1. BUSINESS AND BASIS OF ORGANIZATION

Ableauctions.com, Inc. (the 'Company') was organized on September 30, 1996, under the laws of the State of Florida, as J.B. Financial Services, Inc. On July 19, 1999, an Article of Amendment was filed with the State of Florida for the change of the Company's name from J.B. Financial Services, Inc. to Ableauctions.com, Inc.

The Company provides liquidation and merchandising services along with auction and point-of-sale technology to businesses to assist them with managing the sale of their products. The Company also provides mortgages and loans to individuals and companies, and develops real property. The Company classifies its business interests into four reportable segments: Auction, Liquidation & Technology Business consisting principally of liquidation and merchandizing services; Mortgages and Loans consisting of mortgages, loans and other investments; Real Property & Property Development consisting principally of properties held for development and Other consisting of all other activities of the Company including management, investor relations and other related head office expenses. Financial information for Ableauctions.com's various reportable segments is presented in Note 11.

The Company's operating subsidiaries are:

Unlimited Closeouts, Inc., a U.S. based liquidation business.
Jarvis Industries Ltd., a Canadian based liquidation business
Icollector.Com Technologies Ltd., a Canadian based Internet auction facility.
Rapidfusion Technologies Inc., a Canadian based Internet auction business.
Gruv Development Corporation, a Canadian based real estate
Axion Investment Corp., a Canadian based investment business.
1963 Loughheed Holdings Ltd., a Canadian based real estate holding company
AAC Holdings Ltd., a Canadian-based holding company (incorporated on April 24, 2007)
0716590 B.C. Ltd., a Canadian based real estate holding company

The unaudited consolidated financial statements of the Company at March 31, 2009 include the accounts of the Company and its wholly-owned subsidiaries, and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim period. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted in these interim statements under the rules and regulations of the Securities and Exchange Commission ("SEC"). Accounting policies used in fiscal 2009 are consistent with those used in fiscal 2008. The results of operations for the three month period ended March 31, 2009 are not necessarily indicative of the results for the entire fiscal year ending December 31, 2009. These interim financial statements should be read in conjunction with the financial statements for the fiscal year ended December 31, 2008 and the notes thereto included in the Company's Form 10K filed with the SEC on March 25, 2009. The consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States. Accounting changes

Effective January 1, 2009, we adopted Statement of Financial Accounting Standards (SFAS) No. 141 (revised 2007), "Business Combinations" (SFAS No. 141(R)) as amended by FASB staff position FSP 141(R)-1, "Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies." SFAS No. 141(R) generally requires an entity to recognize the assets acquired, liabilities assumed, contingencies, and contingent consideration at their fair value on the acquisition date. In circumstances where the acquisition-date fair value for a

contingency cannot be determined during the measurement period and it is concluded that it is probable that an asset or liability exists as of the acquisition date and the amount can be reasonably estimated, a contingency is recognized as of the acquisition date based on the estimated amount. It further requires that acquisition-related costs be recognized separately from the acquisition and expensed as incurred, restructuring costs generally be expensed in periods subsequent to the acquisition date, and changes in accounting for deferred tax asset valuation allowances and acquired income tax uncertainties after the measurement period impact income tax expense. In addition, acquired in-process research and development is capitalized as an intangible asset and amortized over its estimated useful life. SFAS No 141(R) is applicable to business combinations on a prospective basis beginning in the first quarter of 2009. We did not complete any business combinations in the first quarter of 2009.

Effective January 1, 2009, we adopted Statement of Financial Accounting Standards (SFAS) No. 160, Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51 (SFAS No. 160). SFAS No. 160, which was retrospectively applied and requires the noncontrolling interest to be separately presented as a component of shareholders' equity on the Condensed Consolidated Statements of Financial Position and Shareholders' Equity.

In February 2008, the FASB issued FSP 157-2, "Effective Date of FASB Statement No. 157" (FSP 157-2), which delayed the effective date of SFAS No. 157, "Fair Value Measurements" (SFAS No. 157) for all non-financial assets and non-financial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually), until the beginning of the first quarter of 2009. Therefore, effective January 1, 2009, we adopted SFAS No. 157 for non-financial assets and non-financial liabilities. The adoption of SFAS No. 157 for non-financial assets and non-financial liabilities that are not measured and recorded at fair value on a recurring basis did not have a significant impact on our consolidated financial statements.

3. RELATED PARTY TRANSACTIONS

- a) During the three month period ended March 31, 2009, the Company incurred \$39,000 (2008: \$39,000) in management fees to a director of the Company.
- b) At March 31, 2009, a balance of \$278,072 (December 31, 2008: \$248,072) is owing from employees to the Company as a result of overpayments in commissions, which will be offset by commissions to be paid in the following quarters.
- c) During the periods ended March 31, 2009 and 2008, the Company marketed condominium units being developed in Surrey using the brand name "Overture Living™". The mark, "Overture Living™" belongs to Abdul Ladha, the Company's President. Mr. Ladha did not receive compensation for the use of this mark.
- d) On August 19, 2008, the president entered into an Agreement to Convert Debt with the Company. Pursuant to the Agreement, the president agreed to accept units consisting of 1 share of the common stock and a warrant to purchase 1.5 shares of the common stock as partial payment of loans made to the Company. Pursuant to the Agreement, the president accepted units consisting of 400,000 shares of common stock and warrants for the purchase of 600,000 shares of common stock as full payment of \$384,000 in principal amount of the loans. The number of units to be issued was computed by using the last sale price of the Company's common stock on August 19, 2008, which was \$0.96. The warrant exercise price is \$1.08 and the warrant term is 5 years. The agreement was subject to the approval of the NYSE Amex (formerly the American Stock Exchange), which was received on October 2, 2008. On October 6, 2008, the shares were issued and all the warrants were exercised by the president, resulting in the issuance of 1,000,000 common shares.
- e) As described in Note 9, the Company acquired a 50% interest in Surrey Central City Holdings Ltd. (referred to as "Surrey"), resulting in a balance of \$1,363,765 owing to the director as of March 31, 2009.

4. PROPERTY HELD FOR DEVELOPMENT

On August 3, 2005, the Company entered into a Contract of Purchase and Sale (the "Agreement") for property located at 9655 King George Highway, Surrey, British Columbia (the "Property"). The Agreement was subject to the Company's satisfactory investigation of the development potential of the Property. This investigation was completed on August 9, 2005, at which time the Company released to the seller, Imara Venture Ltd. (the "Seller"), a down payment of \$41,195 to be credited against a total purchase price of \$1,270,000. The remaining balance was paid in cash on August 15, 2005. The purchase price was negotiated between the Company and the Seller, who are not related to each other.

