(the Company) to be held at 11:00 a.m. (local time) on Thursday, June 9, 2005, at the Four Seasons Resort and Club, 4150 N. MacArthur Boulevard, Irving, Texas 75038. Proxies are being solicited on behalf of the Board of Directors of the Company. This Proxy Statement and the enclosed proxy card are first being mailed on or about May 2, 2005 to holders of the Company's capital stock entitled to vote at the Annual Meeting.

A Proxy Committee will vote the shares represented by each proxy card returned to the Company. The members of the Proxy Committee are Colin M. Cohen, Jacqueline K. Collier and Jeffrey J. Murphy. Where a stockholder's proxy specifies a choice with respect to a matter, the Proxy Committee will vote such stockholder's shares in accordance with the instructions contained therein. **If no specification is made, the shares will be voted FOR the election of the director nominees identified herein, FOR the approval of the Aviall, Inc. Management Incentive Plan (the Management Incentive Plan) and FOR the approval of an amendment to the Aviall, Inc. Amended and Restated 1998 Directors Stock Plan (the Directors Stock Plan Amendment).**

Any stockholder who executes and returns a proxy may revoke such proxy at any time before it is voted by (i) notifying the Secretary of the Company in writing at P.O. Box 619048, DFW Airport, Texas 75261, (ii) granting a subsequent proxy or (iii) appearing in person and voting at the Annual Meeting. Attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy.

Stockholders of record may vote on the matters to be considered at the Annual Meeting by any one of the following means:

Vote by Mail. To vote by mail, complete, sign and date the enclosed proxy card and return it in the enclosed envelope.

Vote by Telephone. To vote by telephone, (i) call the following telephone number toll-free on a touch-tone telephone: 1-800-560-1965 and (ii) follow the instructions given to you over the telephone.

Edgar Filing: AVIALL INC - Form DEF 14A

Vote in Person. To vote in person, (i) attend the Annual Meeting in person and (ii) follow the instructions given to you at the Annual Meeting.

Stockholders who hold their shares through a bank, broker or other nominee holder should receive a request from that firm for voting instructions along with this Proxy Statement. These stockholders may direct their nominee holder on how to vote on their behalf by following the procedures outlined in the material received from the nominee holder. Alternatively, if such a stockholder wants to vote shares in person at the Annual Meeting, the stockholder must contact their nominee holder to obtain a proxy that will allow them to do so.

The Company has retained Morrow & Co., Inc. to aid in the solicitation of proxies. It is estimated that the cost of these services will be approximately \$8,500 plus expenses. The Company will bear the entire cost of soliciting proxies. In addition to the solicitation of proxies by mail, proxies may also be solicited by telephone, telegram or personal communication by officers and regular employees of Morrow & Co., Inc. and the Company.

PROCEDURES FOR THE ANNUAL MEETING

The presence, in person or by proxy, of the holders of a majority of the votes entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present in person or represented by proxies at the Annual Meeting, the stockholders entitled to vote who are present in person or represented by proxies will have the power to adjourn the Annual Meeting from time to time, without notice (other than by announcement at the Annual Meeting) until a quorum is present in person or represented by proxies. At any such adjourned meeting at which a quorum is present in person or represented by proxies, any business may be transacted that might have been transacted at the original Annual Meeting. If, and when, a quorum is present in person or represented by proxies at the Annual Meeting or any adjournment thereof, the stockholders present in person and represented by proxies at the Annual Meeting may continue to transact business until adjournment, notwithstanding the withdrawal of stockholders from the Annual Meeting who were counted in determining the existence of a quorum.

Business at the Annual Meeting will be conducted in accordance with the procedures determined by the Chairman of the Annual Meeting and will be limited to matters properly brought before the Annual Meeting pursuant to the procedures set forth in the Company's Amended and Restated By-Laws. Those procedures include the requirement that any stockholder who desires either to bring a stockholder proposal before the Annual Meeting or to nominate a person for election as a director at the Annual Meeting must give written notice to the Company with respect to the proposal or nominee prior to the Annual Meeting. The Chairman of the Annual Meeting may decline to acknowledge any stockholder proposal or any nomination for director not made in accordance with these procedures.

The Board of Directors does not anticipate that any matter other than those described in this Proxy Statement will be brought before the Annual Meeting. If, however, other matters are properly brought before the Annual Meeting, proxies will be voted by the Proxy Committee in accordance with their judgment.

RECORD DATE AND VOTING STOCK

April 25, 2005 has been set as the record date for the purpose of determining the stockholders entitled to notice of, and to vote at, the Annual Meeting. Only holders of the Company's common stock, par value \$0.01 per share (Common Stock), at the close of business on the record date are entitled to notice of, and to vote at, the Annual Meeting or any adjournment(s) or postponement(s) of the Annual Meeting.

As of the record date, there were 33,461,987 shares of Common Stock outstanding. Each outstanding share of Common Stock is entitled to one vote for each director to be elected and upon any other matter to be brought before the stockholders at the Annual Meeting.

The presence in person or by proxy of the holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker non-votes will be included in determining the number of votes present in person or represented by proxy at the Annual Meeting for purposes of determining whether a quorum exists.

With respect to the election of directors, the affirmative vote of a majority of the votes cast at the Annual Meeting and entitled to vote for the election of directors is required to approve the election of each of the director nominees, assuming a quorum is present in person or represented by proxy. Votes may be cast in favor of each of the nominees or withheld for any nominee. Votes that are withheld for any nominee will have the same effect as a vote AGAINST such nominee. Abstentions and broker non-votes will not be counted as votes cast and will not have an effect on the outcome of the election. Approval of the Management Incentive Plan and the Directors Stock Plan Amendment each require the affirmative vote of a majority of the votes cast at the Annual Meeting and entitled to vote on each matter, assuming a quorum is present in

Edgar Filing: AVIALL INC - Form DEF 14A

person or represented by proxy. Abstentions and broker non-votes will not be counted either in favor of or against these proposals. Under the rules of the New York Stock Exchange, brokers holding stock for the accounts of their clients who have not given them specific voting instructions are not allowed to vote client proxies on Proposal No. 2 (relating to the approval of the Management Incentive Plan).

PARTICIPANTS IN THE AVIALL, INC. EMPLOYEES SAVINGS PLAN

If a stockholder is a participant in the Aviall, Inc. Employees Savings Plan and holds shares of Common Stock in the savings plan, the proxy card represents the number of whole shares of Common Stock held for the benefit of the participant in the savings plan as well as any shares of Common Stock registered in the participant's name. Thus, a proxy card for such a participant grants a proxy for shares of Common Stock registered in the participant's name and serves as a voting instruction for the trustees of the savings plan or the account in the participant's name to the extent it represents whole shares in the savings plan. Information as to the voting instructions given by individuals who are participants in the savings plan will not be disclosed to the Company.

Membership. The number of directors comprising the Board of Directors is ten. The current members of the Board of Directors who were previously elected by the holders of Common Stock are Messrs. Fernandez, Fulchino, Schnieders, Wegner, Whitman, Schofield, Clare and Dr. Muzyka. On March 8, 2005, the Board of Directors increased the size of the Board of Directors by one member and elected Ms. Davis to fill the vacancy created by this expansion. On June 12, 2003, affiliates of The Carlyle Group (the "Carlyle Investors") converted all of the Company's outstanding shares of Series D Senior Convertible Participating Preferred Stock, par value \$0.01 per share (the "Series D Redeemable Preferred Stock"), into 11,100,878 shares of Common Stock. Contemporaneous with this conversion, the Board of Directors increased the size of the Board of Directors by two members and appointed Mr. Clare to the class of directors with terms expiring at the 2007 Annual Meeting of Stockholders and Mr. Holt to the class of directors with terms expiring at this Annual Meeting. Pursuant to the terms of an Investor Rights Agreement between the Company and the Carlyle Investors dated June 12, 2003 (the "Investor Rights Agreement"), the Company has agreed, subject to certain conditions, to nominate, elect or appoint two designees of the Carlyle Investors to the Board of Directors as long as the Carlyle Investors beneficially own at least 10% of our Common Stock. Mr. Holt and Mr. Clare currently serve as the designees of the Carlyle Investors under the Investor Rights Agreement. Additional detail regarding the Investor Rights Agreement is set forth in a Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission (the "SEC") on June 13, 2003.

Independence. New York Stock Exchange corporate governance rules require that a majority of the Board of Directors be independent. No director qualifies as independent unless the Board of Directors determines that the director has no direct or indirect material relationship with the Company. In assessing the independence of its members, the Board of Directors examined the commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships of each member. The Board's inquiry extended to both direct and indirect relationships with the Company, including the relationship between the Company, the Carlyle Investors, and the status of Messrs. Clare and Holt as Managing Directors of The Carlyle Group. Based upon discussions regarding the facts and circumstances pertaining to each member considered in the context of applicable New York Stock Exchange corporate governance rules, the rules and regulations of the SEC and the Company's Corporate Governance Guidelines, the Board of Directors has determined that all of the directors are independent, other than Mr. Fulchino.

Meetings. During 2004, the Board of Directors held seven meetings. During 2004, each director attended at least 75% of the meetings held by the Board of Directors and the respective committees of the Board of Directors of which such director was a member, except for Mr. Clare.

The Company's directors are encouraged to attend our annual meetings of stockholders. In 2004, eight members of the Board of Directors attended the 2004 Annual Meeting of Stockholders.

Committees of the Board of Directors

General. During 2004, the committees of the Board of Directors consisted, and currently consist, of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. All committees of the Board of Directors are composed exclusively of directors of the Company.

Each committee operates under a formal charter and in accordance with the Company's Corporate Governance Guidelines. During 2004, the Board of Directors adopted revisions to its Corporate Governance Guidelines as well as its Audit Committee Charter, Compensation Committee Charter and Nominating and Governance Committee Charter. The Board of Directors has determined that all voting members of the committees of the Board of Directors meet the independence requirements of the New York Stock Exchange, the rules and regulations of the SEC, the Company's Corporate Governance Guidelines and the relevant committee charter.

Audit Committee. The Company has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. Ms. Davis serves as our audit committee financial expert as defined in applicable SEC rules and regulations. The Audit Committee met thirteen times in 2004.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence and the performance of the Company's internal audit function and independent registered public accounting firm. Accordingly, the Audit Committee is responsible for:

The Audit Committee charter is attached to this proxy statement as Appendix C.

Edgar Filing: AVIALL INC - Form DEF 14A

Compensation Committee. During 2004, the members of the Compensation Committee were, and currently are, Messrs. Clare (Chairman), Whitman and Schnieders. The Compensation Committee met five times during 2004.

