PROXY STATEMENT

March 20, 2014

SOLICITATION AND REVOCATION OF PROXIES

This Proxy Statement is being furnished to shareholders of The Gorman-Rupp Company (the Company) in connection with the solicitation by the Board of Directors of the Company (the Board of Directors or Board) of proxies for use at the Annual Meeting of the Shareholders (the Meeting) to be held at the Company's Corporate Headquarters, 600 South Airport Road, Mansfield, Ohio, at 10:00 a.m., Eastern Daylight Time, on Thursday, April 24, 2014. Holders of Common Shares of record at the close of business on March 7, 2014 are the only shareholders entitled to notice of and to vote at the Meeting.

A shareholder, without affecting any vote previously taken, may revoke their proxy by the execution and delivery to the Company of a later dated proxy with respect to the same shares, or by giving notice of revocation to the Company in writing or at the Meeting. The presence at the Meeting of the person appointing a proxy does not in and of itself revoke the appointment.

OUTSTANDING SHARES AND VOTING RIGHTS

As of March 7, 2014, the record date for the determination of persons entitled to vote at the Meeting, there were 26,253,043 Common Shares outstanding. Each Common Share is entitled to one vote.

The mailing address of the principal executive offices of the Company is PO Box 1217, Mansfield, Ohio 44901-1217. This Proxy Statement and accompanying proxy are being mailed to shareholders on or about March 20, 2014.

A quorum will be present at the Meeting if there is present, in person or by proxy, shareholders of record entitled to exercise at least 50% of the voting power of the Company with respect to at least one of the purposes for which the Meeting was called.

With respect to the election of Directors (Proposal No. 1), the eight nominees receiving the greatest number of votes will be elected. Abstentions and broker non-votes will not be voted for or withheld from the election of directors and thus will have no effect on the election of directors.

If notice in writing is given by any shareholder to the President, a Vice President or the Secretary of the Company, not less than 48 hours before the time fixed for the holding of the Meeting, that such shareholder desires that the voting for the election of Directors be cumulative, and if announcement of the giving of such notice is made upon the convening of the Meeting by the Chairman or Secretary or by or on behalf of the shareholder giving such notice, each shareholder shall have the right to cumulate such voting power as they possess at such election. Under cumulative voting, a shareholder controls voting power equal to the number of votes which they otherwise would have been entitled to cast multiplied by the number of Directors to be elected. All of such votes may be cast for a single nominee or may be distributed among any two or more nominees as they may desire. If cumulative voting is invoked, and unless contrary instructions are given by a shareholder who signs a proxy, all votes represented by such proxy will be divided evenly among the candidates nominated by the Board of Directors, except that if such voting should for any reason not be effective to elect all of the nominees named in this Proxy Statement, then such votes will be cast so as to maximize the number of the Board of Directors' nominees elected to the Board.

With respect to the advisory vote to approve executive compensation (Proposal No. 2), the affirmative vote of a majority of the votes cast is necessary to approve the proposal. Abstentions and broker non-votes will not be voted for or against approval of our executive compensation and will not be counted in the number of votes cast on the proposal.

With respect to the ratification of independent registered public accountants (Proposal No. 3), the affirmative vote of a majority of the votes cast is necessary to approve the proposal. Abstentions will not be voted for or against the ratification of the appointment of Ernst & Young LLP and will not be counted in the number of votes cast on the proposal.

Brokerage firms have the authority to vote shares on certain routine matters when their customers do not provide voting instructions. However, on other matters, when the brokerage firm has not received voting instructions from its customers, the brokerage firm cannot vote the shares on that matter and a broker non-vote occurs. Proposal No. 3 is a routine matter, but the other proposals in this proxy statement are non-routine matters.

ELECTION OF DIRECTORS

(Proposal No. 1)

All Directors will be elected to hold office until the next Annual Meeting of Shareholders and until their successors are elected and qualified. Proxies received will be voted in the manner directed therein. If no such direction is provided, proxies received are intended to be voted in favor of fixing the number of Directors at eight and for the election of the nominees named below. Each of the nominees, with the exception of Mr. Kenneth R. Reynolds, is presently a Director of the Company. Mr. Jeffrey S. Gorman is the son of Mr. James C. Gorman.

