Item 1.01 Entry into a Material Definitive Agreement.

On May 15, 2012, Northern Oil and Gas, Inc. (the Company) entered into a purchase agreement (the Purchase Agreement) under which it agreed to sell \$300 million aggregate principal amount of its 8.000% Senior Notes due 2020 (the Notes) to RBC Capital Markets, LLC, Capital One Southcoast, Inc., SunTrust Robinson Humphrey, Inc., BMO Capital Markets Corp., Canaccord Genuity Inc., Global Hunter Securities, LLC, Howard Weil Incorporated, KeyBanc Capital Markets Inc., U.S. Bancorp Investments, Inc., BB&T Capital Markets, a division of Scott & Stringfellow, LLC, BOSCO, Inc., Lloyds Securities, Inc., and C. K. Cooper & Company (collectively, the Initial Purchasers). The net proceeds from the offering, after deducting the Initial Purchasers' discount and the estimated offering expenses payable by the Company, are expected to be approximately \$291.3 million. A copy of the Purchase Agreement is attached hereto as Exhibit 10.1 and is incorporated herein by reference; the description of the Purchase Agreement in this report is a summary and is qualified in its entirety by the terms of the Purchase Agreement.

The closing of the sale of the Notes occurred on May 18, 2012. The Notes have not been registered under the Securities Act of 1933, as amended (the Securities Act). The Company offered and sold the Notes to the Initial Purchasers in reliance on the exemption from registration provided by Section 4(2) of the Securities Act. The Initial Purchasers then sold the Notes to qualified institutional buyers pursuant to the exemption from registration provided by Rule 144A under the Securities Act and to persons in offshore transactions in reliance on Regulation S under the Securities Act. The Company relied on these exemptions from registration based in part on representations made by the Initial Purchasers in the Purchase Agreement.

The Notes are governed by an indenture, dated as of May 18, 2012, between the Company and Wilmington Trust, National Association, as trustee (the Indenture). A copy of the Indenture, including the form of Notes, is attached hereto as Exhibit 4.1 and is incorporated herein by reference; the descriptions of the Indenture and the Notes in this report are summaries and are qualified in their entirety by the terms of the Indenture and Notes, respectively.

The Notes will bear interest at a rate of 8% per year, payable semiannually in arrears in cash on June 1 and December 1 of each year, beginning on December 1, 2012. The Notes will mature on June 1, 2020.

The Notes will rank equal in right of payment to all of the Company's other existing and future senior unsecured indebtedness. The Notes will rank senior in right of payment to any of the Company's future subordinated indebtedness and effectively junior to any of the Company's secured indebtedness to the extent of value of the collateral securing such indebtedness.

The Company does not currently have any subsidiaries and, as a result, the Notes will not be guaranteed initially. Any subsidiaries the Company forms in the future may be required under the terms of the Indenture to unconditionally guarantee, jointly and severally, the Company's payment obligation under the Notes on a senior unsecured basis.

The Company will have the option to redeem the Notes, in whole or in part, at any time on or after June 1, 2016, at the redemption prices set forth in the Indenture, together with any accrued and unpaid interest to the date of redemption. In addition, the Company may, on one or more occasions, redeem some or all of the Notes at any time prior to June 1, 2016, at a price equal to 100% of the aggregate principal amount of the Notes redeemed, plus a make-whole premium provided in the Indenture. At any time prior to June 1, 2015, the Company may redeem up to 35% of the aggregate principal amount of the Notes with the net cash proceeds of certain equity offerings at a redemption price of 108% of the principal amount of the Notes redeemed, plus any accrued and unpaid interest to the date of redemption, if at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding immediately after such redemption and the redemption occurs within 180 days after the closing date of such equity offering.

Upon the occurrence of a change of control event, as defined in the Indenture, each holder of Notes may require the Company to repurchase all or a portion of its Notes for cash at a price equal to 101% of the aggregate principal amount of such Notes, plus any accrued and unpaid interest to the date of repurchase.

In connection with the issuance of the Notes, the Company entered into a registration rights agreement, dated May 18, 2012, with the Initial Purchasers (the Registration Rights Agreement). Under the Registration Rights Agreement, the Company is obligated to file a registration statement with the Securities and Exchange Commission so that holders of the Notes can exchange such Notes for registered notes having substantially the same terms as the Notes and evidencing the same indebtedness as the Notes (the Exchange Offer).

The Registration Rights Agreement provides that the Company will use commercially reasonable efforts to cause the Exchange Offer to be completed within 400 days after the issuance of the Notes and to use commercially reasonable efforts to cause a shelf registration statement for the resale of the Notes to become effective if the Company cannot effect the Exchange Offer within the 400-day period and in certain other circumstances. If the Company fails to satisfy its obligations under the Registration Rights Agreement on a timely basis, it will be required to pay additional interest to holders of the Notes. A copy of the Registration Rights Agreement is attached hereto as Exhibit 4.2 and is incorporated herein by reference; the description of the Registration Rights Agreement in this report is a summary and is qualified in its entirety by the terms of the Registration Rights Agreement.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On May 18, 2012, the Company issued \$300 million aggregate principal amount of the Notes. The Company offered and sold the Notes to the Initial Purchasers in reliance on the exemption from registration provided by Section 4(2) of the Securities Act. The Initial Purchasers then sold the Notes to qualified institutional buyers pursuant to the exemption from registration provided by Rule 144A under the Securities Act and to persons in offshore transactions in reliance on Regulation S under the Securities Act.

The Notes will bear interest at a rate of 8% per year, payable semiannually in arrears in cash on June 1 and December 1 of each year, beginning on December 1, 2012. The Notes will mature on June 1, 2020. Additional terms and conditions applicable to the Notes are contained in Item 1.01 and are incorporated herein by reference.

The Company used a portion of the net proceeds from the issuance of the Notes to repay all outstanding borrowings under its revolving credit facility. As a result of the issuance of the Notes, the borrowing base under the Company's revolving credit facility has automatically decreased to \$175 million.

The Notes have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements. This report on Form 8-K does not constitute an offer to sell, or a solicitation of an offer to buy, any security and shall not constitute an offer, solicitation or sale in any jurisdiction in which such offering would be unlawful.
