FREQUENTLY ASKED QUESTIONS

Q: When will this proxy statement be sent to stockholders?

A: This proxy statement is being sent on or about March 18, 2005 to stockholders of record. It will also be available on the Company's web site www.humana.com as of that date.

Q: When and where is the annual meeting?

A: The Annual Meeting will be held on Tuesday, April 26, 2005 at 10:00 a.m. EDT at 500 W. Main Street, Louisville, Kentucky 40202 at The Humana Building, 25th Floor Auditorium.

Q: What am I voting on?

A: You are being asked to elect seven (7) individuals to serve on the Board of Directors of the Company.

The Board of Directors (Board) is not aware of any other matters to be presented for action at the Annual Meeting. However, if other matters are presented for a vote, the proxies will be voted for these matters in accordance with the judgment of the persons acting under the proxies.

Q: How does the Board recommend I vote?

A: The Board recommends that you vote **FOR** each of the nominees.

All Shares of Company common stock that are represented at the Annual Meeting by properly executed proxies received before or at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the instructions indicated in the proxies. If no instructions are indicated, the executed proxies will be voted **FOR** approval of the election of the Board of Directors.

Q: Who is entitled to vote?

Edgar Filing: HUMANA INC - Form DEF 14A

A: Anyone who owns Humana Inc. common stock (Shares) as of the close of business on March 7, 2005 (the Record Date) is entitled to vote at the Annual Meeting or any adjournment or postponement of the Annual Meeting.

Q: What is a quorum ?

A: A quorum is a majority of the outstanding Shares. Shares may be voted at the Annual Meeting or represented by a signed proxy card. There must be a quorum for the Annual Meeting to be held.

Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining whether a quorum exists. A broker non-vote occurs when a nominee holding Shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Table of Contents

The Company believes that pursuant to current New York Stock Exchange regulations, brokers will have discretionary voting power over director elections, and therefore, there should be no broker non-votes.

Q: How many Shares are eligible to vote?

A: As of the Record Date, March 7, 2005, 161,591,504 Shares of Company common stock were outstanding and entitled to vote. Every stockholder is entitled to one vote for each Share held.

Q: What if my Shares are not registered in my name?

A: If you own your Shares in street name, meaning that your broker is actually the record owner, you should receive proxy materials from your broker. When you own your Shares in street name, you are deemed a beneficial owner or holder for voting purposes.

Q: How do I vote?

A: There are four ways that you can vote your Shares. **PLEASE CHOOSE ONLY ONE OF THE FOLLOWING:**

- 1.) **By Internet.** The web site for voting is at <http://www.ProxyVote.com>.

In order to vote on the Internet, you need the control number on your proxy card. Each stockholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting. The Internet voting system is available 24 hours a day, seven days a week, until 11:59 p.m. on Monday, April 25, 2005.

Once you are logged on the Internet voting system, you can record and confirm (or change) your voting instructions. If you use the Internet voting system, you do not need to return your proxy card.

- 2.) **By telephone.** If you are in the United States or Canada, you may use one of two toll-free numbers. Registered Holders should call 1-800-690-6903 and Beneficial Holders should call 1-800-454-8683. Some banks and brokers may have a different number listed on the vote instruction form. If so, please use the number listed on the form. The telephone voting system is available 24 hours a day, seven days a week, until 11:59 p.m. on Monday, April 25, 2005.

In order to vote by telephone, you need the control number on your proxy card. Each stockholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting.

Edgar Filing: HUMANA INC - Form DEF 14A

Once you are logged on the telephone voting system, a series of prompts will tell you how to record and confirm (or change) your voting instructions. If you use the telephone voting system, you do not need to return your proxy card.

- 3.) **By mail.** Mark your voting instructions, sign and date the proxy card and then return it in the postage-paid envelope provided. If you mail your proxy card, we must receive it before 10:00 a.m. EDT on Tuesday, April 26, 2005, the day of the Annual Meeting.

If you are returning your proxy card to ADP, they must receive it before 10:00 a.m. EDT on Monday, April 25, 2005, the day before the Annual Meeting.

If we receive your signed proxy card, but you do not give voting instructions, our representatives will vote your shares **FOR** approval of the election of all members of the Board of Directors. If any other matters arise during the Annual Meeting that require a vote, the representatives will exercise their discretion.

- 4.) **In person.** Attend the Annual Meeting. However, you can vote by methods 1, 2 or 3 above and still attend the Annual Meeting.
-

Q: How do I vote the shares held in the Humana Common Stock Fund of the Humana Retirement and Savings Plan (HRSP)?

