PROXY STATEMENT

This Proxy Statement and the accompanying form of proxy are being sent to the stockholders of Flotek Industries, Inc. (the Company), a Delaware corporation, in connection with the solicitation by the Board of Directors of the Company (the Board) of proxies to be voted at the Annual Meeting of Stockholders of the Company (the Meeting) to be held at 2:00 p.m. (local time) on Friday, May 16, 2014, at the corporate offices of the Company at 10603 W. Sam Houston Pkwy N., Suite 300, Houston, Texas 77064 and at any adjournment thereof.

The Notice of Meeting, this Proxy Statement and the accompanying form of proxy are first being mailed to the stockholders on or about April 18, 2014. The 2013 Annual Report of the Company has been furnished to the stockholders with this Proxy Statement.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be held on May 16, 2014. The proxy statement and annual report to security holders are available at www.flotekind.com/proxymaterials.

You may obtain directions to attend the Meeting and vote in person by contacting our investor relations department at (713) 849-9911.

At the Meeting, stockholders will be asked (i) to consider and vote upon the election of seven nominees to serve on the Board; (ii) to consider and vote upon the Flotek Industries, Inc. 2014 Long-Term Incentive Plan; (iii) to consider and provide an advisory vote on our executive compensation; (iv) to consider and vote upon the ratification of the selection of the independent registered public accounting firm; and (v) to consider and take action upon such other matters as may properly come before the Meeting.

VOTING SECURITIES

The Board has fixed the close of business on March 27, 2014, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Meeting. At the close of business on such date, there were outstanding and entitled to vote 53,671,130 shares of common stock, \$0.0001 par value per share (Common Stock) of the Company, which is the Company's only authorized and outstanding class of stock entitled to vote at the Meeting.

Holders of at least one-third of the outstanding shares of Common Stock are required to be represented at the Meeting, in person or by proxy, to constitute a quorum. Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for the purposes of determining a quorum. Broker non-votes means shares held of record by a broker that are not voted on a matter because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the

authority to vote the shares in its discretion.

Each outstanding share of Common Stock as of the record date is entitled to one vote. There will be no cumulative voting of shares for any matter voted upon at the Meeting.

Proposal 1 Directors are elected by a plurality of the votes cast at the Meeting, and the seven nominees who receive the most votes will be elected. Under New York Stock Exchange (NYSE) rules, your brokerage firm or other nominee may not vote your shares with respect to Proposal 1 without specific instructions from you as to how to vote with respect to the election of each of the seven nominees for director, because the election of directors is not considered a routine matter under the NYSE rules. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

Proposal 2 To be approved, the proposal to adopt the Company s 2014 Long-Term Incentive Plan must receive an affirmative vote of a majority of the total votes cast with respect to this proposal at the Meeting. This means that the votes that our stockholders cast FOR this proposal must exceed the votes that our stockholders cast AGAINST this proposal at the Meeting. Proposal 2 is considered a non-routine matter under the NYSE rules and, therefore, brokerage firms and nominees that are members of the NYSE do not have the authority under those rules to vote their customers unvoted shares on Proposal 2 if their customers have not furnished voting instructions within a specified period of time prior to the Meeting. Accordingly, broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of this proposal; abstentions will be counted as a vote against this proposal.

Table of Contents

Proposal 3 The affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on the matter is required for the advisory approval of the Company's executive compensation. In determining whether the proposal has received the requisite number of affirmative votes, abstentions will not be counted and will have the same effect as a vote against the proposal. Broker non-votes will have no effect for the purpose of determining whether the proposal has been approved. This proposal is advisory in nature, which means that it is not binding on the Board or the Compensation Committee. However, the Board and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal 4 To be approved, the proposal regarding ratification of the selection of our independent registered public accounting firm must receive an affirmative vote of a majority of the total votes cast with respect to this proposal at the Meeting. This means that the votes that our stockholders cast FOR this proposal must exceed the votes that our stockholders cast AGAINST this proposal at the Meeting. However, your vote will not be binding on the Board or the Company. Proposal 4 is considered a routine matter under the NYSE rules and, therefore, brokerage firms and nominees that are members of the NYSE have the authority under those rules to vote their customers' unvoted shares on Proposal 4 if their customers have not furnished voting instructions within a specified period of time prior to the Meeting. Accordingly, broker non-votes represented by submitted proxies will be taken into account in determining the outcome of this proposal; abstentions will be counted as a vote against this proposal.

If the enclosed form of proxy is properly executed and returned to the Company prior to or at the Meeting and is not revoked prior to its exercise, all shares of Common Stock represented thereby will be voted at the Meeting and, where instructions have been given by a stockholder, will be voted in accordance with such instructions.

Any stockholder executing a proxy which is solicited hereby has the power to revoke it prior to its exercise. Revocation may be made by attending the Meeting and voting the shares of Common Stock in person or by delivering to the Secretary of the Company at the principal executive offices of the Company located at 10603 W. Sam Houston Pkwy N., Suite 300, Houston, Texas 77064, prior to exercise of the Proxy, a written notice of revocation or a later-dated, properly executed proxy.

The solicitation of proxies will be by mail, but proxies also may be solicited by telephone, telegram or in person by directors, officers and other employees of the Company. The Company will bear all costs of soliciting proxies. In order to solicit proxies, the Company will also request financial institutions, brokerage houses, custodians, nominees and fiduciaries to forward proxy materials to the beneficial owners of shares of Common Stock as of the record date and will reimburse such persons for their reasonable expenses of forwarding the proxy materials in accordance with customary practice.

PROPOSAL 1: ELECTION OF DIRECTORS

Board of Directors

The members of the Board serve one-year terms. Directors are elected by a plurality of the votes cast. Abstentions and broker non-votes will be disregarded and have no effect on the outcome of the election of directors.

Recommendation; Proxies

The Board recommends a vote **FOR** each of the nominees named below. The persons named in the enclosed proxy card will vote all shares over which they have discretionary authority **FOR** the election of the nominees named below. Although our Board does not anticipate that any of the nominees will be unable to serve, if such a situation should arise prior to the Meeting, the appointed persons will use their discretionary authority pursuant to the proxy and vote in accordance with their best judgment.

Number of Directors

The Board has nominated seven directors for election to the Board at the Meeting.

The Board believes that it is necessary for each of the Company's directors to possess many qualities and skills that enable them to understand the complexities of the Company's business and effectively guide the management and direction of the Company. When searching for new candidates, the Corporate Governance and Nominating Committee considers the evolving needs of the Board and searches for candidates that fill current or anticipated future vacancies.

The Board also believes that all directors must possess a considerable amount of business management and educational experience. The Corporate Governance and Nominating Committee first considers a candidate's management experience and then considers issues of judgment, background, stature, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value when considering director candidates. The Corporate Governance and Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Corporate Governance and Nominating Committee does not have a formal policy with respect to diversity; however, the Board and the Corporate Governance and Nominating Committee believe that it is essential that the Board members represent diverse viewpoints. In considering candidates for the Board, the Corporate Governance and Nominating Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

All of our directors bring to our Board a wealth of executive leadership experience derived from their service as executives and, in most cases, chief executive officers of large corporations. They also bring extensive board of director experience. Certain individual qualifications and skills of our directors that contribute to the Board's effectiveness as a whole are described in the following paragraphs.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion of executive compensation contains descriptions of various employment-related agreements and employee benefit plans. These descriptions are qualified in their entirety by reference to the full text of the referenced agreements and plans, which have been filed by us as exhibits to our reports on Forms 10-K, 10-Q and 8-K filed with the U.S. Securities and Exchange Commission.

Introduction

Flotek is a global diversified, technology-driven company that develops and supplies oilfield products, services and equipment to the oil, gas and mining industries, and high value compounds to companies that make cleaning products, cosmetics, food and beverages, and other products that are sold in the consumer and industrial markets. In the period between 2005 and 2007, the Company enjoyed significant success, returning compound annual growth of 156% and increasing its market capitalization to almost \$1 billion.

By 2008, however, as a result of the cyclical downturn that impacted the entire energy services business and the Company's over-leveraged balance sheet, Flotek was on the verge of financial insolvency. Over the next year, the CEO and a major portion of the board of directors resigned, and Flotek was notified by the NYSE that its 30-day average market capitalization and its shareholder equity were both below the NYSE's \$50 million listing standard threshold.

Based on the belief in the potential of the Company's product offerings, in particular its patented chemicals business, the Board undertook an aggressive rebuilding campaign beginning with the appointment of John Chisholm as Interim President in August 2009 and with the subsequent appointment of new board members. Following significant success in executing the turnaround in 2011, the Company's leadership achieved even more significant milestones in 2012 and 2013:

The Company reported revenue for the year ended December 31, 2013 of \$371.1 million an increase of \$58.1 million or 18.6% compared to \$312.8 million for the year ended December 31, 2012, and an increase of \$112.3 million, or 43.4%, compared to \$258.8 million for the year ended December 31, 2011.

The Company reported net income attributable to common stockholders for the year ended December 31, 2013 of \$36.2 million or \$0.67 per share (fully diluted) compared to \$49.8 million or \$0.97 per share (fully diluted) for the year ended December 31, 2012 and \$26.5 million, or \$0.56 per share (fully diluted) for the year ended December 31, 2011. Net income in 2012 benefited from a \$16.5 million deferred tax valuation allowance adjustment.

On May 10, 2013, the Company acquired Florida Chemical Company, the world's largest processor of citrus oils. The acquisition price of \$106.4 million was funded through the issuance of 3.2 million shares of the Company's common stock and \$53.7 million in cash.

In conjunction with the Florida Chemical acquisition, the Company entered into an amended and restated credit facility. The amended credit facility provides for a \$50 million term loan and a revolving credit facility of up to \$75 million.

The Company's outstanding convertible notes balance at par value was reduced by \$101.3 million during 2012. On February 15, 2013, the Company repurchased the remaining \$5.2 million of the outstanding convertible notes.

As a result, the Company no longer has any outstanding convertible notes.

The tables below illustrate the magnitude of the Company's dramatic recovery.

Through early 2011, circumstances demanded that the Compensation Committee and the Board of Directors consider and enact extraordinary measures to offer compensation opportunities designed to attract and retain a highly-qualified leadership team dedicated to the Company's recovery and to establish a strong foundation for future growth. A clear way forward was established and by the third quarter of 2011, the Compensation Committee of the Board engaged a compensation consultant. Since 2011, the consultant has advised the Committee on matters including:

A thorough review of compensation strategies and objectives;

Table of Contents

A review of and recommended changes to the Chief Executive Officer's employment agreement including elimination of single-trigger severance following a change-in-control of Flotek;

A review and update of the composition of the compensation peer group;

A restructuring and refinement of executive annual cash bonus opportunities making amounts earned under the program fully contingent on financial measures that drive shareholder returns; and

Adoption of an annual equity-based long-term incentive component to total compensation. In 2013, the vesting of 100% of the grant value of this component was directly linked to the performance of the Company. The vesting of 100% of the grant value of awards made in 2014 will be determined by the performance of the Company based on two financial measures.

