RESOLVED, that the Auditors Report and the Consolidated Financial Statements of the Company for the fiscal year ended December 31, 2005, be, and the same hereby are, and each hereby is, received and considered.

Upon the receipt of a properly signed and dated proxy and unless otherwise instructed on the proxy, the persons named in the enclosed proxy will vote the shares represented by the proxy FOR the proposal.

If any of such nominees are unable to serve, the persons named in the proxy will vote the shares FOR the election of such other nominees as the board of directors of Gilat may propose. All nominees listed below have advised the board of directors of Gilat that they intend to serve as director if elected.

RESOLVED, that the election of each of the nominees for election to the board of directors, as presented to the Meeting of Shareholders and described in the Company's Proxy Statement dated July 17, 2006, be, and hereby is, approved.

IV. AMENDMENT OF INDEMNIFICATION LETTERS

The Companies Law authorizes the audit committee, board of directors and shareholders to approve to indemnify directors and officers of the Company, to the extent permitted by law and as set forth in the Company's Articles of Association. At the Special Meeting of Shareholders held August 30, 2005, our shareholders approved the indemnification of directors and officers, jointly and in the aggregate, in an amount not to exceed \$10 million, based upon a letter approved by the shareholders and issued to each director and officer. The audit committee and board of directors believe that the indemnification letters should be amended such that the aggregate coverage is raised from \$10 million to \$20 million. The audit committee and board of directors believe that that this increase is in the best interests of the Company because, among other things, (i) it enables the Company to attract and retain quality directors and officers by providing adequate indemnification to cover them if they are sued personally for their corporate acts; (ii) it helps to create a corporate culture for the necessary decision making, by providing peace of mind to the officers and directors and (iii) it eases the burden of lawsuits brought against directors and officers, which, notwithstanding the merits or lack thereof, are time consuming, disruptive, and expensive.

PROPOSAL NO. 4

At the Meeting, our board of directors will propose that the following resolution be adopted:

RESOLVED, to approve an amendment to the indemnification letters provided to officers and directors of the Company increasing the aggregate indemnification coverage from \$10 million to \$20 million.

Election of Directors

Our directors, except for our external directors, are currently elected at the annual shareholders meeting to serve until our next annual meeting of the shareholders and until their respective successors are elected and qualified, unless any office is vacated earlier under any relevant provisions of our articles of association. Our articles of association currently in effect provide that the directors may appoint additional directors (whether to fill a vacancy or to expand the board of directors). Our articles of association provide that the board of directors may delegate all of its powers to committees of the board of directors as it deems appropriate, subject to the provisions of applicable law.

Under a recent amendment to the Israeli Companies Law, our board of directors is required to determine the minimum number of directors who must have accounting and financial expertise, as such term is defined in regulations promulgated under the Israeli Companies Law. Our Board of Directors has determined that our Board of Directors will include at least two directors who have accounting and financial expertise, within the meaning of the regulations promulgated under the Israeli Companies Law. Our Board of Directors has further determined that Leora Meridor, Karen Sarid, Itzik Tamir and Jeremy Blank all have the requisite accounting and financial expertise.

Alternate Directors

Our articles of association provide that a director may appoint, by written notice to us and subject to the consent of the board of directors, any individual (subject to certain limitations under the Companies Law) to serve as an alternate director. Except as otherwise specifically permitted by the Companies Law, no External Director may appoint an Alternate Director. Any alternate director shall have all of the rights and obligations of the director appointing him or her, except the power to appoint an alternate (unless otherwise specifically provided for in the appointment of such alternate). The alternate director may not act at any meeting at which the director appointing him or her is present. Unless the time period or scope of any such appointment is limited by the appointing director, such appointment is effective for all purposes and for an indefinite time, but will expire upon the expiration of term or vacation of office of the appointing director. Currently, no alternate directors have been appointed.

Board Compensation

The members of the board of directors who are not employees of the Company currently receive annual compensation in the amount of \$20,000. In addition, board members receive \$300 for each board or committee meeting attended, provided that the board member is a member of such committee and an additional \$300 for each board or committee meeting which extends beyond four hours. For telephonic participation in board or committee meetings, board members receive 50% of what is received for physical participation.

