CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

When used in this prospectus supplement and in the accompanying prospectus, in future filings with the Securities and Exchange Commission, or SEC, or in press releases or other written or oral communications, statements which are not historical in nature, including those containing words such as believe, expect, anticipate, estimate, plan, continue, intend, should, would, could, goal, objective, will, are intended to identify forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or Exchange Act, and, as such, may involve known and unknown risks, uncertainties and assumptions.

Forward-looking statements are based on our beliefs, assumptions and expectations of our future performance, taking into account all information currently available to us. These beliefs, assumptions and expectations are subject to risks and uncertainties and can change as a result of many possible events or factors, not all of which are known to us. If a change occurs, our business, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements. The following factors are examples of those factors that could cause actual results to vary from our forward-looking statements: changes in interest rates and the market value of our securities; the impact of the downgrade of the long-term credit ratings of the United States, Fannie Mae, Freddie Mac and Ginnie Mae; market volatility; changes in the prepayment rates on the mortgage loans underlying our investment securities; increased rates of default and/or decreased recovery rates on our assets; our ability to borrow to finance our assets; changes in government laws, regulations or policies affecting our business; our ability to maintain our qualification as a real estate investment trust for federal tax purposes; our ability to maintain our exemption from registration under the Investment Company Act of 1940, as amended; and risks associated with investing in real estate assets, including changes in business conditions and the general economy. These and other risks, uncertainties and factors, including the risk factors described below and in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013, as updated by those risk factors included in our subsequent filings under the Exchange Act, could cause our actual results to differ materially from those projected in any forward-looking statements we make. All forward-looking statements speak only as of the date on which they are made. New risks and uncertainties arise over time and it is not possible to predict those events or how they may affect us. Except as required by law, we are not obligated to, and do not intend to, update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

SUMMARY

The following summary is qualified in its entirety by the more detailed information included elsewhere or incorporated by reference into this prospectus supplement and the accompanying prospectus. Because this is a summary, it may not contain all of the information that is important to you. You should read the entire prospectus supplement and the accompanying prospectus, including the section entitled Risk Factors and the documents incorporated by reference herein, before making an investment decision.

We are a real estate investment trust (REIT) in the business of acquiring, investing in, financing and managing primarily mortgage-related assets and financial assets. Our objective is to manage a portfolio of investments that will deliver stable distributions to our stockholders over diverse economic conditions. We intend to achieve this objective through a combination of net interest margin and net realized capital gains from our investment portfolio. Our portfolio includes certain credit sensitive assets and investments sourced from distressed markets in recent years that create the potential for capital gains, as well as more traditional types of mortgage-related investments that generate interest income.

Under our investment strategy, our targeted assets currently include multi-family CMBS, mezzanine loans to and preferred equity investments in owners of multi-family properties, residential mortgage loans, including loans sourced from distressed markets, and Agency RMBS. Subject to maintaining our qualification as a REIT, we also may opportunistically acquire and manage various other types of mortgage-related and financial assets that we believe will compensate us appropriately for the risks associated with them, including, without limitation, non-Agency RMBS (which may include IOs and POs), collateralized mortgage obligations and securities issued by newly originated residential securitizations, including credit sensitive securities from these securitizations.

We strive to maintain and achieve a balanced and diverse funding mix to finance our assets and operations. To this end, we rely primarily on a combination of short-term borrowings, such as repurchase agreements with terms typically of 30 days, and longer term structured financings, such as securitization and resecuritization transactions, with terms longer than one year.

We internally manage a certain portion of our portfolio, including Agency ARMs, Agency fixed-rate RMBS, non-Agency RMBS, CLOs and certain residential securitized loans. In addition, as part of our investment strategy, we also contract with certain external investment managers to manage specific asset types targeted by us. We are a party to separate investment management agreements with Headlands Asset Management, LLC (Headlands), RiverBanc, LLC (RiverBanc), and The Midway Group, L.P. (Midway), with Headlands providing investment management services with respect to our investments in certain distressed residential loans, RiverBanc providing investment management services with respect to our investments in multi-family CMBS and certain commercial real estate-related debt investments, and Midway providing investment management services with respect to our investments in Agency IOs.

