The enclosed Notice of Annual Meeting and Proxy Statement describe the formal business to be transacted at the Annual Meeting. During the Annual Meeting, we will also report on the operations of the Company and its primary operating subsidiary, IsoRay Medical, Inc. Directors and officers of the Company and representatives of the Company's auditor are expected to be present to respond to appropriate questions from shareholders.

Detailed information concerning our activities and operating performance during the fiscal year ended June 30, 2009 is contained in our Annual Report to Shareholders.

This year, in accordance with U.S. Securities and Exchange Commission rules, we are using the Internet as our primary means of furnishing proxy materials to shareholders. Consequently, most shareholders will not receive paper copies of our proxy materials. We will instead send these shareholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how shareholders may obtain paper copies of our proxy materials if they so choose. We believe this new procedure will make the proxy distribution process more efficient, less costly and help in conserving natural resources.

Whether or not you expect to attend in person, we urge you to vote your shares as soon as possible. As an alternative to voting in person at the meeting, you may vote via the Internet, by telephone or, if you receive a paper proxy card in the mail, by mailing the completed proxy card. Voting by any of these methods will ensure your representation at the meeting and will help ensure the presence of a quorum at the meeting.

Your vote is important. Whether or not you are able to attend in person, it is important that your shares be represented at the Annual Meeting. Accordingly, we ask that you please vote over the Internet or by telephone at your earliest convenience, or, if you receive a paper proxy card and voting instructions by mail, that you complete, sign and date the proxy card and return it in the enclosed envelope (to which no postage need be affixed if mailed in the United States) as soon as possible. If you do attend the Annual Meeting, you may withdraw your proxy and vote personally on each matter brought before the meeting.

We look forward to seeing you at the Annual Meeting.

If You Plan to Attend

Please note that space limitations make it necessary to limit attendance to shareholders. Admission to the meeting will be first-come, first-served basis. Shareholders holding stock in brokerage accounts ("street name" holders) will need to bring a copy of a brokerage statement reflecting stock ownership as of the record date to enter the meeting. Cameras, recording devices and other electronic equipment will not be permitted in the meeting.

Sincerely,

/s/ Dwight Babcock

PROXY STATEMENT
Annual Meeting of Shareholders
December 11, 2009

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the "Board") of IsoRay, Inc. of proxies to be voted at the Company's Fiscal 2010 Annual Meeting of Shareholders to be held on December 11, 2009 (the "Annual Meeting"), and at any adjournment or postponement of the Annual Meeting. These proxy materials were first sent on or about October __, 2009 to shareholders entitled to vote at the Annual Meeting.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Who may vote at the Annual Meeting?

The Board has set October 12, 2009 as the record date for the Annual Meeting. If you were the owner of Company common or preferred stock at the close of business on October 12, 2009 (the "record date"), you may vote at the Annual Meeting. You are entitled to one vote for each share of common or preferred stock you held on the record date.

What proposals will be voted on at the Annual Meeting?

Four proposals are scheduled to be voted on at the Annual Meeting. The first is the election of four directors to hold office until the Fiscal 2011 Annual Meeting of Shareholders. The second is the ratification of the appointment by the Audit Committee of DeCoria, Maichel & Teague, P.S. as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2010. The third is the approval of the issuance of not to exceed ten million shares of Common Stock (including shares of Common Stock issuable on exercise of warrants to purchase shares of Common Stock) at a price per share below the greater of the book value or market value at the time of issuance and to be issued pursuant to a registered direct offering. The fourth is the approval of the issuance of rights to purchase not to exceed ten million shares of Common Stock and the underlying Common Stock to be issued to shareholders of the Company upon exercise of shareholder rights which may be issued by the Company in the future at a price per share below the greater of book value or market value at the time of issuance. Proposals 3 and 4 are included to comply with NYSE Amex Company Guide Section 713, which requires shareholder approval prior to applying for the listing of any new issuance of shares in an amount equal to or greater than 20% of the Company's outstanding stock for consideration less than the greater of book or market value of the stock.

How many votes are required to approve the proposals?

The presence, in person or by proxy, of a majority of the outstanding shares of our common stock and preferred stock voting together as one class is necessary to constitute a quorum at the Annual Meeting. In counting the votes to determine whether a quorum exists at the Annual Meeting, we will use the proposal receiving the greatest number of all votes "for" or "against" and abstentions (including instructions to withhold authority to vote). As of October 12, 2009, there were 22,942,088 shares of common stock and 59,065 shares of preferred stock outstanding.

In voting with regard to the proposal to elect directors ("Proposal 1"), you may vote in favor of all nominees, withhold your vote as to all nominees or vote in favor of or withhold your vote as to specific nominees. The vote required to approve Proposal 1 is governed by Minnesota law and is a plurality of the votes cast by the holders of shares represented and entitled to vote at the Annual Meeting, provided a quorum is present. As a result, in accordance with Minnesota law, votes that are withheld will be counted in determining whether a quorum is present but will have no other effect on the election of directors.

In voting with regard to the proposal to ratify the Audit Committee's appointment of the independent registered public accounting firm ("Proposal 2"), with regard to the proposal to authorize the issuance of not to exceed ten million shares of Common Stock and/or warrants to purchase shares of Common Stock to investors in a registered public offering ("Proposal 3"), and with regard to the proposal to authorize the issuance of rights to purchase not to exceed ten million shares of Common Stock and the underlying Common Stock issuable to shareholders who exercise their shareholder rights, if any ("Proposal 4"), you may vote in favor of the proposals, vote against the proposals or abstain from voting. The vote required to approve Proposals 2, 3 and 4 is governed by Minnesota law and is the affirmative vote of the holders of a majority of the shares represented and entitled to vote at the Annual Meeting, provided a quorum is present. As a result, abstentions will be considered in determining whether a quorum is present and the number of votes required obtaining the necessary majority vote and therefore will have the same legal effect as voting against Proposals 2, 3 and 4.

You may either vote "FOR" or "AGAINST" Proposals 2, 3 and 4, and "FOR" or "WITHHOLD" authority to vote for each nominee for the Board. If you withhold authority to vote for the election of directors, your shares will not be voted with respect to the director or directors identified. If you sign and submit your proxy card without voting instructions, your shares will be voted "FOR" each proposal and all director nominees.

