GENERAL INFORMATION

Proxy Solicitation

This proxy statement is furnished to the holders of common stock of Aviation General, Incorporated in connection with the solicitation by the Company of proxies for use at the meeting to be held on June 18, 2004, at 2:00 pm local time, or at any adjournment thereof, at which the stockholders will consider and vote upon the proposals set forth in the accompanying notice. The Board is not currently aware of any other matters that will come before the Annual Meeting.

These proxy solicitation materials are first being mailed on or about May 19, 2004 to all stockholders entitled to vote at the Annual Meeting. Proxies will be solicited primarily by mail. The Company will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of the shares and will reimburse them for their expenses in so doing. Should it appear desirable to do so in order to ensure adequate representation of shares at the Annual Meeting, officers, agents and employees of the Company may communicate with stockholders, banks, brokerage houses and others by telephone, facsimile or in person to request that proxies be furnished. All expenses incurred in connection with this solicitation will be borne by the Company.

Revocability and Voting of Proxy

A form of proxy for use at the Annual Meeting and a return envelope for the proxy are enclosed. Stockholders may revoke the authority granted by their execution of proxies at any time before their effective exercise by filing with the Secretary of the Company, at the Company's headquarters at 6308 Long Meadow Road, McLean, Virginia 22101, a written notice of revocation or a duly executed proxy bearing a later date, or by voting in person at the Annual Meeting. Shares of common stock represented by executed and unrevoked proxies will be voted in accordance with

the choice or instructions specified thereon. If no specifications are given, the persons holding the proxies intend to vote the shares represented thereby to approve Proposal Number One and Proposal Number Two as set forth in the accompanying Notice of Annual Meeting of Stockholders, and in accordance with their best judgment on any other matters that may properly come before the Annual Meeting.

Record Date and Voting Rights

Stockholders of record at the close of business May 14, 2004 are entitled to notice of and to vote at the Annual Meeting. As of the record date, 7,260,846 shares of common stock were issued and outstanding, and there were no shares of the Company's preferred stock issued or outstanding. Each share of common stock is entitled to one vote on all matters that may properly come before the Annual Meeting. The holders of a majority of the outstanding shares of common stock, present in person or by proxy, will constitute a quorum at the Annual Meeting.

With respect to Proposal Number One and Proposal Number Two, abstentions and proxies relating to "street name" shares for which brokers have not received voting instructions from the beneficial owner ("Broker Non-Votes") will be counted to determine whether a quorum is present. In determining whether either such proposal has received the requisite number of favorable votes, abstentions will be counted as part of the total number votes cast on such proposal, whereas Broker Non-Votes will not be counted as part of the total number of votes cast on such proposal. With respect to Proposal Number One, abstentions will have the same effect as votes against the proposal, whereas Broker Non-Votes will have no effect in determining whether the proposal has been approved by the stockholders. With respect to Proposal Number Two, both abstentions and Broker Non-Votes will have the same effect as votes against the proposal.

At the Annual Meeting, ballots will be distributed with respect to each proposal to be voted upon to each stockholder (or the stockholder's proxy if not the management proxy holders identified in the form of proxy provided with this proxy statement) who is present and did not deliver a proxy to the management proxy holders or another person. The ballots will then be tallied, one vote for each share owned of record, the votes being in three categories: FOR, AGAINST, or ABSTAIN.

Votes at the Annual Meeting will be tabulated by an inspector of election appointed by the Company.

FORWARD-LOOKING STATEMENTS

From time to time, in written reports and oral statements, management may discuss its expectations regarding the Company's future performance. Generally, these statements relate to business plans or strategies, projected or anticipated benefits or other consequences of such plans or strategies or other actions taken or to be taken by the Company, including the impact of such plans, strategies or actions on the Company's results of operations or components thereof, projected or anticipated benefits from operational changes, acquisitions or dispositions made or to be made by the Company, or projections involving anticipated revenues, costs, earnings or other aspects of the Company's results of operations. The words "expect," "believe," "anticipate," "project," "estimate," "intend," and similar expressions, and their opposites, are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance but rather are based on currently available competitive, financial and economic data and management's operating plans. These forward-looking statements involve risks and uncertainties that could render actual results materially different from management's expectations.