We have elected to be taxed as a REIT and have complied, and intend to continue to comply, with the provisions of the Internal Revenue Code of 1986, as amended (the Code), with respect thereto. Accordingly, we do not expect to be subject to federal income tax on our REIT taxable income that we currently distribute to our stockholders if certain asset, income and ownership tests and recordkeeping requirements are fulfilled. Even if we maintain our qualification as a REIT, we expect to be subject to some federal, state and local taxes on our income generated in our taxable REIT subsidiaries.

Our principal executive offices are located at 275 Madison Avenue, Suite 3200, New York, New York 10016, and our telephone number is (212) 792-0107. Our website address is www.nymtrust.com. RISK FACTORS

Investing in our shares of common stock involves a high degree of risk. Please see the risks described under the caption "Risk Factors" beginning on page 16 of our Annual Report on Form 10-K for the year ended December 31, 2013. Such risks are not the only risks that we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect us and the market value of our common stock. The risks described could affect our business, financial condition, liquidity, results of operations and the market value of our common stock. In such a case, you may lose all or part of your original investment. You should carefully consider the risks described in these reports, as well as other information and data set forth in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein before making an investment decision with respect to the shares of our common stock.

Table of Contents

USE OF PROCEEDS

We estimate that the net proceeds of this offering will be approximately \$95.6 million (or approximately \$109.9 million if the underwriters exercise their option to purchase additional shares in full), in each case, after deducting the underwriting discount and commission, as well as estimated offering expenses of approximately \$150,000 payable by us.

We intend to use a majority of the net proceeds of this offering to acquire distressed residential loans and the remainder of the net proceeds to invest in mezzanine loans to and preferred equity investments in owners of multi-family properties and certain of our other targeted assets. We may also use a portion of the net proceeds for general working capital purposes, including the repayment of indebtedness.

Pending these uses, we intend to maintain the net offering proceeds in interest-bearing, short-term, marketable investment grade securities or money market accounts or (interest or non-interest bearing) checking (or escrow) accounts that are consistent with our intention to maintain our qualification as a REIT. These investments may include, for example, government securities other than agency securities, certificates of deposit and interest-bearing bank deposits. These investments are expected to provide a lower net return than we will seek to achieve from our targeted assets.

- (3) The residential collateralized debt obligations (Residential CDOs) permanently finance our residential mortgage loans held in securitization trusts. For financial reporting purposes, the ARM loans held as collateral in the securitization trusts are recorded as our assets and the Residential CDOs are recorded as our debt. We completed four securitizations collectively in 2005 and 2006, the first three of which were accounted for as a permanent financing and the fourth of which was accounted for as a sale and, accordingly, not included in our financial statements. We had a net equity investment of approximately \$6.6 million in these residential securitization trusts as of December 31, 2013.
- (4) Multi-family collateralized debt obligations, at fair value, or Multi-Family CDOs, are comprised of Multi-Family CDOs that permanently finance the multi-family mortgage loans held in the Consolidated K-Series. The Consolidated K-Series collectively represents six separate Freddie-Mac sponsored multi-family loan K-Series securitizations, of which we, or one of our special purpose entities, or SPEs, own the first loss PO securities and certain IO securities. As of December 31, 2013, we owned 100% of the first loss securities and certain IO securities of the Consolidated K-Series. We determined that the Consolidated K-Series were VIEs and that we are the primary beneficiary of the Consolidated K-Series. As a result, we are required to consolidate the Consolidated K-Series underlying multi-family loans including their liabilities, interest income and expense in our consolidated financial statements. As of December 31, 2013, we had a net investment in the Consolidated K-Series of approximately \$240.0 million.

However, each of our directors and executive officers may transfer or dispose of our shares during this 30-day lock-up period, provided, that (i) such transfer shall not involve a disposition for value, (ii) the transferee agrees to be bound in writing by the restrictions set forth in this paragraph for the remainder of the 30-day lock-up period prior to such transfer, and (iii) no filing by the transferor or transferee under the Exchange Act is required or voluntarily made in connection with such transfer (other than a filing on a Form 5 made after the expiration of the 30-day lock-up period).

Stabilization, Short Positions and Penalty Bids

The underwriters may engage in over-allotment, syndicate covering transactions, stabilizing transactions and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of our common stock:

Over-allotment involves sales by the underwriters of shares in excess of the number of shares the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of shares over-allotted by an underwriter is not greater than the number of shares that it may purchase in the option granted to the underwriters to purchase additional shares. In a naked short position, the number of shares involved is greater than the number of shares in the option granted to the underwriters to purchase additional shares. An underwriter may close out any short position by exercising its option, in whole or in part, or by purchasing shares in the open market.

