## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this quarterly report on Form 10-QSB contain or may contain forward-looking statements that are subject to known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These forward-looking statements were based on various factors and were derived utilizing numerous assumptions and other factors that could cause our actual results to differ materially from those in the forward-looking statements. These factors include, but are not limited to, our ability to consummate a merger or business combination, economic, political and market conditions and fluctuations, government and industry regulation, interest rate risk, U.S. and global competition, and other factors. Most of these factors are difficult to predict accurately and are generally beyond our control. You should consider the areas of risk described in connection with any forward-looking statements that may be made herein. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. Readers should carefully review this quarterly report in its entirety, including but not limited to our financial statements and the notes thereto. Except for our ongoing obligations to disclose material information under the Federal securities laws, we undertake no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

When used in this Quarterly Report on Form 10-QSB, "Techlabs," "we," "our," and "us" refers to Techlabs, Inc., a Florida corporation, and our subsidiaries.

### TECHLABS, INC. AND SUBSIDIARIES

#### Notes to Consolidated Financial Statements (Unaudited)

##### NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

**Business.** The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions of Form 10- QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustment (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2003 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2003. For further information, please refer to our audited financial statements and footnotes thereto for the fiscal year ended December 31, 2002 included in our Annual Report on Form 10-KSB as filed with the Securities and Exchange Commission.

**Going Concern.** The accompanying financial statements have been prepared assuming that Techlabs will continue as a going concern. As shown in the accompanying financial statements, Techlabs incurred a net loss of \$ 39,611 during the three months ended March 31, 2003 and has an accumulated deficit of \$8,160,599 at March 31, 2003. Although a substantial portion of Techlab's cumulative net loss is attributable to non-cash operating expenses, we believe that we will need additional equity or debt financing to be able to sustain our operations until we can achieve profitability, if ever. These matters raise substantial doubt about Techlabs ability to continue as a going concern.

The accompanying financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classifications of liabilities that might be necessary should Techlabs be unable to continue as a going concern.

##### NOTE 2. STATEMENT OF CASH FLOWS SUPPLEMENTAL DISCLOSURE

During the three months ended March 31, 2003 and 2002 Techlabs paid no income taxes.

##### NOTE 3. REALIZED LOSS ON INVESTMENT SECURITIES.

In May 1999, we purchased for cash consideration of \$50,000 a minority interest consisting of 50,000 shares of convertible preferred stock in Focalex, Inc. a privately- held company. The investment was recorded at cost. In January 2002 Thomas J. Taule, who served as our president and a member of our board of directors from April 1999 until February 1, 2002, sold the interest in Focalex back to that company for \$40,000. The transaction had not previously been disclosed to us, had not been authorized by our board of directors, and we did not become aware of the transaction until May 2002; the proceeds from the sale were not received by us. Our income statement for the three months ended March

investment securities of \$10,000 which is the difference between the historical cost and the amount received by our former president and we have offset the proceeds of \$40,000 received by him as a reduction in the long-term note payable to shareholders in the original principal amount of \$45,000 due him by Techlabs.

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### Results of Operations

For the three months ended March 31, 2003, we reported net revenues of \$6,270 as compared to net revenues of \$18,852 for the comparable three month period in fiscal 2002, a decrease of approximately 67%. Revenues represents fees earned by us from the rental of our StartingPoint.com email list to ResponseBase, a third party direct marketing company. ResponseBase is presently our sole source of revenues and at this time we are materially reliant on revenues from this customer.

Selling, general and administrative expenses were \$10,350 for the three months ended March 31, 2003 as compared to \$21,700 the respective period in fiscal 2002. We believe our SG&A expenses will continue at this approximate level in future quarters during the balance of fiscal 2003, absent any material change in our business and operations.

Other income (expense) for the three months ended March 31, 2003 and 2002 included \$1,350 and \$9,547, respectively, of interest expense due on loans made to us by our stockholders. In addition, during the three months ended March 31, 2002 we reported a \$10,000 realized loss on investment securities as described in Note 3 of the Notes to Consolidated Financial Statements (unaudited) appearing elsewhere in this report. We had no comparable transaction in the three months ended March 31, 2003.

Our net loss for the three months ended March 31, 2003 was \$39,611 as compared to a net loss of \$56,576 for the three months ended March 31 2002.

During the balance of fiscal 2003 we will continue to seek to establish partnerships or joint ventures with third parties whereby we can either license our assets or enter into some form of a business combination so that we can generate revenues from these assets and maximize their value. In addition, we are also seeking a private company with which we can consummate a merger or acquisition. We are seeking a business combination target that has historical operations and earnings, experienced management and which operates in an industry which provides opportunity for growth. We anticipate that business opportunities will be available to us through the contacts of our management and our attorneys. We have not identified any potential business opportunities as of the date of this report, and we cannot assure you that we will locate targets which meet our criteria. Even if we are successful in locating such a target, we cannot assure you that we will be successful in negotiating and closing such a business combination.

#### Liquidity and Capital Resources

At March 31, 2003, we had a working capital deficit of \$ 322,388 compared to a working capital deficit of \$257,050 at December 31, 2001. Net cash used by operating activities for the three months ended March 31, 2003 was \$14 as compared to \$1,200

for the three months ended March 31, 2002. Net cash provided by investing activities for the three months ended March 31, 2003 was \$0 as compared to net cash used by investing activities of \$38,000 during the comparable period in fiscal 2002. Net cash provided by financing activities for the three months ended March 31, 2003 was \$0 as compared to net cash used by financing activities of \$38,800 for the comparable period in fiscal 2002.

At March 31, 2003 we have an accumulated deficit of \$8,160,599, and the report from of our independent auditor on our audited financial statements at December 31, 2002 contained a going concern modification. We will continue to incur losses during the foreseeable future and have yet to achieve revenues sufficient to offset direct expenses and corporate overhead. We do not have any present commitments for capital expenditures. Our principal shareholder has historically advanced us funds from time to time for operating expenses and it has agreed to provide us with a \$250,000 working capital line. While this line of credit is sufficient to fund our operations at current levels, if we wish to expand our operations, or to enter into business combinations with as yet unidentified third parties, we will need additional working capital beyond the commitment from our principal shareholder. We cannot guarantee you that we will be successful in obtaining capital upon terms acceptable to us, if at all. Our failure to secure necessary financing could have a material adverse effect on our financial condition and results of operations.

#### ITEM 3. CONTROLS AND PROCEDURES

Our management, which includes our President who is our sole officer and director, has conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-14(c) promulgated under the Securities and Exchange Act of 1934, as amended) as of a date (the "Evaluation Date") within 90 days prior to the filing date of this report. Based upon that evaluation, our President has concluded that our disclosure controls and procedures are effective for timely gathering, analyzing and disclosing the information we are required to disclose in our reports filed under the Securities Exchange Act of 1934, as amended. There have been no significant changes made in our internal controls or in other factors that could significantly affect our internal controls subsequent to the Evaluation Date.
