UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

x **QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE
ACT OF 1934**

For the quarterly period ended November 2, 2013

OR

.. **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE
ACT OF 1934**

Commission File Number: 1-33338

American Eagle Outfitters, Inc.

(Exact name of registrant as specified in its charter)

<p>Delaware (State or other jurisdiction of incorporation or organization)</p> <p>77 Hot Metal Street, Pittsburgh, PA (Address of principal executive offices)</p> <p>Registrant's telephone number, including area code: (412) 432-3300</p>	<p>No. 13-2721761 (I.R.S. Employer Identification No.)</p> <p>15203-2329 (Zip Code)</p>
---	---

Former name, former address and former fiscal year, if changed since last report:

N/A

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. YES ☒ NO ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). YES ☒ NO ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act.

Large accelerated filer <input checked="" type="checkbox"/>	Accelerated filer <input type="checkbox"/>
Non-accelerated filer <input type="checkbox"/> (Do not check if a smaller reporting company)	Smaller reporting company <input type="checkbox"/>

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). YES ☐ NO ☒

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date: 192,789,779 Common Shares were outstanding at December 6, 2013.

AMERICAN EAGLE OUTFITTERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Interim Financial Statements

The accompanying Consolidated Financial Statements of American Eagle Outfitters, Inc. (the Company) at November 2, 2013 and October 27, 2012 and for the 13 and 39 week periods ended November 2, 2013 and October 27, 2012 have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. Certain notes and other information have been condensed or omitted from the interim Consolidated Financial Statements presented in this Quarterly Report on Form 10-Q. Therefore, these Consolidated Financial Statements should be read in conjunction with the Company's Fiscal 2012 Annual Report. In the opinion of the Company's management, all adjustments (consisting of normal recurring adjustments and those described in the footnotes that follow) considered necessary for a fair presentation have been included. The existence of subsequent events has been evaluated through the filing date of this Quarterly Report on Form 10-Q.

As used in this report, all references to we, our and the Company refer to American Eagle Outfitters, Inc. and its wholly owned subsidiaries. American Eagle Outfitters, American Eagle, AEO and the AE Brand refer to our American Eagle Outfitters stores. aerie refers to our aerie by American Eagle® stores. AEO Direct refers to our e-commerce operations, ae.com and aerie.com. 77kids refers to the 77kids by american eagle® stores and related e-commerce operations which the Company exited in Fiscal 2012.

The Company's business is affected by the pattern of seasonality common to most retail apparel businesses. The results for the current and prior periods are not necessarily indicative of future financial results.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The Consolidated Financial Statements include the accounts of the Company and its wholly owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation. At November 2, 2013, the Company operated in one reportable segment.

In Fiscal 2012, the Company exited the 77kids business, which included all 22 stores and related e-commerce operations. These Consolidated Financial Statements reflect the results of 77kids as a discontinued operation for all periods presented. Refer to Note 13 to the Consolidated Financial Statements for additional information regarding the discontinued operations of 77kids.

Fiscal Year

The Company's financial year is a 52/53 week year that ends on the Saturday nearest to January 31. As used herein, Fiscal 2015, Fiscal 2014, Fiscal 2013 refers to the 52 week periods ending January 31, 2016, January 31, 2015 and February 1, 2014, respectively. Fiscal 2012 refers to the 53 week period ended February 2, 2013. Fiscal 2011 and Fiscal 2010 refer to the 52 week periods ended January 28, 2012 and January 29, 2011, respectively.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of our contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, our management reviews its estimates based on currently available information. Changes in facts and circumstances may result in revised estimates.

Table of Contents

Recent Accounting Pronouncements

In February 2013, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income* (ASU 2013-02). ASU 2013-02 requires an entity to provide additional information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the financial statements or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income. The amendments are effective prospectively for reporting periods beginning after December 15, 2012. ASU 2013-02 does not change the current requirements for reporting net income or other comprehensive income. Because the standard only affects the presentation of comprehensive income and does not impact what is included in comprehensive income, ASU 2013-02 did not have a significant impact on the Company's Consolidated Financial Statements.

Foreign Currency Translation

In accordance with Accounting Standards Codification (ASC) 830, *Foreign Currency Matters*, assets and liabilities denominated in foreign currencies were translated into United States dollars (USD) (the reporting currency) at the exchange rates prevailing at the balance sheet date. Revenues and expenses denominated in foreign currencies were translated into USD at the monthly average exchange rates for the period. Gains or losses resulting from foreign currency transactions are included in the results of operations, whereas, related translation adjustments are reported as an element of other comprehensive income in accordance with ASC 220, *Comprehensive Income*.

Revenue Recognition

Revenue is recorded for store sales upon the purchase of merchandise by customers. The Company's e-commerce operation records revenue upon the estimated customer receipt date of the merchandise. Shipping and handling revenues are included in total net revenue. Sales tax collected from customers is excluded from revenue and is included as part of accrued income and other taxes on the Company's Consolidated Balance Sheets.

Revenue is recorded net of estimated and actual sales returns and deductions for coupon redemptions and other promotions. The Company records the impact of adjustments to its sales return reserve quarterly within total net revenue and cost of sales. The sales return reserve reflects an estimate of sales returns based on projected merchandise returns determined through the use of historical average return percentages.

Revenue is not recorded on the purchase of gift cards. A current liability is recorded upon purchase, and revenue is recognized when the gift card is redeemed for merchandise. Additionally, the Company recognizes revenue on unredeemed gift cards based on an estimate of the amounts that will not be redeemed (gift card breakage), determined through historical redemption trends. Gift card breakage revenue is recognized in proportion to actual gift card redemptions as a component of total net revenue. For further information on the Company's gift card program, refer to the Gift Cards caption below.

The Company recognizes royalty revenue generated from its franchise agreements based on a percentage of merchandise sales by the franchisee. This revenue is recorded as a component of total net revenue when earned.

Cost of Sales, Including Certain Buying, Occupancy and Warehousing Expenses

Cost of sales consists of merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage and certain promotional costs (collectively merchandise costs) and buying, occupancy and

warehousing costs. Buying, occupancy and warehousing costs consist of compensation, employee benefit expenses and travel for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. Gross profit is the difference between total net revenue and cost of sales.

Selling, General and Administrative Expenses

Selling, general and administrative expenses consist of compensation and employee benefit expenses, including salaries, incentives and related benefits associated with our stores and corporate headquarters. Selling, general and administrative expenses also include advertising costs, supplies for our stores and home office, communication costs, travel and entertainment, leasing costs and services purchased. Selling, general and administrative expenses do not include compensation, employee benefit expenses and travel for our design, sourcing and importing teams, our buyers and our distribution centers as these amounts are recorded in cost of sales.

Table of Contents

Other Income, Net

Other income, net consists primarily of interest income/expense, foreign currency transaction gain/loss and realized investment gains/losses.

Other-than-Temporary Impairment

The Company evaluates its investments for impairment in accordance with ASC 320, *Investments – Debt and Equity Securities* (ASC 320). ASC 320 provides guidance for determining when an investment is considered impaired, whether impairment is other-than-temporary, and measurement of an impairment loss. An investment is considered impaired if the fair value of the investment is less than its cost. If, after consideration of all available evidence to evaluate the realizable value of its investment, impairment is determined to be other-than-temporary, then an impairment loss is recognized in the Consolidated Statement of Operations equal to the difference between the investment's cost and its fair value. Additionally, ASC 320 requires additional disclosures relating to debt and equity securities both in the interim and annual periods as well as requires the Company to present total other-than-temporary impairment (OTTI) with an offsetting reduction for any non-credit loss impairment amount recognized in other comprehensive income (OCI). There was no net impairment loss for investment securities recognized in earnings during the 13 and 39 weeks ended November 2, 2013 or October 27, 2012.

Cash and Cash Equivalents, Short-term Investments and Long-term Investments

The Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

As of November 2, 2013, short-term investments include treasury bills with a maturity of greater than three months, but less than one year.

As of November 2, 2013, long-term investments include term deposits with an original maturity of greater than one year. Long-term investments are recorded within other assets on the Company's Consolidated Balance Sheets.

Unrealized gains and losses on the Company's available-for-sale securities are excluded from earnings and are reported as a separate component of stockholders' equity, within accumulated other comprehensive income, until realized. When available-for-sale securities are sold, the cost of the securities is specifically identified and is used to determine any realized gain or loss.

Refer to Note 3 to the Consolidated Financial Statements for information regarding cash and cash equivalents and investments.

Merchandise Inventory

Merchandise inventory is valued at the lower of average cost or market, utilizing the retail method. Average cost includes merchandise design and sourcing costs and related expenses. The Company records merchandise receipts at the time at which both title and risk of loss for the merchandise transfers to the Company.