In the event that any of the nominees should become unavailable, which the Board of Directors does not anticipate, proxies are intended to be voted in favor of fixing the number of Directors at a lesser number or for a substitute nominee or nominees designated by the Board of Directors, in the discretion of the persons appointed as proxy holders. If cumulative voting in the election of directors is invoked, the proxies may be voted cumulatively for less than the entire number of nominees if any situation arises which, in the opinion of the proxy holders, makes such action necessary or desirable.

(Huntington) announced that the SEC approved the settlement of the SEC's previously announced formal investigation into certain financial accounting matters relating to Huntington's fiscal years 2002 and earlier and certain related disclosure matters. As a part of the settlement, the SEC instituted a cease and desist administrative proceeding and entered a cease and desist order, as well as filed a civil action in federal district court pursuant to which, without admitting or denying the allegations in the complaint, Huntington, its former chief financial officer, its former controller, and Mr. Hoaglin consented to pay civil money penalties. Huntington consented to pay a penalty of \$7.5 million. Without admitting or denying the charges in the administrative proceeding, Huntington and the individuals each agreed to cease and desist from committing and/or causing the violations charged as well as any future violations of the SEC's regulations. Additionally, Mr. Hoaglin agreed to pay disgorgement, pre-judgment interest, and penalties in the amount of \$667,609. The former chief financial officer and the former controller each also agreed to pay amounts consisting of disgorgement, pre-judgment interest, and penalties and also consented to certain other non-monetary penalties.

NON-EMPLOYEE DIRECTOR COMPENSATION

Non-Employee Directors are compensated by the Company for their services as Directors through a combination of annual cash retainers and stock awards. The Company has never offered incentive stock or option awards or non-equity incentive plan compensation as a part of the Company's Non-Employee Director compensation program. As described in the Compensation Discussion and Analysis section below, the Compensation Committee is charged with oversight and periodic review of such compensation and for recommending any changes to the entire Board of Directors.

During 2012, the Compensation Committee reviewed the compensation of the Non-Employee Directors using the same industry peer comparison process it used in reviewing the compensation of the Executive Officers. The Committee made recommendations which were approved for implementation beginning in 2012 with an objective during 2014 to reach the 25th percentile of compensation of comparable capital goods manufacturing companies.

During 2013, the Board, consistent with the Company's Executive Officer compensation objectives, approved the Committee's recommendation and increased the annual cash retainers by \$23,000 to \$53,000. The increase is being phased-in by paying one-half of the \$23,000 retainer increase during 2013 and the full amount during 2014. In addition, Non-Employee Directors are compensated through stock awards of 1,000 shares each on July 1 of every year. These stock awards are expected to be adjusted to reflect any future stock splits, the most recent of which was a five-for-four stock split effective December 10, 2013. At the conclusion of the Company's 2014 fiscal year and after implementation of the increases in compensation described above, the Non-Employee Directors of the Company will be at approximately the 25th percentile of compensation of its peer group based upon Equilar compensation data updated as of July 2013 for most-recent publicly-reported data.

Directors who are employees of the Company (Messrs. J. C. Gorman and J. S. Gorman) do not receive any compensation for service as Directors.

CORPORATE GOVERNANCE

Board of Directors and Board Committees

The Company requires that a majority of its Directors must be independent as required by the listing standards of the NYSE MKT Exchange and the SEC rules, or by other regulatory or legislative bodies as may be applicable to the Company. The Board, on an annual basis, makes a determination as to the independence of each Director in accordance with these prescribed rules or regulations. In general, independent means that a Director has no material relationship with the Company or any of its subsidiaries. The existence of a material relationship must be determined upon a review of all relevant facts and circumstances, and generally is a relationship that might reasonably be expected to compromise the Director's ability to maintain his or her independence from management.

Based on an annual review by the Governance and Nominating Committee, the Committee affirmatively determined, after considering all relevant facts and circumstances known to it, that no Non-Employee Director, as well as Mr. Reynolds as a non-employee nominee for Director, has a material relationship with the Company and that all Non-Employee Directors, as well as Mr. Reynolds as a non-employee nominee for Director, meet the independence standards of the Company's Corporate Governance Guidelines as well as the independence standards of the current NYSE MKT Exchange and SEC corporate governance requirements for listed companies, and have no relationships or transactions required to be reported by Item 404 of Regulation S-K.

