PROXY STATEMENT

INTRODUCTION

This proxy statement and the accompanying proxy are being mailed by the Company to the holders of record of the Company's outstanding shares of Common Stock, \$0.00001 par value, or Common Stock, commencing on or about December 29, 2008. The accompanying proxy is being solicited by the Board of Directors of the Company, or the Board, for use at the annual meeting of stockholders of the Company, or the Meeting, to be held on January 21, 2009 at 5:00 p.m. local time (in Israel), at our offices, Matam Advanced Technology Park Building No. 20, Haifa, Israel, 31905 and at any adjournment or postponement thereof. The cost of solicitation of proxies will be borne by the Company. Directors, officers and employees of the Company may assist in the solicitation of proxies by mail, telephone, telefax, in person or otherwise, without additional compensation. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting materials to the owners of stock held in their names and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of such proxy materials.

The Board has fixed December 24, 2008 as the record date, or the Record Date, for the Meeting. Only stockholders of record on the Record Date are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. On December 24, 2008, there were issued and outstanding 11,458,662 shares of Common Stock. Each share of Common Stock is entitled to one vote per share.

The Company's Bylaws provide that a quorum shall consist of the representation at the Meeting, in person or by proxy, of stockholders entitled to vote at least thirty-three and one-third percent (33 1/3%) of the stock issued and outstanding and entitled to vote thereat, present in

Edgar Filing: PLURISTEM THERAPEUTICS INC - Form DEF 14A

person or represented by proxy. The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the election of each of the director nominees and for the adoption of the Company's Amended and Restated 2005 Stock Option Plan, or the 2005 Plan, and for the approval of any other business which may properly be brought before the Meeting or any adjournment or postponement thereof. A majority means that such actions require more than fifty percent (50%) of the votes cast to be approved.

All shares of Common Stock represented in person or by valid proxies received by the Company prior to the date of, or at, the Meeting will be counted for purposes of determining the presence of a quorum for taking action on the proposals set forth below and be voted as specified in the proxies or voting instructions. With regard to the election of directors, votes may be cast for or against particular director nominees, left blank or stockholders may abstain from voting for each nominee. Votes that are left blank will be voted FOR the election of the directors named on the proxy and For the adoption of our 2005 Plan; abstentions are not considered votes cast and thus have no effect on the election of directors; abstentions and broker non-votes are not considered votes cast for the purpose of adopting the proposed amendments to our 2005 Plan and thus also have no effect thereon. With regard to other matters that may properly come before the Meeting, votes will be cast at the discretion of the proxies.

Abstentions may be specified on all proposals and will be counted as present for purposes of determining a quorum. Submitted proxies which are left blank and broker non-votes will also be counted as present for purposes of determining a quorum, but are not counted for purposes of determining whether a proposal has been approved in matters where the proxy does not confer the authority to vote on such proposal, and thus have no effect on its outcome. Broker non-votes are shares held by a broker or nominee which are represented at the Meeting, but with respect to which the broker or nominee is not empowered to vote on a particular proposal. Brokers have discretion to vote matters that are considered routine, such as the uncontested election of directors, however, the matter described in Item 2, the adoption of the Company's Amended and Restated 2005 Stock Option Plan, is not a routine matter and therefore brokers or nominees are not empowered to vote on such matter without instructions from the street name holder.

- 1 -

Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

On or about December 29, 2008, this proxy statement, together with the related proxy card, is being mailed to our stockholders of record as of the Record Date. Our annual report to our stockholders for the fiscal year ended June 30, 2008, or Fiscal 2008, including our financial statements, is being mailed together with this proxy statement to all of our stockholders of record as of the Record Date. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our annual report so that our record holders could supply these materials to our beneficial owners as of the Record Date.

IMPORTANT: If your shares are held in the name of a brokerage firm, bank, nominee or other institution, you should provide instructions to your broker, bank, nominee or other institution on how to vote your shares. Please contact the person responsible for your account and give instructions for a proxy to be completed for your shares.

Our website address is included several times in this proxy statement as a textual reference only and the information in our website is not incorporated by reference into this proxy statement.