Syndicate covering transactions involve purchases of securities in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of securities needed to close out the short position, the representatives will consider, among other things, the price of the securities available for purchase in the open market as compared to the price at which it may purchase the securities through the option granted to the underwriters to purchase additional shares. If the underwriters sell more securities than could be covered by the option granted to the underwriters to purchase additional shares, which would constitute a naked short position, the position can only be closed out by buying securities in the open market. A naked short position is more likely to be created if the representative is concerned that there could be downward pressure on the price of the securities in the open market after pricing that could adversely affect investors who purchase in the offering.

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specific maximum.

Table of Contents

Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions. These syndicate covering transactions, stabilizing transactions and penalty bids may have the effect of raising or maintaining the market prices of our securities or preventing or retarding a decline in the market prices of our securities. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on Nasdaq, in the over-the-counter market or on any trading market and, if commenced, may be discontinued at any time.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the prices of our securities. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these stabilizing transactions or that any transactions, once commenced, will not be discontinued without notice.

Affiliates of certain of the underwriters have been, may be, or are counterparties under one or more of our repurchase agreements, and we have entered into interest rate swaps with affiliates of certain of the underwriters. In addition, the underwriters and their affiliates have been, may be, or are lenders to, and counterparties in securities, derivatives and other trading activities with, certain of our affiliates and us and in the ordinary course of their business activities, the underwriters and their affiliates may hold or trade securities of ours or our affiliates. In conjunction with services that affiliates of the underwriters have provided, may provide or are providing to us and our affiliates, commercial disputes may arise. Some of the underwriters and their affiliates have engaged in, and may in the future engage in, commercial banking, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates for which they have received, or may in the future receive, customary fees and commissions. We are a party to master repurchase agreements with each of Credit Suisse Securities (USA) LLC, Barclays Capital Inc. and RBC Capital Markets, LLC or their affiliates and an international swaps and derivatives contract with Credit Suisse Securities (USA) LLC or its affiliates pursuant to which each of Credit Suisse Securities (USA) LLC, Barclays Capital Inc. and RBC Capital Markets, LLC or their affiliates may receive customary fees and expenses. As of December 31, 2013, we had approximately \$80.2 million, \$42.1 million and \$70.1 million of borrowings outstanding under master repurchase agreements with Credit Suisse Securities (USA) LLC, Barclays Capital Inc. and RBC Capital Markets, LLC or their respective affiliates, respectively, and approximately \$345.0 million of notional amounts outstanding under an international swaps and derivatives contract with Credit Suisse Securities (USA) LLC or its affiliates.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION

When used in this prospectus and in any accompanying prospectus supplement, in filings with the SEC or in press releases or other written or oral communications, statements that are not historical in nature, including those containing words such as believe, expect, anticipate, estimate, project, plan, continue, intend, should, would, could, goal, objective, will, may or similar expressions, are intended to identify statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or Exchange Act, and, as such, may involve known and unknown risks, uncertainties and assumptions.

Forward-looking statements are based on our beliefs, assumptions and expectations of our future performance, taking into account all information currently available to us. These beliefs, assumptions and expectations are subject to risks and uncertainties and can change as a result of many possible events or factors, not all of which are known to us. If a change occurs, our business, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements. The following factors are examples of those that could cause actual results to vary from our forward-looking statements: changes in interest rates and the market value of our securities; changes in credit spreads; the impact of the downgrade of the long-term credit ratings of the United States, Fannie Mae, Freddie Mac, and Ginnie Mae; changes to the infrastructure of Fannie Mae, Freddie Mac or Ginnie Mae; market volatility; changes in the prepayment rates on the mortgage loans underlying our investment securities; increased rates of default and/or decreased recovery rates on our assets; our ability to borrow to finance our assets; changes in government regulations affecting our business; our ability to maintain our qualification as a real estate investment trust for federal income tax purposes; our ability to maintain our exemption from registration under the Investment Company Act of 1940, as amended; and risks associated with investing in real estate assets, including changes in business conditions and the general economy. These and other risks, uncertainties and factors, including the risk factors described in Item 1A of our most recent Annual Report on Form 10-K, as amended and supplemented from time to time, as updated by those risk factors included in our subsequent Quarterly Reports on Form 10-Q and our other filings under the Exchange Act, could cause our actual results to differ materially from those projected in any forward-looking statements we make. All forward-looking statements speak only as of the date on which they are made. New risks and uncertainties arise over time and it is not possible to predict those events or how they may affect us. Except as required by law, we are not obligated to, and do not intend to, update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

