SPECIAL NOTE REGARD FORWARD-LOOKING STATEMENTS

Certain statements contained in this report, including information with respect to our future business plans, constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “33 Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “34 Act”). For this purpose, any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements, subject to a number of risks and uncertainties that could cause actual results to differ significantly from those described in this report. These forward-looking statements include statements regarding, among other things, our business strategy and operations, future expansion plans, future prospects, financial position, anticipated revenues or losses and projected costs, and objectives of management. Without limiting the foregoing, the words “may,” “will,” “should,” “could,” “expects,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “potential” or “continue” or the negative terms and other comparable terminology are intended to identify forward-looking statements. There are a number of important factors that could cause our results to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to, changes in economic conditions generally and the real estate and bond markets specifically, legislative/regulatory changes (including changes to laws governing the taxation of real estate investment trusts (“REITs”)), possible sales of assets, the acquisition restrictions placed on the Company by its investment in Berkshire Multifamily Value Fund, LP, (“BVF” or the “Fund”), the acquisition restrictions placed on the Company by an affiliated entity Berkshire Multifamily Value Fund II, LP, (“BVF II” or “Fund II”), availability of capital, interest rates and interest rate spreads, changes in accounting principles generally accepted in the United States of America (“GAAP”) and policies and guidelines applicable to REITs, those factors set forth herein in Part I, Item 1A. “Risk Factors” and other risks and uncertainties as may be detailed from time to time in our public announcements and our reports filed with the Securities and Exchange Commission (the “SEC”).

The risks listed here are not exhaustive. Other sections of this report may include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risks factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, undue reliance should not be placed on forward-looking statements as a prediction of actual results.

As used herein, the terms “we”, “us”, “BIR” or the “Company” refer to Berkshire Income Realty, Inc., a Maryland corporation incorporated on July 19, 2002. The Company is in the business of acquiring, owning, operating and renovating multifamily apartment communities. Berkshire Property Advisors, L.L.C. (“Berkshire Advisor” or “Advisor”) is an affiliated entity we have contracted with to make decisions relating to the day-to-day management and operation of our business, subject to the Board of Directors (“Board”) oversight. Refer to Part III, Item 13 – Certain Relationships and Related Transactions and Director Independence and Notes to the Consolidated Financial Statements, Note 12 –Related Party Transactions of this Form 10-K for additional information about the Advisor.

PART I

ITEM 1. BUSINESS

Executive Summary

2007 was another year of successful operations for Berkshire Income Realty, Inc. (“BIR”). BIR adjusted its property holdings with the acquisition of two properties, Hampton House in Towson, Maryland and Sunfield Lakes in Sherwood, Oregon in transactions that approximated \$44,750,000 of aggregate purchase price at the time of purchase,

while selling its interest in Dorsey's Forge ("Dorsey's") for net proceeds of \$13,137,316 and Trellis at Lee's Mill ("Trellis") for net proceeds of \$5,256,480. Sunfield Lakes represents the Company's entry into a new submarket with its first acquisition in the Northwest region of the country. The Company funded an additional \$8,890,950 of its total commitment of capital of \$23,400,000 in BVF, a limited partnership, and affiliate of the Company, bringing the total that has been invested by the Company as of year end to \$21,072,251, or approximately 90.1% of its total commitment.

During 2007 the Company continued to aggressively finance and refinance its portfolio to minimize the effect of rising mortgage interest rates and maximize the cash available for capital investments. Fixed rate first mortgages of \$39,440,000 were financed on the newly acquired properties and one of the previously acquired properties at an average interest rate of approximately 6.03%. Fixed rate supplemental mortgages of \$15,050,000 were obtained on a group of four existing properties at an average interest rate of approximately 6.01% and the Company refinanced approximately \$6,400,000 of outstanding debt with new fixed rate first mortgage debt of \$18,600,000 at 5.71%.

2007 occupancy levels remained stable in the low 90% range which, approximate average occupancy levels from the prior year at the Company's Same Portfolio Properties ("Same Store"). Occupancy levels benefited from the Company's strategy for setting rental rates, which generally tries to balance occupancy with rental increases to achieve market level occupancy rates and suffered slightly from vacancies experienced at properties undergoing rehabilitation projects due to turnover of units being renovated. In periods of market softness, BIR will offer short-term rental concessions to new and renewing tenants at properties within markets experiencing the softness to maintain occupancy without producing significant fluctuations in market rental rates. This strategy allows the Company to react appropriately to market condition changes without subjecting the Company to extended periods of reduced rental rates.

It is the Company's strategy to increase the value of its portfolio by implementing property management improvements and physical asset improvements at its properties. As in past years, the Company's efforts executing property management improvements and renovations of certain properties in the portfolio continued to realize the desired operating results during 2007. Berkshires on Brompton, a renovation project in Texas that started in 2005, was completed during the year and was another example of a rehabilitation project that met the Company's projected targets with respect to returns on the capital invested in the project and increased rents achieved on renovated units placed back into service. Additionally, a renovation project at the Chisholm Place property, also located in Texas, was completed during the year with similar positive rent increases and capital returns. The completion of the rehabilitation project at Berkshires on Brompton allowed the Company to take advantage of improved property operating results to refinance the outstanding mortgage on the property.

In 2008, the Company intends to continue to consider the adjustment of the portfolio through sourcing strategies that include market, non-market/seller direct, bank and lender owned real estate and foreclosure auctions. The Company intends to continue to invest funds as they become available in qualifying investment opportunities, if any, in the form of new acquisitions, new development projects and the renovation of established properties. The Company currently anticipates selling two properties in the portfolio and will determine the best use of any proceeds from any completed sales.

Business

In 2002, the Company filed a registration statement on Form S-11 with the SEC with respect to its offers (the "Offering") to issue its 9% Series A Cumulative Redeemable Preferred Stock ("Preferred Shares") in exchange for interests ("Interests") in the following six mortgage funds: Krupp Government Income Trust ("GIT"), Krupp Government Income Trust II ("GIT II"), Krupp Insured Mortgage Limited Partnership ("KIM"), Krupp Insured Plus Limited Partnership ("KIP"), Krupp Insured Plus II Limited Partnership ("KIP II"), and Krupp Insured Plus III Limited Partnership ("KIP III") (collectively, the "Mortgage Funds"). For each Interest in the Mortgage Funds validly tendered and not withdrawn in the Offering, the Company offered to issue its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund. The registration statement was declared effective on January 9, 2003. Offering costs incurred in connection with the Offering have been reflected as a reduction of Preferred Shares reflected in the financial statements of the Company.

On April 4, 2003 and April 18, 2003, the Company issued 2,667,717 and 310,393 Preferred Shares, respectively, with a \$25.00 liquidation preference per share. The Preferred Shares were issued in exchange for Interests in the six Mortgage Funds referred to above. For each Interest in the Mortgage Funds that was validly tendered and not withdrawn in the Offering, the Company issued its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund.

Simultaneously with the completion of the Offering on April 4, 2003, KRF Company, L.L.C. ("KRF Company"), an affiliate of the Company, contributed its ownership interests in five multifamily apartment communities (the

“Properties”) to our operating partnership, Berkshire Income Realty – OP, L.P. (the “Operating Partnership”), in exchange for common limited partner interests in the Operating Partnership. KRF Company then contributed an aggregate of \$1,283,213, or 1% of the fair value of the total net assets of the Operating Partnership, to the Company, which together with the \$100 contributed prior to the Offering, resulted in the issuance of 1,283,313 shares of common stock of the Company to KRF Company. This amount was contributed by the Company to its wholly owned subsidiary, BIR GP, L.L.C., who then contributed the cash to the Operating Partnership in exchange for the sole general partner interest in the Operating Partnership. The Operating Partnership is the successor to the Berkshire Income Realty Predecessor Group (the “Predecessor”). The merger of the separate businesses into the Company and the Operating Partnership was considered a purchase business combination with the Predecessor being the accounting acquirer. Accordingly, the acquisition or contribution of the various Predecessor interests was accounted for at the interests’ historical cost. The acquisition of the Interests was accounted for using purchase accounting based upon the fair value of the Interests acquired. Certain minority ownership interests in three of the contributed multifamily properties are owned by an unaffiliated third party. As the minority interests did not change in connection with the completion of the Offering, the accounting for these interests was based on existing carrying amounts.

As a result of the common control of ownership between the Predecessor and the Company, the Company was not deemed a new reporting entity pursuant to the provisions of Accounting Principles Board Opinion #20 Accounting Changes. Accordingly, the financial statements of the Company did not start “fresh” upon completion of the Offering in April 2003. Rather, the Company’s financial statements are a continuation of the Predecessor’s financial statements and have been re-titled to those of the Company effective in April 2003.

The Company’s financial statements include the accounts of the Company, its subsidiary, the Operating Partnership, as well as the various subsidiaries of the Operating Partnership. The Company owns preferred and general partner interests in the Operating Partnership. The remaining common limited partnership interests in the Operating Partnership owned by KRF Company and affiliates are reflected as Minority Interest in Operating Partnership in the financial statements of the Company.

On March 20, 2003, KRF Company, through a newly formed affiliate, Gables of Texas Limited Partnership (“Gables”), and its general partner, Gables of Texas, L.L.C., also a newly formed affiliate, acquired The Gables Apartments, a 140-unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party for a purchase price of approximately \$6,925,000. On April 24, 2003, the Operating Partnership acquired all of the interests in Gables and Gables of Texas L.L.C. from KRF Company for approximately \$6,925,000 plus closing costs of approximately \$143,000. The purchase price for Gables and Gables of Texas, L.L.C. was equal to the purchase price KRF Company paid the original seller of The Gables Apartments (including equity payments, transfer taxes, financing and closing costs as applicable). The Gables Apartments is a contiguous property to Walden Pond Apartments; the Company owns both communities and currently operates them as one community under the name Walden Pond/Gable Apartments.

Due to the affiliation of the ownership of the Company and KRF Company, the acquisition of interests in the Gables property has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate its financial statements from March 20, 2003, the acquisition date of the property by KRF Company, through the period presented, which is similar to the accounting for a pooling of interests.

On April 29, 2003, the Preferred Shares began trading on the American Stock Exchange, under the symbol “BIR.pr.a”.

On May 30, 2003, the Operating Partnership and its wholly owned subsidiary, BIR McNab Sub, L.L.C., a newly formed Delaware limited liability Company, acquired all of the outstanding limited and general partner units of McNab KC3 Limited Partnership (“McNab”) from affiliates of the Company. The acquisition was structured as a contribution of units from an affiliate of the Company in exchange for the issuance by the Operating Partnership of 5,000 common limited partner units valued at \$10.00 per unit. McNab is the fee simple owner of a 276-unit multifamily apartment community located in Pompano, Florida that is referred to as Windward Lakes Apartments. The former general and limited partners of McNab are affiliates of the Company, namely George and Douglas Krupp. George Krupp is former Chairman of the Board and Douglas Krupp is the current Chairman of the Board. The acquisition was approved by the Audit Committee of the Board (the “Audit Committee”), which is composed solely of directors who are independent under applicable rules and regulations of the SEC and American Stock Exchange. At the time of the contribution, control of both the Company and McNab rested with George and Douglas Krupp via their 100% ownership interest in the common stock of the Company through KRF Company’s ownership of such shares and their 100% indirect ownership interest in the general and limited partnership units of McNab. Therefore, the acquisition or contribution of the general and limited partnership units of McNab by the Operating Partnership in exchange for the issuance by the Operating Partnership of common limited partner units is considered a transfer of net assets between entities under common control. As discussed below, Windward Lakes Apartments was sold on June 22, 2005.

Due to the affiliation of the ownership of the Company and McNab, the acquisition of the interests in McNab was accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate its financial statements for the periods presented, which is similar to the accounting for a pooling of interests. Windward Lakes Apartments was sold in 2005 and is reported as discontinued operations for the years ended December 31, 2005 and prior.

On October 30, 2003, the Operating Partnership, through a newly formed and wholly owned subsidiary, St. Marin/Karrington Limited Partnership (“St. Marin/Karrington”), whose general partner, SM Karrington, L.L.C., also a newly formed affiliate, acquired The St. Marin/Karrington Apartments, a 600 unit multifamily apartment community located in Coppell, Texas, from a third party for a purchase price of approximately \$46,125,000.

On January 28, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary Marina Mile L.L.C., purchased Pond Apple Creek Apartments (subsequently renamed The Berkshires at Marina Mile (“Marina Mile”)), a 306-unit multifamily apartment community located in Fort Lauderdale, Florida, from Pond Apple Creek Associates Limited Partnership. The seller was an unaffiliated third party. The purchase and sale agreement, as amended, was agreed upon through arms-length

negotiations and provided for the purchase price of \$23,000,000 to be paid in cash. The purchase price was funded with available cash and new first mortgage financing. Effective May 1, 2004, the Company consummated a multifamily venture relationship (the "Multifamily Venture") with an unaffiliated third party (the "Venture Partner") whereby each of the parties to the agreement agreed to participate, on a pro rata basis, in the economic benefits of Marina Mile. Under the terms of the limited liability company agreement governing the Multifamily Venture, the Venture Partner contributed, in cash, 65% of the total Multifamily Venture equity in exchange for a 65% interest in the newly formed entity, JV Marina Mile, L.L.C. (the "L.L.C."). The Operating Partnership contributed its interest in Marina Mile, L.L.C., the fee simple owner of the property, in exchange for a 35% interest in the L.L.C. and a cash distribution representing a return of capital of approximately \$3,594,693 net of \$387,236 of additional capital invested by the Operating Partnership. Both parties received proportional distributions of available cash up to an effective 10% internal rate of return on each party's capital (the "Preferred Return"). After payment of the Preferred Return and the return of each party's capital contribution, the Operating Partnership is entitled to, in addition to its 35% pro rata share, additional distributions equal to approximately 30% of the distributions otherwise payable to the Venture Partner. The Operating Partnership is the managing member of the L.L.C. The Company evaluated its investment in the Multifamily Venture and concluded that the investment did not fall under the requirements of FIN 46R; therefore the Company accounted for the investment under Statement of Position 78-9, Accounting for Investments in Real Estate ("SOP "78-9") as an equity method investment. As discussed below Marina Mile was sold on April 18, 2006.

On March 30, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Laurel Woods Limited Partnership, purchased Laurel Woods Apartments ("Laurel Woods"), a 150-unit multifamily apartment community located in Austin, Texas, from Berkshire Mortgage Finance Limited Partnership, an affiliate of the Company. The acquisition was approved by the Audit Committee, which is composed solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The seller acquired the property through foreclosure on February 2, 2004. The purchase price of \$5,250,000 was funded with available cash.

On March 31, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Bear Creek Limited Partnership, purchased Bear Creek Apartments ("Bear Creek") from an unaffiliated third party. The purchase price of \$4,900,000 was funded with available cash. Bear Creek is a 152-unit multifamily apartment community located in Dallas, Texas. Prior to the sale, the seller had acquired the property through foreclosure.

On November 3, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Bridgewater, L.L.C. and BIR Trellis L.L.C., purchased Bridgewater on the Lake Apartments ("Bridgewater") and Trellis, respectively, from an unaffiliated third party. Bridgewater is a 216-unit multifamily apartment community located in Hampton, Virginia. Trellis is a 176-unit multifamily apartment community located in Newport News, Virginia. The purchase price for Bridgewater and Trellis was \$18,590,000 and \$8,825,000, respectively, and was funded with available cash and new first mortgage financing. As discussed below, Trellis was sold on May 30, 2007.

On November 4, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Arboretum L.L.C. and BIR Silver Hill L.L.C., purchased Arboretum Place Apartments ("Arboretum") and Silver Hill at Arboretum Apartments ("Silver Hill"), respectively, from an unaffiliated third party. Arboretum is a 184 unit multifamily apartment community located in Newport News, Virginia. Silver Hill is a 153 unit multifamily apartment community also located in Newport News, Virginia. The gross purchase price for Arboretum and Silver Hill was \$10,575,000 and \$4,350,000, respectively. The properties were purchased subject to the assumption of the existing mortgages outstanding on the properties with a face value of approximately \$5,929,000 and \$3,444,000, respectively. The purchase price, net of assumed debt, was paid from available cash. Pursuant to the provisions of SFAS No. 141, "Business Combinations", the assumed mortgages were recorded at fair value, based on the present value of the amounts to be paid under the obligations. The fair market value of the debt assumed on Arboretum and Silver Hill is \$6,894,193 and \$4,010,241, respectively. Additionally, on November 4, 2004, the Company acquired the vacant land adjacent to Arboretum for \$1,500,000 from F.C. Arboretum Land Associates, L.P., an unaffiliated

third party. The purchase of the land was funded with available cash.

Effective September 24, 2004, the Operating Partnership consummated the JV BIR/ERI, L.L.C. multifamily venture agreement (“JV BIR/ERI”) with Equity Resources Investments, L.L.C. (“ERI”), an unaffiliated third party, whereby each of the parties to the agreement agreed to participate, on a pro rata basis, in the economic benefits of the partnership interests purchased from Capital Realty Investors-II Limited Partnership (“CRI”). Under the terms of the limited liability company agreement governing JV BIR/ERI, the Operating Partnership owns a 58% interest as the managing member and ERI owns the remaining 42% interest. All profits and losses are shared by the Operating Partnership and ERI on a pro rata basis according to their respective ownership interests. Affiliates of the Operating Partnership are entitled to perform asset management and property management services and receive fees in payment thereof. The Company evaluated its investment in JV BIR/ERI and concluded that the investment did not fall under the requirements of FIN 46R, Emerging Issues Task Force Issue No. 03-16, Accounting for Investments in Limited Liability Companies, Statement of Position 78-9, Accounting for Investments in Real Estate Ventures or Accounting Principles Board Opinion No. 18, The Equity Method of Accounting for Investments in Common Stock. Therefore the Company has consolidated the investment under Accounting Research Bulletin 51, Consolidated Financial Statements (“ARB 51”) based on its controlling interest in the subsidiary.

On November 17, 2004, the Operating Partnership, through JV BIR/ERI, consummated the acquisition of 100% of the outstanding limited and general partner interests of Arrowhead Apartments Associates Limited Partnership, the fee owner of Arrowhead Apartments (“Arrowhead”), a 200 unit multifamily apartment community located in Palatine, Illinois, and Moorings Apartments Associates Limited Partnership, the fee owner of Moorings Apartments (“Moorings”), a 216 unit multifamily apartment community located in Roselle, Illinois. The net purchase price for the Arrowhead and Moorings interests was \$1,313,392 and \$416,455, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Arrowhead and Moorings interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of defeasance. JV BIR/ERI exercised its right of defeasance and extinguished the outstanding mortgage obligations of approximately \$7,431,000 and \$8,801,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from ERI.

On December 28, 2004, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Yorktowne, L.L.C., consummated the acquisition of 100% of the fee simple interest of Yorktowne at Olde Mill Apartments (“Yorktowne”), a 216 unit multifamily apartment community located in Millersville, Maryland, from EQR-Yorktowne Vistas, Inc., an unaffiliated third party, for \$21,500,000, plus customary closing costs. The purchase price was paid from available cash. On January 26, 2005, the Company closed on \$16,125,000 of first mortgage debt at a fixed interest rate of 5.13% for ten years collateralized by the Yorktowne property.

On December 29, 2004, the Operating Partnership, through JV BIR/ERI, consummated the acquisition of 100% of the outstanding limited and general partner interests of Blackburn Associates Limited Partnership, the fee owner of Country Place I Apartments (“Country Place I”), a 192 unit multifamily apartment community located in Burtonsville, Maryland, and Second Blackburn Associates Limited Partnership, the fee owner of Country Place II Apartments (“Country Place II”), a 120 unit multifamily apartment community also located in Burtonsville, Maryland. The net purchase price for the Country Place I and Country Place II interests was \$7,769,720 and \$5,054,677, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Country Place I and Country Place II interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of prepayment. JV BIR/ERI exercised its right of prepayment on the purchase date and extinguished the outstanding mortgage obligations of approximately \$6,728,000 and \$4,078,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from ERI.

On February 15, 2005, the Operating Partnership and its newly formed and wholly owned subsidiary, BIR Westchester West, L.L.C., consummated the acquisition of 100% of the outstanding limited and general partner interests of BRI Westchester Limited Partnership, the fee simple owner of Westchester West Apartments, a 345 unit multifamily apartment community located in Silver Spring, Maryland, from BRH Westchester, L.L.C. and BRI OP Limited Partnership. The seller’s are affiliates of the Company. The purchase price, which was agreed upon through arms-length negotiations, was \$39,250,000, subject to normal operating pro rations. The acquisition, which was undertaken in an effort to invest available funds and to increase the number of properties in the Company’s portfolio, was approved by the Audit Committee of the Company, which is comprised solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The purchase price and related closing costs were funded through a \$29,500,000 first mortgage and available cash. The first mortgage has a fixed interest rate of 5.03% and matures on March 1, 2015.

The net purchase price, including closing costs and acquisition fees, was allocated as follows:

	Total
Multifamily apartment communities	\$ 38,948,802
In-place leases and tenant relationships	732,219
Replacement reserve accounts	111,000
Deferred expenses	196,547
Prepaid expenses and other assets	343,955
Deferred revenue and other liabilities	(326,246)
New first mortgage	(29,500,000)
Cash Paid	10,506,277

The transaction was complete and the purchase price allocation was final as of December 31, 2005. There are no contingent payments, options or commitments outstanding associated with the acquisition. The purchase price allocation included assignment of \$732,219 to intangible assets of which \$576,586 represented acquired-in-place leases and \$155,633 represented tenant relationships. Amortization of acquired-in-place leases is based on the specific expiration dates of the in-place leases over a period of 12 months and amortization of the tenant relationships is based on the straight line method of amortization over a 24 month period.

On March 1, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Brompton Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Waters on Brompton, a 362 unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party. The Company operates the property under the name Berkshires on Brompton Apartments. The acquisition was consummated pursuant to a winning bid placed on the property at foreclosure auction. The successful bid was \$14,400,000 and was immediately paid from available cash.

On March 30, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Westchase Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Antilles Apartment Homes, a 324 unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party. The Company operates the property under the name The Berkshires at Westchase Apartments. The purchase price was \$9,900,000, and was subject to normal operating pro rations. The purchase price was immediately paid from available cash.

On May 31, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR-Charlotte I, LLC, consummated the acquisition of 100% of the fee simple interest of Riverbirch Apartments, a 210 unit multifamily apartment community located in Charlotte, North Carolina, from an unaffiliated third party. The acquisition was consummated pursuant to a bid placed at the May 16, 2005 foreclosure auction of the property. The bid of \$8,200,000 was declared the winning bid on May 26, 2005, after a mandatory 10 day waiting period during which the seller was required to accept incrementally higher bids (5%) from other interested parties, as required by North Carolina law. A deposit on the purchase price was paid at the time the bid was accepted, and the balance of the acquisition cost was paid on May 31, 2005 at the closing on the property. Both payments were made from available cash.

On June 22, 2005, the Operating Partnership completed the sale of 100% of the fee simple interest of Windward Lakes Apartments ("Windward Lakes"), a 276-unit multifamily apartment community located in Pompano, Florida, to an unaffiliated third party for a sale price of \$34,725,000. The sale price, which was subject to normal operating pro rations, was received immediately in cash. The operating results of Windward Lakes have been presented in the

consolidated statement of operations included in this Form 10-K, as discontinued operations in accordance with FAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets."

On July 1, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Lakeridge, L.L.C., consummated the acquisition of 100% of the fee simple interest of Lake Ridge Apartments, a 282 unit multifamily apartment community located in Hampton, Virginia, from an unaffiliated third party. The purchase price of \$34,344,000 was paid in part from an escrow account administered by a qualified intermediary institution in connection with the prior sale of a qualified property structured to comply with the requirements of a Section 1031 tax deferred exchange ("1031 Exchange") under the Internal Revenue Code of 1986, as amended, (the "Tax Code"), and the balance was paid from borrowings under the revolving credit facility available to the Company from an affiliate of the Company.

The borrowings under the revolving credit facility were repaid subsequent to the closing on Lakeridge Apartments with proceeds from two new mortgages totaling \$25,650,000 obtained by the Company on July 8, 2005 and August 1, 2005 and are collateralized by the Lakeridge Apartments property. The purchase price was subject to normal operating pro rations and adjustments as provided for in the purchase and sale agreement.

