Item 1.01. Entry into a Material Definitive Agreement.

On September 23, 2010, El Paso Electric Company (the Company) and The Bank of New York Mellon Trust Company, N.A., as trustee (the Trustee) of the Rio Grande Resources Trust II (the Trust), entered into a credit agreement (the Agreement) with JPMorgan Chase Bank, N.A., as administrative agent and issuing bank, Union Bank, N.A., as syndication agent, and various lending banks party thereto. Under the terms of the Agreement, the Company has available a \$200 million revolving credit facility (the Facility) for a term of four years. The Company may request that the Facility be increased up to a total of \$300 million during the term of the Agreement.

The Agreement provides that amounts borrowed under the Facility by the Company may be used for, among other things, working capital and general corporate purposes. Any amounts borrowed by the Trustee may be used, among other things, to finance the acquisition and processing of nuclear fuel, which is accomplished through the Trust. Amounts borrowed by the Trustee are guaranteed by the Company. The Facility is unsecured. The Agreement requires compliance with certain covenants, including a total debt to capitalization ratio.

The Agreement replaces an existing \$200 million revolving credit facility that was due to expire on April 11, 2011, and that was terminated concurrently with entering into the Agreement.

Item 1.02. Termination of a Material Definitive Agreement.

The discussion under Item 1.01 above is incorporated herein by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