Compensation Committee

The Compensation Committee has overall responsibility for the approval, evaluation and oversight of the Company's compensation and benefit plans, policies and programs. The primary function of the Compensation Committee is to assist the Board in fulfilling its responsibilities relating to the compensation of the Company's named executive officers and outside directors. The primary responsibilities of the Compensation Committee include (i) annually reviewing the Company's general compensation policies with respect to named executive officers and directors, (ii) annually reviewing and approving the corporate goals and objectives relevant to the compensation of our executive officers, evaluating our officers' performance in light of these goals, and approving

or recommending to the Board compensation levels based on these evaluations, (iii) producing a committee report on executive compensation as required by the SEC to be included or incorporated by reference in our proxy statement or other applicable SEC filings, and (iv) recommending the compensation program applicable to the Company's outside directors.

The Company's Board appoints Compensation Committee members and Chairman annually, and these appointees continue to be members until their successors are elected and qualified or until their earlier resignation or removal. Any member of the Compensation Committee may be removed, with or without cause, by our Board. The Board appoints members to the Compensation Committee considering criteria such as experience in compensation

Table of Contents

matters, familiarity with our management and other key personnel, understanding of public company compensation issues, time availability necessary to fulfill committee responsibilities and independence and other regulatory requirements.

Each member of the Compensation Committee is considered to be (1) independent under the currently applicable listing standards of the NYSE; (2) a non-employee director within the meaning of Rule 16b-3 under the Exchange Act; and (3) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The Compensation Committee's function is more fully described in its charter. The Compensation Committee will continue to review and assess the adequacy of the charter and recommend any proposed changes to the Board for approval on an annual basis.

The Compensation Committee works with the Company's Chief Executive Officer to establish an agenda for each meeting of the Compensation Committee and to prepare meeting materials. The Compensation Committee on occasion meets with the Company's Chief Executive Officer and other executives to obtain recommendations with respect to the Company's compensation programs, practices and packages for executives, other employees and directors. Although management makes recommendations to the Compensation Committee on executive compensation, the Compensation Committee is not bound by and does not always accept management's recommendations. The Compensation Committee has historically sought input from an independent compensation consultant prior to making any final determinations. Our Chief Executive Officer attends some of the Compensation Committee meetings, but the Compensation Committee also regularly holds executive sessions not attended by members of management or non-independent directors.

Outside corporate counsel, and other members of our management and outside advisors, may be invited to attend all or a portion of a Compensation Committee meeting depending on the nature of the matters to be discussed. Only members of the Compensation Committee may vote on items before the Compensation Committee.

Our Compensation Committee may retain, at our expense, independent compensation consultants in the consideration of executive compensation matters. The Compensation Committee meets with the compensation consultants, both in and outside of the presence of our management, to review findings and recommendations regarding executive compensation and considers those findings and recommendations as well as the results of the most recent shareholder advisory vote on executive compensation in determining and making adjustments to our executive compensation program. Commencing in the second quarter of 2011, the Compensation Committee engaged BDO USA,

LLP (referred to herein as the Compensation Consultant or BDO) to assist in fulfilling its responsibilities as assigned by the Chairman of the Compensation Committee. In renewing its engagement with BDO in December 2013, the Compensation Committee analyzed factors specified by the Securities and Exchange Commission and the NYSE that affect the independence of compensation advisers. Based on this analysis, the Compensation Committee concluded that there were no independence concerns related to BDO in its role as an independent adviser to the Compensation Committee.

Under the direction of the Chairman of the Compensation Committee, the Compensation Consultant provides information regarding compensation trends in the energy services industry, relative compensation for similarly-situated executive officers in the industry, the structure of our cash and equity incentive awards and the structure of the compensation program for outside directors. In addition, at the Compensation Committee's request, the Compensation Consultant worked with management to prepare materials for review by the Compensation Committee and made recommendations regarding the Compensation Committee's calendar and has provided assistance in the

composition of this Compensation Discussion and Analysis.

Compensation Philosophy

We operate in a very competitive environment. Our principal competitors are larger, more established providers of services in our industry and, because of their size, generally have more significant resources than we do. In order to successfully compete in this environment, we must be able to attract and retain highly skilled employees with well-developed management, operational and marketing skills. The Company has been successful in developing and retaining a highly-qualified management team by offering compensation that is equitable, reasonably competitive with what we believe they might earn elsewhere based on our understanding of market practices, and closely tied to performance through our annual salary review process, our annual cash bonus plan, and grants of stock options and other forms of equity-based opportunities from our long-term Incentive plans.

In general, our executive compensation programs are designed to achieve the following objectives:

Attract and retain talented and experienced executives with the skills necessary to run and grow our existing business segments;

Align the interests of our executive officers with those of stockholders to increase the value of our enterprise;

Motivate and reward executives whose knowledge, skills and performance are critical to our success;

Demonstrate fairness among the executive management team by recognizing the contributions each executive makes to our success;

Table of Contents

Provide accountability for the executives' performance to the Board;

Encourage a shared commitment among executives by coordinating Company and individual business unit targets and objectives; and

Encourage executives to meet non-financial goals that the Board believes are necessary for the success of the Company.

As we endeavor to evaluate the adequacy of our overall executive compensation program, our Compensation Committee works with the Compensation Consultant to evaluate and compare certain elements of total compensation against a group of similar publicly-traded energy services companies (the Compensation Peer Group). We evaluate each element of compensation (base salary, cash bonus incentive compensation and equity compensation), as well as the total of all compensation elements. While the Compensation Consultant's information on peer practices is used to assess the adequacy

of the Company's total compensation opportunities, the Compensation Committee does not target any percentile level of the peer data as a benchmark for setting pay opportunities.

In regard to the use of peer company data in setting compensation opportunities, we would prefer to define the market for our executive talent using a sizable group of companies that are comparable to us in both size and line of business.

However, there are not sufficient companies that compare to us in size and line of business to comprise such a peer group. Therefore, as we evaluate the adequacy of our compensation programs, the Compensation Committee considers data in regard to our Compensation Peer Group and, when required, data from published survey sources as well as information from our directors, management and our Compensation Consultant based on their collective understanding of industry practices.

The companies that comprised our Compensation Peer Group in 2013 included the following:

Basic Energy Services, Inc.

Carbo Ceramics, Inc.

Layne Christensen, Inc.

Lufkin Industries, Inc.

Matrix Service Company

Newpark Resources, Inc.

Parker Drilling Company

Pioneer Energy Services, Inc.

Team, Inc.

Tesco Corporation

Tetra Technologies, Inc.

Union Drilling, Inc.

The peer group was reviewed and amended in December 2013 for purposes of supporting 2014 compensation decisions. For 2014, Union Drilling was removed because it was acquired by a private equity company and is no longer publicly traded. In addition, Pioneer Energy Services, Lufkin Industries, Inc. and Team, Inc. were removed because the Committee concluded that their business lines do not align as well to Flotek's as do the business lines of the new companies added to the peer group. New companies added to the peer group for 2014 were RPC, Inc., C&J Energy Services and Key Energy Services.

The Compensation Committee intends to continually monitor the composition of the Compensation Peer Group to assure that it provides a useful representation of the market for leadership talent in which the Company competes.

Executive Officer Compensation

Principal Elements of Compensation of Our Named Executive Officers

The principal elements of the compensation package offered to our executive officers consist of:

- Base salary;
- Annual bonus incentive opportunities; and
- Equity compensation under the long-term incentive plans.

Some, but not all of the named executive officers participate in certain limited perquisite programs as described later in this discussion. Group insurance programs and the Company's 401(k) Plan are available to all named executive officers on the same basis as all other employees of the Company.

Johnna D. Kokenge resigned as Vice President and Chief Accounting Officer effective January 25, 2013. See the Employment, Retirement, and Resignation Agreements section within Compensation Discussion and Analysis for further details regarding Ms. Kokenge's resignation and related compensation. Due to her limited term of employment with the Company in 2013, Ms. Kokenge has been excluded from certain of the following 2013 compensation-related tables and discussion.

Allocation of Compensation among the Principal Components

The Compensation Committee has not established formulas for allocating compensation between compensation

Table of Contents

elements at this time. Rather, the Compensation Committee reviews compensation structures of companies in our Compensation Peer Group, historical compensation for the participant, the participant's responsibilities, the performance of the participant and the Company on goals approved by the Committee, and the individual circumstances of senior executives when determining the mix of base salary, cash bonus percentages, and annual

equity award opportunities. As a result, the Compensation Committee may apply a different mix of base salary, cash bonus incentive compensation and equity compensation to different executive officer positions. The Company's historical objectives have been to make executives' overall compensation opportunity significantly contingent on operational and financial performance.

In 2013, the percentage allocation of compensation elements at target levels for the Company's Named Executive Officers were as illustrated in the following table:

Name	Base Salary	Bonus Target	LTIP Grant Value	Total
John W. Chisholm	25.3%	20.3%	54.4%	100%
Steven A. Reeves	29.9%	17.9%	52.2%	100%
M. Kevin Fisher	29.9%	17.9%	52.2%	100%
H. Richard Walton	29.9%	17.9%	52.2%	100%
Joshua A. Snively, Sr.	29.9%	17.9%	52.2%	100%

Base Salary

The Company reviews base salaries for the President and Chief Executive Officer and other executive officers annually to determine if a change is appropriate. In reviewing base salaries, several factors are considered including a comparison to base salaries paid for comparable positions in the Compensation Peer Group, the relationship among base salaries paid within the Company and individual experience and performance. The Company's intent is to fix base salaries at levels consistent with comparable industry positions, Company performance and remunerative objectives, including the ability to attract, motivate and retain highly talented individuals in a competitive environment while retaining an appropriate balance between fixed and performance-contingent compensation elements.

Chairman of the Board, President and Chief Executive Officer

Mr. Chisholm is compensated under a Services Agreement that pays two entities controlled by Mr. Chisholm (the Chisholm Companies) as an independent contractor. In addition, Mr. Chisholm entered into an agreement with the Company under which he also became an employee of the Company. In March 2013, the Company amended Mr. Chisholm's services agreement to increase these monthly payments, in the aggregate, from \$53,917 to \$58,333 as

compensation for his services. In addition, the Company pays Mr. Chisholm a monthly salary of \$4,167.

Other Executive Officers

After a review of responsibilities, performance and the Company's understanding of salary levels typically available to officers filling comparable positions in other public energy services companies, the salary adjustments in the table below were approved effective during 2013.

Name	Title	Beginning Salary	New Salary	Percent Increase
Steven A. Reeves	EVP, Operations	\$ 324,500	\$ 405,000	24.81%
M. Kevin Fisher (1)	EVP, Business Development	305,000	390,000	27.87%
H. Richard Walton	EVP and Chief Financial Officer	(2)	325,000	*
Joshua A. Snively, Sr.	EVP, Research and Development	(2)	377,500	*

(1) Mr. Fisher retired effective March 18, 2014.

(2) Mr. Walton and Mr. Snively joined the company in March and May of 2013, respectively.