The Company's subsidiary Axion Investment Corp, intends to develop this property which consists of approximately 1.46 acres that is zoned for mixed commercial and residential use. Axion intends to develop the Property through the Company's wholly owned subsidiary, Gruv Development Corporation, by improving it with a retail facility of approximately 4,326 square feet and with a residential complex of approximately 91,132 square feet which will consist of 111 condominiums (the "Development").

On March 16, 2007, the Company filed a disclosure statement with the Superintendent of Real Estate under the Real Estate Development Marketing Act of British Columbia to pre-sell the units. The Company engaged the services of Platinum Project Marketing Group and Macdonald Realty Ltd. (the "Agent") to market the strata lots and, by May 9,

2007, the Company had entered into agreements to pre-sell 100% of the condominiums prior to construction and collected approximately \$1.92 million (\$2.34 million CAD) in deposits that are being held in trust with Macdonald Realty Ltd.

If the Company is successful in selling all of the condominiums, it expects to receive sale proceeds of approximately \$22.1 million (\$25.4 million CAD). The Agent has been paid \$341,446 (\$366,749 CAD) for services provided to date. The Company is committed to additional commissions and bonuses to be paid in the amount of \$600,082 (\$689,750 CAD) upon the successful completion of the sales and transfer of the strata lots.

The Company has obtained a building permit from the City of Surrey and has advanced performance bonds for service and work totaling \$320,558 (\$384,833 CAD) to the City of Surrey, as commitment for the development. On satisfactory completion of the intended service and work, the City of Surrey will refund the deposits to the Company.

4. PROPERTY HELD FOR DEVELOPMENT (continued)

On February 15, 2008, the Company entered into a construction management contract with Cantera Management Group Ltd. (“Cantera”) to manage the development of the project. In consideration for its services, the Company has agreed to pay Cantera a fixed fee of \$454,024 (\$553,000 CAD) over the term of the contract calculated on a percentage of completion basis.

On March 12, 2008, the Company obtained an updated conditional credit facility from the Royal Bank of Canada for the development in Surrey in the amount of \$14.28 million (\$16.42 million CAD).

The credit facility is secured by guarantees from Axion Investment Corporation and Ableauctions.com Inc., by a general security agreement covering the assets of Axion and by the property. The advances will accrue interest at the prime rate set by Royal Bank of Canada plus .75% per annum, payable monthly. A fee of \$47,073 (\$48,000 CAD) was advanced to the Royal Bank of Canada for the arrangement of this credit facility.

The credit facility has been granted subject to a number of conditions, including appraisal of the project, the submission of an environmental report, the submission of a soils report, confirmation of permits and approvals, engagement of a project monitor, submission of a schedule of pre-sales contracts, the purchase of insurance, expenditures of approximately \$4.75 million (\$4.84 million CAD) on the development including the cost of the land, and fixed price contracts for at least 50% of the project’s hard construction costs prior to the initial draw and 80% by December 2008. As of November 10, 2008, Axion has fulfilled all the conditions of the construction credit facility.

As of March 31, 2009 draws totalling \$6,527,829 (\$8,233,551 CDN) had been made against the credit facility. Borrowings are to be repaid from 100% of the net sales proceeds received on the closing of sales of units in the Project. In any event, all borrowings shall be repayable in full by December 31, 2009.

On April 28, 2008, construction of the project commenced and it is estimated that it will be completed by September 30, 2009. If the development is suspended for any reason, including but not limited to the Company’s inability to obtain any additional financing that may be required or additional permits, the Company will not be able to recover all of its expenses. There can be no assurance that the development will be successful or that developing the property in this manner will increase or even maintain its value.

5. INVESTMENT IN JOINT VENTURE

a) On July 14, 2006 Axion Investment Corp. (“Axion”), a wholly-owned subsidiary of the Company, entered into a Joint Venture Agreement (the “Agreement”) with two unrelated parties, Canitalia Industries (“Canitalia”) and 449991 B.C. Ltd. (“449991”), to form a joint venture for the purpose of purchasing two vacant lots located in Langley, B.C. for development (the “Project”). On July 28, 2006, Axion entered into a supplemental agreement with these two parties in respect to an arrangement for a bank loan to fund the purchase price and pay expenses related to acquiring the properties.

b) Pursuant to the Agreement, a new company, Township Holdings Ltd. (“THL”), has been formed and is equally and jointly owned by the three parties to the Agreement.. All expenses incurred and all profits earned by THL in conjunction with the Project are to be allocated in equal shares among Axion and the two remaining parties. The initial deposit was provided by Axion and 449991 BC Ltd. The total purchase price of the property to be developed was \$3.42 million (\$3.49 million CAD). During the 2006 year, Axion paid its share of the

investment in the amount of \$1,441,913 CAD.

Pursuant to an agreement dated July 28, 2006, Axion was to advance a loan to one of the unrelated parties to pay for its portion of the purchase price. During the 2006 year, Axion advanced a loan in the amount of \$516,028 to two shareholders of this party for a one year term, bearing interest at 10% per annum. The loan was repaid during the 2006 year.

c) On March 13, 2007, Axion authorized Envision Credit Union (“ECU”) to make a demand loan to THL in the amount of \$1.30 million (\$1.4 million CAD) for the benefit of the other two parties, Canitalia and 449991 (the “Loan”). The parties have acknowledged that the Loan is for the sole benefit of 449991 and Canitalia and have agreed that none of THL, Axion or Abdul Ladha, the Company’s president, will have responsibility for payments of the Loan (see the discussion below) and that THL, Axion and the president will be fully indemnified for any expenses or payments they become liable for thereunder.

In exchange for the Loan, ECU received a promissory note from THL requiring the payment of interest only at the rate of prime plus 1% per annum until ECU demands payment of the principal. The loan is secured with a mortgage against the Property and a security interest in the personal property of THL. ECU also required Axion and the president of the Company to enter into a Debt Service Agreement.

Pursuant to the Debt Service Agreement, the president and Axion agree that they will be responsible for the monthly interest payments required by the promissory note in the event that 449991 and Canitalia fail to make the payments as required.