- A: If you have invested in the Humana Common Stock Fund of the HRSP, you may vote. Under the HRSP your voting rights are based on your interest the amount of money you have invested in the Humana Common Stock Fund.

You may exercise these voting rights in almost the same way that stockholders may vote their Shares, but you have an earlier deadline, and you provide your voting instructions to the HRSP Trustee. The Trustee will aggregate the votes of all participants and provide voting information to the Company. If your voting instructions are received by 11:59 p.m. Eastern Time on Friday, April 22, 2005, the trustee will submit a proxy that reflects your instructions. If you do not give voting instructions (or give them late), the trustee will vote your interest in the Humana Common Stock Fund in the same proportion as the Shares actually voted.

You provide your instructions to the plan trustee by using the Internet, telephone or mail methods described above. **You cannot vote in person at the Annual Meeting.**

Your voting instructions will be kept confidential under the terms of the HRSP.

Q: How many votes are required to elect each director?

- A: Nominees receiving the greatest number of votes duly cast (called a plurality) will be elected.

Abstentions will be counted for purposes of determining whether a quorum is present at the Annual Meeting, but will not be counted for purposes of calculating a plurality. Therefore, abstentions will have no impact as to the election of directors.

Q: Who will count the votes?

- A: Automatic Data Processing Investor Communication Services (ADP) will tabulate the votes cast by proxy. In addition, the Company s Inspectors of Election will tabulate the votes cast at the Annual Meeting together with the votes cast by proxy.
-

Q: How do I revoke my proxy?

A: You have the right to revoke your proxy at any time before the meeting.

Your method of doing so will depend upon how you originally voted:

By Internet simply log in and resubmit your vote ADP only will count the last instructions;

By Telephone simply sign in and resubmit your vote ADP only will count the last instructions;

By Mail you must give written notice of revocation to the Automatic Data Processing, Investor Communication Services, 51 Mercedes Way, Edgewood, NY 11717 or by fax at 515- 254-7733, submit another properly signed proxy with a more recent date, or vote in person at the meeting. For written and fax notices, you must include the control number that is printed on the upper portion of the proxy card.

Q: What if I received more than one set of materials?

A: A Securities and Exchange Commission (SEC) rule allows us to send a single set of our annual report and proxy statement to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This rule benefits both you and Humana. It reduces the volume of duplicate information received at your household and helps to reduce Humana's expenses. The rule applies to Humana's annual reports, proxy statements or information statements. Each stockholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents for this year, but you would prefer to receive your own copy; or if you share an address with another Humana stockholder and together both of you would like to receive only a single set of Humana's annual disclosure documents for future mailings, follow these instructions:

Please contact ADP and inform them of your request by calling them at 888-603-5847 or writing them at Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Be sure to identify Humana and include your name, address, the name of your brokerage firm (if applicable) and your account number.

Q: When are the stockholder proposals for the 2006 Annual Meeting due?

A: Stockholder proposals for inclusion in the proxy materials relating to the annual meeting of stockholders to be held in April 2006, other than stockholder nominees for director, which is discussed herein under the caption Consideration of Director Nominees, must be submitted to the Corporate Secretary in writing no later than November 18, 2005. Proposals should be submitted to Joan O. Lenahan, Corporate Secretary, Humana Inc., 500 W. Main Street, Louisville, KY 40202.

Q: How much did this proxy solicitation cost?

A: D. F. King & Co., Inc. has been hired to assist in the distribution of proxy materials and solicitation of votes for \$10,000 plus expenses.

The Company also has engaged ADP to assist in the distribution of proxy materials and the accumulation of votes through the Internet, telephone and coordination of mail votes for approximately \$30,000 plus expenses.

The Guidelines may be viewed on our web site at www.humana.com. A copy also may be obtained upon request from the Company's Corporate Secretary.

Independent Directors

The Corporate Governance Guidelines adopted by the Board in February 2004, contain guidelines to assist the Board in its determination of director independence. To qualify as independent under these guidelines, a Director must meet the independence standards set out by the Securities and Exchange Commission, the New York Stock Exchange, and any other applicable regulatory body, and the Board of Directors must affirmatively determine that a director has no material relationship with the Company, other than as a director.