Table of Contents**Annual Bonus Compensation**

Under the terms of the annual cash bonus program available to named executive officers and other leadership employees, participants had the opportunity to earn annual cash incentives based on the achievement of Company performance as measured by Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (Adjusted EBITDA) and by the operating income percentage.

Adjusted EBITDA is a Non-GAAP measure under which EBITDA results may be adjusted to recognize stock compensation, financing transaction costs (whether paid in cash or not), and other noncash or nonrecurring charges not directly related to the ongoing operations of the Company. Determination of Adjusted EBITDA is based solely on the judgment of the Audit Committee of the Board of Directors.

In 2013, if target performance was achieved, Mr. Chisholm would earn a bonus equal to 80% of his salary. Target bonuses for Messrs. Reeves, Fisher and Walton were 60% of salary.

If Adjusted EBITDA results achieved only a minimum-defined level, 50% of target bonuses would be earned, and if Adjusted EBITDA results achieved a maximum defined level, 150% of target bonuses would be earned. The bonus percentage earned between minimum and target and between target and maximum is determined on a linear basis. The performance measure based on the operating income percentage, if met, would add an additional 50% of target bonuses.

2013 Cash Bonus Performance Measures

Adjusted EBITDA:

Minimum (50%)	Target (100%)	Maximum (150%)
\$87.5 million	\$99.0 million	\$106.0 million

An additional 50% of the bonus target will be added to the percentage earned based on Adjusted EBITDA if Adjusted EBITDA is equal to or greater than the defined minimum level and if operating income equals or exceeds a certain percentage of gross revenue. The performance measure based on the operating income was not met and no bonus under this measure was awarded in 2013.

Executives were given the opportunity to elect to receive 50% of their target bonus in restricted shares of the Company's Common Stock awarded conditionally at the beginning of the year based on the fair market value of the Common Stock on the date of grant subject to the agreement that none of the shares would vest if minimum performance was not achieved and that any bonus earned in excess of 50% of the target amount would be paid in cash. All named executive officers covered by the annual bonus plan elected to receive 50% of their target award in equity, receiving a number of shares equal to 50% of the target bonus divided by \$16.35, the fair market value of the Company's Common Stock on March 28, 2013.

Mr. Snively joined the Company on May 10, 2013 and was not subject to the annual bonus plan of the Company for 2013. He received a special one-time bonus of \$319,875 in February 2014 in recognition of his services in 2013.

The table below shows the range of bonus opportunities based on achieving the specified performance measures. Actual Adjusted EBITDA for 2013 was \$93.4 million, resulting in a bonus for the program participants between the minimum and target amount. No bonus was awarded under the operating income percentage criteria.

	Minimum 50%	Target 100%	Maximum 200%	Actual 75%*
John W. Chisholm	\$300,000	\$600,000	\$1,200,000	\$450,000
Steven A. Reeves	121,500	243,000	486,000	182,250
M. Kevin Fisher	117,000	234,000	468,000	175,500
H. Richard Walton	97,500	195,000	390,000	146,250

* As described above, a portion of earned value of bonuses took the form of restricted stock if elected by the executive. Such shares vested upon certification by the Compensation Committee of the Board that performance requirements for vesting were met. The number of shares associated with this election were: John W. Chisholm 18,348 shares; Steven A. Reeves 6,513 shares; M. Kevin Fisher 6,238 shares; and H. Richard Walton 5,963 shares.

Table of Contents**2013 Equity Compensation**

In order to address the Company's objectives of retaining critical talent and increasing the amount of the long-term incentive opportunity that is contingent on the performance of the Company, the Compensation Committee established 2013 target grant values for each Named Executive Officer, expressed as a percentage of base salary, as follows:

Percent of Base Salary	
John W. Chisholm	215%
Steven A. Reeves	175%
M. Kevin Fisher	175%
H. Richard Walton	175%
Joshua A. Snively, Sr.	

Each such Named Executive Officer received performance units with respect to the target grant value.

The number of performance units issued to the recipient would be determined by dividing the target grant value by the fair market value of the shares as of the date of the establishment of this opportunity, \$16.35. Shares of Company common stock would be issued for these performance units to the extent that 2013 Adjusted EBITDA targets and the operating income percentage under the bonus plan were achieved.

A number of shares of Company common stock equal to 50% of the target number of performance units would be

issued if the minimum amount of Adjusted EBITDA was achieved, a number of shares of Company common stock equal to 100% of the target number of performance units would be issued if the target amount of Adjusted EBITDA was achieved, and a number of shares of Company common stock equal to 150% of the target number of performance units would be issued if the maximum level of Adjusted EBITDA was achieved. If Adjusted EBITDA between minimum and target or between target and maximum thresholds was achieved, the number of shares earned would be adjusted on a linear basis. An additional 50% of the bonus target would be added to the percentage earned based on Adjusted EBITDA if Adjusted EBITDA is equal to or greater than the defined minimum level and if operating income equals or exceeds a certain percentage of gross revenue.

Vesting of earned shares of restricted stock awards would occur ratably over three years upon determination of the achievement of adjusted EBITDA and operating income. Accordingly, one third of the restricted stock earned vested during the first quarter of 2014. One third of such shares will vest during the first quarter of 2015, and the remaining one third will vest during the first quarter of 2016.

The performance measure based on the operating income was not met and no bonus under this measure was awarded for 2013.

The following table shows the award program available under the 2013 equity grants and the number of units earned as a result of the Company's 2013 Adjusted EBITDA and operating income percentage.

Employment, Retirement and Resignation Agreements

John W. Chisholm Services Agreement

On April 1, 2013, Flotek and two companies controlled by John W. Chisholm, Chief Executive Officer, President and Chairman of the Board of Directors (the Chisholm Companies), entered into the Fourth Amended and Restated Service Agreement (the Service Agreement), pursuant to which the Chisholm Companies agreed to continue to provide the services of Mr. Chisholm to Flotek. The Service Agreement provides that Flotek will pay the Chisholm Companies a monthly amount as consideration for the provision of Mr. Chisholm s services. The Service Agreement was amended and restated on April 15, 2014, pursuant to the Fifth Amended and Restated Service Agreement between the Chisholm Companies and the Company in order to adjust the compensation payable to the Chisholm Companies.

The initial term of the Service Agreement will expire on February 28, 2015, but such term is extended on a monthly basis on the last day of each month so that the term of the Agreement is never less than 36 months, unless either party gives prior written notice of non-renewal. Flotek may terminate the Service Agreement at any time and for any reason with or without Cause (as defined in the Service Agreement) and the Chisholm Companies may terminate the Service Agreement for Good Reason (as defined in the Service Agreement). Upon termination of the Service Agreement by Flotek without Cause (but not in connection with a Change of Control) or by the Chisholm Companies for Good Reason, the Chisholm Companies will be entitled to receive severance compensation equal to 200% of the base compensation and target bonus in effect for the year in which the termination occurs.

If Mr. Chisholm is entitled to payments and benefits described in the Service Agreement that, together with any other payments which Chisholm and/or his affiliates has the right to receive from the Company and its affiliates, would constitute a parachute payment (as defined in Section 280G of the Internal Revenue Code of 1986), the payments and benefits under the Agreement will be either (i) reduced (but not below zero) so that the aggregate present value of all such payments and benefits received by Chisholm and his affiliates from the Company and its affiliates for purpose of Section 280G shall be \$1.00 less than three times Chisholm s base amount (as defined in Section 280G of the Code) and so that no portion of such payments received by Chisholm and his affiliates for purposes of Section 280G shall be subject to the excise tax imposed by Section 4999 of the Code, or (ii) paid in full, whichever produces the better net after-tax result for Chisholm, the Chisholm Companies, and his other affiliates (taking into account any applicable excise tax under Section 4999 of the Code and any applicable income tax).

If the Service Agreement is terminated by Flotek with cause, or due to the death or disability of Mr. Chisholm, the

Chisholm Companies will be entitled to receive the base compensation earned and payable through the date of termination. The Service Agreement also contains certain non-solicitation restrictions for a period of 24 months following the date of termination of the Service Agreement.

On April 1, 2013, Flotek and John Chisholm entered into a new Letter Agreement (the Letter Agreement), pursuant to which Flotek agreed to employ Mr. Chisholm for a term equal to the term provided for in the Service Agreement. Pursuant to the terms of the Letter Agreement, Flotek will pay Mr. Chisholm an annual salary of \$50,000. Mr. Chisholm is subject to certain confidentiality obligations and non-solicitation restrictions for a period of 24 months following the date of termination of the Letter Agreement.

Other Benefits

The Company believes establishing a competitive benefit package for employees is an important factor in attracting and retaining highly qualified personnel. Named executive officers are eligible to participate in all of our employee benefit plans, including medical, dental & vision care programs, Company-paid accidental death, dismemberment & life insurance, and Flotek's 401(k) plan, on the same basis as other employees. The Company matches 50% of employee contributions made, up to 4% of qualified employee compensation contributions. The Company does not offer pension or retirement benefits other than the 401(k) plan. The Company's international employees may have slightly different employee benefit plans than those offered domestic employees, typically as a result of legal requirements of the specific country.

Perquisites

The perquisites received by each senior executive are determined by past practices. The specific perquisites available to some of the Company's named executives include:

Mr. Steven A. Reeves is provided the use of a Company owned vehicle, use of a Company rented apartment and a fuel allowance.

Mr. M. Kevin Fisher is provided a vehicle allowance.

Tax and Accounting Implications

Deductibility of Executive Compensation

The Compensation Committee is aware of the provisions of Section 162(m) of the Internal Revenue Code which provides that the Company may not deduct for federal income tax purposes annual compensation in excess of \$1 million paid to certain employees. Performance-based compensation paid pursuant to stockholder-approved plans is not subject to the deduction limit as long as such compensation is approved by outside directors within the meaning of Section 162(m) of the Code.

The Compensation Committee makes every reasonable effort to structure and administer executive compensation opportunities so that compensation will not be subject to the Section 162(m) deduction limit. However, the Compensation Committee may from time to time approve payments and equity awards that cannot be deducted in order to maintain flexibility in structuring appropriate compensation opportunities in the interest of stockholders.

Accounting for Stock-Based Compensation

The Company accounts for stock-based payments in accordance with the requirements of Accounting Standards Codification (ASC) Topic 718. Equity based compensation is expensed over the requisite service period pursuant of the grant award terms. The Company considers the expenses associated with the grant of options and other long-term incentive awards in granting such awards.

Section 409A

To the extent we permit executives to defer compensation or we commit to deliver compensation at a later date than when earned and vested, we make every attempt to meet the requirements of Section 409A of the Internal Revenue Code. Failure to satisfy the Section 409A requirements could subject the executives receiving deferred compensation

to a 20% excise tax.

Clawback Policy

Administrative guidelines adopted in connection with 2013 bonus opportunities and long-term incentive awards include a provision that requires each participant to agree to abide by any compensation recovery, recoupment, anti-hedging or other policy applicable to executives as approved by the Board or a duly authorized committee or as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 or other applicable law.

2014 Salary Increases

Following a review of market data, the Company's 2013 performance, and the performance of executive officers in 2013, salary increases were approved as described below.