As additional remuneration for their services as directors on our board of directors, each non-employee director is currently granted options to purchase 20,000 ordinary shares under the 2003 Stock Option Plan which options vest over a three-year period, for so long as such optionee remains a director of Gilat.

External Directors

Under the Israeli Companies Law (the Companies Law), public companies are required to elect two external directors who must meet specified standards of independence. Companies that are registered under the laws of Israel and whose shares are listed for trading on a stock exchange outside of Israel, such as our Company, are treated as public companies with respect to the external directors requirement. External directors may not have, directly or indirectly through a relative, partner, employer or controlled entity, any affiliation with the public company, with those of its shareholders who are controlling shareholders at the time of appointment or with any entity controlled by the company or by its controlling shareholders, during the two years preceding their appointment. The term affiliation includes an employment relationship, a business or professional relationship maintained on a regular basis, control and services as an office holder. No person can serve as an external director if the person's other positions or business creates or may create conflicts of interest with the person's responsibilities as an external director. Until the lapse of two years from termination of office, a company may not engage an external director as an employee or otherwise.

External directors serve for a three-year term, which may be renewed for only one additional three-year term. External directors can be removed from office only by the court or by the same special percentage of shareholders that can elect them, and then only if the external directors cease to meet the statutory qualifications with respect to their appointment or if they violate their fiduciary duty to the company. The court may additionally remove external directors from office if they were convicted of certain offenses by a non-Israeli court or are permanently unable to fulfill their position. If, when an external director is elected, all members of the board of directors of a company are of one gender, the external director to be elected must be of the other gender.

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

Any committee of the board of directors must include at least one external director. The Audit committee must include both external directors. An external director is entitled to compensation as provided in regulations adopted under the Companies Law and is otherwise prohibited from receiving any other compensation, directly or indirectly, in connection with such service.

The Companies Law requires external directors to submit to the company, prior to the date of the notice of the general meeting convened to elect the external directors, a declaration stating their compliance with the requirements imposed by Companies Law for the office of external director.

Our external directors are Mr. Haim Benjamini and Dr. Leora Meridor.

According to a March 2005 amendment to the Israeli Companies Law, effective as of January 2006 at least one of the external directors must be an accounting and financial expert and the other external directors must be (i) accounting and financial experts or (ii) professional experts, as such terms are defined by regulations promulgated under the Israeli Companies Law. This requirement does not apply to external directors appointed prior to the March 2005 amendment, however a company can not renew the appointment of any such external director for an additional term unless the external director is (i) an accounting and financial expert or (ii) a professional expert and at the time the appointment is to be renewed, an external director who is an accounting and financial expert serves on the board of directors and such other number of directors who are accounting and financial experts serve on the board of directors as determined by the board of directors of the company.

Audit Committee

The Companies Law also provides that publicly traded companies must appoint an audit committee. The responsibilities of the audit committee include, but are not limited to, identifying irregularities in the management of the Company's business and approving related party transactions as required by law. An audit committee must consist of at least three members, and include all of the Company's external directors. However, the chairman of the board of directors, any director employed by the Company or providing services to the Company on a regular basis, any controlling shareholder and any relative of a controlling shareholder may not be a member of the audit committee. An audit committee may not approve an action or a transaction with an officer or director, a transaction in which an officer or director has a personal interest, a transaction with a controlling shareholder and certain other transactions specified in the Companies Law, unless at the time of approval two external directors are serving as members of the audit committee and at least one of the external directors was present at the meeting in which an approval was granted.

Pursuant to the current listing requirements of the NASDAQ Stock Market, we are required to maintain an audit committee, at least a majority of whose members are independent of management. Pursuant to the Sarbanes-Oxley Act of 2002, the Securities and Exchange Commission (the SEC) has issued rules which required NASDAQ to impose independence requirements on each member of the audit committee. Such requirements came into effect July 31, 2005.