During 2013, a total of six regularly scheduled meetings of the Board of Directors (at least one each quarter) and a total of 20 meetings of all standing Directors' Committees were held. All Directors attended at least 75% of the aggregate number of meetings held by the Board of Directors and the respective committees on which they served. In 2013, the independent Directors met at every regularly scheduled meeting of the Board of Directors in executive session without the presence of the non-independent Directors and any members of the Company's management. Members of the Board of Directors are expected to attend the Company's Annual Meeting of Shareholders, and all Directors were in attendance at the Annual Meeting in 2013.

At the April 25, 2013 annual reorganizational meeting of the Board of Directors, Thomas E. Hoaglin was re-elected by the independent directors to serve as lead independent director for another one year term. The lead independent director is responsible for coordinating the activities of the other independent directors and has the authority to preside at all meetings of the Board of Directors at which the Chairman of the Board is not present. The lead independent director serves as principal liaison on Board-wide issues between the independent directors and the Chairman of the Board, approves meeting schedules and agendas and monitors the quality of information sent to the Board. The lead independent director also may recommend the retention of outside advisors and consultants who report directly to the Board of Directors. If requested by shareholders, when appropriate, the lead independent director also will be available for consultation and direct communication.

The Board of Directors has four separately designated standing committees: (1) Audit Committee, whose present members are Thomas E. Hoaglin (Chair and audit committee financial expert), Dr. Peter B. Lake and W. Wayne Walston; (2) Compensation Committee, whose present members are W. Wayne Walston (Chair), M. Ann Harlan and Christopher H. Lake; (3) Pension Committee, whose present members are Dr. Peter B. Lake (Chair), Thomas E. Hoaglin and Rick R. Taylor; and (4) Governance and Nominating Committee, whose present members are M. Ann Harlan (Co-Chair), Christopher H. Lake (Co-Chair), and Rick R. Taylor. All members of each Committee are independent Directors. Each committee is governed by a written charter adopted by the Board of Directors detailing its authority and responsibilities. These charters are reviewed and updated periodically as legislative and regulatory developments and business circumstances warrant. The Board Committees charters are available in their entirety on the Company's website at <http://www.gormanrupp.com>.

Audit Committee

The Audit Committee held six meetings in 2013. Its principal functions include engaging the Company's independent registered public accounting firm and reviewing the scope of the audit of the Company's

consolidated financial statements, considering comments made by the independent registered public accountants with respect to internal controls and financial reporting, considering related actions taken by management, reviewing internal accounting systems, procedures and controls with the Company's internal auditor and financial staff, reviewing non-audit services provided by the independent registered public accountants, and organizational oversight of the Company's enterprise risk management plan.

Compensation Committee

The Compensation Committee held four meetings during 2013. Its principal functions are, subject to approval by the Board of Directors, to evaluate, develop and monitor compensation policies and programs for the Company's officers and Directors, and to recommend the salaries and profit sharing for the officers. A more comprehensive description of the Compensation Committee's functions regarding the consideration and determination of executive compensation is set forth under the caption Compensation Discussion and Analysis.

Pension Committee

The Pension Committee held four meetings in 2013. Its principal functions are to monitor the investment of the assets associated with the Company's defined benefit pension plan and 401(k) defined contribution plan and to assist in evaluating recommended changes in such investments.

Governance and Nominating Committee

The Governance and Nominating Committee held six meetings during 2013. Its principal functions involve the identification, evaluation and recommendation of individuals for nomination as members of the Board of Directors, succession planning for the Company's Chief Executive Officer and other Executive Officers, succession planning for other corporate officers and operating executives, and periodic review of the Board Committees' charters and Corporate Governance Guidelines for compliance with evolving regulations and Board-desired corporate goals. The Governance and Nominating Committee also monitors the availability of training and professional education programs suitable for Directors for enhancement of their Board and Committee responsibilities.

The Governance and Nominating Committee charter incorporates the Company's policies and procedures by which to consider recommendations from shareholders for Director nominees. Any shareholder wishing to propose a candidate may do so by delivering a typewritten or legible hand-written communication to the Company's Corporate Secretary. The submission should provide detailed business and personal biographical data about the candidate, and include a brief analysis explaining why the individual is well-qualified to become a Director nominee. All recommendations will be acknowledged by the Corporate Secretary and promptly referred to the Governance and Nominating Committee for evaluation.