Pursuant to the Guidelines, the Board undertook an annual review of director independence. Roy Dunbar, John R. Hall, Kurt J. Hilzinger, and W. Ann Reynolds, Ph. D. are independent of the Company and its management under the standards set forth in the Corporate Governance Guidelines. Identifying and Evaluating Nominees for Directors

The Board is responsible for selecting its own members, and delegates the screening process for new directors to the Nominating & Corporate Governance Committee, with counsel from the Chairman of the Board, the Chief Executive Officer and outside consultants as appropriate. The Committee utilizes a number of methods for identifying and evaluating nominees for Board membership. The Committee regularly assesses the appropriate size of the Board, and whether any vacancies are anticipated due to retirement or otherwise. In the event of a vacancy, the Committee considers various potential candidates for director, which may come to the attention of the Committee through current Board members, professional search firms, stockholders or other persons. In connection with the selection and nomination process, the Nominating & Corporate Governance Committee shall review the desired experience, mix of skills and other qualities to assure appropriate Board composition, taking into account the current Board members and the specific needs of the Company and the Board. The Board will look for individuals who have displayed high ethical standards, integrity, and sound business judgment. This process is designed to ensure that the Board includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company.

From time to time the Company engages a third party search firm to assist the Board of Directors and the Nominating & Corporate Governance Committee in identifying and recruiting candidates for Board membership.

Director Attendance

The Board has developed a number of specific expectations of directors to define their responsibilities and to promote the efficient conduct of the Board's business. With respect to the level of commitment expected of directors and related attendance protocols, as part of the Corporate Governance Guidelines the Board adopted a policy that all directors should make every effort to attend meetings of the Board and the Committees of which they are members, as well as the Company's Annual Meeting of Stockholders. Attendance by telephone or video conference may be used to facilitate a Director's attendance.

During 2004, the Board of Directors met eight times. All directors attended at least 75% of the scheduled Board of Directors meetings and meetings held by Committees of which they were members. All director nominees who were directors in April, 2004, attended the Annual Meeting of Stockholders held April 22, 2004. We expect that all nominees will attend the April 26, 2005 meeting.

Executive Sessions of Non-Management Directors

During 2004, the Company's non-management directors held regularly scheduled, formal executive meetings, separate from management. Additional executive sessions of the Board are held as necessary or appropriate or upon the request of the Nominating & Corporate Governance Committee or any two other non-management directors. At least once annually, to the extent the group of non-management directors includes directors who are not independent within the meaning of the Company's director independence guidelines, only independent directors meet in executive session. Executive sessions are led by the Presiding Director, who is an independent Director. The Presiding Director at such meetings shall be either the Chairman of the Board if he or she so qualifies, or the various qualifying committee chairs on a rotating basis. If the designated Director is unavailable to serve as the Presiding Director, the remaining qualifying Directors may designate one of themselves to serve as Presiding Director for that meeting.

On January 2, 2004, each director (except Mr. Jones, Chairman) received a stock award of 1,302 Shares valued at approximately \$30,000, on which day the fair market value of Humana stock was \$23.05 together with an award of 2,500 Shares for a total of 3,802 Shares. Mr. Jones, as Chairman, did receive the 2,500 Share award, but not the \$30,000 stock award due to his retainer provisions as Chairman described herein. The 2,500 director options were granted on January 2, 2004 with an exercise price of \$23.05, the fair market value on that date, and vested on the first anniversary of grant date.

We pay for or reimburse our directors travel, lodging and other reasonable out-of-pocket expenses in connection with attendance at board, committee and stockholder meetings, and for other reasonable expenses related to board service such as director education. In addition, the Company paid certain local taxes that averaged approximately \$1,968, and life and accidental death insurance premiums that averaged approximately \$1,737 per outside director, excluding Mr. Jones amount which is described below. Directors may elect to participate in the medical and dental benefit programs offered to all employees of the Company at a comparable rate as paid by employees.

In 2004, as the Company's Chairman of the Board of Directors, Mr. Jones received a \$225,000 annual cash retainer in lieu of attendance fees and the annual board retainer fee outlined above. Mr. Jones received the annual stock option grant of 2,500 Shares described above, and received fees as an Executive Committee member totaling \$7,000. In addition to Board of Directors responsibilities, Mr. Jones' compensation reflected his continuing consultation on major initiatives of the Company and on corporate strategy and policy, and his external activities, including preserving and enhancing the image of the Company within the health benefits industry. Mr. Jones was provided office space, with an annual value of approximately \$40,600 as well as administrative and secretarial support, at a cost for 2004 of approximately \$217,684. In addition, during 2004, the Company provided Mr. Jones with the use of a Company airplane, life and accidental death insurance, parking, occupational tax, and membership to the Company's fitness club at an aggregate cost for these benefits of approximately \$38,000. Pursuant to his retirement as Chief Executive Officer in December 1997, Mr. Jones has elected to receive a joint and survivor annuity payment with a minimum of twenty years of payments under the Officers' Target Retirement Plan (OTRP). Under the OTRP, Mr. Jones received approximately \$56,800 per month in 2004. In December 1999, the Board believed it was in the best interest to set out the terms and conditions as described above in a written agreement. This agreement formalized the terms of Mr. Jones' compensation as described herein until he no longer serves as Chairman of the Board or until December 31, 2004, whichever was longer. The Company has formally announced his intention to retire as of the 2005 Annual Meeting of Stockholders, and is not a candidate for election to the Board of Directors. Accordingly, the written agreement which sets forth the terms of his compensation as Chairman of the Board of Directors will terminate on April 26, 2005.