The numbers of shares in this proxy statement have been adjusted to reflect the one for two hundred reverse stock split we effected on November 26, 2007.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

At the Meeting, eight directors are to be elected, which number shall constitute our entire Board, to hold office until the next annual meeting of stockholders and until their successors shall have been duly elected and qualified. All of the nominees whose names and biographies appear below are presently our directors. In the event any of the nominees should become unavailable or unable to serve as a director, it is intended that votes will be cast for a substitute nominee designated by the Board. PROPOSAL NO. 2 ADOPTION OF THE COMPANY S AMENDED AND RESTATED 2005 STOCK OPTION PLAN

The Board has unanimously approved, and unanimously recommends that the stockholders of the Company approve the Amended and Restated 2005 Stock Option Plan of the Company, amending the current Amended 2005 Stock Option Plan in order to: (i) increase the number of shares of Common Stock authorized for issuance thereunder from 1,990,000 to be equal to 16% of the number of shares of Common Stock issued and outstanding on a fully diluted basis immediately prior to the grant of securities; (ii) allow the issuance of shares of Common Stock and units for such shares of Common Stock; and (iii) set the termination date thereof to be December 31, 2018, as set forth in the Amended and Restated 2005 Stock Option Plan attached hereto as Appendix A (reflecting changes to the Company s 2005 Stock Option Plan in the form filed with the Securities and Exchange Commission on May 24, 2007 as exhibit 99.1 to the Company s current report on Form 8-K).

- 4 -

The Board believes that equity interests are a significant factor in the Company s ability to attract, retain and motivate key employees, directors and other service providers that are critical to the Company s long-term success and that an increase in the number of shares available for issuance under the 2005 Plan is necessary in order to provide those persons with incentives to serve the Company. The Board believes that allowing the issuance of shares of Common Stock, or Restricted Stock, or units for such Restricted Stock, would allow the Company greater flexibility in connection with its compensation methods.

In approving the increase in the number of shares reserved for issuance under the 2005 Plan, the Board considered (i) that only approximately 42,147 shares remained available for grant under the 2005 Plan as of December 24, 2008 (not taking into account options grants conditioned upon increase in the number of shares of Common Stock underlying the plan); (ii) the annual rate of grants of options under the 2005 Plan during calendar year 2007 and 2008, of 1,741,250 and 117,500, respectively; and (iii) the portion of the Company s outstanding shares represented by equity compensation, including shares subject to options. The proposed increase will provide the Company with additional options for use in future grants.

In setting the termination date of the 2005 Plan, the Board considered (i) Nasdaq rules that allow the automatic increases in the shares available under a plan based on a determined formula, without the need for stockholder approval, provided that such plan does not have a term in excess of ten years (unless stockholder approval is obtained every ten years); and (ii) requirements imposed by Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, and the Treasury Regulations thereunder, for qualification of an option as an incentive stock option , or ISO, including the requirements that an option must be granted within ten years of the adoption date of the plan or the date of stockholder approval.

The Board considers all the amendments to the 2005 Plan are equally important and therefore the adoption of the Amended and Restated 2005 Stock Option Plan is brought to vote as one single matter.

Summary of the 2005 Plan

The following summary of the material features of the Company s Amended and Restated 2005 Stock Option Plan (assuming its adoption is approved by stockholders) is qualified in its entirety by reference to the complete text thereof attached as Appendix A.

The 2005 Plan permits the issuance of equity-based awards, including incentive stock options, nonqualified stock options, grants of Common Stock, whether or not subject to restrictions, stock options, shares of Common Stock and unit for such shares of Common Stock that qualify under Section 102 of the Israeli Tax Ordinance (New Version) 1961, or the ITO, and stock options that qualify under Section 3(i) of the ITO . The 2005 Plan initially reserved 75,000 shares of our Common Stock (adjusted to reflect reserve stock split). On January 24, 2007 our Board of Directors amended the 2005 Stock Option Plan to reserve for issuance an aggregate of 1,400,000 shares of our Common Stock; and on August 29, 2007, we reserved an additional 500,000 shares of Common Stock for the 2005 Plan; and on August 28, 2008, we reserved an additional 90,000 of shares of our Common Stock, totaling 1,990,000 shares of Common Stock. Stockholders are now asked to approve an amendment to the 2005 Plan that calls, among other things, for the reservation of shares of Common Stock equal to 16% of the number of shares of Common Stock issued and outstanding immediately prior to the grant of any options to acquire shares, grant of shares of Common Stock,