5. INVESTMENT IN JOINT VENTURE (continued)

If 449991 and Canitalia default on the loan obligation to ECU, Axion will be entitled, but not obligated, to purchase the shares of stock in THL that are owned by the responsible parties at a price discount to market. If Axion exercises its right to purchase the stock owned by the responsible parties, then it will have no further recourse against 449991 and Canitalia for payment of the Loan.

If Axion does not exercise its right to purchase the stock owned by the responsible parties, then the responsible parties agree that they shall indemnify and hold the president, Axion and THL harmless from and against any amounts that they or any of them may pay in order to bring the Loan into good standing or to prevent ECU from foreclosing on its security, including, without limiting the generality of the foregoing, any payments of principal, interest, and legal fees made by Axion, the president or THL.

d) The Company has originally estimated a value of \$40,535 for the above guarantee, and has provided a provision of \$40,535 for the guarantee liability, which is included in accounts payable and accrued liabilities at March 31, 2009. The Company decided to leave the guarantee at its original amount until expiration of the guarantee in the year 2012, as the change in value is not significant. The maximum potential amount of future payments under this guarantee as of March 31, 2009 is \$367,367.

e) The Company considered the limited exception contained in FIN 46R exempting from consideration as a Variable Interest Entity a joint venture that is a business, under certain conditions. In the Company's view, this joint venture meets these conditions.

6. INVESTMENT IN SURREY CITY CENTRAL

On October 6, 2008 the board of directors approved a Development Agreement with the Company's president, Mr. Abdul Ladha, Overture Development Corporation, Surrey Central City Ltd. ("Surrey") and Bullion Reef Holdings Ltd. ("Bullion"). Mr. Ladha is the sole officer, director and shareholder of Overture Development Corporation and the sole officer and director of Surrey. Bullion is the sole shareholder of Surrey. A trust created for the benefit of Mr. Ladha's family is the sole shareholder of Bullion.

Surrey is the owner of 4 vacant lots (collectively referred to as the "Property") adjacent to the Gruv Development on 9655 King George Highway, Surrey, British Columbia. Surrey intends to explore the potential of developing the Property by improving it with a residential complex of at least 4-stories which will consist of at least 76 condominiums. The Company's board of directors believes that this development has significant potential and determined to acquire a 50% interest in Surrey.

On the date of the Development Agreement, Surrey had no assets other than the Property and no liabilities. Surrey had 299 shares of common stock issued and outstanding, all of which were owned by Bullion. The Company agreed to purchase 149.5 of these shares from Bullion and agreed to pay \$1,347,440 for these shares. The purchase price was based on appraisals provided to the Company by independent appraisers and a fairness opinion. The purchase price is subject to an upward adjustment in the event that Surrey decides to develop the Property with a 6-storey complex rather than a 4-storey complex. The purchase price could also be increased to reflect the increase in value that would accrue to the Property if Surrey were able to acquire a lot adjacent to the Property commonly known as 13509 96th Avenue, which was owned by an unrelated third party. On October 20, 2008, Surrey entered into an agreement to purchase the lot for approximately \$700,000 and the acquisition was completed on December 15, 2008.

The Company is to pay \$673,720 of the purchase price in cash and the remainder of the purchase price with a promissory note. The promissory note accrues simple interest at the rate of prime plus 2% per annum. As discussed below, on October 22, 2008, the promissory note was amended to include a provision that allows Bullion to convert up to \$1 million of the principal amount and the interest accrued thereon into shares of the Company's common stock. The number of shares of common stock to be issued to Bullion upon conversion of the principal and accrued interest will be computed at 20% above the last sale price of one share of the Company's common stock on the date on which the Development Agreement was executed. The last sale price of our common stock on October 6, 2008 was \$0.36, therefore the number of shares of common stock will be computed using a price of \$0.432 per share. The entire unpaid principal balance, together with any accrued interest and other unpaid charges or fees are due and payable on October 6, 2009.

In the event that Surrey is unable to successfully obtain the approval of a preliminary development plan and a commitment for financing to complete the build-out of the Property, or if for any reason Surrey determines that the build-out of the Property is not in its best interests, notice of this event will be provided to the Company. Within 20 days of receiving the notice, the Company may put the stock purchased to Bullion and Bullion will, within 120 days from receiving the put notice, repurchase the stock by paying to the Company in cash the purchase price (including the adjustments described above, if any), less one-half of the expenses incurred by Surrey in its efforts to develop the Property. This put right will expire within 12 months from the date of the Development Agreement.

The Development Agreement anticipates that Mr. Ladha and Overture Development Corporation will provide certain management services to Surrey in developing the Property in consideration for 12.5% of the net profit (the "Developer's Fee"). The term "net profit" means the revenue received from the sale of the residential units after deducting expenses.

Net profit is to be determined when the project receives a conditional occupancy permit and when any and all loans or other debt related to the project have been paid in full. If the sale of the residential units included in the build-out of the Property fails to realize a net profit, Mr. Ladha and Overture Development Corporation will not receive the Developer's Fee. If units remain unsold following the payment in full of the loans or other debt related to the build-out of the Property, the Developer's Fee will be paid as each such unit is sold.

On October 20, 2008, Surrey entered into an agreement to purchase a fifth lot, 13509 96th Ave., for approximately \$700,000 from an un-related party. On October 22, 2008 the Company and Bullion, Surrey, Mr. Ladha and Overture Development Corporation agreed to amend the Development Agreement to provide that Bullion will be entitled to convert up to \$1 million of principal amount and interest accrued on such amount into shares of the Company's common stock at a price of \$0.432 per share. The total number of shares that could be issued if Bullion converts up to \$1 million of principal and interest accrued thereon would total 2,465,277 shares.

The total investment of \$1,676,123 has been recorded as "Investment in Surrey City Central" on the balance sheet as of March 31, 2009, with an amount of \$1,363,765 owing to Bullion as of March 31, 2009.

7. BANK LOAN

On October 11, 2006, the Company arranged for a credit facility in the amount of \$1,879,346 (\$2,000,000 CAN) (the “Credit Facility”) from the Royal Bank of Canada (the “Bank”). The Credit Facility bore interest at the prime rate as announced by the Bank, plus 0.50% per year. Blended payments of interest and principal in the amount of \$14,914 CAN are due each month. Principal is due to be paid in full on the last day of a two to five year term chosen by the Company on the date of a draw down. Repayment of the Credit Facility is secured by a mortgage, which includes an assignment of rents, against the property where the Company’s head office is located and a guarantee and postponement of claim signed by the Company in favour of the Bank. As of March 31, 2009, the amount of the loan was \$1,542,060.