All statements herein that are not statements of historical fact are forward-looking statements. Although management believes that the expectations reflected in such forward-looking statements are reasonable, there can be no assurance that those expectations will prove to have been correct. Certain other important factors that could cause actual results to differ materially from management's expectations are disclosed in this proxy statement and in other filings of the

Company with the Securities and Exchange Commission. Investors must recognize that events could turn out to be significantly different from what management currently expects.

PROPOSAL ONE

ELECTION OF DIRECTORS

Nominees

A Board of two directors is to be elected at the Annual Meeting. Unless marked to the contrary, all properly signed and returned proxies will be voted for the election of management's two nominees named below, both of whom are presently directors of the Company. If any nominee is unable or, for good cause, declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee designated by the present Board of Directors to fill the vacancy. The Company is not aware of any nominee who will be unable or will decline to serve as a director. The term of office of each person elected as a director will continue until the next annual meeting of stockholders or until a successor has been elected and qualified, or until their resignation as required by the agreement with Tiger, as discussed below under Proposal Two.

The following sets forth certain information regarding each of the nominees for election as director:

Wirt D. Walker, III, age 58, has served as a director of the Company from September 1989 to February 1991, as Chairman of the Board of Directors since May 1991 and as Chief Executive Officer since June 1998. Mr. Walker previously served as the Company's Chief Executive Officer from May 1991 to August 1991 and from December 1992 to May 1995. Since 1982, Mr. Walker has served as a director and the Managing Director of KuwAm Corporation, a private investment firm. He served as Chairman of Stratesec, Incorporated, a publicly traded provider of integrated technology security solutions, from 1992 until September 2003.

John H. deHavilland, age 53, has served as a director of the Company as well as President/CEO of its wholly owned subsidiary, Strategic Jet Services, since September 2000. He has twenty-two years of industry experience, most recently as President of deHavilland Aircraft, Incorporated from 1996 to 2000. DeHavilland Aircraft specialized in the purchase, refurbishment and brokerage of jet aircraft. From 1980 to 1996, he held several positions with British Aerospace, including Director of Sales and Marketing for the Turbo Prop Asset Management Division, Program Director and Market Development Director for the Corporate Jets Division, and Regional Marketing Manager for British Aerospace PLC Corporate Jets Division. His tenure at British Aerospace was interrupted from 1984 to 1987, during which Mr. deHavilland held the position of Managing Director/Head of Marketing at A.R.A.V.C.O Ltd in London.

Director Compensation

Directors are normally paid an annual fee of \$20,000, payable in equal quarterly installments, for services as a director. These fees are prorated when a director does not serve for a full year. Directors receive no additional compensation for committee participation or attendance at committee meetings, other than reimbursement of travel and lodging expenses.

The 1993 Stock Option Plan provides for the annual grant of a stock option to purchase 20,000 shares of common stock to each eligible non-employee and employee director of the Company. The 2003 annual options were granted to Mr. Walker on December 17, 2003. Mr. deHavilland waived receipt of any options under the plan.

Nominating Process

The Company does not have a nominating committee or any other committee performing similar function. Instead, the full Board of Directors performs the functions that otherwise would be performed by a nominating committee. In light of the fact that the Board of Directors consists of only two individuals, the Board of Directors believes that having a nominating committee would not enhance the nomination process. In addition, the Company does not have a formal

policy regarding the consideration of any director candidates recommended by security holders or specific, minimum qualifications for candidates for the Company's Board of Directors. Director nominees are nominated by the Company's Board of Directors, who are open to suggestions and consideration and nomination from and by other stockholders who wish to submit, suggest or nominate a candidate for the Company's Board of Directors.

Audit Committee

The Company does not have an audit committee or any other committee performing similar functions. Instead, the full Board of Directors performs the functions that otherwise would be performed by an audit committee, including appointing the Company's independent auditors, approving the compensation paid to the independent auditors and approving the services performed by the independent auditors. In light of the fact that the Board of Directors consists of only two individuals, the Company believes that having an audit committee would not be beneficial to the Company.