Effective March 30, 2014, the Board approved Mr. Chisholm's annual salary at \$50,000, and approved an increase in the amount paid annually to the Chisholm Companies was increased from \$700,000 to \$730,000.

Chief Executive Base Salary

John W. Chisholm *	\$	780,000
--------------------	----	---------

*Includes amounts paid to the Chisholm Companies under the Service Agreement and salary paid under the letter agreement with Mr. Chisholm.

In regard to the other Named Executive Officers, the following base salary amounts were approved by the Compensation Committee effective March 30, 2014:

Executive Base Salary

Steven A. Reeves	\$	418,000
H. Richard Walton		336,000
Joshua A. Snively, Sr.		392,600

2014 Management Incentive Plan

Target bonus opportunities for 2014, expressed as a percent of base salary were approved as shown in the table below. These percentages are the same as the target percentages in effect for 2013 for named executive officers covered by both management Incentive Plans, except for Mr. Chisholm whose target bonus percentage increased from 80% in 2013 to 90% in 2014.

Percent of Base Salary

John W. Chisholm	90%
Steven A. Reeves	60%
H. Richard Walton	60%
Joshua A. Snively, Sr.	60%

Bonuses will be earned under this program to the extent that 2014 Adjusted EBITDA targets are achieved. Adjusted EBITDA is calculated as disclosed under the description of our 2013 program.

Fifty percent of the target amount is earned if a defined minimum level of Adjusted EBITDA is achieved, 100% is earned if target Adjusted EBITDA is achieved, and 200% of target is earned if a maximum level of Adjusted EBITDA is achieved. The Company has set the annual 2014 defined minimum level of Adjusted EBITDA to be achieved in excess of the actual amount of Adjusted EBITDA reported for 2013. The bonus percentage earned for Adjusted EBITDA between minimum and target and between target and maximum is determined by linear interpolation, however, the Compensation Committee reserves discretion to make adjustment to equitably reduce the amount of the bonus to reflect developments, events, or actions which were not anticipated by the Compensation Committee when the bonus objective was established. No bonus is earned if performance is below the defined minimum Adjusted EBITDA level.

Named Executive Officers were offered the opportunity to elect to receive one-half of the target value of their 2014 MIP opportunity in the form of restricted shares of the Company's common stock which is forfeitable if and to the extent that target Adjusted EBITDA is not achieved. All Named Executive Officers elected to receive 50% of their target award in equity and received a number of restricted shares equal to 50% of target bonus divided by \$26.26, the fair market value of the Company's Common Shares on March 27, 2014, the date of the adoption of the 2014 Management Incentive Plan.

2014 Long-Term Incentive Program

The Committee has approved long-term incentive opportunities for 2014, subject to stockholder approval of the 2014 Long-Term Incentive Plan, and has established that the target value of grants will be as shown in the table below.

Percent of Base Salary

John W. Chisholm	250%
Steven A. Reeves	175%
H. Richard Walton	190%
Joshua A. Snively, Sr.	175%

The vesting of equity awards under the incentive opportunity will be based solely on the total shareholder return of the Company compared to total shareholder return of the Peer Group Companies.

The target value is equal to each executive's base annual salary multiplied by the percentage disclosed in the table above. The target value is converted to Target Units by dividing the target value by \$26.26, the fair market value of the Company's common shares on March 27, 2014.

This number of Target Units is referred to as 100% of the Target Units. At the end of the year, once the earned multiple percentage of the annual management incentive bonus target is approved, that same percentage will be

Table of Contents

multiplied by the target units to determine the number of shares earned. The shares will vest in equal portions on each of the next two anniversaries of the determination of the award of target shares for Target Units.

By way of example, if the target units for a hypothetical executive were determined to be 10,000 units and the total shareholder return resulted in a bonus multiplier of 160%, then 16,000 shares would have been earned and would vest and be issued as shares as described above.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussion, has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Meeting Attendance

During 2013, the Board held 10 meetings of the full Board and 17 meetings of committees. The Corporate Governance and Nominating Committee held 3 meetings, the Compensation Committee held 8 meetings and the Audit Committee held 6 meetings. Each director attended at least 75% of the aggregate number of meetings of the Board and committees of the Board on which they served from the respective dates of their appointments.

The Company does not have a formal policy requiring members of the Board to attend the Annual Meeting, although all directors are strongly encouraged to attend. Of the Directors then in office, Messrs. Chisholm, Cooper, Hern, McGuire and Reiland attended the last Annual Meeting of Stockholders.

Executive Sessions

Pursuant to the Company's Corporate Governance Guidelines, non-management directors of the Board are required to meet on a regularly scheduled basis without the presence of management. The Lead Director chairs these sessions. During 2013, the non-management directors met in 5 executive sessions without management present.

Director Independence

The Board has determined that each of the current directors except for Mr. Chisholm is independent as that term is defined by rules of the NYSE and, in the case of the Audit Committee, the Securities and Exchange Commission (the SEC). Mr. Chisholm is not an independent director since he is currently the President and Chief Executive Officer of the Company.

None of the non-employee directors have any relationship with the Company other than as a director and stockholder, or any transaction or arrangement that interferes with each director's independence.

Risk Management

The Board has an active role, as a whole and at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Corporate Governance and Nominating Committee manages risks associated with Board independence and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about all identified Company risks.

Board Committees

The Board has established an Audit Committee, a Corporate Governance and Nominating Committee and a Compensation Committee. The Audit, Corporate Governance and Nominating and Compensation committees are composed entirely of independent directors as defined under the New York Stock Exchange Listed Company Manual and the Company's Corporate Governance Guidelines.

The following table shows the committees on which each director serves. C indicates that the director serves as the chair of the committee.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee met 3 times in 2013. The Corporate Governance and Nominating Committee's primary functions are to:

Review, at least annually, the structure of the Board to assure that the proper skills and experience are represented on the Board;

Recommend to the full Board candidates to fill vacancies on the Board as they occur;

Recommend, prior to each annual stockholder meeting, a slate of nominees for election or reelection as directors by the stockholders at the annual meeting;

Be responsible for any tasks assigned to the Corporate Governance and Nominating Committee in the Company's Corporate Governance Guidelines;

Oversee compliance with the Company's Corporate Governance Guidelines and Code of Business Conduct and Ethics and report on such compliance to the Board;

Review and consider any requests for waivers of the Company's Corporate Governance Guidelines or Code of Business Conduct and Ethics for the Company's directors, executive officers and other senior financial officers, and make a recommendation to the Board with respect to such request for a waiver;

Review potential conflicts of interest involving directors and determine whether such director or directors may vote on any issue as to which there may be a conflict;

Review all related party transactions and determine whether such transactions are appropriate for the Company to undertake and, if so, approve such transactions;

Review periodically with the Company's counsel, in light of changing conditions, new legislation and other developments, the Company's Code of Business Conduct and Ethics and make recommendations to the Board for such changes as the Corporate Governance and Nominating Committee shall deem appropriate; and

Review executive development and executive succession plans, including succession planning strategies for the Company's senior management positions.

When identifying and evaluating candidates, the Corporate Governance and Nominating Committee first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Corporate Governance and Nominating Committee may retain a third-party search firm to assist the Committee in locating qualified candidates that meet the needs of the Board at that time. Generally, a retained search firm would provide information on a number of candidates, which the Corporate Governance and Nominating Committee would discuss. The Corporate Governance and Nominating Committee Chairman and some or all of the members of the Corporate Governance and Nominating Committee will interview potential candidates that meet the needs of the Board, possess the qualifications sought, and meet the independence standards required by the NYSE and as set

Table of Contents

forth by the Company's Corporate Governance Guidelines. The Corporate Governance and Nominating Committee will then recommend the nomination of candidates to the Board. Director nominees may be identified by the Corporate Governance and Nominating Committee through current board members, officers, stockholders or other persons.

Any stockholder desiring to submit a nomination to the Board should send the recommendation in writing, together with appropriate background and contact information, to the Secretary of the Company at the address of the Company's principal executive offices. The Board has not established formal minimum qualifications for a director nominee and evaluates any nominee, including those recommended by stockholders, on a case-by-case basis. The Board has adopted a charter for the Corporate Governance and Nominating Committee, a copy of which is available on our website (www.flotekind.com) and in print to any stockholder who requests it.

Compensation Risk

The role of the Compensation Committee in risk oversight includes review of risks arising from our compensation policies, practices and programs as well as the mitigating controls, to determine whether any such risks are material to the Company. The Compensation Committee has reviewed these matters and believes that the mix of compensation elements and the design of those elements along with sound governance practices do not encourage

employees to take excessive risks that might have a material adverse effect on us. Specifically:

The Company has strong internal financial controls that are assessed by the Company's independent public accountants annually in addition to their audits of the Company's financial statements.

Base salaries are consistent with market practice and employees' responsibility so that employees are not

Table of Contents

motivated to take excessive risks to attain a reasonable level of financial security.

The determination of incentive awards is based on well-defined financial measures. There is a maximum cash incentive opportunity for each Named Executive Officer, and the Committee retains discretion to adjust bonuses to eliminate anomalous or inappropriate outcomes.

Long-term incentives are designed to provide appropriate awards for successful long-term outcomes, and effectively align realized compensation with returns realized by investors.

Other Board and Committee Items

Code of Business Conduct and Ethics

The Code of Business Conduct and Ethics of the Company applies to our directors, executive officers and to all other employees and is available on our website (www.flotekind.com) and in print to any stockholder who requests it.

Compensation Committee Interlocks and Insider Participation

Messrs. Hern, Reiland, McGuire, Cooper and Hardy served on the Compensation Committee during 2013. No current member of the Compensation Committee is a current or former officer or employee of the Company or had any relationship requiring disclosure under applicable SEC rules. Additionally, none of the Company's executive officers served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Company's Compensation Committee.

Transactions with Related Persons

The Company recognizes that related person transactions can present potential or actual conflicts of interest and it is the Company's preference that related person transactions are avoided as a general matter. However, the Company also recognizes that there are situations, including certain transactions negotiated on an arm's length basis, where related person transactions may be in, or may not be inconsistent with, the best interests of the Company and its stockholders. Therefore, the Corporate Governance and Nominating Committee of the Board will review, ratify or approve, as necessary, any related person transaction prior to the transaction being entered into, or ratify any related person transaction that has not been previously approved, in which a director, executive officer, five percent owner or immediate family member of any such person has a material interest.

During 2013, the Company did not participate in any transactions in which any of the director nominees, executive officers, nor any of their immediate family members, had a direct or indirect material interest.

Board Leadership Structure

Mr. Chisholm, the Company's President and Chief Executive Officer, has served as Chairman of the Board since July 13, 2010. The Chairman is presiding director at each of the Company's Board meetings. The Board believes that the Company's President and Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategic development. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the President brings company-specific experience and expertise. The Board believes that the combined role of Chairman of the Board and President/Chief Executive Officer

promotes strategic development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of the strategy developed. The Board believes the combined role of Chairman and President/Chief Executive Officer is consistent with the best interests of stockholders as it provides the appropriate balance between strategic development and independent oversight of management.

