PROXY STATEMENT

FOR

2010 ANNUAL MEETING OF STOCKHOLDERS

June 16, 2010

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The Board of Directors of the Company is furnishing this Proxy Statement to you in connection with the solicitation of proxies for use at our 2010 Annual Meeting of Stockholders to be held on June 16, 2010, at 10:00 a.m., local time, at the offices of Greenberg Traurig LLP, One International Place, Boston, Massachusetts 02110, or any adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying Notice of our 2010 Annual Meeting of Stockholders.

These proxy solicitation materials are first being mailed on or about [May 19], 2010 to all our stockholders entitled to notice of and to vote at the Annual Meeting.

Record Date

Our Board of Directors has fixed the close of business on May 14, 2010 as the Record Date for the determination of our stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment(s) or postponement(s) thereof.

Shares Outstanding

As of April 15, 2010 and the record date, we had issued and outstanding 43,034,782 shares of Common Stock, par value \$0.001 per share. In the U.S., our Common Stock is listed on the NASDAQ Global Market (symbol: INVE) and on the regulated market (Prime Standard) of the Frankfurt Stock Exchange (symbol: INV).

Voting Rights

Each stockholder of record on the record date will be entitled to one vote per share of Common Stock held on the Record Date on all matters submitted for consideration of, and to be voted upon by, the stockholders at the Annual Meeting. The election of directors shall be determined by a plurality of the votes cast: each stockholder will be entitled to vote for one nominee to our Board of Directors, and the nominee with the greatest number of votes will be elected to the Board of Directors. No stockholder will be entitled to cumulative votes at the Annual Meeting for the election of any members of our Board of Directors. The proposals to increase the number of shares of Common Stock authorized and the proposal to change the name of the Company require the affirmative vote of the holders of a majority of the outstanding Common Stock. The proposal to approve our 2010 Bonus and Incentive Plan and the proposal to ratify the appointment of Deloitte & Touche GmbH as our independent registered public accountants for the fiscal year ending December 31, 2010 require a majority of the votes cast.

Voting Procedures

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company LLC, you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to vote in person at the meeting. If you choose to do so, you can bring your proxy

card or vote using the ballot provided at the meeting. However, even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you hold your shares in street name through a stockbroker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of shares held in street name. Because a beneficial owner is not a stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote those shares at the meeting. If you wish to attend the Annual Meeting and vote in person, you will need to contact your broker, bank or nominee to obtain a legal proxy.

If any stockholder is unable to attend the Annual Meeting, the stockholder may vote by proxy as follows:

Internet. A stockholder can submit a proxy over the Internet by following the instructions provided in the Notice or on the separate proxy card.

Telephone. A stockholder can submit a proxy over the telephone by following the instructions provided on the separate proxy card.

Mail. A stockholder can submit a proxy by mail by completing, signing and returning the separate proxy card in the prepaid and addressed envelope included with the proxy materials.

You are urged to specify your choices on the proxy submitted by Internet, telephone or mail. If you are a stockholder of record and you submit a proxy, whether in person, by mail, by telephone or over the Internet, but do not specify how you want to vote on a proposal, in the absence of contrary instructions, the shares of Common Stock represented by such proxy will be voted FOR all proposals, and will be voted in the proxy holders discretion as to other matters that may properly come before the Annual Meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on your behalf on matters to be considered at the meeting.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is one-third (1/3) of the shares of our Common Stock issued and outstanding as of the Record Date. Shares voted FOR, AGAINST or WITHHELD from a matter voted upon by the stockholders at the Annual Meeting will be treated as being present at the Annual Meeting for purposes of establishing a quorum for the transaction of business, and will also be treated as shares represented and voting at the Annual Meeting with respect to any such matter.

Abstentions and broker non-votes are each included in determining the number of shares present and voting at the Annual Meeting for purposes of determining the presence or absence of a quorum, and each is tabulated separately. Abstentions with respect to any matter other than the election of directors (Proposal 1) will be treated as shares present or represented by proxy and entitled to vote on that matter and will thus have the same effect as negative votes. Under recent rule changes, the election of directors is no longer a routine matter as to which brokerage firms may vote in their discretion on behalf of clients who have not furnished voting instructions. Because the Company has a plurality voting standard, however, broker non-votes will not affect the outcome of the vote on this proposal.

If shares are not voted by the bank, broker or other financial institution which is the record holder of the shares and which does not receive voting instructions from the beneficial owners of those shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to any matter, these non-voted shares, or broker non-votes, are deemed not to be entitled to vote on the matter and accordingly are not counted for purposes of determining whether stockholder approval of that matter has been obtained with respect to Proposals 2, 3, and 4.

Vote Required

The election of directors at the Annual Meeting requires the affirmative vote of a plurality of the votes cast at the Annual Meeting.

The approval of amendments to the Certificate of Incorporation that would increase the number of shares of Common Stock authorized and change the name of the Company from SCM Microsystems, Inc. to Identive Group, Inc. requires the affirmative vote of a majority of the outstanding shares of Common Stock.

The approval of our 2010 Bonus and Incentive Plan and to ratify the appointment of Deloitte & Touche GmbH as our independent registered public accountants for the fiscal year ending December 31, 2010 requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

All votes will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Solicitation of Proxies

The cost of soliciting proxies will be borne by us. We may reimburse brokerage firms, banks and other persons representing the beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by our directors, officers or regular employees without additional compensation.

Revocability of Proxies

Your proxy is revocable at any time before it is voted at the Annual Meeting either by delivering to us a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If you have executed and returned a proxy and are present in person at the Annual Meeting and wish to vote at the Annual Meeting, you may elect to do so by notifying the Inspector of Elections, thereby suspending the power of the proxy holders to vote the proxy previously delivered by you. Attendance at the Annual Meeting, however, will not by itself revoke a proxy previously delivered to us.

Annual Report and Other Matters

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, which was made available to stockholders with or preceding this proxy statement, contains financial and other information about our company, but is not incorporated into this proxy statement and is not to be considered a part of these proxy soliciting materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, or Exchange Act.

We will also provide, without charge to each stockholder of record as of the record date, copies of our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, this Proxy Statement, and the related Proxy Card. Requests for copies may be made in writing directed to our executive offices at 1900 Carnegie Avenue, Building B, Santa Ana, California 92705, attn: Investor Relations, or by telephone at (949) 553-4251, or by e-mailing us at ir@scmmicro.com.

Director Independence

Our Board of Directors has reviewed the independence of each of our directors and each director nominee and considered whether any director or nominee has had a material relationship with the Company or our management that could compromise his ability to exercise independent judgment in carrying out his duties and responsibilities. As a result of this review, our Board of Directors affirmatively determined that each non-employee director nominee and all of our non-employee directors are independent under the corporate governance standards of the Marketplace Rules of the NASDAQ Stock Market and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

In connection with the determination of independence of Daniel S. Wenzel, the Board of Directors considered Mr. Wenzel's relationship with the Company's largest stockholder, Mountain Partners AG, of which Mr. Wenzel is a co-founder and partner. The Board of Directors determined that such relationship would not compromise Mr. Wenzel's ability to exercise independent judgment in carrying out his duties and responsibilities. In agreeing to serve as a member of our Board of Directors, Mr. Wenzel must act independently of Mountain Partners AG in discharging his fiduciary duties to stockholders of the Company and also is obligated not to disclose to Mountain Partners AG or use for his own benefit any confidential information that he may obtain during his service on the Board of Directors. The Board of Directors determined that such relationship would not compromise Dr. Liebler's ability to exercise independent judgment in carrying out his duties and responsibilities. In agreeing to serve as a member of our Board of Directors, Dr. Liebler must act independently of Lincoln Vale European Partners in discharging his fiduciary duties to stockholders of the Company and also is obligated not to disclose to Lincoln Vale European Partners or use for his own benefit any confidential information that he may obtain during his service on the Board of directors. Dr. Liebler disclaims shared voting or dispositive power over any securities held by the fund.

The Board of Directors believes that combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy and provides an effective leadership model for the Company. In light of the active involvement by all independent directors, the Board of Directors has not specified a lead independent director at this time. The Board of Directors believes that the current structure of the Board of Directors is appropriate to effectively manage the affairs of the Company and the best interests of the Company's stockholders.

The Board of Directors' Role in Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Board Meeting Attendance

Our Board of Directors held ten meetings in 2009, of which nine were physical meetings and one was a telephonic meeting. During 2009, we had four standing committees: an Audit Committee, a Compensation Committee, a Nominating Committee and a Strategic Advisory Committee. Each current committee, with the exception of the Strategic Advisory Committee, has a written charter which is available on the Corporate Governance page within the Investor Relations section of our website at www.scmmicro.com and www.identive-group.com. The Strategic Advisory Committee has not yet met and has not yet adopted a charter. The Board of Directors may choose to amend its committee charters from time to time. All members of our Board committees are appointed by the Board of Directors and are non-employee directors. From time to time the Board of Directors may choose to create additional committees. Each of our directors attended at least 75% of the meetings of the Board of Directors and applicable committee meetings during 2009, except for Mr. Turner, who attended 65% of the Board of Directors and applicable committee meetings.

During each physical Board of Directors' meeting and additionally as needed, our independent directors meet without Company management present to address any issues they determine to be appropriate.