Under the rules of the New York and American Stock Exchanges (the "Exchanges") that govern most domestic stock brokerage firms, member firms that hold shares in street name for beneficial owners may, to the extent that such beneficial owners do not furnish voting instructions with respect to any or all proposals submitted for shareholder action, vote in their discretion upon proposals which are considered "discretionary" proposals under the rules of the Exchanges. These votes by brokerage firms are considered as votes cast in determining the outcome of any discretionary proposal. Member brokerage firms that have received no instructions from their clients as to "non-discretionary" proposals do not have discretion to vote on these proposals. If the brokerage firm returns a proxy card without voting on a non-discretionary proposal because it received no instructions, this is referred to as a "broker non-vote" on the proposal. "Broker non-votes" are considered in determining whether a quorum exists at the Annual Meeting, but are not considered as votes cast in determining the outcome of any proposal. We believe that Proposals 1 and 2 are discretionary.

As of October 12, 2009, our directors and executive officers held or controlled approximately 441,182 shares of our common stock, constituting approximately 1.9% of the outstanding common stock. As of October 12, 2009, our directors and executive officers did not hold or control any shares of our preferred stock. We believe that these holders will vote all of their shares of common stock in favor of each of the proposals.

How does the Board recommend that I vote?

The Board recommends that you vote your shares "FOR" each of the proposals and all of the director nominees. With respect to Proposals 3 and 4, the Board believes that it is very important that the Company be granted the flexibility to raise more capital. During the past year, it has been difficult for most companies to raise capital. Although management believes that the Company has sufficient capital for the next 12 months, to be able to implement management's plans to expand into other markets and to provide additional working capital for fiscal 2011, the Board believes it is important that Proposals 3 and 4 be approved. If neither Proposal 3 nor Proposal 4 are approved, the Company will most likely only be permitted to raise between \$2.5 and \$5 million, depending on the market price of the Company's Common Stock at the time the capital is raised, or substantially less than the approximately \$15 million in capital management believes is required to implement its plans for the Company.

Can my shares be voted on matters other than those described in this Proxy Statement?

Only under limited circumstances. We have not received proper notice of, and are not aware of, any business to be transacted at the meeting other than as indicated in this Proxy Statement. If any other item or proposal properly comes before the meeting, the proxies received will be voted on those matters in accordance with the discretion of the proxy holders.

How do I vote my shares without attending the Annual Meeting?

Shareholders of record can vote as follows:

✦ **Via the Internet:** Shareholders may vote through the Internet by following the instructions included with your Notice of Internet Availability of Proxy Materials.

✦ **By Telephone:** Shareholders may vote by telephone by following the instructions included with your Notice of Internet Availability of Proxy Materials.

✦ **By Mail:** Those shareholders who receive a paper proxy card in the mail may sign, date and return their proxy cards in the pre-addressed, postage-paid envelope that is provided with the mailed proxy materials. If you have misplaced your return envelope or need to return a proxy card from outside the United States, you may mail your proxy card to the address listed on the proxy card.

✦ **At the Meeting:** If you attend the Annual Meeting, you may vote in person by ballot, even if you have previously returned a proxy card or otherwise voted.

If your shares are held in "street name" through a broker, bank or other nominee, that institution will send you separate instructions describing the procedure for voting your shares. Please follow the directions you are given carefully so your vote is counted. "Street name" shareholders who wish to vote in person at the meeting will need to obtain a proxy form from the institution that holds their shares and present it to the inspector of elections with your ballot.

How do I vote my shares in person at the Annual Meeting?

If you are a shareholder of record and prefer to vote your shares at the Annual Meeting, you should bring the enclosed proxy card or proof of identification to the Annual Meeting. You may vote shares held in street name at the Annual Meeting only if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet, telephone or proxy card so your vote will be counted even if you later decide not to attend the Annual Meeting.

May shareholders ask questions at the Annual Meeting?

Yes. Representatives of the Company will answer a limited number of shareholders' questions of general interest at the end of the Annual Meeting. In order to give a greater number of shareholders an opportunity to ask questions, individuals or groups will be allowed to ask only one question and no repetitive or follow-up questions will be permitted.

What does it mean if I receive more than one proxy card?

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, sign and return each proxy card.

May I change my vote?

Yes. If you vote by mail, Internet or telephone, you may later change your vote and revoke your proxy card by:

- Sending a written statement to that effect to the Secretary of the Company before the commencement of the Annual Meeting on December 11, 2009;
 - Voting again via the Internet or telephone;
 - Submitting a properly signed proxy card with a later date;
 - Voting in person at the Annual Meeting; or
- If you hold shares through a bank or brokerage firm, by contacting your financial institution and following its procedure to revoke your prior voting instructions.

PROPOSAL 1 – ELECTION OF DIRECTORS

Nominees

Our Board currently consists of four members. The Board, on the recommendation of the Nominations and Corporate Governance Committee, has nominated the following four existing members of the Board for re-election to the Board at the Fiscal 2010 Annual Meeting: Dwight Babcock, Robert Kauffman, Thomas LaVoy and Albert Smith. Board Committees and Meetings

During the fiscal year ended June 30, 2009, the Board held four regular meetings. The Board has an Audit Committee, a Compensation Committee and a Nominations and Corporate Governance Committee.

Audit Committee. The Audit Committee is responsible to the Board for the areas of audit and compliance and oversees the Company's financial reporting process, including monitoring the integrity of the financial statements and the independence and performance of the auditors and supervises the Company's compliance with legal and regulatory requirements. The Committee operates under a charter approved by the Board. The Audit Committee Charter is attached as Appendix A to this Proxy Statement. The current members of the Audit Committee are Mr. LaVoy (Chairman), Mr. Kauffman and Mr. Smith. The Board has determined that Mr. LaVoy and Mr. Kauffman are "audit committee financial experts" as defined under SEC rules. The Board has affirmatively determined that none of the members of the Audit Committee have a material relationship with the Company that would interfere with the exercise of independent judgment and each of the members of the Audit Committee are "independent" as independence is defined in Section 121(A) of the listing standards of the NYSE Amex and Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

Compensation Committee. The Compensation Committee is responsible for establishing and reviewing the compensation and employee benefit policies of the Company. The members of the Compensation Committee are Mr. Smith (Chairman) and Mr. Kauffman, each of whom are "independent" directors within the meaning of SEC rules and NYSE Amex listing standards. The Committee operates under a charter approved by the Board. The Committee's charter as approved by the Board was attached as Appendix 2 to the Proxy Statement relating to the Annual Meeting held in February 2008. The Compensation Committee reviews and recommends to the Board for approval the compensation for the Company's Chief Executive Officer and all of its other executive officers, including salaries, bonuses and grants of awards under, and administration of, the Company's equity incentive plans. The Compensation Committee, among other things, reviews and recommends to the Board employees to whom awards will be made under the Company's equity incentive plans, determines the number of options to be awarded, and the time, manner of exercise and other terms of the awards. Although the Committee's charter authorizes the committee to retain an independent consultant, no third party compensation consultant was engaged for fiscal year 2009. The Chief Executive Officer provides input to the Compensation Committee with respect to the individual performance and compensation recommendations for the other executive officers.