8. SETTLEMENT OF LEGAL CLAIM

On April 2, 2008, a former employee and agent, Mr. Steve Gold and Gold Network, Inc. (collectively, the “Plaintiffs”), filed a legal action against the Company for breach of contract relating to commissions they alleged were not paid to them. The action was filed in the Superior Court of Ventura County, California. On May 2, 2008 the Company reached an agreement with the Plaintiffs regarding the dispute and paid the sum of \$65,000 to the Plaintiffs in exchange for a release of their claims. The Company has recorded the full amount as “provision for legal claim” in the Statement of Operations during the period ended March 31, 2008, with the offsetting liability included in accounts payable and accrued liabilities at March 31, 2008.

9. CAPITAL STOCK

Stock-based Compensation

During the 3 month period ended March 31, 2008, the Company recognized an expense of \$8,000 in respect to stock options granted in the 2006 year, which are vested as of March 31, 2008.

Treasury Stock

On July 23, 2007, the Company initiated a stock purchase program. The purchases would occur from time to time at the Company’s discretion, with the Company’s currently available cash reserves. No specific number of shares or dollar value has been established by the Company.

For the 3 month period ended March 31, 2008, the Company repurchased 1,530,966 shares for a total cost of \$224,678.

For the 3 month period ended March 31, 2009, the Company repurchased 112,386 shares for a total cost of \$26,921. Subsequent to March 31, 2009, the Company repurchased an additional 40,723 shares for a total cost of \$10,396. On May 1, 2009, the total number of 153,109 shares repurchased were cancelled and returned to the authorized capital stock of the Company.

Warrants

On January 4, 2008, 795,384 of the warrants that were exercisable at \$0.80 per share expired.

10. SUBSEQUENT EVENTS

On March 13, 2009 our wholly-owned subsidiary, 0716590 BC Ltd., entered into a Contract of Purchase and Sale (the "Agreement") for sale of the real property located at 1963 Lougheed Highway, Coquitlam, British Columbia. The property consists of approximately 19,646 square feet of commercial space and approximately 2,300 square feet of residential space and is located on approximately eight-tenths of an acre. The purchaser is Business World Development Inc., a party unrelated to our company or any of our officers or directors (the "Purchaser").

The Purchaser will pay a purchase price of CDN\$3,400,000 for the property. The sale is due to close on November 2, 2009.

On April 6, 2009, the Agreement was amended to provide that we would provide financing to the Purchaser. We have agreed to finance 80% of the purchase price. The loan will have a term of 7 years and will bear simple interest at 6.5% per annum. The payments will be amortized over 20 years. The loan will be secured by a mortgage, including an assignment of rents, recorded against the property.

11. SEGMENTED INFORMATION

The Company has four reportable segments:

- Auction, Liquidation and Technology Business segment

13. RECENT ACCOUNTING PRONOUNCEMENTS

- (i) In April 2009, the FASB issued FSP FAS 157-4, "Determining Fair Value When Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly" (FSP 157-4). FSP 157-4 provides guidance on how to determine the fair value of assets and liabilities when the volume and level of activity for the asset/liability has significantly decreased. FSP 157-4 also provides guidance on identifying circumstances that indicate a transaction is not orderly. In addition, FSP 157-4 requires disclosure in interim and annual periods of the inputs and valuation techniques used to measure fair value and a discussion of changes in valuation techniques. FSP 157-4 is effective for us beginning in the second quarter of fiscal year 2009. The adoption of FSP 157-4 is not expected to have a significant impact on our consolidated financial statements.
- (ii) In April 2009, the FASB issued FSP FAS 115-2 and FAS 124-2, "Recognition and Presentation of Other-Than-Temporary Impairment" (FSP 115-2/124-2). FSP 115-2/124-2 amends the requirements for the recognition and measurement of other-than-temporary impairments for debt securities by modifying the pre-existing "intent and ability" indicator. Under FSP 115-2/124-2, an other-than-temporary impairment is triggered when there is an intent to sell the security, it is more likely than not that the security will be required to be sold before recovery, or the security is not expected to recover the entire amortized cost basis of the security. Additionally, FSP 115-2/124-2 changes the presentation of an other-than-temporary impairment in the income statement for those impairments involving credit losses. The credit loss component will be recognized in earnings and the remainder of the impairment will be recorded in other comprehensive income. FSP 115-2/124-2 is effective for us beginning in the second quarter of fiscal year 2009. Upon implementation at the beginning of the

second quarter of 2009, FSP 115-2/124-2 is not expected to have a significant impact on our consolidated financial statements.

- (iii) In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, "Interim Disclosure about Fair Value of Financial Instruments" (FSP 107-1/APB 28-1). FSP 107-1/APB 28-1 requires interim disclosures regarding the fair values of financial instruments that are within the scope of FAS 107, "Disclosures about the Fair Value of Financial Instruments." Additionally, FSP 107-1/APB 28-1 requires disclosure of the methods and significant assumptions used to estimate the fair value of financial instruments on an interim basis as well as changes of the methods and significant assumptions from prior periods. FSP 107-1/APB 28-1 does not change the accounting treatment for these financial instruments and is effective for us beginning in the second quarter of fiscal year 2009.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain information contained herein constitutes "forward-looking statements," including without limitation statements relating to goals, plans and projections regarding the Company's financial position and the Company's business strategy. The words or phrases "would be," "will allow," "intends to," "may result," "are expected to," "will continue," "anticipates," "expects," "estimate," "project," "indicate," "could," "potentially," "should," "believe," "considers" or similar expressions are used to identify "forward-looking statements", as well as all projections of future results of operations or earnings. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results or achievements of the Company to be materially different from any future results or achievements expressed or implied by such forward-looking statements. Such factors include, but are not limited to, the following: risks related to technological change; the loss of the Company's key personnel; the Company's ability to protect its intellectual property rights; government regulation of Internet commerce and the auction industry; dependence on continued growth in use of the Internet; capacity and systems disruptions; uncertainty regarding infringing intellectual property rights of others, risks over which the Company has no control, such as the downturn in the worldwide economy which has adversely affected the value of real property, tightened the credit markets and impacted discretionary spending by consumers, and the other risks and uncertainties described in this report.