Communications with the Board of Directors

Although we do not have a formal policy regarding communications between our stockholders and our Board of Directors, stockholders may communicate with the Board of Directors by sending an email to ir@scmmicro.com or by writing to the Board of Directors at: Identive Group, Inc., 1900 Carnegie Avenue, Building B, Santa Ana, California 92705, Attention: Investor Relations. The Investor Relations staff will forward such communication to the Board of Directors or to any individual director or directors to whom the communication is directed as applicable, if the communication is relevant to the Company's business and financial operations, policies or corporate philosophy. If the communication is unduly hostile, threatening, illegal or similarly inappropriate, or advertisements, solicitations for periodicals or other subscriptions, and other similar communications are received, the Investor Relations staff has the authority to discard the communication or take appropriate legal action regarding the communication.

Director Attendance at Stockholder Meetings

We do not have a policy regarding director attendance at stockholder meetings. One director attended the 2009 Annual Meeting of Stockholders.

Committees of the Board of Directors

The Board of Directors currently has Audit, Compensation, Nominating and Strategic Advisory Committees. All members of these committees are appointed by the Board of Directors and are non-employee directors. From time to time the Board of Directors may choose to create additional committees.

POLICY FOR DIRECTOR RECOMMENDATIONS AND NOMINATIONS

The primary role of the Nominating Committee is to develop and recommend to the Board of Directors criteria for identifying and evaluating director candidates and to establish a procedure for consideration of director candidates recommended by our stockholders. The Nominating Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, the Nominating Committee seeks to identify and evaluate potential candidates at meetings of the Nominating Committee, which can take place at any point during the year.

Candidates may come to the attention of the Board of Directors through current Board members, professional search firms, stockholders or other parties. All candidates are evaluated based on a review of the individual's qualifications, skills, independence and expertise. The Nominating Committee will consider candidates submitted by stockholders as nominees for election as Directors of the Company. Stockholders wishing to have the Nominating Committee consider a candidate should submit the name(s) and supporting information to Corporate Secretary, Identive Group, Inc., 1900 Carnegie Avenue, Building B, Santa Ana, California 92705 and should include the following information: (a) the name(s) and address(es) of the stockholder(s) making the recommendation and of the persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote for the election of Directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in the proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by the Board of Directors; (e) the consent of each nominee to serve as a director of the Company if so elected; and (f) appropriate biographical information and a statement as to the qualifications of the candidate. Written notice of a nomination must be received by us within the timeframe described under "Stockholder Proposals for 2011 Annual Meeting of Stockholders" above.

As part of its selection process, the Nominating Committee may consider recommendations of director candidates with diverse backgrounds and experience who are expected to enhance the quality of the Board of Directors, serve stockholders' long-term interests and contribute to our overall corporate goals. Pursuant to our Corporate Governance Guidelines, we endeavor to have a Board of Directors representing diverse experience at policy-making levels in various areas that are relevant to our global activities. While the Nominating Committee has not established specific minimum criteria for candidates, the philosophy of the committee is that directors should possess the highest personal and professional ethics, integrity and values, informed judgment, and sound business experience and be committed to representing the long-term interests of our stockholders. Candidates must also have an inquisitive and objective perspective, the ability to make independent analytical inquiries, practical wisdom and mature judgment. In evaluating candidates, the Nominating Committee may consider a candidate's work experience related to our business, general professional experience and overall expected contributions to the Board of Directors in relation to other directors already serving on the Board of Directors. When evaluating existing directors for nomination for re-election, the Nominating Committee may also consider the directors' past Board of Directors and committee meeting attendance and participation.

The Nominating Committee evaluates shareholder-recommended candidates using the same process and the same criteria it uses to evaluate candidates from other sources.

The Nominating Committee has the authority to retain outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions, including sole authority to retain and terminate any search firm used to identify director candidates, and to approve the search firm's fees and other retention terms.

Under this plan, new members of the Board of Directors receive an initial option grant to purchase 10,000 shares of the Company's Common Stock. Continuing members of the Board of Directors who have served for at least six months receive an annual option grant to purchase 5,000 shares of the Company's Common Stock, awarded on the date of our Annual Meeting of Stockholders. Both of these option grants vest 1/12th per month over the one-year period following the date of grant.

The Board of Directors recommends a vote FOR the election of the Class III nominee listed above.

PROPOSAL NO. 2

APPROVAL OF AMENDMENT TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

We are asking you to approve an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation, as amended (the Certificate of Incorporation) to increase the number of shares of Common Stock authorized for issuance. The proposed amendment was adopted, subject to stockholder approval, by the Board of Directors on April [19], 2010. The Certificate of Incorporation currently authorizes up to 60,000,000 shares of Common Stock for issuance, of which 43,034,782 have been issued and are outstanding.

In addition, an aggregate of 15,895,618 shares have been reserved for issuance as follows: (i) 5,536,558 shares under our existing incentive programs, (ii) 4,890,807 under outstanding warrants, (iii) 4,115,690 shares under agreements and option plans assumed in the acquisition of Bluehill ID AG, and (iv) 1,352,563 shares to be issued to remaining Bluehill ID AG stockholders. Therefore, only 1,069,600 shares remain available for future issuances.

The proposed amendment to our Certificate of Incorporation would increase the number of shares of Common Stock authorized for issuance by 50,000,000 shares, to 110,000,000 shares. The number of shares of Preferred Stock authorized for issuance under our Certification of Incorporation would remain unchanged at 10,000,000 shares.

We expect to use our authorized and unissued Common Stock to permit our Board of Directors to issue shares of Common Stock to raise capital, for strategic investment purposes, as payment consideration for merger and acquisition activities, to grant incentive stock awards to our employees, officers and directors and for other general corporate purposes. The Company has adopted a strategy for growth that includes the evaluation and pursuit of strategic opportunities, financings, investments and merger and acquisition activities as a way to expand our business, reinforce our market position in targeted areas and fully leverage our strengths and opportunities. Examples of this strategy include our April 2009 acquisition of Hirsch Electronics Corporation and our acquisition of Bluehill ID in January 2010. While the Company is not at this time party to any plan, proposal or arrangement, written or otherwise, to issue any of the newly authorized shares of Common Stock for any purpose, including acquisitions or financings, we intend to continue to pursue opportunities and transactions that may further our strategic objectives. Accordingly, in the future the Company may enter into or develop a plan, proposal or arrangement, written or otherwise, to issue all or a portion of the newly authorized shares of Common Stock. As described in Proposal No. 4, we have adopted the 2010 Bonus and Incentive Plan providing for an additional pool of 3,000,000 shares for the grant of incentive stock awards. We will not be able to fully utilize this incentive pool unless this proposal is also approved.

After evaluating the number of authorized shares of Common Stock issued and outstanding and the number reserved for issuance, the Board of Directors determined that the current number of authorized shares of Common Stock unreserved and available for issuance may not be sufficient to allow the Company to pursue the opportunities and transactions that it believes are necessary to our growth and success and in the best interests of the Company and its stockholders.

Additionally, a review of the capitalization of certain peer companies selected based on their industry revealed that the percentage of common shares available for issuance compared to the total number of common shares authorized is significantly lower for the Company than it is for the average percentage for the selected peers.

Comparison of Capitalization of Company to Peers

(In millions of shares, except for percentages)

Company	No. of Common Shares Authorized	No. of Common Shares Outstanding	No. of Common Shares Reserved for Issuance	% of Common Shares Available for Issuance
SCM Microsystems, Inc. d/b/a Identive Group	60	39.2	20.8	35%
Peer Group:				
ActivIdentity Corporation	75	45.9	29.1	39%
Cogent, Inc.	245	89.7	155.3	63%
Gemalto	150	82.5	67.5	45%
Hypercom Corp.	100	54.7	45.3	45%
L-1 Identity Solutions, Inc.	125	91.7	33.3	27%
NAPCO Security Technologies, Inc.	40	20.1	19.9	50%
Vasco Data Security International, Inc.	75	37.5	37.5	50%
Peer Group Average				46%

The Board of Directors believes that an increase in the number of authorized shares of Common Stock is necessary to ensure that the Company has sufficient shares available for our strategic initiatives and to put it in line with the peer companies identified above. Therefore, the Board of Directors is asking the Company's stockholders to vote in favor of this proposed amendment to our Certificate of Incorporation to increase the number of authorized shares of Common Stock from 60,000,000 shares to 110,000,000 shares. The full text of the proposed amendment to the Company's Certificate of Incorporation is set forth in Annex A.

Effects of the Increase in Authorized Common Stock

While the proposed increase in the number of authorized shares of Common Stock is not intended by our management or Board of Directors to prevent or discourage any actual or threatened takeover of the Company, under certain circumstances, it could have an anti-takeover effect. Additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could resist, frustrate or make more difficult a third-party transaction that was favored by a majority of the independent stockholders and that might provide an above-market premium. For example, we could issue additional shares to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. Similarly, the issuance of additional shares to persons allied with our management could have the effect of making it more difficult to remove our management by diluting the stock ownership or voting rights of persons seeking to effect such removal. Any such additional shares could be issued in private placements and without stockholder approval or further action by the stockholders. Accordingly, if adopted, the increase in the number of authorized shares of Common Stock may render more difficult or discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of the Company's capital stock and the removal of management or the Board of Directors. Any such anti-takeover effect may be beneficial to management and the Board of Directors of the Company and could have an adverse impact on stockholders.