The Governance and Nominating Committee does not believe that any particular set of skills, qualities or diversities is most appropriate for a Director candidate. All Director candidates, including any recommended by shareholders, are first evaluated based upon their (i) integrity, strength of character, practical wisdom and mature judgment; (ii) business and financial expertise and experience; (iii) intellect to comprehend the issues confronting the Company; and (iv) availability of adequate time to devote to the affairs of the Company and attend Board and Committee meetings. The Governance and Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. New Director candidates are subject to a background check performed by the Committee. In addition, the candidate will be personally interviewed by one or more Committee members before he or she is nominated for election to the Board of Directors. In considering candidates for the Board, the Governance and Nominating Committee considers the entirety of each candidate's credentials in the context of their skills, qualities or diversities. With respect to the nomination of continuing Directors for re-election, the individual's historical contributions to the Board are also considered.

Kenneth R. Reynolds was recommended for election to the Board of Directors by the Governance and Nominating Committee. He was recommended to the Committee by the Company's Chief Executive Officer and Chief Financial Officer.

Risk Oversight

The Board of Directors believes that control and management of risk are primary responsibilities of senior management of the Company. As a general matter, the entire Board of Directors is responsible for oversight of this important senior management function. The Audit Committee is responsible to the Board for the organizational oversight of the Company's comprehensive enterprise risk management plan. Additional oversight of some risks is performed by specific Board committees, e.g., financial reporting risks are overseen by the Audit Committee, benefit plan investment risks are overseen by the Pension Committee, personnel selection, evaluation, retention and compensation risks are overseen by the Compensation Committee, and Chief Executive Officer, Executive Officer, other corporate officer, key operating executive and Director succession planning risks are overseen by the Governance and Nominating Committee; the results of their oversight are reported regularly to the entire Board of Directors.

Company Leadership Organization

Upon election of Mr. J.S. Gorman as Chief Executive Officer of the Company on May 1, 1998, the Company separated the offices of Board Chairman and Chief Executive Officer because it believed this division more clearly delineated their respective responsibilities. This separation currently provides for the Chairman to focus on Board of Director responsibilities and for the Chief Executive Officer to focus on the Company's executive, administrative and operating responsibilities. Given their respective service years with the Company, the Company believes this structure is most appropriate currently for conducting its business and its responsibilities to its employees, customers and suppliers, to its shareholders and Directors, and to its community and regulatory agencies.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the Company's Officer compensation program and how it applies to our Officers, including our four named executive officers (Executive Officers) identified in our Summary Compensation Table.

Overview

The Gorman-Rupp Company has a long and continuing focus on building profitability and consistently delivering increased value to our shareholders. To accomplish this goal, the Company's Officer compensation program is designed to encourage and reward leadership, initiative, teamwork and top-quality performances among the Officers.

The Compensation Committee (the Committee) of the Board of Directors is authorized (i) to review and evaluate the compensation policies and programs for the Company's Chief Executive Officer and its other officers (collectively, the Officers); (ii) to review, at least annually, the Chief Executive Officer's progress assessments of the other Officers and to evaluate the Chief Executive Officer's progress assessment; (iii) to review and recommend the annual salaries and profit sharing determinations for the Executive Officers to the Board of Directors; and (iv) to periodically review the compensation of Non-Employee Directors (Directors) and submit any suggested recommendations for changes to the Directors for review.

Three independent Directors comprise the Committee. Their responsibilities are carried out pursuant to authority delegated by the Board of Directors and in accordance with the federal securities laws and other applicable laws and regulations and the Committee's charter.

Philosophy and Objectives

Under the Committee's oversight, the Company has formulated a compensation philosophy that is intended to assure the provision of fair, competitive and performance-based compensation to the Officers. The philosophy reflects the belief that compensation of the Officers should be consistent with the Company's historical compensation practices, its culture, and its profitability and long-term shareholder value.

The implementation of the Company's Officer compensation philosophy seeks (i) to attract and retain a group of talented individuals with the education, experience, skill sets and professional presence deemed best suited for the respective Officer positions; and (ii) to continually motivate those individuals to help the Company achieve its strategic goals and enhance profitability by offering them incentive compensation in the form of profit sharing, in addition to their salaries, driven by their individual progress assessments and the Company's results of operations and financial condition.