In connection with his position as Vice Chairman of the Board, David A. Jones, Jr. was reimbursed \$30,000 for office expenses incurred in 2004, and the Company paid \$20,000 for his membership to the Business Higher Education Forum.

Under the 2004 Director Compensation Program, the Company granted options to purchase 15,000 Shares of the common stock at 100% of fair market value to each non-employee Director upon his or her initial election to the Board of Directors. In addition, options to purchase 2,500 Shares of the common stock were granted, and 2,500 Shares of common stock were awarded, on the first business day of each January at 100% of fair market value to each non-employee Director. Under the 2005 Director Compensation Program, the \$100,000 annual award and the 7,500 Shares awarded upon initial date of election to the Board of Directors will be issued pursuant to the 2003 Stock Incentive Plan. If elected, Mr. Dunbar will receive an award of 7,500 Shares.

Table of Contents

Under the Humana Inc. Deferred Compensation Plan for Non-Employee Directors, non-employee directors may make an irrevocable election each year to defer compensation paid to them by the Company in the form of cash or stock for services rendered as a Board member. The director may elect to have cash fees credited to a guaranteed interest account at a rate equal to the average ten-year U.S. Treasury Note rate for the previous calendar quarter and the stock fees to a stock equivalent account. Payments under the Plan generally commence on the date of termination of the director's service as a member of the Board or a date specified by the director. The Company pays all costs and expenses incurred in the administration of the Plan. Two director nominees participate in this Plan.

Retirement Benefits

Non-employee directors elected subsequent to 1997 do not receive any retirement benefits. Certain of the current directors have retirement benefits that are grandfathered under the Company's Retirement Policy (the "Policy"). The Policy provides that a director who is not an employee must retire at the annual meeting following his or her seventy-third birthday. The retiring director is entitled to elect to receive either: (1) an annual retirement benefit for the life of the director in the amount of \$38,000, the annual retainer fee in effect for 1997; or (2) in lieu thereof, an actuarially equivalent joint and survivor annuity payment. In addition, each retiring director also receives an annual matching charitable contribution benefit of 50% of the annual retirement benefit. Benefits are prorated for any retiring director who has not served at least ten years on the Board of Directors. For fiscal year 2004, the Company paid benefits under the Policy to three former directors. Mr. Gellert will participate in this program upon his retirement to be effective April 26, 2005.

David A. Jones Retirement Benefits

Mr. Jones, a co-founder of the Company in 1961 and Chairman of the Board of Directors since the Company went public in 1968, will retire from the Board after this year's Annual Meeting. In recognition of his many years of dedicated service to the Board of Directors, the disinterested members of the Board approved the following retirement benefits for Mr. Jones: (1) he will be paid a lump sum of two hundred thousand dollars (\$200,000) at the date of his retirement; (2) he can elect to remain in his current office facilities for up to eighteen months at no expense to him; and (3) the Company shall provide (i) standard severance benefits to his three staff members and (ii) medical benefits continuation to them and their current dependents, at their expense, based on a group rate. Each person shall be eligible for such benefit until they reach the age of 65 or until obtaining employment elsewhere which would provide similar benefits, whichever occurs first.

(1) All options become exercisable in equal annual one-third installments from date of grant. In the event of a Change in Control of the Company, all outstanding stock options become fully vested and immediately exercisable in their entirety. In addition, during the 60-day period following the Change in Control, any stock option (or portion thereof) generally may be surrendered for cancellation for a payment of the difference between the fair market value and option price as more fully described in the Stock Option Plan.

(2) The exercise price per share for the options is equal to the fair market value of the common stock on the date of grant. The exercise price may be paid in cash or, at the discretion of the Organization & Compensation Committee, in Shares of Company common stock valued at the fair market value on the date of exercise, or any combination thereof.

(3) The dollar amounts in this table represent the potential realizable value of the stock options granted, assuming that the market price of the Shares of Company common stock appreciate in value from the date of grant to the end of the ten-year option term at annualized rates of 5% and 10%. Therefore, these amounts are not the actual value of the options granted and are not intended to forecast possible future appreciation, if any, of Company common stock prices. No assurances can be given that the stock price will appreciate at these rates or experience any appreciation at all. The fair market value of the Company's common stock was \$29.775 on December 31, 2004.