Management is not currently aware of any specific third-party effort to accumulate shares of Common Stock or to obtain control of the Company by means of a merger, tender offer or solicitation in opposition to management or the Board of Directors. Moreover, we currently have no plan to issue newly authorized shares of Common Stock or adopt other anti-takeover proposals intended to discourage third parties from attempting to take over the Company. Although the Board of Directors is motivated by business and financial considerations in proposing the increase in the number of authorized shares of Common Stock, and not the threat of any attempt by a third-party to gain control of the Company, stockholders nevertheless should be aware that increasing the number of authorized shares of Common Stock could facilitate management's ability to deter or prevent changes of control in the future and any issuance of newly authorized shares of Common Stock, regardless of the intent, could have an anti-takeover effect.

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock is required for approval of the amendment to our Certificate of Incorporation described above. As a result, abstentions and broker non-votes will have the same effect as voting against the proposal. If stockholders do not approve this amendment to our Certificate of Incorporation, then the current amount of Common Stock authorized for issuance under the Certificate of Incorporation will remain unchanged.

Recommendation of the Board of Directors

The Board of Directors believes that Proposal No. 2 is in the Company's best interests and in the best interests of our stockholders and recommends a vote FOR the amendment to increase the number of authorized shares of Common Stock.

PROPOSAL NO. 3

APPROVAL OF AMENDMENT TO CHANGE THE NAME OF THE COMPANY FROM SCM MICROSYSTEMS, INC. TO IDENTIVE GROUP, INC.

Purpose and Rationale for the Proposed Amendment

We are asking you to approve an amendment to the Company's Certificate of Incorporation to change the name of the Company from SCM Microsystems, Inc. to Identive Group, Inc. Following our business combination with Bluehill ID in January 2010, the Company consists of six separate businesses, or companies that are aligned under one corporate group, with each company addressing different and complementary segments of the identification and identity management markets. Each company within the group has retained its own product branding within its respective markets. The Board of Directors believes that it is the best interest of the Company and stockholders that we have a new corporate brand that conveys the business of the group as a whole. Following discussions with branding consultants, the name Identive Group was chosen because it conveys both the nature of our organization structure and business model and our collective focus on the identification and identity management markets.

The proposed amendment to change the Company's name was adopted by the Board of Directors, subject to stockholder approval, and is attached to this proxy statement as Annex B.

Effect of the Proposed Amendment

If the name change is approved by our stockholders, it will become effective when the amendment is filed with the Secretary of the State of Delaware, which we intend to do promptly after the stockholders approve the name change. In anticipation of the name change, in January 2010 we changed the ticker symbols under which shares of our Common Stock are traded, to INVE on the NASDAQ Stock Exchange and INV on the Frankfurt Stock Exchange.

If the name change is approved, Article 1 of the Company's Certificate of Incorporation will be amended to read in its entirety as follows:

The name of this corporation is Identive Group, Inc. (hereinafter sometimes referred to as the Corporation).

If approved by the shareholders, the name change will not alter the terms or rights of holders of Common Stock, or affect the validity or transferability of any existing stock certificates that bear the name SCM Microsystems, Inc.

If the name change is approved, shareholders with certificated shares should continue to hold their existing stock certificates. The rights of shareholders holding certificated shares under existing stock certificates and the number of shares represented by those certificates will remain unchanged. Direct registration accounts and any new stock certificates that are issued after the name change becomes effective will bear the name Identive Group, Inc.

If the name change is not approved, the proposed amendment to our Certificate of Incorporation will not be made and the name of the corporation will remain unchanged.

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock is required for approval of the amendment to our Certificate of Incorporation described above. As a result, abstentions and broker non-votes will have the same effect as voting against the proposal. If stockholders do not approve this amendment to our Certificate of Incorporation, then the name of the Company under the Certificate of Incorporation will remain unchanged.

Recommendation of the Board of Directors

The Board of Directors believes that Proposal No. 3 is in the Company's best interests and in the best interests of our stockholders and recommends a vote FOR the amendment to change the name of the Company to Identive Group, Inc.

PROPOSAL NO. 4

APPROVAL OF THE 2010 BONUS AND INCENTIVE PLAN

We are asking you to approve the Identive Group, Inc. 2010 Bonus and Incentive Plan (the *Plan*). Our Board of Directors has unanimously adopted, subject to stockholder approval, the Plan for employees and other service providers of the Company and its subsidiaries. The Plan will become effective if it is approved by the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting. However, if Proposal No. 2 in this Proxy Statement relating to the increase in the number of authorized shares of Common Stock is not approved, we will not be able to fully utilize all shares available for awards under the Plan. A full copy of the Plan is attached as Annex C.

The purpose of the Plan is to promote the success and enhance the value of the Company by linking the personal interests of participants to those of our stockholders and by providing participants with an incentive for outstanding performance. Additionally, the Plan is intended to provide us with flexibility to attract and retain key talent and provide incentives that promote short and long-term financial growth and stability to continuously enhance stockholder value.

Summary of the Plan

Participants

Eligible persons to participate under the Plan include each executive officer and other key employees of the Company or its subsidiaries and each member of the Company's Board of Directors.

Types of Awards Available Under the 2010 Plan

Both cash and equity-based awards may be made under the Plan. Equity-based awards under the Plan may include nonqualified stock options, restricted stock or deferred stock awards. Unless otherwise determined by the Compensation Committee, if and to the extent that any equity-based award under the Plan is payable in the form of a nonqualified stock option, that option will be granted pursuant to, and will be subject to the terms and conditions of, the Company's 2007 Stock Option Plan, as amended and restated from time to time, or of any other equity plan (other than the Plan) maintained by the Company pursuant to which the Company may grant non qualified stock options (each a *Stock Option Plan*), and not under the Plan, and any option that is so granted pursuant to the Stock Option Plan will not count against or otherwise reduce the number of shares issuable under the Plan, as discussed below in the section entitled *Available Shares of Common Stock*.

Incentive Awards

Incentive awards may be used to create annual or long-term incentives, which will be major components of the Company's management incentive program. The Compensation Committee will have the discretion to establish the particular performance criteria based on the various business measurements set forth below and the individual targets applicable to such measures. If an incentive award is denominated in stock, the maximum amount that may be earned by any employee, who is, or is likely to be, as of the close of the taxable year in which the Company would claim a tax deduction in connection with such award, either the principal executive officer of the Company, or is serving as the acting principal executive officer; or any employee whose total compensation for a taxable year is required to be reported to shareholders under the 1934 Securities Exchange Act for being among the three highest compensated officers (other than the principal executive officer or principal financial officer) (a *Covered Employee*), for any performance period will be 1,000,000 shares of stock for any 12-month performance period and 1,000,000 shares of stock multiplied by the number of full 12-month periods that are in the performance period, if the performance period is for more than 12 months. If an incentive award is denominated in cash or value other than shares of stock, the maximum amount earned by any Covered Employee for any performance period will be \$3,000,000 for any 12-month performance period and \$3,000,000 multiplied by the number of full 12-month periods that are in the performance period, if the Performance Period is for more than 12 months.

Under the Plan, the payment of incentive awards will be subject to the achievement of certain performance criteria as measured at the end of the performance period, which is 12 months or longer, as the Compensation Committee may determine. The performance criteria applicable to a particular award will be determined by the Compensation Committee not later than the ninetieth (90th) day of the applicable performance period, or in the case of the performance period that is the 2010 calendar year, not later than April 30, 2010. Performance criteria may include one or more of the following business measurements: (i) total stockholder return, (ii) economic value added, (iii) return on capital employed, (iv) revenues, (v) sales, (vi) net income, (vii) operating income, (viii) EBITDA, (ix) EBITDA margin, (x) profit margin, (xi) earnings per share, including without limitation in comparison to selected indexes and comparable companies, (xii) return on equity, (xiii) cash flow, (xiv) operating margin, (xv) net worth, (xvi) stock price, or (xvii) in the case of any incentive award, other than an incentive award to a Covered Employee, any other criteria that may be determined as appropriate by the Compensation Committee from time to time, in each case, either individually, alternatively or in any combination, applied to either the Company and its subsidiaries as a whole or to a business unit or affiliate, either individually, alternatively or in any combination, and measured over the applicable performance period on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group as specified by the Compensation Committee.

The achievement of any performance criteria may be adjusted, to the extent determined by the Compensation Committee, to: (i) take into account (including without limitation to include the operating results or exclude the dilutive effects of) acquisitions, dispositions or joint ventures and changes in the capital stock of the Company; (ii) assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a performance period following such divestiture; (iii) exclude restructuring and/or other nonrecurring charges; (iv) exclude the effects of changes to generally accepted accounting standards required by the Financial Accounting Standards Board; (v) exclude the impact of any extraordinary items as determined under generally accepted accounting principles; (vi) exclude any other unusual, non-recurring gain or loss or other extraordinary item, (vii) exclude the impact of any extraordinary or force majeure events or circumstances and (viii) take into account any such other event or circumstance to the extent determined appropriate by the Compensation Committee from time to time. The Compensation Committee may at the time that an incentive award is granted, provide that any or all of the foregoing adjustments will be made in determining the extent to which the performance criteria have been satisfied, but may not make any adjustments not so specified at the time the incentive award is granted to the extent such adjustments would preclude the incentive award from qualifying as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code.

The Compensation Committee retains sole and absolute discretion to modify the amount of or completely eliminate any incentive otherwise payable to a participant under the Plan for any reason. In determining the amount of any modified incentive, the Compensation Committee reserves the right to apply such factors as it deems relevant, including, but not limited to, the achievement of other financial, strategic or individual goals, which may be objective or subjective, to determine a revised incentive amount. Notwithstanding the foregoing, the Compensation Committee may not exercise discretion to increase any incentive award payable to a Covered Employee if and to the extent that any such increase would cause the award to not qualify as performance-based compensation within the meaning of Section 162(m)(4)(c) of the Code.