Elements of Compensation

The Company's Officer compensation program consists of three elements: base salary, profit sharing and a component of modest miscellaneous benefits. Incentive stock or option awards and non-equity incentive plan compensation have never been a part of the Company's Officer compensation program. In addition, the Company has not entered into employment contracts with any of the Officers.

Although not an element of Officer compensation, ownership of the Company's Common Shares by the Officers has continually been considered a worthy goal within the Company to further align Officers' interests with those of Shareholders. The Company has paid increased dividends on its Common Shares for 41 consecutive years and paid such quarterly dividends regularly for more than 63 years. Toward that end, the Company sponsors Share purchase opportunities, including a partial Company match, aimed at encouraging the Officers, and substantially all other employees, to voluntarily invest in the Common Shares.

Base Salary and Profit Sharing Base salaries are premised upon the relative responsibilities of the given Officers and industry surveys and related data. Initial salaries generally are set below competitive levels paid to comparable officers at other entities engaged in the same or similar businesses as the Company based upon Equilar peer data and Company philosophy. Subsequently, actual salaries are adjusted periodically based on performance judgments of each person's qualifications, prior accomplishments and expected future contributions in his or her Officer role.

The Company intentionally relies to a significant degree on incentive compensation in the form of profit sharing to attract and retain the Officers. This profit sharing opportunity provides motivation for them to perform to the full extent of their individual abilities and as a team to build total Company profitability and shareholder value on a continuing, long-term basis.

Other Compensation The Officers receive a variety of miscellaneous benefits, the value of which is represented for the named Executive Officers under the caption All Other Compensation in the Summary Compensation Table. These benefits include taxable life insurance, and Company contributions to the Christmas Savings Plan, the 401(k) Plan, and certain partial matching contribution opportunities under the Employee Stock Purchase Plan. The Company also sponsors a defined benefit pension plan in which three of the Company's Executive Officers participate as explained under the caption Pension Benefits.

Stock Ownership The Company has long encouraged the Officers to voluntarily invest in the Company's Common Shares. As a consequence, the Company makes the purchase of its Common Shares convenient, in some cases with Company partial cash matching contributions, and in all cases without brokers' fees or commissions, under an Employee Stock Purchase Plan, a 401(k) Plan and a Dividend Reinvestment Plan. Although the purchase opportunities available through these plans do not constitute elements of Officer compensation all of the current Officers are shareholders and participate in one or more of the foregoing plans.

Annual Reviews

In devising and maintaining the Company's Executive Officer compensation program, the Committee requests management to periodically provide data relevant to the compensation paid to officers holding equivalent positions or having similar responsibilities in a group of industry peers derived from Equilar, a leading independent third-party provider of financial, executive and director compensation data for their review. Equilar was used by the Company to obtain competitive compensation information from public proxy data as an independent resource for management and the Committee as a general reference to low, mean, median and high compensation ranges and for correlation to similar measures of operating profitability, including total shareholder return. The Committee's current objective is for the Company's Executive Officers to be compensated at a total level of compensation commensurate with at least the 25th percentile of compensation of comparable capital goods manufacturing companies.

The Committee additionally evaluates the Executive Officers' progress assessments and the Company's financial performance in performing its compensation review responsibilities. The Committee also takes into account the outcome of prior shareholders' advisory votes on executive compensation. The Committee regularly consults with executive management and has the authority if needed to consult with outside accounting, legal and compensation advisors as appropriate in arriving at compensation recommendations, subject to approval by the Board of Directors.

Prior to the Company's July Board Meeting, the Committee reviews with the Chief Executive Officer the recommended annual base salary for each of the Executive Officers (other than the Chief Executive Officer). The Committee independently reviews the base salary for the Chief Executive Officer and develops a recommendation therefor. These salary reviews include consideration of the fact that a significant component of total compensation is variable, performance-based profit sharing. The Committee then reports the results of its Executive Officer compensation reviews and recommendations to the Board of Directors.