Ability of Stockholders to Communicate with the Board of Directors

The Company does not have a formal process for stockholders to send communications to the Board of Directors. Stockholders are invited to communicate directly with the Company's Board of Directors in the following manners: by telephone, fax, email, letter, overnight delivery service, or in person. Any such communications generally are directed to the Chairman of the Board of Directors for his consideration and, if he considers it appropriate, discussed with the other member of the Board of Directors.

Code of Ethics

The Company has not adopted a written code of ethics. The Board of Directors believes that the cost of implementing and monitoring a code of ethics would not be justified in light of the Company's current financial condition. In addition, the Board of Directors does not believe that a formal code of ethics would be beneficial to the Company, particularly in light of the limited number of directors and officers of the Company. The Board of Directors and management believe that all corporate officers and directors are individuals with high ethical standards and conduct themselves accordingly in carrying out their duties and responsibilities to the Company.

The exercise price of the stock subject to options was equal to the market value on the date of grant. The number of shares to be issued upon exercise of each option is subject to adjustment subsequent to any stock dividend, split-up, re-capitalization or certain other transactions.

During 2002, Messrs. Walker, deHavilland, and Criss, directors of the Company were each granted an option to purchase 20,000 shares of Common Stock pursuant to the 1993 Stock Option Plan. Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and any persons who own ten percent of the Company's common stock to file reports of initial ownership of the Company's common stock and changes in that ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent owners are also required to furnish the Company with copies of the Section 16(a) forms they file. Based solely upon a review of the copies of the forms furnished to the Company, the Company believes that during 2003 all Section 16(a) filing requirements were complied with, except that Wirt D. Walker III is late filing a report covering a grant of stock options to him in December 2003.

Employment Agreement

In July 2001 the Company entered into an employment agreement with Wirt

D. Walker III to serve as its Chief Executive Officer. Under the agreement, which has a five-year term expiring in July 2006, Mr. Walker receives a base salary of \$150,000 and may receive a bonus in an amount based on criteria as determined by the Board of Directors. If Mr. Walker is terminated for reasons other than cause within two years following a change in control of the Company, he is entitled to receive an additional payment equal to 2.99 times his salary then in effect.

PROPOSAL TWO

INCREASE IN AUTHORIZED SHARES OF COMMON STOCK

The Company's Board of Directors has approved, subject to stockholder approval, an amendment to its certificate of incorporation to increase its authorized common stock from 20,000,000 to 100,000,000 shares. The Company currently has approximately 7,260,846 common shares (excluding treasury stock that will be retired) issued and outstanding.

Purpose of the Increase

The Company has entered into an agreement with Tiger Aircraft LLC ("Tiger") under which it has agreed to issue and sell to Tiger that number of shares of its common stock that, after giving effect to the sale, will result in Tiger owning 80% of the issued and outstanding shares of the Company. The number of shares of common stock to be issued and sold pursuant to this agreement is approximately 28,000,000 shares and the purchase price is \$2,800,000. Because the Company currently has only 12,739,154 authorized but unissued shares available to issue in this transaction, the Company will be unable to consummate the transaction unless the certificate of incorporation is amended to increase the number of authorized shares.

The Tiger transaction will provide the Company with capital to be contributed to its wholly owned subsidiary, Commander Aircraft Company, a Delaware corporation ("Commander"), to be used by Commander to fund its First Amended Chapter 11 Plan (the "Plan") as filed in proceedings pending in the United States Bankruptcy Court for the District of Delaware captioned In Re Commander Aircraft, Inc., Case No. 02-13804.

The Board of Directors believes that this transaction is in the best interests of the Company, its creditors, and its stockholders, and recommends that stockholders vote to approve the amendment to the Company's certificate of incorporation.

The Company's agreement with Tiger is included as an appendix to this proxy statement, and a copy of the Company's 2003 annual report on Form 10-KSB is being delivered with this proxy statement.

