INDEPENDENT AUDITORS' REPORT

To the Stockholders and Board of Directors

Wells Real Estate Investment Trust II, Inc.

Atlanta, Georgia

We have audited the accompanying statement of revenues over certain operating expenses of International Financial Tower (the Building) for the year ended December 31, 2005. This statement is the responsibility of the Building's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Building's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Building's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues over certain operating expenses was prepared for the purpose of complying with the rules of the Securities and Exchange Commission, as described in Note 2, and is not intended to be a complete presentation of International Financial Tower's revenues and expenses.

In our opinion, the statement of revenues over certain operating expenses referred to above presents fairly, in all material respects, the revenues and certain operating expenses described in Note 2 of International Financial Tower for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Notes to Statements of Revenues Over Certain Operating Expenses

For the year ended December 31, 2005 (audited)

and the nine months ended September 30, 2006 (unaudited)

1. Description of Real Estate Property Acquired

On October 31, 2006, Wells Real Estate Investment Trust II, Inc. (Wells REIT II), through a wholly owned subsidiary, acquired International Financial Tower (the Building), a 19-story office building containing approximately 629,922 square feet located on approximately 1.9 acres in Jersey City, New Jersey from Financial Tower Jersey City, L.P. (the Seller). Total consideration for the acquisition was approximately \$193.6 million. Wells REIT II is a Maryland corporation that engages in the acquisition and ownership of commercial real estate properties throughout the United States. Wells REIT II was incorporated on July 3, 2003 and has elected to be taxed as a real estate investment trust for federal income tax purposes.

2. Basis of Accounting

The accompanying statements of revenues over certain operating expenses are presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest and corporate expenses. Therefore, the statements will not be comparable to the statements of operations of the Building after its acquisition by Wells REIT II.

3. Significant Accounting Policies

Rental Revenues

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of rental income recognized over the amounts due pursuant to the lease terms is recorded as straight-line rent receivable. The adjustment to straight-line rent receivable decreased rental revenue by approximately \$1.61 million for the year ended December 31, 2005 and decreased rental revenue by approximately \$0.03 million for the nine months ended September 30, 2006.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Table of Contents**International Financial Tower****Notes to Statements of Revenues Over Certain Operating Expenses (continued)****For the year ended December 31, 2005 (audited)****and the nine months ended September 30, 2006 (unaudited)****4. Description of Leasing Arrangements**

The Building is approximately 100% leased, with Pershing, LLC (Pershing) and NTT Data USA, LLC (NTT) leasing approximately 97% of the Building's rentable square footage under long-term lease agreements. Pershing and NTT contributed approximately 70% and 26%, respectively, of rental income for the year ended December 31, 2005. Under the terms of the Pershing and NTT leases, each tenant is required to reimburse to the landlord its proportionate share of the Building's operating expenses in excess of a base year. The remaining rentable square footage is leased to various office and retail tenants under lease agreements with terms that vary in length and with various reimbursement clauses.

5. Future Minimum Rental Commitments

Future minimum rental commitments for the years ended December 31 are as follows (in thousands):

2006	\$ 16,494
2007	17,150
2008	16,815
2009	16,264
2010	16,832
Thereafter	171,117
	\$ 254,672

Subsequent to December 31, 2005, Pershing and NTT will contribute approximately 85% and 14%, respectively, of the future minimum rental income from the leases in place at that date.

6. Ground Lease

During the year ended December 31, 2005 and the nine months ended September 30, 2006, fee title to the land on which the Building is situated was held by an affiliated entity of the Seller, which leased the land to the Seller. The Building recognized ground lease expense of approximately \$6.6 million for the year ended December 31, 2005 and approximately \$5.0 million for the nine months ended September 30, 2006. Prior to Wells REIT II's acquisition of the Building, the Seller terminated the ground lease and acquired the land from its affiliated entity. Wells REIT II acquired fee title to the land as part of its acquisition of the Building. As such, the Building will not incur ground lease expense in the future.

7. Interim Unaudited Financial Information

The statement of revenues over certain operating expenses for the nine months ended September 30, 2006 is unaudited; however, in the opinion of management, all adjustments (consisting solely of normal, recurring adjustments) necessary for the fair presentation of the financial statement for the interim period have been included. The results of the interim period are not necessarily indicative of the results to be obtained for a full fiscal year.