We do not undertake any responsibility to release publicly any revisions to these forward-looking statements to take into account events or circumstances that occur after the date of this filing. Additionally, we do not undertake any responsibility to update you on the occurrence of any unanticipated events that may cause actual results to differ from those expressed or implied by the forward-looking statements contained in this filing. Please read carefully the risk factors disclosed in this report and in other filings we make with the Securities and Exchange Commission.

Overview

Management's discussion and analysis of results of operations and financial condition are based upon our financial statements. These statements have been prepared in accordance with accounting principles generally accepted in the United States of America. These principles require management to make certain estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates based on historical experience and various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making the estimates, judgments and assumptions referred to above. Actual results may differ from these estimates under different assumptions or conditions.

The following discussion of our results of operations should be read in conjunction with our audited consolidated financial statements and the related notes for the year ended December 31, 2008 contained in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 25, 2009.

We provide liquidation and merchandizing services along with auction and point-of-sale technology to businesses to assist them with managing the sale of their products. We also provide mortgages and loans to individuals and companies, and develop real estate. We classify our business interests into 4 reportable segments: the auction, liquidation and technology business, which consists principally of liquidation and merchandizing services; loans, which consists of mortgages and loans; real property and property development, which consists principally of properties held for development; and a segment we call "other" which encompasses our corporate activities such as investor and public relations and the management of cash and marketable securities held for investment. We have included information in the discussion below about our websites. Information included on our websites is not a part of this report.

Auction, Liquidation and Technology Segment

Liquidation Services - We sell merchandise through our Unlimited Closeouts and Ableauctions' liquidation store located in California and British Columbia. We also generate revenues by providing inventory brokerage services at www.unlimitedcloseouts.com.

Auction Broadcast Services – We broadcast business and industrial auctions over the Internet for auctioneers and members of the National Auctioneers Association (NAA). These auctions are facilitated using our proprietary technology (www.ableauctions.com/technology) through the website www.naalive.com and www.naaonlinesolutions.com. Additionally, we broadcast antique and collectible auctions over the Internet for numerous galleries and auction houses throughout the world. Prior to December 31, 2008, these auctions were facilitated using eBay's live auction technology. Commencing January 1, 2009, these auctions are facilitated using our proprietary technology (www.ableauctions.com/technology) through the website, www.iCollector.com. We also provide auction-related products and services for a fee (www.icollectorlive.com/services.aspx).

Point-of-Sale (POS) Services - Through our subsidiary, Rapidfusion Technologies, Inc. (www.rapidfusion.com/technology), we sell to retailers, install and support our proprietary point-of-sale (POS) sales processing and reporting system.

Real Property Development and Lending Segments

Our wholly owned subsidiary, Axion Investment Corporation, develops real estate and makes short term loans.

As of March 31, 2009, our loan and real estate segments included the following investments:

Investment	Amount
Loans	\$ 2,315,968
Real Property	\$ 2,088,379
Real Property held for development	\$ 9,536,629
Investment in joint venture	\$ 1,181,138
Investment in Surrey City Central Holdings Ltd.	\$ 1,676,123

When we deem it necessary, we use the income earned by these investments to support our operations.

Currently, through Axion, we are developing a vacant parcel of land located at 9655 King George Highway. We refer to this development as Phase I of the Gruv Development in this report. We acquired the property in August 2005 for \$1,270,000.

We intend to develop the property by improving it with a retail facility of approximately 4,326 square feet and with a residential complex consisting of 111 condominiums. We expect revenue of approximately \$22.1 million (\$25.4 million CAD) from the sale of the commercial and residential units and we estimate that the cost to develop the property will be approximately \$18.4 million (\$21.2 million CAD).

We entered into agreements to pre-sell 100% of the 111 residential condominiums prior to construction and have collected approximately \$1.92 million (\$2.34 million CAD) in deposits that are being held in trust with Macdonald Realty Ltd. We paid \$341,446 (\$366,749 CAD) to Macdonald Realty for its services to date. We have budgeted an additional \$600,082 (\$689,750 CAD) to be paid to Macdonald Realty for the balance of commissions and bonuses due upon the successful completion of the sales and the final transfer of property title.

We received a building permit from the City of Surrey to develop the property and we have advanced refundable performance bonds for service and work totalling \$320,558 (\$384,833 CAD) as commitment for the development of Phase I.

On February 15, 2008 we entered into a Construction Management Agreement with Cantera Management Group Ltd. ("Cantera") to manage the development of Phase I. In consideration of these services, we have agreed to pay Cantera a fixed fee of \$454,024 (\$553,000 CAD) over the term of the contract calculated on a percentage of completion basis.

On March 12, 2008, we obtained an updated conditional credit facility in the amount of \$14.28 million (\$16.42 million CAD) from the Royal Bank of Canada for the development of Phase I.

The credit facility is secured by guarantees from Axion and Ableauctions.com Inc., by a general security agreement covering all of the assets of Axion and by the property. The advances accrue interest at the prime rate announced by Royal Bank of Canada plus 0.75% per annum. A fee of \$47,073 was paid to the Royal Bank of Canada for arrangement of this credit facility. Of this amount, \$35,378 was paid during the 2007 fiscal year with the remaining balance paid in the first quarter of 2008.

The credit facility has been granted subject to a number of conditions, including appraisal of the project, the submission of an environmental report, the submission of a soils report, confirmation of permits and approvals, engagement of a project monitor, submission of a schedule of pre-sales contracts, the purchase of insurance, a cash

investment by Axion of approximately \$4.75 million (\$4.84 million CAD) toward the development including the cost of the land, and fixed price contracts for at least 50% of Phase I's hard construction costs prior to the initial draw and 80% by December 2008. By November 10, 2008, Axion had fulfilled all the obligations of the construction credit facility.

Construction Progress as of April 30, 2009: (\$ CAD)

Project costs of work completed to date:	\$ 13,828,313
Project costs of remaining work:	\$ 6,668,905
Estimated total project costs:	\$ 21,257,869
Current outstanding principal balance of loan from the Royal Bank of Canada:	\$ 9,752,095

In addition to the Royal Bank of Canada credit facility, we have from time-to-time borrowed funds from our president and chief executive officer, Abdul Ladha, to cover cash shortfalls that occasionally result from timing issues that may temporarily prevent us from borrowing against the credit facility. As of May 6, 2009, we had borrowed approximately \$913,000 from Mr. Ladha, all of which has been repaid.