The Compensation Committee assists the Board of Directors in setting the compensation of the Company's executive officers, including cash and stock compensation programs, benefits and other programs. Accordingly, the Compensation Committee is responsible for:

approving and reviewing with the Board of Directors executive compensation philosophy and objectives;

evaluating the performance of the Chief Executive Officer in light of approved goals and objectives;

determining and approving the compensation of the Chief Executive Officer;

evaluating the top four paid senior officers' performances, not including the Chief Executive Officer, in light of approved goals and objectives;

reviewing and recommending changes to existing incentive compensation and equity-based plans and recommending any new plans;

approving appointments, salary changes, incentive plan payouts, stock grants and employment agreements for all other officers and evaluating performance;

approving the executive severance policy for the Company;

developing and overseeing an assessment of management and making recommendations to the Board regarding the assessment; and

preparing on an annual basis a report relating to succession planning for management.

Nominating and Governance Committee. During 2004, the Nominating and Governance Committee was, and currently is, comprised of Messrs. Whitman (Chairman), Schofield and Holt. The Nominating and Governance Committee met four times in 2004. The Nominating and Governance Committee acted unanimously in recommending the nomination of the directors in Proposal One, subject to stockholder approval.

The Nominating and Governance Committee identifies individuals qualified to become members of the Board of Directors, recommends to the Board of Directors the nominees for director in connection with the Company's Annual Meeting of Stockholders, and reviews and recommends modifications to the Corporate Governance Guidelines. Accordingly, the Nominating and Governance Committee is responsible for:

reviewing and recommending candidates to serve on the Board of Directors;

evaluating the qualifications of each candidate for election to the Board of Directors against the independence requirements set forth in the Corporate Governance Guidelines and the criteria for Board of Director membership as established by the Nominating and Governance Committee;

reviewing and recommending the slate of directors to be nominated for election at the Company's Annual Meeting of Stockholders;

reviewing qualifications for membership on all committees of the Board of Directors;

advising the full Board of Directors on all matters concerning directorship practices;

Edgar Filing: AVIALL INC - Form DEF 14A

maintaining, and recommending to the full Board of Directors modifications or amendments to, the Company's Corporate Governance Guidelines;

overseeing the establishment, review and maintenance of an orientation program for the Company's new directors;

developing and overseeing an annual self-assessment of the full Board of Directors;

reviewing the compensation paid to non-management directors and recommending any appropriate changes to such compensation to the full Board of Directors; and

reassessing, on at least an annual basis, the adequacy of the Nominating and Governance Committee's charter, the Company's Corporate Governance Guidelines and the Company's Code of Business Conduct and Ethics.

Process of Identifying and Evaluating Director Nominees

The Nominating and Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected due to retirement, new SEC or New York Stock Exchange regulations or otherwise. In the event that vacancies are anticipated or otherwise arise, the committee considers various potential candidates for director that come to the attention of the committee through the current Board of Director members, stockholders (as described below) or other persons.

The Nominating and Governance Committee has the sole authority to retain a search firm to help the committee fulfill its responsibility of identifying candidates for board membership. The Nominating and Governance Committee also has the authority to approve any such firm's reasonable fees and other terms of retention.

Candidates for the Board of Directors are evaluated at regular or special meetings of the Nominating and Governance Committee throughout the year, and each candidate (whether identified by the committee, by the Company's stockholders or otherwise) will be evaluated using the same standards and in the same manner by the Nominating and Governance Committee.

If, based on the Nominating and Governance Committee's initial evaluation, a candidate continues to be of interest to the Nominating and Governance Committee, the chairman of the Nominating and Governance Committee will interview the candidate and communicate the chairman's evaluation to the other members of the Nominating and Governance Committee and the Chairman of the Board of Directors, President and Chief Executive Officer. Later reviews may be conducted by other members of the Nominating and Governance Committee and senior management. Ultimately, background and reference checks will be conducted and the Nominating and Governance Committee will meet to finalize its list of recommended candidates for consideration by the Board of Directors.

The nomination process described above and the minimum criteria for nominating directors described below is intended to provide a flexible set of guidelines for the effective functioning of the Company's director nomination process. The Nominating and Governance Committee intends to review the nomination process and minimum criteria for nominating directors at least annually and anticipates that modifications will be necessary from time to time as the Company's needs and circumstances evolve, and as applicable legal or listing standards change. The Nominating and Governance Committee may amend the nomination process and minimum criteria for nominating directors at any time.

All directors standing for election at the 2005 Annual Meeting of Stockholders are directors currently serving on the Board of Directors, were recommended by the Nominating and Governance Committee and were approved by a majority of the independent directors on the Board of Directors.

Minimum Criteria for Nominating Directors

The Nominating and Governance Committee Charter sets forth certain specific, minimum qualifications that an individual must possess to be recommended by the Nominating and Governance Committee to the full Board of Directors. Candidates nominated for election or reelection to the Board of Directors by the committee must:

possess high personal and professional ethics, integrity and values, an independent mind and mature judgment;

Edgar Filing: AVIALL INC - Form DEF 14A

have the depth of experience and the availability to perform as a member of the Board of Directors, along with a balance of business interests and experience comparable to, or exceeding, the Company's incumbent or other nominated directors;

possess any required expertise then needed on the Board of Directors or one of its committees; and

be prepared to participate fully in Board of Director activities, including active membership on one or more Board of Director committees and attendance at, and active participation in, meetings of the Board of Directors and any committee of which he or she is a member.

The above criteria are simply minimum qualifications and, ultimately, the Nominating and Governance Committee will recommend to the full Board of Directors individuals who the Nominating and Governance Committee believes will be effective, along with the other members of the Board of Directors, in serving the long-term interests of the Company's stockholders. Candidates are also evaluated based on their background and the need for any required expertise on the full Board of Directors or one of its committees at any particular time.

Stockholder Recommendations of Director Candidates to the Nominating and Governance Committee

As discussed above, the Nominating and Governance Committee will consider individuals recommended by the Company's stockholders to serve on the Board of Directors. Stockholders who wish to recommend individuals for consideration by the Nominating and Governance Committee may do so by submitting a written recommendation to: Director Nominations, c/o Corporate Secretary at P.O. Box 619048, DFW Airport, Texas 75261.

Submissions must include:

the name and address, as they appear in the Company's records, of the record stockholder recommending such individual and the name and address of the beneficial owner, if any, on whose behalf the recommendation is made;

the class and number of shares of the Company's capital stock that are owned of record and beneficially by such record stockholder and by the beneficial owner, if any, on whose behalf the recommendation is made; and

all information regarding the proposed nominee that would be required to be included in a proxy statement soliciting proxies for the proposed nominee.

The submission must be accompanied by a written consent of the individual recommended to stand for election if nominated by the Board of Directors and to serve if elected by the Company's stockholders. In accordance with the Company's Amended and Restated By-Laws, recommendations for nominations for our 2006 Annual Meeting of Stockholders must be received not more than 90 days nor less than 70 days before the first anniversary of the Annual Meeting, to assure time for meaningful consideration and evaluation of all potential nominees by the Nominating and Governance Committee. In the event that the date set for the Company's 2006 Annual Meeting of Stockholders is advanced by more than 20 days or delayed by more than 70 days from the anniversary date of the Annual Meeting, notice by a stockholder to be timely must be delivered not more than the 90 days prior to the Company's 2006 Annual Meeting of Stockholders and not later than (i) the close of business on the later of the 70th day prior to the Company's 2006 Annual Meeting of Stockholders or (ii) the 1st day following the day on which public announcement of the date of the Company's 2006 Annual Meeting of Stockholders is first made.

Stockholder Communications with Board of Directors and Committees

Any stockholder who desires to make his or her concerns known to an individual director, a committee of the Board of Directors, the non-management directors or the entire Board of Directors may do so by mail to: Board of Directors at P.O. Box 619048, DFW Airport, Texas 75261. The Company's Secretary will forward all stockholder communications, other than communications that are not properly directed or are deemed frivolous, to the director, specific committee, non-management directors or the entire Board of Directors, as requested in the communication.

Edgar Filing: AVIALL INC - Form DEF 14A

Any communications to the Company from one of the Company's officers or directors will not be considered stockholder communications. Communications to the Company from one of the Company's employees or agents will only be considered stockholder communications if they are made solely in such employee's or agent's capacity as a stockholder. Any stockholder proposal submitted pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, will not be viewed as stockholder communications.

Executive Sessions

Pursuant to the Company's Corporate Governance Guidelines, the non-management directors of the Company meet at regularly scheduled executive sessions outside the presence of Company management. The Chairman of such executive sessions is designated by vote of the non-management directors and functions as the presiding director at each executive session on an annual basis.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics for directors, officers (including the Company's principal executive officer, principal financial officer and controller) and employees. The Code of Business Conduct and Ethics is available on the Company's website at <http://www.aviall.com> under Investor Relations, and is available in print to any stockholder by written request made to Aviall, Inc., Attention: Investor Relations, P.O. Box 619048, DFW Airport, Texas 75261.

COMPENSATION OF DIRECTORS

Directors who are not employees of the Company (outside directors) were entitled to receive an annual retainer of \$24,375 during 2004 (the Annual Retainer). In addition, outside directors received \$750 for each Board of Directors or committee meeting they attended telephonically and \$1,500 for each Board of Directors or committee meeting they attended in person during 2004. Outside directors who served as chairman of a standing committee received an additional \$5,000 per committee that they chaired. Beginning in March 2005, outside directors will be entitled to receive an Annual Retainer of \$36,563, and the chairman of the Audit Committee will be entitled to receive \$7,500 for chairing that Committee. The meeting attendance fees paid to outside directors are not expected to change for 2005. Directors who are employees of the Company or any of its subsidiaries do not receive any fees for serving on the Board of Directors. Directors are also reimbursed for expenses incurred in attending meetings of the Board of Directors or any committees thereof.