OUR COMPANY

General

We are a real estate investment trust, or REIT, in the business of acquiring, investing in, financing and managing primarily mortgage-related assets and, to a lesser extent, financial assets. Our objective is to manage a portfolio of investments that will deliver stable distributions to our stockholders over diverse economic conditions. We intend to achieve this objective through a combination of net interest margin and net realized capital gains from our investment portfolio. Our investment portfolio includes investments sourced from distressed markets over recent years that create the potential for capital appreciation, as well as more traditional types of mortgage-related investments that generate interest income, such as Agency RMBS consisting of fixed-rate RMBS, which we sometimes refer to as Agency fixed-rate RMBS, Agency RMBS consisting of adjustable-rate and hybrid adjustable-rate RMBS, which we sometimes refer to as Agency ARMs, and Agency RMBS comprised of IOs, which we sometimes refer to as Agency IOs.

Under our investment strategy, our targeted assets currently include Agency ARMs, Agency fixed-rate RMBS, Agency IOs, CMBS backed by commercial mortgage loans on multi-family properties, which we sometimes refer to as multi-family CMBS, and residential mortgage loans, including loans sourced from distressed markets. Subject to maintaining our qualification as a REIT, we also may opportunistically acquire and manage various other types of mortgage-related and financial assets that we believe will compensate us appropriately for the risks associated with them, including, without limitation, non-Agency RMBS (which may include IOs and POs), collateralized mortgage obligations and certain commercial real estate-related debt investments.

As part of our investment strategy, we are a party to separate investment management agreements with The Midway Group, L.P., or Midway, RiverBanc, LLC, or RiverBanc, and Headlands Asset Management LLC, or Headlands, pursuant to which Midway, RiverBanc and Headlands provide investment management services with respect to our investments in Agency IOs, multi-family CMBS, and certain residential mortgage loans, respectively.

We have elected to be taxed as a REIT and have complied, and intend to continue to comply, with the provisions of the Internal Revenue Code of 1986, as amended, or the Internal Revenue Code, with respect thereto. Accordingly, we do not expect to be subject to federal income tax on our REIT taxable income that we currently distribute to our stockholders if certain asset, income and ownership tests and recordkeeping requirements are fulfilled. Even if we maintain our qualification as a REIT, we expect to be subject to federal, state and local taxes on our income generated in our taxable REIT subsidiaries, or TRSs.

Corporate Offices

We are a Maryland corporation that was formed in 2003. Our principal executive offices are located at 52 Vanderbilt Avenue, Suite 403, New York, New York 10017, and our telephone number is (212) 792-0107. Our website is www.nymtrust.com. Our website and the information contained at or connected to our website do not constitute a part of this prospectus or any accompanying prospectus supplement.

Table of Contents**RISK FACTORS**

Investing in our securities involves substantial risks, including the risk that you might lose your entire investment. Before making an investment decision, you should carefully read and consider all of the information contained or incorporated by reference into this prospectus, including the risk factors and other information set forth under the heading **Risk Factors** in our most recent Annual Report on Form 10-K, as amended and supplemented from time to time, as updated by those risk factors included in our subsequent Quarterly Reports on Form 10-Q and our other filings with the SEC under the Exchange Act (which information is incorporated by reference in this prospectus). For a description of the reports and documents incorporated by reference into this prospectus, and information about where you can find them, see **Where You Can Find More Information** and **Incorporation by Reference of Information Filed with the SEC** below. Any one of the risks discussed could cause actual results to differ materially from expectations and could adversely affect our business, financial condition and results of operations. Additional risks and uncertainties not presently known to us or not identified, may also materially and adversely affect our business, financial condition and results of operations.

RATIO OF EARNINGS TO FIXED CHARGES AND OF EARNINGS TO COMBINED**FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

The following table sets forth our consolidated ratios of earnings to fixed charges and of earnings to combined fixed charges and preferred stock dividends for the nine months ended September 30, 2012, and for each of the last five fiscal years.