The net purchase price, including closing costs and acquisition fees, was allocated as follows:

	Total
Multifamily apartment communities	\$ 34,349,380
In-place leases and tenant relationships	502,023
Prepaid expenses and other assets	334,822
Deferred revenue and other liabilities	(137,808)
Cash from 1031 Exchange escrow account	(21,450,876)
New mortgages	(25,650,000)
Cash received	\$ (12,052,459)

As of December 31, 2007, the purchase price allocation of the Lakeridge Apartments acquisition are subject to final adjustment pursuant to an outstanding commitment under the agreement for the seller to build 18 additional apartment units and 48 garages on the property. The Company is currently party to a legal proceeding initiated with the seller/developer from whom the Company acquired the property in 2005. The dispute involves the interpretation of certain provisions of the purchase and sales agreement related to post acquisition construction activities. On February 13, 2008, the court entered judgment on the seller/developer's behalf awarding them a judgment in the amount of \$774,292 for costs and damages. The Company intends to appeal the judgment awarded by the court.

The purchase price allocation included assignment of \$502,023 to intangible assets of which \$402,588 represented acquired-in-place leases and \$99,435 represented tenant relationships. Amortization of acquired-in-place leases is based on the specific expiration dates of the in-place leases over a period of 12 months and amortization of the tenant relationships is based on the straight line method of amortization over a 24 month period.

On August 12, 2005, the Company, together with affiliates, entered into a subscription agreement to invest in BVF, an affiliate of the Advisor. Under the terms of the agreement and the related limited partnership agreement, the Company will invest up to \$23,400,000, or approximately 7%, of the total capital of BVF. The Fund's investment strategy is to acquire middle-market properties where there is an opportunity to add value through repositioning or rehabilitation. Under the terms of the BVF partnership agreement, the Company's ability to acquire additional properties is restricted to the two following conditions: (1) the Company can invest up to \$8,000,000 per year in new properties from available cash or cash generated from the refinancing of existing properties, for a period of up to thirty-nine months, and (2) the Company is authorized to sell existing properties and reinvest those proceeds through transactions structured to comply with 1031 Exchanges under the Tax Code, without limit. The Company has evaluated its investment in the Fund and concluded that the investment, although subject to the requirements of FIN 46R, does not require the Company to consolidate the activity of the Fund. Additionally, the Company has determined, pursuant to the guidance promulgated in EITF Issue No. 04-5, "Investors Accounting for an Investment in a Limited Partnership When the Investor is the Sole General Partner and the Limited Partners Have Certain Rights", that the Company does not have a controlling interest in the Multifamily Limited Partnership and is not required to consolidate the activity of the Fund. The Company accounts for its investments in the Fund under Statement of Position 78-9, Accounting for Investments in Real Estate ("SOP "78-9"), as an equity method investment.

Management has evaluated these restrictions and believes that they will not materially impact the Company. Management believes the Company had invested substantially all of its available capital, as of the date of the subscription agreement, and due to the Company's ability to consummate 1031 Exchanges with existing properties, will not be significantly restricted in its ability to appropriately manage its investments. As of December 31, 2007,

BVF has made, and the Company has funded, capital calls totaling \$21,072,251, or 90% of its total commitment.

On November 18, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR – Savannah, L.L.C., consummated the acquisition of 100% of the fee simple interest of Savannah at Citrus Park Apartments, a 264-unit multifamily apartment community located in Tampa, Florida, from two unaffiliated third parties. The purchase price was \$27,520,000, and was subject to normal operating prorations, apportionments and adjustments as provided for in the applicable purchase and sale agreement. Additionally, the cash portion of the purchase price was reduced by the \$15,720,000 principal balance of an existing first mortgage loan on the property that was assumed by the Company upon its obtaining all necessary approvals from the lender. The mortgage was recorded at its fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligation. The remaining \$11,800,000 balance of the purchase price was paid from available cash.

On April 18, 2006, the Operating Partnership completed the sale of 100% of its interest in Marina Mile in Fort Lauderdale, Florida. The Company's share of the proceeds from the sale of Marina Mile in the amount of \$11,073,818 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested the proceeds from the sale of its interests in Marina Mile in the acquisitions of Chisholm Place and Briarwood Village Apartments, which the Company completed the acquisition of on June 28, 2006 and August 30, 2006, respectively. The operating results of Marina Mile have not been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 "Accounting for the Impairment or Disposal of Long Lived Assets", as those results were not previously reported as part of continuing operations.

On June 28, 2006, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Chisholm Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Chisholm Place Apartments, a 142 unit multifamily apartment community located in Plano, Texas, from an unaffiliated third party. The purchase price of \$9,625,000 was paid from an escrow account administered by a qualified intermediary institution in connection with the prior sale of a qualified property structured to comply with the requirements of a 1031 Exchange under the Tax Code. The purchase price was subject to normal operating pro rations and adjustments as provided for in the purchase and sale agreement. On August 1, 2006, the Company closed on \$6,953,000 of first mortgage debt at a fixed interest rate of 6.25% for ten years collateralized by the Chisholm Place property.

On August 30, 2006, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Briarwood Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Briarwood Village Apartments, a 342 unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party. The purchase price of \$13,816,700 was paid by the assumption of the existing mortgage debt on the property at the time of closing, cash from the buyer, and cash from the remaining balance of an escrow account administered by a qualified intermediary institution in connection with the prior sale of a qualified property structured to comply with the requirements of a 1031 Exchange under the Tax Code. The purchase price was subject to normal operating pro rations and adjustments as provided for in the purchase and sale agreement. Pursuant to the provisions of SFAS No. 141, "Business Combinations", the assumed mortgage was recorded at fair value, based on the present value of the amounts to be paid under the obligations. The fair market value of the debt assumed on Briarwood was \$8,958,818.

On December 6, 2006, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Lenox, L.L.C., consummated the acquisition of 100% of the fee simple interest of The Standard at Lenox Park Apartments, a 375-unit multifamily apartment community located in the Buckhead section of Atlanta, Georgia, from an unaffiliated third party. The purchase price was \$47,100,000, and was subject to normal operating proration, apportionments and adjustments as provided for in the purchase and sale agreement. The purchase price was paid with a combination of proceeds from new first mortgage debt of \$35,000,000, which is collateralized by the property, and cash from available working capital. The loan is an unsecured first mortgage note with a fixed interest rate of 5.80% and a term of 10 years of which interest only payments are due for the first 60 months of the loan.

The net purchase price, including closing costs and acquisition fees, was allocated as follows:

	Total
Multifamily apartment communities	\$ 47,060,403
In-place leases and tenant relationships	592,687
Replacement reserve accounts	5,000,000
Escrows	76,553

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Deferred expenses	355,185
Prepaid expenses and other assets	58,686
Deferred revenue and other liabilities	(59,894)
New first mortgage	(35,000,000)
Cash paid	\$ 18,083,620

The transaction was complete and the purchase price allocation was final as of December 31, 2007. There are no contingent payments, options or commitments outstanding associated with the acquisition. The purchase price allocation included assignment of \$592,687 to intangible assets of which \$468,050 represented acquired-in-place leases and \$124,637 represented tenant relationships.

Amortization of acquired-in-place leases is based on the specific expiration dates of the in-place leases over a period of 12 months and amortization of the tenant relationships is based on the straight line method of amortization over a 24 month period.

On March 2, 2007, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Hampton Manager, LLC, completed the acquisition of 100% of the fee simple interest of Hampton House Apartments (“Hampton House”), a 222 unit mixed use high-rise apartment building located in Towson, Maryland, from an unaffiliated third party. The purchase price was \$20,500,000 subject to normal operating pro rations. The purchase price and related closing costs were funded through a \$20,000,000 advance from the revolving credit facility available from an affiliate and available cash. The Company obtained first mortgage financing, which is collateralized by the property, in the amount of \$20,000,000 on April 26, 2007 and subsequently used a portion of the proceeds and the 1031 Exchange net proceeds to repay the outstanding advance on the revolving credit facility. The acquisition of Hampton House is intended to be the qualified replacement property in connection with the sale of properties identified for replacement pursuant to a transaction structured to comply with the requirements of a reverse 1031 Exchange under the Tax Code. As required by the tax code, a qualified 1031 Exchange intermediary was retained to execute the Hampton House acquisition and relinquished properties transactions. As of December 31, 2007, the purchase price allocation is final and no further adjustment is contemplated.

On May 30, 2007, the Operating Partnership completed the sale of 100% of its interest in Trellis in Newport News, Virginia. The assets and liabilities related to the sale of the Trellis property have been removed from the accounts of the Company pursuant to the recording of the sale of the property. The proceeds from the sale of Trellis in the amount of \$5,256,480 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested the proceeds from the sale of Trellis by purchasing qualified replacement property. The operating results of Trellis have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 “Accounting for the Impairment or Disposal of Long Lived Assets.”

On June 1, 2007, the Operating Partnership, through a newly and wholly owned subsidiary, BIR Sunfield, LLC , completed the acquisition of 100% of the fee simple interest of Sunfield Lakes Apartments, a 200 unit multifamily apartment community is located in the City of Sherwood, County of Washington, Oregon, from an unaffiliated third party. The purchase price was \$24,250,000 subject to normal operating pro rations. The purchase price and related closing costs were funded through a \$17,500,000 advance from the revolving credit facility available from an affiliate and available cash. On August 15, 2007, the Company closed on first mortgage financing, which is collateralized by the property, in the amount of \$19,440,000. A portion of the financing and 1031 Exchange net proceeds were used to repay the outstanding balance on the revolving credit facility. The acquisition of Sunfield Lakes is intended to be the qualified replacement property in connection with the sale of properties identified for replacement pursuant to a transaction structured to comply with the requirements of a reverse 1031 Exchange under the Tax Code. As required by the tax code, a qualified 1031 Exchange intermediary was retained to execute the Hampton House acquisition and relinquished properties transactions. As of December 31, 2007, the purchase price allocation is final and no further adjustment is contemplated.

The Company identified the Dorsey’s and Trellis as the properties it relinquished as part of the 1031 Exchange transaction. As required by the tax code, qualified 1031 Exchange intermediaries were retained to execute the Hampton House and Sunfield Lakes acquisitions, and the two relinquished properties transactions. The sale of Dorsey’s and Trellis occurred in the second quarter of 2007, and the 1031 Exchange transaction was subsequently settled on July 13, 2007.

On June 22, 2007, the Operating Partnership completed the sale of 100% of its interest in Dorsey's in Columbia, Maryland. The assets and liabilities related to the sale of the Dorsey's property have been removed from the accounts of the Company pursuant to the recording of the sale of the property. The Company's share of the proceeds from the sale of Dorsey's in the amount of \$13,137,316 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of the proceeds from the sale of Dorsey's by purchasing qualified replacement property. The operating results of Dorsey's have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 "Accounting for the Impairment or Disposal of Long Lived Assets."

The Company owns parcels of land held for development at certain of its multifamily apartment communities. On November 1, 2007, the Company commenced construction on the development of vacant land adjacent to the Arboretum Place property. The development plans include the construction of five buildings, containing 143 units, and a clubhouse. The project cost is currently estimated at \$17,000,000 and is expected to be completed in late 2008.

The Company does not have any employees. Its day-to-day business is managed by Berkshire Advisor, an affiliate of KRF Company, the holder of the majority of our common stock, which has been retained pursuant to the advisory services agreement described under Part III, Item 13 – Certain Relationships and Related Transactions and Director Independence. Our properties were managed by BRI OP Limited Partnership pursuant to property management agreements described under Part III, Item 13 – Certain Relationships and Related Transactions and Director Independence until December 31, 2004. As of January 1, 2005, Berkshire Advisor assumed property management responsibilities under the various property management agreements.

ITEM 1A. RISK FACTORS

RISK FACTORS

The following risk factors should be read carefully in connection with evaluating our business and the forward-looking statements contained in this report and other statements we or our representatives make from time to time. Any of the following risks could materially adversely affect our business, our operating results, our financial condition and the actual outcome of matters as to which forward-looking statements are made in this report. In connection with the forward-looking statements that appear in this report, you should also carefully review the cautionary statement referred to herein under "Special Note Regarding Forward-Looking Statements."

Risk Factors Relating to the Company

Maintenance of our Investment Company Act exemption imposes limits on our operations.

We intend to conduct our operations so as not to be required to register as an investment company under the Investment Company Act of 1940. We believe that there are exemptions under the Investment Company Act that are applicable to us. The assets that we may acquire are limited by the provisions of the Investment Company Act and the exemption on which we rely. In addition, we could, among other things, be required either to change the manner in which we conduct our operations to avoid being required to register as an investment company, or to register as an investment company. Either of these could have an adverse effect on us and the market price for our publicly traded securities. For example, one exception from the definition of an "investment company" we believe we could rely on would require us to manage our assets such that no more than 40% of our total assets (exclusive of government securities and cash) are invested in "investment securities". Generally speaking, "investment securities" are all securities except securities issued by majority-owned operating company subsidiaries and government securities. To be able to continue to rely on this exception in the event the value of our investment securities were to increase relative to our total assets, we may need to sell certain investment securities that we otherwise would not want to sell. Furthermore, we may be required to hold other non-investment security assets, such as some of our real property assets that we may otherwise want to sell, in order to avoid increasing the value of our investment securities relative to our total assets.

Certain Federal Income Tax Risks

Our failure to qualify as a REIT would result in higher taxes and reduced cash available for distribution to our stockholders.

We intend to operate in a manner to allow us to qualify as a REIT for federal income tax purposes. Although we believe that we have been organized and will operate in this manner, we cannot be certain that we will be able to operate so as to qualify as a REIT under

the Tax Code, or to remain so qualified. Qualification as a REIT involves the application of highly technical and complex provisions of the Code for which there are only limited judicial or administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify as a REIT. The complexity of these provisions and of the applicable income tax regulations under the Code is greater in the case of a REIT that holds its assets through a partnership, as we do. Moreover, our qualification as a REIT depends upon the qualification of certain of our investments as REITs. In addition, we cannot be certain that legislation, new regulations, administrative interpretations or court decisions will not significantly change the tax laws with respect to the qualification as a REIT or the federal income tax consequences of this qualification. We are not aware of any proposal currently being considered by Congress to amend the tax laws in a manner that would materially and adversely affect our ability to operate as a REIT.

If for any taxable year we fail to qualify as a REIT, we would not be allowed a deduction for distributions to our stockholders in computing our taxable income and would be subject to federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. In addition, we would normally be disqualified from treatment as a REIT for the four taxable years following the year of losing our REIT status. This would likely result in significant increased costs to us. Any corporate tax liability could be substantial and would reduce the amount of cash available for distribution to our stockholders and for investment, which in turn could have an adverse impact on the value of, and trading prices for, our publicly traded securities.

Although we intend to operate in a manner designed to qualify as a REIT, future economic, market, legal, tax or other considerations may cause our Board and the holders of our common stock to determine that it is in the best interests of the Company and our stockholders to revoke our REIT election.

We believe that our operating partnership will be treated for federal income tax purposes as a partnership and not as a corporation or an association taxable as a corporation. If the Internal Revenue Service were to determine that our operating partnership were properly to be treated as a corporation, our operating partnership would be required to pay federal income tax at corporate rates on its net income, its partners would be treated as stockholders of the operating partnership and distributions to partners would constitute dividends that would not be deductible in computing the operating partnership's taxable income. In addition, we would fail to qualify as a REIT, with the resulting consequences described above.

REIT distribution requirements could adversely affect our liquidity.

To obtain the favorable tax treatment for REITs qualifying under the Code, we generally are required each year to distribute to our stockholders at least 90% of our real estate investment trust taxable income, determined without regard to the deduction for dividends paid and by excluding net capital gains. We are subject to a 4% nondeductible excise tax on the amount, if any, by which distributions paid by us with respect to any calendar year are less than the sum of: (1) 85% of our ordinary income for the calendar year; (2) 95% of our capital gain net income for the calendar year, unless we elect to retain and pay income tax on those gains; and (3) 100% of our undistributed amounts from prior years.

Failure to comply with these requirements would result in our income being subject to tax at regular corporate rates.

We intend to distribute our income to our stockholders in a manner intended to satisfy the distribution requirement and to avoid corporate income tax and the 4% excise tax. Differences in timing between the recognition of income and the related cash receipts or the effect of required debt amortization payments could require us to borrow money or sell assets to distribute enough of our taxable income to satisfy the distribution requirement and to avoid corporate income tax and the 4% excise tax in a given year.

Legislative or regulatory action could adversely affect holders of our securities.

In recent years, numerous legislative, judicial and administrative changes have been made to the federal income tax laws applicable to investments in REITs and similar entities. Additional changes to tax laws are likely to continue to occur in the future, and we cannot be certain that any such changes will not adversely affect the taxation of a holder of our securities.

Risk Factors Relating to Our Business

Operating risks and lack of liquidity may adversely affect our investments in real property.

Varying degrees of risk affect real property investments. The investment returns available from equity investments in real estate depend in large part on the amount of income earned and capital appreciation generated by the related properties as well as the expenses incurred. If our assets do not generate revenue sufficient to meet operating expenses, including debt service and capital expenditures, our income and ability to service our debt and other obligations could be adversely affected. Some significant expenditures associated with an investment in real estate, such as mortgage and other debt payments, real estate taxes and maintenance costs, generally are not reduced when circumstances cause a reduction in revenue from the investment. In addition, income from properties and real estate values are also affected by a variety of other factors, such as interest rate levels, governmental regulations and applicable laws and the availability of financing.

Equity real estate investments, such as ours, are relatively illiquid. This illiquidity limits our ability to vary our portfolio in response to changes in economic or other conditions. We cannot be certain that we will recognize full value for any property that we are required to sell for liquidity reasons. Our inability to respond rapidly to changes in the performance of our investments could adversely affect our financial condition and results of operations.

Our properties are subject to operating risks common to apartment ownership in general. These risks include: our ability to rent units at the properties; competition from other apartment communities; excessive building of comparable properties that might adversely affect apartment occupancy or rental rates; increases in operating costs due to inflation and other factors, which increases may not necessarily be offset by increased rents; increased affordable housing requirements that might adversely affect rental rates; inability or unwillingness of residents to pay rent increases; and future enactment of rent control laws or other laws regulating apartment housing, including present and possible future laws relating to access by disabled persons or the right to convert a property to other uses, such as condominiums or cooperatives. If operating expenses increase, the local rental market may limit the extent to which rents may be increased to meet increased expenses without decreasing occupancy rates. If any of the above were to occur, our ability to meet our debt service and other obligations could be adversely affected.

In order to achieve or enhance our desired financial results we may make investments that involve more risk than market rate core and core-plus acquisitions.

In many of the markets where we may seek to acquire multifamily apartment communities we may face significant competition from well capitalized real estate investors, including private investors, publicly traded REITs and institutional investors. This competition can result in sellers obtaining premiums on their real estate, which sometimes pushes the price beyond what we may consider to be a prudent purchase price. To mitigate these factors our sourcing strategy includes non-market/seller direct deals, bank and lender owned real estate and foreclosure auctions. Some of these acquisition strategies can involve more risk than market rate core and core-plus acquisitions, but may allow the Company to realize higher returns if the underlying assumptions are achieved. However, if the underlying assumptions are not achieved, the additional risks associated with these broader sourcing strategies could result in lower profits, or higher losses, than would be realized in market rate acquisitions.

We may renovate our properties, which could involve additional operating risks.

We expect to be working on the renovation of multifamily properties that we may acquire. We may also acquire completed multifamily properties. The renovation of real estate involves risks in addition to those involved in the ownership and operation of established multifamily properties, including the risks that specific project approvals may take longer to obtain than expected, that construction may not be completed on schedule or budget and that the properties may not achieve anticipated rent or occupancy levels.

We may not be able to pay the costs of necessary capital improvements on our properties, which could adversely affect our financial condition.

We anticipate funding any required capital improvements on our properties using cash flow from operations, cash reserves or additional financing if necessary. However, the anticipated sources of funding may not be sufficient to make the necessary improvements. If our cash flow from operations and cash reserves proves to be insufficient, we might have to fund the capital improvements by borrowing money. If we are unable to borrow money on favorable terms, or at all, we may not be able to make necessary capital improvements, which could harm our financial condition.

Our tenants-in-common or future venture partners may have interests or goals that conflict with ours, which may restrict our ability to manage some of our investments and adversely affect our results of operations.

One or more of our properties that we acquire may be owned through tenancies-in-common or by venture partnerships between us and the seller of the property, an independent third party or another investment entity sponsored by our affiliates. Our investment through tenancies-in-common or in venture partnerships that own properties may, under certain circumstances, involve risks that would not otherwise be present. For example, our tenant-in-common or venture partner may experience financial difficulties and may at any time have economic or business interests or goals that are inconsistent with our economic or business interests or our policies or goals. In addition, actions by, or litigation involving, any tenant-in-common or venture partner might subject the property owned through a tenancy-in-common or by the venture to liabilities in excess of those contemplated by the terms of the tenant-in-common or venture agreement. Also, there is a risk of impasse between the parties since generally either party may disagree with a proposed transaction involving the property owned through a tenancy-in-common or venture and impede any proposed action, including the sale or other disposition of the property.

Our inability to dispose of a property we may acquire in the future without the consent of a tenant-in-common or venture partner would increase the risk that we could be unable to dispose of the property, or dispose of it promptly, in response to economic or other conditions. The inability to respond promptly to changes in performance of the property could adversely affect our financial condition and results of operations.

We may face significant competition and we may not compete successfully.

We may face significant competition in seeking investments including competition from our affiliates BVF and BVF II. We may be unable to acquire a desired property because of competition from other well capitalized real estate investors, such as publicly traded REIT's, institutional investors and other investors, including companies that may be affiliated with the Advisor. When we are successful in acquiring a desired property, competition from other real estate investors may significantly increase our purchase price. Some of our competitors may have greater financial and other resources than us and may have better relationships with lenders and sellers, and we may not be able to compete successfully for investments.

We plan to borrow, which may adversely affect our return on our investments and may reduce income available for distribution.

Where possible, we may seek to borrow funds to increase the rate of return on our investments and to allow us to make more investments than we otherwise could. Borrowing by us presents an element of risk if the cash flow from our properties and other investments is insufficient to meet our debt service and other obligations. A property encumbered by debt increases the risk that the property will operate at a loss and may ultimately be forfeited upon foreclosure by the lender. Loans that do not fully amortize during the term, such as "bullet" or "balloon-payment" loans, present refinancing risks. Variable rate loans increase the risk that the property may become unprofitable in adverse economic conditions. Loans that require guaranties, including full principal and interest guaranties, master leases, debt service guaranties and indemnities for liabilities such as hazardous waste, may result in significant liabilities for us.

Under our current investment policies, we may not incur indebtedness if by doing so our ratio of debt to total assets, at fair market value, exceeds 75%. However, we may reevaluate our borrowing policies from time to time, and the Board may change our investment policies without the consent of our stockholders. At December 31, 2007 and 2006, our ratio of debt to total assets, at fair value, was 61.45% and 60.59%, respectively.

Our insurance on our real estate may not cover all losses.

We carry comprehensive liability, fire, extended coverage and rental loss insurance covering all of our properties, with policy specifications and insured limits that we believe are adequate and appropriate under the circumstances. Some types of losses, such as from terrorism, are uninsurable or not insurable on economically feasible terms. In addition, many insurance carriers are excluding asbestos-related claims and most mold-related claims from standard policies, pricing asbestos and mold endorsements at prohibitively high rates or adding significant restrictions to this coverage. Because of our inability to obtain specialized coverage at rates that correspond to the perceived level of risk, we have not obtained insurance for asbestos-related claims or all mold-related risks. We have obtained a limited amount of terrorism insurance, which we determined was economically feasible, that would cover losses at any of our properties according to the policy specifications and up to the insured limit. We continue to evaluate the availability and cost of additional insurance coverage from the insurance market. If we decide in the future to purchase additional levels of coverage for terrorism, or insurance for asbestos or mold, the cost could have a negative impact on our

results of operations. If an uninsured loss or a loss in excess of insured limits occurs on a property, we could lose our capital invested in the property, as well as the anticipated future revenues from the property and, in the case of debt that is recourse to us, we would remain obligated for any mortgage debt or other financial obligations related to the property. Any loss of this nature could adversely affect us.

Additionally, the policy specifications of our insurance coverage on our properties include deductibles related to an insured loss. The deductibles applicable to an insured loss caused by “Named Storms”, as defined in the insurance policy, which are usually in the form of a hurricane, at certain of the properties we operate, are higher than deductibles for other insured losses covered by the policy. Specifically, the deductibles for “Named Storms” are based on a percentage of the insured property value with a specific minimum amount. Both the percentage and the related minimum amounts are higher than the standard policy deductibles for insured losses

caused by a “Named Storm” in certain higher risk counties of certain states, including Florida, North Carolina, Texas and Virginia and even higher amounts for insured losses caused by a “Named Storm” in the counties of Dade, Broward and Palm Beach, Florida. In addition to the higher deductibles, coverage also differs as some types of losses are specifically excluded when the cause of the loss is a “Named Storm”. Examples of items excluded from coverage include fencing and landscape items, such as trees. Losses resulting from “Named Storms” could adversely affect us.