On April 28, 2008, construction of Phase I commenced and it is estimated that it will be completed by September 30, 2009. If the development is suspended for any reason, including but not limited to our inability to obtain financing, permits or trades, we will not be able to recover all of our expenses. There can be no assurance that the development will be successful or that developing the property in this manner will increase, or even maintain, its value.

On October 6, 2008, we entered into a Development Agreement to acquire a 50% interest in Surrey Central City Holdings Ltd. ("Surrey"), a private company controlled by Mr. Ladha. Surrey owns four properties adjacent to Phase I of our Gruv Development. Through Surrey, we intend to explore the potential of developing a second phase of this project by improving Surrey's properties with a residential complex consisting of 76 to 138 condominiums. We believe that such a development could potentially generate revenue of approximately \$16 million to \$30 million before expenses and income splitting.

Under the terms of the Development Agreement, we acquired a 50% interest in the capital stock of Surrey from Surrey's sole shareholder, Bullion Reef Holdings Ltd. ("Bullion"), an entity controlled by Mr. Ladha and owned by the Ladha Family Trust. While Mr. Ladha is not a beneficiary of the Ladha Family Trust, members of his family are beneficiaries. The purchase price for the 50% interest was \$1,347,440, subject to adjustment. According to the Development Agreement, the purchase price could be increased to reflect the increase in value that will accrue to the Property if Surrey decides to develop the Property with a 6-storey complex rather than a 4-storey complex. The purchase price could also be increased to reflect the increase in value that would accrue to the Property if Surrey were able to acquire a lot adjacent to the Property commonly known as 13509 96th Avenue, which was owned by an unrelated third party. On October 20, 2008, Surrey entered into an agreement to purchase the lot for approximately \$700,000 and the acquisition was completed on December 15, 2008.

We agreed to pay \$673,720 of the purchase price in cash and the remainder with a promissory note due in one year bearing interest at the prime rate as announced by the Royal Bank of Canada plus 2% per annum. The promissory note also includes a provision allowing Bullion to convert up to \$1 million of the principal amount, and any interest accrued thereon, into shares of our common stock at a price of \$0.432 per share. The total number of shares that could be issued if Bullion converts up to \$1 million of principal and interest accrued thereon would total 2,465,277 shares. On April 30, 2009 Bullion assigned the promissory note to Abdul Ladha and his spouse, Hanifa Ladha. We will have the right, for a period of one year, to sell back our interest in Surrey for the original purchase price, less one-half of the expenses incurred by Surrey in its efforts to develop the Property, in the event financing or approval of a preliminary development plan cannot be obtained.

The Development Agreement also anticipates that Mr. Ladha and Overture Development Corporation will provide services to Surrey in developing the Property. These services include managing the build-out; working with government agencies to obtain approval of the development and obtaining the plans, permits and approvals required to complete the build-out; providing contractor's services, including liaising with various trades to coordinate construction of the build-out and supervising and directing construction of the build-out; preparing and implementing

a marketing plan; providing the construction bonds; and obtaining financing and home warranty coverage for the development. Mr. Ladha and Overture Development Corporation will jointly receive 25% of the net profit from Phase I and 12.5% of the net profit from the development of the property owned by Surrey for providing these services.

Other Segment

Ableauctions.com Inc. manages our corporate and public company affairs and all related activities such as investor and public relations and the management of our cash and marketable securities held for investment.

Trends, Events and Uncertainties

On December 31, 2008 eBay terminated the operation of its eBay Live Auction platform. This decision along with the ongoing weakness in the U.S. economy has continued to negatively impact our liquidation and live auction broadcast services operations.

The downturn in the U.S. economy has affected the capital available for purchasing goods that are not necessities. The impact of this is evident in our liquidation operations, where revenues were approximately 48% lower during the 2008 fiscal year compared to the 2007 fiscal year. Likewise, eBay's decision to shut down its Live Auction platform has had a material adverse effect on our live auction broadcast business, where revenues are approximately 68% lower for the three months ended March 31, 2009 compared to the same period in the previous year. There can be no assurance that we will be able to increase our revenues from either of these operations during the remainder of 2009. Although we have implemented strong cost control measures to reduce recurring operating expenditures related to these business units, if the U.S. economy does not experience a significant recovery during the 2009 fiscal year, we expect that our operations will continue to be adversely affected. As a result, we are currently exploring all avenues to mitigate any further losses in this sector including the divestiture and possible liquidation or winding-down of these operations.

We have no off-balance sheet arrangements, special purpose entities or financing partnerships.

We currently have no commitments for capital expenditures.

Critical Accounting Policies and Estimates

We have identified several accounting principles that we believe are key to an understanding of our financial statements. These important accounting policies require management's most difficult, subjective judgments.

Foreign Currency Translation

We have operations in both Canada and the U.S. with significant transactions in the currencies of both countries. Consequently, we are exposed to and have experienced significant gains and losses in respect to foreign exchange.

We account for foreign currency transactions and translation of foreign currency financial statements under Statement of Financial Accounting Standards No. 52, "Foreign Currency Translation" ("SFAS 52"). We use the current rate method as the functional currency is the Canadian dollar. All assets and liabilities are translated at the current rates, while stockholders' equity accounts are translated at the appropriate historical rate or rates. Revenues and expenses are translated at the weighted-average rate for the year. Gains and losses from restatement of foreign assets and liabilities are included in comprehensive income. Revenues and expenses are translated at the rates of exchange prevailing on the dates such items are recognized in earnings.

Financial statements of our Canadian subsidiaries are translated into U.S. dollars using the exchange rate at the balance sheet date for assets and liabilities. Our investments in the structural capital of the Canadian subsidiaries have been recorded at the historical cost in U.S. dollars. The resulting gains or losses are reported as a separate component of stockholders' equity. The functional currency of the Canadian subsidiaries is the local currency, the Canadian dollar.

Loans and Real Property

During the three months ended March 31, 2009, our investment in loans generated approximately \$81,024 in revenues. During the three months ended March 31, 2009, 12% of the value of our assets was held in the form of loans and 76% of the value of our assets was held in the form of real estate.

Type	Carrying Amount	% of Total Assets
Cash & Current Assets	\$ 1,819,082	10%
Other Assets	\$ 419,595	2%
Real Estate (head office)	\$ 2,088,379	11%
Real Estate (development)	\$ 9,536,629	50%
Real Estate (Joint Venture)	\$ 1,181,138	6%
Real Estate (Surrey City Central)	\$ 1,676,123	9%
Loans	\$ 2,315,968	12%
	Total \$ 19,036,914	100%

Revenue Recognition

A substantial portion of our revenues are earned through non-traditional sources, particularly Internet auctions. Our policies with respect to the timing and amount of revenue recognition from our auction activities are critical to an understanding of our financial statements.