Overview and Background

The Company is a publicly traded holding company (Pink Sheets: AVGE.PK) incorporated in the State of Delaware. The Company has two wholly owned subsidiaries: Commander and Strategic Jet Services, Inc. ("SJS"). Commander (www.commanderair.com) manufactures, markets, and provides support services for its own line of single engine, high performance Commander aircraft, and provides consulting, brokerage, and refurbishment services for all types of piston-powered aircraft. SJS previously provided consulting, brokerage, sales, and refurbishment services for jet aircraft.

As a result of financial difficulties experienced by the Company, during the fourth quarter of 2002, SJS discontinued its operations and Commander suspended production of new aircraft. The Company also implemented other cost and overhead reductions due to the weakness in the Company's business. Management believes this weakness has been primarily the result of depressed economic conditions and anxiety over terrorism and the war in Iraq, which have had a pronounced, adverse effect on large discretionary capital expenditures by businesses and individuals. For more information concerning the Company's financial condition and results of operations, please refer to its annual report on Form 10-KSB that was delivered with this proxy statement, including the financial statements and notes and the section titled "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in that report.

On December 27, 2002, Commander filed a voluntary petition under Chapter 11 of the United States Bankruptcy Code in United States bankruptcy court for the District of Delaware. In connection with that filing, management's plan was to:

- continue Commander's operations and provide service and support to the fleet of Commander aircraft owners, including refurbishment services, parts, and pre-owned aircraft brokerage;
- secure adequate Debtor-in-Possession, or "DIP" financing to allow Commander to continue to operate; and
- obtain investor funding for a financial reorganization plan that would allow Commander to emerge from bankruptcy with the Company retaining ownership of Commander and the Company's stockholders retaining some equity ownership in the Company.

Management believes that it has been successful in fulfilling these objectives. Commander filed a final plan of reorganization on July 5, 2003, following the execution of a letter agreement on that same date with Tiger to fund the plan. The Company entered into a definitive stock purchase agreement with Tiger on November 1, 2003, following which an amended plan was filed with the bankruptcy court on December 10, 2003. The bankruptcy court confirmed this plan on December 10, 2003, with the effective date scheduled for on or before June 30, 2004, unless extended by the consent of Commander, the Company, Tiger, the official committee of unsecured creditors, the U. S. Department of Labor, and Nytiak Investments, LLC. For additional information concerning the plan, please refer to the Company's 2003 annual report on Form 10-KSB, particularly Note R of the notes to the financial statements included in that report.

The agreement with Tiger resulted from months of negotiations, contact by members of management with other potential investors, and legal proceedings pursuant to the bankruptcy process that also allowed and invited potential investors to submit investment and financing proposals directly to the court for consideration. Despite these endeavors and this process, no other viable investment or financing proposal, either in the form of a serious expression of interest or a letter of intent, was received by the Company or the court.

Since the bankruptcy filing, Tiger has provided Commander with DIP financing, which has allowed Commander to continue its operations and provide service and support to the fleet of Commander aircraft owners. Commander expects to resume the production of new aircraft following the consummation of the transaction with Tiger.

Description of the Agreement

Tiger and the Company have entered into a stock purchase agreement dated as of November 1, 2003. Under the agreement, Tiger has agreed to purchase for \$2.8 million shares of common stock of the Company that will constitute 80% of the issued and outstanding shares following the transaction. The purchase price is payable \$2.3 million in cash at closing and \$500,000 in the form of a demand note. Based upon the number of shares outstanding as of the record date for the Annual Meeting, Tiger would be entitled to receive approximately 28,000,000 shares of Company common stock. In addition, Tiger will be granted warrants to purchase four shares of common stock at a price of \$0.01 per share for each share of common stock issuable upon exercise of Company stock options outstanding as of the date of the agreement. These warrants will be exercisable only upon exercise of existing Company stock options, all of which are substantially out-of-the-money at this time. The exact numbers of shares of common stock and warrants to be issued to Tiger will be determined based upon the number of shares of Company common stock and stock options outstanding immediately prior to closing of the transaction.