The Company reviews its inventory levels to identify slow-moving merchandise and generally uses markdowns to clear merchandise. Additionally, the Company estimates a markdown reserve for future planned permanent markdowns related to current inventory. Markdowns may occur when inventory exceeds customer demand for reasons of style, seasonal adaptation, changes in customer preference, lack of consumer acceptance of fashion items,

competition, or if it is determined that the inventory in stock will not sell at its currently ticketed price. Such markdowns may have a material adverse impact on earnings, depending on the extent and amount of inventory affected. The Company also estimates a shrinkage reserve for the period between the last physical count and the balance sheet date. The estimate for the shrinkage reserve, based on historical results, can be affected by changes in merchandise mix and changes in actual shrinkage trends.

Income Taxes

The Company calculates income taxes in accordance with ASC 740, *Income Taxes* (ASC 740), which requires the use of the asset and liability method. Under this method, deferred tax assets and liabilities are recognized based on the difference between the Consolidated Financial Statement carrying amounts of existing assets and liabilities and their respective tax bases as computed pursuant to ASC 740. Deferred tax assets and liabilities are measured using the tax rates, based on certain judgments regarding enacted tax laws and published guidance, in effect in the years

Table of Contents

when those temporary differences are expected to reverse. A valuation allowance is established against the deferred tax assets when it is more likely than not that some portion or all of the deferred taxes may not be realized. Changes in the Company's level and composition of earnings, tax laws or the deferred tax valuation allowance, as well as the results of tax audits may materially impact the Company's effective income tax rate.

The Company evaluates its income tax positions in accordance with ASC 740, which prescribes a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. Under ASC 740, a tax benefit from an uncertain position may be recognized only if it is more likely than not that the position is sustainable based on its technical merits.

The calculation of the deferred tax assets and liabilities, as well as the decision to recognize a tax benefit from an uncertain position and to establish a valuation allowance require management to make estimates and assumptions. The Company believes that its assumptions and estimates are reasonable, although actual results may have a positive or negative material impact on the balances of deferred tax assets and liabilities, valuation allowances or net income.

Refer to Note 10 to the Consolidated Financial Statements for additional information regarding income taxes.

Property and Equipment

Property and equipment is recorded on the basis of cost, including costs to prepare the asset for use, with depreciation computed utilizing the straight-line method over the assets' estimated useful lives. The useful lives of our major classes of assets are as follows:

Buildings	25 years
Leasehold improvements	Lesser of 10 years or the term of the lease
Fixtures and equipment	5 years

In accordance with ASC 360, *Property, Plant, and Equipment* (ASC 360), the Company evaluates long-lived assets for impairment at the individual store level, which is the lowest level at which individual cash flows can be identified, for stores that have been open for a period of time sufficient to reach maturity. Impairment losses are recorded on long-lived assets used in operations when events and circumstances indicate that the assets are impaired and the undiscounted cash flows estimated to be generated by those assets are less than their carrying amounts. When events such as these occur, the impaired assets are adjusted to their estimated fair value and an impairment loss is recorded.

On September 5, 2013, the Company announced plans to close its Warrendale, Pennsylvania distribution center and transfer the operations to its new Hazelton, Pennsylvania facility, as the Warrendale facility is not physically or geographically capable of supporting the Company's long-term expansion goals. This announcement resulted in \$19.3 million of pre-tax asset impairments during the 13 weeks ended November 2, 2013. Refer to Note 14 to the Consolidated Financial Statements for additional information regarding exits and disposal costs.

The Company had \$4.7 million, \$9.5 million and \$9.7 million of long-lived assets held-for-sale as of November 2, 2013, February 2, 2013 and October 27, 2012, respectively. These long-lived corporate assets, which the Company believes will be sold within one year, are recorded at their estimated net realizable value, less disposal costs, which resulted in a \$5.0 million reduction in carrying value during the 13 weeks ended May 4, 2013, recorded in depreciation and amortization expense within the Company's Consolidated Financial Statements.

Refer to Note 6 to the Consolidated Financial Statements for additional information regarding property, plant and equipment.

Goodwill

The Company's goodwill is primarily related to the acquisition of its importing operations, Canadian business and recently acquired operations in Hong Kong and China. In accordance with ASC 350, *Intangibles—Goodwill and Other* (ASC 350), the Company evaluates goodwill for possible impairment on at least an annual basis and last performed an annual impairment test as of February 2, 2013. As a result of the Company's annual goodwill impairment test, the Company concluded that its goodwill was not impaired.

Refer to Note 12 to the Consolidated Financial Statements for additional information on the Company's acquisition of its Hong Kong and China operations.

Table of Contents

Intangible Assets

Intangible assets are recorded on the basis of cost with amortization computed utilizing the straight-line method over the assets' estimated useful lives. The Company's intangible assets, which primarily include trademark assets, are generally amortized over 15 to 25 years.

The Company evaluates intangible assets for impairment in accordance with ASC 350 when events or circumstances indicate that the carrying value of the asset may not be recoverable. Such an evaluation includes the estimation of undiscounted future cash flows to be generated by those assets. If the sum of the estimated future undiscounted cash flows are less than the carrying amounts of the assets, then the assets are impaired and are adjusted to their estimated fair value. No intangible asset impairment charges were recorded in the 13 and 39 weeks ended November 2, 2013 and October 27, 2012.

Refer to Note 7 to the Consolidated Financial Statements for additional information regarding intangible assets.

Gift Cards

The value of a gift card is recorded as a current liability upon purchase, and revenue is recognized when the gift card is redeemed for merchandise. The Company estimates gift card breakage and recognizes revenue in proportion to actual gift card redemptions as a component of total net revenue. The Company determines an estimated gift card breakage rate by continuously evaluating historical redemption data and the time when there is a remote likelihood that a gift card will be redeemed. The Company recorded \$1.1 million and \$1.0 million of revenue related to gift card breakage during the 13 weeks ended November 2, 2013 and October 27, 2012, respectively. During both the 39 weeks ended November 2, 2013 and October 27, 2012, the Company recorded \$4.3 million of revenue related to gift card breakage.

Deferred Lease Credits

Deferred lease credits represent the unamortized portion of construction allowances received from landlords related to the Company's retail stores. Construction allowances are generally comprised of cash amounts received by the Company from its landlords as part of the negotiated lease terms. The Company records a receivable and a deferred lease credit liability at the lease commencement date (date of initial possession of the store). The deferred lease credit is amortized on a straight-line basis as a reduction of rent expense over the term of the original lease (including the pre-opening build-out period) and any subsequent renewal terms. The receivable is reduced as amounts are received from the landlord.

Co-branded Credit Card and Customer Loyalty Program

The Company offers a co-branded credit card (the AEO Visa Card) and a private label credit card (the AEO Credit Card). These credit cards are issued by a third-party bank (the Bank), and the Company has no liability to the Bank for bad debt expense, provided that purchases are made in accordance with the Bank's procedures. Once a customer is approved to receive the AEO Visa Card or the AEO Credit Card and the card is activated, the customer is eligible to participate in the credit card rewards program. Customers who make purchases earn discounts in the form of savings certificates when certain purchase levels are reached. Also, AEO Visa Card customers who make purchases at other retailers where the card is accepted earn additional discounts. Savings certificates are valid for 90 days from issuance.

Points earned under the credit card rewards program on purchases are accounted for by analogy to ASC 605-25, *Revenue Recognition, Multiple Element Arrangements* (ASC 605-25). The Company believes that points earned under

its point and loyalty programs represent deliverables in a multiple element arrangement rather than a rebate or refund of cash. Accordingly, the portion of the sales revenue attributed to the award points is deferred and recognized when the award is redeemed or when the points expire. Additionally, credit card reward points earned on non-AE or aerie purchases are accounted for in accordance with ASC 605-25. As the points are earned, a current liability is recorded for the estimated cost of the award, and the impact of adjustments is recorded in cost of sales.

The Company offers its customers the AEREWARDSsm loyalty program (the Program). Under the Program, customers accumulate points based on purchase activity and earn rewards by reaching certain point thresholds during three-month earning periods. Rewards earned during these periods are valid through the stated expiration date, which is approximately one month from the mailing date of the reward. These rewards can be redeemed for a discount on a purchase of merchandise. Rewards not redeemed during the one-month redemption period are forfeited. The Company determined that rewards earned using the Program should be accounted for in accordance with ASC 605-25. Accordingly, the portion of the sales revenue attributed to the award credits is deferred and recognized when the awards are redeemed or expire.

Table of Contents**Segment Information**

In accordance with ASC 280, *Segment Reporting* (ASC 280), the Company has identified three operating segments (American Eagle Brand retail stores, aerie retail stores and AEO Direct) that reflect the basis used internally to review performance and allocate resources. All of the operating segments have been aggregated and are presented as one reportable segment, as permitted by ASC 280.

Reclassification

Certain reclassifications have been made to the Consolidated Financial Statements for prior periods in order to conform to the current period presentation.