Available Shares of Common Stock

The number of shares of stock of the Company available for stock-based awards under the Plan will be 3,000,000. The aggregate number of shares available for awards under this Plan at any time will not be reduced by (i) shares subject to awards that have been terminated, expired unexercised, forfeited or settled in cash, (ii) shares subject to equity awards that have been retained or withheld by the Company in payment or satisfaction of the exercise price, purchase price or tax withholding obligation of an equity award, or (iii) shares subject to equity awards that otherwise do not result in the issuance of shares in connection with payment or settlement thereof. In addition, shares that have been delivered (either actually or by attestation) to the Company

in payment or satisfaction of the exercise price, purchase price or tax withholding obligation of an equity award will be available for equity awards under the Plan.

The shares issued pursuant to equity awards granted under this Plan may be shares that are authorized and unissued or shares that were reacquired by the Company, including shares purchased in the open market.

In the event that any dividend or other distribution (whether in the form of cash, shares, other securities or other property), stock split or a combination or consolidation of the outstanding shares into a lesser number of shares, is declared with respect to the shares, the number of shares of stock of the Company available for stock-based awards under the Plan, and the award limits applicable to incentive awards denominated in stock, will be increased or decreased proportionately, and the shares then subject to each equity award will be increased or decreased proportionately without any change in the aggregate purchase price therefore. In the event the shares are changed into or exchanged for a different number or class of shares of stock or securities of the Company or of another corporation, whether through recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares of stock or other securities of the Company, issuance of warrants or other rights to purchase shares or other securities of the Company, or any other similar corporate transaction or event affects the shares such that an equitable adjustment would be required in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the authorization limits with respect to the number of shares of stock of the Company available for stock-based awards under the Plan, and the award limits applicable to incentive awards denominated in stock, will be adjusted proportionately, and an equitable adjustment will be made to each share subject to an equity award such that no dilution or enlargement of the benefits or potential benefits occurs. Each such share then subject to each equity award will be adjusted to the number and class of shares into which each outstanding share will be so exchanged such that no dilution or enlargement of the benefits occurs, all without change in the aggregate purchase price for the shares then subject to each equity award. Action by the Compensation Committee may include adjustment to any or all of: (i) the number and type of shares (or other securities or other property) that thereafter may be made the subject of equity awards or be delivered under the Plan; (ii) the number and type of shares (or other securities or other property) subject to outstanding equity awards; (iii) the purchase price or exercise price of a share under any outstanding equity award or the measure to be used to determine the amount of the benefit payable on an equity award; and (iv) any other adjustments the Compensation Committee determines to be equitable. No right to purchase fractional shares will result from any adjustment in equity awards. In case of any such adjustment, the shares subject to the equity award will be rounded down to the nearest whole share.

The following table provides the number of shares outstanding and the number of shares available for future grants under all Company equity plans, as of April 15, 2010:

Administration of the Plan

The Plan will be administered by the Compensation Committee of the Board of Directors.

Change in Control

Unless the Compensation Committee specifies otherwise at any time prior to a Change in Control, upon the occurrence of a Change in Control all outstanding performance periods will terminate and participants in the Plan with respect to such performance periods will be entitled to a pro-rated incentive payment based on actual performance through date of the Change in Control and the number of days in the performance period that elapsed prior to the termination thereof, as determined by the Compensation Committee and subject to the discretion and authority of the Compensation Committee to modify, eliminate or adjust any incentive otherwise payable to a participant under the Plan for any reason. Additionally, upon the occurrence of a Change in Control, each outstanding equity award will be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation (as determined by the Compensation Committee). In the event that the successor corporation refuses to assume or substitute for the equity award, the holder of the equity award will be deemed fully vested in such equity award as of immediately prior to the consummation of the Change in Control and the Compensation Committee will notify the holder thereof that the equity award will be fully vested and exercisable (if applicable) for a period of fifteen days from the date of such notice, and the equity award will terminate upon the expiration of such period.

New Plan Benefits

Our Compensation Committee, in its discretion, will determine awards granted under the Plan. Other than awards relating to the completion of our acquisition of Bluehill ID, as reflected in the table below, we are unable to determine the awards that will be granted in the future under the Plan. For information concerning outstanding awards under our existing incentive plans, please see the Equity Compensation Plan Information section appearing in this proxy statement.

- (1) The Board of Directors has approved stock awards to certain employees in connection with the completion of the acquisition of Bluehill ID AG. Because the shares will be issued under the 2010 Bonus and Incentive Plan, which is subject to stockholder approval, it is not possible to determine the dollar value of these stock awards. For each individual, 50% of the shares of stock to be issued will be subject to a 24-month lock up agreement.

Required Vote

The affirmative vote of the holders of a majority of the shares presented or represented by proxy and entitled to vote at the Annual Meeting is required for approval of the 2010 Bonus and Incentive Plan. Abstentions will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business, and (ii) the total number of votes cast with respect to the proposal. Accordingly, abstentions will have the same effect as a vote against the proposal.

The Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of our financial reporting processes, system of internal control, process for monitoring compliance with laws and regulations, audit process and standards of business conduct. The Audit Committee manages the relationship with our independent registered public accountants, who report directly to the Audit Committee. The Audit Committee also oversees the Internal Audit and Sarbanes-Oxley Compliance functions of the Company, which report directly to the Audit Committee. The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties and to allocate appropriate funding, as determined by the Audit Committee, for such advice and assistance.

The Audit Committee has reviewed and discussed with management the audited financial statements of the Company for the fiscal year ended December 31, 2009. The Audit Committee also has discussed with Deloitte & Touche GmbH, our independent registered public accountants, the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU Section 380), as amended, or as required by the SEC or PCAOB.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

General Philosophy / Objectives

The primary goals of the Company's compensation program, including our executive compensation program, are to attract and retain employees whose abilities are critical to our long-term success and to motivate employees to achieve superior performance.

To achieve these goals, we attempt to:

offer compensation packages that are competitive regionally and that provide a strong base of salary and benefits;

maintain a portion of total compensation at risk, particularly in the case of our executive officers, with payment of that portion tied to achievement of specific financial, organizational or other performance goals; and

reward superior performance.

Our compensation program includes salary, performance-based quarterly and annual bonuses, long-term incentive compensation in the form of stock options and various benefits and perquisites.

Role of the Compensation Committee

Our Compensation Committee oversees all aspects of executive compensation. The Compensation Committee plays a critical role in establishing our compensation philosophy and in setting and amending elements of the compensation package offered to our Named Executive Officers. In 2009, the Company's Named Executive Officers included Felix Marx, Chief Executive Officer; Stephan Rohaly, Chief Financial Officer; Lawrence W. Midland, Executive Vice President and President of the Hirsch business; and Manfred Mueller, Executive Vice President, Strategic Sales and Business Development. Mr. Rohaly resigned from the Company effective September 30, 2009 and Mr. Midland joined the Company in May 2009 following our merger with Hirsch Electronics Corporation.

On an annual basis, or as required in the case of promoting or hiring an executive officer, the Compensation Committee determines the compensation package to be provided to our Chief Executive Officer, our other executive officers and our directors. On an annual basis, the Compensation Committee undertakes a review of the base salary, bonus targets and equity awards of each of our Named Executive Officers. This review entails an evaluation of their respective compensation based on the Compensation Committee's overall evaluation of their performance toward the achievement of the Company's financial, strategic and other goals, with consideration given to comparative executive compensation data, primarily from a small group of companies of similar size and within a similar segment of the security industry to the Company (as described in more detail below). Based on its review of the performance of the executive officer, a change in scope of an executive officer's responsibilities and/or as a competitive practice based on a review of compensation at companies that are similar to ours, from time to time the Compensation Committee has increased the salary, potential bonus amounts and/or equity awards for our executive officers.

Overview of Compensation Program

The Company was originally formed in Germany in 1990 and has continued to have an active presence in Germany and throughout Europe in our target product markets. Since our initial public offering in October 1997, our Common Stock has been dually traded on the NASDAQ Stock Market and the Frankfurt Stock Exchange. As a result, although we are a small company, we have maintained a relatively high level of visibility in the European marketplace and German financial markets. Additionally, for the past several years and during 2009,

the majority of our executive staff has operated from our European headquarters in Ismaning, Germany, which has served as our global operations center since late 2006. Lawrence Midland, who heads our Hirsch business division, operates from Hirsch's headquarters in Santa Ana, California. German labor practices directly influence the compensation program we offer to our German-based executive officers.

We do not employ an overall model or policy to allocate among the compensation elements we utilize. In general, we employ cash or equity bonuses to motivate and reward our executive officers for the achievement of annual and quarterly or other short-term performance objectives and we employ annual grants of stock options that vest over time to motivate and reward contributions to the Company's performance over the longer term. From time to time, however, we also utilize stock options with shorter vesting periods to provide additional incentives for the achievement of short-term objectives that are seen as critical to our success.

We believe that our compensation practices, as described below, allow us to achieve an appropriate balance of compensation elements for our executive officers that support our overall compensation program goals.

Compensation Risk Assessment

In reviewing the Company's compensation policy and practices for its named executive officers and as well as for other employees, the Compensation Committee evaluated whether any unnecessary risk-taking was associated with the Company's compensation policies. The committee did not identify any risks arising from the Company's compensation policies and practices reasonably likely to have a material adverse effect on the Company.

Compensation Elements

Base Salary. Base salary provides fixed compensation based on competitive market practice and is intended to acknowledge and reward core competence in the executive role relative to skills, experience and contributions to the Company. Base salaries for executives are reviewed annually, and more frequently when there are any changes in responsibilities.