Our net revenues result from fees and revenue associated with Internet based listing fees and auction activities. Internet related listing fees are derived principally from enabling independent auction houses to simultaneously broadcast their auctions over the Internet. These fees are recognized upon successful completion of each individual auction when the final terms of sales and commissions have been determined.

We generally earn revenues from our auction activities either through consignment sales or through sales of inventory we purchase. For consignment sales, we earn auction fees charged to consignees, and buyer's premiums charged to purchasers, determined as a percentage of the sale price. For inventory sales, we earn a profit or incur a loss on the sale, to the extent the purchase price exceeds or is less than the purchase price paid for such inventory.

For each type of auction revenue an invoice is rendered to the purchaser, and we recognize revenue, at the date of the auction. The auction purchase creates a legal obligation upon the purchaser to take possession of and pay for the merchandise. This obligation generally provides us with reasonable assurance of collection of the sale proceeds, from which our earnings are derived, including the fees from consignees and purchasers, as well as resale profits.

Segmented information

Because we facilitate auctions and liquidations over the Internet, participants could come from anywhere in the world. However, our business presence is in both Canada and the U.S.

In accordance with Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information", we make required disclosures of information regarding our geographic segments.

Stock Based Compensation

The granting of stock options can represent a significant source of financing for us. Consequently, the accounting policies by which we account for these options is critical to an understanding of our financial statements.

We have chosen to account for stock based compensation using Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees." Accordingly compensation cost for stock options is measured as the excess, if any, of the quoted market price of our stock at the date of the grant over the amount an employee is required to pay for the stock.

We have adopted the disclosure provisions of Statement of Financial Accounting Standards No. 123, "Accounting for Stock Based Compensation" for stock options granted to employees and directors. We disclose, on a supplemental basis, the pro-forma effect of accounting for stock options awarded to employees and directors, as if the fair value based method had been applied, using the Black-Scholes model. On October 1, 2006, we adopted SFAS 123(R) which requires that employee stock option expense be recognized under the fair value method rather than the intrinsic value method. We believe that the impact of the adoption of SFAS 123(R) will not be significant to our overall results of operations and financial position.

Income Taxes

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes". A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities.

We have net operating losses carried forward of approximately \$7,300,000 which expire in years ranging from 2009 to 2028. We have provided a full valuation allowance of approximately \$2,771,600 on the deferred tax asset because of the uncertainty of realizability.

Contractual Obligations

We are committed under the following contractual obligations.

Contractual Obligations	Total	Payments Due By Period			
		Less than 1 year	1 to 3 Years	3 to 5 Years	Over 5 Years
Operating lease obligations	\$ 49,451	\$ 23,756	\$ 25,695		-

As noted above, we are committed to payments with respect to agreements to lease office premises.

Results of Operations

Three months ended March 31, 2009 compared to the corresponding period in 2008.

Revenues. During the three months ended March 31, 2009, we had revenues of \$641,347 compared to revenues of \$797,888 during the same period in 2008, a decrease of \$156,541 or 20%. The decrease in revenues is a result of a 2% increase in revenues from our liquidation business and a 65% decrease in revenues from our Live Auction services.

Revenues from our liquidation services totaled \$443,450 (or 69% of our total revenue) compared to revenues of \$433,245 (or 54% of our total revenue) during the same period in 2008. The revenue from our liquidation service has increase slightly compared to the three months ended March 31, 2008.

Revenues from our live auctions services totaled \$71,002 (or 11% of our total revenue) compared to revenues of \$201,980 (or 25% of our total revenue) during the same period in 2008. The decrease in revenues is a direct result of the termination of eBay's Live Auction platform. The number of auction sessions facilitated during the three months ended March 31, 2009 decreased by approximately 73% to 90 compared to 338 auction sessions for the same period in 2008.

Our liquidation services accounted for 69% of total revenue for the three month period ending March 31, 2009. We anticipate that revenues from our liquidation sector will continue to represent a significant percentage of overall revenues. We believe that the results of our liquidation business and the number of antique and collectible auctions we manage is directly related to the general economy of the US, and that the current economic down-turn in the US could continue to have a dampening effect on our revenues in those two areas of our business.

During the three months ended March 31, 2009, we had investment income of \$81,024 compared to \$35,002 for the same period in 2008. The investment in property development is long term in nature and, as a result, returns will be realized on completion of projects. As of March 31, 2009, our holdings in real estate totaled approximately \$14,482,269, representing the lower of cost or market for these assets.

Gross Profit and Cost of Revenue. Cost of revenue was \$406,678 or 63% of our revenues for the three months ended March 31, 2009, compared to \$414,510 or 52% of our revenues during the same period in 2008. Gross profit was \$234,669 or 37% of total revenue for the three months ended March 31, 2009, compared to gross profit of \$383,378 or 48% of total revenue for the three months ended March 31, 2008.

The decrease in gross profit as a percentage of revenue reflects the performance of our liquidation services, which realized lower gross profit margins in the first quarter of 2009 compared to the same period in 2008. Future gross profit margins may vary considerably from quarter-to-quarter depending on the performance of our various divisions. We believe that over time, our gross profit as a percentage of revenue will range between 25% and 30%, based on the anticipated returns from our revenue streams.

Operating Expenses. During the three month period ended March 31, 2009, we put a number of cost cutting measures in place to withstand the decrease in revenues from our liquidation and live auction broadcast operations. Operating expenses during the three month period ended March 31, 2009 were \$468,002 or approximately 73% of revenue compared to \$507,701 or approximately 64% during the three month period ended March 31, 2008. Operating expenses are expected to further decrease in the second quarter of the 2009 fiscal year as we realize the effects of additional cost cutting measures.

During the three month period ended March 31, 2009, the cost of investor relations and shareholder information services was \$30,447 as compared to \$23,670 for the same period in 2008. We expect the cost of investor relations in 2009 will remain steady throughout the year.

During the three month period ended March 31, 2009, salaries and benefits totaled \$205,679 as compared to \$317,321 for the same period in 2008. The decrease of \$111,642 or approximately 35% from the previous year was due to cost cutting measures implemented.