Nominations Committee. The Nominations and Corporate Governance Committee consists of three directors who have all been determined to be "independent" as defined by applicable SEC rules and NYSE Amex listing standards. All directors except Mr. Babcock currently serve on the Nominations and Corporate Governance Committee and Mr. Kauffman serves as its Chairman. The Committee identifies and solicits recommendations from management of qualified individuals as prospective Board members. The Committee also recommends the director nominees to the Board for election at the annual meeting of shareholders. The Committee oversees the annual review and evaluation of the performance of the Board and its committees, and develops and recommends corporate governance guidelines to the Board. In addition, the Committee examines, evaluates, and monitors the independence of directors for general Board positions as well as for specific committee duties, and evaluates specific qualifications for members serving as audit committee financial experts. The Committee's charter as approved by the Board is attached as Appendix B to this Proxy Statement.

The Board and its committees may retain outside advisors as they determine necessary to fulfill their responsibilities. All committees report their activities to the full Board. Each committee charter is posted on the IsoRay website – www.isoray.com.

Each Board member attended at least 75% of the aggregate meetings of the Board and of the Committees on which he served that were held during the period for which he was a Board or Committee member in the Company's fiscal year ended June 30, 2009.

The following table summarizes the membership of the Board and each of its committees, as well as the number of times each committee met during the fiscal year ended June 30, 2009.

Report of the Audit Committee of the Board of Directors

The Audit Committee consists of three outside directors, each of whom has been determined to be financially literate and meets the independence standards for members of public company audit committees set forth in SEC rules adopted under the Sarbanes-Oxley Act of 2002 and applicable NYSE Amex listing standards. The Committee operates under a written charter adopted by the Board. Committee members include independent directors Thomas LaVoy (Chair), Robert Kauffman and Al Smith. Both Mr. LaVoy and Mr. Kauffman have each been determined to be qualified as an Audit Committee financial expert as defined in Item 407 of Regulation S-K.

The Committee provides assistance to the Board in fulfilling its oversight responsibilities relating to corporate accounting and reporting practices of the Company toward assurance of the quality and integrity of its consolidated financial statements. The purpose of the Committee is to serve as an independent and objective party to monitor the Company's financial reporting process and internal control system; oversee, review and appraise the audit activities of the Company's independent auditors and internal auditing function; and maintain complete, objective and open communication between the Board, the independent accountants, financial management, and the internal audit function. The Audit Committee met three times during the 2009 fiscal year.

The Company's independent auditor reports directly to the Committee. The Audit Committee is solely responsible to appoint or replace the Company's independent auditor, and to assure the auditor's independence and to provide oversight and supervision thereof. The Committee determines compensation of the independent auditor and has established a policy for approval of non-audit related engagements awarded to the independent auditor. Such engagements must not impair the independence of the auditor with respect to the Company, as prescribed by the Sarbanes-Oxley Act of 2002; thus payment amounts are limited and non-audit related engagements must be approved in advance by the Committee. The Committee determines the extent of funding that the Company must provide to the Committee to carry out its duties, and has determined that such amounts were sufficient in fiscal 2009.

With respect to the fiscal year ended June 30, 2009, in addition to its other work, the Committee:

- Reviewed and discussed with management the audited consolidated financial statements of the Company as of June 30, 2009 and the year then ended;
- Discussed with DeCoria, Maichel & Teague, P.S. the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, with respect to its review of the findings of the independent auditor during its examination of the Company's financial statements; and
- Received from DeCoria, Maichel & Teague, P.S. the written disclosure and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding its communications with the Audit Committee concerning independence. In addition, discussed with the auditors the firm's independence and determined that independence had been maintained.

The Committee recommended, based on the review and discussion summarized above, that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended June 30, 2009 for filing with the SEC.

Dated: October 12, 2009

AUDIT COMMITTEE
Thomas LaVoy, Chair
Robert Kauffman
Al Smith

The foregoing report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act, except to the extent the Company specifically incorporates this report by reference therein.

Nomination Process

The Nominations and Corporate Governance Committee is the nominating committee of the Board. The Committee is governed by the Company's Articles of Incorporation and Bylaws with respect to the nominations process. The Committee is responsible for recommending nominees for nomination by the Board for election to the Board. The Committee will consider nominations from shareholders, provided that such nominations are received by the Company's Secretary in accordance with the Articles of Incorporation, the Bylaws, and the date set in the prior year's proxy statement.

The Committee will perform the following duties with respect to director nominations: (a) consider the criteria for identifying and recommending individuals who may be nominated for election to the Board; (b) providing a recommendation to the Board of the slate of nominees for election to the Board; (c) as the need arises, make recommendations to fill vacancies and actively seek individuals qualified to become Board members; and (d) consider shareholder nominations for the Board when properly submitted in accordance with the Company's Articles of Incorporation and Bylaws.

The Committee will consider candidates for the Board who are recommended by its members, other Board members, shareholders and management, as well as those identified by a third party search firm the Company may retain to assist in identifying and evaluating possible candidates. The Committee evaluates candidates recommended by shareholders in the same manner that it evaluates other candidates. The Committee's evaluations will be based upon several criteria, including the candidate's broad-based business and professional skills and experiences; commitment to representing the long-term interests of shareholders; an inquisitive and objective perspective; the willingness to take appropriate risks; leadership ability; personal and professional ethics; personal integrity and judgment; and practical wisdom and sound judgment. Candidates should have reputations, both personal and professional, consistent with the Company's image and reputation.

At a minimum, the majority of directors on the Board should be "independent," not only as that term may be legally defined, but also without the appearance of any conflict in serving as a director. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the medical isotope industry. Accordingly, the Committee seeks to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to the Company.

The Committee will utilize the following process for identifying and evaluating nominees to the Board. In the case of incumbent directors whose terms of office are set to expire, the Committee will review such directors' overall service to the Company during their term, including the number of meetings attended, level of participation and quality of performance. In the case of new director candidates, the members of the Committee will be polled for suggestions as to potential candidates that may meet the criteria above, discuss candidates suggested by Company shareholders and may also engage, if the Board deems appropriate, a professional search firm. To date, the Board and the Committee have not engaged professional search firms to identify or evaluate potential nominees but may do so in the future, if necessary. The Committee will then meet to discuss and consider these candidates' qualifications and then choose a candidate to recommend by majority vote.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

IsoRay Medical, Inc.'s patent rights to its Cs-131 process were acquired from Lane Bray, a shareholder and employee of the Company, and are subject to a 1% royalty on gross profits and certain contractual restrictions. Pursuant to the royalty agreement, the Company must also pay a royalty of 2% of Gross Sales, as defined, for any sub-assignments of the aforesaid patented process to any third parties. The royalty agreement will remain in force until the expiration of the patents on the assigned technology, unless earlier terminated in accordance with the terms of the underlying agreement. During fiscal year 2007, the Company achieved its first gross margin and began making quarterly payments to Mr. Bray as outlined in the royalty agreement. The Company recorded royalty expense of \$20,063 and \$22,129 for the years ended June 30, 2009 and 2008, respectively, related to these payments.

