Item 7.01 Regulation FD Disclosure.

Pursuant to 17 CFR Part 243 (Regulation FD), Zillow is submitting the below information relating to its monthly unique user metrics.

In accordance with General Instruction B.2 of Form 8-K, the information under this item shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall such information be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing. This report will not be deemed an admission as to the materiality of any information required to be disclosed solely to satisfy the requirements of Regulation FD.

On March 5, 2012, Zillow released monthly unique user metrics for the month of February 2012 on the Investor Relations page of Zillow’s website at <http://investors.zillow.com/events.cfm>. Beginning in October 2011, Zillow measures unique users with Google Analytics. Prior to October 2011, we measured monthly unique user metrics with Omniture analytical tools. We believe Google Analytics and Omniture result in materially consistent measurements of our monthly unique users. Zillow counts a unique user the first time an individual accesses one of Zillow’s websites using a web browser during a calendar month, and the first time an individual accesses Zillow’s mobile applications using a mobile device during a calendar month. If an individual accesses Zillow’s websites using different web browsers within a given month, the first access by each such web browser is counted as a separate unique user. If an individual accesses more than one of Zillow’s websites in a single month, the first access to each website is counted as a separate unique user since unique users are tracked separately for each domain. If an individual accesses Zillow’s mobile applications using different mobile devices within a given month, the first instance of access by each such mobile device is counted as a separate unique user.

The following table summarizes Zillow’s monthly unique users for Zillow’s websites and mobile applications for the periods presented:

	Monthly Unique Users for the Month Ended		
	February 29, 2012 (in thousands)	February 28, 2011	2011 to 2012 % Change
Unique Users	31,278	16,808	86%