Edgar Filing: PLURISTEM THERAPEUTICS INC - Form DEF 14A

units for such shares, or Award, on a Fully Diluted Basis. For purposes of the 2005 Plan, the term Fully Diluted Basis means all issued and outstanding share capital (where options shall be deemed outstanding share capital until exercised) and all rights to acquire share capital including, without limitation, all securities convertible or exercisable into shares of Common Stock being deemed so converted and exercised, the conversion of any convertible stockholder loans into share capital, with all outstanding warrants, options or any other right granted by the Company to receive shares of the Company's share capital being deemed exercised in full. The foregoing notwithstanding, the maximum number of shares that may be subject to incentive stock options, or ISOs, granted under the 2005 Plan shall be 450,000, subject to adjustment as provided in the 2005 Plan.

Purpose, Eligible Individuals, Effective Date and Duration. On November 21, 2005, our Board of Directors adopted our 2005 Plan. The purpose of the 2005 Plan is to retain the services of valued key employees and consultants of the Company and such other persons and to encourage such persons to acquire a greater proprietary interest in the Company, thereby strengthening their incentive to achieve the objectives of the stockholders of the Company, to serve as an aid and inducement in the hiring of new employees and to provide an equity incentive to consultants and other persons selected by the Board. Under the 2005 Plan, options and shares of Common Stock may be granted to our officers, directors, employees and consultants or the officers, directors, employees and consultants of our subsidiary.

- 5 -

Shares Subject to the 2005 Plan. The total number of shares of our Common Stock that may be granted of aforesaid options or shares of Common Stock, may not exceed 1,990,000 shares, or, if the proposed amendment is approved, 16% of the number of shares of Common Stock issued and outstanding immediately prior to the grant of such Awards, on a Fully Diluted Basis, which is equal to 3,107,635 shares of Common Stock as of December 24, 2008. The shares may be authorized but unissued shares or treasury shares. The total amount of Common Stock that may be granted under the 2005 Plan to any single person in any calendar year may not exceed in the aggregate 1,000,000 shares. In addition, the maximum number of shares of Common Stock that may be subject to ISOs granted under the 2005 Plan shall be 450,000. To the extent that an Award lapses or is forfeited, the shares subject to such Award will again become available for grant under the terms of the 2005 Plan.

As of December 24, 2008, 1,947,853 Awards were outstanding.

Administration. Although the Board has the authority to administer the 2005 Plan, it has the right to delegated this authority to a committee, which administers all of our equity-based compensation plans. Each member of such committee shall be a non-employee director within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended, and an outside director within the meaning of Section 162(m) of the Code.

Subject to the terms of the 2005 Plan, the Board has the authority to: (1) select or approve Award recipients; (2) determine the terms and conditions of Awards, including the price to be paid by a participant for any Common Stock; and (3) interpret the 2005 Plan and prescribe rules and regulations for its administration.