Roger Girard, the Company's former Chairman and CEO, had personally guaranteed \$20,000 of the BFEDD loan, which was funded in December 2004. In exchange for his personal guaranty, Mr. Girard received 5,728 shares of common stock. As a condition of his resignation in February 2008, the Company prepaid \$20,000 on the BFEDD loan and obtained Mr. Girard's release and Mr. Girard in turn surrendered the 5,728 shares to the Company. As part of his settlement, Mr. Girard also surrendered 30,072 shares of common stock he had received in 2004 for personally guaranteeing a portion of a line of credit for the Company.

Mr. Girard and David Swanberg, the Company's former Executive VP – Operations, personally guaranteed a portion of the HAEIFC loan. As part of their resignations, the Company obtained their releases from these personal guarantees by prepaying \$60,000 and \$40,000, respectively.

Patent and Know-How Royalty License Agreement

Effective August 1, 1998, Pacific Management Associates Corporation (PMAC) transferred its entire right, title and interest in an exclusive license agreement with Donald Lawrence to IsoRay, LLC (a predecessor company) in exchange for a membership interest. The terms of the license agreement require the payment of a royalty based on the Net Factory Sales Price, as defined in the agreement, of licensed product sales. Because the licensor's patent application was ultimately abandoned, only a 1% "know-how" royalty based on Net Factory Sales Price, as defined, remains applicable. To date, management believes that there have been no product sales incorporating the "know-how" and that therefore no royalty is due pursuant to the terms of the agreement. Management believes that ultimately no royalties should be paid under this agreement as there is no intent to use this "know-how" in the future.

The licensor of the Lawrence "know-how" has disputed management's contention that it is not using this "know-how". On September 25, 2007 and again on October 31, 2007, the Company participated in nonbinding mediation regarding this matter; however, no settlement was reached with the Lawrence Family Trust. After additional settlement discussions which ended in April 2008, the parties still failed to reach a settlement. The parties may demand binding arbitration at any time.

Review and Approval of Related Party Transactions

The Board reviews all transactions between the Company and any of its officers and directors. The Company's Code of Ethics emphasizes the importance of avoiding situations or transactions in which personal interests may interfere with the best interests of the Company or its shareholders. In addition, the Company's general corporate governance practice includes Board-level discussion and assessment of procedures for discussing and assessing relationships, including business, financial, familial and nonprofit, among the Company and its officers and directors, to the extent that they may arise. The Board and the Nominations and Corporate Governance Committee review any transaction with an officer or director to determine, on a case-by-case basis, whether a conflict of interest exists. The Board ensures that all directors voting on such a matter have no interest in the matter and discusses the transaction with counsel as the Board deems necessary. The Board will generally delegate the task of discussing, reviewing and approving transactions between the Company and any related persons to the Nominations and Corporate Governance Committee.

Since the beginning of fiscal year 2009, we did not enter into any transactions with related persons that were subject to our related person transaction policy.

Director Independence

Using the standards of the NYSE Amex, the Company's Board has determined that Mr. Kauffman, Mr. LaVoy, and Mr. Smith each qualify under such standards as an independent director. Mr. Kauffman, Mr. LaVoy and Mr. Smith each meet the NYSE Amex listing standards for independence both as a director and as a member of the Audit Committee, and Mr. Kauffman and Mr. Smith each meet the NYSE Amex listing standards for independence both as a director and as a member of the Compensation Committee. Mr. Babcock, the Company's CEO and Chairman, is not independent under these standards. The Company did not consider any relationship or transaction between itself and these independent directors not already disclosed in this Proxy Statement in making this determination.

Director and Officer Indemnification

Our Articles of Incorporation provide to directors and officers indemnification to the full extent provided by law, and provide that, to the extent permitted by Minnesota law, a director will not be personally liable for monetary damages to us or our shareholders for breach of his or her fiduciary duty as a director, except for liability for certain actions that may not be limited under Minnesota law. In addition, the Company has entered into indemnification agreements with each of its directors and executive officers, pursuant to which the Company has agreed to indemnify such individuals for any claims made against such individuals based on any act, omission or breach of duty committed while acting as director or officer, except under certain circumstances such as cases involving dishonesty or improper personal benefit. The Company also maintains an insurance policy under which its directors and officers are insured against certain liabilities which might arise out of their relationship with the Company as directors and officers.

Vote Required for Election

The four persons receiving the highest number of affirmative votes will be elected as directors of the Company. Votes against a nominee or withheld from voting (whether by abstention, broker non-votes or otherwise) will have no legal effect on the vote.

REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has re-appointed the firm of DeCoria, Maichel & Teague, P.S. to serve as our independent registered public accounting firm for the fiscal year ending June 30, 2010, and has directed that such re-appointment be submitted to our shareholders for ratification at the Annual Meeting. If our shareholders do not ratify the re-appointment of DeCoria, Maichel & Teague, P.S., the Audit Committee will reconsider the appointment.

Representatives of DeCoria, Maichel & Teague, P.S. are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from shareholders.

Audit and Non-Audit Fees

The Company paid or accrued the following fees in each of the prior two fiscal years to its principal accountant, DeCoria, Maichel & Teague, P.S.:

	Year ended June 30, 2009	Year ended June 30, 2008
1. Audit fees	\$ 32,047	\$ 42,107
2. Audit-related fees	–	–
3. Tax fees	7,900	7,750
4. All other fees	–	–
Totals	\$ 39,947	\$ 49,857

Audit fees include fees for the audit of our annual financial statements, reviews of our quarterly financial statements, and related consents for documents filed with the SEC. Tax fees include fees for the preparation of our federal and state income tax returns.

As part of its responsibility for oversight of the independent registered public accountants, the Audit Committee has established a pre-approval policy for engaging audit and permitted non-audit services provided by our independent registered public accountants, DeCoria, Maichel & Teague, P.S. In accordance with this policy, each type of audit, audit-related, tax and other permitted service to be provided by the independent auditors is specifically described and each such service, together with a fee level or budgeted amount for such service, is pre-approved by the Audit Committee. The Audit Committee has delegated authority to its Chairman to pre-approve additional non-audit services (provided such services are not prohibited by applicable law) up to a pre-established aggregate dollar limit. All services pre-approved by the Chairman of the Audit Committee must be presented at the next Audit Committee meeting for review and ratification. All of the services provided by DeCoria, Maichel & Teague, P.S. described above were approved by our Audit Committee.