3. Cash and Cash Equivalents, Short-term Investments and Long-term Investments

The following table summarizes the fair market values for the Company's cash and marketable securities, which are recorded on the Consolidated Balance Sheets:

<i>(In thousands)</i>	November 2, 2013	February 2, 2013	October 27, 2012
Cash and cash equivalents:			
Cash	\$ 306,572	\$ 257,191	\$ 389,664
Treasury bills	25,863		19,129
Money-market	21,849	221,929	107,821
Commercial paper		29,999	28,069
Total cash and cash equivalents	\$ 354,284	\$ 509,119	\$ 544,683
Short-term investments:			
Treasury bills	\$ 2,930	\$ 109,305	\$
Term-deposits		12,568	
Total short-term investments	\$ 2,930	\$ 121,873	\$
Long-term investments:			
Term-deposits	\$ 9,588	\$	\$
Total long-term investments	\$ 9,588	\$	\$
Total	\$ 366,802	\$ 630,992	\$ 544,683

Proceeds from the sale of investments were \$126.0 million and \$36.4 million for the 39 weeks ended November 2, 2013 and October 27, 2012, respectively. The purchase of investments was \$17.4 million and \$10.1 million for the 39 weeks ended November 2, 2013 and October 27, 2012, respectively.

There were no unrecognized gains or losses for the Company's available-for-sale securities for the 39 weeks ended November 2, 2013 or October 27, 2012.

4. Fair Value Measurements

ASC 820, *Fair Value Measurement Disclosures* (ASC 820), defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.

Financial Instruments

Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Table of Contents

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

As of November 2, 2013 and October 27, 2012, the Company held certain assets that are required to be measured at fair value on a recurring basis. These include cash equivalents, short-term investments and long-term investments.

In accordance with ASC 820, the following table represents the Company's fair value hierarchy for its financial assets (cash equivalents and investments) measured at fair value on a recurring basis as of November 2, 2013 and October 27, 2012:

Fair Value Measurements at November 2, 2013				
(In thousands)	Carrying Amount	Quoted Market	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
		Prices in Active Markets for Identical Assets (Level 1)		
Cash and cash equivalents:				
Cash	\$ 306,572	\$ 306,572	\$	\$
Treasury bills	25,863	25,863		
Money-market	21,849	21,849		
Total cash and cash equivalents	\$ 354,284	\$ 354,284	\$	\$
Short-term investments:				
Treasury bills	\$ 2,930	\$ 2,930	\$	\$
Total short-term investments	\$ 2,930	\$ 2,930	\$	\$
Long-term investments:				
Term-deposits	\$ 9,588	\$ 9,588	\$	\$
Total long-term investments	\$ 9,588	\$ 9,588	\$	\$
Total	\$ 366,802	\$ 366,802	\$	\$

Fair Value Measurements at October 27, 2012				
(In thousands)	Carrying Amount	Quoted Market	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
		Prices in Active Markets for Identical Assets		

(Level 1)

Cash and cash equivalents:			
Cash	\$ 389,664	\$ 389,664	\$
Money-market	107,821	107,821	
Treasury bills	19,129	19,129	
Commercial paper	28,069	28,069	
 Total cash and cash equivalents	 \$ 544,683	 \$ 544,683	 \$

In the event the Company holds Level 3 investments, a discounted cash flow model is used to value those investments. There were no Level 3 investments at November 2, 2013 or October 27, 2012.

Non-Financial Assets

The Company's non-financial assets, which include goodwill, intangible assets and property and equipment, are not required to be measured at fair value on a recurring basis. However, if certain triggering events occur, or if an annual impairment test is required, and the Company is required to evaluate the non-financial instrument for impairment, a resulting asset impairment would require that the non-financial asset be recorded at the estimated fair value. As a result of the Company's annual goodwill impairment test performed as of February 2, 2013, the Company concluded that its goodwill was not impaired.

Table of Contents

During the 13 weeks ended November 2, 2013, the Company announced plans to close its Warrendale facility. Certain long-lived assets, including the Warrendale, Pennsylvania distribution center, were measured at fair value on a nonrecurring basis using Level 3 inputs as defined in ASC 820. Certain long-lived assets related to this distribution center were determined to be unable to recover their respective carrying values over their remaining useful life and were written down to fair value, resulting in a loss of \$19.3 million, which is recorded as a loss on impairment of assets within the Consolidated Statements of Operations. Refer to Note 14 to the Consolidated Financial Statements for additional information regarding exit and disposal costs.

5. Earnings per Share

The following is a reconciliation between basic and diluted weighted average shares outstanding:

<i>(In thousands)</i>	13 Weeks Ended		39 Weeks Ended	
	November 2, 2013	October 27, 2012	November 2, 2013	October 27, 2012
Weighted average common shares outstanding:				
Basic number of common shares outstanding	192,818	197,173	192,753	196,177
Dilutive effect of stock options and non-vested restricted stock	1,794	4,794	2,268	3,864
Diluted number of common shares outstanding	194,612	201,967	195,021	200,041

Equity awards to purchase approximately 2.9 million and 1.8 million shares of common stock during the 13 and 39 weeks ended November 2, 2013 and approximately 1.5 million and 2.8 million shares of common stock during the 13 and 39 weeks ended October 27, 2012, respectively, were outstanding, but were not included in the computation of weighted average diluted common share amounts as the effect of doing so would be anti-dilutive.

There were 0.9 and 0.8 million shares for the 13 and 39 weeks ended November 2, 2013, respectively, and no shares for both the 13 and 39 weeks ended October 27, 2012 of restricted stock units that were outstanding but not included in the computation of weighted average diluted common share amounts as the effect of doing so would be anti-dilutive. Additionally, approximately 1.0 million shares of restricted stock units for both the 13 and 39 weeks ended November 2, 2013 were not included in the computation of weighted average diluted common share amounts because the number of shares ultimately issued is contingent on the Company's performance compared to pre-established annual performance goals.

Refer to Note 9 to the Consolidated Financial Statements for additional information regarding share-based compensation.

6. Property and Equipment

Property and equipment consists of the following:

<i>(In thousands)</i>	November 2, 2013	February 2, 2013	October 27, 2012
-----------------------	---------------------	---------------------	---------------------

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

Property and equipment, at cost	\$ 1,594,326	\$ 1,417,933	\$ 1,453,625
Less: Accumulated depreciation	(964,120)	(917,799)	(926,249)
Property and equipment, net	\$ 630,206	\$ 500,134	\$ 527,376

Table of Contents**7. Intangible Assets**

Intangible assets consist of the following:

<i>(In thousands)</i>	November 2, 2013	February 2, 2013	October 27, 2012
Trademarks and other intangibles, at cost	\$ 52,484	\$ 44,272	\$ 44,106
Less: Accumulated amortization	(8,057)	(6,136)	(5,647)
Intangible assets, net	\$ 44,427	\$ 38,136	\$ 38,459

8. Other Credit Arrangements

In Fiscal 2012, the Company entered into a five-year, \$150.0 million syndicated, unsecured, revolving credit agreement (the "Credit Agreement"). The primary purpose of the Credit Agreement is to provide additional access to capital for general corporate purposes, growth initiatives and the issuance of letters of credit.

The Credit Agreement contains financial covenants that require the Company to maintain certain coverage and leverage ratios, and various customary affirmative and negative covenants such as the ability to incur additional debt not otherwise permitted under the Credit Agreement.

The Credit Agreement has various borrowing options, including rates of interest that are based on (i) an Adjusted London Interbank Offered Rate ("LIBOR" as defined in the Credit Agreement) plus a margin ranging from 1.00% to 1.75% based on a defined leverage ratio, payable at the end of the applicable interest period; and (ii) a Base Rate (as defined in the Credit Agreement), plus a margin ranging from 0.00% to 0.75% based on a defined leverage ratio, payable quarterly.

Under the Credit Agreement, the Company is also required to pay a commitment fee ranging from 0.175% to 0.30%, based on the defined leverage ratio, on the unused portion of the total lender commitments.

As of November 2, 2013, the Company was in compliance with the terms of the Credit Agreement and had \$8.3 million outstanding in letters of credit and no borrowings.

Additionally, the Company has borrowing agreements with two separate financial institutions under which it may borrow an aggregate of \$135.0 million USD for the purposes of trade letter of credit issuances. The availability of any future borrowings under the trade letter of credit facilities is subject to acceptance by the respective financial institutions.

As of November 2, 2013, the Company had outstanding trade letters of credit of \$69.2 million.

9. Share-Based Compensation

The Company accounts for share-based compensation under the provisions of ASC 718, *Compensation - Stock Compensation* ("ASC 718"), which requires companies to measure and recognize compensation expense for all share-based payments at fair value. Total share-based compensation expense included in the Consolidated Statements of Operations for the 13 and 39 weeks ended November 2, 2013 was a net benefit of \$11.5 million (\$7.1 million, net

of tax) and \$1.8 million (\$1.1 million, net of tax), respectively. The net benefit is due to a reversal of previously recorded performance-based expense resulting from current business performance compared to targets. Total share-based compensation expense included in the Consolidated Statements of Operations for the 13 and 39 weeks ended October 27, 2012 was \$17.7 million (\$10.9 million, net of tax) and \$45.4 million (\$28.0 million, net of tax), respectively.