Environmental compliance costs and liabilities with respect to our real estate may adversely affect our results of operations.

Our operating costs may be affected by our obligation to pay for the cost of complying with existing environmental laws, ordinances and regulations, as well as the cost of complying with future legislation with respect to the assets, or loans collateralized by assets, with environmental problems that materially impair the value of assets. Under various federal, state or local environmental laws, ordinances and regulations, an owner of real property may be liable for the costs of removal or remediation of hazardous or toxic substances located on or in the property. These laws often impose liability without regard to whether the owner knew of, or was responsible for, the presence of the hazardous or toxic substances. The costs of any required remediation or removal of these substances may be substantial. In addition, the owner’s liability as to any property is generally not limited under these laws, ordinances and regulations and could exceed the value of the property and/or the aggregate assets of the owner. The presence of hazardous or toxic substances, or the failure to remediate properly, may also adversely affect the owner’s ability to sell or rent the property or to borrow using the property as collateral. Under these laws, ordinances and regulations, an owner or any entity who arranges for the disposal of hazardous or toxic substances, such as asbestos, at a disposal facility may also be liable for the costs of any required remediation or removal of the hazardous or toxic substances at the facility, whether or not the facility is owned or operated by the owner or entity. In connection with the ownership of any of our properties, or participation in ventures, or the disposal of hazardous or toxic substances, we may be liable for any of these costs.

Other federal, state and local laws may impose liability for the release of hazardous material, including asbestos-containing materials, into the environment, or require the removal of damaged asbestos containing materials in the event of remodeling or renovation, and third parties may seek recovery from owners of real property for personal injury associated with exposure to released asbestos-containing materials or other hazardous materials. We do not currently have insurance for asbestos-related claims.

Recently there has been an increasing number of lawsuits against owners and managers of multifamily properties alleging personal injury and property damage caused by the presence of mold in residential real estate. Some of these lawsuits have resulted in substantial monetary judgments or settlements. We do not currently have insurance for all mold-related risks. Environmental laws may also impose restrictions on the manner in which a property may be used or transferred or in which businesses may be operated, and these restrictions may require additional expenditures. In connection with the ownership of properties, we may be potentially liable for any of these costs. The cost of defending against claims of liability or remediating contaminated property and the cost of complying with environmental laws could materially adversely affect our results of operations and financial condition.

We have been notified of the presence of asbestos in certain structural elements in our properties, which we are addressing in accordance with various operations and maintenance plans. The asbestos operations and maintenance plans require that all structural elements that contain asbestos not be disturbed. In the event the asbestos containing elements are disturbed either through accident, such as a fire, or as a result of planned renovations at the property, those elements would require removal by a licensed contractor, who would provide for containment and disposal in an authorized landfill. The property managers of our properties have been directed to work proactively with licensed ablation contractors whenever there is any question regarding possible exposure.

We are not aware of any environmental liability relating to our properties that we believe would have a material adverse effect on our business, assets or results of operations. Nevertheless, it is possible that there are material environmental liabilities of which we are unaware with respect to our properties. Moreover, we cannot be certain that future laws, ordinances or regulations will not impose material environmental liabilities or that the current environmental condition of our properties will not be affected by residents and occupants of our properties, by the uses or condition of properties in the vicinity of our properties, such as leaking underground storage tanks, or by third parties unaffiliated with us.

Our failure to comply with various regulations affecting our properties could adversely affect our financial condition.

Various laws, ordinances, and regulations affect multifamily residential properties, including regulations relating to recreational facilities, such as activity centers and other common areas. We believe that each of our properties has all material permits and approvals to operate its business.

Our multifamily residential properties must comply with Title II of the Americans with Disabilities Act (the “ADA”) to the extent that such properties are public accommodations and/or commercial facilities as defined by the ADA.
Compliance with the ADA

requires removal of structural barriers to handicapped access in certain public areas of our properties where such removal is readily achievable. The ADA does not, however, consider residential properties to be public accommodations or commercial facilities, except to the extent portions of such facilities, such as a leasing office, are open to the public. We believe that our properties comply in all material respects with all current requirements under the ADA and applicable state laws. Noncompliance with the ADA could result in imposition of fines or an award of damages to private litigants. The cost of defending against any claims of liability under the ADA or the payment of any fines or damages could adversely affect our financial condition.

The Fair Housing Act (the "FHA") requires, as part of the Fair Housing Amendments Act of 1988, apartment communities first occupied after March 13, 1990 to be accessible to the handicapped. Noncompliance with the FHA could result in the imposition of fines or an award of damages to private litigants. We believe that our properties that are subject to the FHA are in compliance with such law. The cost of defending against any claims of liability under the FHA or the payment of any related fines or damages could adversely affect our financial condition.

We face risks associated with property acquisitions.

We intend to acquire additional properties in the future, either directly or by acquiring entities that own properties. These acquisition activities are subject to many risks. We may acquire properties or entities that are subject to liabilities or that have problems relating to environmental condition, state of title, physical condition or compliance with zoning laws, building codes, or other legal requirements. In each case, our acquisition may be without any recourse, or with only limited recourse, with respect to unknown liabilities or conditions. As a result, if any liability were asserted against us relating to those properties or entities, or if any adverse condition existed with respect to the properties or entities, we might have to pay substantial sums to settle or cure it, which could adversely affect our cash flow and operating results. However, some of these liabilities may be covered by insurance. In addition, we intend to perform customary due diligence regarding each property or entity we acquire. We also intend to obtain appropriate representations and indemnities from the sellers of the properties or entities we acquire, although it is possible that the sellers may not have the resources to satisfy their indemnification obligations if a liability arises. Unknown liabilities to third parties with respect to properties or entities acquired might include: liabilities for clean-up of undisclosed environmental contamination; claims by tenants, vendors or other persons dealing with the former owners of the properties; liabilities incurred in the ordinary course of business; and claims for indemnification by general partners, directors, officers and others indemnified by the former owners of the properties.

We may acquire multifamily apartment communities through foreclosure auctions, which limit our ability to perform due diligence.

One of our acquisition strategies seeks to acquire multifamily apartment communities through foreclosure auctions. Generally when a property is foreclosed on by a lender, there is minimal time between the announcement of foreclosure and the auction to dispose of the property and access to the property for due diligence is either severely limited or unavailable. The lack of time and access for due diligence can result in only limited knowledge of problems, including environmental issues, that are identified after the acquisition has taken place. While the Company generally includes provisions for unforeseen problems into its underwriting models, there is no assurance that these provisions will be sufficient to remediate all of the issues identified after closing. If significant issues are identified after closing, which were not provided for during the underwriting, this sourcing strategy could result in lower profits, or higher losses, than would be realized in market rate acquisitions, where full due diligence is available.

Development risks could affect available capital and operating profitability.

We intend to develop new apartment units on property that we own or may acquire in the future. These development projects are subject to many risks including governmental approvals, which we have no assurance will be obtained. We may develop properties that have problems relating to environmental conditions, compliance with zoning laws, building codes, or other legal requirements or may be subject to unknown liabilities to third parties with respect to undisclosed environmental contamination, claims by vendors or claims by other persons. The cost to construct the projects may require capital in excess of projected amounts and possibly render the economic viability of the project unfeasible. The apartment units in the completed project may command rents and occupancy rates at less than anticipated levels and result in operating expenses at higher than forecasted levels.

Risk Factors Relating to Our Management

We are dependent on Berkshire Advisor and may not find a suitable replacement at the same cost if Berkshire Advisor terminates the advisory services agreement.

We have entered into a contract with Berkshire Advisor (which we refer to as the advisory services agreement) under which Berkshire Advisor is obligated to manage our portfolio and identify investment opportunities consistent with our investment policies and

objectives, as the Board may adopt from time to time. Although the Board has continuing exclusive authority over our management, the conduct of our affairs and the management and disposition of our assets, the Board initially has delegated to Berkshire Advisor, subject to the supervision and review of our Board, the power and duty to make decisions relating to the day-to-day management and operation of our business. We generally utilize officers of Berkshire Advisor to provide our services and employ only a few individuals as our officers, none of whom are compensated by us for their services to us as our officers. We believe that our success depends to a significant extent upon the experience of Berkshire Advisor's officers, whose continued service is not guaranteed. We have no separate facilities and are completely reliant on Berkshire Advisor, which has significant discretion as to the implementation of our operating policies and strategies. We face the risk that Berkshire Advisor could terminate the advisory services agreement and we may not find a suitable replacement at the same cost with similar experience and ability. However, we believe that so long as KRF Company, which is an affiliate of Berkshire Advisor, continues to own a significant amount of our common stock, Berkshire Advisor will not terminate the advisory services agreement. Although KRF Company currently owns all of our common stock, we cannot be certain that KRF Company will continue to do so.

Our relationship with Berkshire Advisor may lead to general conflicts of interest that adversely affect the interests of holders of our Series A Preferred Stock.

Berkshire Advisor is an affiliate of KRF Company, which owns the majority of our common stock. All of our directors and executive officers, other than our three independent directors, are also officers or directors of Berkshire Advisor. As a result, our advisory services agreement with Berkshire Advisor was not negotiated at arm's-length and its terms, including the fees payable to Berkshire Advisor, may not be as favorable to us as if it had been negotiated with an unaffiliated third party. Asset management fees and acquisition fees for new investments are payable to Berkshire Advisor under the advisory services agreement regardless of the performance of our portfolio and may create conflicts of interest. Conflicts of interest also may arise in connection with any decision to renegotiate, renew or terminate our advisory services agreement. In order to mitigate these conflicts, the renegotiation, renewal or termination of the advisory services agreement requires the approval of the Audit Committee (which committee is comprised of our three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange).

Through December 31, 2004, our property manager, an affiliate of Berkshire Advisor, in most cases provided on-site management services for our properties. Our directors who are affiliates of our property manager might be subject to conflicts of interest in their dealings with our property manager. In order to mitigate these conflicts, the renegotiation, renewal or termination of the property management agreements requires the approval of the Audit Committee (which committee is comprised of our three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange). As of January 1, 2005, Berkshire Advisor assumed the role of property manager for our properties, under the same terms as the agreements with the prior property manager.

Berkshire Advisor and its affiliates may engage in other businesses and business ventures, including business activities relating to real estate or other investments, whether similar or dissimilar to those made by us, or may act as advisor to any other person or entity (including other REITs). The ability of Berkshire Advisor and its officers and employees to engage in these other business activities may reduce the time Berkshire Advisor spends managing us. Berkshire Advisor and its affiliates may have conflicts of interest in the allocation of management and staff time, services and functions among us and its other investment entities presently in existence or subsequently formed. However, under our advisory services agreement with Berkshire Advisor, Berkshire Advisor is required to devote sufficient resources as may be required to discharge its obligations to us under the advisory services agreement.

Our advisory services agreement with Berkshire Advisor provides that neither Berkshire Advisor nor any of its affiliates is obligated to present to us all investment opportunities that come to their attention, even if any of those opportunities might be suitable for investment by us. It is within the sole discretion of Berkshire Advisor to allocate investment opportunities to us as it deems advisable. However, it is expected that, to the extent possible, the resolution of conflicting investment opportunities between us and others will be based upon differences in investment objectives and policies, the makeup of investment portfolios, the amount of cash and financing available for investment and the length of time the funds have been available, the estimated income tax effects of the investment, policies relating to leverage and cash flow, the effect of the investment on diversification of investment portfolios and any regulatory restrictions on investment policies.

We have adopted policies to ensure that Berkshire Advisor does not enter into investments on our behalf involving its affiliates that could be less favorable to us than investments involving unaffiliated third parties. For example, any transaction between us and Berkshire Advisor or any of its affiliates requires the prior approval of the Audit Committee (which committee is comprised of our three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange). Members of our Audit Committee are also required under our bylaws to be unaffiliated with Berkshire Advisors and its affiliates. We cannot be certain that these policies will be successful in eliminating the influence of any conflicts.

Our Board of Directors has approved investment guidelines for Berkshire Advisor, but might not approve each multifamily residential property investment decision made by Berkshire Advisor within those guidelines.

Berkshire Advisor is authorized to follow investment guidelines adopted from time to time by the Board in determining the types of assets it may decide to recommend to the Board as proper investments for us. The Board periodically reviews our investment guidelines and our investment portfolio. In conducting periodic reviews, the Board relies primarily on information provided by Berkshire Advisor. However, Berkshire Advisor may make investments in multifamily residential property on our behalf within the Board approved guidelines without the approval of the Board.

We may change our investment strategy without stockholder consent, which could result in our making different and potentially riskier investments.

We may change our investment strategy at any time without the consent of our stockholders, which could result in our making investments that are different from, and possibly riskier than, our initial plan to primarily acquire, own and operate multifamily residential properties. In addition, the methods of implementing our investment policies may vary as new investment techniques are developed. A change in our investment strategy may increase our exposure to interest rate and real estate market fluctuations.

ITEM 3. LEGAL PROCEEDINGS

The Company is currently party to a legal proceeding initiated by a seller/developer from whom the Company acquired a property in 2005. The dispute involves the interpretation of certain provisions of the purchase and sales agreement related to post acquisition construction activities. Specifically, the purchase and sales agreement provided that if certain conditions were met, the seller/developer would develop a vacant parcel of land contiguous to the acquired property with 18 new residential apartment units (the "New Units") for the benefit of the Company at an agreed upon price. The purchase and sales agreement also provided the opportunity for the seller/developer to build a limited number of garages (the "Garages") for the existing apartment units, for the benefit of the Company at an agreed upon price.

In 2006, the Company accrued \$190,000 with respect to this matter based on a settlement offer extended to the plaintiff. On November 9, 2007, the judge issued a summary judgment with respect to the construction of the New Units. The judgment was against the Company, but did not specify damages, which the plaintiff will be required to demonstrate at trial. On February 13, 2008, the court entered judgment on the seller/developer's behalf awarding them a judgment in the amount of \$774,292 for costs and damages. The Company believes that there are reasonable grounds for appeal of this ruling and intends to pursue an appeal of the Judgment awarded by the court.

As of December 31, 2007, the Company did not increase its accrual of \$190,000 related to this matter as it is moving forward with an appeal of the judgment awarded by the court. Based on the court's award of damages in the amount of \$774,292, if the appeal were to be unsuccessful, the Company would record an additional cost of \$584,292, the amount in excess of the \$190,000 accrued as of December 31, 2007.

The Company settled the matter related to the construction of the Garages and has executed a contract for the construction of the Garages with the seller/developer which is contingent on the Company obtaining lender approval.

The Company and our properties are not subject to any other material pending legal proceedings and we are not aware of any such proceedings contemplated by governmental authorities.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER REPURCHASES OF EQUITY SECURITIES

There is no established public trading market for the outstanding common stock of the Company, the majority of which is held by KRF Company. As of March 31, 2008, there were approximately 0 and 3 holders of shares of our Class A Common Stock and Class B Common Stock, respectively. During 2007 and 2006, the Company declared a cash dividend on its common stock for each of the quarters ended March 31, June 30, September 30, and December 31, in the per share amount of \$0.016996. The Company plans to declare cash dividends on its outstanding common stock in the future. Refer to Declaration of Dividends and Distributions in Part II Item 7- Management's Discussion and Analysis of financial Condition and Results of Operations of Berkshire Income Realty, Inc.

Refer to Part III Item 12 – Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters herein for disclosures relating to the Company's equity compensation plans.

On June 20, 2005, the Company issued and sold an aggregate of 122,883 shares of its Class B Common Stock (the “Stock”) to individuals deemed to be executive officers of the Company for an aggregate purchase price of approximately \$290,000, paid in cash, in a transaction made in compliance with Rule 506 promulgated under the 33 Act, and therefore exempt from the registration requirements of Section 5 of the 33 Act. The exemption was available with respect to the sale and issuance of the Stock due to the limited number of purchasers of the Stock and their status as accredited investors.

During the period October 1, 2007 to December 31, 2007, no purchases of any of the Company’s securities registered pursuant to Section 12 of the 34 Act, were made by or on behalf of the Company or any affiliated purchaser.

ITEM 6. SELECTED FINANCIAL DATA

The following table sets forth selected financial data regarding the financial position and operating results of the Company. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations of Berkshire Income Realty, Inc. for a discussion of the entities that comprise the Company. The following financial data should be read in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations of Berkshire Income Realty, Inc.” and the financial statements of the Company (including the related notes contained therein). (1) - The Company has adopted the revised definition of Funds from Operations (“FFO”) adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”). Management considers FFO to be an appropriate measure of performance of an equity REIT. We calculate FFO by adjusting net income (loss) (computed in accordance with GAAP, including non-recurring items), for gains (or losses) from sales of properties, real estate related depreciation and amortization, and adjustment for unconsolidated partnerships and ventures. Management believes that in order to facilitate a clear understanding of the historical operating results of the Company, FFO should be considered in conjunction with net income (loss) as presented in the consolidated financial statements included elsewhere herein. Management considers FFO to be a useful measure for reviewing the comparative operating and financial performance of the Company because, by excluding gains and losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company’s real estate between periods or as compared to different companies.

The Company’s calculation of FFO may not be directly comparable to FFO reported by other REITs or similar real estate companies that have not adopted the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO is not a GAAP financial measure and should not be considered as an alternative to net income (loss), the most directly comparable financial measure of our performance calculated and presented in accordance with GAAP, as an indication of our performance. FFO does not represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance; FFO should be compared with our reported net income (loss) and considered in addition to cash flows in accordance with GAAP, as presented in our consolidated financial statements.

The following table presents a reconciliation of net income (loss) to FFO for the years ended December 31, 2007, 2006 and 2005:

FFO for the year ended December 31, 2007 decreased slightly as compared to FFO for the year ended December 31, 2006. The decrease is due mainly to increased interest expense related to higher levels of debt, specifically for increased debt refinanced in 2006 at the Seasons of Laurel property, offset by improved operating results of the properties in the portfolio, net of depreciation and amortization.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF BERKSHIRE INCOME REALTY, INC.

Certain statements contained in this report, including information with respect to our future business plans, constitute "forward-looking statements" within the meaning of Section 27A of the 1933 Act and Section 21E of the 1934 Act. For this purpose, any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements, subject to a number of risks and uncertainties that could cause actual results to differ significantly from those described in this report. These forward-looking statements include statements regarding, among other things, our business strategy and operations, future expansion plans, future prospects, financial position, anticipated revenues or losses and projected costs and objectives of management. Without limiting the foregoing, the words "may," "will," "should," "could," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," or "could" and other similar terms and other comparable terminology are intended to identify forward-looking statements. There are a number of important factors that could cause our results to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to, changes in economic conditions generally and the real estate and bond markets specifically, legislative/regulatory changes (including changes to laws governing the taxation of REITs), possible sales of assets, the acquisition restrictions placed on the Company by its investment in BVF, the acquisition restrictions placed on the Company by an affiliated entity BVF II, availability of capital, the cost of rehabilitation projects, interest rates and interest rate spreads, changes in GAAP and policies and guidelines applicable to REITs, those factors set forth in the Part I Item 1A - Risk Factors section of this Annual Report on Form 10-K for the year ended December 31, 2007 and other risks and uncertainties as may be detailed from time to time in our public announcements and our reports filed with the SEC. The risks listed herein are not exhaustive. Other sections of this report may include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results.

Overview

The Company is engaged primarily in the ownership, acquisition and rehabilitation of multifamily apartment communities in the Baltimore/Washington D.C., Southeast, Southwest, Northwest and Midwest areas of the United States. We conduct substantially all of our business and own, either directly or through subsidiaries, substantially all of our assets through the Operating Partnership, a Delaware limited partnership. The Company's wholly owned subsidiary, BIR GP, L.L.C., a Delaware limited liability company, is the sole general partner of the Operating Partnership. As of March 31, 2008, the Company is the owner of 100% of the preferred limited partner units of the Operating Partnership, whose terms mirror the terms of the Company's Preferred Shares and, through BIR GP, L.L.C., owns 100% of the general partner interest of the Operating Partnership, which represents approximately 2.39% of the common economic interest of the Operating Partnership.

Our general and limited partner interests in the Operating Partnership entitle us to share in cash distributions from, and in the profits and losses of, the Operating Partnership in proportion to our percentage interest therein. The other partners of the Operating Partnership are affiliates that contributed their direct or indirect interests in certain properties to the Operating Partnership in exchange for common units of limited partnership interest in the Operating Partnership.

Our highlights of the year ended December 31, 2007 included the following:

- On March 2, 2007, the Company acquired Hampton House Apartments for \$20,500,000, from an unaffiliated seller. The high rise mixed use property is located in the Baltimore suburb of Towson, Maryland and has 222 units, 196 residential and 26 commercial units. The purchase price was paid with a combination of proceeds from the advance of \$20,000,000 on the revolving credit facility available from an affiliate, and cash from available working capital. The property has been designated as a qualified replacement property in a transaction structured to comply with a reverse 1031 Exchange under the Tax Code.
- On March 30, 2007, the Company closed on \$7,050,000 of supplemental fixed rate financing on the Yorktowne property. The loan is a non-recourse mortgage note with a fixed interest rate of 6.12%. The loan is coterminous with the existing first mortgage on the property.
- On April 26, 2007, the Company closed on \$20,000,000 of fixed rate financing on the Hampton House property. The loan is a non-recourse mortgage note with a fixed interest rate of 5.77% and a term of 10 years. The loan was used to repay the \$20,000,000 of revolving credit used to purchase the property initially.
- On May 10, 2007, the Company closed on \$8,000,000 of supplemental fixed rate financing on the Westchester West property. The loan is a non-recourse mortgage note with a fixed interest rate of 5.89%. The loan is coterminous with the existing first mortgage on the property.
- On May 30, 2007, the Company completed the sale of Trellis, a 176-unit multifamily apartment community located in Newport News, Virginia, to an unaffiliated buyer. The sale price of the property was \$12,200,000 and was subject to normal operating prorations and adjustments as provided for in the purchase and sale agreement. The Company has

structured the transaction to comply with the requirements of a 1031 Exchange under the Tax Code. The Company has reinvested the proceeds from the sale of Trellis and the proceeds from sale of Dorsey's in the purchase of two qualified replacement properties, Hampton House and Sunfield Lakes Apartments.

- On June 1, 2007, the Company acquired Sunfield Lakes Apartments for \$24,250,000, from an unaffiliated seller. The 200 unit multifamily apartment community is located in the City of Sherwood, Oregon. The purchase price was paid with a combination of proceeds from the advance of \$17,500,000 on the revolving credit facility available from an affiliate, and cash from available working capital. The property has been designated as a qualified replacement property in a transaction structured to comply with a reverse 1031 Exchange under the Tax Code.

- On June 22, 2007, the Company completed the sale of Dorsey's, a 251-unit multifamily apartment community located in Columbia, Maryland, to an unaffiliated buyer. The sale price of the property was \$33,250,000 and was subject to normal operating proration and adjustments as provided for in the purchase and sale agreement. The Company has structured the transaction to comply with the requirements of a 1031 Exchange under the Tax Code. The Company has reinvested its entire share of the proceeds from the sale of Dorsey's and the proceeds from sale of Trellis in the purchase of two qualified replacement properties, Hampton House and Sunfield Lakes Apartments. Dorsey's was one of the three properties owned with a third party. The Company's interest in Dorsey's was 91.382%.
- On August 15, 2007, the Company, through its wholly owned subsidiary, BIR Sunfield, LLC, executed a non-recourse mortgage note payable on the Sunfield Lakes Apartments for \$19,400,000, which is collateralized by the related property. The interest rate on the note is fixed at 6.29% for a term of 10 years. The note requires interest only payments for 60 months and matures on September 1, 2017, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to prepayment penalty, at anytime with 30 days of notice.
- On September 20, 2007, the Company closed on refinancing of \$18,600,000 fixed rate first mortgage debt secured by the Berkshire on Brompton property. The loan is a non-recourse mortgage note with a fixed interest rate of 5.71% and a term of 7 years. The note requires interest only payments for 60 months and matures on October 1, 2014, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to prepayments penalty, at anytime with 30 days of notice.
- On October 14, 2007, the Walden Pond property located in Texas sustained a fire in one of its buildings. The fire was extensive and resulted in the total loss of the building which contained 16 of the total 416 units in the complex. The Company is in the process of obtaining estimates to renovate the building, which will require complete reconstruction. As one of the Company's business strategies, all the properties owned by the Company are properly insured under the property insurance policy. Walden Pond will receive reimbursement payment from the insurance company in year 2008.
- On November 1, 2007, the Company commenced construction on the development of vacant land adjacent to the Arboretum property. The development plans include the construction of five buildings, containing 143 units, and a clubhouse. The project cost is currently estimated at \$17,000,000, and is expected to be completed in late 2008.