The Company's principal accountant, DeCoria, Maichel & Teague P.S., did not engage any other persons or firms other than the principal accountant's full-time, permanent employees.

The Board unanimously recommends that the shareholders vote "FOR" Proposal 2 to ratify the re-appointment of DeCoria, Maichel & Teague, P.S. as the independent registered public accounting firm of the Company.

PROPOSALS 3 & 4 – APPROVAL OF ADDITIONAL SHARE ISSUANCES AS
REQUIRED UNDER NYSE AMEX RULES

BACKGROUND AND ANALYSIS OF PROPOSALS 3 AND 4

RULE 135 DISCLAIMER:

Neither Proposal 3 nor Proposal 4 is an offer to sell any securities of the Company and the Company is not soliciting an offer to buy securities under the laws of the United States, any state in the United States, or any foreign jurisdiction.

Need for Additional Financing

With respect to Proposals 3 and 4, the Board believes that it is very important that the Company be granted the flexibility to raise more capital. During the past year, it has been difficult for most companies to raise capital. Although management believes that the Company has sufficient capital for the next 12 months, to be able to implement management's plans to expand into other markets and to provide additional working capital for fiscal 2011, the Board believes it is important that Proposals 3 and 4 be approved. If neither Proposal 3 nor Proposal 4 are approved, the Company will most likely only be permitted to raise between \$2.5 and \$5 million, depending on the market price of the Company's Common Stock at the time the capital is raised, or substantially less than the approximately \$15 million in capital management believes is required to implement its plans for the Company. Unless a significant number of the outstanding warrants sold in prior private placements and public offerings have been exercised, there are no other alternatives for raising equity capital at this time.

As there can be no assurance as to if or when any of our previously issued warrants will be exercised, as substantially all of them have exercise prices well above the current market price of the underlying common stock, management believes that obtaining shareholders' authorization for a prospective issuance of additional securities in an amount in excess of 20% of our existing outstanding shares and to be issued at a price per share below the greater of book value or market value at the time of the issuance (consisting of either Common Stock, warrants to purchase shares of Common Stock, rights to purchase shares of Common Stock, or any combination of the foregoing securities) is necessary.

Need for Shareholder Approval

Our Board of Directors has determined to consider two independent offerings to raise capital. The first offering ("Proposal 3"), if conducted, will be a direct offering of either common stock or of units consisting of warrants and common stock to be registered on a to-be-filed Form S-3 Registration Statement as a "shelf offering." This offering will be made to third party investors, likely pursuant to a best efforts underwriting agreement with a broker dealer. The securities offered will be sold at a discount that will not exceed fifteen percent (15%) of the greater of the Common Stock's book value or market value at the time of issuance.

The second offering contemplated ("Proposal 4") will, if conducted, be pursuant to a shareholder rights plan permitting existing shareholders of the Company to purchase rights which may be exercised to purchase Common

Edgar Filing: IsoRay, Inc. - Form PRE 14A

Stock of the Company at a discount that will not exceed fifteen percent (15%) of the greater of the book value or market value of the Common Stock at the time of issuance. If granted, these rights will be registered pursuant to a to-be-filed Form S-1 Registration Statement.

If either Proposal 3 or Proposal 4 is approved and the Board of Directors determines to conduct either a direct registered offering or a shareholder rights plan, each of these offerings will terminate within ninety (90) days of shareholder approval.

Our Board of Directors is contemplating the issuance of up to 10,000,000 shares of Common Stock, at a potential issuance price per share at a discount of not to exceed fifteen percent (15%) below the greater of a share of Common Stock's then-current book value or market value at the time of issuance, via either Proposal 3, Proposal 4, or a combination of Proposals 3 and 4. For this purpose, market value will be equal to the average closing prices of our Common Stock as reported on the NYSE Amex LLC (formerly known as AMEX), or such other market on which our shares may be trading for at least the five consecutive trading days immediately preceding the dates of sale.

The Common Stock that may be issued if Proposals 3 and/or 4 are approved by shareholders will have the same rights as our existing Common Stock, which does not have any preemptive rights associated with it.

Shareholder Approval Requirements

Under Rule 713 of the Company Guide of the NYSE Amex, on which our Common Stock is presently listed, we are required to obtain shareholder approval in connection with any transaction that involves the issuance of Common Stock, warrants or rights to purchase shares of Common Stock or other securities convertible into shares of Common Stock, that equals an aggregate of 20% of more of our then-outstanding Common Stock if we issue the stock at a price below the greater of its book value or market value at the time of issuance. Under such Rule, each of the potential issuances referenced in Proposals 3 and 4 may be regarded as a "stand-alone" issuance. As of October 12, 2009, the Company had approximately 22,942,000 shares outstanding.

Regardless of whether the shareholders approve Proposals 3 and 4, the Board of Directors has determined to issue 4.5 million shares of Common Stock (which is equal to less than 20% of the Company's currently outstanding Common Stock and under AMEX rules, the Board may issue such amount of Common Stock without shareholder approval), either directly, upon the exercise of warrants issued in conjunction with the Common Stock, or pursuant to the shareholder rights plan described in Proposal 4 below. However, in no event shall the Board of Directors approve the issuance of in excess of a total of \$15 million of gross proceeds to be raised through the sale of securities whether under a registered direct offering, shareholder rights plan or combination thereof.

The NYSE Amex has required, as a condition to listing, that the 20% limitation on issuance of new shares be imposed on the Company. It may only be removed upon receipt of shareholder approval of Proposals 3 and 4. Notwithstanding shareholder approval of Proposals 3 and 4, the listing on the NYSE Amex of any of the 10,000,000 shares that we may issue following such shareholder approvals will require NYSE Amex approval of an application for the listing of these additional shares. Furthermore, shareholder approval does not obviate the need for compliance with the requirements of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, or other NYSE Amex requirements.

Potential Negative Effect on our Stock Price

If Proposals 3 and 4 receive the necessary approvals, in respect of the potential issuance of up to an aggregate of 10,000,000 additional shares of our Common Stock in connection with a potential offering or upon the exercise of the warrants and rights described below (in Proposals 3 and 4), these shares could also become eligible for resale in the public markets upon the effectiveness of registration statements filed with the Securities Exchange Commission (the "SEC") covering their resale. Any such sales, or the anticipation of the possibility of such sales, would represent an overhang on the market and could depress the market price of our Common Stock.