Stock Options. The Board may grant incentive stock options, nonqualified stock options, or Options, under Section 102 or 3(i) of the ITO. The Board determines the number of shares of Common Stock subject to each Option, provided that in no event the number of shares of Common Stock that may be reserved pursuant to the exercise of Options granted to any person under the 2005 Plan exceed 5% of the issued and outstanding shares of Common Stock of the Company and that the aggregate fair market value of the shares of Common Stock with respect to which ISOs are exercisable for the first time by a participant during any calendar year shall not exceed \$100,000. The Board determines the exercise price of an Option, its duration and the manner and time of exercise. However, in no event shall an Option be exercisable more than ten years following the grant date thereof. ISOs may be issued only to employees of the Company or of a corporate subsidiary of ours, and the exercise price must be at least equal to the fair market value of the Common Stock as of the date the Option is granted. Further, an incentive stock option generally must be exercised within ten years of grant. The Board, in its discretion, may provide the vesting terms of any Option, provided that if no schedule is specified at the time of grant, the Option shall vest as follows: (i) on the six month anniversary of the date of the grant, the Option shall vest and shall become exercisable with respect to 25% of the Common Stock to which it pertains; and (ii) on the seven month and each successive month anniversary to and including the twenty-four month anniversary, the Option shall vest and become exercisable with respect to an additional 1/24 of the Common Stock to which it pertains. The vesting of one or more outstanding Options may be accelerated by the Board at such times and in such amounts as it shall determine in its sole discretion.

The exercise price of an Option may be paid in cash or by certified or cashier's check, in shares of Common Stock owned by the participant, or by means of a cashless exercise procedure in which a broker transmits to us the exercise price in cash, either as a margin loan or against the participant's notice of exercise and confirmation by us that we will issue and deliver to the broker stock certificates for that number of shares of Common Stock having an aggregate fair market value equal to the exercise price.

Options granted under the 2005 Plan and the rights and privileges conferred by the 2005 Plan may not be transferred, assigned, pledged or hypothecated in any manner (whether by operation of law or otherwise) other than by will or by applicable laws of descent and distribution.

Stock Grants. If the amendments to the 2005 Plan are approved by stockholders, the Board will be able to issue shares of Common Stock to participants, either with or without restrictions, as determined by it in its discretion, as well as units for such shares of Common stock with a specific vesting schedule. Restrictions may include conditions that require the participant to forfeit the shares in the event that the holder ceases to provide services to us. Unlike holders of Options, the recipient of a stock grant, including a stock grant subject to restrictions, unless otherwise provided for in a restricted stock agreement, has the rights of a stockholder of ours to vote and to receive payment of dividends on our Common Stock. Holders of units to such shares of Common Stock does not enjoy such rights.

- 6 -

Effect of Certain Corporate Transactions. The number and class of shares for which Options may be granted under the 2005 Plan, the number and class of shares covered by each outstanding Award, the exercise price per share thereof (but not the total price), and each such Option, shall all be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock of the Company resulting from a subdivision or consolidation of shares of Common Stock or any like capital adjustment, or the issuance of any shares of Common Stock, or securities exchangeable for or convertible into Common Stock, to the holders of all or substantially all of the outstanding Common Stock by way of a stock dividend. Except as stated below, upon a merger (other than a merger of the Company in which the holders of shares of Common Stock immediately prior to the merger have the same proportionate ownership of shares of Common Stock in the surviving company immediately after the merger), consolidation, acquisition of property or stock, separation, reorganization (other than a mere re-incorporation or the creation of a holding company) or liquidation of the Company, as a result of which the stockholders of the Company receive cash, shares or other property in exchange for or in connection with their shares of Common Stock, any Award granted under the 2005 Plan shall terminate, but the holder shall have the right to exercise its Award immediately prior to any such merger, consolidation, acquisition of property or shares, separation, reorganization or liquidation, and to be treated as a stockholder of record for the purposes thereof, to the extent the vesting requirements set forth in the Option agreement have been satisfied. If the stockholders of the Company receive shares in the capital of another company, or Exchange Shares, in exchange for their shares of Common Stock in any transaction involving a merger (other than a merger of the Company in which the holders of shares of Common Stock immediately prior to the merger have the same proportionate ownership of shares of Common Stock in the surviving company immediately after the merger), consolidation, acquisition of property or shares, separation or reorganization (other than a mere re-incorporation or the creation of a holding company), all Options granted hereunder shall be converted into Options to purchase Exchange Shares, unless the Company and the company issuing the Exchange Shares, in their sole discretion, determine that any or all such Options granted hereunder shall not be converted into Options to purchase Exchange Shares, but instead shall terminate in accordance with, and subject to the holder's right to exercise the holder's Options pursuant to, the provisions of the previous sentence. The amount and price of converted Options shall be determined by adjusting the amount and price of the Options granted hereunder in the same proportion as used for determining the number of Exchange Shares the holders of the shares of Common Stock receive in such merger, consolidation, acquisition of property or stock, separation or reorganization. Unless accelerated by the Board, the vesting schedule set forth in the option agreement shall continue to apply to the Options granted for the Exchange Shares.

