubs became subject to a new state law requiring each club to collect a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association, an organization to which we are a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State has appealed the court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the appeal. We have paid the tax for the first two calendar quarters under protest and expensed the tax in the accompanying financial statements. We have filed a lawsuit against the State to demand repayment of the taxes.