Acquisition Strategy

The Company continues to seek out market rate core and core-plus acquisitions as it grows its portfolio. However, it is facing significant competition in many of the markets where it intends to invest. To broaden the scope of its acquisition sourcing efforts the Company continues to seek non-market/seller direct deals, bank and lender owned real estate and foreclosure auctions. We believe that this broadened approach will provide additional opportunities to acquire multifamily apartment communities that otherwise would not exist in the highly competitive markets in which

we are seeking to buy.

Financing and Capital Strategy

In select instances the Company evaluates opportunities available through venture relationships with institutional real estate investors on certain acquisitions. We believe this strategy will allow the Company to enhance its returns on core and core-plus properties, without increasing the risk that is otherwise inherent in real estate investments. We believe a venture strategy will allow us to acquire more multifamily apartment communities than our current capital base would allow, thereby achieving greater diversification and a larger portfolio to support the operating overhead inherent in a public company.

On January 28, 2005, the Board approved the investment of up to \$25,000,000 in, or 10% of the total equity raised by, the Fund. The investment was also approved by the Audit Committee, which is composed solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The Fund, which was sponsored by our affiliate, Berkshire Advisors, was formed in August of 2005 and successfully raised equity in excess of expectations. The Company has committed to invest \$23,400,000, or approximately 7%, in the Fund and has made contributions totaling \$21,072,251, or approximately 90.1% of its total commitment of \$23,400,000 as of December 31, 2007. The Company has evaluated its investment in the Fund and concluded that the investment, although subject to the requirements of FIN 46R "Consolidation of Variable Interest Entities", does not require the Company to consolidate the activity of the Fund. Additionally, the Company has determined, pursuant to the guidance promulgated in EITF Issue No. 04-5, "Investors Accounting for an Investment in a Limited Partnership When the Investor is the Sole General Partner and the Limited Partners Have Certain Rights", that the Company does not have a controlling interest in the Multifamily Limited Partnership and is not required to consolidate the activity of the Fund. The Company accounts for its investment in the Fund under Statement of Position 78-9, Accounting for Investments in Real Estate ("SOP 78-9"), as an equity method investment.

The investment objectives of the Fund are similar to those of the Company and under the terms of the Fund, Berkshire Advisors is generally required to present investment opportunities, which meet the Fund's investment criteria, only to the Fund. However, the Company has invested the majority of its available capital as of December 31, 2007 and intends to finance its commitment to the Fund with proceeds from the refinancing of properties in its portfolio and funds from operations. Under the terms of the Fund, the Company has the right to acquire assets that: (i) satisfy the requirements of Section 1031 of the Internal Revenue Code for like-kind exchanges for properties held by the Company or (ii) involve less than \$8,000,000 of equity capital in any 12-month period if such capital is generated as a result of refinancing of debts of the Company.

BVF II, an investment fund formed during 2007, was sponsored by our affiliate, Berkshire Advisors. The Company did not make an investment in BVF II, but as an affiliate, is subject to certain investment restrictions similar to those imposed by BVF. Like BVF, the investment objectives of BVF II are similar to those of the Company and under the terms of BVF II, Berkshire Advisors is generally required to present investment opportunities, which meet BVF II's investment criteria, only to BVF II. Also similar to restrictions imposed on the Company by BVF, under the terms of BVF II, the Company has the right to acquire assets that: (i) satisfy the requirements of Section 1031 of the Internal Revenue Code for like-kind exchanges for properties held by the Company or (ii) involve less than \$8,000,000 of equity capital in any 12-month period if such capital is generated as a result of refinancing of debts of the Company. Unlike the investment restrictions imposed by the BVF, the restrictions of BVF II are only applicable during the commitment phase of BVF II and the \$8,000,000 equity capital limit can be carried over from any prior 12-month period and can accumulate to a total of \$16,000,000.

The Company owns two parcels of vacant land, which are contiguous with other properties the Company currently owns. A decision to move forward with the development of one parcel, the Arboretum Land, which is contiguous with the Arboretum Place Apartments, has been made by the Company. Development plans had been assessed and approved and construction commenced on November 1, 2007. The development plans include the construction of five buildings, containing 143 units, and a clubhouse. The project cost is estimated at \$17,000,000 and is expected to be completed in early 2009.

Critical Accounting Policies

The discussion below describes what we believe are the critical accounting policies that affect the Company's more significant judgments and the estimates used in the preparation of its financial statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires us to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities in the Company's financial statements and related notes. We believe that the following critical accounting policies affect significant judgments and estimates used in the preparation of the Company's financial statements.

Purchase Accounting for Acquisition of Real Estate

The Company accounts for its acquisitions of investments in real estate in accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, furniture, fixtures and equipment and identified intangible assets and liabilities, consisting of the value of the above-market and below-market leases, the value of in-place leases and value of other tenant relationships, based in each case on their fair values. The Company considers acquisitions of operating real estate assets to be businesses as that term is contemplated in Emerging Issues Task Force Issue No. 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business.

The Company allocates purchase price to the fair value of the tangible assets of an acquired property (which includes land, building, furniture, fixtures and equipment) determined by valuing the property as if it were vacant. The as-if-vacant value is allocated to land and buildings, furniture, fixtures and equipment based on management's determination of the relative fair values of these assets.

Above-market and below market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market lease values are amortized as a reduction of rental income over the remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are amortized as an increase to rental income over the initial term and any fixed-rate renewal periods in the respective leases.

Management may engage independent third-party appraisers to perform these valuations and those appraisals use commonly employed valuation techniques, such as discounted cash flow analyses. Factors considered in these analyses may include estimates of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. The Company also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired. In estimating carrying costs, management also includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods depending on specific local market conditions and depending on the type of property acquired.

The total amount of other intangible assets acquired is further allocated to in-place leases and tenant relationships, which includes other tenant relationship intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's tenant retention history. The value of in-place leases and tenant relationships are amortized over the initial term of the respective leases and any expected renewal period.

Impairment of Long-Lived Assets

The Company reviews its long-lived assets used in operations for impairment when there is an event or change in circumstances that indicates an impairment in value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated cash flows is highly subjective and is based in part on assumptions regarding future rental occupancy, rental rates and capital requirements that could differ materially from actual results in future periods. No such losses have been recognized to date.

Accounting for Disposition of Real Estate

The Company considers real estate assets held for sale upon the approval of a sale by management, the execution of a purchase and sale agreement and the satisfaction and resolution of significant contingencies related to the transaction. The satisfaction of the conditions are often complete at the time of closing on the sale of the property.

Pursuant to Financial Accounting Standard 66 (“FAS 66”), “Accounting for Sales of Real Estate”, the Company recognizes profit on real estate transactions by the full accrual method when the promulgated criteria of the FAS 66 have been met for the transaction. Specifically, the Company recognizes profit by the full accrual method of accounting on the sale of real estate when a sale is consummated, usually at closing, the buyer has paid for the property, the Company’s receivable from the transaction, if any, is not subject to future subordination and the Company has transferred the usual risk and rewards of ownership to the buyer and does not continue to have a substantial involvement with the property.

Capital Improvements

The Company’s policy is to capitalize costs related to the acquisition, rehabilitation and improvement of properties. Capital improvements are costs that increase the value and extend the useful life of an asset. Ordinary repair and maintenance costs that do not extend the useful life of the asset are expensed as incurred. Costs incurred on a lease turnover due to normal wear by the resident are expensed on the turn. Recurring capital improvements typically include items such as appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements. Non-recurring upgrades include kitchen and bath upgrades, new roofs, window replacements and the development of on-site fitness, business and community centers.

The Company is required to make subjective assessments as to the useful lives of its properties and improvements for purposes of determining the amount of depreciation to reflect on an annual basis. These assessments have a direct impact on the Company’s net income.

Revenue Recognition

The properties are leased under terms of leases that are generally one year or less. Rental revenue is recognized when earned. Recoveries from tenants for utility expenses are recognized in the period the applicable costs are incurred. Other income, which consists primarily of income from damages, laundry, cable, phone, pool, month to month tenants, relet fees and pet fees, are recognized when earned.

Investments in Multifamily Venture and Multifamily Limited Partnership

The Company’s investments in the Multifamily Venture, Multifamily Limited Partnership, or ownership arrangements with unaffiliated third parties, were evaluated pursuant to the requirements of FIN46R “Consolidation of Variable Interest Entities” and none were determined to require the Company to consolidate the operating results of the investee. Additionally, the Company has determined, pursuant to the guidance promulgated in EITF Issue No. 04-5, “Investors Accounting for an Investment in a Limited Partnership When the Investor is the Sole General Partner and the Limited Partners Have Certain Rights”, that the Company does not have a controlling interest in the Multifamily Limited Partnership and is not required to consolidate the activity of the Fund. The Company has accounted for the investments in accordance with Statement of Position 78-9, Accounting for Investments in Real Estate (“SOP 78-9”) as an equity method investment. The investments are carried as an asset on the balance sheet as Investment in Multifamily Venture and Limited Partnership and the Company’s equity in the income or loss of the venture is reflected as a single line item in the income statement as Equity in loss of Multifamily Venture and Limited Partnership.

Corporate Governance

Since the incorporation of our Company, we have implemented the following corporate governance initiatives to address certain legal requirements promulgated under the Sarbanes-Oxley Act of 2002, as well as American Stock Exchange corporate governance listing standards:

- We have elected annually three independent directors, Messrs. Robert Kaufman, Richard Peiser and Randolph Hawthorne, each of whom the Board determined to be independent under applicable SEC and American Stock Exchange rules and regulations;
- The Board has determined annually that Robert Kaufman, the Chairman of our Audit Committee, qualifies as an "audit committee financial expert" under applicable rules and regulations of the SEC;
- The Board's Audit Committee adopted our Audit and Non-Audit Services Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which permissible services to be performed by our independent public accountants must be pre-approved;
- The Board's Audit Committee established "Audit Committee Complaint Procedures" for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including the anonymous submission by employees of concerns regarding questionable accounting or auditing matters;
- The Board adopted a Code of Business Conduct and Ethics, which governs business decisions made and actions taken by our directors, officers and employees. A copy of this Code is available in print to stockholders upon written request addressed to the Company, c/o Investor Relations, One Beacon Street, Suite 1500, Boston, MA 02108;
- The Board established an Ethics Hotline that employees may use to anonymously report possible violations of the Code of Business Conduct and Ethics, including concerns regarding questionable accounting, internal accounting controls or auditing matters.

Recent Accounting Pronouncements

In June 2006, the FASB released FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes — an Interpretation of FASB Statement 109" ("FIN 48" or the "Interpretation"), which clarifies the accounting for uncertainty in income taxes recognized in companies' financial statements in accordance with FASB Statement No. 109, "Accounting for Income Taxes." FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The evaluation of a tax position in accordance with FIN 48 is a two-step process. The first step is recognition whereby companies must determine whether it is more likely than not that a tax position will be sustained upon examination. The second step is measurement whereby a tax position that meets the more-likely-than-not recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. The Interpretation also provides guidance on de-recognition of recognized tax benefits, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company adopted FIN 48 as of January 1, 2007. The Company has assessed the impact of FIN 48 and has determined that the adoption of FIN 48 did not have a material impact on the financial position or operating results of the Company.

In September 2006, the FASB issued SFAS No. 157 "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 provides guidance for, among other things, the definition of fair value and the methods used to measure fair value.

The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact that SFAS No. 157 may have on the financial position, operating results and related disclosures of the Company.

In February 2007, the FASB issued SFAS No. 159 “The Fair Value Option for Financial Assets and Financial Liabilities – Including an amendment of FASB Statement No. 115” (SFAS No. 159). SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The provisions of SFAS No. 159 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact that SFAS No. 159 may have on the financial position, operating results and related disclosures of the Company.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations (“SFAS 141R”), which is intended to improve reporting by creating greater consistency in the accounting and financial reporting of business combinations. SFAS No. 141R establishes principles and requirements for how the acquiring entity shall recognize and measure in its financial statements the identifiable assets acquired, liabilities assumed, any non-controlling interest in the acquired entity and goodwill acquired in a business combination. This statement is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is assessing the potential impact that the adoption of SFAS No. 141R may have on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51 (“SFAS No. 160”), which is intended to improve the relevance, comparability, and transparency of financial information provided to investors by establishing and expanding accounting and reporting standards for minority interests in a subsidiary. SFAS No. 160 is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. This statement is effective for fiscal years beginning on or after December 15, 2008. The Company is currently assessing the potential impact that the adoption of SFAS No. 160 may have on its financial position and results of operations.

Liquidity and Capital Resources

Cash and Cash Flows

As of December 31, 2007, 2006 and 2005, the Company had approximately, \$22,479,937, \$15,393,249 and \$22,134,658 of cash and cash equivalents, respectively.

	Year ended December 31,		
	2007	2006	2005
Cash provided by operating activities	\$ 13,288,385	\$ 15,040,646	\$ 14,115,221
Cash used in investing activities	(54,914,015)	(83,302,562)	(109,371,965)
Cash provided by financing activities	48,712,318	61,520,507	85,478,357

During the year ended December 31, 2007, cash increased by \$7,086,688. The main component of the overall increase was due to \$48,712,318 of cash provided by the Company’s financing activities, which include proceeds from new first, second and refinanced mortgage debt on various properties totaling \$73,090,000. The increases from the debt financing activities were offset in part by payments of principal on existing mortgage loans, repayment of refinanced loan, distributions to common and preferred shareholders and distributions to minority owners in the properties. The overall increase was offset in part by \$54,914,015 used in the investing activities of the Company. The activities relate mainly to the acquisition of the Hampton House and Sunfield Lakes properties for \$20,484,665 and \$24,525,265, respectively, capital expenditures related to the rehabilitation of the Company’s properties of \$19,114,398 and additional investments of capital in BVF of \$8,890,950. Additionally, the net cash used by the investing and financing activities of the Company was further offset by an increase in cash of \$13,288,385 provided by the operating activities of the Company.

The Company’s principal liquidity demands are expected to be distributions to our preferred and common shareholders and Operating Partnership unitholders, capital improvements, rehabilitation projects and repairs and maintenance for the properties, acquisition of additional properties within the investment restrictions placed on it by BVF, debt repayment and investment in the affiliated BVF. See Part IV, Item 15 - Notes to the Consolidated Financial Statements, Footnote 6 - Investment in Multifamily Limited Partnership Venture herein for additional

information. Additionally, the mortgage loan outstanding on the Briarwood property matures in April 2008 at which time the Company intends to repay the balance of approximately \$8,500,000 with available cash.

The Company intends to meet its short-term liquidity requirements through net cash flows provided by operating activities and advances from the revolving credit facility. The Company considers its ability to generate cash to be adequate to meet all operating requirements and make distributions to its stockholders in accordance with the provisions of the Tax Code, applicable to REITs. Funds required to make distributions to our preferred and common shareholders and Operating Partnership unitholders that are not provided by operating activities will be supplemented by property debt financing and refinancing activities.

The Company intends to meet its long-term liquidity requirements through property debt financing and refinancing. The Company may seek to expand its purchasing power through the use of venture relationships with other companies.

As of December 31, 2007, the Company has obtained fixed interest rate mortgage financing on all of the properties in the portfolio with the exception of the Arboretum Land, a parcel of vacant land adjacent to the Arboretum Place Apartments. First mortgage fixed interest rate debt on Hampton House and Sunfield Lakes was completed during the year ended December 31, 2007. The financing provided \$39,440,000 and was used primarily to pay down advances on the revolving credit facility used to acquire the property. The Company also refinanced the outstanding debt on the Berkshire on Brompton property. The refinancing provided additional liquidity of \$12,200,000. Supplemental fixed interest rate mortgage financing on the Yorktowne and Westchester West properties was completed during the year ended December 31, 2007 and provided \$15,050,000 of additional liquidity during the period.

The Company has a \$20,000,000 revolving credit facility in place with an affiliate of the Company. The facility provides for interest on borrowings at a rate of 5% above the 30 day LIBOR rate, as announced by Reuter's, and fees based on borrowings under the facility and various operational and financial covenants, including a maximum leverage ratio and a maximum debt service ratio. The facility provides for a 60-day notice of termination by which the lender can affect a termination of the commitment under the facility and render all outstanding amounts due and payable. Additionally, the facility also contains a clean-up requirement which requires the borrower to repay in full all outstanding loans and have no outstanding obligations under the Agreement for a 14 consecutive day period during each 365-day period. During the twelve months ended December 31, 2007, the Company borrowed \$20,000,000, which it later repaid and borrowed an additional \$17,500,000 from the credit facility for the acquisition of properties that were acquired prior to obtaining financing. The Company used the proceeds of the borrowing to acquire the Hampton House and Sunfield Lakes properties. The additional \$17,500,000 revolving credit facility balance was paid off during the third quarter of 2007, and there were no borrowings outstanding on the credit facility as of December 31, 2007.

Indebtedness

Capital Expenditures

The Company incurred \$5,271,024 and \$4,741,869 in recurring capital expenditures during the year ended December 31, 2007 and 2006, respectively. Recurring capital expenditures typically include items such as appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements.

The Company incurred \$13,843,374 and \$13,372,981 in renovation-related capital expenditures during the year ended December 31, 2007 and 2006, respectively. Renovation related capital expenditures generally include capital expenditures of a significant non-recurring nature, including construction management fees payable to an affiliate of the Company, where the Company expects to see a financial return on the expenditure or where the Company believes the expenditure preserves the status of a property within its sub-market.

In January 2004, the Company authorized the renovation of 252 apartment units at its Berkshires of Columbia (formerly Hannibal Grove property) ("Columbia") to provide for in-unit washer and dryer hookups. The total cost of the project was estimated to be approximately \$1,455,000, or \$5,775 per apartment unit. The Company believes the renovations are necessary to maintain the property's competitiveness in its sub-market and that the property will also achieve significant growth in rental rates as a result of the renovations. In September 2005, in addition to the washer and dryer program, the Company approved, after a successful trial project on a limited number of units, the interior renovation of all 252 units at Columbia, including the in-unit washer and dryer hookups in units not yet converted, at an anticipated total cost of \$5,292,000, or \$21,000 per unit. As of December 31, 2007, 235 units, or 93%, of 252 apartment units at Columbia have been renovated, of which 229 units, or 97%, of those completed units have been leased. The Company currently anticipates completing the project in the first quarter of 2008. Total costs committed to date are below original estimates and are anticipated to remain under budget through the remainder of the project.

In May 2005, the Company authorized the renovation of its Berkshires on Brompton property. The renovations at the 362-unit property include significant rehabilitation to the interior and exterior common areas as well as individual interior unit renovations. The total cost of the project, including interior and exterior renovations, is currently estimated at approximately \$6,800,000. The Company initially tested the interior rehabilitation plan on 100 units, at a cost of approximately \$6,300 per unit or \$630,000, and has determined that the financial returns estimated in the plan are achievable. Based on the successful financial returns of the 100-unit test, the Company decided to move forward with the renovation of the remaining 262 units. The costs associated with the renovation of the remaining 262 units were approved as part of the 2006 capital budget, which included a per-unit estimated cost of \$7,300 or \$1,912,600. As of December 31, 2007, all 362 units, or 100%, including the 100 test units, have been renovated, of which 343 units, or 95%, of those completed units have been leased.

In December 2006, the Company, as part of the decision to acquire the Standard at Lenox Park property, approved a rehabilitation project at the 375-unit property of approximately \$5,000,000 for interior and exterior improvements. As of December 31, 2007, the project, which includes rehabilitation of the kitchens, bathrooms, lighting and fixtures, was 68% complete as 256 of the 375 units had been completed, of which 235 units, or 92% have been leased.

During 2007 the Company, as part of the decision to acquire the Hampton House property, contemplated a rehabilitation project at the 196-unit property of approximately \$6,150,000 for interior and exterior renovation improvements. As part of the 2008 capital budgeting process, the funding for the project was approved and work began in early 2008. The project includes rehabilitation of interior common areas including the lobby and central utility systems and replacement of all windows and painting of the exterior. As of December 31, 2007, the project was approved but had not begun, the project was approved as part of the 2008 capital budget for Hampton House.

Other properties underwent limited-scope interior renovation projects during 2007. The decision to undertake these renovations was also made as part of the decision to acquire the respective properties. The projects included rehabilitation of the kitchens, bathrooms, lighting and fixtures and exterior renovations of the Chisholm Place and Briarwood Apartments properties. Both projects were complete as of December 31, 2007.

The Company owns two parcels of vacant land, which are contiguous with other properties the Company currently owns. A decision to move forward with the development of one parcel, the Arboretum Land, which is contiguous with the Arboretum Place Apartments, had been made by the Company. Development plans had been assessed and approved. On November 1, 2007, the Company commenced construction on the development of vacant land adjacent to the Arboretum property. The development plans include the construction of five buildings, containing 143 units, and a clubhouse. The project cost is estimated at \$17,000,000 and is expected to be completed in early 2009. Interest costs are capitalized on development projects until construction is substantially complete. There was \$107,267, \$0 and \$0 of interest capitalized in 2007, 2006 and 2005, respectively.

Pursuant to terms of the mortgage debt on certain properties in the Company's portfolio, lenders require the Company to fund repair or replacement escrow accounts. The funds in the escrow accounts are disbursed to the Company upon completion of the required repairs or renovations activities. The Company is required to provide to the lender documentation evidencing the completion of the repairs, and in some cases, are subject to inspection by the lender. Refer to Part IV Item 15 - Notes to the Consolidated Financial Statements, Footnote 10 – Commitments and Contingencies.

The Company's capital budgets for 2008 anticipate spending approximately \$25,936,000 for ongoing rehabilitation, including the Hampton House project and development of current portfolio properties, including the Arboretum Land development project during the year. As of December 31, 2007, the Company has not committed to any new significant rehabilitation projects.

Acquisitions and Dispositions

Discussion of acquisitions for the year ended December 31, 2007

On March 2, 2007, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Hampton Manager, LLC, completed the acquisition of 100% of the fee simple interest of Hampton House Apartments, a 222 unit mixed use high-rise apartment building located in Towson, Maryland, from an unaffiliated third party. The purchase price was \$20,500,000 subject to normal operating pro rations. The purchase price and related closing costs were funded through a \$20,000,000 advance from the revolving credit facility available from an affiliate and available cash. The Company obtained first mortgage financing, which is collateralized by the property, in the amount of \$20,000,000 on April 26, 2007 and subsequently used a portion of the proceeds and the 1031 Exchange net proceeds to repay the outstanding advance on the revolving credit facility. The acquisition of Hampton House is intended to be the qualified replacement property in connection with the sale of properties identified for replacement pursuant to a transaction structured to comply with the requirements of a reverse 1031 tax Exchange under the Tax Code. As required by the tax code, a qualified 1031 Exchange intermediary was retained to execute the Hampton House acquisition and relinquished properties transactions. As of December 31, 2007, the purchase price allocation was final and no further adjustment is contemplated.

On June 1, 2007, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Sunfield, LLC., completed the acquisition of 100% of the fee simple interest of Sunfield Lakes Apartments, a 200 unit multifamily apartment community located in the City of Sherwood, County of Washington, Oregon, from an unaffiliated third party. The purchase price was \$24,250,000 subject to normal operating pro rations. The purchase price and related closing costs were funded through a \$17,500,000 advance from the revolving credit facility available from an affiliate and available cash. On August 15, 2007, the Company closed on first mortgage financing, which is collateralized by the property, in the amount of \$19,440,000. A portion of the financing and 1031 Exchange net

proceeds were used to repay the outstanding balance on the revolving credit facility. The acquisition of Sunfield Lakes is intended to be the qualified replacement property in connection with the sale of properties identified for replacement pursuant to a transaction structured to comply with the requirements of a reverse 1031 Exchange under the Tax Code. As required by the tax code, a qualified 1031 Exchange intermediary was retained to execute the Sunfield Lakes acquisition and relinquished properties transactions. As of December 31, 2007, the purchase price allocation was final and no further adjustment is contemplated.

The Company identified Dorsey's and Trellis as the properties it relinquished as part of the 1031 Exchange transaction. As required by the Tax Code, qualified 1031 Exchange intermediaries were retained to execute the Hampton House and Sunfield Lakes acquisitions, and the two relinquished properties transactions. The sale of Dorsey's and Trellis occurred in the second quarter, and the 1031 Exchange transaction was subsequently settled on July 13, 2007.