Further Amendments to the 2005 Plan. Subject to additional consents and approvals required under applicable law (including any rules of any applicable stock exchange or stock quotation system of which the Company's shares of common stock are traded), the Board or the Board may, at any time, modify, amend or terminate this Plan or modify or amend Awards granted under this Plan, including, without limitation, such modifications or amendments as are necessary to maintain compliance with applicable laws.

Term of the 2005 Plan. Unless sooner terminated by the Board, this Plan shall terminate on December 31, 2018. No Option may be granted after such termination or during any suspension of this Plan.

U.S. Tax Treatment. The following description of the federal income tax consequences of Awards is general and does not purport to be complete.

Tax Treatment of Options. A participant realizes no taxable income when a nonqualified stock option is granted. Instead, the difference between the fair market value of the Common Stock acquired pursuant to an exercise of an Option and the exercise price paid is taxed as ordinary compensation income when the Option is exercised. The difference is measured and taxed as of the date of exercise. Gain on the subsequent sale of the Common Stock acquired by exercise of the Option is taxed as short-term or long-term capital gain, depending on the holding period after exercise. We receive no tax deduction on the grant of a nonqualified stock option, but we are entitled to a tax deduction when the participant recognizes ordinary compensation income on or after exercise of the Option, in the same amount as the income recognized by the participant.

Generally, a participant incurs no federal income tax liability on either the grant or the exercise of an incentive stock option, although a participant will generally have taxable income for alternative minimum tax purposes at the time of exercise equal to the excess of the fair market value of the Common Stock subject to the Option over the exercise price. Provided that the Common Stock is held for at least one (1) year after the date of exercise of the Option and at least two (2) years after its date of grant, any gain realized on a subsequent sale of the Common Stock will be taxed as long-term capital gain. If the Common Stock is disposed of within a shorter period of time, the participant will recognize ordinary compensation income in an amount equal to the difference between the sales price and the exercise price or (if less) the difference

between the fair market value at the time of exercise and the exercise price. We receive no tax deduction on the grant or exercise of an incentive stock option, but we are entitled to a tax deduction if the participant recognizes ordinary compensation income on account of a premature disposition of shares acquired on exercise of an incentive stock option, in the same amount and at the same time as the participant recognizes income.

- 7 -

Tax Treatment of Stock Grants. A person who receives a stock grant without any restrictions will recognize ordinary compensation income on the fair market value of the Common Stock over the amount (if any) paid for the Common Stock. If the Common Stock is subject to restrictions, the recipient generally will not recognize ordinary compensation income at the time the award is received, but will recognize ordinary compensation income when restrictions constituting a substantial risk of forfeiture lapse. The amount of such income will be equal to the excess of the aggregate fair market value, as of the date the restrictions lapse, over the amount (if any) paid for the Common Stock. Alternatively, the participant may elect to be taxed, pursuant to Section 83(b) of the Code, on the excess of the fair market value of the Common Stock at the time of grant over the amount (if any) paid for the Common Stock, notwithstanding any restrictions. All such taxable amounts are deductible by us at the time and in the amount of the ordinary compensation income recognized by the participant.

Section 162(m) of the Code. Section 162(m) of the Code generally disallows an income tax deduction to public companies for compensation in excess of \$1,000,000 paid in any year to our principal executive officer and the three other most highly compensated executive officers, but not including our principal financial officer, to the extent that this compensation is not performance-based within the meaning of Section 162(m) of the Code. In the case of a stock plan, the performance-based exception is satisfied if, in addition to other requirements, the plan, including the amount of stock available for grant under the plan, is approved by stockholders, the grants are made by a committee of outside directors, and the amount of compensation a person can receive is based solely on an increase in the value of the Common Stock after grant. If the proposed amendments are approved by stockholders, the Company believes the requirements for the performance-based exception will continue to be satisfied with respect to shares awarded under the 2005 Plan.