Directors who are not employees of the Company are eligible to participate in the Company's Amended and Restated 1998 Directors Stock Plan (the Directors Stock Plan). Under the Directors Stock Plan, each eligible director may make an election to receive shares of restricted Common Stock in lieu of the Annual Retainer. All eligible directors, other than Dr. Muzyka, participated in the Directors Stock Plan during 2004 in connection with the payment of their respective Annual Retainers. For 2004, the number of shares of Common Stock granted to a participant in the Directors Stock Plan was the nearest number of whole shares of Common Stock which can be purchased for \$30,000 (the Share Value), based on the mean of the highest and lowest sale price for the Common Stock on the grant date as reported on the New York Stock Exchange. In the event that there is an increase or decrease in the Annual Retainer, the Share Value adjusts automatically so that the ratio between the Share Value and the Annual Retainer is maintained. Accordingly, since the Annual Retainer increased to \$36,563 in March 2005, the Share Value increased to \$45,000 for Directors Stock Plan grants made after that time. Effective as of January 2004, shares of Common Stock granted under the Directors Stock Plan are granted automatically on the first New York Stock Exchange trading day in February of each calendar year to each eligible director who has elected to participate in the Directors Stock Plan at least six months prior to that date. However, the Directors Stock Plan Amendment would change this date to January 26th of each year or the first New York Stock Exchange trading day thereafter. See Approval of Directors Stock Plan Amendment (Proposal No. 3).

A director who receives a grant of shares of Common Stock pursuant to the Directors Stock Plan is entitled to receive dividends on, and to vote, such shares. Effective as of January 2004, a director's ownership rights in such shares do not vest until eleven months after the date of grant and then only if the director has continuously served on the Board of Directors during such eleven-month period. However, a participating director who has completed a full term of service prior to the end of the eleven-month period following the date of grant, or whose

service during such eleven-month period was interrupted due to death or disability, will be vested in a pro rata number of such shares. In the event of a Change of Control (as defined in the Directors Stock Plan), all shares previously granted to participating directors shall immediately vest.

Effective as of January 2004, outside directors are eligible to receive options to purchase up to 5,000 shares of Common Stock under the Directors Stock Plan on the first New York Stock Exchange trading day in February of each calendar year. As mentioned above, the Directors Stock Plan Amendment would change this date. See Approval of Directors Stock Plan Amendment (Proposal No. 3). Each grant of options to purchase shares of Common Stock pursuant to the Directors Stock Plan becomes exercisable in full on a date or dates not less than eleven months nor more than five years from the date of grant, so long as the director has served continuously on the Board of Directors during such period. In the event of the death or disability of a director, all outstanding options shall become exercisable in full and may be exercised at any time within one year after such director's death or disability. If a director's service terminates for a reason other than death or disability, the outstanding options may be exercised to the extent that they would be exercisable on the date that is eleven months and one day after the date of such termination and shall expire eleven months and one day after such termination. However, in the event of a Change in Control (as defined in the Directors Stock Plan), all grants of options to purchase shares of Common Stock pursuant to the Directors Stock Plan shall become immediately exercisable. On February 2, 2004, each of Dr. Muzyka and Messrs. Schnieders, Schofield, Wegner, Whitman, Fernandez, Clare and Holt were granted options to purchase 5,000 shares of Common Stock at an exercise price of \$15.375. The options have a 10-year term and vested on February 2, 2005.

On March 27, 2003, the Board of Directors adopted stock ownership guidelines for the outside directors. Under the guidelines, each outside director is expected to own shares of Common Stock with an aggregate value of three times the Annual Retainer within five years. Any outside directors appointed or elected in the future will be encouraged to meet these guidelines within five years of their appointment or election to the Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On June 12, 2003, the Carlyle Investors converted all of the Company's outstanding shares of Series D Redeemable Preferred Stock into 11,100,878 shares of Common Stock, following a reduction by the Board of Directors of the conversion price of the Series D Redeemable Preferred Stock from \$5.80 per share to approximately \$4.62 per share. The shares of Common Stock issued to the Carlyle Investors as a result of the conversion represented approximately 36% of the Company's outstanding Common Stock at the time of the conversion.

Pursuant to a Registration Rights Agreement, entered into in December 2001, the Company agreed to register certain securities owned by the Carlyle Investors and to indemnify the Carlyle Investors against certain liabilities related to the selling of Common Stock, including liabilities arising under the Securities Act of 1933, as amended (the Securities Act). Under the Registration Rights Agreement, the Company also agreed to pay the costs and fees of registering the shares of Common Stock (including the reimbursement of fees paid by the Carlyle Investors to counsel); however, the Carlyle Investors will pay any brokerage commissions, discounts or other expenses relating to the sale of the shares of Common Stock. In late 2003, the Carlyle Investors notified the Company of their election to exercise one of their demand registration rights under the Registration Rights Agreement.

On January 9, 2004, the Company filed a shelf registration statement on Form S-3, registering the offer and sale from time to time of (i) up to \$200,000,000 of the Company's securities described in the registration statement by the Company and (ii) up to 7,000,000 shares of the Common Stock by the Carlyle Investors. The Company filed an amendment to the registration statement on February 26, 2004 and, on March 8, 2004, the SEC declared the registration statement effective. On April 28, 2004, the Carlyle Investors sold 2,500,000 shares of

Common Stock in an underwritten offering under this shelf registration statement. On February 8, 2005, the Carlyle Investors sold an additional 4,000,000 shares of Common Stock in a second underwritten offering under this shelf registration statement.

In March 2002, the Company entered into a Registration Rights Agreement (the "Mezzanine Registration Rights Agreement") with the holders of the Company's then outstanding mezzanine debt, including an affiliate of the Carlyle Investors (the "Mezzanine Investors"), pursuant to which the Company agreed to register the offer and sale of Common Stock acquirable by the Mezzanine Investors upon the exercise of warrants held by them and to indemnify the Mezzanine Investors against certain liabilities related to the selling of the Common Stock, including liabilities arising under the Securities Act. Under the Mezzanine Registration Rights Agreement, the Company also agreed to pay the costs and fees of registering the Common Stock (including the reimbursement of fees paid by the Mezzanine Investors to counsel); however, the Mezzanine Investors will pay any brokerage commissions, discounts or other expenses relating to the sale of the shares of common stock.

On May 1, 2002, the Company filed a shelf registration statement on Form S-3 on behalf of the Mezzanine Investors, registering the offer and sale from time to time of 1,750,000 shares of Common Stock. The Company filed amendments to the registration statement on July 19, 2002 and August 7, 2002, and on August 16, 2002, the SEC declared the registration statement effective.

Under the terms of the Mezzanine Registration Rights Agreement, the Company is required to use its commercially reasonable efforts to cause the registration statement to remain effective until the earlier of the date that (i) all of the shares of Common Stock registered under the Mezzanine Registration Rights Agreement are sold or (ii) the shares of Common Stock acquired by the Mezzanine Investors are eligible for resale pursuant to Rule 144(k) under the Securities Act.

Pursuant to the terms of certain of the above agreements, the Company is obligated to reimburse the Carlyle Investors and to otherwise pay certain fees and expenses incurred in connection with the transactions described in those agreements. During 2004, the Company reimbursed the Carlyle Investors or otherwise paid approximately \$225,000 of such fees and expenses.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table presents information known to the Company about the beneficial ownership of Common Stock as of April 15, 2005 by (i) all persons and entities who the Company believes beneficially own 5% or more of the Company's outstanding Common Stock (ii) each of the named executive officers of the Company; (iii) each director and nominee director of the Company and (iv) all of the directors and executive officers as of April 15, 2005 as a group. For purposes of this Proxy Statement, Paul E. Fulchino, Colin M. Cohen, Dan P. Kommenovich, Charles M. Kienzle and James T. Quinn are referred to as the "named executive officers" of the Company.

The information regarding beneficial ownership of Common Stock by the entities who the Company believes beneficially own 5% or more of the outstanding Common Stock identified below is included in reliance on reports filed with the SEC by such entities, except that the percentage is based upon calculations made in reliance upon the number of shares of Common Stock reported to be beneficially owned by such entity in such report and the number of shares of Common Stock outstanding on April 15, 2005.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Introduction

During 2004, the Compensation Committee had responsibility for the Company's executive compensation practices and policies.

During 2004, the members of the Compensation Committee were, and currently are, Messrs. Clare (Chairman), Whitman and Schnieders, all of whom are outside directors and not officers or employees of the Company or its subsidiaries. The Board of Directors has determined that all members of the Compensation Committee in 2004 and the current members of the Compensation Committee meet the independence requirements of the New York Stock Exchange, the rules and regulations of the SEC and the Company's Corporate Governance Guidelines.

The members of the Compensation Committee are not eligible to participate in the compensation plans or programs administered by the Compensation Committee. The members of the Compensation Committee are eligible to participate in the Directors Stock Plan, which is administered by the Nominating and Governance Committee.

This report regarding the Company's compensation policies during fiscal year 2004 is being submitted by the members of the Compensation Committee.

Executive Pay Policy

The Company's compensation programs are intended to attract, retain and motivate the key people necessary to lead the Company to achieve its strategic objective of increased stockholder value over the long-term, reflecting the Compensation Committee's belief that executive compensation should seek to align the interests of the Company's executives with those of its stockholders. The program is performance based and utilizes three components: (a) base salary, (b) short-term incentives and (c) long-term compensation in the form of both stock options and restricted stock.

In establishing compensation, the Compensation Committee seeks to provide a mix of base salary and short and long-term incentive compensation that provides executives with a competitive total compensation package. The Compensation Committee sets compensation in this manner to ensure that the Company's compensation practices do not competitively disadvantage the Company in its efforts to retain and attract key executives while maintaining its cost structure. During 2004, the Compensation Committee reviewed the Company's compensation structure, including the mix of base salary, short-term and long-term incentive compensation.

Base Salary

Effective January 1, 2000, Paul E. Fulchino, was elected Chairman, President and Chief Executive Officer of the Company. In connection with his election to these positions, Mr. Fulchino entered into an employment agreement with the Company. See Compensation of Executive Officers Employment and Severance Arrangements Employment Agreement. Pursuant to the terms of his employment agreement and as determined by the Board of Directors, Mr. Fulchino's minimum base salary for 2004 was \$512,481.

Short-Term Incentive Payments

Under the 2004 short-term incentive program, all executive officers, including Mr. Fulchino, were eligible to receive an aggregate bonus award of up to 120% of their base salary, subject to the Company or a specific business unit of the Company meeting specific EBIT and working capital objectives. These bonus awards were payable two-thirds in cash and one-third in shares of restricted Common Stock.

In January 2005, Mr. Fulchino was awarded a cash bonus of \$592,512. This amount includes the cash portion of Mr. Fulchino's bonus under the 2004 short-term incentive program, as well as an additional discretionary bonus of \$250,000 to reward Mr. Fulchino for his continuous outstanding efforts and leadership in securing the significant long-term supplier contracts obtained since Mr. Fulchino joined the Company. In addition, in January 2005 Mr. Fulchino was granted 7,544 shares of restricted Common Stock pursuant to the 2004 short-term incentive program. The shares of restricted Common Stock vest on the third anniversary of the grant date and are subject to the terms of the Aviall, Inc. 1998 Stock Incentive Plan (the 1998 Stock Incentive Plan).