(2) The amounts shown are the total targeted retirement benefit and are reduced by benefits received under the Retirement Account in the HRSP, the Supplemental Retirement Account in the Humana Supplemental Executive Retirement & Savings Plan and Social Security benefits.

The maximum years of service credited under the OTRP are 30 years, unless otherwise changed by the Board of Directors. As of January 1, 2005, the years of service for each of the Named Executive Officers are as follows: Michael B. McCallister 31; James E. Murray 15; Jonathan T. Lord, M.D. 5; Bruce J. HUMANA SUPPLEMENTAL EXECUTIVE RETIREMENT & SAVINGS PLAN (HSERSP)

Edgar Filing: HUMANA INC - Form DEF 14A

The Company has a qualified combined pension plan and 401(k) plan, the Humana Retirement and Savings Plan, and a non-qualified excess benefit plan (HSERSP). The Internal Revenue Code imposes limitations on the contributions that may be made to qualified plans. The benefits accrued under the HSERSP are those Company contributions that cannot be made to the qualified plan because of those limitations. Accruals under the HSERSP, which is unfunded, are deemed to be invested generally in the same investment vehicles selected by participants for their qualified plan funds. Benefits are distributable upon termination of employment, death, total disability, retirement or change in control of the Company.

long term disability coverage. The Company provides this benefit, which will replace up to a specified percentage of targeted incentive compensation due to an injury or sickness that prevents the employee from performing the duties of their occupation. Each officer or key employee pays their own premiums. Mr. McCallister and Mr. Murray have elected to participate in this plan.

AGREEMENTS WITH DIRECTORS AND OFFICERS

In September 2000, the Company entered into an agreement with Mr. McCallister (**McCallister Agreement**) pursuant to which he: 1) serves as President and Chief Executive Officer of the Company at an annual base salary in an amount not less than \$650,000; 2) participates in an incentive plan providing for a target incentive compensation amount of not less than 125% of his base salary; and 3) is eligible for participation in all benefit plans and programs made available by the Company for its executive employees.

In the event of termination of employment without Good Cause (as defined in the **McCallister Agreement**), or with Good Cause under certain circumstances as set out in the **McCallister Agreement**, or pursuant to disability or death, the Company will pay to him or his estate an amount equal to any unpaid current annual base salary accrued through the date of termination and a prorated bonus calculated on the basis of 100% of base salary, plus a severance amount equal to his annual base salary plus bonus calculated at 100% of his base salary. He is also entitled to continue his coverage under the Company's life, health and disability plans for a 12-month period upon the same terms and costs for other employees of the Company. Additionally, all of his stock options shall become fully vested and shall be exercisable for a two-year period following his termination.

In the event of termination of employment with Good Cause, Mr. McCallister would receive an amount equal to his then current base salary earned but not yet paid and shall have a period of 90 days to exercise any vested options. Mr. McCallister would forfeit any unvested options or restricted shares.

In the event of termination of employment because Mr. McCallister gives notice of termination of the **McCallister Agreement**, or because Mr. McCallister voluntarily terminates his employment during the Employment Period, then the Company shall pay to him an amount equal to his then current base salary. Any bonus payable shall be prorated. He shall have two years to exercise any vested options. He is also entitled to continue his coverage for a 12-month period under the Company's life, health and disability plans upon the same terms and costs for other similarly situated employees of the Company.

In the event of termination of employment following a Change in Control, as defined in the **McCallister Agreement**, then Mr. McCallister shall receive: 1) his full base salary earned but not yet paid through the termination date at the greater of the rate in effect at the time of the Change in Control or the Termination Date (**Higher Annual Base Salary**), plus a prorated bonus calculated at 125% of his **Higher Annual Base Salary**; 2) an amount equal to two and one-half times the sum of the **Higher Annual Base Salary** plus the maximum target incentive compensation which could have been earned; 3) continued coverage for a two-year period, at the Company's expense, under all life, health, dental, accidental death and dismemberment and disability insurance; and 4) a gross up amount for any payments that constitute an excess parachute payment.

The **McCallister Agreement** also contains provisions not to compete or solicit for a 12-month period following termination. The **McCallister Agreement** generally may be terminated by either party giving written notice at least sixty (60) days prior to December 31 of each year.

In December 1999, the Company entered into an agreement with Mr. Jones (Jones Agreement) formalizing the payments he receives as Chairman of the Board. See Director Compensation for a description of the terms of the Jones Agreement. This agreement will terminate upon Mr. Jones retirement effective April 26, 2005.

All officers elected by the Board of Directors, including the Named Executive Officers, generally receive health benefits upon termination for themselves and their eligible dependents at a predetermined rate until the earlier of attainment of age 65 or obtaining other coverage.