Israeli Tax Treatment. The following description of the Israel income tax consequences of Awards is general and does not purport to be complete.

Under the new Section 102 of the ITO's regulations, which came into effect on January 1, 2003, securities granted to employees will be subject to tax if granted through a trustee or not.

Grant Through a Trustee. Grant through a trustee permits a choice between capital gains tax track and compensation income tax track.

Under the capital gains tax track, any gain made on the sale of shares is subject to capital gains tax at a current rate of 25%. However, a portion of the gain will be deemed compensation income, i.e., a part of the gain is subject to capital gains tax, and part of the gain is subject to income tax. The portion of the gain that will be deemed compensation income is determined according to the average value of the shares as listed on the stock exchange during the 30-day period prior to the grant date, less expenses. A corporate tax deduction is available for the employer in the tax year in which withholding is operated. The deductible amount is equal to the proportion of the gain deemed to be compensation income. In order for gains to be treated as capital gains, the securities must be held by a trustee for a period of two years from the date of the grant. If the realization date (i.e., the earlier of the date of transfer of securities to the employee and the date the securities are sold) occurs before this two year period has passed, the individual's income for tax purpose will be deemed to be compensation income in full. In this case, there would be no corresponding corporate tax deduction available to the company.

Grant Not Through a Trustee.

In case of issuance of securities made not through a trustee, of non-marketable securities will not be subject to tax at grant or exercise. Ordinary income tax will be payable on the sale of the securities. The taxable amount will be the sale proceeds less the amount paid by the employee including any expenses related to the purchase.

In case of grant of securities having market value, the fair market value of the securities is treated as compensation income, and subject to income tax and national security contributions at the date of grant. Capital gains tax will be payable on the sale of the securities. The taxable amount at sale will be the sale proceeds less the value that was taxed at the date of grant (i.e., market value at grant) and any expenses related to the purchase.

Grant of Section 3(i) Securities. Securities issued under Section 3(i) of the ITO, would be granted to consultants and controlling shareholders (which are excluded from the term employees under section 102 of the ITO). Section 3(i) securities would be taxed at the day of exercise at ordinary income tax rate and at the day of sale of shares at capital gain tax rate.

Restricted Stock and Restricted Stock Units. Basically, restricted stocks are treated as shares and restricted stock units are treated as share options. At the absence of such ruling, the Israeli Tax Authority might consider the restricted stock and the restricted stock units as grants made not through a trustee.

CORPORATE GOVERNANCE**Committees and Meetings of Our Board of Directors**

The Board held ten meetings during Fiscal 2008. Throughout this period, each member of our Board who was a director in Fiscal 2008, except for Mr. Shai Pines who just joined our Board, attended or participated in at least 75% of the total number of regularly scheduled meetings of our Board held during the period for which such person has been a director, and the total number of meetings held by all committees of our Board on which each director served during the periods such director served. Our Board has two standing committees: the Audit Committee and the Compensation Committee.

Compensation Committee. The members of our Compensation Committee are Doron Shorrer, Nachum Rosman (who replaced Isaac Braun on June 10, 2008) and Israel Ben-Yoram. The Board has determined that all of the members of the Compensation Committee are independent as defined by the rules of the SEC and Nasdaq rules and regulations. Our Board has determined that Doron Shorrer is the Chairman of the Compensation Committee. The Compensation Committee operates under a written charter that was approved by our Board on August 29, 2007. The charter is posted on our website at www.pluristem.com. The primary responsibilities of our Compensation Committee include:

Reviewing, negotiating and approving, or recommending for approval by our Board, the salaries and incentive compensation of our executive officers;

Administering our equity based plans and making recommendations to our Board with respect to our incentive-compensation plans and equity-based plans; and

Periodically reviewing and making recommendations to our board with respect to director compensation.