Stock Option Grants

The Company grants both time-based and performance-based stock options under its 2005 Stock Award and Incentive Plan. Time-based stock option awards vest over the requisite service period of the award or to an employee's eligible retirement date, if earlier. Performance-based stock option awards vest over one year and are earned if the Company meets pre-established performance goals.

Table of Contents

A summary of the Company's stock option activity for the 39 weeks ended November 2, 2013 follows:

	Options (In thousands)	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (In years)	Aggregate Intrinsic Value (In thousands)
Outstanding February 2, 2013	4,629	\$ 16.29		
Granted	376	\$ 22.55		
Exercised (1)	(250)	\$ 13.36		
Cancelled	(76)	\$ 23.44		
Outstanding November 2, 2013	4,679	\$ 16.83	3.0	\$ 6,064
Vested and expected to vest November 2, 2013	4,604	\$ 16.83	2.9	\$ 5,978
Exercisable November 2, 2013 (2)	1,291	\$ 11.20	3.6	\$ 5,079

- (1) Options exercised during the 39 weeks ended November 2, 2013 had exercise prices ranging from \$4.24 to \$19.28.
- (2) Options exercisable represent in-the-money vested options based upon the weighted-average exercise price of vested options compared to the Company's stock price at November 2, 2013.
- The weighted-average grant date fair value of stock options granted during the 39 weeks ended November 2, 2013 and October 27, 2012 was \$4.17 and \$3.72, respectively. The aggregate intrinsic value of options exercised during the 39 weeks ended November 2, 2013 and October 27, 2012 was \$1.3 million and \$24.9 million, respectively.

Cash received from the exercise of stock options was \$3.3 million for the 39 weeks ended November 2, 2013 and \$43.9 million for the 39 weeks ended October 27, 2012. The actual tax benefit realized from stock option exercises totaled \$8.2 million for the 39 weeks ended November 2, 2013 and \$5.1 million for the 39 weeks ended October 27, 2012.

The fair value of stock options was estimated based on the closing market price of the Company's common stock on the date of the grant using a Black-Scholes option pricing model with the following weighted-average assumptions:

Black-Scholes Option Valuation Assumptions	39 Weeks Ended November 2, 2013	October 27, 2012
Risk-free interest rate (1)	0.3%	0.6%
Dividend yield	2.0%	2.8%
Volatility factor (2)	34.4%	41.2%

Edgar Filing: AMERICAN EAGLE OUTFITTERS INC - Form 10-Q

Weighted-average expected term (3)	2.5 years	4.0 years
Expected forfeiture rate (4)	8.0%	8.0%

- (1) Based on the U.S. Treasury yield curve in effect at the time of grant with a term consistent with the expected life of our stock options.
 - (2) Based on a combination of historical volatility of the Company's common stock and implied volatility.
 - (3) Represents the period of time options are expected to be outstanding, based on historical experience.
 - (4) Based upon historical experience.
- As of November 2, 2013, there was \$1.5 million of unrecognized compensation expense related to non-vested time-based stock option awards that is expected to be recognized over a weighted average period of 1.3 years.

Restricted Stock Grants

Time-based restricted stock awards are comprised of time-based restricted stock units. These awards vest over three years; however, they may be accelerated to vest over one year if the Company meets pre-established performance goals in the year of grant. Time-based restricted stock units receive dividend equivalents in the form of additional time-based restricted stock units, which are subject to the same restrictions and forfeiture provisions as the original award.

Table of Contents

Performance-based restricted stock awards include performance-based restricted stock units. These awards cliff vest at the end of a three year period based upon the Company's achievement of pre-established goals throughout the term of the award. Performance-based restricted stock units receive dividend equivalents in the form of additional performance-based restricted stock units, which are subject to the same restrictions and forfeiture provisions as the original award.

The grant date fair value of all restricted stock awards is based on the closing market price of the Company's common stock on the date of grant.

A summary of the Company's restricted stock activity is presented in the following tables:

		Time-Based Restricted Stock Units 39 Weeks Ended November 2, 2013 Weighted-Average Grant Date Fair Value		Performance-Based Restricted Stock Units 39 Weeks Ended November 2, 2013 Weighted-Average Grant Date Fair Value	
<i>(Shares in thousands)</i>		Shares		Shares	
Nonvested	February 2, 2013	1,386	\$ 13.91	2,086	\$ 14.91
Granted		942	\$ 22.01	857	\$ 21.80
Vested		(1,057)	\$ 14.06	(566)	\$ 17.39
Cancelled		(51)	\$ 18.50	(37)	\$ 19.89
Nonvested	November 2, 2013	1,220	\$ 19.84	2,340	\$ 16.75

As of November 2, 2013, there was \$17.3 million of unrecognized compensation expense related to non-vested time-based restricted stock unit awards that is expected to be recognized over a weighted-average period of 2.0 years. Additionally, there was \$22.3 million of unrecognized compensation expense related to performance-based restricted stock unit awards which will be recognized as achievement of performance goals is probable over a one to three year period.

As of November 2, 2013, the Company had 17.8 million shares available for all equity grants.

10. Income Taxes

The provision for income taxes from continuing operations is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for quarterly events. The effective income tax rate from continuing operations based on actual operating results for the 13 weeks ended November 2, 2013 was 41.2% compared to 37.2% for the 13 weeks ended October 27, 2012. The effective income tax rate from continuing operations based on actual operating results for the 39 weeks ended November 2, 2013 was 38.6% compared to 35.0% for the 39 weeks ended October 27, 2012. The increase in the effective income tax rate this year is primarily due to a change in the mix of income contribution between domestic and international operations and favorable state income tax settlements last year.

The Company records accrued interest and penalties related to unrecognized tax benefits in income tax expense.

The Company recognizes income tax liabilities related to unrecognized tax benefits in accordance with ASC 740 and adjusts these liabilities when its judgment changes as the result of the evaluation of new information not previously available. Unrecognized tax benefits did not change significantly during the 13 weeks ended November 2, 2013 and October 27, 2012. Over the next twelve months, the Company believes that it is reasonably possible that unrecognized tax benefits may decrease by approximately \$8.0 million due to settlements, expiration of statute of limitations or other changes in unrecognized tax benefits.

11. Legal Proceedings

The Company is subject to certain legal proceedings and claims arising out of the conduct of its business. In accordance with ASC 450, *Contingencies* (ASC 450), management records a reserve for estimated losses when the loss is probable and the amount can be reasonably estimated. If a range of possible loss exists and no anticipated loss within the range is more likely than any other anticipated loss, the Company records the accrual at the low end of the range, in accordance with ASC 450. As the Company believes that it has provided adequate reserves, it anticipates that the ultimate outcome of any matter currently pending against the Company will not materially affect the consolidated financial position or results of operations of the Company.

Table of Contents**12. Acquisitions and Dispositions**

On May 31, 2013, the Company completed a transaction with Dickson Concepts (International) Limited (Dickson) to acquire six existing American Eagle Outfitters franchised stores in Hong Kong and China and the related assets operated by Dickson, for total consideration of \$20.8 million USD. Included in the total consideration for the transaction was a \$10.0 million USD payment to Dickson to terminate their right to open additional stores in Hong Kong, Macau, China and other designated territories in Asia.

The total purchase price was allocated to the net tangible and intangible assets acquired based on their estimated fair values as of May 31, 2013. Such estimated fair values require management to make estimates and judgments, especially with respect to intangible assets. The Company's valuation of intangible assets, including deferred income taxes, is subject to finalization during Fiscal 2013.

The allocation of the purchase price to the fair value of assets acquired is as follows:

(In thousands)

Merchandise inventory	\$ 2,456
Other assets	2,351
Property and equipment	6,460
Intangible assets and goodwill	9,484
Total purchase price	\$ 20,751

Results of operations of the six acquired stores have been included in our Consolidated Statements of Operations since the May 31, 2013 acquisition date. Pro forma results of the acquired business have not been presented as the results were not material to our Consolidated Financial Statements for all years presented and would not have been material had the acquisition occurred at the beginning of Fiscal 2013.

13. Discontinued Operations

During Fiscal 2012, the Company exited the 77kids business which included all 22 stores and related e-commerce operations. These Consolidated Financial Statements reflect the results of 77kids as a discontinued operation for all periods presented.

Additionally, the third party purchaser assumed certain liabilities associated with the 77kids business and paid the Company an amount equal to 65% of the cost of the acquired inventory. In connection with the exit of the 77kids business, the Company is secondarily liable for obligations under the lease agreements for 21 store leases assumed by the third party purchaser. These obligations will remain in effect until the leases expire through 2022, unless the Company otherwise is released by the applicable landlord. In the event that the third party purchaser does not fulfill its obligations under any of the leases and the Company is required to make any such payments, the Company would seek full reimbursement from the third party purchaser in accordance with the asset purchase agreement. The third party purchaser has provided a stand-by letter of credit to the Company in order to secure payment of obligations under the leases.

