At December 31, 2011 the present value of the minimal lease payments is approximately \$414,000 (after subtracting approximately \$21,000 of imputed interest). Aggregate payments required under the capital lease subsequent to December 31, 2011 are as follows: years 2012 through 2015 \$90,000 annually and \$75,000 in 2016. The Company also entered into a real property lease agreement with the same related party, which provides for annual rental of \$60,000. The Company has the option to purchase the building at the appraised value of \$506,000. In addition, in the event the Company is successful in obtaining certain tax and/or other incentives from the state the entity operates in, the Company will be required to purchase the building. The Company did not obtain the incentives and did not exercise its purchase option, but the lessor and the Company extended the lease including purchase option for another year. Additionally, in the event that the Company purchases the building, there is an arrangement payable to the related party, providing a threshold in annual earnings is reached by the new subsidiary, which will result in a percentage payment which could be as low as zero dollars to a maximum total in the aggregate of \$600,000 which is non-recurring. These transactions are related party transactions because the wife of the Company's President/COO is the sole shareholder of the company that is leasing/selling the assets. Purchases for inventory from the related party amounted to \$0 and \$56,000 during 2011 and 2010 respectively.

Proposed transactions between the Company and a related person are submitted to the Independent Directors which compose the Audit Committee for their determinations. In making its determinations, the Audit Committee (i.e., Independent Directors) consider, among other factors, whether the proposed transaction is in the Company's best interest and is on terms no less favorable to the Company than terms generally available from an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. Also, the Independent Directors (i.e., Audit Committee) may, at their discretion, request an independent appraisal if an independent appraisal has not already been provided. A related party is excluded from participating in the determinations of the Audit Committee.

The Board has determined that Dr. Duerig and Mr. Hedges are Independent Directors pursuant to the listing standards of the NYSE Amex. The Board of Directors has an Audit Committee comprised of Dr. Duerig and Mr. Hedges. The Board does not have a standing nominating or compensation committee. Pursuant to Board resolutions, the full Board of Directors approves/ratifies all Director nominees after they are determined by the Independent Directors. Additionally, the Independent Directors determine the compensation of the Chief Executive Officer and all Executive Officers and such determinations are subsequently submitted to the full Board of Directors for approval/ratification.