In early 2009 the Compensation Committee reviewed base salary levels for Dr. Mueller as part of its annual review of executive compensation and in April 2009 the Compensation Committee reviewed base salary levels for Mr. Midland in advance of the merger between the Company and Hirsch Electronics Corporation. Mr. Marx and Mr. Rohaly's base salary levels were reviewed in late 2008 and thus were not reviewed in early 2009. Mr. Chhor resigned from the Company in February 2009 and therefore his compensation was not reviewed. In conducting their reviews, the Compensation Committee (1) gave consideration to Dr. Mueller's and Mr. Midland's salary history with previous employers; (2) considered informal data on salaries of executive officers in similar positions based on general comparative data for the technology industry from the Economic Research Institute and Salary.com, although the Company did not benchmark with respect to comparative data; (3) considered the scope of responsibility, prior experience and past performance of the executives; (4) considered the specific needs of the Company at the time and in the foreseeable future; and in the case of Dr. Mueller, (5) relied on the professional experience of the Compensation Committee and Board members related to compensation practices in Europe; and (4) considered the recommendation of Mr. Marx, which was based primarily on Dr. Mueller's performance.

In February 2009, the Compensation Committee approved an increase in the annual base salary of Dr. Mueller from \$168,000 to \$200,000, effective January 1, 2009. The increase was made based on Dr. Mueller's contributions in furthering the Company's acquisition strategy, in particular his role in helping to execute the merger with Hirsch Electronics Corporation, and in recognition of the increased responsibilities of Dr. Mueller's role as the Company continued to pursue other potential acquisitions.

In light of the difficult economic environment facing the Company, during 2009, Mr. Marx and Dr. Mueller voluntarily took a temporary reduction in salary. The reductions were based on a monthly reduction of \$2,300 in the case of Mr. Marx and \$1,000 in the case of Dr. Mueller and were in effect for the second and third quarters of 2009. No other executive officer took a voluntary reduction in salary in 2009.

In April 2009, the Compensation Committee approved the continuation of the annual base salary of \$250,000 that had been in effect for Mr. Midland through his employment agreement with Hirsch Electronics Corporation. The approval was based on a review the factors listed above.

In late February and early March 2010, following the business combination with Bluehill ID, the Compensation Committee approved new, lower salary levels for Mr. Marx and Dr. Muller as part of an overall program to lower the Company's fixed costs and increase the amount of at-risk compensation available to our executive officers. Effective March 1, 2010, the annual base salary for Mr. Marx is \$204,000 and the annual base salary for Dr. Mueller is \$150,000. Both executives also are eligible to receive target-orientated, variable annual bonuses under the Company's proposed 2010 Management Bonus and Incentive Plan, which is described below.

Incentive Cash Bonuses. Incentive cash bonuses are intended to motivate and reward executives for their contributions towards achieving corporate performance targets as well as specific corporate objectives that support the Company's short-term goals. During 2009, our focus was on both operating profitability and furthering our growth strategy, particularly with regard to acquisitions. Therefore, incentive bonuses in 2009 were designed to reward corporate performance against both operational and strategic goals.

On February 4, 2009, the Board of Directors approved an Executive Bonus Plan for 2009 (the 2009 Plan) as recommended by the Compensation Committee. The 2009 Plan was effective as of January 1, 2009 and was structurally unchanged from the previous year. Both quarterly and annual payments were possible under the 2009 Plan. Quarterly payments were based both on the achievement of quarterly operating profit targets and performance against strategic corporate goals. Annual payments were based on the achievement of annual operating profit targets. Under the Plan, operating profit is defined as gross margin, less research and development, sales and marketing, and general and administrative expenses, as well as various expenses determined by the Company to be extraordinary. No such extraordinary expenses were excluded from the calculation of operating profit in 2009. Strategic goals primarily related to the acquisition and integration of Hirsch Electronics.

Quarterly Component. Under the 2009 Plan, executive officers of the Company (other than sales executives) were eligible to receive quarterly cash bonuses amounting to 10% of their respective annual base salaries, of which 5% was based on the Company achieving operating profit for that quarterly period and 5% was based on the achievement of corporate strategic goals for that quarterly period. During 2009, Messrs. Marx, Midland and Rohaly and Dr. Mueller were eligible to participate in the 2009 Plan. As a sales executive, under the 2009 Plan Dr. Mueller was eligible to receive quarterly cash bonuses amounting to 5% of his annual base salary, of which 2.5% was based on the Company achieving operating profit for that quarterly period and 2.5% was based on the achievement of corporate strategic goals for that quarterly period. Dr. Mueller also was eligible to receive an additional quarterly bonus of up to 5% of his annual base salary under the Company's Sales Commission Plan, based on the achievement of quarterly revenue targets set forth in the Company's budget and sales forecasts as approved by the Board of Directors for each quarter.

The maximum aggregate amount that any executive officer could earn in quarterly bonus payments in the fiscal year under the 2009 Plan was 40% of his respective annual base salary.

For the first quarter of 2009, the Compensation Committee established an operating profit target of break-even. Potential bonus payments relating to strategic goals in the first quarter of 2009 were evenly divided between the successful implementation of several specific strategic transactions of the Company, primarily related to the Hirsch acquisition.

Annual Component. Under the annual bonus component of the 2009 Plan, executive officers were eligible to receive additional variable bonuses amounting to between 20% and 40% of their respective annual base salaries, based upon the achievement by the Company of annual operating profit targets established by the Compensation Committee.

The maximum amount that any executive officer could earn in combined quarterly and annual bonus payments under the 2009 Plan in the fiscal year was 80% of his respective annual base salary.

Incentive Cash Payouts under the 2009 Plan. Before the end of the first quarter of 2009, the executive officers of the Company waived their eligibility under the 2009 Plan to receive bonus payments during 2009 as a result of the ongoing economic downturn. Therefore no cash bonuses were awarded under either the quarterly or the annual components of the 2009 Plan.

Incentive Cash Payouts under the Sales Commission Plan. As noted above, during 2009 Dr. Mueller was eligible to receive quarterly cash awards under the Company's Sales Commission Plan. Under this plan, for each of the four quarters of 2009, Dr. Mueller was eligible to receive a quarterly bonus payment ranging between 1.25% of annual base salary for 75% achievement of quarterly revenue targets and 5% of annual base salary for 100% achievement of quarterly revenue targets. Quarterly revenue targets were set forth in the Company's budget and sales forecasts as approved by the Board of Directors for each year.

Dr. Mueller waived his eligibility to receive bonus payments under the Company's Sales Commission Plan during 2009 and therefore no payments were made to him under this plan.

Long-Term Equity Incentives. Our stock option program is designed to attract, retain and reward talented employees and executives through long-term compensation that is directly linked to long-term performance. A significant number of our employees are in Germany and India, where stock options are not commonly awarded to non-executive employees, and we regard stock options as a competitive tool in our overall compensation program.

We grant equity incentives in the form of stock options to each of our executive officers, at the time of hiring, on an annual basis and from time to time as an incentive to achieve specific performance objectives. The exercise price of all options awarded is the closing price of our stock on the NASDAQ Stock Market on the date of grant. We believe stock options are an effective way to align executives' interests with the interests of the Company's stockholders because the stock options have value only to the extent that the price of the Company's stock increases after the date of grant.

The number of stock options granted to newly hired executive officers is determined by the Compensation Committee, based on the Company's historical practices and on the executive's position. Initial options vest 1/4th after one year and then 1/48th per month for the next three years, such that they are fully vested after four years. Annual top-up grants are made based on the positive results of annual performance reviews and are generally in an amount ranging between 25% and 33% of the options received in the executive officer's initial grant. Annual top-up grants vest at a rate of 1/48th per month over four years, commencing at the date of grant. If the executive officer terminates employment before the end of the vesting period, all unvested options are forfeited. As options are granted annually, some portion of an executive officer's options vest each year, rewarding the executive for past service, while an often greater portion remains unvested, creating a long-term incentive to remain with the Company.

In April 2009, the Compensation Committee awarded annual top-up grants to Mr. Rohaly and Dr. Mueller of 18,000 shares and 8,000 shares, respectively. In light of the difficult economic environment facing the Company, Mr. Marx waived his right to a top-up stock option grant in fiscal 2009. Following the merger with Hirsch Electronics Corporation, in April 2009 the Compensation Committee awarded an initial grant of 40,000 shares to Lawrence W. Midland, who joined the Company as an Executive Vice President and President of the

Hirsch business unit. The Compensation Committee determined the amount to be granted to each executive officer based on his individual performance in past recent periods and in order to retain and motivate each executive in the future. Additionally, in February 2010 the Compensation Committee awarded 180,000 shares of Common Stock to Mr. Marx and 60,000 shares of Common Stock to Dr. Mueller for their efforts in successfully completing the acquisition of Bluehill ID. The shares are to come out of the 2010 Bonus and Incentive Plan, which is subject to stockholder approval as described below and in Proposal No. 4 of this Proxy Statement. 50 percent of the shares awarded to Mr. Marx and Dr. Mueller will be subject to a 24-month lock up.

2010 Bonus and Incentive Plan. As discussed in Proposal No. 4, our Board of Directors has adopted and we are asking our stockholders to approve the 2010 Bonus and Incentive Plan. The purpose of the Plan is to promote the success and enhance the value of the Company by linking the personal interests of participants to those of our stockholders and by providing participants with an incentive for outstanding performance. Additionally, the Plan is intended to provide us with flexibility to attract and retain key talent and provide incentives that promote short and long-term financial growth and stability to continuously enhance stockholder value.