In connection with the Compensation Committee's review of total compensation, the bonus opportunities for all executive officers in 2005, including Mr. Fulchino, were set at 120% of base salary, and allocated two-thirds in cash and one-third in shares of restricted Common Stock.

Stock Options

During 2004, the 1998 Stock Incentive Plan was administered by the Board of Directors and the Compensation Committee. The 1998 Stock Incentive Plan is designed to provide incentive compensation to the Company's executive officers and other key management personnel. The grants are long-term incentives for further performance, which are designed to align the interests of management with those of the Company's stockholders.

Mr. Fulchino was granted options to purchase 88,000 shares of Common Stock in January 2004. At the same time, the Compensation Committee also approved stock option grants to the other executive officers and certain key employees. The number of options granted to a specific individual was dependent upon such individual's potential for promotion based upon the individual's current performance and such individual's expected impact on the Company's future performance. All options were granted at the fair market value at the time of grant. These options vest 33% on the first anniversary, 33% on the second anniversary, and 34% on the third anniversary of the date of grant.

Stock Ownership

Upon the Compensation and Nominating Committee's recommendation in 1993, the Board of Directors approved voluntary executive stock ownership guidelines for the Company's Chief Executive Officer, executive officers and certain other individuals. The guidelines are intended to encourage key employees to become substantial stockholders. Under the guidelines, the Company's Chief Executive Officer is expected to own shares of Common Stock with an aggregate value of three times his or her then-current base salary within five years of appointment to such position. Within such time period, all other executive officers are expected to own shares of Common Stock with a value of 1.5 times their base salary and the remaining individuals subject to the policy who are not executive officers are expected to own shares having a value of one-half times their annual base salary. During 2004, the Compensation Committee reviewed the progress of the Company's executives against these guidelines, and during 2005, the Compensation Committee will continue this review.

The Compensation Committee periodically reviewed the potential impact of the \$1.0 million deduction limitation on executive compensation for the top five executives which was implemented as part of the Omnibus Budget Reconciliation Act of 1993. Due, in part, to the Company's existing net operating loss carryforward, the Compensation Committee believed that no action was necessary during 2004. During 2005, the Compensation Committee intends to continue to evaluate the Company's potential exposure to the deduction limitation on an annual basis. As a result of this review, the Compensation Committee and the Board of Directors decided to submit the Management Incentive Plan to our stockholders for approval. See Approval of Management Incentive Plan (Proposal No. 2).

Employment and Severance Arrangements

Employment Agreement. The Company is a party to an employment agreement, as amended (the *Employment Agreement*), with Mr. Fulchino pursuant to which Mr. Fulchino serves as the Company's Chairman, President and Chief Executive Officer. Under the *Employment Agreement*, Mr. Fulchino receives an annual base salary of at least \$472,500 and is eligible to receive incentive compensation of not less than 100% of his base salary (although he is not guaranteed any specific amount of incentive compensation). Mr. Fulchino is also entitled to supplemental term life insurance of \$900,000, supplemental disability insurance with long-term disability benefits equal to 60% of his base salary, and other employee benefits made generally available to the Company's senior executives. The *Employment Agreement* expires on December 31, 2005. In the event of an involuntary termination of his employment (other than for Cause (as defined in the *Employment Agreement*) or his death or disability), Mr. Fulchino would receive severance pay in an amount equal to the greater of two times his then-current base salary or the base salary for the remainder of the term of the *Employment Agreement*. Pursuant to the *Employment Agreement*, on December 21, 1999, Mr. Fulchino was granted options to purchase 500,000 shares of Common Stock at an exercise price of \$7.3125 per share, the fair market value of the Common Stock on the grant date. Mr. Fulchino exercised these options in February 2005.

Severance Agreements. The Company has entered into an Amended and Restated Severance Agreement (a *Severance Agreement*) with each of its executive officers. The *Severance Agreements* become operative only upon a Change in Control (as defined in the *Severance Agreements*). The *Severance Agreements* provide that if, within a two-year period following a Change in Control (as defined in the *Severance Agreements*), the Company terminates the employment of such executive officer for reasons other than death, disability or Cause (as defined in the *Severance Agreements*), or the executive officer terminates employment with the Company for Good Reason (as defined in the *Severance Agreements*), the executive officer is entitled to receive a severance payment in an amount equal to a multiple of two or three (depending upon the terms of the particular *Severance Agreement*) times the sum of (i) such executive officer's then-current base salary and (ii) an amount equal to the greater of such executive officer's (1) incentive compensation for the current fiscal year (assuming the Company had reached target performance for that year) or (2) incentive compensation paid or payable to the executive for the most recently completed fiscal year. The executive officer is also entitled to continue to receive health and life insurance benefits for a period of one year following his or her termination upon a Change in Control (as defined in the *Severance Agreements*). The *Severance Agreements* further provide that if any amount payable thereunder or otherwise to the executive officer is determined to be an excess parachute payment under the Internal Revenue Code of 1986, as amended (the *Code*), such executive officer would be entitled to receive an additional payment (net of income taxes) equal to the excise tax imposed under the *Code* on such payment.

Severance Pay Plan. The Company maintains an Amended and Restated Severance Pay Plan (the *Severance Pay Plan*) for the benefit of all full-time employees, including executive officers. The *Severance Pay Plan* provides that if the Company terminates an eligible employee's employment for any reason other than Cause (as defined in the *Severance Pay Plan*), the employee is entitled to receive severance pay in an amount determined in accordance with the terms of the *Severance Pay Plan*. For executive officers, the severance pay is an amount equal to a multiple of one or two (as the case may be) times the sum of (i) the executive's then-current

base salary and (ii) the greater of such executive officer's (1) target incentive payment for the year in which his employment was terminated or (2) incentive payment for the most recently completed fiscal year. Payments under the Severance Pay Plan are made in installments (a one or two-year period for executive officers) unless the employee's employment is terminated within one year following a Change in Control (as defined in the Severance Pay Plan). In that circumstance, the severance payment is made in a lump sum. The Severance Pay Plan provides that in the event that an employee is terminated under circumstances in which he or she is entitled to receive severance payment under any other written agreement (including the Employment Agreement and the Severance Agreements described in the preceding paragraphs), the employee is not entitled to receive the benefits intended to be provided under the Severance Pay Plan.

The use of the assumed 5% and 10% annual rates of stock price appreciation is established by the SEC and is not intended by the Company to forecast possible appreciation of the price of the shares of Common Stock.

RETIREMENT BENEFITS

The Company covers all employees who earn one year of eligibility service (as defined in the Aviall, Inc. Retirement Plan (the Retirement Plan)) and attain age 21, including executive officers, and two employees located internationally under the Retirement Plan. Benefits payable under the Retirement Plan are based on an employee's career earnings with the Company and its subsidiaries. At normal retirement age of 65, a participant is entitled to a monthly pension benefit payable for life. The annual pension benefit, when paid in the form of a life annuity with no survivor's benefits, is generally equal to the sum of 1.45% of the first \$15,600 of Basic Compensation (as defined in the Retirement Plan), plus 1.85% of the portion of the Basic Compensation in excess of \$15,600 during each such year while a participant in the Retirement Plan.

Benefits under the Retirement Plan vest at the earlier of the completion of five years of vesting service or upon reaching age 65. However, in the event of a Change of Control (as defined in the Retirement Plan) all employee-participants will be fully vested, and the term accrued benefit will include certain severance payments under the Severance Pay Plan and other severance payments under Change of Control severance agreements, and will also include the value of early retirement benefits for any employee-participant age 45 or above or with 10 or more years of service. These benefits are not subject to any reduction for Social Security benefits or other offset amounts. An employee's pension benefits may be paid in certain alternative forms having actuarially equivalent values.

The maximum annual benefit under a qualified pension plan is currently \$170,000 beginning at the Social Security retirement age, which is currently age 65. The maximum compensation and bonus that may be taken into account in determining annual retirement accruals is currently \$210,000. The Company maintains a non-qualified, unfunded benefit plan, called the Aviall, Inc. Benefit Restoration Plan (the Benefit Restoration Plan), which covers those participants in the Retirement Plan, including those named below, whose benefits are reduced under the Code or other United States laws. A participant in the Benefit Restoration Plan who is vested in his or her benefits under the Retirement Plan is

Edgar Filing: AVIALL INC - Form DEF 14A

entitled to a benefit equal to the difference between (i) the amount of benefits that the participant would be entitled to under the Retirement Plan if no statutory reductions applied to such benefits and, if applicable, if Basic Compensation included the value of any restricted stock rights awarded to the participant under the Aviall, Inc. Bonus Plan; and (ii) the amount of benefits the participant is entitled to under the Retirement Plan and the Ryder System, Inc. Retirement Plan. Benefits under the Benefit Restoration Plan are paid in the same manner, as of the same date and subject to the same conditions as the benefits payable

under the Retirement Plan. However, in the event of a Change of Control (as defined in the Retirement Plan), all participants will be fully vested for purposes of eligibility for benefits under the Benefit Restoration Plan, and the lump sum value of the benefits owing under the Benefit Restoration Plan (along with the amounts necessary to cover all federal income taxes owing on the benefits and these amounts) will be paid immediately to the participant.

The following table sets forth the combined estimated annual pension benefits under the Retirement Plan and the Benefit Restoration Plan to each named executive officer (in the form of a single life annuity), based on the amounts set forth in the Salary column of the Summary Compensation Table plus historical bonus and historical restricted stock grants. These amounts assume such executive officer remains continuously employed at current salary levels until retirement at the normal retirement date, which is the date on which such named executive officer reaches age 65. The table excludes possible future bonus amounts and future restricted stock grants because of the discretionary and variable nature of such compensation.

Name	Amount
Paul E. Fulchino	\$ 136,293
Colin M. Cohen	64,091
Dan P. Komnenovich	126,210
Charles M. Kienzle	103,691
James T. Quinn	74,156

The Company also maintains the Aviall, Inc. Supplemental Executive Retirement Income Plan (the Executive Retirement Plan) that further covers the current Chief Executive Officer of the Company, Mr. Fulchino (the CEO), and key officers of the Company designated by the Board of Directors as eligible to participate in the Executive Retirement Plan. The named executive officers are currently eligible to participate in the Executive Retirement Plan.