Section 16(a) Beneficial Ownership Reporting Compliance

Pursuant to Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) and the rules issued thereunder, the Company's directors and executive officers are required to file with the SEC reports of ownership and changes in ownership of Common Stock. Copies of such forms are required to be filed with the Company. Based solely on its review of copies of such reports furnished to the Company, the Company believes that the directors and executive officers were in compliance with the filing requirements of Section 16(a) during the most recent fiscal year, except that (1) Mr. Chisholm did not timely file two Form 4s in 2013 each reflecting one transaction, (2) Mr. Reeves did not timely file two Form 4s in 2013 each reflecting one transaction, (3) Mr. Fisher did not timely file one Form 4 in 2013 reflecting one transaction, (4) Ms. Kokenge, who resigned as Chief Accounting Officer in January 2013, did not timely file one Form 4 in 2013 reflecting one transaction (5) Ms. Hardy did not timely file one Form 4 in 2013 reflecting one transaction and inadvertently excluded shares on one Form 3 in 2013 which were included in a subsequent Form 3/A and (6) Mr. Snively inadvertently excluded shares on one Form 3 in 2013 which were included in a subsequent Form 3/A.

Table of Contents**PROPOSAL 2: APPROVAL OF THE 2014 LONG-TERM INCENTIVE PLAN**

On April 14, 2014, our Board of Directors adopted the Company's 2014 Long-Term Incentive Plan (the "Plan"), subject to stockholder approval. We are asking you to approve the Plan, which will make 2,700,000 shares of our Common Stock available for the granting of awards under compensatory arrangements and incentives permitted by the Plan. Based on our historic and projected future usage patterns, the Compensation Committee estimates that the shares available under the Plan will be sufficient to provide grants for the next three years.

The material features of the Plan are more fully described below. In addition to making 2,700,000 shares of our Common Stock available for the granting of awards, the Plan includes provisions that (i) prohibit repricing of options and stock appreciation rights without stockholder approval, except in connection with an adjustment involving a corporate transaction or similar event, (ii) specify language regarding clawback or recoupment policies regarding Plan awards, and (iii) prohibit increasing the number of shares available for award for forfeiture or cancellation of awards, shares tendered in payment of the exercise price of an option, shares tendered to satisfy tax withholding or other obligations, and/or shares repurchased

by the Company, whether with option proceeds or otherwise.

Purpose of the Plan

The purpose of the Plan is to assist us in attracting, retaining and motivating employees, officers, directors and service providers by rewarding, and providing financial incentives for, individual performance. Additionally, the Plan allows us to offer our employees, officers, directors and service providers the opportunity to acquire and increase their proprietary interest in the Company, thereby more closely aligning their interests with those of our stockholders.

Prior Stockholder Approvals

The Company's stockholders approved the 2010 Long-Term Incentive Plan with 4,000,000 shares at our 2010 Annual Meeting of Stockholders. The Company's stockholders approved an amendment to the 2010 Long-Term Incentive Plan, adding 2,000,000 shares available under this plan, at our 2011 Annual Meeting of Stockholders.

Burn Rate Commitment

In connection with the approval by stockholders of the 2014 Long-Term Incentive Plan, the Company commits to cap its average annual burn rate at 2.85% over the next three fiscal years (2014, 2015 and 2016). In calculating compliance with this maximum burn rate commitment, burn rate is defined as the number of shares subject to stock awards granted in a fiscal year divided by the weighted average number of shares of common stock outstanding (basic) during the fiscal year. For purposes of calculating the number of awards granted in each of the next three fiscal years, (a) awards of stock options and

stock appreciation rights will count as one share, and (b) awards of restricted stock, restricted stock units or other full value awards will count as 1.5 shares.

Any awards that are assumed or substituted in acquisitions will be excluded from the burn rate calculations.

New Plan Benefits

There are an insufficient number of shares remaining under previously approved long-term incentive plans to provide for competitive long-term incentive awards for the Company's key senior management.

The following table presents the award of restricted stock units by our Compensation Committee on March 27, 2014.

Participant

	Number of Restricted Stock Units
John W. Chisholm	74,258
Steven A. Reeves	27,857
H. Richard Walton	24,311
Joshua A. Snively, Sr.	26,164
Other Officers	23,537
Non-employee Directors	
Employees	
Total restricted stock units	176,127

Each of the persons in the table above was issued restricted stock units, subject to stockholder approval of the 2014 Long-Term Incentive Plan. The number of units converts to the same number of shares if the 2014 performance targets are met (176,127 shares), and would double if the maximum award was achieved (352,254 shares).

Stockholder Vote

We are asking stockholders to approve the adoption of the Flotek Industries, Inc. 2014 Long-Term Incentive Plan (the Plan), the material terms of which are more fully described below. Our Board of Directors approved the Plan

on April 14, 2014, subject to the stockholder approval solicited by this proxy statement.

The named executive officers of the Company have been granted restricted stock units, as presented above, under the Plan, which will be forfeited unless they become effective upon the stockholder approval solicited by this Proxy Statement.

We currently have grants outstanding under the 2003 Long-Term Incentive Plan, 2005 Long-Term Incentive Plan, 2007 Long-Term Incentive Plan and 2010 Long-Term Incentive Plan (collectively, the Existing Plans), which

Table of Contents

will remain in effect in accordance with their terms, and we will continue to grant awards under the Existing Plans. As of March 27, 2014, there were approximately 197,116 shares authorized, but not subject to outstanding awards, under the Existing Plans. The Existing Plans will remain in place for purposes of governing current outstanding awards and any additional grants made pursuant to the Existing Plans.

The following summary of the material features of the Plan is qualified in its entirety by reference to the full text of the Plan, which is incorporated herein by reference to Exhibit A to this Proxy Statement.

Description of the Plan

Eligibility and Available Awards

The Plan provides for the grant of incentive stock options and non-qualified stock options (collectively, stock options), restricted stock, restricted stock units, stock appreciation rights, phantom stock, and other stock or performance based awards (each, an Award).

All employees and service providers of the Company or of any affiliate (as defined in the Plan) of the Company and non-employee directors of the Company are eligible to receive grants of Awards under the Plan. However, incentive stock options may be granted only to employees. Further, non-qualified stock options and stock appreciation rights may only be granted to employees and service providers of the Company or entities in a chain of corporations in which the Company has a controlling interest and to non-employee directors of the Company. The selection of eligible individuals to whom Awards will be granted is within the discretion of the Compensation Committee. It is currently expected that all of our employees will participate in the Plan, along with all non-employee directors who serve on the Company's Board of Directors.

Administration

The Plan is administered by the Compensation Committee of our Board of Directors, unless the Board of Directors appoints another committee for such purpose. No member of the Compensation Committee shall vote or act upon any matter relating solely to himself. Grants of Awards to members of the Compensation Committee must be ratified by the Board of Directors.

Subject to the provisions of the Plan, the Compensation Committee will (i) select the eligible individuals to whom Awards may be granted; (ii) determine the type, amount, terms, restrictions and conditions of Awards; (iii) determine the time or times at which Awards shall be granted and the number of shares of common stock subject to each Award; (iv) amend, modify, extend, cancel or renew any Award or waive any restrictions or conditions applicable to any Award or any shares of common stock

acquired pursuant thereto; (v) interpret the Plan and all Awards under the Plan; (vi) make, amend and rescind such rules as it deems necessary for the proper administration of the Plan; (vii) correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any Award under the Plan in the manner and to the extent that it deems desirable to effectuate the Plan; (viii) determine the fair market value of shares of common stock; (ix) approve one or more forms of Award agreement; (x) determine whether an Award will be settled in shares of common stock, cash, or any combination thereof; (xi) accelerate, continue, extend or defer the exercisability or vesting of any Award or any shares acquired pursuant thereto, including with respect to the period following a participant's termination of service; (xii) prescribe, amend or rescind rules, guidelines and policies relating to the Plan, or adopt sub-plans or supplements to, or alternative versions of, the Plan, including with limitation, as the Compensation Committee deems necessary or desirable to comply with the laws of, or to accommodate the laws, regulations, tax or accounting effectiveness,

accounting principles or custom of, any foreign jurisdiction whose citizens may be granted Awards; and (xiii) make all other determinations necessary or advisable for the administration of the Plan. Any action taken or determination made by the Compensation Committee or the Board of Directors pursuant to the Plan will be binding on all parties. No member of the Board of Directors or the Compensation Committee will be liable for any action or determination made in good faith with respect to the Plan or an Award granted thereunder.

Our Board of Directors may amend, suspend or terminate the Plan at any time without prior notice to or consent of any person; provided, however, except as specifically permitted under the Plan, in connection with a change of control, no amendment (other than any amendment the Board deems necessary in order to permit Awards to meet the requirements of the Code, or other applicable laws, or to prevent adverse tax consequences to the participants), suspension or termination of the Plan may, without the consent of the holder of an Award, terminate such Award or adversely affect such person's rights with respect to such Award in any material respect unless or to the extent specified in the Award itself. However, no amendment shall be effective prior to its approval by the stockholders, to the extent such approval is required by (i) applicable legal requirements or (ii) the requirements of any securities exchange on which the Company's stock may be listed.

Stock Available for Issuance

Upon stockholder approval of the Plan, the maximum number of shares of common stock that may be issued under the Plan will be 2,700,000 shares, subject to adjustment as provided in the Plan.

Each share of common stock that is the subject of an Award granted under the Plan may be made available from authorized but unissued shares, treasury stock or shares of

Table of Contents

common stock acquired in the open market. No fractional shares shall be issued under the Plan. Each share of common stock that is the subject of an Award, including each share underlying an Award that is measured by shares but that is intended to be settled in cash, shall be charged against the maximum share limitations at the time the Award is granted and may not again be made subject to Awards under the Plan pursuant to such limitations. Without limiting the generality of the foregoing, the number of shares of common stock remaining available for an Award under the maximum share limitations, as reduced for charges in respect of Awards made from time to time, shall not be increased (nor shall prior charges be reversed) for, among other things, shares of common stock (i) not issued and that cease to be issuable for any reason, including, but not limited to, forfeiture, revocation, cancellation or amendment of an Award or the settlement of an Award, in whole or in part, by the payment of cash, (ii) tendered in payment of the exercise price of any stock option, (iii) tendered to, or withheld by, us to satisfy tax withholding or other obligations, and/or (iv) repurchased by us, whether with stock option proceeds or otherwise.