Discussion of dispositions for the year ended December 31, 2007

On May 30, 2007, the Operating Partnership completed the sale of 100% of its interest in Trellis in Newport News, Virginia. The assets and liabilities related to the sale of the Trellis property have been removed from the accounts of the Company pursuant to the recording of the sale of the property. The proceeds from the sale of Trellis in the amount of \$5,256,480 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of proceeds from the sale of Trellis by purchasing qualified replacement property. The operating results of Trellis have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 "Accounting for the Impairment or Disposal of Long Lived Assets."

On June 22, 2007, the Operating Partnership completed the sale of 100% of its interest in Dorsey's in Columbia, Maryland. The assets and liabilities related to the sale of the Dorsey's property have been removed from the accounts of the Company pursuant to the recording of the sale of the property. The Company's share of the proceeds from the sale of Dorsey's in the amount of \$13,137,316 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of the proceeds from the sale of Dorsey's by purchasing qualified replacement property. The operating results of Dorsey's have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 "Accounting for the Impairment or Disposal of Long Lived Assets."

The gain from the sale of Dorsey's and Trellis is reflected, on a combined basis, as gain on disposition on real estate assets in the discontinued operations section of the Consolidated Statements of Operations.

Cash flows from Investment in Mortgage Funds

On April 4, 2003 and April 18, 2003, the Company issued 2,667,717 and 310,393 Preferred Shares, respectively, with a \$25.00 liquidation preference per share. The Preferred Shares were issued in exchange for Interests in the six Mortgage Funds. For each Interest in the Mortgage Funds that was validly tendered and not withdrawn in the Offering, the Company issued its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund.

During 2005, the remaining Mortgage Funds were liquidated as the remaining participating insured mortgage investments in each portfolio were paid off. For the year ended December 31, 2005, the Company received cash distributions totaling approximately \$13,208,425 from the Mortgage Funds on which the Company has recognized approximately \$3,041,000 in equity in the income of the Mortgage Funds.

Contractual Obligations and Other Commitments

On August 16, 2004, the Company executed a \$3,320,000 first mortgage on Laurel Woods Apartments in Houston, Texas. Under the terms of the note, the mortgage bore interest at a variable rate of the Reference Bill plus 2.20%, and matured on September 1, 2011. The variable interest rate was capped at 6.75% for the term of the loan. As discussed below, the variable mortgage was prepaid during 2005, as allowed per the terms of the mortgage, and was replaced by a fixed rate mortgage.

On November 1, 2004, the mortgage notes payable on Century, Dorsey's and Hannibal Grove were refinanced with \$29,520,000, \$16,200,000 and \$26,600,000, respectively, non-recourse mortgage notes payable, which are collateralized by the related properties. The interest rates on the notes are fixed at 4.87% for the Century note and 4.86% for both the Dorsey's and Hannibal Grove notes. The notes mature on November 1, 2013, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment

penalty, at any time with 30 days of notice. Concurrent with the sale of Dorsey's on June 22, 2007, the refinanced loan was paid off in full with a portion of the proceeds from the sale. The Company also recognized a \$493,840 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs for each of the notes payable, which is reflected in the statement of operations for the year ended December 31, 2007.

The Company used the proceeds from the refinancing on Century, Dorsey's and Hannibal Grove to repay the existing mortgage notes and accrued interest, to pay closing costs, and to fund escrows required by the lender. Of the remaining cash of \$21,905,000, \$2,821,344 was distributed to our multifamily venture partner and the balance has been retained for general operating purposes.

On November 3, 2004, the Company executed \$14,212,500 and \$6,750,000 of first mortgage non-recourse mortgage financing on the Bridgewater and Trellis properties, respectively, which is collateralized by the properties. The interest rates on the notes are 5.11% and 5.07%, respectively, and are fixed for the term of the loans. The notes mature on December 1, 2013, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice. Concurrent with the sale of Trellis on May 30, 2007, the first mortgage loan was paid off in full with a portion of the proceeds from the sale. The Company also recognized a \$72,450 loss resulting from the write-off of unamortized deferred financing costs for each of the notes payable, which is reflected in the statement of operations for the year ended December 31, 2007 as discontinued operations.

On November 4, 2004, the Company, simultaneously with the purchase of the Arboretum and Silver Hill apartment communities, assumed a fixed rate mortgage on each of the properties. The outstanding balance of the mortgage collateralized by the Arboretum property was \$5,928,659 and has an interest rate of 7.18% for the original 30 year term of the loan. The loan originated on September 23, 1994 and can be prepaid generally no earlier than November 1, 2024, subject to a prepayment penalty. The outstanding balance of the mortgage collateralized by the Silver Hill property was \$3,444,109 and also has an interest rate of 7.18% for the original 30 year term of the loan. The loan originated on September 23, 1994 and can be prepaid generally no earlier than November 1, 2024, subject to a prepayment penalty. In accordance with FAS 141, "business Combinations", the Company recorded these mortgages at fair value, which was determined by calculating the present value of the future payments at current interest rates. The fair market value at the acquisition date for the debt assumed on Arboretum and Silver Hill was \$6,894,193 and \$4,010,241, respectively.

On December 2, 2004, the Company executed \$5,510,000 and \$5,775,000 of non-recourse mortgage financing on the Arrowhead and Moorings properties, respectively, which is collateralized by the properties. The interest rate of both notes is fixed at 5.00%. The notes mature on January 1, 2014, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On December 29, 2004, the Company executed \$15,520,000 of non-recourse mortgage financing on the Country Place I and Country Place II properties, which is collateralized by both properties. The interest rate on the note is fixed at 5.01%. The note matures on January 1, 2015, at which time the remaining principal and accrued interest are due. The note may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On January 26, 2005, the Company, through its wholly owned subsidiary, BIR Yorktowne, L.L.C., executed a non-recourse mortgage note payable on Yorktowne for \$16,125,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.13% for a term of 10 years. The note is interest only for two years and

matures on February 1, 2015, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On February 15, 2005, the Company, through its wholly owned subsidiary, BIR Westchester West, L.L.C., executed a non-recourse mortgage note payable on Westchester West for \$29,500,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.03% for a term of 10 years. The note is interest only for two years and matures on March 1, 2015, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On July 8, 2005 and August 1, 2005, the Company, through its wholly owned subsidiary, BIR Lakeridge, L.L.C., executed two non-recourse mortgage notes payable on Lakeridge for \$13,130,000 and \$12,520,000, respectively. Both notes are collateralized by the related property. The interest rates on the notes are fixed at 5.07% and 5.08%, respectively, and are for a term of 9 years. The notes are interest only for two years and mature on August 1, 2014, at which time the remaining principal and accrued interest is due. The notes may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice. As a condition of the financing, the lender required a guarantee of \$1,444,000 from the Company to ensure achievement of certain minimum levels of occupancy within the first eighteen months of the loan period. On May 26, 2006, the Company met the requirements to satisfy the guarantee and obtained a complete reduction in the base guaranty to \$0.

On July 22, 2005, the Company, through its wholly owned subsidiary, BIR Westchase Limited Partnership, executed a non-recourse mortgage note payable on Berkshires at Westchase for \$6,500,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.08% for a term of 10 years. The note is interest only for two years and matures on August 1, 2015, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice. As a condition of obtaining the mortgage, the lender required a guarantee of \$2,215,000 from the Company to ensure achievement of certain minimum levels of occupancy within the first eighteen months of the loan period. On June 21, 2006, the Company met the requirements to satisfy the guarantee and obtained a complete reduction in the base guaranty to \$0.

On September 30, 2005, the Company, through its wholly owned subsidiary, BIR Laurel Woods, GP L.C., executed a non-recourse mortgage note payable on Laurel Woods Apartments for \$4,100,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.17% for a term of 10 years. The note is interest only for two years and matures on October 1, 2015, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice. The new mortgage note payable replaces an existing variable interest rate mortgage note payable, which was extinguished simultaneously with the closing on the new financing. The previous loan was for a period of 7 years with a current monthly variable interest rate of 5.523%. The Company did not incur any prepayment penalty related to the extinguishment of the loan.

On October 24, 2005, the Company, through its wholly owned subsidiary, BIR – Savannah, L.L.C., received approval to assume the existing first mortgage loan related on Savannah at Citrus Park Apartments in relation to the acquisition of the property. The Company assumed a non-recourse mortgage note payable for \$15,720,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.21% for the assumed term of 5 years. The note is interest only for the five-year term and matures on October 11, 2009, at which time the principal and any accrued interest is due. The note may not be prepaid. In accordance with FAS 141, “Business Combinations”, the Company recorded the mortgage at fair value, which was determined by calculating the present value of the future payments at current interest rates. The fair market value for the debt assumed approximated its assumed outstanding balance.

On November 4, 2005, the Company completed additional financing totaling \$10,304,000 on three of its properties, Dorsey’s, Hannibal Grove and Century apartments. The supplemental financing on Dorsey’s, Hannibal Grove and Century was executed with non-recourse mortgage notes payable of \$2,324,000, \$4,563,000 and \$3,417,000, respectively, and are collateralized by the related properties. The interest rates on the notes are fixed at 6.12% and are interest only for two years. The notes mature on November 1, 2013, which is contemporaneous with the maturity date of the existing outstanding mortgages on the properties, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice. Concurrent with the sale of Dorsey’s on May 30, 2007, the supplemental loan was paid off in full with a portion of the proceeds from the sale. The Company also recognized a \$354,100 loss resulting from the prepayment penalty upon the early principal repayment.

On December 16, 2005, the Company, through its wholly owned subsidiary, BIR-Charlotte I, L.L.C., executed a non-recourse mortgage note payable on Riverbirch Apartments for \$5,750,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.57% for a term of 10 years. The note is interest only for three years and matures on December 1, 2016, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On March 22, 2006, the Company, through its wholly owned subsidiary, BIR Bear Creek Limited Partnership, executed a non-recourse mortgage note payable on Bear Creek Apartments for \$3,825,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.83% for a term of 10 years. The note is interest only for five years and matures on April 1, 2016, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On June 9, 2006, the Company, through the Multifamily Venture, JV BIR/ERI, L.L.C., executed a non-recourse second mortgage note payable on Arrowhead Apartments for \$3,120,000, which is collateralized by the related property. The interest rate on the note is fixed at 6.45% for a term of approximately 7.5 years. The note is interest only for 24 months and matures on December 1, 2013, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On June 9, 2006, the Company, through the Multifamily Venture, JV BIR/ERI, L.L.C., executed a non-recourse second mortgage note payable on The Moorings Apartments for \$3,280,000, which is collateralized by the related property. The interest rate on the note is fixed at 6.43% for a term of approximately 8.5 years. The note is interest only for 24 months and matures on January 1, 2015, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On August 1, 2006, the Company, through its wholly owned subsidiary, BIR Chisholm Limited Partnership, executed a non-recourse mortgage note payable on the Chisholm Place Apartments for \$6,953,000 which is collateralized by the related property. The interest rate on the note is fixed at 6.25% for a term of 10 years. The note requires interest only payments for 60 months and matures on August 1, 2006, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On August 30, 2006, the Company, through its wholly owned subsidiary, BIR Briarwood Limited Partnership, in connection with the acquisition of Briarwood Village Apartments, assumed a non-recourse mortgage note payable with a then outstanding balance of \$8,811,733, which is collateralized by the related property. The interest rate on the note is fixed at 6.94% for a term of 19 months. The note requires monthly payments of principal and interest of \$64,805 and matures on April 1, 2008, at which time the remaining principal and accrued interest is due. In accordance with FAS 141, "Business Combinations", the Company recorded the mortgage at fair value, which was determined by calculating the present value of the future payments at current interest rates. The fair market value of the debt assumed on Briarwood is \$8,958,818. The Company intends to pay off this mortgage when it matures in April 2008, with available cash.

On September 29, 2006, the Company, through its wholly owned subsidiary, Season of Laurel II, L.L.C., executed \$99,200,000 of fixed rate non-recourse mortgage debt on the Season Apartments, which is collateralized by the related property. The interest rate on the note is fixed at 6.10% for a term of 15 years. The note requires interest only payments for 120 months and matures on October 1, 2021, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice. The new

mortgage debt was a refinancing of then outstanding debt of \$69,218,989. The Company incurred a prepayment penalty of \$1,215,911 in connection with the pay-off of the re-financed debt.

On December 6, 2006 the Company, through its wholly owned subsidiary, BIR Lenox, executed a non-recourse mortgage note payable on the Standard at Lenox Park Apartments for \$35,000,000 which is collateralized by the related property. The interest rate on the note is fixed at 5.80% for a term of 10 years. The note requires interest only payments for 60 months and matures on December 10, 2016, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On March 30, 2007, the Company, through its wholly owned subsidiary BIR Yorktowne, L.L.C., executed a non-recourse second mortgage note payable on Yorktowne Apartments for \$7,050,000, which is collateralized by the related property. The interest rate on the note is fixed at 6.12% and is coterminous with the existing first mortgage note, which matures on February 1, 2015.

On April 26, 2007, the Company, through its wholly owned subsidiary, BIR Hampton, LLC., executed a non-recourse mortgage note payable on the Hampton House Apartments for \$20,000,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.77% for a term of 10 years. The note requires interest payments for 60 months and matures on April 1, 2017, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On May 10, 2007, the Company, through its wholly owned subsidiary, BIR Westchester Limited Partnership, executed a non-recourse second mortgage note payable on the Westchester West Apartments for \$8,000,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.89% and is coterminous with the existing first mortgage note, which matures on March 1, 2015.

On August 15, 2007, the Company, through its wholly owned subsidiary, BIR Sunfield, LLC., executed a non-recourse mortgage note payable on the Sunfield Lakes Apartments for \$19,440,000, which is collateralized by the related property. The interest rate on the note is fixed at 6.29% for a term of 10 years. The note requires interest only payments for 60 months and matures on September 1, 2017, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On September 20, 2007, the Company, through its wholly owned subsidiary, BIR Brompton Limited Partnership, executed a non-recourse mortgage note payable on the Berkshires on Brompton Apartments for \$18,600,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.71% for a term of 7 years. The note requires interest only payments for 60 months and matures on November 1, 2014, at which time the remaining principal and accrued interest is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice. The new mortgage debt was a refinancing of then outstanding debt of \$6,393,374 (the replaced original mortgage debt of \$6,400,000 was acquired on July 8, 2005). The Company incurred a prepayment penalty of \$240,644 in connection with the pay-off of the refinanced debt.

The Company expects to continue to take advantage of the low interest rate mortgage environment as it acquires additional properties. The Company expects to use leverage amounts up to 75% of the fair market value on a portfolio basis.

The primary obligations of the Company relate to its borrowings under the mortgage notes payable. The \$506,903,882 in mortgage notes payable has varying maturities ranging from 1 to 18 years. The following table summarizes our contractual obligations as of December 31, 2007:

	2008	2009	2010	2011	2012	Thereafter
Long Term Debt (1)	\$ 12,691,809	\$ 20,257,150	\$ 4,779,543	\$ 5,088,624	\$ 34,317,623	\$ 429,769,133
Capital Lease Obligations	-	-	-	-	-	-
Operating Lease Obligations	-	-	-	-	-	-
Purchase Obligations (2)	-	-	-	-	-	-
Other Long-Term Liabilities Reflected on Balance Sheet under GAAP	-	-	-	-	-	-

(1) – Amounts include principal payments only. The Company will pay interest on outstanding indebtedness based on the rates and terms as summarized in Part IV Item 15 - Notes to the Consolidated Financial Statements, Footnote 7 – Mortgage Notes Payable.

(2) - The Company has obligations under numerous contracts with various service providers at its properties. None of these contracts are for periods greater than one year or are material either individually or in aggregate to the Company's operations.

Competition

The Company competes with other multifamily apartment community owners and operators and other real estate companies in seeking properties for acquisition and in attracting potential residents. The Company's properties are in developed areas where there are other properties of the same type, which directly compete for residents. The Company believes that its focus on resident service and satisfaction gives it a competitive advantage when competing against other communities for tenants.

Market Environment

The Company believes the domestic economy is poised for continued slow down and believes a recession is reasonably possible which would continue to disadvantage single family homeowners with unfavorable credit arrangements. While an economic slowdown that may result in a recession would not provide a favorable economic

environment to operate within, the multifamily sector may benefit from the displacement of single family homeowners due to increasing foreclosure activity in the credit markets and continue to benefit from favorable ongoing demographic trends. While the apartment sector had previously experienced slower growth over recent years due to rising unemployment and a significant renter migration to single family homes, the reversal of the renter migration to single family homes trend is now expected to contribute to any apartment sector recovery. The Company feels, for single family homebuyers over the next several years, increasing housing costs, higher interest rates, and continued escalation in foreclosure activity may make purchases increasingly expensive and out of reach as well as force existing homeowners back into the rental market. In addition, we believe the projected demographic trends strongly favor the multifamily sector, driven primarily by the continued flow of echo boomers (children of baby boomers, age 20 to 29), the fastest growing segment of the population, and an increasing number of immigrants who are typically renters by necessity. Most of the Company's properties are located in markets where zoning restrictions, scarcity of land, and high construction costs create significant barriers to new development.

Although not a currently expected to take place in the near term, future changes in zoning restrictions and economic deflation in markets in which the Company currently owns properties or in markets in which the Company may enter in the future, could reduce or eliminate some of the barriers to new multifamily development and could resultantly have an adverse affect on the Company's financial condition, results of operations or cash flows.

Declaration of Dividends and Distributions

On March 25, 2003, the Board declared a dividend at an annual rate of 9% the stated liquidation preference of \$25 per share, on the outstanding Preferred Shares of the Company, which is payable quarterly in arrears, on February 15, May 15, August 15 and November 15 of each year to shareholders of record in the amount of \$0.5625 per share per quarter. The dividend paid on May 15, 2003 was prorated to reflect the issue date of the Preferred Shares.

On August 19, 2004, the Board authorized the general partner of the Operating Partnership to distribute two additional quarterly distributions of \$250,000 each from its operating cash flows to common general and common limited partners, payable on November 15, 2004 and February 15, 2005. On August 10, 2006, the Board authorized the general partner of the Operating Partnership to distribute a special distribution of \$8,000,000 from its operating cash flows to common general and common limited partners, payable on November 15, 2006. On the same day, the Board also declared a common dividend of \$0.135970 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distribution.

Also on August 10, 2006, the Board authorized the general partner of the Operating Partnership to distribute quarterly distributions of \$1,000,000 from its operating cash flows to common general and common limited partners, payable on August 15, 2006 and November 15, 2006. On the same day, the Board also declared a common dividend of \$0.016996 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distributions.

Also on November 8, 2006, the Board authorized the general partner of the Operating Partnership to distribute quarterly distributions of \$1,000,000 from its operating cash flows to common general and common limited partners, payable on February 15, 2007 and May 15, 2007. On the same day, the Board also declared a common dividend of \$0.016996 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distributions.

On May 16, 2007, the Board authorized the general partner of the Operating Partnership to distribute quarterly distributions of \$1,000,000 each, in the aggregate, from its operating cash flows to common general and common limited partners, payable on August 15, 2007 and November 15, 2007. On the same day, the Board also declared a common dividend of \$0.016996 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distributions.

Also on November 15, 2007, the Board authorized the general partner of the Operating Partnership to distribute quarterly distributions of \$1,000,000 from its operating cash flows to common general and common limited partners, payable on February 15, 2008 and May 15, 2008. On the same day, the Board also declared a common dividend of \$0.016996 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distributions.

For the year ended December 31, 2007 and 2006, the Company declared a total of \$4,000,000 and \$12,000,000 respectively, of distributions to common shareholders, of which \$1,000,000 was payable and included on the balance sheet in Dividends and Distributions Payable at December 31, 2007 and 2006.

The Company's policy to provide for common distributions is based on available cash and Board approval.

Results of Operations and Financial Condition

During 2007, the Company's portfolio remained consistent at 27 properties, which reflected the acquisition of 2 properties and the sale of 2 properties (the "Total Portfolio") during the year. As a result of changes in the Total Portfolio over time, including the change in the portfolio holdings during 2007, the financial statements show considerable changes in revenue and expenses from period to period. The Company does not believe that its period-to-period financial data are comparable. Therefore, the comparison of operating results for the years ended December 31, 2007 and 2006 reflect changes attributable to the properties that were owned by the Company throughout each period presented (the "Same Property Portfolio").

Net Operating Income ("NOI") falls within the definition of a "non-GAAP financial measure" as stated in Item 10(e) of Regulation S-K promulgated by the SEC. The Company believes NOI is a measure of operating results that is useful to investors to analyze the performance of a real estate company because it provides a direct measure of the operating results of the Company's multifamily apartment communities. The Company also believes it is a useful measure to facilitate the comparison of operating performance among competitors. The calculation of NOI requires classification of income statement items between operating and non-operating expenses, where operating items include only those items of revenue and expense which are directly related to the income producing activities of the properties. We believe that to achieve a more complete understanding of the Company's performance, NOI should be compared with our reported net income (loss). Management uses NOI to evaluate the operating results of properties without reflecting the effect of capital decisions such as the issuance of mortgage debt and investments in capital items, in turn these capital decisions have an impact on interest expense and depreciation and amortization.

The most directly comparable financial measure of our NOI, calculated and presented in accordance with GAAP, is net income (loss), shown on the statement of operations. For the years ended December 31, 2007, 2006 and 2005, the net income (loss) was \$2,928,632, \$(19,996,781) and \$6,388,747, respectively. A reconciliation of our NOI to net income (loss) for the years ended December 31, 2007, 2006 and 2005 are presented as part of the following tables on pages 43 and 48.

Comparison of year ended December 31, 2007 to the year ended December 31, 2006.

The tables below reflect selected operating information for the Same Property Portfolio and the Total Property Portfolio for the years ended December 31, 2007 and 2006. The Same Property Portfolio consists of the 23 properties acquired or placed in service on or prior to January 1, 2006 and owned through December 31, 2007. The Total Property Portfolio includes the effect of the change in the 2 properties sold and 2 properties acquired during the year. (The 2006 activity for the Dorsey's and Trellis has been removed from the presentation as the results have been reflected as discontinued operations in the consolidated statements of operations.)

Comparison of the year ended December 31, 2007 to the year ended December 31, 2006 (Same Property Portfolio).

Revenue

Rental Revenue

Rental revenue of the Same Property Portfolio increased for the year ended December 31, 2007 in comparison to the same period of 2006. The majority of the increase is attributable to properties that have completed major renovations in late 2006 and early 2007 and are leasing the newly renovated units at premium rent levels and are raising the occupancy levels at the properties following the completion of the rehabilitation projects. Properties experiencing increased post rehabilitation rent levels include the Seasons property in Maryland and the Berkshires on Brompton and Chisholm Place properties in Texas. Market conditions remain favorable in the majority of the sub-markets in which the Company operates. The Company continues to benefit from ongoing property rehabilitation projects at various properties in the Same Property Portfolio where successful results generally yield enhanced rental revenues as rehabilitated units are placed back into service with incrementally higher rental rates than pre-rehabilitation levels.

Interest, utility reimbursement and other revenue

Same Property Portfolio interest, utility reimbursement and other revenues increased for the year ended December 31, 2007 as compared to the similar period ended December 31, 2006. Utility reimbursements increased, mainly due to increased usage of bill back programs to tenants, period over period and were partially offset by decreases in interest and other miscellaneous revenues. Miscellaneous revenues consist primarily of the fees charged to tenants and potential tenants, including late fees, parking fees, pet fees, laundry fees, application fees and other similar items.

Operating Expenses

Operating

Overall operating expenses increased in the year ended December 31, 2007 as compared to the same period of 2006. Property insurance expense saw the largest increase in costs during the current period as compared to the year earlier comparative period. As anticipated, increases in premium levels for property insurance coverage, which were effective on July 1, 2006, continues to exceed costs incurred in the comparative period of the prior year, with the largest increases realized in the Florida and Texas markets. The Company has renewed its property insurance coverage for the portfolio for the upcoming policy period as of May 1, 2007, and was able to achieve modest cost reductions in premiums for its property insurance coverage. Decreases in payroll and related benefits, due to position vacancies at various properties, and some utilities, including gas, were the main contributors in offsetting the increase in insurance premiums. The Seasons of Laurel property contributes significantly to the Company's overall utility expense as the electricity charges at the property are paid by the Company and are not currently billed directly to tenants for usage of their apartment unit. The Company is currently undertaking steps necessary to modify the utility infrastructure to allow for the passing of the individual apartment unit utility costs directly to its tenants and expects to implement system changes to allow for direct billing by unit. We expect to begin seeing a reduction in utility expense at Season's in 2008, with full program implementation in 2009.