Monthly benefits payable under the Executive Retirement Plan are equal to (i) two percent (2%), or three percent (3%) in the case of the CEO, of the participant's average monthly rate of compensation for three successive calendar years, out of the six previously completed calendar years, that give the highest average monthly rate of compensation, multiplied by (ii) the participant's number of years of Credited Service (as defined in the Executive Retirement Plan), not to exceed 25 years, or in the case of the CEO, 16 2/3 years, less (iii) the sum of the participant's monthly benefits under the Retirement Plan, the Benefit Restoration Plan, the Ryder System, Inc. Retirement Plan and Social Security. The CEO's years of Credited Service is equal to two times his actual number of years of service with the Company, but in no event shall it exceed 16 2/3 years.

A participant is entitled to the monthly benefits as described above upon retirement at the age of 65 or later. A participant is also entitled to monthly benefits (based upon compensation and Credited Service to date) upon retirement at an earlier age, upon disability, or upon other employment termination after being vested in all or a portion of his or her benefits based on completed Years of Vesting Service (as defined in the Executive Retirement Plan). The CEO's Years of Vesting Service is equal to two times his years of vesting service under the Retirement Plan. A participant who has five or more Years of Vesting Service but less than ten Years of Vesting Service will be vested in 75% of his or her benefits, and a participant with ten or more Years of Vesting Service will be vested in 100% of his or her benefits. If a participant is terminated for Cause (as defined in the Executive Retirement Plan), he or she will not be vested in any benefits, regardless of his or her Years of Vesting Service. In addition, a participant's surviving spouse is entitled to death benefits upon a participant's death before benefits otherwise commence. A participant's benefits may be paid in the same manner and form, as of the same date and subject to the same conditions as the benefits payable under the Retirement Plan.

In the event of a Change of Control (as defined in the Retirement Plan) certain participants who, within three years of the Change of Control, are involuntarily terminated other than for Cause (as defined in the Executive Retirement Plan) or voluntarily terminate their employment, will (i) be fully vested in their benefits,

(ii) receive two additional years of Credited Service, or in the case of the CEO, four additional years of Credited Service and (iii) have two years added to their age for certain early retirement purposes. In addition, upon a Change of Control, the Company must establish a trust or other funding arrangement that is subject to the claims of the Company's general creditors for the purpose of funding the benefits payable under the Executive Retirement Plan. The Company also must contribute to the trust the amount necessary to fund 100% of the then-present value of the benefits payable under the Executive Retirement Plan to the participants when they reach age 65.

The following table sets forth, for the final average yearly compensation and years of credited service indicated, the total annual retirement benefits payable under the Executive Retirement Plan, the Retirement Plan, the Benefit Restoration Plan and the Ryder System Inc. Retirement Plan upon retirement at age 65. These amounts also include benefits payable under Social Security. The amounts marked with an asterisk (*) are calculated based upon the three percent (3%) formula for the determination of the CEO's benefits.

A participant's annual compensation generally includes the amounts set forth in the Salary and Bonus columns of the Summary Compensation Table, and so long as the participant does not terminate his or her employment voluntarily or is not terminated for Cause (as defined in the Executive Retirement Plan), also includes the value of restricted Common Stock that was awarded to a participant, or if the participant does terminate his or her employment voluntarily or is terminated for Cause (as defined in the Executive Retirement Plan), then the value of restricted Common Stock that was awarded and that has vested.

The estimated years of credited service under the Executive Retirement Plan as of December 31, 2004, for the persons named in the Summary Compensation Table are as follows: Mr. Fulchino, 10 years; Mr. Cohen, 2.1 years; Mr. Komnenovich, 16.1 years; Mr. Kienzle, 20 years; and Mr. Quinn, 11 years. Pursuant to the terms of the Executive Retirement Plan, the years of credited service for Mr. Fulchino set forth above equal two times the actual number of years of his service.

The benefits as set forth in the table above are based on the benefits being payable in the form of a life only annuity with no survivor's benefits; however, benefits will be payable under the Executive Retirement Plan in the form elected by the participant under the Retirement Plan which includes several optional forms of joint and survivor annuities and a ten years certain and life annuity.

(Proposal No. 2)

On March 24, 2005, the Board of Directors adopted, subject to approval by the Company's stockholders, the Management Incentive Plan. If the Management Incentive Plan is approved by the Company's stockholders at the Annual Meeting, it would provide certain executive officers of the Company and its Subsidiaries with incentive compensation which is tied to the achievement of pre-established, objective performance goals in a manner that is substantially similar to how incentive compensation has been paid to the Company's executive officers in the past. The Management Incentive Plan further formalizes the Company's incentive compensation program, and is being submitted to the Company's stockholders primarily due to considerations under Section 162(m) of the Code. Under Section 162(m), stockholder approval is necessary for the Company to deduct compensation in excess of \$1 million that is paid to certain executive officers. However, if the Management Incentive Plan is approved by the Company's stockholders, compensation paid pursuant to its terms will not count towards this \$1 million limit.

The following description of the Management Incentive Plan is qualified in its entirety by reference to the actual text of the Management Incentive Plan, which is attached to this proxy statement as Appendix A.

Management Incentive Plan Summary

General. The purpose of the Management Incentive Plan is to advance the interests of the Company and its stockholders by identifying and rewarding superior performance and providing competitive compensation to attract, motivate, and maintain executive officers who have outstanding skills and abilities and who achieve superior performance and by fostering accountability and teamwork throughout the Company. If adopted by the stockholders, the effective date of the Management Incentive Plan will be January 1, 2005, and the Management Incentive Plan will remain in effect until it is terminated by the Board of Directors of the Company.

Compensation Committee's Authority. The Management Incentive Plan will be administered by the Compensation Committee, who has full authority to (i) designate the executive officers who are eligible to participate in the Management Incentive Plan; (ii) establish the performance goals and achievement levels for each participant; and (iii) establish and certify the achievement of the performance goals. In addition, except as provided in the next sentence, the Compensation Committee may delegate its authority and responsibilities under the Management Incentive Plan to the Company's chief executive officer. However, with respect to Covered Employees (being employees for whom the limitation on deductibility for compensation pursuant to Section 162(m) of the Code is applicable), any decision concerning the awarding of incentive compensation for Covered Employees will be made exclusively by the members of the Compensation Committee who are at that time outside directors, as that term is used in Section 162(m) of the Code and the treasury regulations promulgated thereunder.

Eligibility. All nine executive officers of the Company are eligible to participate in the Management Incentive Plan. Unless another period is selected by the Compensation Committee, for each fiscal year of the Company for payment of incentive compensation, referred to as a Performance Period, the Compensation Committee will select the particular executive officers to whom incentive compensation may be awarded in accordance with performance goals. With respect to Covered Employees, the Compensation Committee must make its determination within the first ninety days of the Performance Period. To the extent permitted by the Compensation Committee, executive officers who participate in the Management Incentive Plan may also participate in other incentive compensation or benefit plans of the Company or any subsidiary.

Individual Performance Goals. For each Performance Period, the Compensation Committee may, but is not be required to, establish one or more individual performance goals for each participant. Any individual performance goal established for a Covered Employee must be determined solely in the discretion of the Compensation Committee, and the level of achievement of any such individual performance goal must be determined by the Compensation Committee.

The Compensation Committee may delegate to the Company's chief executive officer the authority, but not the obligation, to establish individual performance goals for participants other than the chief executive officer, referred to as subordinate employees. If the chief executive officer establishes individual performance goals for subordinate employees, the Company's chief executive officer must, within ninety days after the beginning of the Performance Period, deliver a written report to the Compensation Committee setting forth the individual performance goals and, within sixty days after the end of the Performance Period, deliver a written report to the Compensation Committee setting forth a determination of the level of achievement of the individual performance goals. The Compensation Committee will consider, but will not be bound by, the recommendations and determinations of the Company's chief executive officer with respect to the individual performance goals of subordinate employees.

Determination of Goals and Incentive Compensation.

Establishment of Business Unit and Company Performance Goals. No later than the ninetieth day of the Performance Period, the Compensation Committee must approve and deliver to the chief executive officer a written report setting forth:

the business unit performance goals (as described below) for the Performance Period;

Company performance goals (as described below) for the Performance Period;

the threshold, target, and maximum achievement levels for business unit performance goals and Company performance goals for the Performance Period;

with respect to each participant, incentive compensation as a percentage of base pay for achievement of threshold, target and maximum achievement levels and the relative weighting of each performance goal in determining the participant's incentive compensation; and

a schedule setting forth payout opportunity as a percentage of base pay for threshold, target and maximum achievement levels.

The Compensation Committee may delegate to the chief executive officer the determinations under the items above for each participant who is a subordinate employee and is not a Covered Employee, which the chief executive officer shall report to the Compensation Committee. The Compensation Committee will consider, but is not bound by, the recommendations and determinations of the chief executive officer with respect to such items.

Notwithstanding the foregoing, the amount of the business unit performance goals and company performance goals for any Performance Period will be reduced to take into account the negative effects on the attained level of the applicable performance goal of the following events, the occurrence of which were not certain at the time the performance goal was initially established, (each, a Subsequent Event Adjustment), unless the Committee determines not to make the Subsequent Event Adjustment and the effect of not making such an adjustment is to reduce or eliminate the amount of incentive compensation awarded to a participant:

- (i) the reclassification, refinancing or restructuring of the debt or equity capital of the Company or any subsidiary;
- (ii) the write-off or reduction in carrying value of assets of the Company or its subsidiaries;

Edgar Filing: AVIALL INC - Form DEF 14A

- (iii) changes in relevant accounting principles regarding the calculation of the performance goal;
- (iv) severance payments to executive employees or in connection with a reduction in work force;
- (v) increases in pension or retirement funding obligations resulting from changes in applicable legal requirements;
- (vi) costs incurred in connection with the registration and sale of securities owned by third parties pursuant to contractual obligations of the Company or its subsidiaries;

(vii) costs associated with discontinued operations of the Company or its subsidiaries; and

(viii) any other item that the Compensation Committee establishes as a possible Subsequent Event Adjustment at the time the relevant performance goal is approved and delivered to the chief executive officer for the Performance Period.

The determination of the amount of any such reduction will be made by the Compensation Committee in consultation with the Company's independent auditor or compensation consultant. Any such reduction will be consistent with and otherwise not contrary to the provisions of Section 162(m) of the Code and the treasury regulations promulgated thereunder.