Award Limits

Upon stockholder approval of the Plan, the maximum number of shares of common stock that may be issued under the Plan pursuant to an exercise of incentive stock options is 2,700,000 shares. The maximum number of shares of common stock subject to stock options and stock appreciation rights (combined) awarded to any one participant pursuant to the Plan in any calendar year shall not exceed 1,000,000 shares. The maximum number of shares of common stock which may be subject to Awards of restricted stock made to any one participant pursuant to the Plan in any calendar year shall be 500,000 shares. The maximum amount of compensation which may be paid to any participant in any calendar year pursuant to Awards of restricted stock units shall not exceed \$2,000,000. The maximum amount of compensation which may be paid to any participant in any calendar year pursuant to Awards of phantom stock under the Plan shall not exceed the fair market value (determined as of the date of vesting) of 1,000,000 shares of common stock. The maximum amount of compensation that may be paid to any participant in any calendar year pursuant to other stock or performance based awards under the Plan, (i) if the compensation under the other stock or performance based awards is denominated under the award agreement only in terms of shares of common stock or a multiple of the fair market value per share of common stock, shall not exceed the fair market value (determined as of the date of vesting) of 1,000,000 shares of common stock; or (ii) in all other cases, shall not exceed \$2,000,000. The maximum amount of compensation any participant can be paid in any calendar year pursuant to Awards that are intended to comply with the requirements of Section 162(m) of the Code (and are designated as such) shall not exceed \$2,000,000. The

foregoing limitations on the numbers of shares of common stock that may be issued and that may be subject to Awards are subject to adjustment, as provided in the Plan.

Adjustments Upon Changes in Capitalization or Reorganization

Upon a merger, recapitalization, reclassification, stock split, payment of stock dividend, consolidation of shares, combination of shares or the like that results in the outstanding shares being changed into or exchanged for a different kind of shares or other securities, the Board will adjust any or all of the following: (a) the remaining number of authorized shares of common stock with respect to which Awards may be granted, (b) the number of shares of common stock subject to each and all outstanding Awards, (c) the exercise price, grant price or other similar value with respect to an Award, (d) the performance goals applicable to any outstanding Awards intended to comply with the requirements of Section 162(m) of the Code (subject to such limitations as appropriate under Section 162(m) of the Code), and (e) any other terms of an Award that are affected by the event, subject to any required action by our stockholders. The Plan does not permit the Compensation Committee to re-price stock options or stock appreciation rights without stockholder approval.

Types of Awards

Stock Options. Stock options entitle the holder to purchase a specified number of shares of common stock at an exercise price per share specified on the date of grant. The Compensation Committee has the authority to grant stock options, specifying the terms and conditions of each stock option (including the time or times at which and the circumstances under which the stock option is exercisable), subject to the terms of the Plan. The Compensation Committee will also have the authority to determine whether stock options granted to employees will be incentive stock options or non-qualified stock options. Unless otherwise provided in the Award agreement, stock options will vest such that 25% of the original number of shares of common stock granted shall vest on each anniversary of the date of grant until the stock option fully vests or is forfeited or expires.

Except as described below, the exercise price at which shares of common stock may be purchased upon the exercise of a stock option will not be less than 100% of the fair market value of our common stock on the date that the stock option is granted. In the case of incentive stock options granted to an employee owning more than ten percent (10%) of the total combined voting power of us and our affiliates, the exercise price at which shares of common stock may be purchased upon the exercise of such incentive stock option shall not be less than 110% of the fair market value of our common stock on the date of grant. The aggregate fair market value of shares of common stock

Table of Contents

granted pursuant to stock options (determined as of the date the stock option is granted under the Plan (or any other stock option plan of ours or our affiliates)) that become exercisable with respect to an employee for the first time as incentive stock options during any one calendar year cannot exceed \$100,000.

Except for grants of incentive stock options to employees owning more than ten percent (10%) of the total combined voting power of us and our affiliates (which stock options may not be exercised later than five years after the date of grant), no stock option may be exercised later than the date which is ten years after the date of grant. To exercise a stock option granted under the Plan, the person entitled to exercise the stock option must provide written notice to us, setting forth the number of shares of common stock with respect to which the stock option is to be exercised, accompanied by full payment for the shares being purchased and any required withholding taxes, unless other arrangements have been made with the Compensation Committee. The payment must be in cash or certified check or by the Company withholding shares otherwise issuable from the exercise of the stock option.

Restricted Stock. Restricted stock is common stock that is subject to forfeiture and such other restrictions as the Compensation Committee may impose, including performance criteria, transfer and repurchase restrictions, and in no event will the term of any such Award exceed ten years. The Compensation Committee has authority and discretion to determine what restrictions apply to the restricted stock and when and how the restrictions of one Award of restricted stock may differ from those of any other Award of restricted stock.

When granted, restricted stock is registered in the name of the participant and left on deposit with, or held in trust or escrow by, us until the restrictions lapse. Unless otherwise provided in the Award agreement, holders of restricted stock have all of the rights of a stockholder, including the right to vote and the right to receive dividends or other distributions paid or made with respect to such shares; provided, however, that unless otherwise provided in the Award agreement, in the case of restricted stock with respect to which vesting is conditioned on performance criteria, other than the continuation of the participant's employment or service for a fixed or specified duration, holders of restricted stock shall not have the right to receive dividends with respect to such restricted stock until the restricted stock vests, at which time the sum of all dividends on such restricted stock for the restricted period shall be paid without interest. If, prior to the end of the restricted period, the participant forfeits the restricted stock pursuant to the terms of the Plan and of his or her Award agreement, we will have the right to repurchase the participant's restricted stock for the lesser of (i) its fair market value on the date of forfeiture or (ii) the amount of cash paid therefor, if any. If for any reason the restrictions imposed by the Compensation Committee are not met at

the end of the restricted period, the restricted stock will be forfeited by the participant and reacquired by us.

Stock Appreciation Rights. A stock appreciation right entitles a participant to receive (either in cash, common stock, or a combination thereof), upon exercise of the stock appreciation right, the excess of (i) the fair market value per share of common stock on the date of exercise over (ii) an amount equal to the fair market value per share of common stock on the date of grant. The Compensation Committee may provide that the excess may not exceed a specified amount. The Compensation Committee shall determine, at the date of grant, the number of shares of common stock to which the stock appreciation right applies, the time or times at which and the circumstances under which a stock appreciation right may vest and be exercised, the term of the stock appreciation right, subject to a ten year maximum term, and such other terms and conditions as the Compensation Committee may determine.

To exercise a stock appreciation right, the person entitled to exercise the stock appreciation right must provide written notice to us, setting forth the number of shares of common stock with respect to which the stock appreciation right is to be exercised, accompanied by full payment of any required withholding taxes, unless other arrangements have been made with the Compensation Committee.

Restricted Stock Units. An award of a restricted stock unit is a right, subject to satisfaction of terms and conditions as imposed by the Compensation Committee, to receive upon vesting, the value of the number of notional shares vested. The right to receive payment of an award of restricted stock units may be conditioned upon continued employment or achievement of performance goals. Restricted stock unit awards may be payable in cash, shares of common stock, or a combination thereof. The Compensation Committee has the authority to determine the periods of restriction, the amount payable under the award and any other terms and conditions consistent with the Plan. Except as otherwise may be required under Section 409A of the Code, payment of a restricted stock unit award shall occur in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date the restricted stock unit vests.

Phantom Stock. An award of phantom stock is a right, subject to satisfaction of terms and conditions as imposed by the Compensation Committee, to receive, upon vesting, a stated or determinable amount denominated in shares of common stock. The right to receive payment of an award of phantom stock may be conditioned upon continued employment or achievement of performance goals. Phantom Stock awards may be payable in cash, shares of common stock or a combination thereof. The Compensation Committee has the authority to determine the periods of restriction, the number of notional shares of common stock to which the phantom stock award pertains and any other terms and conditions consistent with the Plan. Except as otherwise may be required under

Table of Contents

Section 409A of the Code, payment shall occur in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date the phantom stock vests.

Other Stock or Performance Based Awards. An other stock or performance based award is an award the value of which is based in whole or in part by reference to, or based on or related to, a share of common stock or cash as determined by the Compensation Committee to be consistent with the purposes of the Plan. An other stock or performance based award may be payable in cash, shares of common stock, or a combination thereof. The Compensation Committee has the authority and discretion to determine the terms and conditions, if any, of other stock or performance based awards, including any performance criteria covering such Awards, consistent with the Plan. Except as otherwise may be required under Section 409A of the Code, payment or the settlement of other stock or performance based awards shall be made in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date on which vesting occurs.

Awards intended to comply with the requirements of Section 162(m) of the Code. The Plan authorizes the Compensation Committee to grant any Award and provide that such Award shall be granted to comply with the requirements of Section 162(m) of the Code.

The Compensation Committee shall establish the performance goals for a performance period and the amount and terms, in writing, for each Award that is intended to comply with the requirements of Section 162(m) of the Code. Each performance goal shall consist of and incorporate (i) one or more designated business criteria, (ii) the quantitatively determinable level(s), standard(s), degree(s) or range(s) of achievement to be applied to each such business criteria for the performance period, and (iii) the amount of compensation (which shall be objectively determinable under one or more formulas or pre-determined standards) that shall vest under the performance goal for the achievement of each specified business criteria, at the prescribed level(s), standard(s), degree(s) or range(s). Awards granted to comply with the requirements of Section 162(m) of the Code will vest and be paid only if and to the extent vested under the performance goals.

Performance goals may be based on any one or more business criteria on an absolute or relative basis or as compared to the performance of a published index deemed by the Compensation Committee to be applicable to the Company, including, but not limited to, the Standard & Poor's 500 Standard Index or a group of comparable companies. Performance goals will be established, Awards will be granted and the Award agreement will be provided to the participant and shall become binding at a time when the achievement of or outcome under each applicable

performance goal is substantially uncertain (within the meaning of Section 162(m) of the Code), and in all events by no later than the earlier of the 90th day of the performance period or the lapse of 25 percent (25%) of the performance period, unless otherwise required or permitted for performance-based compensation under Section 162(m) of the Code. Performance goals may differ among participants and Awards.

The business criteria are as follows: (i) stock price; (ii) earnings per share; (iii) increase in revenues; (iv) increase in cash flow; (v) cash flow per share; (vi) increase in cash flow return; (vii) return on net assets; (viii) return on assets; (ix) return on investment; (x) return on capital; (xi) return on equity; (xii) economic value added; (xiii) gross margin; (xiv) net income; (xv) pretax earnings; (xvi) pretax earnings before interest; (xvii) pretax earnings before interest, depreciation and amortization; (xviii) pretax operating earnings after interest expense and before incentives, service fees and extraordinary or special items; (xix) operating income; (xx) total stockholder return; (xxi) debt reduction; (xxii) successful completion of an acquisition, initial public offering, private placement of equity or debt; or (xxiii) reduction of expenses.

The Compensation Committee shall have the discretion to reduce the amount payable under such Award (even if it has otherwise vested under the applicable performance goal) for a participant's negative conduct or other activities or factors as the Compensation Committee may determine, but it shall not have the authority to either increase the amount payable under such Award above the amount which vests under the performance goals or pay or provide compensation in lieu of the portion of Award that does not so vest. After the end of each performance period, the Compensation Committee will determine and certify, in writing, the amount, if any, of performance awards payable to each participant based upon the achievement of certain established business criteria.

Withholding

We are generally required to withhold tax on the amount of income recognized by a participant with respect to an Award. The Compensation Committee may make such provision for the withholding of taxes as it deems necessary. Withholding requirements may be satisfied by (a) tender of a cash payment to us or (b) withholding of cash payable or of shares of common stock otherwise issuable under an Award.