	Nine Months					
	Ended		Year Ended December 31,			
	September 30,		2010	2009	2008	2007
Ratio of earnings to fixed charges	1.49	3.74	2.43	2.26	0.40	0.62
Ratio of earnings to combined fixed charges and preferred stock dividends	1.49	3.74	2.43	2.26	0.40	0.62

We computed the ratio of earnings to fixed charges by dividing earnings by fixed charges. We computed the ratio of earnings to combined fixed charges and preferred stock dividends by dividing earnings by the sum of fixed charges and dividends on outstanding shares of preferred stock (excluding dividends paid on our Series A Cumulative Redeemable Convertible Preferred Stock, or our Series A Preferred Stock). Fixed charges consist of interest costs, whether expensed or capitalized, and amortization of financing costs, and includes the payment of dividends on our Series A Preferred Stock, which was accounted for as a convertible preferred debenture pursuant to ASC 480, *Distinguishing Liabilities from Equity*. For the period January 18, 2008 to December 31, 2010, we had 1,000,000 shares of our Series A Preferred Stock issued and outstanding. For all other periods presented in the table above, no shares of preferred stock were outstanding. For the years ended December 31, 2008 and 2007, earnings were insufficient to cover fixed charges and combined fixed charges and preferred share dividends by approximately \$21,664,000 and \$18,964,000, respectfully.

USE OF PROCEEDS

Except as may be set forth in a particular prospectus supplement, we will add the net proceeds from sales of securities to our general corporate funds, which we may use for new investments in accordance with our investment strategy in place at such time, to repay indebtedness or for other general corporate purposes. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of such offering and will be described in the related prospectus supplement.

DESCRIPTION OF THE SECURITIES WE MAY OFFER

This prospectus contains a summary description of the common stock, preferred stock and debt securities that we may offer from time to time. As further described in this prospectus, these summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the accompanying prospectus supplement and other offering material. The accompanying prospectus supplement may update, change or add to the terms and conditions of the securities as described in this prospectus.

Table of Contents

DESCRIPTION OF COMMON STOCK

The following summary description of our common stock does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law, our charter and our bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

General

Our charter provides that we may issue up to 400,000,000 shares of common stock, par value \$0.01 per share. As of December 31, 2012, 49,575,331 shares of common stock were issued and outstanding. Under Maryland law, our stockholders are not generally liable for our debts or obligations. Our charter authorizes our board of directors to amend our charter to increase or decrease the aggregate number of shares of capital stock of any class or series that we have the authority to issue, without stockholder approval.

Voting Rights of Common Stock

Except as provided with respect to any other class or series of shares of our stock and subject to the provisions of our charter regarding restrictions on the transfer and ownership of shares of common stock, each outstanding share of common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors and, the holders of our common stock possess the exclusive voting power. There is no cumulative voting in the election of directors, which means that the holders of a majority of our outstanding shares of stock entitled to vote thereon can elect all of the directors then standing for election. Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, or engage in a share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter, unless a lesser percentage (but not less than a majority of all the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter provides for approval by a majority of all the votes entitled to be cast on the matter for the matters described in the preceding sentence, except for certain charter amendments related to the removal of our directors, the classification and issuance of common and preferred stock and the restrictions on transfer and ownership of shares.

Dividends, Liquidation and Other Rights

All of our outstanding shares of common stock are duly authorized, fully paid and nonassessable. Holders of our shares of common stock are entitled to receive dividends when authorized by our board of directors and declared by us out of assets legally available for the payment of dividends. They also are entitled to share ratably in our assets legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after payment of or adequate provision for all of our known debts and liabilities. These rights are subject to the preferential rights of any other class or series of our stock and to the provisions of our charter regarding restrictions on ownership and transfer of our stock.

Holders of our shares of common stock have no appraisal, preference, conversion, exchange, sinking fund or redemption rights and have no preemptive rights to subscribe for any of our securities. Subject to the restrictions on transfer and ownership of capital stock contained in our charter and to the ability of the board of directors to create shares of common stock with differing voting rights, all shares of common stock have equal dividend, liquidation and other rights.