Categories of Business Unit Performance Goals. The business unit performance goals established by the Compensation Committee for any Performance Period may differ among participants and business units. For each participant or business unit, the business unit performance goals will be based on either performance of the business unit or performance of a group of employees. Performance criteria for a business unit will be related to the achievement of financial and operating objectives of the business unit, including such factors as: sales, pretax earnings, net earnings, earnings before interest and taxes, operating expenses, inventory control, working capital turnover, or other objectively measurable factors directly tied to the performance of the business unit. Performance criteria for a group of employees will be related to the overall performance of the group of employees, taking into account, among other measures of performance, the attainment of business unit or employee group goals and objectives.

Company Performance Goals. The Company performance goals established by the Compensation Committee for any Performance Period will relate to the achievement of predetermined financial objectives for the Company and its subsidiaries on a consolidated basis, including earnings before interest and taxes and working capital turnover, as well as the other factors listed above, applied to the Company and its subsidiaries.

Certification. Within forty-five days after the end of each Performance Period, the chief executive officer will report to the Compensation Committee the extent to which business unit performance goals and individual performance goals were achieved for the Performance Period. As soon as practicable following the finalizing of the Company's financial results for any Performance Period and receipt of the report of the chief executive officer, the Compensation Committee will certify:

the extent to which the Company achieved its Company performance goals for the Performance Period;

the extent to which each business unit achieved its business unit performance goals for the Performance Period;

the calculation of the participants' incentive compensation; and

the determination by the Compensation Committee of the amount of incentive compensation, if any, to be paid to each participant for the Performance Period.

In determining whether performance goals have been achieved and incentive compensation is payable for a given Performance Period, generally accepted accounting principles will be applied on a basis consistent with prior periods, and such determinations will be based on the calculations made by the Company and binding on each participant.

Earned Award Based on Level of Achievement. If at least the threshold achievement of a performance goal is achieved, then the incentive compensation that may be paid to a participant will be based on a percentage of the participant's base pay. The percentage of base pay will be set

Edgar Filing: AVIALL INC - Form DEF 14A

forth in a predetermined schedule that correlates the level of achievement of a performance goal to an earned award set forth as a percentage of base pay.

Payment of Incentive Compensation.

Form and Time of Payment. Subject to the provisions below and except as otherwise provided in the Management Incentive Plan, a participant's incentive compensation for each Performance Period will be paid as soon as practicable after the fiscal year-end results for such Performance Period have been finalized. The payment will be in the form of (i) a cash lump sum, (ii) an award of restricted shares under the Aviall, Inc. 1998 Stock Incentive Plan or any successor equity compensation plan approved by the Company's stockholders, or (iii) a combination of (i) and (ii), as the Compensation Committee, in its sole and absolute discretion, determines. If all or part of an incentive compensation payment is to be made in the form of an award of restricted shares, the number of shares will be determined by dividing the appropriate amount of the incentive compensation to be paid in restricted shares by the closing price of the Common Stock on the day the Compensation Committee approves the payment of the incentive compensation. If the foregoing calculation results in a fractional share, the value of the fractional share will be paid to the participant as a cash lump sum. The Management Incentive Plan does not independently authorize the issuance of shares of Common Stock, nor does it increase the number of shares of Common Stock currently available for issuance pursuant to the Company's equity compensation plans.

Incentive compensation under the Management Incentive Plan is granted pursuant to performance criteria established by the Compensation Committee, which may vary from year to year and from participant to participant. Therefore, benefits under the Management Incentive Plan are generally not determinable.

Forfeiture Upon Termination Prior to Date of Payment. If a participant's employment with the Company and its subsidiaries terminates for any reason other than death, disability, or retirement during a Performance Period or after a Performance Period but prior to the date of actual payment of the incentive compensation, then such participant will immediately forfeit any right to receive any incentive compensation hereunder for such Performance Period.

Pro Rata Payment for Death, Disability, or Retirement; New Hires.

(a) **Death, Disability, or Retirement.** If during a Performance Period a participant's employment is terminated by reason of the participant's death, disability, or retirement, then the participant will, if the Compensation Committee so determines, be eligible to receive a pro rata portion of the incentive compensation that would have been payable to the participant, if he or she had remained employed, based on the number of days worked during the Performance Period and calculated on the basis of his or her base pay received for the Performance Period. The incentive compensation will be paid at the time and in the manner set forth above.

(b) **New Hires; Promotions.** Any individual who is newly-hired or becomes eligible to participate in the Management Incentive Plan during a Performance Period and who is selected by the Compensation Committee to participate in the Management Incentive Plan will be eligible to receive a pro rata portion of the incentive compensation to which he or she could have been entitled if he or she had been employed for the full Performance Period, based on the number of days during the Performance Period during which he or she is a participant in the Management Incentive Plan and calculated on the basis of his or her base pay received for the Performance Period. The incentive compensation will be paid at the time and in the manner set forth above.

Change of Control. In the event of a Change of Control (as defined in the Management Incentive Plan) during a Performance Period, the Compensation Committee may, in its sole discretion, take such action with respect to the Management Incentive Plan and any incentive compensation payable during the Performance Period as is consistent with and otherwise not contrary to the provisions of Section 162(m) of the Code and the treasury regulations thereunder, as the Compensation Committee determines is in the best interest of the Company.

Limitation on Total Incentive Compensation. The maximum incentive compensation payable to any participant with respect to any fiscal year cannot exceed the lesser of (i) two hundred (200%) of base pay or (ii) \$2,000,000.

Federal Income Tax Consequences

The following is a brief summary of certain federal income tax consequences relating to the transactions described under the Management Incentive Plan. This summary does not purport to address all aspects of federal income taxation and does not describe state, local, or foreign tax consequences. This discussion is based upon provisions of the Code, the treasury regulations issued under the Code, and judicial and administrative interpretations under the Code and treasury regulations issued thereunder, all as in effect as of the date hereof, and all of which are subject to change (possibly on a retroactive basis) or different interpretation.

New Law Affecting Deferred Compensation. In 2004, a new Section 409A was added to the Code to regulate all types of deferred compensation. If the requirements of Section 409A of the Code are not satisfied, deferred compensation and earnings thereon will be subject to tax as it vests, plus an interest charge at the underpayment rate plus 1% and a 20% penalty tax. Certain performance awards and certain types of restricted stock are subject to Section 409A of the Code and, to the extent the Management Incentive Plan is subject to and does not comply with Section 409A of the Code with respect to any such award, the Management Incentive Plan may be amended to the extent necessary.

Tax Consequences to Participants. The recipient of cash will be subject to tax at ordinary income rates on the amount of the award on the date of payment or delivery, unless the award otherwise becomes subject to taxation under the Code, including Section 409A of the Code. The recipient of restricted shares generally will be subject to tax at ordinary income rates on the excess, if any, of the fair market value of the restricted shares at such time as the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (Restrictions), over the amount paid, if any, by the participant for such restricted shares. However, a recipient may make an election under Section 83(b) of the Code within thirty days of the date of transfer of the restricted shares to recognize ordinary income on the date of transfer of the restricted shares equal to the excess of the fair market value of such restricted shares (determined without regard to the Restrictions) over the purchase price, if any, of such restricted shares. If an election under Section 83(b) of the Code has not been made, any dividends received with respect to restricted shares generally will be treated as compensation that is taxable as ordinary income to the participant. At the time of sale of such restricted shares, any gain or loss realized will be treated as either short-term or long-term capital gain or loss depending on the holding period. For purposes of determining any gain or loss realized, the recipient's tax basis will be the amount previously taxable as ordinary income.

In limited circumstances where the sale of Common Stock received as a result of a grant or award could subject an executive officer to suit under Section 16(b) of the Securities Exchange Act of 1934, as amended, the tax consequences to the executive officer may differ from the tax consequences described above. In these circumstances, unless a special election under Section 83(b) of the Code has been made, the principal difference (in cases where the executive officer would otherwise be currently taxed upon his or her receipt of the common stock) usually will be to postpone valuation and taxation of the Common Stock received so long as the sale of the Common Stock received could subject the executive officer to suit under Section 16(b) of the Securities Exchange Act of 1934, but no longer than six months.

Federal Tax Withholding. Any ordinary income realized by a participant upon receipt of cash or restricted shares is subject to withholding of federal, state and local income tax and to withholding of the participant's share of tax under the Federal Insurance Contribution Act and the Federal Unemployment Tax Act.

Deferred compensation that is subject to Section 409A of the Code is subject to federal income tax withholding if it does not conform with the requirements of Section 409A of the Code by January 1, 2006.

Tax Consequences to the Company or Subsidiary. To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the participant performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an excess parachute payment within the meaning of Section 280G of the Code.

Other Tax Matters. If a participant's rights under the Management Incentive Plan are accelerated as a result of a Change in Control (as defined in the Management Incentive Plan) and the participant is a disqualified individual under Section 280G of the Code, the value of any such accelerated rights received by such participant may be included in determining whether such participant has received an excess parachute payment under Section 280G of the Code, which could result in (i) the imposition of a twenty percent (20%) federal excise tax (in addition to federal income tax) payable by the participant on the value of such accelerated rights, and (ii) the loss by the Company of its compensation deduction.

The Board of Directors recommends a vote FOR approval of the Aviall, Inc. Management Incentive Plan.

APPROVAL OF DIRECTORS STOCK PLAN AMENDMENT

(Proposal No. 3)

On March 24, 2005, the Board of Directors adopted, subject to approval by the Company's stockholders, the Directors Stock Plan Amendment. If the proposed amendment is approved by the Company's stockholders at the Annual Meeting, the grant date for the issuance of shares of restricted Common Stock and options pursuant to the Directors Stock Plan would change from the first New York Stock Exchange trading day in February of each calendar year to January 26th of each calendar year, or if such date in any year is not a New York Stock Exchange trading day, then the first New York Stock Exchange trading day thereafter, effective as of January 1, 2006. A copy of the proposed form of the Directors Stock Plan Amendment as approved by the Board of Directors is attached to this proxy statement as Appendix B and is incorporated herein by reference.

The Board of Directors believes it is in the best interests of the Company to change the grant date to January 26th of each calendar year, or if such date in any year is not a New York Stock Exchange trading day, then the first New York Stock Exchange trading day thereafter, to more closely coincide with the date that options and restricted Common Stock are traditionally issued to the Company's employees, including the executive officers. The date upon which employees are granted options and restricted Common Stock is generally a function of when the Company's year-end earnings are approved for publication in the form of a press release. In connection with the recent acceleration of the required filing date for the Company's Annual Report on Form 10-K pursuant to the rules of the SEC, this approval is typically occurring earlier than in the past. Accordingly, the Board of Directors approved the Directors Stock Plan Amendment to advance the grant date under the Directors Stock Plan to a date that is more likely to closely correspond with the grant of options and restricted stock to the Company's employees in the future.

