Item No. 2.02 - Q1 Fiscal 2013 Results

SIGNET REPORTS FIRST QUARTER EPS OF \$0.96, UP 10.3%
ACHIEVED DOUBLE DIGIT COMPS OVER IMPORTANT MOTHER'S DAY PERIOD

HAMILTON, Bermuda, May 24, 2012 - Signet Jewelers Limited ("Signet") (NYSE and LSE: SIG), the largest specialty retail jeweler in the US and UK, today reported sales and earnings growth for the 13 weeks ended April 28, 2012 ("Q1 Fiscal 2013").

	Q1 Fiscal 2013
• Same store sales	up 1.2%
• Income before income taxes	\$128.5 million, up 9.1%
• Diluted earnings per share	\$0.96, up 10.3%

Mike Barnes, Chief Executive Officer, commented: "We delivered strong financial results in the first quarter and increased our earnings per share by 10.3% to \$0.96 as we anticipated the impact of the Mother's Day promotional calendar shift and managed our business accordingly. I would like to thank all at Signet who contributed to these results.

In the second quarter to date, which benefited from the calendar shift, our same store sales, including Mother's Day, were up strong double-digits reflecting the customer's broad acceptance of our merchandise offerings, our great customer experience and the effectiveness of our advertising in this important gift giving period. Our results year to date, combined with our focus on competitive strengths and our consistent ability to execute our initiatives, leave us well positioned to meet the challenges of the current economic environment and achieve our objectives for the year."

Second quarter Fiscal 2013 guidance:

- Guidance is being provided for the second quarter due to the complexity of the calendar shift. Same store sales in the second quarter are expected to be in the mid to high single digit range and fully diluted earnings per share are expected to range from \$0.78 - \$0.84 based on an estimated 84 million weighted average shares outstanding.

Sales highlights:

- Sales were \$900.0 million (13 weeks ended April 30, 2011: \$887.3 million), up \$12.7 million or 1.4%. Same

store sales were up 1.2% (13 weeks ended April 30, 2011: 10.2%), and were adversely impacted by the previously disclosed

calendar shift; estimated to have had an impact of \$32 million or 370 basis points.

- In the US division, sales were \$751.5 million (13 weeks ended April 30, 2011: \$738.0 million), up \$13.5 million or 1.8%. Same store sales were up 1.2% (13 weeks ended April 30, 2011: 12.5%), and were impacted by 440 basis points due to the calendar shift.

- In the UK division, sales were \$148.5 million (13 weeks ended April 30, 2011: \$149.3 million), down \$0.8 million or 0.5%. Same store sales were up 1.2% (13 weeks ended April 30, 2011: 0.2%).

1. The average US dollar to pound sterling exchange rate in Q1 Fiscal 2013 was \$1.59 (13 weeks ended April 30, 2011: \$1.62).

2. Non-GAAP measure.

3. Includes stores selling under the Leslie Davis nameplate.

Selected financial highlights:

- The gross margin was \$353.7 million, representing 39.3% of sales (13 weeks to April 30, 2011: \$349.7 million or 39.4% of sales).

- Gross margin in the US increased \$5.8 million compared to the first quarter of Fiscal 2012. The higher US gross margin was driven by a favorable gross merchandise margin movement of 40 basis points, leverage on store occupancy expenses and increased income from credit related fees, partially offset by an impact of \$4.7 million on the US net bad debt expense, due to a change in the number of credit billing cycles included in the quarter. This expense is expected to be offset by a broadly similar benefit in other operating income in the fourth quarter of Fiscal 2013. The US net bad debt to US sales ratio was 1.8% excluding the credit cycle impact (first quarter Fiscal 2012: 1.6%), and 2.5% including the expense.

- Gross margin in the UK was \$1.8 million lower than that of the first quarter of Fiscal 2012, primarily as a result of an unfavorable foreign currency impact and a decline in gross merchandise margin of 170 basis points attributed to the level of promotional activity and merchandise mix, which were partially offset by lower store occupancy and store operating expenses.

- Selling, general and administrative expenses were \$264.5 million, or 29.4% of sales (13 weeks to April 30, 2011: \$263.8 million or 29.7% of sales). This reflects tight control of expenses and is primarily attributable to lower store staff costs.

Edgar Filing: SIGNET JEWELERS LTD - Form 8-K

- Other operating income, net, increased to \$40.2 million, or 4.5% of sales (13 weeks to April 30, 2011: \$32.8 million, or 3.7% of sales) as a result of increased interest income earned from higher outstanding receivable balances.
- Net operating income was \$129.4 million (13 weeks ended April 30, 2011: \$118.7 million), up \$10.7 million or 9.0%. Operating margin increased by 100 basis points to 14.4% (13 weeks to April 30, 2011: 13.4%).
 - In the US division, net operating income was \$137.7 million (13 weeks ended April 30, 2011: \$126.2 million), up \$11.5 million or 9.1%. Operating margin increased by 120 basis points to 18.3% (13 weeks to April 30, 2011: 17.1%).
 - In the UK division, net operating loss was \$3.0 million (13 weeks ended April 30, 2011: loss \$0.2 million), up \$2.8 million. Operating margin decreased by 190 basis points to (2.0)% (13 weeks to April 30, 2011: (0.1)%).
 - The effective income tax rate was 35.8%, down from 36.0% for the 13 weeks to April 30, 2011.
- Net income rose 9.4% to \$82.5 million or by 10.3% to \$0.96 per diluted share from \$75.4 million, or \$0.87 per diluted share last year.

Balance Sheet and Cash Flow Highlights:

- At April 28, 2012, cash and cash equivalents were \$399.0 million (April 30, 2011: \$394.1 million).
- Net accounts receivable at April 28, 2012 were \$1,025.1 million, up by 13.4% (April 30, 2011: \$904.3 million), primarily reflecting a higher rate of in-house customer financing.
- Net inventories at April 28, 2012 were \$1,335.0 million, up by 9.3% (April 30, 2011: \$1,221.2 million). The increased level of inventory reflected the US promotional calendar shift related to Mother's Day and the impact of higher diamond and gold costs, partially offset by management action to improve inventory turn.
 - Signet repurchased 1,936,247 shares in the first quarter at an average cost of \$46.73.
- At April 30, 2012, Signet operated 1,851 stores (US division: 923 Kay stores, 184 Jared stores and 213 regional brand stores; UK division: 334 H.Samuel stores and 197 Ernest Jones stores) versus 1,852 (US division: 908 Kay stores, 180 Jared stores and 226 regional brand stores; UK division: 337 H.Samuel stores and 201 Ernest Jones stores) a year ago.