During July 2013, the Committee reviewed updated Equilar-provided peer information compensation details from 18 other capital goods manufacturing companies reflecting similar size (median revenue of approximately \$360 million ranging from approximately \$200 million to \$900 million in revenue) and reporting year-ends (fifteen calendar years of 2012, three fiscal years during 2012 and one fiscal year during 2013). The Committee also took into account the highly favorable outcome of the shareholders' advisory vote on executive compensation at the Company's 2013 Annual Meeting of Shareholders. The Board, based on the Committee's recommendations, approved base salary increases for all Executive Officers reflecting the Board's assessment of all the factors described above.

Following the end of each year and the final preparation of the Company's audited financial statements, management calculates the total amount of profit sharing available for awarding to the Executive Officers based on the Company's achieved operating income and the award percentage determined at the beginning of the year. The Chief Executive Officer then determines a recommended allocation of the available profit sharing award pool among the Executive Officers based on the respective Executive Officer's prior profit sharing award history and their current year progress assessment.

The Committee reviews with the Chief Executive Officer the recommended profit sharing award for each of the Executive Officers (other than the Chief Executive Officer). The Committee independently reviews the profit sharing award for the Chief Executive Officer and develops a recommendation therefor. These profit sharing reviews include consideration of the Chief Executive Officer's progress assessments of the other Officers, and the Committee's independent progress assessment of the Chief Executive Officer and their prior profit sharing award history. The Committee then reports the results of its profit sharing reviews and recommendations for the Executive Officers to the Board of Directors for its consideration and approval.

(1) The Company provides the opportunity for additional profit sharing compensation as the only form of potential incentive compensation to substantially all its employees, including its Executive Officers.

(2) The Company has never offered incentive stock or option awards or non-equity incentive plan compensation as a part of the Company's compensation programs.

- (3) The amounts reflect the non-cash change in pension value recognized for financial statement reporting purposes for the fiscal year ended December 31, 2013, in accordance with SEC Release Nos. 33-8732A; 34-54302A. In computing the change in pension value, the Company applies the assumptions used for financial reporting purposes and a measurement date of December 31 for benefit plan determinations. The change in pension value is the aggregate increase in the actuarial present value of the respective Executive Officer's accumulated benefit measured on an annual basis from the plan measurement date in 2011 to the measurement date in 2013. The Company does not offer nonqualified deferred compensation earnings to any of its employees.
- (4) Amounts include taxable life insurance, and Company contributions to the Company's 401(k) Plan, Employee Stock Purchase Plan and Christmas Savings Plan.
- (5) Mr. J. S. Gorman's Change in Pension Value and Nonqualified Deferred Compensation Earnings increased each year due to replacement of earlier lower-compensated years with his most recent salary and to additional years of service.
- (6) Mr. Knabel's All Other Compensation includes \$19,735, \$17,977 and \$17,197 for calendar years 2013, 2012 and 2011, respectively, for the Company's contributions to his account in the enhanced 401(k) plan established to replace the defined benefit plan for substantially all U.S. employees hired after December 31, 2007.

Pension Benefits

The pension plan in which three of the Company's Executive Officers participate is a defined benefit plan covering substantially all U.S. employees of the Company. New entry into this plan terminated as of December 31, 2007 and, effective January 1, 2008, an enhanced 401(k) Plan benefit was adopted for new employees hired thereafter.

The pension plan offers participants upon retirement the option to choose between monthly benefits or a single lump sum payment. The monthly pension benefits are equal to the product of 1.1% of the participant's final average monthly earnings (based on compensation during the final ten years of service) and the number of years of credited service. A single lump sum amount is equal to the present value of the final monthly pension benefit multiplied by a single premium immediate annuity rate as defined by the plan. Historically, nearly all participants in the plan elect the single lump sum amount at retirement. The single lump sum payment option is used for financial reporting purposes for the fiscal year ended December 31, 2013, computed as of the plan measurement date of December 31, 2013. Actuarial assumptions used by the Company in determining the present value of the accumulated benefit amount consist of a 2.5% interest rate for 2013-2016 with a 4.5% interest rate thereafter, a 4.3% discount rate and the IRS 2014 IRS Static Mortality Table. Base compensation in excess of \$225,000 is not taken into account under the plan. Vesting occurs after five years of credited service.

Pension Benefits Table

The table below summarizes the number of years of credited service and the present value of accumulated pension benefit for each of the Executive Officers of the Company for calendar years 2013, 2012 and 2011.

ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S

NAMED EXECUTIVE OFFICERS

(Proposal No. 2)

This proposal is for a non-binding, advisory vote to approve the compensation of the Company's named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named Executive Officers and the compensation philosophy, policies and practices as described in the Executive Compensation - Compensation Discussion and Analysis narrative discussion and Summary Compensation Table of this proxy statement. As detailed therein, the Directors are focused on compensating the Executive Officers fairly and in a manner that promotes the Company's compensation philosophy that compensation of the Executive Officers should be aligned with the Company's historical compensation, its culture, and its profitability for the continued achievement of long-term shareholder value. Accordingly, the Company is asking shareholders to vote FOR the adoption of the following resolution:

RESOLVED, that the shareholders of The Gorman-Rupp Company approve, on an advisory basis, the compensation of the Company's named Executive Officers, as disclosed in the Executive Compensation - Compensation Discussion and Analysis narrative discussion and Summary Compensation Table of this 2014 Proxy Statement.

While not binding on the Company, the Board of Directors or the Compensation Committee, the results of shareholder voting on this proposal will be considered by the Board and Compensation Committee when making future compensation decisions for the Company's named Executive Officers.

The Directors recommend a vote FOR Proposal No. 2 to approve the advisory resolution on the compensation of the Company's named Executive Officers.

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal No. 3)

This proposal is for a vote to ratify the appointment by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent registered public accountants for the Company during the year ending December 31, 2013. Representatives of Ernst & Young LLP are expected to be present at the Meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

The Company paid Ernst & Young LLP the following fees in connection with the Company's fiscal years ending December 31, 2013 and 2012:

Audit Fees \$848,500 (2013); \$786,000 (2012). Audit fees consist of the aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements and the reviews of the Company's interim financial statements included in its quarterly reports on Form 10-Q, or services that are normally provided by the accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years. The fees paid in 2013 and 2012 also cover services performed in connection with the Sarbanes-Oxley Section 404 attestation and other Sarbanes-Oxley requirements.

Audit-Related Fees \$97,500 (2013); \$97,300 (2012). Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the caption *Audit Fees*. The audit-related fees paid were primarily for benefit plan audits, financial reporting and other advisory services, and acquisition related due diligence services.

Tax Fees \$2,900 (2013); \$50,600 (2012). Tax fees consist of the aggregate fees billed for professional services rendered for tax compliance, tax advice and tax planning. The tax fees were paid for the following services: federal and international tax planning and advice; federal, state, local and international tax compliance; state and local tax consulting; Form 5500 compliance issues; Canadian compliance issues; and other tax advice and assistance regarding statutory and regulatory matters.

All Other Fees \$0 (2013); \$0 (2012). The *all other fees* category consists of the aggregate fees billed for products and services provided, other than the services reported in the foregoing three paragraphs.

Under its Charter, the Audit Committee is directly responsible for the oversight of the work of Ernst & Young LLP and has the sole authority to (i) appoint, retain and terminate Ernst & Young LLP, (ii) pre-approve all audit engagement fees, terms and services, and (iii) pre-approve scope and fees for any non-audit engagements with Ernst & Young LLP. The Committee exercises this authority in a manner consistent with applicable law and the rules of the SEC and the NYSE MKT Exchange, and Ernst & Young LLP reports directly to the Committee. In addition, the Committee has determined to delegate its authority to grant any pre-approvals to its Chairman, subject to the report of any such pre-approvals to the Committee at its next scheduled meeting for ratification. With respect to certain of the services categorized above, the following percentage-of-services were rendered by Ernst & Young LLP in accordance with the annual *de minimus* exception to the pre-approval requirement: Audit-Related Fees 0%; Tax Fees 0%; All Other Fees 0%.

Ratification by the shareholders of the appointment of Ernst & Young LLP is not required by law. However, the Board of Directors believes that shareholders should be given this opportunity to express their views on the subject. While not binding on the Audit Committee, the failure of the shareholders to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants would be considered by the Audit Committee in determining whether to continue the engagement of Ernst & Young LLP. Even if the

appointment is ratified, the Audit Committee may, in its discretion, select a different firm of independent registered public accountants for the Company at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

The Directors recommend a vote FOR Proposal No. 3 to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants.