Directors Stock Plan Summary

General. The Directors Stock Plan was approved by the Company's stockholders at the 1998 Annual Meeting of Stockholders. The Directors Stock Plan affords the Company the ability to attract and retain persons of outstanding competence to serve as members of the Board of Directors of the Company and to provide a direct link between director compensation and stockholder value. The Directors Stock Plan permits the Board of Directors, at the eligible non-employee director's election, to grant shares of Common Stock in lieu of payment of an annual retainer fee to the non-employee director and to grant options exercisable for shares of Common Stock (Option Rights) to a non-employee director who is eligible to participate in the Directors Stock Plan.

Shares Authorized for Issuance. The number of shares of Common Stock that may be granted under the Directors Stock Plan, in the form of shares of Common Stock or options exercisable for shares of Common Stock, may not exceed 397,500 shares of Common Stock (subject to adjustment as provided in the Directors Stock Plan). Shares of Common Stock granted pursuant to the Directors Stock Plan may be authorized but unissued shares, reacquired shares, or both.

Eligibility. Members of the Board of Directors who are not employees of the Company or any of its subsidiaries at the time of a grant are eligible to participate in the Directors Stock Plan. A director who is an employee and who retires or resigns from employment with the Company or any of its subsidiaries, but remains a director, is eligible to participate in the Directors Stock Plan at the time of such termination of employment. A director who is eligible to participate in the Directors Stock Plan may elect to participate in the plan and receive grants of Common Stock of the Company, in lieu of his Annual Retainer for service as a director of the Company, by delivering a written notice to such effect to the Board of Directors or to any committee authorized by the Board of Directors to administer the Directors Stock Plan. An election to participate in the Directors Stock Plan must be made at least six months prior to the date of any grant under the plan and shall remain in effect until revoked in writing by the participating director.

Edgar Filing: AVIALL INC - Form DEF 14A

Stock Grants. Under the Directors Stock Plan, each eligible director that has elected to participate in the plan shall receive an annual grant of shares of Common Stock on the first New York Stock Exchange trading day

in February equal to the number of whole shares that can be purchased for the Share Value based on the mean of the highest and the lowest sale price for the Common Stock on the grant date as reported on the New York Stock Exchange. The Share Value automatically adjusts to reflect increases or decreases in the Annual Retainer paid to the directors so that the current ratio between the Annual Retainer and the Share Value is maintained. The amount of the Annual Retainer increased to \$36,563 in March 2005. Accordingly, the Share Value increased to \$45,000 for Directors Stock Plan grants made after that time. See Compensation of Directors. If the Directors Stock Plan Amendment is approved by the Company's stockholders, the annual grant of shares of Common Stock would occur on January 26 of each calendar year, or the first New York Stock Exchange trading day thereafter, effective as of January 1, 2006.

A director who receives a grant of shares of Common Stock pursuant to the Directors Stock Plan is entitled to receive dividends on, and to vote, such shares. A director's ownership rights in such shares would not vest until eleven months after the date of grant, and then subject to the director's continuous service on the Board of Directors during such eleven-month period. In addition, if the director leaves the Board of Directors prior to the end of the eleven-month period, or if his or her service during the eleven-month period is interrupted due to death or disability, the director will be vested in a pro rata number of such shares based upon the portion of the eleven-month period that had elapsed prior to the interruption of his service. In the event of a Change of Control (as defined in the Directors Stock Plan), all shares previously granted to participating directors shall immediately vest.

Any shares of Common Stock granted in lieu of receipt of the Annual Retainer may not be assigned, transferred, pledged, hypothecated or otherwise disposed of before the shares have vested.

Option Rights. The Board of Directors may, from time to time and upon such terms and conditions as it may determine, grant Option Rights on the first New York Stock Exchange trading day in February to any director who is eligible to participate in the Directors Stock Plan. If the Directors Stock Plan Amendment is approved by the Company's stockholders, the Option Rights would be granted on January 26 of each calendar year, or the first New York Stock Exchange trading day thereafter, effective as of January 1, 2006. Each such grant must specify a purchase price per share, payable upon exercise, that is not less than the mean of the highest and the lowest sale price for the Common Stock on the grant date as reported on the New York Stock Exchange. Any grant of Option Rights shall expire not more than ten years from the date of grant. The Board of Directors cannot grant to any one eligible director Options Rights for more than 5,000 shares of Common Stock during any fiscal year.

Any grant of Option Rights shall be exercisable in full on the date or dates set forth in the agreement granting the Option Rights. The vesting period shall not be less than eleven months nor more than five years from the date of grant, so long as the director has served continuously as a director of the Company during such period. All outstanding non-vested Option Rights shall become exercisable in full immediately upon a Change in Control (as defined in the Directors Stock Plan).

In the event of the death or disability of the holder of any Option Rights, each then outstanding Option Right shall become exercisable in full and may be exercised at any time within one year after such death or disability, but in no event after the Option Rights have expired. In the event of the termination of service other than by death or disability, the holder of Option Rights may exercise the Option Rights to the extent they would be exercisable on the date that is eleven months and one day after the date of termination, and the Option Rights shall expire eleven months and one day after such termination, or on their expiration date, whichever occurs first.

The exercise price of any Option Rights is payable (i) in cash or by check acceptable to the Company; (ii) by the actual or constructive transfer to the Company of shares of Common Stock which are owned by the exercising director for a period of at least six months and having a value at the time of exercise equal to the total exercise price of such option; or (iii) by a combination of the foregoing payment methods. In addition, any grant of Option Rights may provide for deferred payment of the exercise price of the option from the proceeds of sale through a bank or broker of some or all of the shares to which such exercise relates.

Administration and Amendments. The Directors Stock Plan is to be administered by the Board of Directors, except that the Board of Directors has the authority under the Directors Stock Plan to delegate any or all of its powers under the Directors Stock Plan to a duly authorized committee of the Board of Directors. Under the direction of the Board of Directors, the Nominating and Governance Committee is responsible for annually reviewing the terms of the Directors Stock Plan and, if necessary, recommending changes to the Directors Stock Plan to the Board of Directors.

The Board of Directors is authorized to interpret the Directors Stock Plan, to prescribe, amend and rescind any rules and regulations relating to the Directors Stock Plan, and to make all determinations necessary or advisable for the administration of the Directors Stock Plan. The Board of Directors may, from time to time, amend the Directors Stock Plan in any manner without further approval of the stockholders, except where so required by the terms of the Directors Stock Plan, applicable law or the rules and regulations of a national securities exchange.

Adjustments. The maximum number of shares of Common Stock reserved for grants under the Directors Stock Plan, the maximum number of shares of Common Stock that the Board of Directors can grant to any one eligible director during any fiscal year, the number of shares of Common Stock covered by outstanding Option Rights, and the exercise price and the kind of shares specified therein, are subject to adjustment by the Board of Directors to reflect any stock split, stock dividend, recapitalization, merger, consolidation, reorganization, combination or exchange of shares or similar event.

Plan Benefits

The Company cannot currently determine the number of shares of Common Stock that will be made as stock grants or that will be subject to options granted in the future to its directors under the Directors Stock Plan. The following table sets forth information with respect to the stock grants made and stock options awarded to the Company's directors (other than Mr. Fulchino who is not eligible to participate in the Directors Stock Plan) under the Directors Stock Plan as of April 15, 2005. No further benefits are anticipated to be granted to eligible directors in 2005.

Peter J. Clare	3,013	13,000	1,062

(1) In 2005, Dr. Muzyka elected to receive his Annual Retainer in cash in lieu of receiving Common Stock.

As of April 15, 2005, 397,500 shares of Common Stock were authorized for issuance under the Directors Stock Plan, of which an aggregate of 266,637 shares have been issued or are issuable upon the exercise of outstanding options, leaving 130,863 shares currently available for issuance under the Directors Stock Plan.

Federal Income Tax Consequences

Edgar Filing: AVIALL INC - Form DEF 14A

The following is a brief summary of certain federal income tax consequences relating to the transactions described under the Directors Stock Plan as set forth below. This summary does not purport to address all aspects of federal income taxation and does not describe state, local, or foreign tax consequences. This discussion is

based upon provisions of the Code, the treasury regulations issued under the Code, and judicial and administrative interpretations under the Code and treasury regulations issued thereunder, all as in effect as of the date hereof, and all of which are subject to change (possibly on a retroactive basis) or different interpretation.

New Law Affecting Deferred Compensation. In 2004, a new Section 409A was added to the Code to regulate all types of deferred compensation. If the requirements of Section 409A of the Code are not satisfied, deferred compensation and earnings thereon will be subject to tax as it vests, plus an interest charge at the underpayment rate plus 1% and a 20% penalty tax. Certain types of restricted stock grants and certain types of stock options are subject to Section 409A of the Code and, to the extent the Directors Stock Plan is subject to and does not comply with Section 409A of the Code with respect to any such award, the Directors Stock Plan may be amended to the extent necessary.

Tax Consequences to Participants

Common Stock Grants. The recipient of a grant of shares of Common Stock generally will be subject to tax at ordinary income rates on the excess, if any, of the fair market value of the shares of Common Stock at such time as the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (Restrictions), over the amount paid, if any, by the participant for such shares of Common Stock, unless the grant otherwise becomes subject to taxation under the Code, including Section 409A of the Code. However, a recipient may make an election under Section 83(b) of the Code within 30 days of the date of transfer of the shares of Common Stock to recognize ordinary income on the date of transfer of the shares of Common Stock equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such shares. If an election under Section 83(b) of the Code has not been made, any dividends received with respect to shares of Common Stock prior to the time those shares are no longer subject to forfeiture or Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant. At the time of sale of such shares, any gain or loss realized will be treated as either short-term or long-term capital gain (or loss) depending on the holding period. For purposes of determining any gain or loss realized, the recipient's tax basis will be the amount previously taxable as ordinary income.

Option Rights. In general, unless the Option Right otherwise becomes subject to taxation under the Code, including Section 409A of the Code, (i) no income will be recognized by an optionee at the time an Option Right is granted; (ii) at the time of exercise of an Option Right, ordinary income will be recognized by the optionee in an amount equal to the excess, if any, of the fair market value of the Common Stock on the date of exercise over the exercise price, if the Common Stock is unrestricted; and (iii) at the time of sale of shares acquired pursuant to the exercise of an Option Right, appreciation (or depreciation) in value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on the holding period. Such long-term capital gain may be eligible for reduced rates if applicable holding period requirements are satisfied.

