**PART III - NARRATIVE**

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

MF Global Holdings Ltd. (the "Company") is not able to file its Quarterly Report on Form 10-Q for the period ended September 30, 2011 ("Form 10-Q") in a timely manner. As previously disclosed, on October 31, 2011 (1) the Company and its subsidiary, MF Global Finance USA Inc., filed voluntary petitions for relief under Chapter 11 of the United States Code in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court") (Case No. 11-15059 (MG)), (2) the Securities Investor Protection Corporation initiated proceedings in the United States District Court for the Southern District of New York for the liquidation of the business of MF Global Inc., the principal U.S. operating subsidiary of the Company, which was subsequently removed to the Bankruptcy Court (Case No. 11-279- (MG) SIPA), and (3) MF Global UK Limited, the Company's principal U.K. operating subsidiary, entered the U.K.'s Special Administration Regime. Since that time, the Company has been immersed in bankruptcy-related matters, and additional operating subsidiaries throughout the world, including in Singapore, Australia, and Canada, have been placed into administration or receivership. As a result of these developments, the Company is no longer in control of its principal operating subsidiaries, has minimal operations and is not generating cash, and substantially all of the Company's employees responsible for periodic financial reporting have ceased, or will cease, employment with the Company in the near term. Accordingly, the Company is currently unable to complete the preparation of its consolidated financial statements (and required pro forma financial information) for the period ended September 30, 2011 because it does not have the necessary financial and personnel resources, does not have access to the books, records and systems of its principal operating subsidiaries, and does not have the capacity to have its consolidated financial statements (and related pro forma financial information) reviewed by the Company's independent auditors and certified by the Company's current executive officers. The Company is uncertain as to when (or whether) it will be in a position to be able to file these financial statements and related financial information. In the interim, the Company anticipates reporting material developments in the Chapter 11 case on Form 8-K. The Company also intends to file on Form 8-K certain public disclosures made pursuant to obligations under the Bankruptcy Code and its related rules, such as monthly operating reports disclosing, among other things, results of operations for the preceding months and balance sheet information.

**Part IV(3) Explanation**

The Company anticipates, based on the information currently available to it, that results of operations for the fiscal quarter ended September 30, 2011 will be significantly different from those for the corresponding period for the last fiscal year, based upon recent significant developments in the business. The Company issued a Current Report on Form 8-K on October 25, 2011 containing certain preliminary information relating to its earnings for the fiscal quarter ended September 30, 2011, and reference is made to that information with regard to the results for that quarter.
