On February 1, 2012, Constellation Energy and Exelon Corporation issued the following joint press release related to their pending merger.

EXELON SELECTS SITE, DEVELOPER AND DESIGN FIRMS FOR

NEW BALTIMORE HEADQUARTERS BUILDING

CHICAGO AND BALTIMORE (Feb. 1, 2012) Exelon Corporation (NYSE: EXC) and Constellation Energy (NYSE: CEG) today announced the developer, site and design firms for their new headquarters building in downtown Baltimore, contingent on the completion of the companies proposed merger.

After conducting an extensive, competitive RFP process, and after exploring multiple locations throughout the core of downtown Baltimore City, inclusive of input from key community stakeholders, Exelon has conditionally selected Harbor East Development Group, LLC, as the developer for the proposed headquarters to be located at Harbor Point between Fells Point and Harbor East in Baltimore, in a to-be-constructed building. The award is contingent on Exelon and the developer reaching an agreement on lease terms and other conditions.

We are excited to move forward with our plans to build a new Baltimore headquarters facility, bringing significant benefits to the City of Baltimore, including additional jobs and tax revenue, said Exelon President and COO Christopher M. Crane. We are committed to Baltimore's downtown and its business district, and we look forward to being a growing part of the Baltimore community as the overall vitality of the city's downtown continues to flourish.

The selected developer was evaluated and consequently selected based on criteria that included their capabilities and experience and their proposed competitive and economic lease terms. Additional site selection parameters included proximity to the downtown waterfront, the ability to accommodate 300,000 to 370,000 rentable square feet, a trading floor size of at least 70,000 square feet, office floor size of approximately 30,000 square feet and availability for occupancy in 2014.

It was clear from our first discussion with Exelon that they wanted a unique headquarters facility that would create a dynamic home for their growing Baltimore workforce, said Michael S. Beatty, president, Harbor East Development Group, LLC. When people visit this site in three years they will realize just how committed Exelon and Constellation are to not only their employees but to the greater community and the environment. This project will be a model catalyst for the development of a truly sustainable and vibrant neighborhood.

Exelon also conducted a competitive process to identify interior architecture, engineering and Leadership in Energy and Environmental Design (LEED) consulting firms, and has selected Washington, D.C.-based SmithGroupJJR as the interior design architect; Baltimore-based RTKL as the mechanical, electrical and plumbing engineer; and GreenShape, a women-owned firm, as the LEED consultant.

There are significant benefits to the City of Baltimore based on the selected location. Development of the building is expected to create more than 1,000 construction and other jobs and provide new tax revenue for the city.

Construction of the new building was a commitment made as part of the companies' merger settlement with the State of Maryland, the Maryland Energy Administration, the City of Baltimore and the Baltimore Building and Construction Trades Council announced Dec. 15. Under the settlement, Exelon, Constellation and BGE will provide a package of benefits totaling more than \$1 billion and expected to create more than 6,000 jobs in Maryland (including the 1,000 jobs related to the building).

The Exelon-Constellation merger has received approval by the Department of Justice, the New York Public Service Commission, the Public Utility Commission of Texas and the shareholders of Exelon and Constellation. It also requires regulatory approvals by the Federal Energy Regulatory Commission, the Nuclear Regulatory Commission and the Maryland Public Service Commission.

Cautionary Statements Regarding Forward-Looking Information

Except for the historical information contained herein, certain of the matters discussed in this communication constitute forward-looking statements within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, both as amended by the Private Securities Litigation Reform Act of 1995. Words such as may, will, anticipate, estimate, expect, project, intend, plan, believe, target, and terms of similar substance used in connection with any discussion of future plans, actions, or events identify forward-looking statements. These forward-looking statements include, but are not limited to, statements regarding benefits of the proposed merger of Exelon Corporation (Exelon) and Constellation Energy Group, Inc. (Constellation), integration plans and expected synergies, the expected timing of completion of the transaction, anticipated future financial and operating performance and results, including estimates for growth. These statements are based on the current expectations of management of Exelon and Constellation, as applicable. There are a number of risks and uncertainties that could cause actual results to differ materially from the forward-looking statements included in this communication regarding the proposed merger. For example, (1) the companies may be unable to obtain regulatory approvals required for the merger, or required regulatory approvals may delay the merger or result in the imposition of conditions that could have a material adverse effect on the combined company or cause the companies to abandon the merger; (2) conditions to the closing of the merger may not be satisfied; (3) an unsolicited offer of another company to acquire assets or capital stock of Exelon or Constellation could interfere with the merger; (4) problems may arise in successfully integrating the businesses of the companies, which may result in the combined company not operating as effectively and efficiently as expected; (5) the combined company may be unable to achieve cost-cutting synergies or it may take longer than expected to achieve those synergies; (6) the merger may involve unexpected costs, unexpected liabilities or unexpected delays, or the effects of purchase accounting

may be different from the companies' expectations; (7) the credit ratings of the combined company or its subsidiaries may be different from what the companies expect; (8) the businesses of the companies may suffer as a result of uncertainty surrounding the merger; (9) the companies may not realize the values expected to be obtained for properties expected or required to be divested; (10) the industry may be subject to future regulatory or legislative actions that could adversely affect the companies; and (11) the companies may be adversely affected by other economic, business, and/or competitive factors. Other unknown or unpredictable factors could also have material adverse effects on future results, performance or achievements of Exelon, Constellation or the combined company. Discussions of some of these other important factors and assumptions are contained in Exelon's and Constellation's respective filings with the Securities and Exchange Commission (SEC), and available at the SEC's website at www.sec.gov, including: (1) Exelon's 2010 Annual Report on Form 10-K in (a) ITEM 1A.