In accordance with ASC 460, *Guarantees* (ASC 460), as we became secondarily liable under the leases at the time that we transferred them to the third party, no amounts have been accrued in our Consolidated Financial Statements

related to these guarantees.

The table below presents the significant components of 77kids' results included in Loss from Discontinued Operations on the Consolidated Statement of Operations for the 13 and 39 weeks ended October 27, 2012. There were no losses from Discontinued Operations within the Consolidated Statement of Operations for both the 13 and 39 weeks ended November 2, 2013.

Table of Contents

	13 Weeks Ended October 27, 2012	39 Weeks Ended October 27, 2012
<i>(In thousands)</i>		
Total net revenue	\$	\$ 20,117

There were no assets or liabilities included in the Consolidated Balance Sheets for 77kids as of November 2, 2013, February 2, 2013 and October 27, 2012.

14. Exit and Disposal Activities

On September 5, 2013, the Company announced plans to close its Warrendale, Pennsylvania distribution center and transfer the operations to its new Hazelton, Pennsylvania facility, as the Warrendale facility is not physically or geographically capable of supporting the Company's long-term expansion goals. The Hazelton facility is under construction and is expected to open in the second quarter of Fiscal 2014. It will initially supplement the Ottawa, Kansas facility in fulfilling internet orders. The transition of store distribution operations from Warrendale to Hazelton is scheduled to begin in early 2015 and is anticipated to be completed by July 2015.

Including amounts recognized during the 13 weeks ended November 2, 2013, the Company continues to expect after-tax charges of \$14 million to \$15 million related to the closing of the Warrendale facility. These charges are comprised of the following after-tax amounts:

\$2 million to \$3 million of severance and employee related costs

\$12 million of non-cash asset impairment charges

The pre-tax cash outflow for severance and employee related costs are estimated to be \$4 million to \$5 million to be paid in Fiscal 2015.

Costs associated with exit or disposal activities are recorded when incurred. During the 13 weeks ended November 2, 2013, \$19.3 million of pre-tax non-cash asset impairments (\$11.9 million after-tax) were recorded as a loss on impairment of assets within the Consolidated Statements of Operations.

There are no liabilities associated with exit and disposal activities recognized in the Consolidated Balance Sheet as of November 2, 2013.

Review by Independent Registered Public Accounting Firm

Ernst & Young LLP, our independent registered public accounting firm, has performed a limited review of the unaudited Consolidated Financial Statements as of and for the thirty-nine week periods ended November 2, 2013 and October 27, 2012, as indicated in their report on the limited review included below. Since they did not perform an audit, they express no opinion on the unaudited Consolidated Financial Statements referred to above.

Review Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders

American Eagle Outfitters, Inc.

We have reviewed the consolidated balance sheets of American Eagle Outfitters, Inc. (the Company) as of November 2, 2013 and October 27, 2012, and the related consolidated statements of operations and retained earnings, and comprehensive income for the thirteen and thirty-nine week periods ended November 2, 2013 and October 27, 2012 and the consolidated statements of cash flows for the thirty-nine week periods ended November 2, 2013 and October 27, 2012. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the consolidated financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of American Eagle Outfitters, Inc. as of February 2, 2013, and the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for the year then ended (not presented herein), and we expressed an unqualified audit opinion on those consolidated financial statements in our report dated March 12, 2013. In our opinion, the accompanying consolidated balance sheet of American Eagle Outfitters, Inc. as of February 2, 2013, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

/s/ Ernst & Young LLP

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion and analysis of financial condition and results of operations should be read in conjunction with our Fiscal 2012 Management's Discussion and Analysis of Financial Condition and Results of Operations which can be found in our Fiscal 2012 Annual Report on Form 10-K.

In addition, the following discussion and analysis of financial condition and results of operations are based upon our Consolidated Financial Statements and should be read in conjunction with these statements and notes thereto.

This report contains various forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which represent our expectations or beliefs concerning future events, including the following:

the planned opening of approximately 60 to 65 new American Eagle Outfitters stores in North America and internationally during Fiscal 2013;

the planned opening of approximately 20 new franchised American Eagle Outfitters stores during Fiscal 2013;

the selection of approximately 50 to 65 American Eagle Outfitters stores in the United States and Canada for remodeling and refurbishing during Fiscal 2013;

the potential closure of approximately 15 to 20 American Eagle Outfitters and 25 to 30 aerie stores in the United States and Canada during Fiscal 2013;

the success of our efforts to expand internationally, engage in future franchise/license agreements, and/or grow through acquisitions or joint ventures;

the success of our core American Eagle Outfitters and aerie brands through our omni-channel outlets within North America and internationally;

the possibility that economic pressures and other business factors will have a significant negative impact on our continued growth and results of operations;

the expected payment of a dividend in future periods;

the possibility that our credit facilities may not be available for future borrowings;

the possibility that rising prices of raw materials, labor, energy and other inputs to our manufacturing process, if unmitigated, will have a significant impact to our profitability; and

the possibility that we may be required to take additional store impairment charges related to underperforming stores.

We caution that these forward-looking statements, and those described elsewhere in this report, involve material risks and uncertainties and are subject to change based on factors beyond our control as discussed within Item 1A of this Quarterly Report on Form 10-Q and Item 1A of our Fiscal 2012 Annual Report on Form 10-K. Accordingly, our future performance and financial results may differ materially from those expressed or implied in any such forward-looking statements.

Key Performance Indicators

Our management evaluates the following items, which are considered key performance indicators, in assessing our performance:

Comparable sales Comparable sales provide a measure of sales growth for stores and channels open at least one year over the comparable prior year period. In fiscal years following those with 53 weeks, including Fiscal 2013, the prior year period is shifted by one week to compare similar calendar weeks. A store is included in comparable sales in the thirteenth month of operation. However, stores that have a gross square footage increase of 25% or greater due to a remodel are removed from the comparable sales base, but are included in total sales. These stores are returned to the comparable sales base in the thirteenth month following the remodel. Sales from American Eagle Outfitters and aerie stores, as well as sales from AEO Direct, are included in total comparable sales. Sales from franchise stores are not included in comparable sales. Individual American Eagle Outfitters and aerie brand comparable sales disclosures represent sales from stores and AEO Direct.

We began to include AEO Direct sales in the individual American Eagle Outfitters and aerie brand comparable sales metric in Fiscal 2013 for the following reasons:

our approach to customer engagement continues to evolve as omni-channel , which provides a seamless customer experience through both traditional and non-traditional channels, including four wall store locations, web, mobile/tablet devices, social networks, email, in-store displays and kiosks;

Table of Contents

shopping behavior has continued to evolve across multiple channels that work in tandem to meet all customer needs. Management believes that presenting a brand level performance metric that includes all channels (i.e., stores and AEO Direct) to be the most appropriate, given customer behavior.

Our management considers comparable sales to be an important indicator of our current performance. Comparable sales results are important to achieve leveraging of our costs, including store payroll, store supplies, rent, etc. Comparable sales also have a direct impact on our total net revenue, cash and working capital.

Gross profit Gross profit measures whether we are optimizing the price and inventory levels of our merchandise and achieving an optimal level of sales. Gross profit is the difference between total net revenue and cost of sales. Cost of sales consists of: merchandise costs, including design, sourcing, importing and inbound freight costs, as well as markdowns, shrinkage, certain promotional costs and buying, occupancy and warehousing costs. Buying, occupancy and warehousing costs consist of compensation, employee benefit expenses and travel for our buyers and certain senior merchandising executives; rent and utilities related to our stores, corporate headquarters, distribution centers and other office space; freight from our distribution centers to the stores; compensation and supplies for our distribution centers, including purchasing, receiving and inspection costs; and shipping and handling costs related to our e-commerce operation. The inability to obtain acceptable levels of sales, initial markups or any significant increase in our use of markdowns could have an adverse effect on our gross profit and results of operations.

Operating income Our management views operating income as a key indicator of our success. The key drivers of operating income are comparable sales, gross profit, our ability to control selling, general and administrative expenses, and our level of capital expenditures. Management also uses earnings before interest and taxes (EBIT) as an indicator of successful operating results.

Return on invested capital Our management uses return on invested capital (ROIC) as a key measure to assess our efficiency at allocating capital to profitable investments. This measure is critical in determining which strategic alternatives to pursue.

Store productivity Store productivity, including total net revenue per average square foot, sales per productive hour, average unit retail price (AUR), conversion rate, the number of transactions per store, the number of units sold per store, the number of units per transaction and four wall profit, is evaluated by our management in assessing our operational performance.

Inventory turnover Our management evaluates inventory turnover as a measure of how productively inventory is bought and sold. Inventory turnover is important as it can signal slow moving inventory. This can be critical in determining the need to take markdowns on merchandise.

Cash flow and liquidity Our management evaluates cash flow from operations, investing and financing in determining the sufficiency of our liquidity. Cash flow from operations has historically been sufficient to cover our uses of cash. Our management believes that cash flow from operations will be sufficient to fund anticipated capital expenditures and working capital requirements.