The agreement includes representations, warranties and closing conditions customary for agreements of this nature, including due authorization of the shares to be issued in the transaction. In addition, the agreement requires that Tiger shall have received the resignations of the directors of the Company and its subsidiaries.

Effect of the Transaction

Approximately \$2 million of the proceeds of Tiger's investment will be used to finance Commander's bankruptcy plan. The Company will contribute this amount to Commander in exchange for common stock of the reorganized

Nominees

entity, which in turn will use it to pay creditors of Commander in accordance with the bankruptcy plan. The remaining approximately \$800,000 will be used by the Company for working capital. Under the plan, approximately \$3 million of the Company's consolidated indebtedness will be extinguished. The remaining \$800,000 of proceeds of Tiger's investment will be available to the Company for working capital purposes. The Company believes that this reduction in debt and infusion of working capital will enable it to resume manufacture of new Commander aircraft and continue operations. There can be no assurance, however, that the Company will not require additional working capital in the near future or that additional capital will be available, if required.

Tiger or a designated affiliate will, following the consummation of the proposed transaction, own 80% of the outstanding common stock of the Company and will thus have the ability to control the business and management of the Company. Tiger will designate the individuals to fill the vacancies on the Company's Board of Directors created by the resignation of the Company's current directors on the closing date of the transaction.

Information Concerning Tiger

Tiger Aircraft, LLC, is a privately held West Virginia limited liability company, whose stockholders are Yao Wha Glass Co., a subsidiary of the Ministry of Economic Affairs, R.O.C., Segull Décor Ltd., Overseas Industrial Development Corp. R.O.C., and TFX Management Group Inc., a subsidiary of Teleflex Incorporated, a public company listed on the New York Stock Exchange.

Tiger manufactures, sells, and supports a four place entry level aircraft that is complementary in the market place with the four place high performance aircraft produced by Commander. It is expected that the relationship with Tiger will produce some manufacturing, operational, and marketing synergies and efficiencies.

Interests of Certain Persons in the Transaction

Under the Company's agreement with Tiger, the Company's directors are required to resign effective upon consummation of the transaction. It is the Company's understanding that Tiger intends for the Company to retain the Company's President, Matthew Goodman, and its Chief Financial Officer, Glenn Jackson, following the transaction. In addition, Wirt D. Walker III, the Company's Chairman and Chief Executive Officer, currently has an employment agreement with the Company, which is described above. While Mr. Walker and representatives of Tiger have discussed the possibility of renegotiating this agreement and Mr. Walker providing services to the Company as a consultant or in some other capacity following the transaction, there currently are no agreements or understandings to that effect and the Company does not anticipate renegotiating Mr. Walker's agreement prior to consummation of the transaction, if at all.

The President of Tiger, N. Gene Criss, held various positions with the Company, including President and Chief Executive Officer, from November 1992 until June 1998, and was a director of the Company from August 1993 until June 2003. Mr. Criss currently owns less than 1% of the outstanding shares of Common Stock of the Company.

Effect of a Failure to Approve the Proposal

If the certificate amendment is not approved, the Company will not be able to consummate the transaction with Tiger and Commander will not be able to implement its bankruptcy plan. As a result, it will not have sufficient working capital to continue operations, and could be subject to legal actions by creditors resulting in the liquidation of the Company.

Board Recommendation

The Board of Directors of the Company recommends that stockholders vote "FOR" the proposed amendment to the Company's certificate of incorporation.

Change in Accountants.

On November 4, 2003, the Company appointed Murrell, Hall, McIntosh & Co PLLP as its independent auditors.

On February 14, 2003, Grant Thornton LLP ("Grant Thornton") resigned as independent auditors of the Company. Grant Thornton advised the Company that the reason for its resignation was that it had determined that in light of the Company's financial condition and size, the Company did not meet Grant Thornton's then current criteria for public-company audit clients.