Power to Issue Additional Shares of Common Stock and Preferred Stock

Our charter also authorizes our board of directors to amend our charter to increase or decrease the aggregate number of shares of capital stock of any class or series that we have the authority to issue, to classify and

Table of Contents

reclassify any unissued shares of our common stock and preferred stock into any other classes or series of classes of our stock, to establish the number of shares in each class or series and to set the terms, preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each such class or series. We believe that the power of our board of directors to take these actions provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. The additional classes or series, as well as our common stock, are available for issuance without further action by our stockholders, unless stockholder action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors has no intention at the present time of doing so, it could authorize us to issue a class or series that could, depending upon the terms of such class or series, delay, defer or prevent a transaction or a change in control of us that might involve a premium price for holders of our common stock that our common stockholders or otherwise believe to be in their best interest.

Restrictions on Ownership and Transfer

In order to qualify as a REIT under the Internal Revenue Code, our shares of stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Also, no more than 50% of the value of our outstanding shares of capital stock may be owned, directly or constructively, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of any taxable year. In addition, if certain disqualified organizations hold our stock, although the law on the matter is unclear, a tax might be imposed on us if a portion of our assets is treated as a taxable mortgage pool. In addition, a tax will be imposed on us if certain disqualified organizations hold our stock and we hold a residual interest in a real estate mortgage investment conduit, or REMIC.

To help us to qualify as a REIT, our charter, subject to certain exceptions, contains restrictions on the number of shares of our capital stock that a person may own and prohibits certain entities from owning our stock. As amended, our charter provides that generally no person may own, or be deemed to own by virtue of the attribution provisions of the Internal Revenue Code, either (i) more than 9.9% in value of the aggregate of our outstanding shares of capital stock or (ii) more than 9.9% in value or number of shares, whichever is more restrictive, of the aggregate of shares of our outstanding common stock. Our board of directors is permitted under our charter to increase or decrease the common stock ownership limit and the aggregate stock ownership limit from time to time, and to waive these ownership limits on a case by case basis so long as the waiver will not allow five or fewer individuals to beneficially own more than 49.9% in value of our outstanding capital stock or otherwise cause us to fail to comply with applicable REIT ownership requirements under the Internal Revenue Code. Our charter prohibits the following disqualified organizations from owning our stock: the United States; any state or political subdivision of the United States; any foreign government; any international organization; any agency or instrumentality of any of the foregoing; any other tax-exempt organization, other than a farmer's cooperative described in Section 521 of the Internal Revenue Code, that is exempt from both income taxation and from taxation under the unrelated business taxable income provisions of the Internal Revenue Code and any rural electrical or telephone cooperative.

Our charter also prohibits any person from (a) beneficially or constructively owning shares of our capital stock that would result in our being closely held under Section 856(h) of the Internal Revenue Code, and (b) transferring shares of our capital stock if such transfer would result in our capital stock being beneficially owned by fewer than 100 persons. Any person who acquires or attempts or intends to acquire beneficial ownership of shares of our capital stock that will or may violate any of the foregoing restrictions on transferability and ownership will be required to give notice immediately to us and provide us with such other information as we may request in order to determine the effect of such transfer on our status as a REIT. The foregoing restrictions on transfer and ownership will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT.

Our board of directors, in its sole discretion, may exempt a person from the above ownership limits and any of the restrictions described in the first sentence of the paragraph directly above. However, the board of directors

Table of Contents

may not grant an exemption to any person unless the board of directors obtains such representations, covenants and undertakings as the board of directors may deem appropriate in order to determine that granting the exemption would not result in our losing our status as a REIT. As a condition of granting the exemption, our board of directors may require a ruling from the Internal Revenue Service, or IRS, or an opinion of counsel, in either case in form and substance satisfactory to the board of directors, in its sole discretion, in order to determine or ensure our status as a REIT.