The Company has entered into agreements with all other officers, including Mr. Murray, Dr. Lord, Mr. Goodman, Mr. Bloem and key management employees, which for a two-year period following a Change in Control provide certain benefits upon termination. Such termination may be involuntary or may be due to a resignation as a result of a change in responsibilities or compensation. Under these agreements, these individuals would be entitled to receive severance pay which generally is determined by multiplying the sum of each individual s annual base salary, and the maximum incentive compensation payable to him or her, by a multiple ranging from one to one and one-half.

In addition, in the event of a Change in Control of the Company, benefits are payable under the Company s Stock Option and Restricted Stock Plans, and health, life and disability insurance coverage is available.

CERTAIN TRANSACTIONS WITH MANAGEMENT AND OTHERS

In 1994, the Company entered into an agreement with JAPC, Inc. (JAPC), which is owned by David A. Jones, father of David A. Jones, Jr. Under the terms of the Agreement as amended, the Company provides hangar space, pilot services and maintenance for an airplane owned by JAPC. The rate paid for these services is at least as favorable to the Company as market rates. The Company is fully reimbursed for the cost of the services. Either party upon 30 days written notice generally may terminate the agreement. For the year ended December 31, 2004, the Company was reimbursed approximately \$195,300 by JAPC.

Effective January 1998, the Company entered into an Aircraft Interchange Agreement with JAPC. Under the terms of the Agreement as amended in February 2003, the Company leases its aircraft to JAPC and JAPC leases its aircraft to the Company. The lessee exchanges with the lessor time on the lessee's aircraft based on a ratio reflecting the difference in operating costs among the various aircraft. The Company and JAPC each bill the other for any flights that occurred in the preceding month. Any difference in number of hours is carried over to succeeding months and is offset against flight hours on aircraft of the other party. Either party upon 60 days written notice may terminate the agreement. For the year ended December 31, 2004, the Company owed JAPC approximately 14.81 hours which will be offset against 2005 usage.

The Company has invested in the African-American Venture Capital Fund, LLC, a Kentucky Limited Liability Company (Fund). This investment makes the Company a greater than 10% stockholder of the Fund. David A. Jones has a similar investment in the Fund and is also a greater than 10% stockholder of the Fund. David A. Jones, Jr. is a director of the Fund. The Fund was established to provide capital and management resources to enhance the growth and development of businesses owned by African-Americans living in the metropolitan Louisville, Kentucky area.

The Company invested in Greater Louisville Communications, Inc., a Kentucky corporation formed, at least in part, by an equity capital investment made by the African-American Venture Capital Fund. David A. Jones made a similar investment in Greater Louisville Communications, Inc., making each of the Company and Mr. Jones a greater than 10% stockholder of the entity. Greater Louisville Communications, Inc. was formed for the purpose of being the sole owner of WYCS-TV, an independently owned commercial broadcast television station. The station operates within the Louisville metropolitan area and has a commercial and community orientation.

During 2004, a subsidiary of the Company (Subsidiary) renewed a one year contract with Main Street Realty, Inc. (Main Street) of which Mr. Jones is Chairman, Director and sole owner, to provide health insurance benefits to employees of Main Street. The terms of the contract, including the premiums charged and benefits provided, are comparable to those extended to other non-affiliated customers of Subsidiary in the area. During 2004, Subsidiary received payments from Main Street of approximately \$32,770.

Management has represented to the Audit Committee that the Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and that its internal control over financial reporting was effective as of December 31, 2004. In addition, the Audit Committee has received from PwC the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and discussed with PwC their independence from the Company and its management. While the activities of the Audit Committee are designed to provide an additional level of review, such activities cannot provide absolute assurance that the audit of the Company's financial statements and of the effectiveness of the Company's internal control over financial reporting has been carried out in accordance with the standards of the Public Company Accounting Oversight Board, that the financial statements are presented in accordance with GAAP or that PwC is in fact independent.

During 2004, the Audit Committee met independently with the Director of Internal Audit, key members of management, and PwC, regarding current and planned audit activities. The Audit Committee Chairman, in consultation with Internal Audit, PwC, and management reviewed quarterly financial statements and earnings releases of the Company. The Audit Committee also met separately with PwC during the year. Audit Committee members individually reviewed monthly operating and financial information of the Company as well as internal audits of controls over operations, financial processes, and compliance with laws and regulations.

The Audit Committee reviewed and evaluated the relevant requirements of the Sarbanes-Oxley Act of 2002, the rules of the U.S. Securities and Exchange Commission and the listing standards of the New York Stock Exchange regarding audit committee procedures and responsibilities, including a review of the internal controls and procedures of the Company.