Maintenance

Maintenance expense increased slightly in the year ended December 31, 2007 as compared to the same period of 2006 and is due mainly to normal operating fluctuations including normal maintenance activities including cleaning, interior painting and landscaping and Management continues to employ a proactive maintenance plan at its multifamily apartment communities within its Same Store portfolio and considers it an effective program that contributes to preserving, and in some cases increasing, its occupancy levels.

Real Estate Taxes

Real estate taxes decreased for the year ended December 31, 2007 from the comparable period of 2006. The decrease is due mainly to an adjustment of prior year taxes assessed on two properties and recognized in the current period. The savings were partially offset by the continued escalation of assessed property valuations for other properties in the Same Property Portfolio. The Company scrutinizes the assessed values of its properties and avails itself of arbitration or similar forums made available by the taxing authority for increases in assessed value that it considers to be unreasonable. The Company has been successful in achieving tax abatements for certain of its properties based on challenges made to the assessed values. The Company anticipates a continued upward trend in real estate tax expense as local and state taxing agencies continue to place significant reliance on property tax revenue. Additionally, during the year, the Company received a refund of approximately \$88,500 of real estate taxes paid in a prior period on the Country Place I and II properties related to an exemption initiated by the tax authority.

General and Administrative

General and administrative expenses increased in the year ended December 31, 2007 compared to 2006. The overall increase is due mainly to normal operating expense fluctuations experienced throughout the properties of the Same Property Portfolio including increases in legal fees related to ongoing property related issues and projects at certain properties in the Same Store portfolio as well as legal fees related to tenant issues including those related to rent collection at various properties in the Same Store portfolio. Additionally, expenses related to the updating of computer software increased during the year.

Management Fees

Management fees of the Same Property Portfolio increased slightly in the year period ended December 31, 2007 compared to the same period of 2006 based on increased levels of revenue of the Same Property Portfolio. Property management fees are assessed on the revenue stream of the properties managed by an affiliate of the Company.

Non Operating Expenses

Depreciation

Depreciation expense of the Same Property Portfolio increased for the year ended December 31, 2007 as compared to the same period of the prior year. The increased expense is related to the additions to the basis of fixed assets in the portfolio driven by substantial rehabilitation projects ongoing at the Yorktowne, Seasons of Laurel, Brompton and Hannibal Grove properties and to a lesser degree, normal recurring capital spending activities over the remaining properties in the Same Property Portfolio.

Interest

Interest expense for the year ended December 31, 2007 increased significantly over the comparable period of 2006. The increase is attributable to the refinancing of mortgages on properties at an incrementally higher principal level than the related paid-off loan, with the majority of the additional debt obtained on the Seasons of Laurel property, which was partially offset by the reduced interest rate obtained on the new debt and new second mortgage debt on seven other properties that was not in place in the comparative period of 2006. Additionally, during the twelve-month period ended December 31, 2007, supplemental debt in the form of two second mortgages were obtained and contributed to the increased interest expense.

Loss on the extinguishment of debt

Loss on the extinguishment of debt decreased significantly for the year ended December 31, 2007 as compared to the prior year ended. The decrease is generally related to the size of the of the loan activity that is refinanced in the particular period. During 2007, the Berkshires on Brompton loan, totaling \$6,400,000, was refinanced compared to the Seasons loan of \$69,900,000 in 2006.

Amortization of acquired in-place leases and tenant relationships

Amortization of acquired in-place-leases and tenant relationships decreased significantly in the year ended December 31, 2007 as compared to the same period of 2006. The decrease is related mainly to the completion of amortization of the acquired-in-place lease intangible assets booked at acquisition and amortized over a 12 month period which did not extend into the twelve-months period ended December 31, 2007.

Comparison of the year ended December 31, 2007 to the year ended December 31, 2006 (Total Property Portfolio).

In general, increases in revenues, operating expenses, non-operating expenses and the related losses of the Total Property Portfolio for the twelve months ended December 31, 2007 as compared to the twelve months ended December 31, 2006 are due mainly, in addition to the reasons discussed above, to the fluctuations in the actual properties owned, as the number of properties remained consistent, by the Company in the comparative periods presented and to the increase in the level of mortgage and revolving credit debt outstanding during the comparative periods.

Comparison of year ended December 31, 2006 to the year ended December 31, 2005.

The tables below reflect selected operating information for the Same Property Portfolio and the Total Property Portfolio. The Same Property Portfolio consists of the 6 properties acquired or placed in service on or prior to January 1, 2005 and owned through December 31, 2006. The Total Property Portfolio includes the effect of the additional rental properties acquired after January 1, 2005. (The 2006 and 2005 activity for the Windward Lakes, Dorsey's Forge and Trellis properties have been removed from the presentation as the results have been reflected as discontinued operations in the consolidated statements of operations.)

Comparison of the year ended December 31, 2006 to the year ended December 31, 2005 (Same Property Portfolio).

Revenue

Rental Revenue

Rental revenue of the Same Property Portfolio increased for the year ended December 31, 2006 in comparison to 2005. The increase is attributable to continued positive occupancy and rental revenue momentum in the Baltimore, Mid Atlantic and Southeastern rental markets, continued improvement in market conditions in the Southwest and benefits realized from ongoing successful property rehabilitation projects at various properties in the Same Property Portfolio, specifically the Seasons of Laurel, Hannibal Grove Apartments and Yorktowne properties. The success of the renovation projects benefit the Company by yielding enhanced rental revenues as rehabilitated units are placed back into service with incrementally higher rental rates than pre-rehabilitation levels. Additionally, benefits are also being realized from reductions in rent losses suffered as units remain vacant while undergoing renovation. Management continues to assess the success of the rehabilitation projects, which include the updating of apartment units at select properties with new kitchens, bathrooms or in-unit laundry equipment. Also contributing to the positive results is the effect of general rent increases across the Same Property Portfolio as well as stable occupancy levels which have met or exceeded, at most properties, management's expectations. Management believes that the trend of rising interest rates continues to dilute the popularity of home purchases and anticipates this effect have continued to contribute to stabilized occupancy rates, which we believe continues to be reflective of the positive occupancy trends and rental revenue levels achieved during the year ended December 31, 2006.

Interest, utility reimbursement and other revenue

Same Property Portfolio interest, utility reimbursement and other revenues increased slightly for the year ended December 31, 2006 as compared to the year ended December 31, 2005. Interest and utility reimbursements increased slightly period over period while other miscellaneous revenues increased more significantly, mainly due to increases in damage, relet, late, pet, month-to-month, and clubhouse rental fees. Miscellaneous revenues consist primarily of the fees charged to tenants and potential tenants, including late fees, parking fees, pet fees, laundry fees, application fees and other similar items.

Operating Expenses

Operating

Overall operating expenses increased in the year ended December 31, 2006 as compared to the same period of 2005. Increases in payroll and related benefits, due to increased levels of office staff, maintenance coverage and maid service at the properties, property insurance, and utilities, including gas, electricity and water and sewer were the main contributors to the incremental spending. The Seasons of Laurel property contributed significantly to the Company's utility expense, as utility charges at the property are currently paid by the Company and are not billed directly through to individual tenants for their respective apartment unit. The primary reason for the increase was related to electricity charges incurred in the quarter ended September 30, 2006 related to air conditioning usage during an extended period of hot weather during July and August. Additionally, charges for gas at the property, also not currently billed directly to individual tenants, increased significantly over the prior comparative period. The Company is currently finalizing plans to reconfigure the utility systems so costs may be passed to its tenants for their individual apartment unit. The majority of the other properties in the Same Property Portfolio also experienced an increase in utility costs, but to a much less significant level than the Seasons of Laurel property. As anticipated, the Company renewed its insurance coverage effective July 1, 2006 at increased levels from the then expiring coverage mainly due to substantial increases in property insurance premiums, specifically in the Florida and Texas markets. Property insurance expense on our

existing total portfolio increased by approximately \$500,000 per year over 2005 rates.

Maintenance

Maintenance expense increased for the year ended December 31, 2006 as compared to the same period of 2005 and is due mainly to repair expenses not otherwise covered by insurance as well as other normal maintenance activities including cleaning carpet cleaning, landscaping, exterminating and interior painting. Snow removal was lower than the comparable period due to the mild winter plowing seasons both at the beginning and end of the year ended while other recurring maintenance costs were consistent with the 2005. It is management's continued belief that the proactive maintenance of multifamily apartment communities within its portfolio is an effective program that contributes to preserving, and in some cases increasing, its occupancy levels. Additionally, the maintenance program also facilitates the minimization of vacancy and rental concessions required to operate the properties at desired occupancy levels.

Real Estate Taxes

Real estate taxes increased for the year ended December 31, 2006 from the comparable period of 2005. The increase is due to the continual escalation of assessed property valuations for most properties in the Same Property Portfolio. The Company scrutinizes the assessed values of its properties and avails itself of arbitration or similar forums made available by the taxing authority for increases in assessed value that it considers to be unreasonable. The Company has been successful in achieving tax abatements for certain of its properties based on challenges made to the assessed values. The Company continues to anticipate continued upward cost trends in the real estate tax expense as local and state taxing agencies continue to place significant reliance on property tax revenue.

General and Administrative

General and administrative expenses increased slightly for the comparable years ended December 31, 2006 and 2005. The slight overall increase is due mainly to normal operating expense fluctuations experienced throughout the properties of the Same Property Portfolio including savings in equipment rentals, telephone expense and legal fees related to tenant issues including those related to rent collection partially offset by increased property audit, property inspection and dues and subscriptions.

Management Fees

Management fees of the Same Property Portfolio increased for the year ended December 31, 2006 as compared to 2005. The increase is a direct result of increased revenues of the Same Property Portfolio. Property management fees are assessed on the revenue stream of the various properties managed by an affiliate of the Company.

Non Operating Expenses

Depreciation

Depreciation expense of the Same Property Portfolio increased for the year ended December 31, 2006 as compared to the same period of the prior year. The increases in depreciation expense is attributable to additions to the basis of the fixed assets in the portfolio driven by specifically by significant rehabilitation projects ongoing at the Yorktowne, Seasons of Laurel and Hannibal Grove properties during the comparative periods and, to a lesser degree, normal recurring capital spending activities over the remaining properties in the Same Property Portfolio.

Interest

Interest expense for the year ended December 31, 2006 increased significantly over the comparable period of 2005. The increase is attributable to higher levels of debt in 2006 due to the refinancing of a mortgage on a property at an incrementally higher principal level than the related paid-off debt and new supplemental second mortgage debt on seven properties in the portfolio, not in place in the for the full prior comparative period. Additionally, the first mortgage debt on the Yorktowne and Bear Creek properties were obtained after the closing on the properties and the related interest on that debt was less in the year ended December 31, 2005 as it was not outstanding for the complete comparative period. We expect Same Property Portfolio interest to continue to rise in 2007 as much of our new financing was completed late in the 2006.

Loss on the extinguishment of debt

Loss on the extinguishment of debt increased significantly for the year ended December 31, 2006 as compared to the prior year ended. The increase is specifically related to the refinancing of existing debt on the Season of Laurel property on which a substantial prepayment penalty was incurred during 2006. The debt retired approximated \$69,000,000 and the related prepayment penalties approximated \$1,200,000 and \$340,000 write-off of deferred financing costs.

Amortization of acquired in-place leases and tenant relationships

Amortization of acquired in-place-leases and tenant relationships decreased significantly in the year ended December 31, 2006 as compared to the year ended December 31, 2005. The decrease is related mainly to the completion of amortization of the acquired-in-place lease intangible assets booked at acquisition of the property and amortized over a 12-month period. As the properties in the same store portfolio have been owned in the prior year, the 12-month amortization period did not extend for a full year into the period ended December 31, 2006.

Comparison of the year ended December 31, 2006 to the year ended December 31, 2005 (Total Property Portfolio).

In general, increases in revenues, operating expenses, non-operating expenses and the related losses of the Total Property Portfolio for the year ended December 31, 2006 as compared to the year ended December 31, 2005 are due mainly, in addition to the reasons discussed above, to the increase in the number of properties owned by the Company in the comparative periods presented. General and administrative expenses for the year ended December 31, 2006 decreased from the year ended December 31, 2005 due primarily to the reduction in costs associated with the requirements of Sarbanes Oxley. Costs related to implementation of Sarbanes Oxley continued to be incurred during 2006, but to a lesser degree than 2005. Additionally, the results of the year ended December 31, 2005 reflect only a partial year of operations for a majority of the properties in the portfolio.

As of December 31, 2005, the Total Property Portfolio consisted of 24 properties, or 7,347 units, while as of December 31, 2006, the number of properties increased to 27, or 7,900 units. Of the 24 properties owned as of December 31, 2005, only 23 had been owned and operated for the entire year.

The Company's "Debt-to-Fair Value of Real Estate Assets" as of December 31, 2007 is presented in the following table. Fair value of real estate assets is based on management's best estimate of fair value for properties purchased in prior years or purchase price for properties acquired within the current year. As with any estimate, management's estimate of the fair value of properties purchased in prior years represents only its good faith opinion as to that value, and there can be no assurance that the actual value that might, in fact, be realized for any such property would approximate that fair value. The following information is presented in lieu of information regarding the Company's "Debt-to-Total Market Capitalization Ratio", which is a commonly used measure in our industry, because the Company's market capitalization is not readily determinable since there was no public market for its common equity during the periods presented in this report.

The Board has established investment guidelines under which management may not incur indebtedness such that at the time we incur the indebtedness our ratio of debt to total assets exceeds 75%. This measure is calculated based on the fair value of the assets determined by management as described above.

The information regarding "Debt-to-Fair Value of Real Estate Assets" is presented to allow investors to calculate our loan-to-value ratios in a manner consistent with those used by management and others in our industry, including those used by our current and potential lenders. Management uses this information when making decisions about financing or refinancing properties. Management also uses fair value information when making decisions about selling assets as well as evaluating acquisition opportunities within markets where we have assets.

Fair Value of Real Estate Assets is not a GAAP financial measure and should not be considered as an alternative to net book value of real estate assets, the most directly comparable financial measure calculated and presented in accordance with GAAP. At December 31, 2007 and 2006, the aggregate net book value of our real estate assets was \$464,265,061 and \$445,597,599, respectively, as compared to the fair values at December 31, 2007 and 2006 of \$824,920,000 and \$774,709,000, respectively, and is presented on the balance sheet as multifamily apartment communities, net of accumulated depreciation.

The following table reconciles the fair value of our real estate assets to the net book value of real estate assets as of December 31, 2007 and 2006.

Debt-to-Fair Value of Real Estate Assets

	2007	2006
Net book value of multifamily apartment communities	\$ 464,265,061	\$ 445,597,599
Accumulated depreciation	144,240,061	148,670,523
Historical cost	608,505,122	594,268,122
Increase in fair value over historical cost	216,414,878	180,440,878
Fair Value – estimated	\$ 824,920,000	\$ 774,709,000
 Mortgage Debt	 \$ 506,903,882	 \$ 469,378,510
 Debt-to-Fair Value of Real Estate Assets	 61.45%	 60.59%

The debt-to-fair value of real estate assets does not include any outstanding borrowings under the revolving credit facility, which were \$0 at December 31, 2007 and 2006. The revolving credit facility contains covenants that require the Company to maintain certain financial ratios, including an indebtedness to value ratio not to exceed 75%. If the Company were to be in violation of these covenants, we would be unable to draw advances from our line which could have a material impact on our ability to meet our short-term liquidity requirements. Further, if we were unable to draw on the line, we may have to slow or temporarily stop our rehabilitation projects, which could have a negative impact on our results of operations and cash flows. As of December 31, 2007 and 2006, the Company was in compliance with the covenants of the revolving credit facility. Fair value of the real estate assets is based on the management most current valuation of properties, which was made for all properties owned at December 31, 2007 and 2006.

The fair values are based on management's best estimate of current value for properties owned as of December 31, 2007 and 2006. Capital discounts rates used in management's estimates range from a low of 4.20% to a high of 6.70%. Estimated values of individual properties within the portfolio range from \$2,939,000 to \$150,728,000.

Funds From Operations

The Company has adopted the revised definition of Funds from Operations ("FFO") adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). FFO falls within the definition of a "non-GAAP financial measure" as stated in Item 10(e) of Regulation S-K promulgated by the SEC. Management considers FFO to be an appropriate measure of performance of an equity REIT. We calculate FFO by adjusting net income (loss) (computed in accordance with GAAP, including non-recurring items), for gains (or losses) from sales of properties, real estate related depreciation and amortization, and adjustment for unconsolidated partnerships and ventures. Management believes that in order to facilitate a clear understanding of the historical operating results of the Company, FFO should be considered in conjunction with net income (loss) as presented in the consolidated financial statements included elsewhere herein. Management considers FFO to be a useful measure for reviewing the comparative operating and financial performance of the Company because, by excluding gains and losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company's real estate between periods or as compared to different companies.

The Company's calculation of FFO may not be directly comparable to FFO reported by other REITs or similar real estate companies that have not adopted the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO is not a GAAP financial measure and should not be considered as an alternative to net income (loss), the most directly comparable financial measure of our performance calculated and presented in accordance with GAAP, as an indication of our performance. FFO does not represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance; FFO should be compared with our reported net income (loss) and considered in addition to cash flows in accordance with GAAP, as presented in our consolidated financial statements.

The following table presents a reconciliation of GAAP net income (loss) to FFO for the years ended December 31, 2007, 2006 and 2005:

Environmental Issues

There are no recorded amounts resulting from environmental liabilities because there are no known contingencies with respect to environmental liabilities. The Company obtains environmental audits, through various sources including lender evaluations and acquisition due diligence, for each of its properties at various intervals throughout a property's life. The Company has not been advised by any third party as to the existence of, nor has it identified on its own, any material liability for site restoration or other costs that may be incurred with respect to any of its properties.

Inflation and Economic Conditions

Substantially all of the leases at the initial properties are for a term of one year or less, which enables the Company to seek increased rents for new leases or upon renewal of existing leases. These short-term leases minimize the potential adverse effect of inflation on rental income, although residents may leave without penalty at the end of their lease terms and may do so if rents are increased significantly.

The Company believes the domestic economy is poised for continued slow down and believes a recession is reasonably possible which would continue to disadvantage single family homeowners with unfavorable credit arrangements. While an economic slowdown that may result in a recession would not provide a favorable economic environment to operate within, the multifamily sector may benefit from the displacement of single family homeowners due to increasing foreclosure activity in the credit markets and continue to benefit from favorable ongoing demographic trends. While the apartment sector had previously experienced slower growth over recent years due to rising unemployment and a significant renter migration to single family homes, the reversal of the renter migration to single family homes trend is now expected to contribute to any apartment sector recovery. The Company believes that, for single family homebuyers

over the next several years, increasing housing costs, higher interest rates, and continued escalation in foreclosure activity may make purchases increasingly expensive and out of reach as well as force existing homeowners back into the rental market. In addition, we believe the projected demographic trends strongly favor the multifamily sector, driven primarily by the continued flow of echo boomers (children of baby boomers, age 20 to 29), the fastest growing segment of the population, and an increasing number of immigrants who are typically renters by necessity.

Other Matters

The Company at all times intends to conduct its business so as to not become regulated as an investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"). If the Company were to become regulated as an investment company, then, among other things, the Company's ability to use leverage would be substantially reduced and there would be restrictions on certain types of fees paid. The Investment Company Act exempts entities that are "primarily engaged in the business of purchasing or otherwise acquiring mortgages and other liens on and interest in real estate" (i.e., "Qualifying Interest"). Under the current interpretation of the staff of the SEC, in order to qualify for this exemption, the Company must maintain at least 55% of its assets directly in Qualifying Interests. Accordingly, the Company monitors its compliance with this requirement in order to maintain its exempt status. As of December 31, 2007 and 2006 the Company determined that it is in and has maintained compliance with this requirement.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The tables below provide information about the Company's financial instruments that are sensitive to changes in interest rates, specifically debt obligations. The tables present principal cash flows and related weighted average interest rates by expected maturity dates for mortgage notes payable as of December 31, 2007 and 2006.

The following table reflects the mortgage notes payable as of December 31, 2007.

Average Interest Rate	5.63%	5.20%	5.15%	5.16%	4.95%	5.52%	5.52%

The following table reflects the mortgage notes payable as of December 31, 2006.

	Mortgage Debt, Including Current Portion Maturing In					Total	
	2007	2008	2009	2010	2011	Thereafter	
Fixed Rate Debt	\$ 3,439,348	\$ 13,219,272	\$ 20,519,931	\$ 5,053,594	\$ 5,374,383	\$ 421,771,982	\$ 469,378,510

Average Interest Rate	4.97%	6.32%	5.18%	5.09%	5.10%	5.36%	5.44%
-----------------------	-------	-------	-------	-------	-------	-------	-------

The level of market rate interest risk increased during 2007. The increase relates mainly to incrementally higher levels of outstanding mortgage debt payable of \$506,903,886 at December 31, 2007 from \$469,378,510 at December 31, 2006. Additionally, the increase is further compounded by an increase in the average interest rate on the outstanding debt over the same period. The rate increase is due mainly to higher interest rate levels on debt acquired during 2007. The Company manages its interest rate risk on mortgage debt by monitoring the funding markets and the related changes in prevailing mortgage debt interest levels. Financing on new acquisitions, if applicable, is obtained at prevailing market rates while mortgage debt interest rates on existing properties is monitored to determine if refinancing at current prevailing rates would be appropriate.

As of December 31, 2007 and 2006, there was no variable interest rate debt outstanding.

ITEM 9A(T). CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Based on their evaluation, required by the Securities Exchange Act Rules 13a-15(b) and 15d-15(b), the Company’s principal executive officer and principal financial officer have concluded that the Company’s disclosure controls and procedures (as defined in Securities Exchange Act Rules 13a-15(e) and 15d-15(e)) were effective as of December 31, 2007 to ensure that information required to be disclosed by the Company in reports that it files or submits under the Securities Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms and were effective as of December 31, 2007 to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Securities Exchange Act is accumulated and communicated to the Company’s management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Management’s Annual Report on Internal Control Over Financial Reporting

The Company’s management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. The Company’s internal control over financial reporting is a process designed under the supervision of the Company’s principal executive officer and principal financial officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company’s financial statements for external reporting purposes in accordance with accounting principles generally accepted in the United States of America.

The Company’s management, with oversight and input from the Company’s principal executive officer and principal financial officer, conducted an assessment of the effectiveness of its internal control over financial reporting as of December 31, 2007. The Company’s management based its assessment on the framework in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under that framework, the Company’s management concluded that the Company’s internal control over financial reporting was effective as of December 31, 2007.

This annual report does not include an attestation report of the Company’s registered public accounting firm regarding internal control over financial reporting. The Company’s management’s report was not subject to attestation by the Company’s registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission

that permit the Company to provide only its management's report in this annual report.

Ms. Bloom is admitted to practice law in Massachusetts and New York and is a member of the American, Massachusetts and New York Bar Associations.

The Board has determined that Robert Kaufman, Randolph Hawthorne and Richard Peiser, a majority of our directors, are independent under applicable SEC and American Stock Exchange rules and regulations. Such persons act as the Company's Audit Committee. The Board has determined that Robert Kaufman qualifies as an "audit committee financial expert" under applicable SEC rules and regulations.

The Company does not currently have a nominating committee as the Board has determined, given its relatively small size, that Robert Kaufman, Randolph Hawthorne and Richard Peiser, (the "Independent Directors") shall perform this function. Nominees for positions on the Board are identified and recommended by a majority of the Independent Directors on the Board (as defined in the American Stock Exchange listing requirements). Director candidates, including Directors up for re-election and those nominated by Shareholders entitled to vote for the election of directors, are considered based upon various criteria, including broad-based business and professional skills and experience, personal integrity, sound business judgment, community involvement, and time available to devote to Board activities. The 5 nominees approved by the Board are Directors standing for re-election. The Company has not

paid a fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The Board did not receive a Director candidate recommendation from a shareholder that beneficially owned more than 5% of the Company's common voting shares or from a group of shareholders that beneficially owned, in the aggregate, more than 5% of the Company's common voting shares. The Board will consider Director candidates recommended by shareholders entitled to vote for the election of directors. A shareholder

entitled to vote for the election of directors, who wishes to recommend a prospective nominee for the Board should notify the Company's Secretary in writing at One Beacon Street, Suite 1500, Boston, MA 02108 with the identity of the nominator and nominee, the biographical information for each nominee, a description of business and personal experience for each nominee, a written consent from the nominee to serve as a Director if so elected and any other information that the voting shareholder considers appropriate at least 90 days prior to the annual meeting at which Directors are to be elected.