Amendment of Awards

The Compensation Committee may amend an Award; provided, however, except in the case of a change of control, no amendment of an Award may, without the consent of the participant, adversely affect the participant's rights with respect to such Award in any material respect.

Table of Contents

Clawback

The Plan provides that any Award granted pursuant to the Plan shall be subject to mandatory repayment by the participant to the Company to the extent the participant is, or in the future becomes, subject to any Company clawback or recoupment policy implemented by the Company, including any clawback or recoupment policy adopted to comply with the requirements of any applicable law, rule or regulation, or otherwise.

Term of the Plan

The Plan shall terminate ten years after the date of the adoption of the Plan by the Board of Directors, unless earlier terminated by the Board of Directors. No Award may be granted under the Plan after its termination.

Change of Control

Unless otherwise provided in an Award, upon the occurrence of a change in control (defined generally as certain reorganizations, mergers, consolidations, sales of all or substantially all of our assets or liquidations), the Board of Directors may, but is not required to take any one or more of the following actions with respect to Awards: (i) accelerate vesting and the time at which all stock options and stock appreciation rights then outstanding may be exercised; (ii) waive, alter and/or amend the performance criteria and other restrictions and conditions of Awards then outstanding, with the result that the affected Awards may be deemed vested, and any applicable restricted period or other limitations on payment in full with respect thereto shall be deemed to have expired, as of the date of the change of control or such other date as may be determined by the Board of Directors; (iii) cause any acquirer to assume the Plan and the Awards or exchange the Awards for the acquirer's stock; (iv) terminate the Plan; and (v) terminate and cancel all outstanding unvested or unexercised Awards as of the date of the change of control on such terms and conditions as it deems appropriate.

The Board of Directors will, in connection with a change of control, have the right to require all participants to transfer and deliver to us all Awards previously granted to the participants in exchange for an amount equal to the cash value of the Awards. The cash value of an Award will equal the sum of (i) the cash value of all benefits to which the participant would be entitled upon settlement or exercise of any Award that is not a stock option or restricted stock, and (ii) in the case of a stock option or restricted stock, the excess of the market value per share (as defined in the Plan) over the option price, or the market value per share of restricted stock, as applicable, multiplied by the number of shares as to which such Award is vested.

Termination of the Participant

Except as otherwise provided in an Award agreement, upon a participant's termination for cause (as defined in the Plan), all unpaid Awards, whether vested or not, shall terminate and be immediately forfeited. Unless otherwise provided in an Award agreement, upon a participant's termination for any reason other than for cause, including termination due to the participant's death or disability, any unvested Award outstanding at the time of termination shall terminate and be immediately forfeited. The Board of Directors or Compensation Committee may provide for the continuation of certain Awards, except if such continuation would cause certain adverse tax consequences.

Summary of Certain Federal Income Tax Considerations

The following summary is based on certain applicable provisions of the Code, as currently in effect, and the income tax regulations and proposed income tax regulations issued thereunder. This summary does not purport to cover all federal income tax consequences or any federal employment tax or other federal tax consequences that may be

associated with the Plan, nor does it cover state, local or foreign taxes.

Status of Stock Options. Stock options granted under the Plan may be either incentive stock options or non-qualified stock options. Under certain circumstances, an incentive stock option may be treated as a non-qualified stock option. The tax consequences, both to the option holder and to us, differ depending on whether a stock option is an incentive stock option or a non-qualified stock option.

Non-qualified Options. Generally, no federal income tax is imposed on the option holder upon the grant of a non-qualified stock option. If the shares of common stock received by an option holder upon the exercise of a non-qualified stock option are not subject to certain restrictions in the hands of the option holder, then the option holder will be treated as receiving compensation, taxable as ordinary income in the year of exercise. The amount recognized as ordinary income upon such an exercise is the excess of the fair market value of the shares of common stock at the time of exercise over the exercise price paid for such common stock. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the option holder.

Incentive Stock Options. No federal income tax is imposed on the option holder upon the grant of an incentive stock option. The option holder will recognize no ordinary income for federal income tax purposes upon disposition of stock acquired pursuant to the exercise of an incentive

Table of Contents

stock option, if the option holder (i) does not dispose of the shares of common stock acquired pursuant to the exercise of an incentive stock option within two years from the date the option was granted or within one year after the shares of common stock were transferred to the option holder (the Holding Period), and (ii) is an employee of either (a) the corporation granting the option, (b) the parent corporation or a subsidiary corporation of the granting corporation, or (c) a corporation (or the parent corporation or a subsidiary corporation of such corporation) that has assumed such option of another corporation as a result of a corporate reorganization, merger, or similar transaction. Such employment must continue for the entire time from the date the option was granted until three months before the date of exercise, or twelve months before the date of exercise if employment ceases due to permanent and total disability (as defined in Section 22(e)(3) of the Code). If common stock received upon exercise of an incentive stock option is disposed of after completion of the Holding Period, any difference between the exercise price paid for such common stock and the amount realized on the disposition will be treated as a capital gain or loss. The gain, if any, realized upon such a disposition will be treated as a long-term capital gain. Any loss realized upon such a disposition will be treated as a long-term capital loss. In the case of disposition of shares of common stock following expiration of the Holding Period, we would not be entitled to any deduction in connection with the grant or exercise of the incentive stock option or the disposition of the shares of common stock so acquired.

If, however, an option holder disposes of shares of common stock acquired pursuant to the exercise of an incentive stock option before expiration of the Holding Period (a Disqualifying Disposition), the option holder would be treated as having received, at the time of disposition, compensation taxable as ordinary income. In such event, subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the option holder. The amount treated as compensation is the lesser of (i) the excess of the fair market value of the common stock at the time of exercise over the exercise price, or (ii) the excess of the amount realized on disposition over the exercise price. The balance of the gain, if any, realized upon such a disposition will be treated as a long-term or short-term capital gain depending on the holding period. If the amount realized at the time of the disposition is less than the exercise price, the option holder will not be required to treat any amount as ordinary income, provided that the disposition is of a type that would give rise to a recognizable loss. In such event, the loss will be treated as a long-term or short-term capital loss depending upon the holding period. A disposition generally includes a sale, exchange, gift or a transfer of legal title, but does not include certain other transfers, such as by reason of death or a pledge or an exchange of shares described in Section 424(c) of the Code.

Although the exercise of an incentive stock option does not result in current taxable income, there are implications with regard to the Alternative Minimum Tax (AMT). The excess of the fair market value of shares of common stock acquired upon exercise of an incentive stock option over the exercise price paid for such shares of common stock is an adjustment to AMT income for the option holder's taxable year in which such exercise occurs (unless the shares of common stock are disposed of in the same taxable year and the amount realized is less than the fair market value of the shares on the date of exercise, in which event the amount included in AMT income will not exceed the amount realized on the disposition over the adjusted basis of the shares).

Restricted Stock. Generally, the grant of restricted stock will not be a taxable event to the participant, and we will not receive a deduction. Absent an 83(b) election (described below), the participant will be taxed at ordinary income rates when the stock vests (an amount equal to the difference between the fair market value of the stock on the vesting date and the consideration paid, if any, for the shares), and we will receive a corresponding deduction. However, the participant may elect to make an 83(b) election not later than 30 days after the grant of the restricted stock. An 83(b) election is an election permitted under Section 83(b) of the Code that allows the participant to recognize compensation income on the restricted stock at the time of the grant equal to the difference between the fair market value of the stock on the date of grant and the amount paid, if any, for the shares. If the participant makes an 83(b) election, we receive a corresponding deduction at the time of the grant, and the participant is not taxed, nor do we receive any

deduction received, upon vesting of the shares. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

When the participant sells the shares following vesting, he or she may realize a capital gain if the sales price is greater than his or her basis in the shares. The participant's basis for this purpose is the fair market value at the time of vesting (if no 83(b) election is made) or at the time of grant (if an 83(b) election is made). We do not receive a deduction upon disposition of the stock by the participant. If, following vesting, the participant sells the shares and the amount realized is more than the participant's basis in the stock, the participant will recognize a capital gain. If, following vesting, the participant sells the shares and the amount realized is less than the participant's basis in the stock, the participant will recognize a capital loss. The capital gain or loss will be either short-term or long-term, depending on the holding period of the shares. The holding period commences upon vesting (if no 83(b) election is made) or upon grant (if an 83(b) election is made).

Table of Contents

Stock Appreciation Rights. Upon the exercise of a stock appreciation right, if shares are received in settlement of the stock appreciation right, the fair market value of those shares received is recognized as income for federal income tax purposes at the time of exercise of the stock appreciation right. If a participant receives cash upon the exercise of a stock appreciation right, the excess of the fair market value of the number of shares of common stock with respect to which the stock appreciation is exercised over the fair market value of the corresponding number of shares of common stock on the date of grant is recognized as income for federal income tax purposes at the time of exercise. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

Restricted Stock Units. In general, a participant who receives a restricted stock unit award will not be taxed on receipt of the Award; instead, upon vesting, the amount paid to the participant (whether in cash, shares, or a combination thereof) denominated in cash will be taxable as compensation to the participant. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

Phantom Stock. In general, a participant who receives a phantom stock award will not be taxed on receipt of the Award; instead, upon vesting, the amount paid to the participant (whether in cash, shares, or a combination thereof) equal to fair market value of a share of common stock multiplied by the specified number of notional shares of common stock that have vested will be taxable as compensation to the participant. Subject to the application of Section 162(m) of the Code, as discussed below, we may claim a deduction for compensation paid at the same time and in the same amount as compensation is treated as being received by the participant.

Other Tax Considerations

In the event of a change of control of the Company, certain payments in the nature of compensation to certain individuals, if contingent on the change in control, could be nondeductible to us and subject to an additional 20% tax to the participant. Awards under the Plan that are made or that vest or become payable in connection with a change in control may be required to be taken into account in determining whether these penalties apply.

Section 162(m) of the Code places a \$1,000,000 cap on the deductible compensation that may be paid to certain executives of publicly traded corporations. Amounts that qualify as performance based compensation under Section 162(m)(4)(C) of the Code are exempt from the cap and do not count toward the \$1,000,000 limit.

Generally, stock options and stock appreciation rights granted with an exercise or grant price at least equal to the fair market value of the stock on the date of grant will qualify as performance based compensation. Other Awards may or may not so qualify, depending on their terms.

Some Awards granted under the Plan may be considered non-qualified deferred compensation that is subject to special rules and an additional 20% tax to the participant under Section 409A of the Code. The Compensation Committee will generally design and administer such Awards either to be exempt from or to comply with Section 409A of the Code and avoid the imposition of any additional tax under Section 409A of the Code, but is not required to do so. There is no commitment or guarantee that any federal, state, local or foreign tax treatment will apply or be available to any participant with respect to any Award.

Inapplicability of ERISA

Based on current law and published interpretations, we do not believe that the Plan is subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Notwithstanding the foregoing, the Plan expressly provides that there is no commitment or guarantee that any federal, state or local tax treatment will apply or be available to any person who participates or is eligible to participate in the Plan.