Financial Information

The Company's audited consolidated financial statements, management's discussion and analysis of financial condition and results of operations, and other required financial information are incorporated by reference from the Company's annual report on Form 10-K for the fiscal year ended June 30, 2009, which was filed with the SEC on September 23, 2009 (see "Incorporation of Certain Documents by Reference" below). Representatives of DeCoria, Maichel & Teague, P.S., the Company's principal accountant for the current fiscal year and the 2009 fiscal year, are expected to be present at the Annual Meeting.

**PROPOSAL 3 – APPROVE, FOR PURPOSES OF THE NYSE AMEX COMPANY
GUIDE SEC. 713, THE ISSUANCE TO INVESTORS OF NOT TO EXCEED 10
MILLION TO-BE-REGISTERED SHARES OF OUR COMMON STOCK, WHICH
MAY INCLUDE SHARES RECEIVED UPON EXERCISE OF WARRANTS**

We plan to engage one or more broker dealers to conduct a best efforts offering of our Common Stock or a combination of our Common Stock and warrants to purchase shares of our Common Stock. The Board of Directors would like to raise up to a total of not to exceed \$15 million either through this proposed direct offering or through a combination of this proposed offering and through the exercise of stockholder rights as further discussed under Proposal 4 below. This proposed direct offering will likely be priced at a discount of not to exceed fifteen percent (15%) to the Company's market price of its shares of publicly traded common stock for a five consecutive trading day period immediately prior to issue. Shares will be registered pursuant to a to-be-filed Form S-3 Registration Statement and periodically sold as determined by the Company's financial advisors. This offering shall terminate within 90 days of shareholder approval.

In no event will the Board of Directors issue in excess of 10 million additional shares in the aggregate regardless of whether Proposals 3 or 4 are both approved. Therefore, if shareholders approve both Proposal 3 and Proposal 4 the Board will decide how many shares it will issue under either Proposal but the aggregate number of shares under both proposals will not exceed 10 million shares.

However, the 10 million shares does not include the 4.5 million shares that the Board may issue without receiving shareholder approval. Notwithstanding whether shareholder approval is obtained, the Board has authorized the issuance of 4.5 million shares. Regardless of how you decide to vote, the Company intends to offer not to exceed approximately 4.5 million shares (or a combination of shares and warrants) through one or more to-be-filed Registration Statements, which may represent shares to be issued upon exercise of rights (see Proposal 4 below) or shares to be issued pursuant to a registered direct offering. The Board of Directors is not requesting any approval of the sale of these initial shares or warrants. In no event will the Board authorize the issuance of securities with a value greater than a total of \$15 million and if the Board is able to raise \$15 million by issuing less than a total of 14.5 million shares, it will do so.

However, NYSE Amex Rule 713 prevents the listing of any new share issuance totaling more than 20% of the Company's total outstanding shares unless the Company obtains shareholder approval. As the Board would like to raise approximately \$15 million, it is unlikely that it can raise this amount without obtaining stockholder approval as the market price of the common stock would have to significantly increase beyond the price range it has maintained during the past year. The Board is asking for approval to issue an additional 10 million shares as at present market values this amount of shares should give the Company an opportunity to raise a total amount it believes is necessary to implement its plans to market its expansion into other cancer applications for its products outside the prostate market.

Shareholder approval will not obviate the need for NYSE Amex approval of an application for listing additional shares or for compliance with the Exchange Act or other NYSE Amex requirements.

If this Proposal 3 is approved, shareholders will experience substantial dilution as the total shares outstanding could increase from approximately 27.5 million (assuming an approximate additional 4.5 million shares are sold without shareholder approval in addition to the 10 million additional shares being approved under Proposals 3 and 4) to approximately 37.5 million shares. This dilution could increase depending on how many broker warrants will be issued as part of the financings. You should consider the potential dilution in determining whether to approve the proposal. Also, the substantial amount of shares being registered in the Registration Statement(s) could depress the market price of our common stock as long as shares remain unsold.

The approval of our Proposal 3 requires the affirmative vote of a majority of the shares of voting stock present or registered at the meeting and entitled to vote.

The Board unanimously recommends that the shareholders vote "FOR" Proposal 3 to approve, for purposes of the NYSE Amex Company Guide Section 713, the issuance of 10 million shares of common stock (including shares of common stock issuable on exercise of warrants to purchase shares of common stock) at a price per share below the greater of book value or market value at the time of issuance.

**PROPOSAL 4 – APPROVE FOR PURPOSES OF THE NYSE AMEX COMPANY
GUIDE SEC. 713, THE ISSUANCE OF RIGHTS TO PURCHASE NOT TO
EXCEED 10 MILLION SHARES OF COMMON STOCK AND THE UNDERLYING
COMMON STOCK ISSUABLE UPON EXERCISE OF SHAREHOLDER RIGHTS**

Shareholders have not been granted shareholder rights and this Proposal 4 is contingent on the Board of Directors granting shareholders rights to purchase the Company's Common Stock in the future. The Board of Directors is not obligated to grant shareholder rights and may determine not to do so, particularly if Proposal 3 is also approved.

The Board of Directors would like to raise up to a total of \$15 million either through the proposed direct offering discussed above in Proposal 3 or through a combination of Proposal 3 and the exercise of stockholder rights as further discussed herein in this Proposal 4.

In no event will the Board of Directors issue in excess of 10 million shares regardless of whether Proposals 3 or 4 are both approved. Therefore, if shareholders approve both Proposal 3 and Proposal 4, the Board will decide how many shares it will issue under either Proposal but the aggregate number of shares under both proposals will not exceed 10 million shares. Furthermore, in no event will the Board authorize the issuance of securities with a value greater than a total of \$15 million and if the Board is able to raise \$15 million by issuing less than a total of 14.5 million shares, it will do so.

Shares of common stock underlying the rights will be registered pursuant to a to-be-filed Registration Statement and periodically sold as shareholders exercise their shareholder rights. Shareholders will be able to exercise their rights, if any are issued, at a discount of not to exceed fifteen percent (15%) of the market price of the security.

However, the 10 million shares does not include the 4.5 million shares that the Board may issue without receiving shareholder approval. Notwithstanding whether shareholder approval is obtained, the Board has authorized the issuance of 4.5 million shares. Regardless of how you decide to vote, the Company intends to offer not to exceed approximately 4.5 million shares (or a combination of shares and warrants) through one or more to-be-filed

Registration Statements, which may represent shares to be issued upon exercise of rights or shares to be issued pursuant to a registered direct offering (see Proposal 3 above). The Board of Directors is not requesting any approval of the sale of these initial shares or warrants.