Edgar Filing: PLURISTEM THERAPEUTICS INC - Form DEF 14A

The Compensation Committee had no obligation to, and did not, meet during Fiscal 2008. The Compensation Committee is evaluating the appropriate practice it should adopt in connection with processes and procedures for the consideration and determination of executive and director compensation.

Audit Committee. The members of our Audit Committee are Doron Shorrer, Nachum Rosman (who replaced Isaac Braun on June 10, 2008) and Israel Ben-Yoram. Our Board has determined that Doron Shorrer is the Chairman of the Audit Committee and Israel Ben-Yoram is an audit committee financial expert, as defined by SEC rules and that all members of the Audit Committee are independent as defined by the rules of the SEC and the Nasdaq rules and regulations. The Audit Committee operates under a charter that was approved by our Board on August 29, 2007. The charter is posted on our website at www.pluristem.com. The primary responsibilities of our Audit Committee include:

Appointing, compensating and retaining our registered independent accounting firm;

Overseeing the work performed by any independent accounting firm;

Assisting the Board in fulfilling its responsibilities by reviewing: (i) the financial reports provided by us to the SEC, our stockholders or to the general public, and (ii) our internal financial and accounting controls; and

Recommending, establishing and monitoring procedures designed to improve the quality and reliability of the disclosure of our financial condition and results of operations.

Our Audit Committee held four meetings during Fiscal 2008.

Nominating/Corporate Governance Committee; Director Candidates. The Company does not have a Nominating Committee or Corporate Governance Committee or any committees of a similar nature, nor any charter governing the nomination process. Our Board does not believe that such committees are needed for a company our size. However, our independent directors will consider stockholder suggestions for additions to our Board.

All nominees for the Board are selected and recommended to the Board by a majority of independent directors of the Company. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our independent directors will apply criteria including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. No particular criteria will be a prerequisite or will be assigned a specific weight. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

The Company has never received communications from stockholders recommending individuals to any of our independent directors. Therefore we do not yet have a policy with regard to the consideration of any director candidates recommended by stockholders.

In Fiscal 2008, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees for our Board. We have not received any recommendations from stockholders for Board nominees. All of the nominees for election at the Meeting are current members of our Board.

COMMUNICATING WITH OUR BOARD OF DIRECTORS

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Mr. Doron Shorrer, one of our independent directors and the Chairman of our Audit Committee, with the assistance of our outside counsel, is primarily responsible for monitoring communications from our stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to substantive matters and include suggestions or comments that Mr. Shorrer considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to: Board of Directors c/o Pluristem Therapeutics Inc. at the address on the first page of this proxy statement.

(1) The dollar value recognized for the stock option awards was determined in accordance with SFAS123(R). Assumptions used in the calculations for these amounts are included in Note 2(i) to the consolidated financial statements of the Company for Fiscal 2008 included in the Company's Annual Report on Form 10-K for Fiscal 2008.

We reimburse our directors for expenses incurred in connection with attending board meetings and provide the following compensation for directors: annual compensation of \$10,000 plus applicable taxes; meeting participation fees of \$750 plus taxes per in-person meeting; and for meeting participation by telephone, \$350 per meeting. On May 17, 2007, the Board decided that the U.S. dollar rate would be no less than NIS 4.25 per U.S. dollar. During Fiscal 2008 we paid a total of \$77,326 to directors as compensation. This amount does not include: (i) compensation to Mr. Aberman in his capacity as a director which is reflected in the Summary Compensation Table for Fiscal 2008 above, and (ii) a consulting fee of \$10,000 per month paid to Mr. Germain since March 11, 2007. In addition to the above, Mr. Germain will be entitled to a bonus on a non diluting financing deal in an amount approved by the Board provided that the aggregate bonus for all Company's executive officers and directors shall not be higher than five percent (5%) of such financing.

As of June 30, 2008, the directors held 606,397 Options of which 357,138 were exercisable. On March 5, 2007 the Board approved to accelerate vesting of directors' stock options in the following circumstances: (1) termination of a director's position by the stockholders will result in acceleration of one hundred percent (100%) of any unvested Options, and (2) termination of a director's position by resignation will result in acceleration of fifty percent (50%) of any unvested Options.

