**Zions Bancorporation Announces Plans to Auction \$50 Million to \$100 Million  
of Non-Cumulative Perpetual Preferred Stock Through Zions Direct**

SALT LAKE CITY, April 26, 2013 Zions Bancorporation ( Zions ) today announced its plans to offer 2,000,000 depositary shares (\$50,000,000 aggregate liquidation preference) to 4,000,000 depositary shares (\$100,000,000 aggregate liquidation preference) each representing a 1/40th interest in a share of Series H fixed rate non-cumulative perpetual preferred stock pursuant to a prospectus supplement dated April 22, 2013 to its prospectus dated April 4, 2011. The public offering price of each depositary share will be equal to the liquidation preference per depositary share, or \$25.00. During the auction period, potential bidders will be able to place bids for the dividend rate for the depositary shares at or above a minimum dividend rate of 5.75% per depositary share (in increments of 0.05%) and up to and including the maximum dividend rate of 6.15% per depositary share. Zions initially announced this offering on April 22, 2013. The dividend rate, allocation and amount of depositary shares to be sold in this offering will be determined by an online auction process facilitated by Zions Direct, Inc. ( Zions Direct ), as auction service provider. Deutsche Bank Securities Inc., Goldman, Sachs & Co., Keefe, Bruyette & Woods, Inc., Macquarie Capital (USA) Inc. and Zions Direct are serving as underwriters and joint book-running managers for the offering.

The auction is expected to open on Monday, April 29, 2013 at 9:00 am Eastern Time and close on Tuesday, April 30, 2013 at 2:30 pm Eastern Time.

Zions intends to use the net cash proceeds from this offering for general corporate purposes, which may include the redemption of certain securities.

As announced on March 14, 2013, in connection with the Federal Reserve Board's review of Zions' 2013 Capital Plan under its 2013 Capital Review Plan, the Federal Reserve Board did not object to key capital actions relating to the reduction of the cost and quantity of non-common capital. Specifically, among other things, the Federal Reserve Board did not object to the issuance by Zions of up to \$600 million in additional non-cumulative perpetual preferred stock (which \$600 million includes the \$171.8 million of depositary shares representing shares of Series G Fixed/Floating Rate Non-Cumulative Perpetual Preferred Stock issued in February 2013).