However, NYSE Amex Rule 713 prevents the listing of any new share issuance totaling more than 20% of the Company's total outstanding shares unless the Company obtains shareholder approval. As the Board would like to raise not to exceed \$15 million, it is unlikely that it can raise this amount without obtaining stockholder approval as the market price of the common stock would have to significantly increase beyond the price range it has maintained during the past year. The Board is asking for approval to issue an additional 10 million shares as at present market values this amount of shares should give the Company an opportunity to raise a total amount it believes is necessary to implement its plans to market its expansion into other cancer applications for its products outside the prostate market. This offering will terminate within 90 days of shareholder approval.

Shareholder approval will not obviate the need for NYSE Amex approval of an application for listing additional shares or for compliance with the Exchange Act or other NYSE Amex requirements.

If this Proposal 4 is approved, shareholders will experience substantial dilution as the total shares outstanding could increase from approximately 27.5 million (assuming an approximate additional 4.5 million shares are sold without shareholder approval in addition to the 10 million additional shares being approved under Proposals 3 and 4) to approximately 37.5 million shares. You should consider the potential dilution in determining whether to approve this Proposal 4. Also, this substantial amount of shares could depress the market price of our common stock as long as shares remain unexercised.

The approval of Proposal 4 requires the affirmative vote of a majority of the shares of voting stock present or registered at the meeting and entitled to vote.

The Board unanimously recommends that the shareholders vote "FOR" Proposal 4 to approve, for purposes of the NYSE Amex Company Guide Section 713, the issuance of rights to purchase and common stock issuable upon the exercise of said rights in an amount not to exceed 10 million shares of our common stock below the greater of book value or market value at the time of issuance.

Shareholder Proposals and Director Nominations

In order to be eligible for inclusion in the Company's proxy materials for the Fiscal 2011 Annual Meeting of Shareholders, any shareholder proposal to take action at such annual meeting must generally be received at the Company's executive offices at 350 Hills St., Suite 106, Richland, Washington 99354 no later than September 11, 2010 in order to be considered timely under SEC rules and the advance notice provisions of the Company's Bylaws. Shareholders wishing to submit recommendations for director candidates must provide the following information in writing to the attention of the Secretary of the Company by certified or registered mail:

- The name, address, and biography of the candidate, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director, if elected, and certain information regarding the shareholder giving such notice;

Unless otherwise provided in the Company's bylaws, a shareholder who wishes to put forth a proposal at the Fiscal 2011 Annual Meeting of shareholders without including the proposal in the Company's proxy statement must notify the Company of such proposal by October 11, 2010. If a shareholder fails to give notice by this date, the proxy solicited by the Company for use in connection with the Fiscal 2011 Annual Meeting will confer discretionary authority on the persons named as proxies to vote in their discretion on such proposal without any discussion in the proxy statement of either the proposal or how the proxies intend to exercise their voting discretion.

Qualifications

All members of the Committee shall be able to read and understand fundamental financial statements (including a company’s balance sheet, income statement, and cash flow statement) and at least one member must either have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background, which results in the individual’s financial sophistication, including being or having been a chief executive officer, chief financial officer, or other senior officer with financial oversight responsibilities or be an “audit committee financial expert” as defined by the SEC. In addition, the Committee may invite to its meetings any director, member of management of the Company, and such other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate.

As part of its goal to foster open communication, the Committee shall periodically meet separately with each of management, the director of the internal auditing department, if any, and the independent auditor to discuss any matters that the Committee or any of these groups believe would be appropriate to discuss privately. In addition, the Committee should meet with the independent auditor and management periodically to review the Company's financial statements in a manner consistent with that outlined in this Charter.

Duties and Responsibilities

The Committee shall carry out the duties and responsibilities set forth below. These functions should serve as a guide with the understanding that the Committee may determine to carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal, or other conditions. In this regard and as it otherwise deems appropriate, the Committee shall have the authority, without seeking Board approval, to engage and obtain advice and assistance from outside legal and other advisors as it deems necessary to carry out its duties. The Committee also shall have the authority to receive appropriate funding, as determined by the Committee, in its capacity as a committee of the Board of Directors, from the Company for the payment of compensation to any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company; to compensate any outside legal or other advisors engaged by the Committee; and to pay the ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee shall be given full access to the Company's internal audit group, if any, Board of Directors, corporate executives, and independent auditor as necessary to carry out these responsibilities. While acting within the scope of its stated purpose, the Committee shall have all the authority of the Board of Directors, except as otherwise limited by applicable law.

Notwithstanding the foregoing, the Committee is not responsible for certifying the Company's financial statements or guaranteeing the independent auditor's report. The fundamental responsibility for the Company's financial statements and disclosures rests with management and the independent auditor. It also is the job of the Chief Executive Officer and senior management, rather than that of the Committee, to assess and manage the Company's exposure to risk.

Documents/Reports Review

1. Discuss with management and the independent auditor, prior to public dissemination, the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and discuss with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61.
 2. Independent Auditors

5. Appoint, retain, compensate, evaluate, and terminate any accounting firm engaged by the Company for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company and, in its sole authority, approve all audit engagement fees and terms as well as all non-audit engagements with the accounting firm.

6. Oversee the work of any accounting firm engaged by the Company for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company, including the resolution of any disagreements between management and the independent auditor regarding financial reporting.

7. Pre-approve, or adopt procedures to pre-approve, all audit, audit related, tax, and other services permitted by law or applicable SEC regulations (including fee and cost ranges) to be performed by the independent auditor. Any pre-approved services that will involve fees or costs exceeding pre-approved levels will also require specific pre-approval by the Committee. Unless otherwise specified by the Committee in pre-approving a service, the pre-approval will be effective for the 12-month period following pre-approval. The Committee will not approve any non-audit services prohibited by applicable SEC regulations or any services in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported by the Internal Revenue Code and related regulations.

8. To the extent it deems it appropriate, delegate pre-approval authority to the Chairman of the Committee or any one or more other members of the Committee provided that any member of the Committee who has exercised such delegation must report any such pre-approval decisions to the Committee at its next scheduled meeting. The Committee will not delegate the pre-approval of services to be performed by the independent auditor to management.

9. 10. Inform each accounting firm engaged for the purpose of preparing or issuing an audit report or to perform audit, review, or attest services for the Company that such firm shall report directly to the Committee.

11. Review, at least annually, the qualifications, performance, and independence of the independent auditor. In conducting its review and evaluation, the Committee should do the following:

At least annually obtain and review a report by the Company's independent auditor describing (i) the auditing firm's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues; and (iii) all relationships between the independent auditor and the Company.

Ensure the receipt from the independent auditor of a formal written statement delineating all relationships between the auditor and the Company, consistent with Independence Standards Board Standard No. 1.

Actively engage in a dialogue with the independent auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditor.