Other than as described in the preceding two paragraphs, we have no present formal plan for compensating our directors for their service in their capacity as directors. Directors are entitled to reimbursement for reasonable travel and other out-of-pocket expenses incurred in connection with attendance at meetings of our Board. The Board may award special remuneration to any director undertaking any special services on behalf of our Company other than services ordinarily required of a director. Other than as indicated in this proxy statement, no director received and/or accrued any compensation for his or her services as a director, including committee participation and/or special assignments during Fiscal 2008.

INFORMATION CONCERNING OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has retained E&Y, as our independent registered public accounting firm for Fiscal 2008. E&Y performed the audit of our financial statements since inception. Neither E&Y nor any of its directors has any direct or indirect financial interest in or any connection with us in any capacity other than as auditors. We do not expect to have a representative of E&Y to attend the Meeting. The following table summarizes the fees E&Y billed for the last two fiscal years:

	Twelve months ended on June 30, 2007	Twelve months ended on June 30, 2008
Audit Fees	\$ 40,000	\$ 50,000
Audit-Related Fees	None	None

Edgar Filing: PLURISTEM THERAPEUTICS INC - Form DEF 14A

	Twelve months ended on June 30, 2007	Twelve months ended on June 30, 2008
Tax Fees	\$ 18,000	\$ 12,724
All Other Fees	\$ 36,000	\$ 7,493
Total Fees	\$ 94,000	\$ 70,217

Audit Fees. These fees were comprised of professional services rendered in connection with the audit of our consolidated financial statements for our annual report on Form 10-K and the review of our quarterly consolidated financial statements for our quarterly reports on Form 10-QSB that are customary under auditing standards generally accepted in the United States.

Tax Fees. These fees relate to our tax compliance and tax planning.

All Other Fees. These fees were comprised of fees relating to review of our registration statement on Form S-3 and Form SB-2 and fees relating to the preparation and filing of an application with the Israeli Office of Chief Scientist and ongoing advice in executing the approved application.

Pre-Approval Policies and Procedures

SEC rules require that before Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, is engaged by us to render any auditing or permitted non-audit related service, the engagement be:

1. approved by our audit committee; or
2. entered into pursuant to pre-approval policies and procedures established by the audit committee, provided the policies and procedures are detailed as to the particular service, the audit committee is informed of each service, and such policies and procedures do not include delegation of the audit committee's responsibilities to management.

The audit committee pre-approves all services provided by our independent auditors. All of the above services and fees were reviewed and approved by the audit committee before the services were rendered.

The audit committee has considered the nature and amount of fees billed by Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, and believes that the provision of services for activities unrelated to the audit is compatible with maintaining Kost Forer Gabbay & Kasierer's independence.

None of the audit-related fees billed in Fiscal 2008 and during the twelve months ended on June 30, 2007 related to services provided under the de minimis exception to the SEC's audit committee pre-approval requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as disclosed herein, no director, executive officer, principal stockholder holding at least 5% of our shares of Common Stock, or any family member thereof, had any material interest, direct or indirect, in any transaction, during Fiscal 2008, or any currently proposed transaction, in which the amount involved in the transaction exceeded or exceeds the lesser of \$120,000 or 1% of the average of our total assets at the year end for the last two completed fiscal years.

Dr. Shai Meretzki was a signatory of the License Agreement with the Weizmann Institute of Science and the Technion-Israel Institute of Technology because he was an inventor of the technology listed in the License Agreement. He is also a signatory of the assignment agreements that we entered into on May 22, 2007. Dr. Meretzki received \$367,969 pursuant to the assignment agreements in exchange for the assignment to us of all of his rights to the stem cell technology. Dr. Meretzki is our former Chief Executive Officer and an affiliate of our company through his indirect acquisition of shares of our Common Stock. He is also the founder and a former Chief Technology Officer of our subsidiary, Pluristem Ltd. The amount of consideration received by Dr. Meretzki was determined as a result of arm's length negotiation and represents the value that management believes would have resulted from negotiations with a non-affiliate for the same assignment of rights.