The Company has adopted a code of ethics (the "Code") that applies to all of its employees (including its principal executive officers, principal financial officer and principal accounting officer) and directors. The Company intends to satisfy the disclosure requirement under Item 10 of Form 8-K regarding an amendment to, or waiver from, a provision of the Code applicable to certain enumerated executive officers by posting such information on its website at <http://www.berkshireincomerealty.com>. The Company shall provide to any person without charge, upon request, a copy of the Code. Any such request must be made in writing to the Company, c/o James Juliano, One Beacon Street, Boston, MA 02108.

SECTION 16 (a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of reports furnished to the Company or written representations from the Company's directors, executive officers and 10% stockholders, during the fiscal year ended December 31, 2007 and prior fiscal years none of the Company's directors, executive officers and 10% stockholders failed to file on a timely basis any reports required to be filed pursuant to Section 16 of the Securities Exchange Act of 1934, as amended.

ITEM 11. EXECUTIVE COMPENSATION

The Company does not currently have a compensation committee as the Board has determined that in light of the fact that except for our independent directors identified below, our executive officers and directors are not compensated by us for their services to us as officers and directors. However, certain of our officers and directors are compensated by our advisor, Berkshire Advisor, for their services to Berkshire Advisor.

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)
N/a	n/a	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
		\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

The Board has determined that Robert Kaufman, Randolph Hawthorne and Richard Peiser, a majority of our directors, are independent under applicable SEC and American Stock Exchange rules and regulations. The Board has determined that the independent directors will be compensated at the rate of \$30,000 per year for their service as directors and receive reimbursement for their travel expenses incurred in connection with Board duty. There were no other arrangements to compensate the directors for Board or committee in 2007.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth information regarding the beneficial ownership of our equity securities as of December 31, 2007 by (1) each person who is known by us to beneficially own five percent or more of any class of our equity securities, (2) each of our directors and executive officers and (3) all of our directors and executive officers as a group. Under our charter, we are authorized to issue 10,000,000 shares of our common stock, of which 5,000,000 shares have been classified as Class A Common Stock and 5,000,000 shares have been classified as Class B Common Stock. As of December 31, 2007 and 2006, we had 1,406,196 shares of our Class B common stock outstanding, the majority of which is owned by KRF Company, and no outstanding shares of Class A Common Stock.

Each share of Class B Common Stock entitles the holder to ten votes per share, and each share of Class A Common Stock entitles the holder to one vote per share, on all matters to be submitted to the stockholders for vote. Each share of Class B Common Stock is convertible, at the option of the holder at any time, into one share of Class A Common Stock. The exclusive voting power of the Company's stockholders for all purposes (including amendments to the charter) is vested in the holders of our common stock. We may not issue shares of our Class A Common Stock unless the issuance has been approved by the affirmative vote of the holders of a majority of the shares of our outstanding Class B Common Stock.

The holders of our common stock are entitled to receive ratably such distributions as may be authorized from time to time on our common stock by the Board in its discretion from funds legally available for such distribution. In the event our liquidation, dissolution, winding-up or termination, after payment of all debt and other liabilities, each holder of our common stock is entitled to receive, ratably with each other holder of our common stock, all our remaining assets available for distribution to the holders of our common stock. Holders of our common stock have no subscription, redemption, appraisal or preemptive rights.

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders holding at least two thirds of the shares entitled to vote on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all the votes entitled to be cast on the matter. Our charter provides for approval of these matters by the affirmative vote of a majority of the votes entitled to be cast on the matter.

The holders of our common stock have the exclusive right (except as otherwise provided in our charter) to elect or remove directors. The outstanding shares of our common stock are fully paid and nonassessable.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Management Fees

We have entered into an advisory services agreement with Berkshire Advisor. Douglas Krupp, one of our directors, together with his brother George Krupp (formerly a director of the Company and former Chairman of the Board), indirectly own substantially all of the member interests in Berkshire Advisor. Under the advisory services agreement, the Company will pay Berkshire Advisor an annual asset management fee equal to 0.40%, up to a maximum of \$1,600,000 in any calendar year, as per an amendment to the management agreement, of the purchase price of real estate properties owned by us, as adjusted from time to time to reflect the then current fair market value of the properties. The purchase price is defined as the capitalized basis of an asset under GAAP including renovation of new construction costs, costs of acquisition or other items paid or received that would be considered an adjustment to basis. The purchase price does not include acquisition fees and capital costs of a recurring nature. Berkshire Advisor may propose adjustments to the asset management fee, subject to the approval of the Audit Committee (which committee is comprised of directors who are independent under applicable rules and regulations of the SEC and American Stock Exchange).

The asset management fees payable to Berkshire Advisor are payable quarterly, in arrears, and may be paid only after all distributions currently payable on the Company's Preferred Shares have been paid. Berkshire Advisor earned asset management fees of \$1,673,441, \$1,673,446 and \$1,635,942 during 2007, 2006 and 2005, respectively. The amounts in excess of the \$1,600,000 maximum payable by the Company represent fees incurred and paid by the minority partners in the properties. As of December 31, 2007, \$418,362 of the 2007 asset management fee is payable to Berkshire Advisor.

During 2007, 2006 and 2005, Berkshire Advisor, an affiliate of The Berkshire Group, acted as property manager under property management agreements between the Company and Berkshire Advisor. Under the property management agreement, Berkshire Advisor is entitled to receive a property management fee, payable monthly, equal to 4% of the gross rental receipts, including rentals and other operating income, received each month with respect to all managed properties. The total amount of property management fees paid and accrued to Berkshire Advisor under the property management agreements was \$3,374,992, \$2,995,596 and 2,731,080 for the years ended December 31, 2007, 2006 and 2005, respectively. As of December 31, 2007, \$828,962 of the 2007 property management fee is payable to Berkshire Advisor.

Berkshire Advisor is also entitled to receive an acquisition fee equal to 1% of the purchase price (as defined above) of any new property acquired directly or indirectly by us. Berkshire Advisor may propose adjustments to the acquisition fee, subject to the approval of the Audit Committee of the Board (which committee is comprised of directors who are independent under applicable rules and regulations of the SEC and American Stock Exchange). Berkshire Advisor received acquisition fees for 2007, 2006 and 2005 as follows:

Acquisition	Acquisition Fee 2007	Acquisition Fee 2006	Acquisition Fee 2005

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Berkshire Income Realty, Inc.:

In our opinion, the consolidated financial statements listed in the accompanying index present fairly, in all material respects, the financial position of Berkshire Income Realty, Inc. and subsidiaries (the "Company") at December 31, 2007 and 2006, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the accompanying index presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits. We conducted our audits of these statements in accordance with the Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

BERKSHIRE INCOME REALTY, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND BASIS OF PRESENTATION

Berkshire Income Realty, Inc., (the “Company”), a Maryland corporation, was incorporated on July 19, 2002 and 100 Class B common shares were issued upon organization. The Company is in the business of acquiring, owning, operating and rehabilitating multifamily apartment communities.

The Company filed a registration statement on Form S-11 with the Securities and Exchange Commission (the “SEC”) with respect to its offers (the “Offering”) to issue its 9% Series A Cumulative Redeemable Preferred Stock (the “Preferred Shares”) in exchange for interests (“Interests”) in the following six mortgage funds: Krupp Government Income Trust (“GIT”), Krupp Government Income Trust II (“GIT II”), Krupp Insured Mortgage Limited Partnership (“KIM”), Krupp Insured Plus Limited Partnership (“KIP”), Krupp Insured Plus II (“KIP II”), and Krupp Insured Plus III (“KIP III”) (collectively, the “Mortgage Funds”). The registration statement was declared effective on January 9, 2003. Offering costs incurred in connection with the Offering have been reflected as a reduction of preferred shares.

On April 4, 2003 and April 18, 2003, the Company issued 2,667,717 and 310,393 Preferred Shares, respectively, with a \$25.00 liquidation preference per share. The Preferred Shares were issued in exchange for Interests in the six Mortgage Funds referred to above. For each Interest in the Mortgage Funds that was validly tendered and not withdrawn in the Offering, the Company issued its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund.

Simultaneously with the completion of the Offering on April 4, 2003, KRF Company, L.L.C. (“KRF Company”), an affiliate of the Company, contributed its ownership interests in five multifamily apartment communities (the “Properties”) to our operating partnership, Berkshire Income Realty – OP, L.P. (the “Operating Partnership”), in exchange for common limited partner interests in the Operating Partnership. KRF Company then contributed an aggregate of \$1,283,213, or 1% of the fair value of the total net assets of the Operating Partnership, to the Company, which together with the \$100 contributed prior to the Offering, resulted in the issuance of 1,283,313 shares of common stock of the Company to KRF Company. This amount was contributed by the Company to its wholly owned subsidiary, BIR GP, L.L.C., who then contributed the cash to the Operating Partnership in exchange for the sole general partner interest in the Operating Partnership.

The Operating Partnership is the successor to the Berkshire Income Realty Predecessor Group (the “Predecessor”). The merger of the separate businesses into the Company and the Operating Partnership was considered a purchase business combination with the Predecessor being the accounting acquirer. Accordingly, the acquisition or contribution of the various Predecessor interests was accounted for at the Properties historical cost. The acquisition of the Interests was accounted for using purchase accounting based upon the fair value of the Interests acquired.

Certain minority ownership interests in three of the Properties are owned by an unaffiliated third party. As the minority interests did not change in connection with the completion of the Offering, the accounting for these interests is based on existing carrying amounts.

As a result of the common control of ownership between the Predecessor and the Company, the Company was not deemed a new reporting entity pursuant to the provisions of Accounting Principles Board Opinion #20 Accounting Changes. Accordingly, the financial statements of the Company did not start “fresh” upon completion of the Offering in

April 2003. Rather, the Company's financial statements are a continuation of the Predecessor's financial statements and have been re-titled to those of the Company effective in April 2003.

The Company's consolidated financial statements include the accounts of the Company, its subsidiary, the Operating Partnership, as well as the various subsidiaries of the Operating Partnership. The Company owns preferred and general partner interests in the Operating Partnership. The remaining common limited partnership interests in the Operating Partnership owned by KRF Company and affiliates are reflected as Minority Interest in Operating Partnership in the financial statements of the Company.

Discussion of dispositions for the years ended December 31, 2007, 2006 and 2005

On June 22, 2005, the Operating Partnership completed the sale of 100% of the fee simple interest of Windward Lakes Apartments (“Windward Lakes”), a 276-unit multifamily apartment community located in Pompano, Florida, to an unaffiliated third party for a sale price of \$34,725,000. The sale price, which was subject to normal operating pro-rations, was received immediately in cash. The operating results of Windward Lakes have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 “Accounting for the Impairment or Disposal of Long-Lived Assets.”

On April 18, 2006, the Operating Partnership completed the sale of 100% of its interest in The Berkshires at Marina Mile property (“Marina Mile”) in Fort Lauderdale, Florida. The Company’s share of the proceeds from the sale of Marina Mile were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a Section 1031 tax deferred exchange (“1031 Exchange”) under the Internal Revenue Code of 1986, as amended, (the “Tax Code”). The Company reinvested the proceeds from the sale of its interests in Marina Mile in the acquisitions of Chisholm Place and Briarwood Village Apartments, which the Company completed the acquisition of on June 28, 2006 and August 30, 2006, respectively. The operating results of Marina Mile have not been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 “Accounting

for the Impairment or Disposal of Long Lived Assets” as those results were not previously reported as part of continuing operations as the results were accounted for under the Equity Method of accounting.

On May 30, 2007, the Operating Partnership completed the sale of 100% of its interest in Trellis at Lee’s Mill (“Trellis”) in Newport News, Virginia. The proceeds from the sale of Trellis in the amount of \$5,324,664 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of proceeds from the sale of Trellis by purchasing qualified replacement property. The operating results of Trellis have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 “Accounting for the Impairment or Disposal of Long Lived Assets.”

On June 22, 2007, the Operating Partnership completed the sale of 100% of its interest in Dorsey’s Forge (“Dorsey’s”) in Columbia, Maryland. The Company’s share of the proceeds from the sale of Dorsey’s in the amount of \$13,137,316 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of the proceeds from the sale of Dorsey’s by purchasing qualified replacement property. The operating results of Dorsey’s have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 “Accounting for the Impairment or Disposal of Long Lived Assets.”

2. SIGNIFICANT ACCOUNTING POLICIES

Principles of combination and consolidation

The accompanying consolidated financial statements include the accounts of the Company, its wholly-owned subsidiaries and entities which it controls including those entities subject to Financial Accounting Standards Board Interpretation (“FIN”) No. 46 (R), “Consolidation of Variable Interest Entities.” Variable interest entities (“VIEs”) are entities in which the equity investors do not have a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support. In accordance with FIN No. 46 (R), the Company consolidates VIEs for which it has a variable interest (or a combination of variable interests) that will absorb a majority of the entity’s expected losses, receive a majority of the entity’s expected residual returns, or both, based on an assessment performed at the time the Company becomes involved with the entity. The Company reconsiders this assessment only if the entity’s governing documents or the contractual arrangements among the parties involved change in a manner that changes the characteristics or adequacy of the entity’s equity investment at risk, some or all of the equity investment is returned to the investors and other parties become exposed to expected losses of the entity, the entity undertakes additional activities or acquires additional assets beyond those that were anticipated at inception or at the last reconsideration date that increase its expected losses, or the entity receives an additional equity investment that is at risk, or curtails or modifies its activities in a way that decreases its expected losses.

For entities not deemed to be VIEs, the Company consolidates those entities in which it owns a majority of the voting securities or interests, except in those instances in which the minority voting interest owner effectively participates through substantive participative rights, as discussed in Emerging Issues Task Force No. 96-16 and Statement of Position No. 78-9. Substantive participatory rights include the ability to select, terminate, and set compensation of the investee’s management, the ability to participate in capital and operating decisions of the investee (including budgets), in the ordinary course of business.

The Company also evaluates its ownership interests in entities not deemed to be VIEs, including partnerships and limited liability companies, to determine if its economic interests result in the Company controlling the entity as promulgated in EITF 04-05, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights.

Real estate

Real estate assets are recorded at depreciated cost. Costs related to the acquisition, development, rehabilitation and improvement of properties are capitalized. Interest costs are capitalized on development projects until construction is substantially complete. There was \$107,267, \$0 and \$0 of interest capitalized in 2007, 2006 and 2005, respectively. Recurring capital improvements typically include appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements. Non-recurring upgrades include kitchen and bath upgrades, new roofs, window replacements and the development of on-site fitness, business and community centers. The Company accounts for its acquisitions of investments in real estate in accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, furniture, fixtures and equipment and identified intangible assets and liabilities, consisting of the value of the above-market and below-market leases, the value of in-place leases and value of other tenant relationships, based in each case on their fair values. The Company considers acquisitions of operating real estate assets to be businesses as that term is contemplated in Emerging Issues Task Force Issue No. 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business.

The Company allocates purchase price to the fair value of the tangible assets of an acquired property (which includes land, building, furniture, fixtures and equipment) determined by valuing the property as if it were vacant. The as-if-vacant value is allocated to land and buildings, furniture, fixtures and equipment based on management's determination of the relative fair values of these assets.

Above-market and below market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market lease values are amortized as a reduction of rental income over the remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are amortized as an increase to rental income over the initial term and any fixed-rate renewal periods in the respective leases.

Management may engage independent third-party appraisers to perform these valuations and those appraisals may use commonly employed valuation techniques, such as discounted cash flow analyses. Factors considered in these analyses include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. The Company also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired. In estimating carrying costs, management also includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods depending on specific local market conditions and depending on the type of property acquired.

The total amount of other intangible assets acquired is further allocated to in-place leases, which includes other tenant relationship intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's tenant retention history.

The value of in-place leases and tenant relationships are amortized over the specific expiration dates of the in-place leases over a period of 12 months and the tenant relationships are based on the straight line method of amortization over a 24 month period. The following condensed table provides the amounts assigned to each major balance sheet asset caption for the 2007 acquisitions as of the acquisition date:

Property	Multifamily Apartment Communities	Acquired In-Place Leases	Tenant Relationships	Total booked at acquisition date
Hampton House	\$ 20,779,690	\$ 252,390	\$ 65,703	\$ 21,097,783
Sunfield Lakes	24,357,837	230,205	66,705	24,654,747
Total	\$ 45,137,527	\$ 482,595	\$ 132,408	\$ 45,752,530

Expenditures for ordinary maintenance and repairs are charged to operations as incurred. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets, as follows:

Rental property	25 to 27.5 years
Improvements	5 to 20 years
Appliances and equipment	3 to 8 years

When a property is sold, its costs and related depreciation are removed from the accounts with the resulting gains or losses reflected in net income or loss for the period.

Pursuant to Statement of Financial Accounting Standards Opinion No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, management reviews its long-lived assets used in operations for impairment when there is an event or change in circumstances that indicates impairment in value. An asset is considered impaired when the undiscounted future cash flows are not sufficient to recover the asset's carrying value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated cash flows is highly subjective and is based in part on assumptions regarding future rental occupancy, rental rates and capital requirements that could differ materially from actual results in future periods. No such impairment losses have been recognized to date.

Cash and cash equivalents

The Company participates in centralized cash management whereby cash receipts are deposited in specific property operating accounts and are transferred to the Company's central operating account. Bills are paid from a central disbursement account maintained by an affiliate of the Company, which is reimbursed from the Company's central operating accounts. In management's opinion, the cash and cash equivalents presented in the consolidated financial statements are available and required for normal operations.

The Company invests its cash primarily in deposits and money market funds with commercial banks. All short-term investments with maturities of three months or less from the date of acquisition are included in cash and cash equivalents. The cash investments are recorded at cost, which approximates current market values.

Concentration of credit risk

The Company maintains cash deposits with major financial institutions, which from time to time may exceed federally insured limits. The Company does not believe that this concentration of credit risk represents a material risk of loss with respect to its financial position as the Company invests with creditworthy institutions including national banks and major financial institutions.

Investments

The Company accounts for its investments in accordance with Statement of Financial Accounting Standards (“SFAS”) No. 115, “Accounting for Certain Investments in Debt and Equity Securities.” At the time of purchase, fixed maturity securities are classified based on intent, as held-to-maturity, trading, or available-for-sale. In order for the security to be classified as held-to-maturity, the Company must have

positive intent and ability to hold the securities to maturity. Securities held-to-maturity are stated at cost adjusted for amortization of premiums and accretion of discounts. Securities that are bought and held principally for the purpose of selling them in the near term are classified as trading. Securities that do not meet this criterion are classified as available-for-sale. Available-for-sale securities are carried at aggregate fair value with changes in unrealized gains or losses reported as a component of comprehensive income. Fair values for publicly traded securities are obtained from external market quotations. All security transactions are recorded on a trade date basis.

The Company's accounting policy for impairment requires recognition of an other-than-temporary impairment write-down on a security if it is determined that the Company is unable to recover all amounts due under the contractual obligations of the security. In addition, for securities expected to be sold, an other-than-temporary impairment charge is recognized if the Company does not expect the fair value of a security to recover to cost or amortized cost prior to the expected date of sale. Once an impairment charge has been recorded, the Company then continues to review the other-than-temporarily impaired securities for additional impairment, if necessary.

Cash restricted for tenant security deposits

Cash restricted for tenant security deposits represents security deposits held by the Company under the terms of certain tenant lease agreements.

Replacement reserve escrows

Certain lenders require escrow accounts for capital improvements. The escrows are funded from operating cash, as needed.

Deferred expenses

Fees and costs incurred to obtain long-term financing have been deferred and are being amortized over the terms of the related loans, on a method which approximates the effective interest method.

Minority Interest in Properties

Unaffiliated third parties have ownership interests in six of the Company's multifamily apartment communities at December 31, 2007. Such interests are accounted for as "Minority Interest in Properties" in the accompanying financial statements. Allocations of earnings and distributions are made to minority holders based upon their respective share allocations. Losses in excess of minority holders' investment basis are allocated to the Company. Distributions from operations to the minority holders in excess of their investment basis are recorded in the Company's statement of operations as Minority Interest in Properties as there is typically no legal obligation for such investors to restore deficit capital accounts.

Minority Interest in Operating Partnership

In accordance with the Emerging Issues Task Force Issue ("EITF") No. 94-2, Treatment of Minority Interest in Certain Real Estate Investment Trusts, KRF Company and affiliates' common limited partnership interest in the Operating Partnership is being reflected as "Minority Interest in Operating Partnership" in the financial statements of the Company. Upon completion of the Offering, the net equity to the common and general partner interests in the Operating Partnership was less than zero after an allocation to the Company and affiliates' preferred interest in the Operating Partnership. Further, KRF Company and affiliates have no obligation to fund such deficit. Accordingly, for financial reporting purposes, KRF Company and affiliates' minority interest in the Operating Partnership has been

reflected as zero with common stockholders' equity being reduced for the deficit amount.

In accordance with the guidance in EITF No. 95-7, Implementation Issues Related to the Treatment of Minority Interests in Certain Real Estate Investment Trusts, earnings of the Operating Partnership are first being allocated to the preferred interests held by the Company. The remainder of earnings, if any, are allocated to the Company's general partner and KRF Company and affiliates' common limited partnership interests in accordance with their relative ownership percentages. The excess of the allocation of income to KRF Company and affiliates over cash distributed to them will be credited directly to the Company's equity (with a corresponding debit to minority interest) until the minority interest deficit that existed upon

the completion of the Offering is eliminated. Distributions to the minority holders in excess of their investment basis are recorded in the Company's statement of operations as Minority Interest in Operating Partnership.

Stockholders' equity/ deficit

Capital contributions, distributions and profits and losses are allocated in accordance with the terms of the individual partnership and or limited liability company agreements. Distributions and dividends are accrued and recorded in the period declared.

Equity offering costs

Underwriting commissions and offering costs have been reflected as a reduction of proceeds from issuance of the Preferred Shares.

Debt extinguishment costs

In accordance with FAS 145, the Company has determined that debt extinguishment costs do not meet the criteria for classification as extraordinary pursuant to APB Opinion No. 30. Accordingly, costs associated with the early extinguishment of debt are included in the caption "loss on extinguishment of debt" in the Statements of Operations for the years ended December 31, 2007, 2006 and 2005.

Rental revenue

The properties are leased with terms of generally one year or less. Rental revenue is recognized on a straight-line basis over the related lease term. As a result, deferred rents receivable are created when rental revenue is recognized during the concession period of certain negotiated leases and amortized over the remaining term of the lease. Recoveries from tenants for utility expenses are recognized in the period the applicable costs are incurred.

Other income

Other income, which consists primarily of income from damages, laundry, cable, phone, pool, month to month tenants, relet fees and pet fees, is recognized when earned.

Income taxes

The Company elected to be treated as a real estate investment trust ("REIT") under Section 856 of the Tax Code (the "Code"), with the filing of its first tax return. As a result, the Company generally is not subject to federal corporate income tax on its taxable income that is distributed to its stockholders. A REIT is subject to a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its annual taxable income. The Company's policy is to make sufficient distributions of its taxable income to meet the REIT distribution requirements.

The Company must also meet other operational requirements with respect to its investments, assets and income. The Company monitors these various requirements on a quarterly basis and believes that as of and for the years ended December 31, 2007 and 2006, it was in compliance on all such requirements. Accordingly, the Company has made no provision for federal income taxes in the accompanying consolidated financial statements. Additionally, during 2006, the Company became subject to a franchise tax in North Carolina. Also as of January 1, 2007, the Company became subject to the revised franchise tax calculation in Texas.

The net difference between the tax basis and the reported amounts of the Company's assets and liabilities is approximately \$51,066,407 and \$27,516,301 as of December 31, 2007 and 2006, respectively. The Company believes that due to its structure and the terms of the partnership agreement of the Operating Partnership, if the net difference is realized under the Code, any impact would be substantially realized by the common partners of the Operating Partnership and the impact on the common and preferred shareholders would be negligible.

The Company monitors the impact of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes — an Interpretation of FASB Statement 109", which clarifies the accounting for uncertainty in

income taxes recognized in the Company's financial statements in accordance with FASB Statement No. 109, "Accounting for Income Taxes." As of December 31, 2007 and 2006, the Company has determined it does not have a liability related to a tax position taken or expected to be taken in a tax return and therefore has not recorded any adjustments to its financial statements.