Benefits and Perquisites. Because we have a strong regional presence in Europe and the majority of our executives and key employees have been based in Europe, we follow the standard European practice of providing either a company car or a car allowance to our executive officers in Europe. We lease BMW cars or provide a comparable allowance for our executive officers.

Retirement Payments. On behalf of our executive officers in Europe, we make payments to a government-managed pension program, to government-managed or private health insurance programs, and in some cases for unemployment insurance, as mandated under the employment laws of various European countries, in particular Germany.

Severance Benefits

We have entered into employment agreements with each of our Named Executive Officers, other than Mr. Midland, that provide for certain severance benefits consistent with standard employment practice in Germany, which includes that notice of termination is required to be given by either the employer or the employee, and the employer is required to continue to compensate the employee for salary and eligible bonus amounts during this period. The length of the notice period varies from company to company. Our policy for executive officers generally is to require a notice period of three to six months, following a trial period of initial employment of three to six months. The length of individual notice and trial periods for each executive officer is stated in his employment contract. In lieu of continuing the employment relationship for six months, our employment agreements provide that we can cash out the employee who has given notice. Alternatively, we can require that the employee continue to work his or her six month notice period. This practice is included in the majority of our employment agreements with our executive officers. Additionally, under German labor practices, terminated employees also are eligible to continue to receive health and unemployment insurance coverage, pension contributions, car leasing expenses or car allowance, or other benefits provided during their employment, for the duration of the notice period. Further, under German labor practices, terminated employees may also be entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including the employee's length of service and perceived contributions to past or future company performance, as well as other factors. Actual bonus payments for which individual employees may become eligible are determined at or following termination, and cannot be projected.

In connection with the merger of the Company and Hirsch, Mr. Midland has entered into an employment agreement with Hirsch, which became effective on the effective date of the merger, April 30, 2009. The employment agreement provides for certain severance benefits upon a termination without cause or with good reason. The terms of this agreement are discussed below under Termination / Change in Control Payments.

In February 2009, we entered into a resignation agreement with Mr. Chhor and in September 2009 we entered into a termination agreement with Mr. Rohaly. The terms of both agreements are discussed below under Termination / Change in Control Payments.

Under the agreement, if Mr. Ashour is terminated without cause, he is entitled to receive (i) his base monthly compensation until the earlier to expire of 24 months from the date of termination or the then-current term of the agreement and (ii) bonus payments and benefits until the expiration of the current term. Mr. Ashour became our Executive Chairman of the Board on January 4, 2010 following the Company's acquisition of Bluehill ID and was named Chief Executive Officer and Chairman of the Board on March 1, 2010.

Employment Agreement with Felix Marx

On July 31, 2007, through our wholly-owned subsidiary, SCM Microsystems GmbH, we entered into an employment agreement with Felix Marx, who became our Chief Executive Officer and Managing Director of SCM Microsystems GmbH, effective October 22, 2007. Either party may terminate the agreement with six months' prior written notice.

On July 30, 2008, through SCM Microsystems, GmbH, we entered into a supplemental employment agreement with Mr. Marx that amends his employment agreement and modifies certain provisions regarding severance, notice periods and non-competition. Under the supplementary employment agreement, if Mr. Marx is given ordinary notice of termination by the Company without Mr. Marx having given prior notice of termination or having caused the Company to give such notice as a result of severe and avoidable misconduct, then Mr. Marx will be eligible to receive a one-time severance payment equal to 12 months of his then-current monthly salary and a bonus payment under the Company's Executive Bonus Plan equal to 40% of his then-current annual salary.

The supplementary employment agreement further provides that either Mr. Marx or the Company may terminate Mr. Marx's employment agreement by providing 12 months' written notice. In the event of termination by the Company, Mr. Marx may be required to continue to perform his responsibilities for the Company only for a period of up to three months, excluding unused holiday hours, after which he will be released from his employment. Any remainder of the 12-month notice period following release from employment (from nine to 12 months) is the release period, during which Mr. Marx would continue to receive his then-current monthly salary and a fixed bonus payment under the Company's Executive Bonus Plan equal to 40% of his then-current annual salary. Such remuneration during the release period would be in addition to the one-time severance payment described above. In the event of notice of termination by Mr. Marx, he may be required to continue to perform his responsibilities for the Company for up to the entire 12-month notice period, during which time he would continue to receive regular salary payments and remain eligible for bonus payments under the Company's Executive Bonus Plan, and thereafter would not be eligible for any further remuneration or the severance payments described above.

Additionally, following any ordinary notice of termination given by the Company to Mr. Marx, during the release period Mr. Marx would continue to be prohibited from engaging in any other employment, occupation, consulting or other business activity competitive with or related to the current or future business of the Company. He would also be prohibited from acquiring, obtaining an equity interest in or otherwise supporting any enterprise which engages in business activity competitive with or related to the current or future business of the Company.

If Mr. Marx had been terminated by the Company for any reason other than for severe and avoidable misconduct, as of December 31, 2009, under his employment agreement, he would have been entitled to receive a severance payment of 280,000, a release period payment of 280,000, a bonus payment of 112,000, and other compensation of 15,827 related to apartment rental and car leasing and insurance expenses, or approximately \$1,025,077, based on the average exchange rate for December 2009 of one dollar being equal to 0.671 euros. Additionally, under German labor practices, Mr. Marx might also have been entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including his length of service and perceived contributions to past or future Company performance.

Following any termination, under his employment agreement, Mr. Marx is subject to a two-year non-solicitation provision.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes information as of December 31, 2009 about our Common Stock that may be issued upon the exercise of options, warrants and rights granted to employees, consultants or members of our Board of Directors under all of our existing equity compensation plans, including our 1997 Stock Plan, Director Plan, 1997 Employee Stock Purchase Plan (the Employee Stock Purchase Plan), 2000 Nonstatutory Stock Option Plan (the Nonstatutory Plan) and 2007 Stock Option Plan. Each of the 1997 Stock Plan, Director Plan and Employee Stock Purchase Plan expired in March 2007 and no additional awards will be granted under such plans.

Total (3)	2,337,253	\$ 4.5722	2,487,374

- (1) Equity plans approved by stockholders consist of the 2007 Stock Option Plan, the 1997 Stock Plan, the Director Plan and the Employee Stock Purchase Plan.
- (2) Equity plans not approved by stockholders consist of the Nonstatutory Plan.
- (3) Does not include options to purchase an aggregate of 8,018 shares of Common Stock awarded under Dazzle Multimedia plans prior to our acquisition of Dazzle Multimedia in 2000. These options have a weighted average exercise price of \$4.368 and were granted under plans assumed in connection with transactions under which no additional options may be granted.

Material Features of Plans Not Approved by Stockholders

Under the Nonstatutory Plan, non-qualified stock options may be granted to our employees, including officers, and to non-employee consultants. The plan's administrators, as delegated by our Board of Directors, may set the terms for each option grant made under the plan, including the rate of vesting, allowable exercise dates and the option term of such options granted. The exercise price of a stock option under the Nonstatutory Plan shall be equal to the fair market value of our Common Stock on the date of grant. While our Board of Directors or its appointed committee may, at its discretion, reduce the exercise price of any option to the then current fair market value if the fair market value of the Common Stock covered by such option shall have declined since the date the option was granted, no such action has ever been taken by our Board of Directors. 750,000 shares are reserved for issuance under the Nonstatutory Plan, and options for 1,221,736 shares have been granted under the plan to date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Policy

The Audit Committee of our Board of Directors, among its other duties and responsibilities, reviews and monitors all related party transactions and in November 2008 adopted changes to our Related Party Transaction Policies and Procedures (the Policy). Under the Policy, our Board of Directors is required to review and approve the material terms of all Interested Transactions involving a related party (including directors, director nominees, executive officers, greater-than-5% beneficial owners, and their respective immediate family members), subject to certain exceptions. An Interested Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 per year or \$30,000 in any quarter, (2) the Company is a participant and (3) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). In determining whether to approve or ratify an Interested Transaction, our Board of Directors is required to take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

Exceptions to the Policy include Interested Transactions for which standing pre-approval has been authorized, such as the hiring of executive officers and the payment of compensation to directors, where such compensation is required to be disclosed in the Company's annual, quarterly or current filings; transactions involving competitive bids; and regulated transactions, such as for the rendering of regulated services, for example with a public utility. At least annually, a summary of new transactions covered by the standing pre-approvals described above is provided to the Audit Committee for its review.

To ensure the Policy is being followed, we require each of our non-employee directors and each of our executive officers to provide and update information about related party relationships and related party transactions on a quarterly and annual basis. This information is reviewed by our Corporate Accounting personnel, which also reviews our sales and purchasing transactions on an ongoing basis to identify any transactions with known related parties.

Our Related Party Transaction Policy is in writing and has been communicated by management to our employees.

Related Party Transactions

In 2009 there were no related party transactions under the relevant standards.

OTHER MATTERS

We do not intend to bring any matters before the Annual Meeting other than those set forth herein, and our management has no present knowledge that any other matters will or may be brought before the Annual Meeting by others. However, if any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed proxy to vote the shares they represent as our Board of Directors may recommend.

IDENTIVE GROUP, INC.

2010 BONUS AND INCENTIVE PLAN

SECTION 1. PURPOSE

The purpose of this 2010 Bonus and Incentive Plan (the **Plan**) of SCM Microsystems Inc., dba Identive Group (the **Company**), is to attract and retain key talent and provide incentives that promote short and long-term financial growth and stability to continuously enhance shareholder value.