Any transfer that results in our shares of stock being owned by fewer than 100 persons will be void. However, if any transfer of our shares of stock occurs which, if effective, would result in any person beneficially or constructively owning shares of stock in excess or in violation of the above transfer or ownership limitations, known as a prohibited owner, then that number of shares of stock, the beneficial or constructive ownership of which otherwise would cause such person to violate the transfer or ownership limitations (rounded up to the nearest whole share), will be automatically transferred to a charitable trust for the exclusive benefit of a charitable beneficiary, and the prohibited owner will not acquire any rights in such shares. This automatic transfer will be considered effective as of the close of business on the business day before the violative transfer. If the transfer to the charitable trust would not be effective for any reason to prevent the violation of the above transfer or ownership limitations, then the transfer of that number of shares of stock that otherwise would cause any person to violate the above limitations will be void. Shares of stock held in the charitable trust will continue to constitute issued and outstanding shares of our stock. The prohibited owner will not benefit economically from ownership of any shares of stock held in the charitable trust, will have no rights to dividends or other distributions and will not possess any rights to vote or other rights attributable to the shares of stock held in the charitable trust. The trustee of the charitable trust will be designated by us and must be unaffiliated with us or any prohibited owner and will have all voting rights and rights to dividends or other distributions with respect to shares of stock held in the charitable trust, and these rights will be exercised for the exclusive benefit of the trust's charitable beneficiary. Any dividend or other distribution paid before our discovery that shares of stock have been transferred to the trustee will be paid by the recipient of such dividend or distribution to the trustee upon demand, and any dividend or other distribution authorized but unpaid will be paid when due to the trustee. Any dividend or distribution so paid to the trustee will be held in trust for the trust's charitable beneficiary. Subject to Maryland law, effective as of the date that such shares of stock have been transferred to the trustee, the trustee, in its sole discretion, will have the authority to:

rescind as void any vote cast by a prohibited owner prior to our discovery that such shares have been transferred to the trustee; and

recast such vote in accordance with the desires of the trustee acting for the benefit of the trust's beneficiary.

However, if we have already taken irreversible corporate action, then the trustee will not have the authority to rescind and recast such vote.

Within 20 days of receiving notice from us that shares of stock have been transferred to the charitable trust, and unless we buy the shares first as described below, the trustee will sell the shares of stock held in the charitable trust to a person, designated by the trustee, whose ownership of the shares will not violate the ownership limitations in our charter. Upon the sale, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the prohibited owner and to the charitable beneficiary. The prohibited owner will receive the lesser of:

the price paid by the prohibited owner for the shares or, if the prohibited owner did not give value for the shares in connection with the event causing the shares to be held in the charitable trust (for example, in the case of a gift or devise), the market price of the shares on the day of the event causing the shares to be held in the charitable trust; and

the price per share received by the trustee from the sale or other disposition of the shares held in the charitable trust (less any commission and other expenses of a sale).

Table of Contents

The trustee may reduce the amount payable to the prohibited owner by the amount of dividends and distributions paid to the prohibited owner that are owed by the prohibited owner to the trustee. Any net sale proceeds in excess of the amount payable to the prohibited owner will be paid immediately to the charitable beneficiary. If, before our discovery that shares of stock have been transferred to the charitable trust, such shares are sold by a prohibited owner, then:

such shares will be deemed to have been sold on behalf of the charitable trust; and

to the extent that the prohibited owner received an amount for such shares that exceeds the amount that the prohibited owner was entitled to receive as described above, the excess must be paid to the trustee upon demand.

In addition, shares of stock held in the charitable trust will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of:

the price per share in the transaction that resulted in such transfer to the charitable trust (or, in the case of a gift or devise, the market price at the time of the gift or devise); and

the market price on the date we, or our designee, accept such offer.

We may reduce the amount payable to the prohibited owner by the amount of dividends and distributions paid to the prohibited owner that are owed by the prohibited owner to the trustee. We may pay the amount of such reduction to the trustee for the benefit of the charitable beneficiary. We will have the right to accept the offer until the trustee has sold the shares of stock held in the charitable trust. Upon such a sale to us, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the prohibited owner and any dividends or other distributions held by the trustee will be paid to the charitable beneficiary.

All certificates representing shares of our capital stock will bear a legend referring to the restrictions described above.

Every holder of more than 5% (or such lower percentage as required by the Internal Revenue Code or the regulations promulgated thereunder) in value of all classes or series of our capital stock, including shares of common stock, within 30 days after the end of each taxable year, will be required to give written notice to us stating the name and address of such holder, the number of shares of each class and series of shares of our stock that the holder beneficially owns and a description of the manner in which the shares are held. Each holder shall provide to us such additional information as we may request in order to determine the effect, if any, of the holder's beneficial ownership on our status as a REIT and to ensure compliance with our ownership limitations. In addition, each stockholder shall upon demand be required to provide to us such information as we may request, in good faith, in order to determine our status as a REIT and to comply with the requirements of any taxing authority or governmental authority or to determine such compliance.

Our ownership limitations could delay, defer or prevent a transaction or a change in control of us that might involve a premium price for holders of our common stock or might otherwise be in the best interest of our stockholders.