Recent Accounting Pronouncements

In September 2006, the FASB issued SFAS No. 157 "Fair Value Measurements." SFAS No. 157 provides guidance for, among other things, the definition of fair value and the methods used to measure fair value. The provisions of SFAS No. 157 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact of SFAS No. 157 may have on the financial position, operating results and related disclosures of the Company.

In February 2007, the FASB issued SFAS No. 159 "The Fair Value Option for Financial Assets and Financial Liabilities – Including an amendment of FASB Statement No. 115" (SFAS No. 159). SFAS No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The provisions of SFAS No. 159 are effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact that SFAS No. 159 may have on the financial position, operating results and related disclosures of the Company.

In December 2007, the FASB issued SFAS No. 141(R), Business Combinations ("SFAS 141R"), which is intended to improve reporting by creating greater consistency in the accounting and financial reporting of business combinations. SFAS No. 141R establishes principles and requirements for how the acquiring entity shall recognize and measure in its financial statements the identifiable assets acquired, liabilities assumed, any non-controlling interest in the acquired entity and goodwill acquired in a business combination. This statement is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is assessing the potential impact that the adoption of SFAS No. 141R may have on its financial position and results of operations.

In December 2007, the FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51 ("SFAS No. 160"), which is intended to improve the relevance, comparability, and transparency of financial information provided to investors by establishing and expanding accounting and reporting standards for minority interests in a subsidiary. SFAS No. 160 is effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. This statement is effective for fiscal years beginning on or after December 15, 2008. The Company is currently assessing the potential impact that the adoption of SFAS No. 160 may have on its financial position and results of operations.

Consolidated Statements of Comprehensive Income (Loss)

For the years ended December 31, 2007, 2006 and 2005, comprehensive income (loss) equaled net income (loss). Therefore, the Consolidated Statement of Comprehensive Income and Loss required to be presented has been omitted from the consolidated financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets

and liabilities, contingent assets and liabilities at the date of financial statements and revenue and expenses during the reporting period. Such estimates include the amortization of acquired in-place leases and tenant relationships, the allowance for depreciation and the fair value of the accrued participating note interest. Actual results could differ from those estimates.

3. MULTIFAMILY APARTMENT COMMUNITIES

The results of operations for the year ended December 31, 2006 have been restated to reflect the comparative results of operations of the Dorsey's and Trellis properties as discontinued operations pursuant to FASB 144 – Accounting for the Impairment or Disposal of Long-Lived Assets. The results of operations for the year ended December 31, 2005 have been restated to reflect the comparative results of operations of the Dorsey's, Trellis and Windward Lakes properties as discontinued operations pursuant to FASB 144 – Accounting for the Impairment or Disposal of Long-Lived Assets.

Discontinued Operations

On June 22, 2005, the Operating Partnership completed the sale of 100% of the fee simple interest of Windward Lakes. The assets and liabilities related to the sale of the Windward Lakes property have been removed from the accounts of the Company pursuant to the recording of the sale of the property. The net proceeds from the sale of Windward Lakes, in the amount of \$21,450,876, were held in an escrow account at a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested the proceeds from the sale of Windward Lakes in the acquisition of Lakeridge Apartments, on which the Company closed on July 1, 2005. The operating results of Windward Lakes have been presented in the consolidated statement of operations as results from discontinued operations in the statement of operations for the year ended December 31, 2005 in accordance with FASB 144 – “Accounting for the Impairment or Disposal of Long-Lived Assets.”

On May 30, 2007, the Operating Partnership completed the sale of 100% of its interest in Trellis in Newport News, Virginia. The assets and liabilities related to the sale of the Trellis property have been removed from the accounts of the Company pursuant to the recording of the sale of the property. The proceeds from the sale of Trellis in the amount of \$5,324,664 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of proceeds from the sale of Trellis by purchasing qualified replacement property. The operating results of Trellis for the years ended December 31, 2007, 2006 and 2005 have been presented in the consolidated statement of operations as discontinued operations in accordance with FAS 144 “Accounting for the Impairment or Disposal of Long Lived Assets.”

On June 22, 2007, the Operating Partnership completed the sale of 100% of its interest in Dorsey's in Columbia, Maryland. The assets and liabilities related to the sale of the Dorsey's property have been removed from the accounts

of the Company pursuant to the recording of the sale of the property. The Company's share of the proceeds from the sale of Dorsey's in the amount of \$13,137,316 were deposited in an escrow account with a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Tax Code. The Company reinvested its share of the proceeds from the sale of Dorsey's by purchasing qualified replacement property. The operating results of Dorsey's for the years ended December 31, 2007, 2006 and 2005 have been presented in the consolidated statement of operations

as discontinued operations in accordance with FAS 144 “Accounting for the Impairment or Disposal of Long Lived Assets.”

The operating results of discontinued operations for the years ended December 31, 2007, 2006 and 2005 are summarized as follows:

INVESTMENT IN MORTGAGE FUNDS

In 2002, the Company filed a registration statement on Form S-11 with the SEC with respect to its offers to issue its 9% Series A Cumulative Redeemable Preferred Stock in exchange for interests in the following six mortgage funds: Krupp Government Income Trust, Krupp Government Income Trust II (“GIT II”), Krupp Insured Mortgage Limited Partnership, Krupp Insured Plus Limited Partnership, Krupp Insured Plus II Limited Partnership, and Krupp Insured Plus III Limited Partnership (collectively, the “Mortgage Funds”).

As of November 14, 2005, all of the Mortgage Funds had been liquidated as the underlying loans within the funds were retired and the related proceeds were distributed to the funds’ shareholders, including the Company.

The summarized balance sheets of the Company’s investment in GIT II as of December 31, 2007 and December 31, 2006 have not been presented because the Mortgage Funds were liquidated.

The summarized statements of operations of each individually significant investment in the Mortgage Funds for the years ended December 31, 2007, 2006 and 2005 are presented in the following table. The balances for the year ended December 31, 2007 and 2006 are zero as the final Mortgage Fund was liquidated on November 14, 2005.

The summarized statements of operations of each individually significant investment in the Mortgage Funds and the combined investment in the Mortgage Funds are as follows:

	December 31, 2007 GIT II	December 31, 2006 GIT II	December 31, 2005 GIT II

5. INVESTMENT IN MULTIFAMILY VENTURE

Effective May 1, 2004, the Company consummated the Limited Liability Company Agreement of JV Marina Mile ("Multifamily Venture") with a partner, whereby each of the parties to the agreement agreed to participate, on a pro rata basis, in the economic benefits of the ownership of The Berkshires at Marina Mile Apartments ("Marina Mile"). Under the terms of the Multifamily Venture agreement governing the entity, the partner contributed, in cash, 65% of the total venture equity in exchange for a 65% interest in the Multifamily Venture. The Operating Partnership contributed its interest in Marina Mile, L.L.C., the fee simple owner of the property, in exchange for a 35% interest in the Multifamily Venture and a cash distribution of approximately \$3,594,693 net of \$387,236 of additional capital invested by the Operating Partnership. Both parties are entitled to proportional distributions of available cash up to the effective 10% Preferred Return. After payment of the Preferred Return and the return of each party's capital contribution, the Operating Partnership is entitled to additional distributions equal to approximately 30% of the distributions otherwise payable to the venture partner. The Operating Partnership is the managing member of the Multifamily Venture. The Company evaluated its investment in the Multifamily Venture and concluded that the investment did not fall under the requirements of FIN 46R as the Multifamily Venture partner retains a majority control over the Multifamily Venture through the decision-making authority granted in the Limited Liability Company Agreement consistent with its economic interests; therefore, the Company accounted for the investment under Statement of Position 78-9, Accounting for Investments in Real Estate ("SOP "78-9"), as an equity method investment.

On April 18, 2006, Marina Mile was sold to an unrelated party. According to the provisions of the Limited Liability Company Agreement, the Company's overall ownership interest in the proceeds from the sale of Marina Mile increased from 35.00% to 45.52% and pursuant to additional agreements executed in relation to the sale, this increase was effective as of February 1, 2006. The Company evaluated the change in the ownership interests in the Multifamily Venture and has determined that the increased ownership interests do not materially change the economic

interests of the Multifamily Venture partners and would not result in the Company controlling the Multifamily Venture as promulgated in EITF 04-05, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights.

Pursuant to the Operating Partnership's completion of the sale of 100% of the interest in the Marina Mile property, the net proceeds from the sale in the amount of \$11,073,818 were held in an escrow account at a qualified institution pursuant to a transaction structured to comply with a 1031 Exchange under the Code, as amended. As of December 31, 2006, the Company had reinvested the total proceeds from the sale of

interests in Marina Mile in the acquisition of Chisholm Place Apartments and Briarwood Village Apartments, which were completed on June 28, 2006 and August 30, 2006, respectively. The Company believes the acquisitions of Chisholm Place and Briarwood Village fulfill the purchase requirement under the 1031 Exchange. The Company received the final distribution of \$141,802 from the Multifamily Venture on September 7, 2007 at which time the Multifamily Venture was liquidated.

The summarized balance sheets of the Multifamily Venture are as follows:

	December 31, 2007	December 31, 2006
ASSETS		
Multifamily apartment communities, net	\$ -	\$ -
Cash and cash equivalents	-	321,887

Owners' equity	-	321,887
Total liabilities and owners' equity	\$ -	\$ 321,887
 Company's share of equity (1)	 \$ -	 \$ 146,522

(1) As of December 31, 2007, the Multifamily Venture has made final distributions of cash, and as a result, there are no assets remaining at December 31, 2007. At December 31, 2006 the Company's carrying value of its share of equity in the Multifamily Venture was equal to its ownership interest if computed using the Company's 45.52% ownership percentage applied to the Multifamily Venture owner's equity as presented in the table above.

The summarized statement of operations of the Multifamily Venture for the years ended December 31, 2007, 2006 and 2005 are presented in the following table.

	Year Ended December 31,		
	2007	2006	2005

Equity in income (loss) of Multifamily Venture (1)	\$ (4,721)	\$ 9,921,157	\$ (82,866)

(1) As of December 31, 2007 and 2006, this amount represented the Company's share of the net income of the Multifamily Venture if computed using the Company's 45.52% ownership percentage, pursuant to the increase in ownership interest related to the sale of the property. As of December 31, 2005, this amount represents the Company's share of the net loss of the Multifamily Venture if computed using the Company's 35.00% ownership percentage for the month of January 2006 and the 45.52% ownership percentage, pursuant to the increase in ownership interest related to the sale of the property, for the months of February through December 2005 as presented in the table above.

6. INVESTMENT IN MULTIFAMILY LIMITED PARTNERSHIP VENTURE

On August 12, 2005, the Company, together with affiliates and other unaffiliated parties, entered into a subscription agreement to invest in the Berkshire Multifamily Value Fund, L.P. (“BVF”), an affiliate of Berkshire Property Advisors, L.L.C. (“Berkshire Advisor” or the “Advisor”). Under the terms of the agreement and the related limited partnership agreement, the Company and its affiliates agreed to invest up to \$25,000,000, or approximately 7%, of the total capital of the partnership. The Company’s final commitment under the subscription agreement with BVF totals \$23,400,000. BVF’s investment strategy is to acquire middle-market properties where there is an opportunity to add value through repositioning or rehabilitation. Under the terms of the BVF partnership agreement, the Company’s ability to acquire additional properties is restricted to the two following conditions: (1) the Company can invest up to \$8,000,000 per year in new properties from available cash or cash generated from the refinancing of existing properties, for a period of up to thirty-nine months, at which time such restriction will lapse, and (2) the Company is authorized to sell existing properties and reinvest those proceeds through transactions structured to comply with 1031 Exchanges under the Tax Code, without limit.

The managing partner of BVF is an affiliate of the Company. The Company has evaluated its investment in BVF and concluded that the investment, although subject to the requirements of FIN 46R, will not require the Company to consolidate the activity of BVF as the Company has determined that it is not the primary beneficiary of the venture as defined in FIN 46R.

In relation to its investment in BVF, the Company has elected to adopt a three-month lag period in which it recognizes its share of the equity earnings of BVF in arrears. The lag period is allowed under the provisions of Accounting Principles Board Opinion No. 18 (As Amended) – The Equity Method of Accounting for Investments in Common Stock Statement of Position 78-9 and is necessary in order for the Company to consistently meet its regulatory filing deadlines. As of December 31, 2007 and 2006, the Company has accounted for its share of the equity in BVF operating activity through September 30, 2007 and 2006, respectively.

On March 14, 2007, the Company received notice of the sixth capital call by BVF, an affiliate of the Company. The capital call represented 7.5%, or \$1,750,187, of the total \$23,400,000 capital committed to BVF by the Company. The contribution was paid to BVF on March 27, 2007 and brought the total direct investment by the Company to \$13,931,488 or 59.5% of the total committed capital amount of \$23,400,000.

On June 15, 2007, the Company received notice of the seventh capital call by BVF, an affiliate of the Company. The capital call represented 4.8%, or \$1,120,120, of the total \$23,400,000 capital committed to BVF by the Company. The contribution was paid to BVF on June 29, 2007 and brought the total direct investment by the Company to \$15,051,608, or 64.3% of the total committed capital amount of \$23,400,000.

On September 10, 2007, the Company received notice of the eighth capital call by BVF, an affiliate of the Company. (1) – Represents assumed balance of the mortgage note payable as adjusted to its fair value as required by FAS 141 “Business Combinations.” Annual interest rate at December 31, 2007 reflects interest rate used to calculate fair value of the debt when assumed.

(2) – All interest rates are fixed as of December 31, 2007.

All mortgage notes are collateralized by the referenced property, which are all multifamily residential apartment communities. All payments on the outstanding mortgage notes have been made timely and all mortgage loans were current as of December 31, 2007 and 2006. Also, there were no amounts of principal on the notes that were subject to delinquent principal or interest as of December 31, 2007.

Combined aggregate principal maturities of mortgage notes payable at December 31, 2007 are as follows:

2008	\$ 12,691,809
2009	20,257,150
2010	4,779,543
2011	5,088,624
2012	34,317,623
Thereafter	429,769,133
	\$ 506,903,882

The Company determines the fair value of the mortgage notes payable based on the discounted future cash flows at a discount rate that approximates the Company's current effective borrowing rate for comparable loans. Based on this analysis, the Company has determined that the fair value of the mortgage notes payable approximates \$500,472,100 and \$458,255,200 at December 31, 2007 and 2006, respectively

8. REVOLVING CREDIT FACILITY - AFFILIATE

On June 30, 2005, the Company obtained new financing in the form of a revolving credit facility. The revolving credit facility in the amount of \$20,000,000 was provided by an affiliate of the Company. The facility provides for interest on borrowings at a rate of 5% above the 30 day LIBOR rate, as announced by Reuter's, and fees based on borrowings under the facility and various operational and financial covenants, including a maximum leverage ratio and a maximum debt service ratio. The agreement has a maturity date of December 31, 2006, with a one-time six-month extension available at the option of the Company. The terms of the facility were agreed upon through negotiations and were approved by the Audit Committee of the Board of Directors of the Company (the "Board"), which is comprised solely of directors who are independent under applicable rules and regulations of the Securities and Exchange Commission and the American Stock Exchange.

On October 30, 2006, the Company exercised its contractual option to extend the maturity date on the revolving credit facility available from the affiliate. The Company sent notice to the affiliate of its intent, pursuant to the credit agreement, to extend the maturity date of the revolving credit facility by six months, until June 30, 2007.

On May 31, 2007, the Company executed an amendment to the Agreement. The amendment provides for an extension of the maturity date by replacing the current maturity date of June 30, 2007 with a 60-day notice of termination provision by which the lender can affect a termination of the commitment under the Agreement and render all outstanding amounts due and payable. The amendment also adds a clean-up requirement to the Agreement, which requires the borrower to repay in full all outstanding loans and have no outstanding obligations under the Agreement for a 14 consecutive day period during each 365-day period. The clean-up requirement has been satisfied for the initial 365-day period starting on June 1, 2007.

During the twelve months ended December 31, 2007 and 2006, the Company borrowed a total of \$37,500,000 pursuant to three separate advances during 2007 and \$7,000,000, respectively, related to the acquisition activities of the Company and repaid total advances of \$37,500,000 and \$7,000,000, respectively, during the same periods. There

were no borrowings outstanding as of December 31, 2007 and December 31, 2006, respectively. The Company incurred interest and fees of \$676,400 and \$3,860 related to the facility during the twelve months ended December 31, 2007 and 2006, respectively.

As a condition of obtaining the mortgage, the lender required a guarantee of \$1,326,000 from the Company to ensure the completion of specific capital improvements to the property. As of December 31, 2007 the rehabilitation project is moving forward and the Company currently anticipates satisfying the guarantee per the mortgage requirements.

11. MINORITY INTERESTS

Minority Interest in Properties

Three of the Company's properties, Dorsey's, Hannibal Grove Apartments and Century II Apartments, are owned with a third party. The Company's interest in each of Dorsey's and Hannibal Grove Apartments is 91.382% and its interest in Century II Apartments is 75.82%. The Dorsey's property was sold on June 22, 2007 and the interests of the Company and the minority position of that property was reduced to \$0.

Effective September 24, 2004, the Company consummated the JV BIR/ERI, L.L.C. multifamily venture agreement ("JV BIR/ERI") with Equity Resources Investments, L.L.C. ("ERI"), an unrelated third party, whereby each of the parties to the agreement agreed to participate, on a pro rata basis, in the economic benefits of the venture. Under the terms of the limited liability company agreement, the Company owns a 58% interest as the managing member and ERI owns the remaining 42% interest. The Company evaluated its investment in JV BIR/ERI and concluded that the investment did not fall under the requirements of FIN 46R because it did not meet the conditions set forth in the FASB interpretation. Therefore the Company accounted for the investment under Accounting Research Bulletin 51, Consolidated Financial Statements based on its controlling interest in the subsidiary.

During 2007 and 2006, normal operating distributions of \$1,600,000 and \$1,500,000, respectively, were made to the JV BIR/ERI partners based on their ownership interests in the venture. The distributions represent funds accumulated from the normal operations of the properties owned by JV BIR/ERI. Additionally, during 2006, as a result of the placement of supplemental mortgage debt financing acquired on the properties owned by JV BIR/ERI, distributions totaling \$15,913,746 were made to the multifamily venture partners based on their ownership interests in the venture. The distributions represented the proceeds of the supplemental debt less related closing costs.

During 2007 and 2006 the activity of JV BIR/ERI resulted in a net loss position and reduced the minority interest in the properties to zero as there was no positive basis in the properties at December 31, 2007 or December 31, 2006. Minority interest in the properties is carried at zero on the balance sheet due to the minority interest having no obligation to fund losses/deficits.

Minority Interest in Operating Partnership

The following table sets forth the calculation of minority common interest in the Operating Partnership at December 31, 2007, 2006 and 2005:

	2007	2006	2005

Although the 2007 and 2005 activities resulted in a net income position, due to the sale of Dorsey's and Trellis in 2007 and Windward Lakes in 2005, there was no positive basis, and continues to be no positive basis, in the Operating Partnership at December 31, 2007. There was no allocation to the Minority common interest in Operating Partnership at December 31, 2007, 2006 and 2005, except to the extent distributions were paid or accrued.

The following table sets forth a summary of the items affecting the Minority common interest in the Operating Partnership:

	Minority Common Interest in Operating Partnership	Company's Interest in Operating Partnership	Total Common Owners' Deficit
Balance at December 31, 2006	\$ (64,701,866)	\$ 250,546	\$ (64,451,320)

RELATED PARTY TRANSACTIONS

The Company pays property management fees to an affiliate for property management services. The fees are payable at a rate of 4% of gross income.

The Company pays asset management fees to an affiliate for asset management services. These fees are payable quarterly, in arrears, and may be paid only after all distributions currently payable on the Company's Preferred Shares have been paid. Effective April 4, 2003, under the advisory services agreement, the Company will pay Berkshire Advisor an annual asset management fee equal to 0.40%, up to a maximum of \$1,600,000 in any calendar year, as per an amendment to management agreement, of the purchase price of real estate properties owned by the Company, as adjusted from time to time to reflect the then current fair market value of the properties. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovation or new construction costs, costs of acquisition or other items paid or received that would be considered an adjustment to basis. Prior to April 4, 2003, asset management fees paid by the Predecessor were based on fees specified under the terms of the agreements governing the various Predecessor entities. The Company also reimburses affiliates for certain expenses incurred in connection with the operation of the properties, including administrative expenses and salary reimbursements.

The Company pays acquisition fees to an affiliate for acquisition services. These fees are payable upon the closing of an acquisition of real property. The fee is equal to 1% of the purchase price of any new property acquired directly and indirectly by the Company. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovations or new construction costs, cost of acquisition or other items paid or received that would be considered an adjustment to basis. The purchase price does not include acquisition fees and capital costs of a recurring nature. During the year ended December 31, 2007, 2006 and 2005, the Company incurred fees on the following acquisitions:

Acquisition	Acquisition Fee 2007	Acquisition Fee 2006	Acquisition Fee 2005

15. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of financial instruments:

Cash and cash equivalents

For those cash equivalents with maturities of three months or less from the date of acquisition, the carrying amount of the investment is a reasonable estimate of fair value.

Mortgage notes payable

Market fixed rate mortgage notes payable - For fixed rate mortgages that have been obtained in the open market, the fair value is based on the borrowing rates currently available to the Company with similar terms and average maturities. The Company believes that the carrying amounts of the mortgages are reasonable estimates of fair value.

Assumed fixed rate mortgage notes payable – For fixed rate mortgage notes payable that the Company has assumed as part of various property acquisitions, the net present value of future cash flows method was used to determine the fair value of the liabilities when recorded by the Company. At December 31, 2007 and 2006 the carrying amount is the fair value of the assumed mortgage notes payable less any principal amortization since assumption.

16.

LEGAL PROCEEDINGS

The Company is currently party to a legal proceeding initiated by a seller/developer from whom the Company acquired a property in 2005. The dispute involves the interpretation of certain provisions of the purchase and sales agreement related to post acquisition construction activities. Specifically, the purchase and sales agreement provided that if certain conditions were met, the seller/developer would develop a vacant parcel of land contiguous to the acquired property with 18 new residential apartment units (the “New Units”) for the benefit of the Company at an agreed upon price. The purchase and sales agreement also provided the opportunity for the seller/developer to build a limited number of garages (the “Garages”) for the existing apartment units, for the benefit of the Company at an agreed upon price.

In 2006, the Company accrued \$190,000 with respect to this matter based on a settlement offer extended to the plaintiff. On November 9, 2007, the judge issued a summary judgment with respect to the construction of the New Units. The judgment was against the Company, but did not specify damages, which the plaintiff will be required to demonstrate at trial. On February 13, 2008, the court entered judgment on the seller/developer’s behalf awarding them a judgment in the amount of \$774,292 for costs and damages. The Company believes that there are reasonable grounds for appeal of this ruling and intends to pursue an appeal of the Judgment awarded by the court.

As of December 31, 2007, the Company did not increase its accrual of \$190,000 related to this matter as it is moving forward with an appeal of the judgment awarded by the court. Based on the court’s award of damages in the amount of \$774,292, if the appeal were to be unsuccessful, the Company would record an additional cost of \$584,292, the amount in excess of the \$190,000 accrued as of December 31, 2007.

The Company settled the matter related to the construction of the garages and has executed a contract with the seller/developer which is contingent on the Company obtaining lender approval.

The Company and our properties are not subject to any other material pending legal proceedings and we are not aware of any such proceedings contemplated by governmental authorities.

17.

SUBSEQUENT EVENTS

On January 25, 2008, the Company rate locked \$13,650,000 of fixed rate mortgage debt on the development project of Arboretum Land. The proceeds of the borrowing will be used to build multifamily buildings on a parcel of pre-purchased land adjacent to the Arboretum Place Apartments. The loan will be a non-drawn mortgage note with a fixed interest rate of 6.20% and a term of 7 years. This loan was granted with equity requirements that the Company would provide an equity investment for the project in the amount of \$5,458,671. The amount of \$5,458,671 represented by the Land and improvements are \$2,100,000 and \$3,358,671 respectively.

On February 13, 2008, the Company had a Judgment ordered against it in a legal proceeding initiated by a seller/developer from whom the Company acquired a property in 2005. The Judgment was for \$774,292 and represented costs and damages in the case. The Company intends to appeal the Judgment.

On February 15, 2008, the Company paid a quarterly distribution of \$1,000,000 from its operating cash flows to common general and common limited partners. On the same day, concurrent with the payment of the Operating Partnership distribution, the Company Board also paid a common dividend of \$0.016996 per share on the Company's Class B common stock. The distributions were approved by the Board on November 8, 2007 and were accrued as of December 31, 2007.