Our management's goals are to drive improvements to our gross profit performance, bring greater consistency to our results and to deliver profitable growth over the long term. Specifically, our targets are to deliver a total net revenue compounded annual growth rate (CAGR) of 7% to 9%, an EBIT CAGR of 12% to 15% and a ROIC in the range of 14% to 17%.

Results of Operations

Overview

Our third quarter results were negatively impacted by a competitive retail segment, with high promotional competition and tepid consumer spending. Weak store traffic and increased promotional activity negatively impacted both comparable sales and margins. We cleared through inventories and controlled our expenses during a volatile period.

Our third quarter total net revenue decreased 6% to \$857.3 million and consolidated comparable sales, including AEO Direct, decreased 5%, compared to a 10% increase last year. By brand, American Eagle Outfitters brand comparable sales decreased 5% and aerie brand decreased 3%. Comparable sales for AEO Direct, which is included in the consolidated and brand comparable sales, increased 17%.

Table of Contents

Gross profit decreased 21% to \$298.9 million compared to \$379.1 million last year and declined 670 basis points to 34.9% as a rate to total net revenue. The decline is the result of higher markdowns, increased delivery costs and deleverage of rent on negative comparable sales.

Operating income for the third quarter was \$41.8 million, which includes \$19.3 million of pre-tax asset impairment charges resulting from the decision to close a distribution center. This compares to \$128.5 million of operating income a year ago. Net income this year was \$24.9 million, or \$0.13 per diluted share. On an adjusted basis, which excludes \$0.06 per diluted share of asset impairments, earnings were \$0.19 per diluted share. This compares to income from continuing operations last year of \$0.41 per diluted share.

The preceding paragraph contains non-GAAP financial measures (non-GAAP or adjusted), comprised of earnings per share information excluding certain items. This financial measure is not based on any standardized methodology prescribed by U.S. generally accepted accounting principles (GAAP) and is not necessarily comparable to similar measures presented by other companies. We believe that this non-GAAP information is useful as an additional means for investors to evaluate our operating performance, when reviewed in conjunction with our GAAP financial statements. These amounts are not determined in accordance with GAAP and therefore, should not be used exclusively in evaluating our business and operations. The table below reconciles the GAAP financial measure to the non-GAAP financial measure discussed above.

		13 Weeks Ended November 2, 2013
Net income per diluted share	GAAP Basis	\$ 0.13
Add back: Non-cash asset impairment charges, net of tax ⁽¹⁾		0.06
Net income per diluted share	Non-GAAP Basis	\$ 0.19

(1) Non-GAAP adjustments consist of \$19.3 million of pre-tax asset impairments (\$11.9 million after-tax) related to the Warrendale Distribution Center.

We had \$366.8 million in cash and cash equivalents and investments as of November 2, 2013. Merchandise inventory at the end of the third quarter was \$518.9 million, compared to \$481.2 million last year, an increase of 6% on a cost per foot basis. The increase is due to a 3% increase in both ending units per foot and ending average cost per unit.

Our business is affected by the pattern of seasonality common to most retail apparel businesses. The results for the current and prior periods are not necessarily indicative of future financial results.

The following table shows the percentage relationship to total net revenue of the listed line items included in our Consolidated Statements of Operations.

Table of Contents

	13 Weeks Ended		39 Weeks Ended	
	November 2, 2013	October 27, 2012	November 2, 2013	October 27, 2012
Total net revenue	100.0%	100.0%	100.0%	100.0%
Cost of sales, including certain buying, occupancy and warehousing expenses	65.1	58.4	64.3	60.5
Gross profit	34.9	41.6	35.7	39.5
Selling, general and administrative expenses	24.0	24.1	25.4	24.6
Loss on impairment of assets	2.3		0.8	
Depreciation and amortization expense	3.8	3.4	4.3	4.1
Operating income	4.8	14.1	5.2	10.8
Other income, net	0.1	0.3	0.0	0.3
Income before income taxes	4.9	14.4	5.2	11.1
Provision for income taxes	2.0	5.4	2.0	3.9
Income from continuing operations	2.9	9.0	3.2	7.2
Loss from discontinued operations, net of tax		(0.4)		(1.4)
Net income	2.9%	8.6%	3.2%	5.8%

The following table shows our adjusted consolidated store data, which excludes 77kids stores:

	13 Weeks Ended		39 Weeks Ended	
	November 2, 2013	October 27, 2012	November 2, 2013	October 27, 2012
Number of stores:				
Beginning of period	1,056	1,063	1,044	1,069
Opened	13	4	46	13
Closed	(5)	(4)	(26)	(19)
End of period	1,064	1,063	1,064	1,063
Total gross square feet at end of period	6,455,497	6,300,662	6,455,497	6,300,662
International franchise stores at end of period (1)	61	44	61	44

- (1) International franchise stores are not included in the consolidated store data or the total gross square feet calculation. International franchise stores at October 27, 2012 include the six stores in Hong Kong and China which were acquired in 2013. Refer to Note 12 to the Consolidated Financial Statements for additional

information on the Company's acquisition of its Hong Kong and China operations. Our operations are conducted in one reportable segment, which includes 932 American Eagle Outfitters retail stores, 132 aerie stand-alone retail stores and AEO Direct.

Comparison of the 13 weeks ended November 2, 2013 to the 13 weeks ended October 27, 2012

Total net revenue

Total net revenue decreased 6% to \$857.3 million compared to \$910.3 million last year. The decline resulted primarily from a consolidated comparable sales decrease of 5% for the period. By brand, including the respective AEO Direct sales, American Eagle Outfitters brand comparable sales decreased 5%, or \$43.3 million, and aerie brand comparable sales decreased 3%, or \$1.5 million. Third quarter 2013 comparable sales are compared to the 13 weeks ended November 3, 2012.

Table of Contents

Total comparable sales for AE women's and men's have both decreased 5%. For the third quarter, AUR and average dollar sale declined approximately 9% as a result of an increase in promotional activity. Store traffic was below last year; however, conversion was up approximately 1%, resulting in higher transactions and unit sales per store.

Gross Profit

Gross profit decreased 21% to \$298.9 million compared to \$379.1 million last year. As a rate to total net revenue, gross profit was 34.9% compared to 41.6% in the same quarter last year. The 670 basis point decline in gross margin was due to competitive pricing pressures and increased markdowns. Additionally, buying, occupancy and warehousing costs increased 150 basis points as a rate to total net revenue from deleverage of rent on negative comparable sales and increased delivery costs.

There was a net benefit of \$7.5 million of share-based payment expense included in gross profit for the period ended November 2, 2013. This is due to a reversal of previously recorded performance-based expense resulting from current business performance compared to targets. The net benefit is compared to \$9.5 million of share-based payment expense for the period ended October 27, 2012.

Our gross profit may not be comparable to that of other retailers, as some retailers include all costs related to their distribution network as well as design costs in cost of sales and others may exclude a portion of these costs from cost of sales, including them in a line item such as selling, general and administrative expenses. Refer to Note 2 to the Consolidated Financial Statements for a description of our accounting policy regarding cost of sales, including certain buying, occupancy and warehousing expenses.

Selling, General and Administrative Expenses

Selling, general and administrative expenses decreased 6% to \$205.7 million from \$219.1 million last year. As a rate to total net revenue, SG&A expenses improved 10 basis points to 24.0%. Lower incentive and travel costs were partially offset by incremental costs related to filling open positions at the corporate office and expense related to the opening of factory stores and our omni-channel initiatives.

There was a net benefit of \$4.0 million of share-based payment expense included in selling, general and administrative expenses for the period ended November 2, 2013. This is due to a reversal of previously recorded performance-based expense resulting from current business performance compared to targets. The net is compared to \$8.1 million of share-based payment expense for the period ended October 27, 2012.

Loss on Impairment of Assets

Loss on impairment of assets was \$19.3 million for the third quarter this year. The impairment loss resulted from the announced plan to close the Warrendale, Pennsylvania distribution center.

Refer to Note 14 to the Consolidated Financial Statements for additional information regarding exit and disposal costs.

Depreciation and Amortization Expense

Depreciation and amortization expense increased to \$32.0 million, compared to \$31.4 million last year. As a rate to total net revenue, depreciation and amortization expense was 3.8% this year as compared to 3.4% last year. The increase in rate primarily was a result of the decrease in total net revenue.

Other Income, Net

Other income decreased to \$0.5 million this year, compared to \$2.8 million last year. The decrease is primarily a result of the settlement recoveries received last year from auction rate securities that were previously held.

Provision for Income Taxes

The provision for income taxes from continuing operations is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for quarterly events. The effective income tax rate from continuing operations based on actual operating results for the 13 weeks ended November 2, 2013 was 41.2% compared to 37.2% for the 13 weeks ended October 27, 2012. The increase in the effective income tax rate this year is primarily due to a change in the mix of income contribution between domestic and international operations and favorable state income tax settlements last year.