Edgar Filing: GILAT SATELLITE NETWORKS LTD - Form 6-K

Our audit committee consists of Messrs. Benjamini and Tamir and Madams Karen Sarid and Dr. Leora Meridor. We believe that these appointments comply with the requirements of the SEC and NASDAQ rules, and that Madams Sarid and Meridor qualify to serve as the audit committee's financial experts, as required by the SEC, NASDAQ and the Israeli Companies Law.

Stock Option Plans

In September 2003, we adopted the 2003 Stock Option Plan. At present, the 2003 Stock Option Plan provides for the grant of option to purchase up to an aggregate of 6,135,000 ordinary shares to our officers, directors, employees or service providers or any of our subsidiaries. As of June 30, 2006, we had granted options to purchase a total of 5,296,900 ordinary shares under the 2003 Stock Option Plan, of which 503,725 options have been exercised and 3,129,710 options have vested and not been exercised.

The purpose of the 2003 Stock Option Plan is to enable us to attract and retain qualified persons as employees, officers, directors, consultants and advisors and to motivate such persons by providing them with an equity participation in Gilat.

The 2003 Stock Option Plan is administered by a Stock Option Committee appointed by our board of directors. The Stock Option Committee, currently comprised of Messrs. Benjamini and Tamir and Ms. Sarid and Dr. Meridor, has broad discretion, subject to certain limitations, to determine the persons entitled to receive options, the terms and conditions on which options or rights to purchase are granted and the number of shares subject thereto. The Stock Option Committee also has discretion to determine the nature of the consideration to be paid upon the exercise of an option and/or right to purchase granted under the 2003 Stock Option Plan. Such consideration generally may consist of cash or, at the discretion of the Board, cash and a recourse promissory note. Stock options issued as incentive stock options pursuant to the 2003 ISO/RSO Plan will only be granted to the employees and directors of Gilat or its subsidiaries. The exercise price of incentive stock options issued pursuant to the 2003 ISO/RSO Plan must be at least equal to the fair market value of the ordinary shares as of the date of the grant (and, in the case of optionees who own more than 10% of the voting stock, the exercise price must equal at least 110% of the fair market value of the ordinary shares as of the date of the grant). Unless otherwise provided in an option agreement, the price per share under options awarded pursuant to the 2003 Stock Option Plan will be the higher of (i) \$5.00 per share; and (ii) the fair market value of the shares, as of the date of the option grant.

Options are exercisable and restrictions on disposition of shares lapse according to the terms of the individual agreements under which such options were granted or shares issued.

In December 2005, we adopted the 2006 Stock Incentive Plan which provides for the grant of incentives to purchase up to 1,500,000 ordinary shares. The 2005 Plan enables the board of directors to determine various forms of incentives for service providers and, when necessary, adopt a Sub-Plan in order to grant specific incentives. Among the incentives that may be adopted by the board are share options, performance share awards, performance share unit awards, restricted shares, restricted share unit awards and other share based awards.

The 2005 Plan is to be administered by the board of directors. The board may, in its discretion, appoint and maintain a committee to administer the plan to the extent permissible under applicable law. The board of directors has broad discretion to determine the persons entitled to receive options under the Plan, the terms and conditions on which incentives are granted and the number of shares subject thereto. The board of directors also has discretion to determine the nature of the consideration to be paid upon the exercise of an option granted under the Plan. Such consideration generally may consist of shares or cash in lieu of shares. As of June 30, 2005, we had not granted any options under this Plan.

In addition, two former executives have been granted options outside of our stock option plans, to purchase an aggregate of 375,000 shares, 245,512 of such options have been exercised. The exercise price is \$5.00 per share.

As of June 30, 2006, we had granted options to purchase a total of 136,718 ordinary shares under plans from 1993 and 1995, both of which have expired. The exercise prices for such options vary from \$7.80 to \$3,197.50 and all such options expire at various times from November 2003 to February 2013. As of September 30, 2005, options under these plans totaling 46,496 shares have been exercised.