DESCRIPTION OF PREFERRED STOCK

The following summary description of our preferred stock does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law, our charter and our bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part. See Where You Can Find More Information.

General

Our charter authorizes our board of directors to issue 200,000,000 shares of preferred stock, par value \$0.01 per share, in one or more series and with rights, preferences, privileges and restrictions that our board of directors may fix or designate without any further vote or action by our stockholders.

Our charter authorizes our board of directors to reclassify any unissued shares of common stock into preferred stock, to classify any unissued shares of preferred stock and to reclassify any previously classified but unissued shares of any series of preferred stock previously authorized by our board of directors. Prior to issuance of shares of each class or series of preferred stock, our board of directors is required by Maryland law and our charter to fix, subject to our charter restrictions on transfer and ownership, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, our board could authorize the issuance of shares of preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change of control that might involve a premium price for you or otherwise be in your best interest.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities offered by this prospectus will be our direct unsecured general obligations. This prospectus describes certain general terms of the debt securities offered through this prospectus. In the following discussion, we refer to any of our direct unsecured general obligations as the Debt Securities. When we offer to sell a particular series of Debt Securities, we will describe the specific terms of that series in a prospectus supplement or any free writing prospectus. The Debt Securities will be issued under an open-ended Indenture (for Debt Securities) between us and a trustee to be selected by us at or about the time we offer our Debt Securities. The open-ended Indenture (for Debt Securities) is incorporated by reference into the registration statement of which this prospectus is a part and is filed as an exhibit to the registration statement. In this prospectus we refer to the Indenture (for Debt Securities) as the Debt Securities Indenture. We refer to the trustee under any Debt Securities Indenture as the Debt Securities Trustee.

The prospectus supplement or any free writing prospectus applicable to a particular series of Debt Securities may state that a particular series of Debt Securities will be our subordinated obligations. The form of Debt Securities Indenture referred to above includes optional provisions (designated by brackets ([])) that we would expect to appear in a separate indenture for subordinated debt securities in the event we issue subordinated debt securities. In the following discussion, we refer to any of our subordinated obligations as the Subordinated Debt Securities. Unless the applicable prospectus supplement or any free writing prospectus provides otherwise, we will use a separate Debt Securities Indenture for any Subordinated Debt Securities that we may issue. Our Debt Securities Indenture will be qualified under the Trust Indenture Act of 1939, as amended, or the Trust Indenture Act, and you should refer to the Trust Indenture Act for the provisions that apply to the Debt Securities.

We have summarized selected provisions of the Debt Securities Indenture below. Each Debt Securities Indenture will be independent of any other Debt Securities Indenture unless otherwise stated in a prospectus supplement or any free writing prospectus. The summary that follows is not complete and the summary is qualified in its entirety by reference to the provisions of the applicable Debt Securities Indenture. You should consult the applicable Debt Securities, Debt Securities Indenture, any supplemental indentures, officers' certificates and other related documents for more complete information on the Debt Securities. These documents appear as exhibits to, or are incorporated by reference into, the registration statement of which this prospectus is a part, or will appear as exhibits to other documents that we will file with the SEC, which will be incorporated by reference into this prospectus. In the summary below, we have included references to applicable section numbers of the Debt Securities Indenture so that you can easily locate these provisions.

Ranking

Our Debt Securities that are not designated Subordinated Debt Securities will be effectively subordinated to all secured indebtedness that we have outstanding from time to time to the extent of the value of the collateral securing such secured indebtedness. Our Debt Securities that are designated Subordinated Debt Securities will be subordinate to all outstanding secured indebtedness as well as Debt Securities that are not designated Subordinated Debt Securities. We incur indebtedness from time to time to finance many of our assets pursuant to repurchase agreements and certain other structured finance instruments, such as the trust preferred securities issued by our subsidiary, Hypotheca Capital, LLC, or Hypotheca, pursuant to which we guarantee the payment of notes by Hypotheca that back the trust preferred securities issued by it. This indebtedness is deemed to be secured indebtedness. As a result, we have a significant amount of secured indebtedness at any given time in relation to our total assets. The Debt Securities Indenture does not limit the amount of secured indebtedness that we may issue or incur.

Our ability to meet our financial obligations with respect to any future Debt Securities, and cash needs generally, is dependent on our operating cash flow, our ability to access various sources of short- and long-term