SECTION 2. ELIGIBLE INDIVIDUALS

Each executive officer and other key employees of the Company and its subsidiaries, and each member of the Company's Board of Directors (the **Board**), in each case, as designated from time to time by the Compensation Committee (the **Committee**) of the Board (collectively the **Eligible Individuals**) will be eligible to be a participant under the Plan and to receive an incentive payment hereunder.

SECTION 3. PLAN ADMINISTRATOR

(a) The Plan will be administered by the Committee. Subject to the limitations imposed under applicable law, the Committee will have the sole discretion and authority to administer and interpret the Plan.

(b) Without limiting the foregoing, and subject to the express provisions and limitations set forth in the Plan, the Committee will be authorized and empowered to do all things necessary or desirable in connection with the administration of the Plan, including, without limitation, the following:

(i) to prescribe, amend, and rescind rules and regulations relating to the Plan and to define terms not otherwise defined herein;

(ii) to determine which employees and/or directors of the Company and its subsidiaries are Eligible Individuals and are eligible to be paid incentives under the Plan for any Performance Period and to which of such individuals, if any, incentive payments hereunder are actually paid;

(iii) to establish the Performance Criteria applicable to the payment of incentives under the Plan;

(iv) to verify the extent to which the Company and/or the participant under the Plan have achieved any Performance Criteria or other conditions applicable to the payment of incentives under the Plan;

(v) to determine the terms and conditions of, and authorize the officers of the Company to enter into, incentive award agreements with Eligible Individuals selected to be a participant under the Plan and to receive an incentive payment hereunder;

(vi) to interpret and construe the Plan, any rules and regulations under the Plan, and the terms and conditions of any incentive opportunities provided hereunder, and to make exceptions to any such provisions in good faith and for the benefit of the Company; and

(vii) to make all other determinations deemed necessary or advisable for the administration of the Plan.

(c) All decisions, determinations and interpretations by the Committee regarding the Plan will be final and binding on all Eligible Individuals who are participants under the Plan. The Committee will consider such factors as it deems relevant to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any director, officer (including the Chief Executive Officer of the Company), business unit manager or employee of the Company and such attorneys, consultants and accountants as it may select. An Eligible Individual or other person claiming any benefits under the Plan may contest a decision or action by the Committee with respect to such person or an actual or potential incentive under the Plan only on the

grounds that such decision or action was arbitrary or capricious or was unlawful, and any review of such decision or action will be limited to determining whether the Committee's decision or action was arbitrary or capricious or was unlawful.

(d) The Committee may delegate to officers or managers of the Company or a committee thereof, the authority, subject to such terms and limitations as the Committee shall determine, to perform such functions, including administrative functions, as the committee may determine to the extent that such delegation will not result in the loss of an exemption under Rule 16(b)-3(b)(1) for incentive awards granted to Participants subject to Section 16 of the Securities Exchange Act of 1934 in respect of the Company and will not cause incentive awards intended to qualify as performance-based compensation under Section 162(m) of the Code to fail to so qualify.

SECTION 4. INCENTIVE AWARDS

(a) **Incentive Formula.** Not later than the ninetieth (90th) day of the applicable Performance Period (as defined below), or in the case of the performance period that is the 2010 calendar year, not later than April 30, 2010, the Committee may establish, in writing, the incentive program under the Plan for the Performance Period by determining the Eligible Individuals who will be eligible to participate in the Plan for such Performance Period, the incentive award opportunity payable to each Eligible Individual selected to receive an incentive with respect to the Performance Period, which amount shall be based on one or more Performance Criteria (as defined below) and/or the level of achievement with respect thereto. For purposes of the Plan, the term Performance Period means the twelve (12) consecutive month (or longer) period as the Committee may determine with respect to which incentives are awarded under this Plan. For purposes of the Plan, the term Performance Criteria means any one or more of the following performance criteria: (i) total stockholder return, (ii) economic value added, (iii) return on capital employed, (iv) revenues, (v) sales, (vi) net income, (vii) operating income, (viii) EBITDA, (ix) EBITDA margin, (x) profit margin, (xi) earnings per share, including without limitation in comparison to selected indexes and comparable companies, (xii) return on equity, (xiii) cash flow, (xiv) operating margin, (xv) net worth, (xvi) stock price, or (xvii) in the case of any incentive award, other than an incentive award to a Covered Employee that is subject to Section 4(b) hereof, any other criteria that may be determined as appropriate by the Committee from time to time, in each case, either individually, alternatively or in any combination, applied to either the Company and its subsidiaries as a whole or to a business unit or affiliate, either individually, alternatively or in any combination, and measured over the applicable Performance Period on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group as specified by the Committee. Except as otherwise provided in Section 4(b)(iv) hereof, the achievement of any Performance Criteria may be adjusted, to the extent determined by the Committee, to: (i) take into account (including without limitation to include the operating results or exclude the dilutive effects of) acquisitions, dispositions or joint ventures and changes in the capital stock of the Company; (ii) assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a Performance Period following such divestiture; (iii) exclude restructuring and/or other nonrecurring charges; (iv) exclude the effects of changes to generally accepted accounting standards required by the Financial Accounting Standards Board; (v) exclude the impact of any extraordinary items as determined under generally accepted accounting principles; (vi) exclude any other unusual, non-recurring gain or loss or other extraordinary item, (vii) exclude the impact of any extraordinary or force majeure events or circumstances and (viii) take into account any such other event or circumstance to the extent determined appropriate by the Committee from time to time.

(b) Unless otherwise specified by the Committee, this Section 4(b) shall be applicable to any incentive award under the Plan granted to any Eligible Individual who is, or is likely to be, as of the end of the tax year in which the Company would claim a tax deduction in connection with such award, a Covered Employee. For these purposes, a Covered Employee means an Eligible Individual who, as of the end the taxable year, either is the principal executive officer of the Company or serving as the acting principal executive officer of the Company, and each other individual whose compensation is required to be disclosed in the Company's filings with the Securities and Exchange Commission by reason of that person being among the three highest compensated

officers of the Company as of the end of a taxable year, or such other person as shall be considered a covered employee for purposes of Section 162(m) of the Code. In the case of any incentive award that is subject to this Section 4(b):

(i) if the award is denominated in Shares, as defined in Section 6(a) hereof, the maximum amount earned by any Covered Employee for any Performance Period shall be 1,000,000 Shares for any 12-month Performance Period and 1,000,000 Shares multiplied by the number of full 12-month periods that are in the Performance Period, if the Performance Period is for more than 12 months, in each case, subject to adjustment as provided in Section 6(c) hereof;

(ii) if the award is denominated in cash or value other than Shares, the maximum amount earned by any Covered Employee for any Performance Period shall be \$3,000,000 for any 12-month Performance Period and \$3,000,000 multiplied by the number of full 12 month periods that are in the Performance Period, if the Performance Period is for more than 12 months;

(iii) the Committee shall have the power to impose such other restrictions on any award subject to this Section 4(b) as it may deem necessary or appropriate to ensure that such award satisfies all requirements for performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code, or any successor provisions thereto; and

(iv) the Committee may, at the time an incentive award is granted, provide that any or all of the adjustments specified in the last sentence of Section 4(a) hereof, shall be made in determining the extent to which the Performance Criteria have been achieved for any Performance Period, but shall not make any adjustments not so specified at the time the incentive award is granted, to the extent they would preclude the incentive award from qualifying as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code.

(c) Certification. As soon as reasonably practicable following the conclusion of each Performance Period and prior to the payment of any incentive under the Plan with respect to such Performance Period, the Committee will certify, in writing, the extent, if any, of the achievement of the Performance Criteria for the applicable Performance Period, and (i) the potential maximum incentive that each participant under the Plan is eligible for under subsection 4(a) with respect to the Performance Period, and (ii) the actual incentive, if different, that the Committee has determined shall be paid to the participant in accordance with Section 4(d) hereof. No incentive payment will be paid under the Plan unless and until the Committee makes a certification in writing as described in this subsection 4(c).

(d) Committee Discretion to Modify Incentive Payment. The Committee retains sole and absolute discretion to modify the amount of or completely eliminate any incentive otherwise payable to a participant under the Plan for any reason. In determining the amount of any modified incentive, the Committee reserves the right to apply such factors as it deems relevant, including, but not limited to, the achievement of other financial, strategic or individual goals, which may be objective or subjective, to determine a revised incentive amount. Notwithstanding the foregoing, the Committee may not exercise discretion to increase any incentive award payable to a Covered Employee that is subject to Section 4(b) hereof if and to the extent that any such increase would cause the award to not qualify as performance-based compensation within the meaning of Section 162(m)(4)(c) of the Code.

SECTION 5. PAYMENT OF INCENTIVE

(a) An incentive awarded under the Plan for a Performance Period may be paid in cash and/or in the form of nonqualified stock options, restricted stock or deferred stock awards (each an **Equity Award**) at such times and on such terms and conditions and in such proportions as the Committee may determine. Unless otherwise determined by the Committee, if and to the extent that any incentive award under the Plan is payable in the form of a nonqualified stock option, that option shall be granted pursuant to, and shall be subject to the terms and

conditions of, the Company's 2007 Stock Option Plan, as amended and restated from time to time, or of any other equity plan (other than this Plan) maintained by the Company pursuant to which the Company may grant non qualified stock options (each a Stock Option Plan), and not under this Plan, and any option that is so granted pursuant to the Stock Option Plan shall not count against or otherwise reduce the number of Shares issuable under this Plan pursuant to Section 6 hereof.

