Report of Independent Registered Public Accounting Firm

To the Participants and Plan Administrator of the
Savings Plan for Employees of Measurement Specialties, Inc.

We have audited the accompanying statements of net assets available for benefits of the ***Savings Plan for Employees of Measurement Specialties, Inc.*** as of December 31, 2006 and 2005 and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements and supplemental schedules are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the year ended December 31, 2006 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Savings Plan for Employees of Measurement Specialties, Inc.

Notes to Financial Statements

December 31, 2006 and 2005

1. Description of Plan

The following description of the *Savings Plan for Employees of Measurement Specialties, Inc.* (Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Measurement Specialties, Inc. (Company) covering substantially all employees who have ninety days of service and are eighteen years or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan. The Company may provide a matching contribution equal to a discretionary percentage. Participants direct the investments of all contributions and the employer contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts is based on years of service, as defined. A participant is 100% vested after four years of credited service.

Participant Loans

Participants may borrow from their accounts amounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5 percent to 10.5 percent, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Table of Contents**Payment of Benefits**

On termination of service a participant may elect to receive the value of his or her vested account as a lump sum distribution.

Forfeited Accounts

Forfeitures of the Company's contributions are used to reduce matching contributions or plan expenses.

2. Summary of Accounting Policies**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are primarily stated at fair value as determined by quoted market prices. Participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2006 and 2005.

	December 31,	
	2006	2005
Measurement Specialties, Inc., 89,220 and 92,871 shares, respectively	\$ 1,930,729	\$ 2,261,398

Fidelity Advisor Freedom 2020 Fund, 49,571 and 50,656 shares, respectively	\$ *	623,570
	\$ 1,738,463	1,908,575

Edgar Filing: Measurement Specialties Inc - Form 11-K

Fidelity Advisor New Insights Fund, 95,050 and
115,183 shares, respectively

Fidelity Advisor Mid Cap II Fund, 41,319 and
46,519 shares, respectively \$ * 678,244

* *Investment does not represent 5 percent or more of the Plan's net assets at end of the year.*

Table of Contents

During 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by 445,912 as follows:

Mutual Funds	\$ 676,111
Common stock	(230,199)
	\$ 445,912

4. Related Party Transactions

The Plan invests in various fund accounts managed by the trustee, Fidelity Investments Institutional Services Company, Inc. as well as shares of stock in the Company. At December 31, 2006, the Plan held 89,220 shares of Measurement Specialties, Inc. common stock with a fair value of \$1,930,729. At December 31, 2005, the Plan held 92,871 shares of Measurement Specialties, Inc. common stock with a fair value of \$2,261,398.

Certain administrative functions are performed by the officers and employees of the Company (who may be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited transactions because they are covered by the statutory administrative exemption from the Internal Revenue Code's and the ERISA's rules on prohibited transactions.

5. Tax Status

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated October 9, 2003. The letter states that the prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and the plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan Termination

Although it has not expressed its intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