ORGANIZATION & COMPENSATION COMMITTEE REPORT

Executive Officer Compensation Policy

The Organization & Compensation Committee (the Committee) administers the Company's executive officer compensation program, the key components of which are base salary, incentive compensation and equity compensation (stock option and restricted stock awards). Each member of the Committee is an independent, non-employee director who has never been an employee of the Company.

The Company's compensation program is intended to create competitive advantage through the stimulation of superior performance of human capital. Performance management at the Company focuses on building competencies required for the business, and on pursuing the highest level of contribution from each Humana associate. In general, the Company's compensation program is intended to:

Provide compensation and benefits policies and practices that motivate and reward associates to achieve goals and objectives that maximize the value of the enterprise;

Provide total compensation that is competitive with the market, based on the value of benchmark roles in the marketplace; and

Align individual compensation with competency and contribution so that performance, tied to measurable objectives and results, will be rewarded appropriately.

The executive officer compensation program rewards executive officers for short and long-term performance. In addition to base salary, executive officers are compensated on a performance-oriented basis through the use of incentive compensation linking both annual and longer-term results. The annual incentive bonus permits team and individual performance to be recognized on an annual basis and is based, in part, on an evaluation of the contribution made by the officer to Company performance. Equity compensation awards are included in the compensation program to reward executive officers for longer-term strategic actions that increase Company value and thus stockholder value. This use of equity compensation directly relates a significant portion of each executive officer's long-term remuneration to the Company's stock price, and thus aligns the executive's compensation with the interests of the Company's other stockholders. The granting of stock options, as well as the more limited use of restricted stock, is used to: (1) recognize promotions of executives into positions of significant responsibilities; (2) recognize significant accomplishments of executives, particularly as the accomplishments impact growth, profits, and/or competitive positioning; and (3) as an additional incentive to attract and retain high level executive talent.

The executive officer compensation program is designed to allow the Company to be competitive in the marketplace in attracting, motivating, and retaining key executive officers. The Committee considers the overall compensation package when setting any one component of compensation. The marketplace is defined as both publicly traded companies approximating the Company's revenue and employee size, and specific companies in the health benefits industry. Although data from specific competitors in the health benefits industry is used in the compensation analysis, the Company uses a different comparator group—a health care index—in its Stock Performance graph. The Committee believes this definition of the marketplace provides a good benchmark for analyzing the competitiveness of the Company's executive compensation program.

The Committee periodically reviews the effectiveness and competitiveness of the Company's executive compensation structure with the assistance of its independent consultant. The consultant is engaged by, and reports directly to, the Committee.

Table of Contents

Base Compensation

Base compensation for executive officers is determined by an assessment of overall Company performance, executive officer performance, changes in executive officer responsibilities and relevant industry survey findings. While many aspects of performance can be measured in financial terms, the Committee also evaluates senior management in areas of performance that are more subjective. These areas include the development and execution of strategic plans, the exercise of leadership in the development of management and other associates, innovation and improvement in the Company's products and processes, as well as the executive's involvement in industry groups and in the communities that the Company serves. The Company's policy is to target executive base salaries at the market median, but ranging from the 25th to the 75th percentile of the marketplace as defined above, depending on level of competency and contribution of each executive. Individual salaries are generally established in alignment with this target to ensure the attraction, development and retention of superior talent, as well as in relation to individual executive performance.

Incentive Compensation

The Company's incentive compensation plans are designed to reward officers and other designated key associates for the attainment of financial goals and other performance objectives approved annually by the Committee. Incentive compensation objectives are constructed to encourage responsible and profitable growth while taking into account non-routine factors that may be integral to the success of the Company. During 2004, the Company's executive officers, including the Named Executive Officers, participated in the Humana Inc. 2003 Executive Management Incentive Compensation Plan that was approved by the Company's stockholders. This Plan provides for the Organization & Compensation Committee to set the annual goal from a list of Performance Targets contained in the Plan. For 2004, the Performance Target was based solely on the attainment of a pre-established Company earnings per share objective for Mr. McCallister and earnings per share, membership and strategic business objectives for the other Named Executive Officers. Maximum potential payment ranged from 116% to 175% of annual base earnings. The 2004 Performance Targets under the Plan for the Named Executive Officers were met or exceeded and the Named Executive Officers received payments ranging from 89% to 172% of annual base earnings. Mr. Murray also received a discretionary bonus of \$48,049.

See the Summary Compensation Table for the amounts paid to the Named Executive Officers.

Equity Compensation

The Company uses stock options and restricted stock awards to reward executive officers and other key associates for long-term performance and as a method to attract, motivate, and retain key employees. The use of equity-based compensation provides a vital link between the long-term results achieved for the Company's stockholders and the rewards provided to executive officers and other associates.