Take, or recommend that the full Board of Directors take, appropriate action to oversee the independence of the independent auditor.

Ensure the rotation of the lead audit (or coordinating) partner at least every five years, and consider whether there should be regular rotation of the audit firm itself.

Confirm with the independent auditor that the lead (or coordinating) audit partner, the concurring (or reviewing) partner, and each other active audit engagement team partner satisfies the rotation requirements of Rule 2-01(c)(6) of Regulation S-X.

Take into account the opinions of management and the Company's internal auditor (or other personnel responsible for the internal audit function), if any.

Financial Reporting Process

12. In consultation with the independent auditor, management, and the internal auditor, if any, review the integrity of the Company's financial reporting processes, both internal and external. In that connection, the Committee should obtain and discuss with management and the independent auditor reports from management and the independent auditor regarding (a) all critical accounting policies and practices to be used by the Company and the related disclosure of those critical accounting policies under "Management's Discussion and Analysis of Financial Condition and Results of Operations"; (b) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including all alternative treatments of financial information within generally accepted accounting principles that have been discussed with the Company's management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent auditor; (c) all alternative treatments of financial statements within generally accepted accounting principals that have been discussed with the Company's management, the ramifications of the use of alternative disclosures and treatments, and the treatment preferred by the independent auditor; (d) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; (e) major issues as to the adequacy of the Company's internal controls and any specific audit steps adopted in light of material control deficiencies; (f) issues with respect to the design and effectiveness of the Company's disclosure controls and procedures, management's evaluation of those controls and procedures, and any issues relating to such controls and procedures during the most recent reporting period; (g) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures on the financial statements of the Company; (h) any significant matters arising from any audit, including audit problems and difficulties, whether raised by management, the internal auditor, if any, and the independent auditor, relating to the Company's financial statements; and (i) any other material written communications between the independent auditor and the Company's management.

13. Review periodically the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.
14. Review with the independent auditor any audit problems or difficulties encountered and management's response thereto. In this regard, the Committee will regularly review with the independent auditor (a) any audit problems or other difficulties encountered by the auditor in the course of the audit work, including any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management and (b) management's responses to such matters. Without excluding other possibilities, the Committee may review with the independent auditor (i) any accounting adjustments that were noted or proposed by the auditor but were "passed" (as immaterial or otherwise), (ii) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement, and (iii) any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditor to the Company.
15. 16. Discuss the scope of the annual audit and review the form of the opinion the independent auditor proposes to issue.
17. Review and discuss with management and the independent auditor the responsibilities, budget, and staffing of the Company's internal audit function, if any.

Legal Compliance/General

18. Review periodically, with the Company's counsel, any legal matter that could have a significant impact on the Company's financial statements.
 19. Discuss with management and the independent auditor the Company's guidelines and policies with respect to risk assessment and risk management. The Committee will discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
 20. Set clear hiring policies for employees or former employees of the independent auditor. At a minimum, these policies should provide that any accounting firm may not provide audit services to the Company if the Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Controller, or any person serving in an equivalent position for the Company was employed by the accounting firm and participated in any capacity in the audit of the Company within one year of the initiation of the current audit.
 21. Establish procedures for (i) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters; and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

28. Report regularly to the full Board of Directors. In this regard, the Committee should review with the full Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditor, and the performance of the internal audit function, if any.
29. The Committee shall provide such recommendations as the Committee may deem appropriate. The report to the Board of Directors may take the form of an oral report by the Chairman or any other member of the Committee designated by the Committee to make such report.
30. Maintain minutes or other records of meetings and activities of the Committee.

Limitation of Audit Committee's Role

With respect to the foregoing responsibilities and processes, the Committee recognizes that the Company's financial management, including the internal audit staff, if any, as well as the independent auditor have more time, knowledge, and detailed information regarding the Company than do Committee members. Consequently, in discharging its oversight responsibilities, the Committee will not provide or be deemed to provide any expertise or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor. It also is not the duty of the Committee to conduct investigations or to assure compliance with laws and regulations and the Company's internal policies and procedures.

Composition

The Committee shall consist of two or more members of the Board of Directors, each of whom is determined by the Board of Directors to be “independent” in accordance with the rules of the SEC and any other applicable regulatory authorities.

Appointment and Removal

The members of the Committee shall be appointed by the Board of Directors. Each member shall serve until such member’s successor is duly elected and qualified or until such member’s earlier resignation or removal. The members of the Committee may be removed, with or without cause, by a majority vote of the Board of Directors.

Chairman

Unless a Chairman is elected by the full Board of Directors, the members of the Committee shall designate a Chairman by majority vote of the full Committee membership. The Chairman will chair all regular sessions of the Committee and set the agendas for Committee meetings.

Delegation to Subcommittees

In fulfilling its responsibilities, the Committee shall be entitled to delegate responsibilities to a subcommittee of the Committee.

Meetings

The Committee shall meet as frequently as circumstances dictate. The Chairman of the Committee or a majority of the members of the Committee may call meetings of the Committee. Any one or more of the members of the Committee may participate in a meeting of the Committee by means of conference call or similar communication device by means of which all persons participating in the meeting can hear each other.

All non-management directors who are not members of the Committee may attend meetings of the Committee, but may not vote. In addition, the Committee may invite to its meetings any director, member of management of the Company, and such other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate.

Duties and Responsibilities

The Committee shall carry out the duties and responsibilities set forth below. These functions should serve as a guide with the understanding that the Committee may determine to carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal, or other conditions. The Committee shall also carry out any other responsibilities and duties delegated to it by the Board of Directors from time to time related to the purposes of the Committee outlined in this Charter.

In discharging its oversight role, the Committee is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate and shall have the sole authority, without seeking Board approval, to retain outside counsel or other advisors for this purpose, including the sole authority to approve the fees payable to such counsel or advisors and any other terms of retention.

Board Selection, Composition, and Evaluation

 3. The Company is of the view that the continuing service of qualified incumbents promotes stability and continuity in the board room, giving the Company the benefit of the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure, while contributing to the Board's ability to work as a collective body. Accordingly, the process of the Committee for identifying nominees shall reflect the Company's practice of re-nominating incumbent directors who continue to satisfy the Committee's criteria for membership on the Board, whom the Committee believes will continue to make important contributions to the Board and who consent to continue their service on the Board.

6. Conduct all necessary and appropriate inquiries into the backgrounds and qualifications of possible candidates. In that connection, the Committee shall have sole authority to retain and to terminate any search firm to be used to assist in identifying candidates to serve as directors of the Company, including sole authority to approve the fees payable to such search firm and any other terms of retention.
7. Consider questions of independence and possible conflicts of interest of members of the Board of Directors and executive officers.