Nominees

The reports of Grant Thornton as of and for the fiscal years ended December 31, 2001 and 2000 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles, except that the report on the Company's 2001 financial statements contained an explanatory paragraph describing an uncertainty about the Company's ability to continue as a going concern. During the two fiscal years ended December 31, 2001, and during the subsequent interim periods prior to February 14, 2003, there were no (i) disagreements between Grant Thornton and the Company on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused it to make a reference to the subject matter of the disagreement in connection with its reports on the Company's financial statements, or (ii) events as described in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934, as amended, except as described below.

On February 21, 2003, the Company filed a report on Form 8-K disclosing the resignation of Grant Thornton, and on March 7, 2003 the Company filed an amendment to the report on Form 8-K. The March 7 amendment included as an exhibit a letter from Grant Thornton dated March 5, 2003. The Company is further amending the report on Form 8-K to include under this Item 4 the following language, which was contained in Grant Thornton's March 5 letter previously filed as an exhibit. References to "we" and "us" in this excerpt from Grant Thornton's letter refer to Grant Thornton.

"On January 10, 2003, the Registrant filed a Form 10-QSB/A for the period ended June 30, 2002, in which the Registrant reported that:

During the preparation of the third quarter 2002 financial statements, management identified certain excess capacity costs of approximately \$662,000 which were capitalized as work in process inventories as of June 30, 2002. Management believes these costs were incurred primarily as a result of the reduced manufacturing environment and should have been expensed during the second quarter 2002.

Management reported this improper capitalization to us in November 2002. By way of a letter dated February 14, 2003 (Internal Control Communication), we notified the Registrant's Management and Audit Committee of certain matters involving internal control and its operation that we considered to be reportable conditions under standards established by the American Institute of Certified Public Accountants. More particularly, we informed them that "...the reportable condition relating to work in process inventory [that] included significant excess capacity costs that should have been expensed as incurred, " in our view, constituted "a material weakness...." We also noted in our Internal Control Communication that:

We have been informed that management took appropriate remedial actions to amend the second quarter interim financial statements and implemented additional controls to provide reasonable assurance that excess capacity costs are expensed and not capitalized as work in process inventory.

Separately, and in addition to the matter involving the capitalization of excess capacity costs, we also pointed out in our February 14, 2003 Internal Control Communication that the Registrant's "...current principal financial officer and existing accounting department staff may lack the requisite expertise needed for assessing and applying new and non-routine accounting principles and for preparing required financial and SEC reporting disclosures" and made recommendations for improvement."

We have responded to this concern by engaging the services of an outside Certified Public Accountant on a consulting basis to assist our principal financial officer with assessing and applying new and non-routine principles and in preparing financial and other disclosures.

The Company furnished Grant Thornton with a copy of this amendment to its report and requested it to furnish the Registrant with a letter addressed to the Commission stating whether it agrees with the statements made by the

Registrant in response to Item 304(a) of Regulation S-K and, if not, stating the respects in which it does not agree. A copy of Grant Thornton's letter is filed as Exhibit 16 to the amendment to Form 8-K.

(B) The enforcement of Tiger's right to indemnification under this Agreement.

Tiger shall give written notice to AGI of any claim, action, suit or proceeding relating to the indemnity herein provided by AGI not later than ten (10) days after Tiger has received notice thereof. AGI shall have the right, at its option, to compromise or defend, at its own expense and by its own counsel (which counsel shall be reasonably satisfactory to Tiger), any such action, suit or proceeding. Tiger and AGI agree to cooperate in any such defense or settlement and to give each other full access to all information relevant thereto.

(2) Except as herein expressly provided, the remedies provided in paragraph 7(d) hereof shall be cumulative and shall not preclude assertion by Tiger of any other rights or the seeking of any other remedies available against AGI at law or in equity.

8. Concerning the DIP Financing.

(a) The Court has heretofore approved Debtor-in-Possession Financing ("DIP Financing") whereby Tiger was authorized to lend to Commander, and Commander was authorized to borrow from Tiger, the sum of \$300,000, plus additional amounts at the rate of \$50,000 per month beginning October 7, 2003 and continuing each month thereafter until the earlier of the Closing or such date as this Agreement shall be terminated (the "Additional DIP Financing")(the DIP Financing and the Additional DIP Financing are sometimes collectively referred to herein as the "Revised DIP Financing"); which DIP loan is an administrative claim in the Chapter 11 Proceedings and is secured by those assets set forth in the various loan documents executed in connection with the DIP Financing. As of the date hereof, Tiger has advanced the principal sum of \$300,000 in respect of the Revised DIP Financing.