Total personnel expenses, including salaries and benefits, totaled \$244,679 or 52% of our operating expenses during the three-month period ended March 31, 2009 as compared to \$396,734 or 78% of our operating expenses during the three-month period ended March 31, 2008. In addition to salaries and benefits, personnel expenses included management fees of \$39,000 (compared to \$39,000 for the same period in 2008), and commissions of zero (compared to \$40,413 for the same period in 2008). Current cost cutting measures are expected to reduce personnel expenses for the remainder of the year.

During the three-month period ended March 31, 2009, advertising and promotion expenses were \$4,999 or 1% of our operating expenses as compared to \$6,586 or 1% of our operating expenses for the three-month period ended March 31, 2008.

General overhead expenses increased by \$40,434 or approximately 51%, to \$119,279 during the three month period ended March 31, 2009 (compared to \$78,845 for the same period in 2008). This was mainly due to fees paid to NYSE Amex during the quarter for transactions that were required to be approved by the exchange. General overhead expenses comprised 25% (compared to 16% for the same period in 2008) of our total operating expenses and 19% (compared to 10% for the same period in 2008) of our total revenue. General overhead expenses include rent and utilities, which totaled \$19,542, telephone, which totaled \$11,785, travel related to operations, which totaled \$7,944, repairs and maintenance, which totaled \$4,097, automotive, which totaled \$7,684, insurance, which totaled \$6,476, website maintenance, which totaled \$17,375 and office and administration expenses, which totaled \$44,376.

Depreciation and amortization expense was \$16,408 for the three-month period ended March 31, 2008 as compared to \$45,358 for the three-month period ended March 31, 2008. Depreciation and amortization expense was higher during the three months ended March 31, 2008 due to amortization of our intangible assets.

Net Loss. We realized a net loss of \$167,790 or \$(0.03) per share for the three months ended March 31, 2009 as compared to a net loss of \$194,051 or \$(0.04) per share for the three months ended March 31, 2008. The loss for the period ended March 31, 2009 is attributed primarily to a loss from operations of \$62,338 from Auction Broadcast Services and a loss of \$39,789 from Liquidation Services, and depreciation in the amount of \$16,408.

Liquidity and Capital Resources

Our capital requirements, particularly as they relate to expansion, our plan to purchase inventory we liquidate, our continued development of our software for live auctions, and our real estate development projects, have been and will continue to be significant. Our future cash requirements and the adequacy of available funds will depend on many factors, including the pace at which we are able to make acquisitions, the pace at which we can deploy our technology

and related services to auction houses, the acceptance of our packaged services by our clients, the availability of merchandise to purchase for auction and liquidation and the rate of construction on our development project.

To date, we have funded our operations with our revenues, with dividends and interest from our investments and with the proceeds of the sales of our securities. A moderate portion of the revenue we earn has come from the auctions we hold through eBay and the National Auctioneers Association. eBay's recent decision to terminate the operations of its eBay Live Auction platform has had a material adverse affect on our operations, and we expect this to continue at least through the end of the fiscal year. Some of this will be mitigated as we switch over to an alternative live bidding platform solution available to our customers thru our NAALive operations.

Currently, however, we believe that revenues from our operations together with interest earned on our loan portfolio and our cash on hand will be sufficient to satisfy our working capital needs for the remainder of this fiscal year. During the next 12 months, if we need to raise additional capital, we intend to do so through public or private offerings of our securities or from loans, if we are able to obtain them. We have no commitments for financing for our future needs and we cannot guarantee that financing will be available to us, on acceptable terms or at all. If we do not earn revenues sufficient to support our business and we fail to obtain other financing, either through an offering of our securities or by obtaining loans, we may be required to curtail, or even to cease, our operations.

As of March 31, 2009 we had a deficiency in our working capital of \$5,664,611 made up of cash and cash equivalents of \$364,947, accounts receivable of \$634,321, employee receivable of \$278,072 mortgages and loans receivable of \$2,315,968, inventory of \$486,077 and prepaid expenses of \$55,665 minus current liabilities of \$9,699,649.

Cash used for operating activities totaled \$343,683 due to primarily a decrease in accounts payable and accrued liabilities during the three months ended March 31, 2009. Our cash resources may decrease further if we complete an acquisition during 2009, experience a delay in our construction financing, or if we are unable to maintain positive cash flow from our business through 2009.

Cash flow used in investing activities during the three-months ended March 31, 2009 was \$1,467,959. Cash was used from loan advances and to increase our investment in property held for development. Cash flow from financing activities was \$1,962,087, which primarily resulted from proceeds from bank loans.

Other Events

On March 13, 2009 our wholly-owned subsidiary, 0716590 BC Ltd., entered into a Contract of Purchase and Sale (the "Agreement") for sale of the real property located at 1963 Lougheed Highway, Coquitlam, British Columbia. The property consists of approximately 19,646 square feet of commercial space and approximately 2,300 square feet of residential space and is located on approximately eight-tenths of an acre. The purchaser is Business World Development Inc., a party unrelated to our company or any of our officers or directors (the "Purchaser").

The Purchaser will pay a purchase price of CDN\$3,400,000 for the property. The sale is due to close on November 2, 2009.

On April 6, 2009, the Agreement was amended to provide that we would provide financing to the Purchaser. We have agreed to finance 80% of the purchase price. The loan will have a term of 7 years and will bear simple interest at 6.5% per annum. The payments will be amortized over 20 years. The loan will be secured by a mortgage, including an assignment of rents, recorded against the property.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

We believe that we do not have any material exposure to interest or commodity risks. We are exposed to certain economic and political changes in international markets where we compete, such as inflation rates, recession, foreign ownership restrictions, and trade policies and other external factors over which we have no control.

Our financial results are quantified in U.S. dollars and a majority of our obligations and expenditures with respect to our operations are incurred in U.S. dollars.

We may have significant market risks relating to our operations resulting from foreign exchange rates from our investments or if we enter into financing or other business arrangements denominated in currency other than the U.S. dollar. Variations in the exchange rate may give rise to foreign exchange gains or losses that may be significant.

ITEM 4: DISCLOSURE CONTROLS AND PROCEDURES

Our Chief Executive Officer ("CEO")/President, and Chief Financial Officer ("CFO") carried out an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report (the "Evaluation Date"). Based on those evaluations, as of the Evaluation Date, our CEO/President and CFO determined that our disclosure controls and procedures are effective.

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15 (f) under the Exchange Act) during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
