FOR IMMEDIATE RELEASE

EARNINGS RELEASE

SILICOM REPORTS FINANCIAL
RESULTS FOR Q1 2009

Positive Cash Flow of \$0.9M Brings Cash and Equivalents to \$40M

KFAR SAVA, Israel April 27, 2009 Silicom Ltd. (NASDAQ and TASE: SILC) today reported its financial results for the first quarter ended March 31, 2009.

Revenues for the first quarter of 2009 were \$5.0 million compared with \$7.7 million for the first quarter of 2008. Net income for the quarter was \$0.9 million, or \$0.13 per share (basic and diluted), compared with \$1.7 million, or \$0.26 per share (basic and diluted), for the first quarter of 2008.

As of March 31, 2009, the Company's cash, cash equivalents and marketable securities totaled \$40.1 million, an increase of \$0.9 million compared with December 31, 2008.

Commenting on the results, Shaikha Orbach, President and CEO, said, "In the face of economic headwinds, we are pleased to have been able to deliver good bottom line performance and to generate additional cash of nearly \$1 million, an achievement that demonstrates the efficiency of our operations and the attractiveness of our business model. The reduction in our sales is due entirely to today's difficult market environment especially the decision of two of our 10% customers to cut their inventories dramatically, leading them to reduce the volume of ongoing purchase orders in the short term as they draw down existing stocks. The fact that we have been able to compensate partially through sales to other customers confirms the importance of our large and diverse customer base, a key asset which remains intact despite today's macro environment. The combination of this solid customer base, the long-term potential of our largest customers and our significant cash reserves represents a steady platform from which we are weathering the downturn and continuing to move forward."