Table of Contents

Income from Continuing Operations

Income from continuing operations for the third quarter was \$24.9 million, or \$0.13 per diluted share, compared to \$82.4 million, or \$0.41 per diluted share, last year. Included in income from continuing operations this year was \$19.3 million, or \$0.06 per diluted share, of pre-tax asset impairment charges. The remaining change in income from continuing operations is attributable to the factors noted above.

Loss from Discontinued Operations

Due to the completion of the sale of the 77kids business to a third party last year, the results of 77kids are presented as a discontinued operation. Loss from discontinued operations, net of tax, was \$3.8 million, or a \$0.02 loss per diluted share, for the period ended October 27, 2012. There were no results from discontinued operations this year.

Refer to Note 13 to the Consolidated Financial Statements for additional information regarding the discontinued operations of 77kids.

Net Income

Net income decreased to \$24.9 million, or 2.9% as a percent to total net revenue, from \$78.6 million, or 8.6% as a percent to total net revenue last year. Net income per diluted share decreased to \$0.13 per diluted share from \$0.39 per diluted share in the prior year. As noted above, net income this year includes \$19.3 million, or \$0.06 per diluted share, of pre-tax asset impairment charges. The change in net income is attributable to the factors noted above.

Comparison of the 39 weeks ended November 2, 2013 to the 39 weeks ended October 27, 2012

Total net revenue

Total net revenue decreased 4% to \$2.264 billion compared to \$2.359 billion last year. The change in total net revenue resulted primarily from a comparable sales decrease of 6% for the period. By brand, including the respective AEO Direct sales, American Eagle Outfitters brand comparable sales decreased 6%, or \$131.0 million, and aerie brand comparable sales decreased 1%, or \$0.9 million. Year-to-date 2013 comparable sales are compared to the 39 weeks ended November 3, 2012.

Total comparable sales for AE women's and men's have decreased 7% and 4%, respectively. For the 39 week period, traffic, transactions and average transaction value declined. AUR decreased in the mid single-digits, due to greater promotional activity.

Gross Profit

Gross profit decreased 13% to \$808.0 million compared to \$930.6 million last year. As a rate to total net revenue, gross profit was 35.7%, compared to 39.5% last year. Included in gross profit were \$2.4 million of corporate charges this year. Favorable product costs provided 110 basis points of improvement, offset by 350 basis points of decline due to higher markdowns. Buying, occupancy and warehousing costs deleveraged 140 basis points from higher delivery costs and deleverage of rent on negative comparable sales.

There was a net benefit of \$3.5 million share-based payment expense included in gross profit for the period ended November 2, 2013. This is due to a reversal of previously recorded performance-based expense resulting from current business performance compared to targets. The net benefit is compared to \$23.7 million of share-based payment

expense for the period ended October 27, 2012.

Our gross profit may not be comparable to that of other retailers, as some retailers include all costs related to their distribution network as well as design costs in cost of sales and others may exclude a portion of these costs from cost of sales, including them in a line item such as selling, general and administrative expenses. Refer to Note 2 to the Consolidated Financial Statements for a description of our accounting policy regarding cost of sales, including certain buying, occupancy and warehousing expenses.

Table of Contents

Selling, General and Administrative Expenses

Selling, general and administrative expenses decreased to \$574.3 million from \$579.8 million last year, however increased 80 basis points, as a rate to total net revenue, to 25.4% from 24.6% last year. Corporate charges of \$1.5 million this year and \$3.9 million last year, were included in selling, general and administrative expense. Lower incentive and travel costs were partially offset by incremental costs related to filling open positions at the corporate office and expenses related to the opening of factory stores and our omni-channel initiatives.

There was a net benefit of \$1.6 million of share-based payment expense included in selling, general and administrative expenses for the period ended November 2, 2013. This is due to a reversal of previously recorded performance-based expense resulting from current business performance compared to targets. The net benefit is compared to \$21.7 million of share-based payment expense for the period ended October 27, 2012.

Loss on Impairment of Assets

Loss on impairment of assets was \$19.3 million for the year-to-date period this year as compared to \$0.4 million last year. The impairment loss this year resulted from the announced plan to close the Warrendale, Pennsylvania distribution center.

Refer to Note 14 to the Consolidated Financial Statements for additional information regarding exit and disposal costs.

Depreciation and Amortization Expense

Depreciation and amortization expense increased to \$97.3 million, compared to \$96.1 million last year. Depreciation and amortization expense includes \$7.6 million of restructuring asset write-offs this year and \$0.7 million last year. As a rate to total net revenue, depreciation and amortization expense was 4.3% this year compared to 4.1% last year.

Other Income, Net

Other income was \$1.0 million this year, compared to \$6.0 million last year, primarily as a result of the settlement recoveries from auction rate securities that were previously held.

Provision for Income Taxes

The provision for income taxes from continuing operations is based on the current estimate of the annual effective income tax rate and is adjusted as necessary for quarterly events. The effective income tax rate from continuing operations based on actual operating results for the 39 weeks ended November 2, 2013 was 38.6% compared to 35.0% for the 39 weeks ended October 27, 2012. The increase in the effective income tax rate this year is primarily due to a change in the mix of income contribution between domestic and international operations and favorable state income tax settlements last year.

Table of Contents

Income from Continuing Operations

Income from continuing operations for the 39 week period ended November 2, 2013 was \$72.5 million, or \$0.37 per diluted share, compared to \$169.3 million, or \$0.85 per diluted share, last year. The change in income from continuing operations is attributable to the factors noted above, including the loss on impairment of assets of \$0.06 per diluted share this year.

Loss from Discontinued Operations

Due to the completion of the sale of the 77kids business to a third party in Fiscal 2012, the results of 77kids are presented as a discontinued operation. Loss from discontinued operations, net of tax, was \$32.0 million, or a \$0.16 loss per diluted share, for the period ended October 27, 2012. There were no results from discontinued operations this year.

Refer to Note 13 to the Consolidated Financial Statements for additional information regarding the discontinued operations of 77kids.

Net Income

Net income decreased to \$72.5 million, or 3.2% as a percent to total net revenue, from \$137.3 million, or 5.8% as a percent to total net revenue last year. Net income per diluted share decreased to \$0.37 from \$0.69 last year. The change in net income is attributable to the factors noted above, including the impact of the discontinued operations of 77kids last year and the loss on impairment of assets of \$0.06 per diluted share this year.

International Operations

We have entered into agreements with multiple third party operators to expand our brands internationally. Through these agreements, we plan to open a series of franchised, licensed or other brand-dedicated American Eagle Outfitters stores in Eastern Europe, the Middle East, Central and South America, Northern Africa and various parts of Asia. As of November 2, 2013, we had 61 stores operated by our third party operators in 12 countries. These agreements do not involve a significant capital investment or operational involvement from the Company. International third party operated stores are not included in the consolidated store data or the total gross square feet calculation.

As of November 2, 2013, we had 96 company-operated stores in Canada, three in Hong Kong, three in China, three in Mexico and six in Puerto Rico. We acquired the stores in Hong Kong and China from Dickson Concepts (International) Limited in the second quarter of this year. We plan to open several additional company-operated stores in Mexico throughout 2013. We continue to evaluate further opportunities to expand internationally, which may include additional company-operated stores as well as stores operated by third party operators under license, franchise and/or joint venture agreements.

Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. Fair value is defined under ASC 820 as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date.

Financial Instruments

Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Table of Contents

Level 3 Unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

As of November 2, 2013, we held certain assets that are required to be measured at fair value on a recurring basis. These include cash equivalents and short-term investments.

In accordance with ASC 820, the following table represents the fair value hierarchy of our financial assets (cash equivalents and investments) measured at fair value on a recurring basis as of November 2, 2013:

Fair Value Measurements at November 2, 2013				
		Quoted Market Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
(In thousands)	Carrying Amount			
Cash and cash equivalents:				
Cash	\$ 306,572	\$ 306,572	\$	\$

Refer to Notes 3 and 4 to the Consolidated Financial Statements for additional information on our investment securities, including a description of the securities and a discussion of the uncertainties relating to their liquidity.

Liquidity and Capital Resources

Our uses of cash are generally for working capital, the construction of new stores and remodeling of existing stores, information technology upgrades, distribution center improvements and expansion, the purchase of both short and long-term investments, the repurchase of common stock and the payment of dividends. Historically, these uses of cash have been funded with cash flow from operations and existing cash on hand. We expect to be able to fund our future cash requirements through current cash holdings as well as cash generated from operations.

Our growth strategy includes internally developing our brands and the possibility of further international expansion or acquisitions. We periodically consider and evaluate these options to support future growth. In the event we do pursue such options, we could require additional debt financing. There can be no assurance that we would be successful in

any endeavor we may undertake to increase our profitability.