Tax Consequences to the Company

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an excess parachute payment within the meaning of Section 280G of the Code.

Other Tax Matters

If a director's rights under the Directors Stock Plan are accelerated as a result of a Change of Control and the director is a disqualified individual under Section 280G of the Code, the value of any such accelerated rights received by such director may be included in determining whether or

Edgar Filing: AVIALL INC - Form DEF 14A

not such director has received an excess parachute payment under Section 280G of the Code, which could result in (i) the imposition of a 20% Federal excise tax (in addition to Federal income tax) payable by the director on the value of such accelerated rights, and (ii) the loss by the Company of a compensation deduction.

Market Value of the Securities

As of April 15, 2005, the market value of the Common Stock was \$29.18 per share, based on the closing price of the Common Stock on the New York Stock Exchange on that date.

The Board of Directors recommends a vote FOR approval of the Amendment to the Directors Stock Plan.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth information as of December 31, 2004 with respect to compensation plans under which shares of Common Stock may be issued:

Plan Category	Number of Securities	Weighted Average	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in the first column)

Any Individual Performance Goal established for a Covered Employee shall be determined solely in the discretion of the Committee, and the level of achievement of any such Individual Performance Goal shall be determined by the Committee.

A-4

The Committee may delegate to the CEO the authority, but not the obligation, to establish Individual Performance Goals for Subordinate Employees; in such event, the CEO shall, within ninety (90) days after the beginning of a Performance Period deliver a written report to the Committee setting forth such Individual Performance Goals and, within sixty (60) days after the end of a Performance Period shall deliver a written report to the Committee setting forth a determination of the level of achievement of such Individual Performance Goals by such Participants. The Committee shall consider, but shall not be bound by, the recommendations and determinations of the CEO with respect to such Individual Performance Goals.

Article V

Determination of Goals and Incentive Compensation

5.1 *Establishment of Business Unit and Company Performance Goals.* No later than the ninetieth (90th) day of the Performance Period, the Committee shall approve and deliver to the Chief Executive Officer of the Company a written report setting forth: (i) the Business Unit Performance Goals for the Performance Period, (ii) Company Performance Goals for the Performance Period, (iii) the Threshold, Target, and Maximum Achievement levels for Business Unit Performance Goals and Company Performance Goals for the Performance Period, (iv) with respect to each Participant, Incentive Compensation as a percentage of Base Pay for achievement of Threshold, Target, and Maximum Achievement levels and the relative weighting of each Performance Goal in determining the Participant's Incentive Compensation, and (v) a schedule setting forth payout opportunity as a percentage of Base Pay for Threshold, Target, and Maximum Achievement levels. The Committee may delegate to the CEO to establish and report to the Committee for each Participant who is a Subordinate Employee the determinations under items (i) through (v) above. The Committee shall consider, but shall not be bound by, the recommendations and determinations of the CEO with respect to such items. Notwithstanding the foregoing, the amount of the Business Unit Performance Goals and Company Performance Goals for any Performance Period shall be reduced to take into account the negative effects on the attained level of the applicable Performance Goal of the following events, the occurrence of which were not certain at the time the Performance Goal was initially established, (each, a Subsequent Event Adjustment), unless the Committee determines not to make the Subsequent Event Adjustment and the effect of not making such an Adjustment is to reduce or eliminate the amount of Incentive Compensation awarded to a Participant:

- (ix) the reclassification, refinancing or restructuring of the debt or equity capital of the Company or any Subsidiary;
- (x) the write-off or reduction in carrying value of assets of the Company or its Subsidiaries;
- (xi) changes in relevant accounting principles regarding the calculation of the Performance Goal;
- (xii) severance payments to executive employees or in connection with a reduction in work force;
- (xiii) increases in pension or retirement funding obligations resulting from changes in applicable legal requirements;
- (xiv) costs incurred in connection with the registration and sale of securities owned by third parties pursuant to contractual obligations of the Company or its Subsidiaries;
- (xv) costs associated with discontinued operations of the Company or its Subsidiaries; and
- (xvi) any other item that the Committee establishes as a possible Subsequent Event Adjustment at the time the relevant Performance Goal is approved and delivered to the CEO for the Performance Period.

Edgar Filing: AVIALL INC - Form DEF 14A

The determination of the amount of any such reduction shall be made by the Committee in consultation with the Company's independent auditor or compensation consultant. Any such reduction shall be consistent with and otherwise not contrary to the provisions of Section 162(m) of the Code and the treasury regulations promulgated thereunder.

A-5

5.2 Categories of Business Unit Performance Goals. The Business Unit Performance Goals established by the Committee for any Performance Period may differ among Participants and Business Units. For each Participant or Business Unit, the Business Unit Performance Goals shall be based on criteria in one or more of the following categories: (a) performance of the Business Unit or (b) performance of a group of employees. Performance criteria for a Business Unit shall be related to the achievement of financial and operating objectives of the Business Unit, including such factors as: sales, pretax earnings, net earnings, EBIT, operating expenses, inventory control, Working Capital Turnover, or other objectively measurable factors directly tied to the performance of the Business Unit. Performance criteria for a group of employees shall be related to the overall performance of the group of employees, taking into account, among other measures of performance, the attainment of Business Unit or employee group goals and objectives.

5.3 Company Performance Goals. The Company Performance Goals established by the Committee for any Performance Period shall relate to the achievement of predetermined financial objectives for the Company and its Subsidiaries on a consolidated basis, including EBIT and Working Capital Turnover, as well as the other factors listed in *Section 5.2* above, applied to the Company and its Subsidiaries.

5.4 Certification. Within forty-five (45) days after the end of each Performance Period, the CEO shall report to the Committee the extent to which Business Unit Performance Goals and Individual Performance Goals were achieved for the Performance Period. As soon as practicable following the finalizing of the Company's financial results for any Performance Period and receipt of the report of the CEO, the Committee shall certify: (i) the extent to which the Company achieved its Company Performance Goals for the Performance Period, (ii) the extent to which each Business Unit achieved its Business Unit Performance Goals for the Performance Period, (iii) the calculation of the Participants' Incentive Compensation, and (iv) the determination by the Committee of the amount of Incentive Compensation, if any, to be paid to each Participant for the Performance Period. In determining whether Performance Goals have been achieved and Incentive Compensation is payable for a given Performance Period, generally accepted accounting principles shall be applied on a basis consistent with prior periods, and such determinations shall be based on the calculations made by the Company and binding on each Participant.

5.5 Earned Award Based on Level of Achievement. If Threshold Achievement is attained with respect to a Performance Goal, then the Incentive Compensation that may be paid to such Participant with respect to such Performance Goal shall be based on the percentage of Base Pay and the Committee's predetermined schedule which sets forth the earned award as a percentage of Base Pay; for example, if (i) Threshold Achievement of a Performance Goal is 85% and 50% of Base Pay is earned at that level, (ii) the Performance Goal level actually achieved is 90% and, pursuant to the Committee's predetermined schedule, 75% of Base Pay is earned for that level of achievement, then the earned award for such Performance Goal is 75% of Base Pay.

Article VI

Payment of Incentive Compensation

6.1 Form and Time of Payment. Subject to the provisions of *Sections 6.2* and *6.3* below and except as otherwise provided herein, a Participant's Incentive Compensation for each Performance Period shall be paid as soon as practicable after the Fiscal Year-end results for such Performance Period have been finalized. The payment shall be in the form of (i) a cash lump sum, or (ii) an award of restricted shares under the Aviall, Inc. 1998 Stock Incentive Plan or any successor equity compensation plan approved by the Company's stockholders under which Participants are eligible to participate, or (iii) a combination of (i) and (ii), as the Committee, in its sole and absolute discretion, shall determine. If all or part of an Incentive Compensation payment is to be made in the form of an award of restricted shares, (i) the number of shares shall be determined by dividing the appropriate amount of the Incentive Compensation to be paid in restricted shares by the closing price of the Company's common stock on the day the Committee approves the payment of the Incentive Compensation, and (ii) the value of any fractional shares shall be paid in a cash lump sum.

6.2 Forfeiture Upon Termination Prior to Date of Payment. If a Participant's employment with the Company and all of its Subsidiaries terminates for any reason other than death, Disability, or Retirement during a Performance Period or after a Performance Period but prior to the date of actual payment in accordance with *Section 6.1* above, then such Participant will immediately forfeit any right to receive any Incentive Compensation hereunder for such Performance Period.

6.3 Pro Rata Payment for Death, Disability, or Retirement; New Hires.

(a) *Death, Disability, or Retirement.* If during a Performance Period a Participant's employment is terminated by reason of the Participant's death, Disability, or Retirement, then such Participant shall, if the Committee so determines, be eligible to receive a pro rata portion of the Incentive Compensation that would have been payable to such Participant, if he or she had remained employed, based on the number of days worked during the Performance Period and calculated on the basis of his or her Base Pay received for the Performance Period. Such Incentive Compensation shall be paid at the time and in the manner set forth in *Section 6.1* hereof.

(b) *New Hires; Promotions.* Any individual who is newly-hired or becomes an Eligible Employee during a Performance Period and who is selected by the Committee to participate in the Plan shall be eligible to receive a pro rata portion of the Incentive Compensation to which he or she could have been entitled if he or she had been employed for the full Performance Period, based on the number of days during the Performance Period during which he or she is a Participant in the Plan and calculated on the basis of his or her Base Pay received for the Performance Period. Such Incentive Compensation shall be paid at the time and in the manner set forth in *Section 6.1* hereof.

6.4 Change of Control. In the event of a Change of Control during a Performance Period, the Committee may, in its sole discretion, take such action with respect to the Plan and any Incentive Compensation payable during such Performance Period as is consistent with and otherwise not contrary to the provisions of Section 162(m) of the Code and the treasury regulations promulgated thereunder, as the Committee determines is in the best interest of the Company.

6.5 Limitation on Total Incentive Compensation. Notwithstanding any provision to the contrary contained herein, the maximum Incentive Compensation payable to any Participant with respect to any Fiscal Year shall not exceed the lesser of (i) 200% of Base Pay, or (ii) \$2,000,000.

Article VII

Miscellaneous Provisions

7.1 Non-Assignability. A Participant may not alienate, assign, pledge, encumber, transfer, sell or otherwise dispose of any rights or benefits awarded hereunder prior to the actual receipt thereof; and any attempt to alienate, assign, pledge, sell, transfer or assign prior to such receipt, or any levy, attachment, execution or similar process upon any such rights or benefits shall be null and void.

7.2 No Right To Continue In Employment.
