ITEM 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review

(a) On March 15, 2013, the audit committee of our board of directors, upon the recommendation of management and after discussion with our independent registered public accounting firm, Yount, Hyde & Barbour, P.C. concluded that the previously issued interim financial statements contained in our Form 10-Q for the nine months ended September 30, 2012, should no longer be relied upon because of an error in those financial statements, and that we will restate these financial statements to make the necessary accounting corrections.

The error relates to the calculation of revenue on a fixed price contract which used the percentage of completion method for recognizing revenue and profits. Under the percentage of completion method, revenue and profits are recorded as costs are incurred based on the total sales value and estimated costs at completion. There was an error in the calculation of estimated costs at completion of the contract resulting in estimated costs being understated and revenue being overstated in the amount of \$236,943. The amounts to be restated are as follows:

| Quarter Ended      | Decrease in Revenue | Decrease in Net Income |
|--------------------|---------------------|------------------------|
| September 30, 2012 | \$ 236,943          | \$ 134,943             |

Our management identified the error with respect to the revenue calculation, and our audit committee and management have discussed the matter disclosed in this Item 4.02 with our independent registered public accounting firm, Yount, Hyde & Barbour, P.C.

We will issue restated financial statements reflecting the corrected revenue and net income amounts with the filing of our amended Form 10-Q for the nine months ended September 30, 2012.

ITEM 9.01. FINANCIAL STATEMENTS AND EXHIBITS.