Table of Contents

The following sets forth certain measures of our liquidity:

	November 2, 2013	February 2, 2013	October 27, 2012
Working Capital (in thousands)	\$ 555,406	\$ 715,397	\$ 764,036
Current Ratio	2.03	2.64	2.72

The \$160.0 million decrease in working capital compared to February 2, 2013 and the \$208.6 million decrease compared to last year, is primarily related to use of cash for financing and investing activities including capital expenditures and the distribution of cash to shareholders through the payment of dividends and share repurchases, which is partially offset from positive cash flow from operations.

Cash Flows from Operating Activities of Continuing Operations

Net cash provided by operating activities totaled \$73.2 million and \$210.8 million for the 39 weeks ended November 2, 2013 and October 27, 2012, respectively. For both periods, our major source of cash from operations was merchandise sales and our primary outflow of cash for operations was for the payment of operational costs. The year-over-year decrease in cash flows from operations this year was primarily driven by the decrease in income from continuing operations, net of non-cash adjustments, as a result of the 6% decrease in sales and decline in margin resulting from increased promotional activity.

Cash Flows from Investing Activities of Continuing Operations

Investing activities for the 39 weeks ended November 2, 2013 included \$217.2 million of capital expenditures for property and equipment, \$20.8 million for the purchase of long-lived assets in acquisitions, \$17.4 million of investment security purchases and \$1.5 million for the acquisition of intangibles partially offset by \$126.0 million of proceeds from the sale of investments classified as available-for-sale. Purchase of long-lived assets in acquisition relate to the franchise stores and related assets we acquired from Dickson Concepts (International) Limited. Investing activities for the 39 weeks ended October 27, 2012 primarily included \$71.2 million of capital expenditures for property and equipment, \$10.1 million of investment security purchases and \$1.0 million for the acquisition of intangibles partially offset by \$36.4 million of proceeds from the sale of investments classified as available-for-sale.

Cash Flows from Financing Activities of Continuing Operations

Cash used for financing activities for the 39 weeks ended November 2, 2013 consisted primarily of \$48.2 million for cash dividends paid at a rate of \$0.125 per share in the second and third quarters of Fiscal 2013, \$33.1 million for the repurchase of common stock as part of publicly announced programs and \$23.3 million for the repurchase of common stock from employees for the payment of taxes in connection with the vesting of share-based payment.

Cash used for financing activities for the 39 weeks ended October 27, 2012 consisted primarily of \$360.5 million for the payment of dividends, offset by \$43.9 million related to net proceeds from stock options exercised. Dividends paid included regular quarterly dividends of \$0.11 per share and a special cash dividend of \$1.50 per share in the third quarter of Fiscal 2012.

Credit Facilities

In Fiscal 2012, we entered into a five-year, \$150 million syndicated, unsecured, revolving credit agreement (the Credit Agreement). The primary purpose of the Credit Agreement is to provide additional access to capital for general corporate purposes, growth initiatives and the issuance of letters of credit.

The Credit Agreement contains financial covenants that require us to maintain certain coverage and leverage ratios, and various customary affirmative and negative covenants such as the ability to incur additional debt not otherwise permitted under the Credit Agreement.

The Credit Agreement has various borrowing options, including rates of interest that are based on (i) an Adjusted London Interbank Offered Rate (LIBOR as defined in the Credit Agreement) plus a margin ranging from 1.00% to 1.75% based on a defined leverage ratio, payable at the end of the applicable interest period; and (ii) a Base Rate (as defined in the Credit Agreement), plus a margin ranging from 0.00% to 0.75% based on a defined leverage ratio, payable quarterly.

Under the Credit Agreement, we are also required to pay a commitment fee ranging from 0.175% to 0.30%, based on the defined leverage ratio, on the unused portion of the total lender commitments.

Table of Contents

As of November 2, 2013, we were in compliance with the terms of the Credit Agreement and had \$8.3 million outstanding in letters of credit and no borrowings.

Additionally, we have borrowing agreements with two separate financial institutions under which we may borrow an aggregate of \$135.0 million USD for the purposes of trade letter of credit issuances. The availability of any future borrowings under the trade letter of credit facilities is subject to acceptance by the respective financial institutions.

As of November 2, 2013, we had outstanding trade letters of credit of \$69.2 million.

Capital Expenditures for Property and Equipment

Capital expenditures for the 39 weeks ended November 2, 2013 were \$217.2 million and included \$77.8 million related to investments in our stores, including 17 new AE stores, 29 new Factory stores and 54 remodels. Additionally, we continued to support our infrastructure growth by investing in information technology initiatives (\$57.3 million), other home office projects (\$18.8 million), the improvement and expansion of our distribution centers (\$54.5 million) and investments in e-commerce (\$8.8 million).

For Fiscal 2013, we expect capital expenditures to be approximately \$250 million related to stores, the construction of a new distribution center to support our expansion efforts, information technology upgrades to support growth and investments in e-commerce. New store growth is primarily related to AEO Factory stores, which are among our most productive format. Additionally, we plan to remodel and refurbish approximately 50 to 65 AEO stores. During the 39 weeks ended November 2, 2013, we completed 54 remodels and refurbishes.

Stock Repurchases

During the 39 weeks ended November 2, 2013, as part of our publicly announced share repurchase program, we repurchased 1.6 million shares for approximately \$33.1 million, at a weighted average price of \$20.66 per share. As of November 2, 2013, we had 18.4 million shares remaining authorized for repurchase. These shares may be repurchased at our discretion through January 28, 2017. There were no share repurchases as a part of our publicly announced repurchase programs during the 39 weeks ended October 27, 2012.

During the 39 weeks ended November 2, 2013 and October 27, 2012, we repurchased approximately 1.1 million and 0.3 million shares, respectively, from certain employees at market prices totaling \$23.3 million and \$4.1 million, respectively. These shares were repurchased for the payment of taxes, not in excess of the minimum statutory withholding requirements, in connection with the vesting of share-based payments, as permitted under the 2005 Stock Award and Incentive Plan. The aforementioned shares repurchased have been recorded as treasury stock.

Dividends

During the 13 weeks ended November 2, 2013, our Board declared a quarterly cash dividend of \$0.125 per share, which was paid on October 16, 2013. The payment of future dividends is at the discretion of our Board and is based on future earnings, cash flow, financial condition, capital requirements, changes in U.S. taxation and other relevant factors. It is anticipated that any future dividends paid will be declared on a quarterly basis.

Critical Accounting Policies

Our critical accounting policies are described in Item 7, *Management's Discussion and Analysis of Financial Condition and Results of Operations*, and in the notes to our Consolidated Financial Statements for the year ended

February 2, 2013 contained in our Fiscal 2012 Annual Report on Form 10-K. Any new accounting policies or updates to existing accounting policies as a result of new accounting pronouncements have been discussed in the notes to our Consolidated Financial Statements in this Quarterly Report on Form 10-Q. The application of our critical accounting policies may require management to make judgments and estimates about the amounts reflected in the Consolidated Financial Statements. Management uses historical experience and all available information to make these estimates and judgments, and different amounts could be reported using different assumptions and estimates.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

There were no material changes in our exposure to market risk from February 2, 2013. Our market risk profile as of February 2, 2013 is disclosed in Item 7A, *Quantitative and Qualitative Disclosures About Market Risk*, of our Fiscal 2012 Annual Report on

Form 10-K.

ITEM 4. CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended (the Exchange Act), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management including our Principal Executive Officer and our Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

In connection with the preparation of this Quarterly Report on Form 10-Q, as of November 2, 2013, an evaluation was performed under the supervision and with the participation of our management, including the Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based upon that evaluation, our Principal Executive Officer and our Principal Financial Officer have concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of the end of the period covered by this Quarterly Report on Form 10-Q.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during the 39 weeks ended November 2, 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1A. RISK FACTORS.

Risk factors that affect our business and financial results are discussed within Item 1A of our Fiscal 2012 Annual Report on Form 10-K. There have been no material changes to the disclosures relating to this item from those set forth in our Fiscal 2012 Annual Report on Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

Issuer Purchases of Equity Securities

The following table provides information regarding our repurchases of our common stock during the 13 weeks ended November 2, 2013.

Table of Contents

Period	Total Number of Shares Purchased (1)	Average Price Paid Per Share (2)	Total Number of Shares Purchased as Part of Publicly Announced Programs (1)	Maximum Number of Shares that May Yet Be Purchased Under the Program (1) (3)
Month #1 (August 4, 2013 through August 31, 2013)		\$		18,400,000
Month #2 (September 1, 2013 through October 5, 2013)		\$		18,400,000
Month #3 (October 6, 2013 through November 2, 2013)	2,815	\$ 15.27		18,400,000
Total	2,815	\$ 15.27		18,400,000

- (1) There were no shares repurchased as part of our publicly announced share repurchase program during the 13 weeks ended November 2, 2013, and there were 2,815 shares repurchased for the payment of taxes in connection with the vesting of share-based payments.
- (2) Average price paid per share excludes any broker commissions paid.
- (3) In January 2013, our Board authorized the repurchase of 20.0 million shares of our common stock. The authorization of the remaining 18.4 million shares that may yet be purchased expires on January 28, 2017.