(b) Unless and only to the extent otherwise determined by the Committee, no incentive will be earned for a given Performance Period unless the participant under the Plan is an employee or director of the Company or its subsidiaries at the time such incentive is paid or as otherwise determined by the Committee. The Committee may make exceptions to this requirement on a case-by-case basis.

(c) Payments under the Plan are intended to qualify for the short-term deferral exception under Section 409A of the Code. As such, if the Committee waives the requirement that a participant under the Plan must be employed on the date the incentive is to be paid, payout of incentives under the Plan shall occur no later than the fifteenth (15th) day of the third (3rd) month following the later of (i) the end of the Performance Period with respect to which such incentive is earned, or (ii) the end of the calendar year that contains the last day of the Performance Period with respect to which such incentive is earned.

SECTION 6. SHARES SUBJECT TO THE PLAN AND TO INCENTIVE AWARDS

(a) The aggregate number of shares of the Company's common stock, par value \$0.001 per share (the **Shares**), issuable in respect of Equity Awards granted under this Plan shall not exceed 3,000,000. The Shares issued pursuant to Equity Awards granted under this Plan may be shares that are authorized and unissued or shares that were reacquired by the Company, including shares purchased in the open market.

(b) For purposes of Section 6(a), the aggregate number of Shares issued under this Plan at any time shall equal only the number of Shares actually issued upon exercise or settlement of an Equity Award granted in payment of any incentive hereunder. The aggregate number of Shares available for awards under this Plan at any time shall not be reduced by (i) Shares subject to awards that have been terminated, expired unexercised, forfeited or settled in cash, (ii) Shares subject to Equity Awards that have been retained or withheld by the Company in payment or satisfaction of the exercise price, purchase price or tax withholding obligation of an Equity Award, or (iii) Shares subject to Equity Awards that otherwise do not result in the issuance of Shares in connection with payment or settlement thereof. In addition, Shares that have been delivered (either actually or by attestation) to the Company in payment or satisfaction of the exercise price, purchase price or tax withholding obligation of an Equity Award shall be available for Equity Awards under this Plan.

(c) In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities or other property), stock split or a combination or consolidation of the outstanding Shares into a lesser number of shares, is declared with respect to the Shares, the authorization limits under Section 6(a), and the award limits under Section 4(b)(i), shall be increased or decreased proportionately, and the Shares then subject to each Equity Award shall be increased or decreased proportionately without any change in the aggregate purchase price therefore. In the event the Shares shall be changed into or exchanged for a different number or class of shares of stock or securities of the Company or of another corporation, whether through recapitalization, reorganization, reclassification, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Shares or other securities of the Company, issuance of warrants or other rights to purchase Shares or other securities of the Company, or any other similar corporate transaction or event affects the Shares such that an equitable adjustment would be required in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the authorization limits under Section 6(a), and the award limits under Section 4(b)(i), shall be adjusted proportionately, and an equitable adjustment shall be made to each Share subject to an Equity Award such that no dilution or enlargement of the benefits or potential benefits occurs. Each such Share then subject to each

Equity Award shall be adjusted to the number and class of shares into which each outstanding Share shall be so exchanged such that no dilution or enlargement of the benefits occurs, all without change in the aggregate purchase price for the Shares then subject to each Equity Award. Action by the Committee pursuant to this Section 6(c) may include adjustment to any or all of: (i) the number and type of Shares (or other securities or other property) that thereafter may be made the subject of Equity Awards or be delivered under the Plan; (ii) the number and type of Shares (or other securities or other property) subject to outstanding Equity Awards; (iii) the purchase price or exercise price of a Share under any outstanding Equity Award or the measure to be used to determine the amount of the benefit payable on an Equity Award; and (iv) any other adjustments the Committee determines to be equitable. No right to purchase fractional shares shall result from any adjustment in Equity Awards pursuant to this Section 6(c). In case of any such adjustment, the Shares subject to the Equity Award shall be rounded down to the nearest whole share. The Company shall notify participants holding Equity Awards subject to any adjustments pursuant to this Section 6(c) of such adjustment, but (whether or not notice is given) such adjustment shall be effective and binding for all purposes of the Plan.

SECTION 7. CHANGE IN CONTROL

(a) Unless the Committee specifies otherwise at any time prior to a Change in Control, upon the occurrence of the Change in Control all outstanding Performance Periods shall terminate and participants in the Plan with respect to such Performance Periods shall be entitled to a pro-rated incentive payment based on actual performance through date of the Change in Control and the number of days in the Performance Period that elapsed prior to the termination thereof, as determined by the Committee and subject to the discretion and authority of the Committee to modify, eliminate or adjust any incentive otherwise payable to a participant under the Plan for any reason as set forth herein.

(b) In addition, unless the Committee specifies otherwise at any time prior to a Change in Control, upon the occurrence of a Change in Control, each outstanding Equity Award shall be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation (as determined by the Committee). In the event that the successor corporation refuses to assume or substitute for the Equity Award, the holder thereof shall be deemed fully vested in such Equity Award as of immediately prior to the consummation of the Change in Control. If an Equity Award becomes fully vested in lieu of assumption or substitution, the Committee shall notify the holder thereof that the Equity Award shall be fully vested and exercisable (if applicable) for a period of fifteen (15) days from the date of such notice, and the Equity Award shall terminate upon the expiration of such period.

(c) For purposes of this Plan, the term **Change in Control** means the consummation of the first to occur of:

(i) The acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the **Exchange Act**)) (a **Person**) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than 50% of either (i) the then outstanding Shares (the **Outstanding Company Common Stock**) or (ii) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the **Outstanding Company Voting Securities**); provided, however, that for purposes of this subsection (i), the following acquisitions shall not constitute a Change of Control: (A) any acquisition directly from the Company, (B) any acquisition by the Company, or (C) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; or

(ii) Individuals who, as of the date the Plan was original approved by the Board, constitute the Board (the **Incumbent Board**) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but

excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(iii) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving the Company or any of its subsidiaries, or a sale or other disposition of all or substantially all of the assets of the Company, in each case, unless following the consummation thereof all or substantially all of the individuals and entities that were the beneficial owners, respectively, of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such transaction beneficially own, directly or indirectly, at least 50% of, respectively, the then Outstanding Company Common Stock or Outstanding Company Voting Securities, as the case may be, of the corporation resulting from such transaction (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries).

SECTION 8. AMENDMENT AND TERMINATION

The Company reserves the right to amend or terminate the Plan or any outstanding Performance Period at any time with respect to future services of or incentive awards to Eligible Individuals. In the event a Performance Period is terminated prior to the scheduled end date thereof, participants in the Plan with respect to such Performance Period shall be entitled to a pro-rated incentive payment based on actual performance through date of termination and the number of days in the Performance Period that elapsed prior to the termination thereof, as determined by the Committee and subject to the discretion and authority of the Committee to modify, eliminate or adjust any incentive otherwise payable to a participant under the Plan for any reason as set forth herein. Plan amendments may be adopted by the Committee, and will require stockholder approval only to the extent required to be by applicable law.

SECTION 9. TAX WITHHOLDING

The Company will have the right to make all cash payments or distributions pursuant to the Plan to a participant, net of any applicable taxes required to be paid or withheld. In addition, to the extent required by applicable federal, state, local or foreign law, a Plan participant shall be required to satisfy, in a manner satisfactory to the Company, any withholding tax obligations that arise by reason of an option exercise or the vesting of or settlement of an Equity Award. To the extent a Plan participant makes an election under Section 83(b) of the Code, within ten days of filing such election with the Internal Revenue Service, the Plan participant must notify the Company in writing of such election. The Company and its subsidiaries shall not be required to issue Shares, make any payment or to recognize the transfer or disposition of Shares until all such obligations are satisfied. The Committee may provide for or permit these obligations to be satisfied through the mandatory or elective sale of Shares and/or by having the Company withhold a portion of the Shares that otherwise would be issued to the Plan participant upon exercise or the vesting or settlement of an Equity Award, or by tendering Shares previously acquired.

SECTION 10. EFFECTIVE DATE AND STOCKHOLDER APPROVAL

This Plan was adopted by the Board and is effective as of January 1, 2010 (the **Effective Date**), subject to approval by the Company's stockholders. No incentives will be paid under the Plan unless such stockholder approval has been obtained. The Plan may be terminated by the Board or the Committee at any time.

SECTION 11. NON-ASSIGNABILITY

Unless the Committee expressly states otherwise, no participant in the Plan may sell, assign, convey, gift, pledge or otherwise hypothecate or alienate any incentive opportunity or amounts determined by the Committee to be payable under the Plan, until such amounts (if any) are actually paid.

SECTION 12. NON-EXCLUSIVITY OF PLAN

Neither the adoption of the Plan by the Board nor the submission of the Plan to the stockholders of the Company for approval will be construed as creating any limitations on the power of the Board or the Committee to adopt such other incentive arrangements as either may deem desirable, including, without limitation, cash or equity-based compensation arrangements, either tied to performance or otherwise, and any such other arrangements as may be either generally applicable or applicable only in specific cases.

SECTION 13. NO RIGHT TO CONTINUED EMPLOYMENT

Neither the Plan, selection of a person as an Eligible Individual eligible to be paid incentives under the Plan, nor the payment of any incentive to any participant under the Plan, nor any action by the Company or the Committee, will be held or construed to confer upon any person any right to be continued in the employ of the Company or its subsidiaries.