(b) Tiger agrees to advance the Additional DIP Financing to Commander as needed and reasonably approved by Tiger up to the cumulative amounts authorized by the Court, not to exceed Fifty thousand Dollars (\$50,000) in any month between the date hereof and the Closing (except that Tiger understands that Commander may need up to \$100,000 during the month of November 2003 in order to be able to satisfy certain obligations that have been disclosed to Tiger), subject to the following conditions:

- (1) The representations and warranties made by AGI as set forth herein shall be true and correct as of the date of each request for advance of the Additional DIP Financing;
- (2) Commander shall have provided to Tiger a statement of proposed uses of funds and such additional information as to sources and uses of available cash all in such detail as Tiger may request;
- (3) Commander shall have provided to Tiger, at such intervals as Tiger may specify, statements of receipts and disbursements setting forth in such detail as Tiger may request the actual sources and uses of cash; and
- (4) Commander shall provide such other and additional information as to its operating and financial condition as Tiger may request from time to time.

Advances of any amounts of the Revised DIP Financing may, at Tiger's election and with Commander's approval, be made directly to Commander, or, directly to Commander's vendors or creditors.

(c) Notwithstanding the terms applicable to the DIP Financing as previously approved by the Court, Tiger agrees that the principal and accrued interest on the Revised DIP Financing shall not be called, and demand therefore shall not be made until the occurrence of the earliest of the following events:

- (1) The Effective Date of the Plan and Closing or of any other Plan which may be confirmed in the Chapter 11 Proceeding;

(2) Dismissal of the Chapter 11 Proceeding; or

(d) In the event that Tiger breaches its agreement to purchase the Purchased Shares at the Closing (and provided that all of the conditions precedent to Tiger's obligation to close have been satisfied), then, as AGI's and Commander's sole and exclusive remedy for any breach of this Agreement, the first \$430,000 in principal of monies advanced in respect of the Revised DIP Financing, together with interest accrued thereon (the "Liquidated Damage Amount"), shall be forgiven, and the Liquidated Damage Amount forgiven shall be deemed paid to Commander from Tiger's prior advances of the Revised DIP Financing, all as liquidated damages, and not as a penalty; provided that such forgiveness of Liquidated Damage Amount of the Revised DIP Financing as liquidated damages shall not in any manner affect Commander's continuing obligations in respect of any balance of the Revised DIP Financing in excess of the Liquidated Damage Amount or Tiger's security therefore. To the extent that Tiger breaches this Agreement at any time and, at the time of such breach the principal amount of the Revised DIP Financing shall be less than the Liquidated Damage Amount then, in such case, Tiger shall be obligated to pay the difference between the then outstanding balance of the Revised DIP Financing and the Liquidated Damage Amount to Commander in satisfaction of its obligation under this Section to pay the entire Liquidated Damage Amount. Except for the provisions in this Section for payment of the Liquidated Damage Amount, in the event that Tiger or any Affiliated Nominee shall fail, for any reason or no reason whatsoever (provided that the conditions precedent to Tiger's obligations have been fulfilled) to consummate the transactions contemplated hereunder, then, upon Tiger's delivery to AGI and Commander of appropriate instruments for the forgiveness of the Liquidated Damage Amount and the forgiveness of the AGI Advance (as provided in Section 13 hereof), this Agreement shall automatically terminate and none of the Parties (or their affiliates) shall have any further obligations to the other in respect of the transactions contemplated hereby or otherwise (except for Commander's continuing obligation with respect to its then remaining obligations in accordance with the terms and conditions of the Revised DIP Financing in excess of the Liquidated Damage Amount, which obligations shall continue unaffected by the provisions of this Section).