All stock options are granted at the fair market value of the Company's stock on the date of grant. The Committee, through review of stock programs and competitive practices at comparable companies, determines the aggregate amounts, terms and timing of stock option and restricted stock awards, with from time to time, the assistance of outside consultants. The number of shares covered by each award reflects the executive's level of responsibility along with past and anticipated future contributions to the Company.

Mr. Bloem received restricted stock awards in 2001 which vested in 2004.

Table of Contents

In 2004, the Committee granted options totaling approximately 1.72% of the Company's outstanding common stock as of year-end to its associates. As reported in 2004 Stock Option Grants all Named Executive Officers received stock options in 2004.

See Summary Compensation Table for additional information on these equity awards.

Chief Executive Officer Compensation

In December 2004, the Committee approved an increase in Mr. McCallister's base salary from seven hundred twenty-one thousand dollars (\$721,000) to eight hundred fifty thousand dollars (\$850,000), effective December 26, 2004. Because the 2004 Performance Target was met, Mr. McCallister received one million, two hundred forty-seven thousand, three hundred seventy-three dollars (\$1,247,373) under the Humana Inc. 2003 Executive Management Incentive Compensation Plan. The Committee believes Mr. McCallister's base salary and bonus reflect the Company's overall financial performance together with his achievements and the progress in furthering the Company's operational initiatives. The Company has previously entered into an Employment Agreement with Mr. McCallister that is more fully described in this Proxy Statement under Executive Compensation of the Company Agreements with Directors and Officers.

Executive Compensation Tax Deductibility

The Internal Revenue Code generally provides that compensation paid by publicly-held corporations to the Chief Executive Officer and the four other most highly paid executive officers in excess of one million dollars (\$1,000,000) per year per executive will be deductible by the Company only if paid pursuant to qualifying performance-based compensation plans approved by stockholders of the Company. The Committee believes it has taken the necessary steps to qualify the Company's performance-based compensation plans for tax deductibility. Compensation as defined by the Code includes, among other things, base salary, incentive compensation, and gains on stock options and restricted stock. It is the Committee's policy to maximize the effectiveness of the Company's executive compensation plans. In that regard, the Committee intends to maintain flexibility to take actions which it deems to be in the best interest of the Company and its stockholders. Such actions may not always qualify for tax deductibility under the Code. The Committee believes that all executive compensation paid for 2004 will be deductible for federal income tax purposes except for approximately nine hundred fifty-seven thousand dollars (\$957,000) of the restricted stock grant for Mr. Bloem from 2001 which vested in 2004.

Non-Qualified Stock Option Plan for Employees

On September 9, 1999, the Board of Directors adopted the Humana Inc. Stock Option Plan for Employees (the 1999 Plan). The Board of Directors determined that no further awards would be made under the 1999 Plan as of December 31, 2002.

Edgar Filing: HUMANA INC - Form DEF 14A

The 1999 Plan authorized the grant of non-qualified stock options to eligible employees of the Company or its Subsidiaries. Executive Officers and Directors are not eligible to participate in the 1999 Plan.

The 1999 Plan was intended to provide incentives and rewards for employees (i) to support the implementation of the Company's business and human resource strategies and the achievement of its goals, and (ii) to align the interests of employees with those of the Company's stockholders.

The 1999 Plan is administered by the Organization & Compensation Committee of the Company's Board of Directors.

Table of Contents

The maximum number of Shares of common stock that could be awarded under the 1999 Plan was 1,700,000. The maximum number of Shares that could be awarded to any individual was 15% of the Shares of common stock authorized under the 1999 Plan.

Only non-qualified stock options could be granted under the 1999 Plan.

Generally, in the event of a Change in Control of the Company, as defined in the 1999 Plan, all outstanding stock options become fully vested and immediately exercisable in their entirety.

For federal income tax purposes, no income is recognized by a participant upon the grant of a non-qualified stock option under the 1999 Plan. However, upon the exercise of an option, compensation taxable as ordinary income is realized by the participant in an amount equal to the excess of the fair market value of a share of the common stock on the date of such exercise over the exercise price. The taxable income resulting from the exercise of an option granted to an employee constitutes wages subject to the withholding of income taxes. Accordingly, the Company is required to make whatever arrangements are necessary to collect the amount of tax required to be withheld. The employee's income as reported on the Form W-2 includes the stock option exercise.

The above description does not include the shares of Restricted Stock awarded in 2000 and thereafter. For information concerning these awards, see the Summary Compensation Table contained in this Proxy Statement and Footnote 11 Employee Benefit Plans Stock Based Compensation in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.