Plan Benefits

Except as set forth above in the table in the section titled New Plan Benefits, information cannot be provided with respect to the number of Awards that will be received by any particular individual employee or group of employees pursuant to the Plan, since the grant of such Awards is within the discretion of the Compensation Committee. All other future grants under the Plan are within the discretion of our Board of Directors or the Compensation Committee and, as such, the benefits of such grants are not currently determinable.

Table of Contents

No other incentive compensation has been awarded under the Plan to date. All such awards of restricted stock units made under the Plan will be forfeited unless they become effective upon the stockholder approval solicited by this proxy statement.

PROPOSAL 3: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

We are providing our stockholders with an opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, which may be referred to as a "say-on-pay" proposal, is required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act").

Our executive compensation program is designed to attract, motivate, and retain our executive officers, who are critical to our success. As described in the "Summary Compensation Table" and "Outstanding Equity Awards at Fiscal Year-End 2013" tables above, as well as our accompanying narrative disclosure to such tables, our executive compensation program contains elements of cash and equity-based compensation. We believe our program is designed to align the interests of our named executive officers with those of our stockholders and to reward our named executive officers for the achievement of our near-term and longer-term financial and strategic goals.

The Board of Directors is asking our stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission under the headings "Summary Compensation Table" and "Outstanding Equity Awards at Fiscal Year-End 2013," including the related footnotes and accompanying narrative disclosure, is hereby approved.

Though this proposal calls for a non-binding advisory vote, our Board and Compensation Committee value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

Vote Required and Recommendation of the Board of Directors

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter is required to approve this Proposal 3. In determining whether this proposal has received the requisite number of affirmative votes, abstentions will not be counted and will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RESOLUTION APPROVING THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

**PROPOSAL 4: RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Hein & Associates LLP (Hein) as the independent registered public accounting firm to perform the audit of our consolidated financial statements for the year ending December 31, 2014. Hein acted as our independent registered public accounting firm in 2013. A representative of Hein is expected to attend the 2014 Annual Meeting. Such representative will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions. The Board recommends that the stockholders ratify the selection of Hein as our independent registered public accounting firm.

Audit Fees

Hein & Associates LLP billed the Company and its subsidiaries fees as set forth in the table below for (i) the audits of the Company's 2012 and 2013 annual financial statements, reviews of quarterly financial statements, and review of other documents filed with the Securities and Exchange Commission, (ii) assurance and other services reasonably related to the audit or review of the Company's financial statements, including due diligence services and (iii) services related to tax compliance. There were no other fees billed by such independent registered public accounting firms during such years.

	Audit-Related			
	Audit Fees	Fees	All Other Fees	Tax Fees
Fiscal Year 2012	\$ 799,397	\$ 35,000	\$	\$ 6,135
Fiscal Year 2013	\$ 697,751	\$ 35,000	\$	\$ 4,883

The Audit Committee of the Board has adopted a policy requiring pre-approval of all services provided by our independent registered public accounting firm. All of the services provided by Hein during fiscal years 2012 and 2013 were approved by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR PROPOSAL NO. 4 TO RATIFY THE SELECTION OF HEIN & ASSOCIATES LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2014.

OTHER MATTERS

The Board is not aware of any other matters that may come before the Meeting. However, the proxies may be voted with discretionary authority with respect to any other matters that may properly come before the Meeting.

ANNUAL REPORT

An Annual Report to Stockholders of the Company for the fiscal year ended December 31, 2013 is enclosed herewith.

This report does not form any part of the material for solicitation of proxies.

FUTURE STOCKHOLDER

PROPOSALS AND STOCKHOLDER COMMUNICATIONS

Stockholders are entitled to submit proposals on matters appropriate for stockholder action consistent with regulations of the SEC and the Company's bylaws.

In order for a stockholder nomination or proposal to be properly brought before next year's annual meeting, written notice of the proposal that complies with the Company's bylaws must be received by the Company's secretary (at the address below) not more than 150 days and not less than 90 days prior to the meeting, which is expected to be held in May 2015.

In addition to the foregoing, should a stockholder wish to have a proposal appear in the Company's proxy statement and form of proxy for next year's annual meeting of stockholders, under regulations of the SEC, such proposal must be received by the Company's secretary at 10603 W. Sam Houston Pkwy. N., Suite 300, Houston, Texas 77064 on or before December 20, 2014.

Stockholders and interested parties who wish to communicate with the Board, or with any individual director, may do so by (1) calling Lighthouse Services Inc., a third party call center, at (800) 785-1003 or (2) correspondence addressed to the Board, or to an individual director, at the principal executive offices of the Company. All communications received from stockholders are sent directly to Board members.

HOUSEHOLDING

The SEC permits a single set of notices, annual reports and proxy statements to be sent to any household at which two or more stockholders reside if they appear to be members of the same family. Each stockholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information stockholders receive and reduces mailing and printing expenses. A number of brokerage firms have instituted householding.

As a result, if you hold your shares through a broker and you reside at an address at which two or more stockholders reside, you will likely be receiving only one notice, annual report and proxy statement unless any stockholder at that address has given the broker contrary instructions. However, if any beneficial stockholder residing at an address of which two or more stockholders reside wishes to receive a separate notice, annual report or proxy statement in the future, or if any beneficial stockholder that elected to continue to receive separate notice, annual reports or proxy statements wishes to receive a single notice, annual report or proxy statement in the future, that stockholder should contact his or her broker or send a request to our Corporate Secretary at our principal executive offices, 10603 W. Sam

Houston Pkwy. N., Suite 300, Houston, Texas 77064, telephone number (713) 849-9911. We will deliver, promptly upon written or oral request to our Corporate Secretary, a separate copy of the notice, 2013 annual report and this proxy statement to a beneficial stockholder at a shared address to which a single copy of the documents was delivered.

FLOTEK INDUSTRIES, INC.

2014 LONG-TERM INCENTIVE PLAN

ARTICLE I

INTRODUCTION

1.1 Purpose. The Flotek Industries, Inc. 2014 Long-Term Incentive Plan is intended to promote the interests of Flotek Industries, Inc., a Delaware corporation, and its stockholders by encouraging Employees, Service Providers and Non-Employee Directors of the Company or its Affiliates (as defined below) to acquire or increase their equity interests in the Company, thereby giving them an added incentive to work toward the continued growth and success of the Company. The Board also contemplates that through the Plan, the Company and its Affiliates will be better able to compete for the services of the individuals needed for the continued growth and success of the Company. The Plan provides for payment of various forms of incentive compensation, and accordingly, is not intended to be a plan that is subject to ERISA, and shall be administered accordingly.

1.2 Definitions. As used in the Plan, the following terms shall have the meanings set forth below:

Affiliate means (i) any entity in which the Company, directly or indirectly, owns 50% or more of the combined voting power, as determined by the Committee and (ii) any trades or businesses, whether or not incorporated, which are members of controlled group or are under common control (as defined in Sections 414(b) or (c) of the Code) with the Company; *provided, however*, that with respect to Incentive Stock Options, the term **Affiliate** shall mean only a parent corporation of the Company or a subsidiary corporation of the Company or of any such parent corporation (as such terms are defined in Sections 424 (e) and (f) of the Code and determined in accordance with Section 421 of the Code); *and provided further*, that with respect to grants of Non-Qualified Options or Stock Appreciation Rights, the term **Affiliate** shall mean only a corporation or other entity in a chain of corporations and/or other entities in which the Company has a controlling interest within the meaning of Treas. Reg. §1.414(c)-2(b)(2)(i), but using the threshold of 50% ownership wherever 80% appears.

Award Agreement means the written agreement pursuant to the Plan between the Company and a Participant evidencing the grant of an Award and the terms and conditions thereof.

Awards means, collectively, Options, Stock Appreciation Rights, Phantom Stock, Restricted Stock, Restricted Stock Unit Awards, and Other Stock or Performance-Based Awards.

Board means the Board of Directors of the Company; *provided, however*, that to the extent necessary with respect to any Award intended to comply with and result in Performance-Based Compensation, the term **Board** shall mean the Committee.

Business Criteria means those criteria set forth in Section 9.2(b) as the standards for measurement of the performance of the Company in connection with Performance Goals.

Cash Value of an Award means the sum of (i) in the case of any Award which is not an Option or an Award of Restricted Stock, the value of all benefits to which the Participant would be entitled as if the Award were vested and settled or exercised and (ii) (A) in the case of any Award that is an Option, the excess of the Market Value Per Share over the Exercise Price or (B) in the case of an Award of Restricted Stock, the Market Value Per Share of Restricted Stock, multiplied by the number of shares subject to such Award, all as determined by the Board as of the date of the

Change of Control or such other date as may be determined by the Board.

or any right granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties.

If the Plan is not approved by the stockholders of the Company within twelve (12) months of the date the Plan was adopted by the Board, all Awards, if any, granted under the Plan shall be automatically cancelled without any action required by the Company, the Board or the Committee and without any payment or consideration. If the Plan is timely approved by the stockholders of the Company and becomes effective, neither Awards properly granted under the Plan nor the authority of the Board or the Committee to amend, alter, adjust, suspend, discontinue, or terminate any such Award or to waive any conditions or rights under such Award, shall terminate by reason of the expiration of the term of the Plan. If not sooner terminated under the provisions of Section 1.8, the Plan shall terminate upon, and no further Awards shall be made, after the tenth (10th) anniversary of the Effective Date.

If the Committee so requires, Optionee shall also deliver written representation that all shares being purchased are being acquired for investment and not with a view to, or for resale in connection with, any distribution of such shares. Delivery of the shares of Common Stock subject to the exercise shall be effected within ten (10) business days of the date of exercise.

Each Option shall be subject to the requirement that if at any time the Board or the Committee determines, in its discretion, that the listing, registration or qualification of the shares subject to such Option under any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the issue or purchase of shares thereunder, such Option may not be exercised in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained and the same shall have been free of any conditions not acceptable to the Board.

2.6 Option Repricing Prohibited. Except in connection with an adjustment involving a corporate transaction or similar event, the Board or Committee may not authorize the amendment of any outstanding Non-Qualified Option to reduce the Exercise Price, and no outstanding Non-Qualified Option may be cancelled in exchange for other awards, or cancelled in exchange for Non-Qualified Options having a lower Exercise Price, or cancelled in exchange for cash, without stockholder approval.

4.4 Payment of Stock Appreciation Rights. Stock Appreciation Rights granted under this Plan shall be exercised by delivery of a written notice of exercise to the Company, setting forth the number of shares with respect to which the Stock Appreciation Right is to be exercised, accompanied by full payment of all required withholding taxes, unless other arrangements have been made with the Committee. Upon exercise of the Stock Appreciation Right, the Participant shall be entitled to receive payment from the Company (in cash or shares of Common Stock or a combination of both) equal to the Spread. Payment of the Spread shall be made within ten (10) business days of the date of exercise. Notwithstanding the foregoing, the Committee may provide in the Award Agreement, in its sole discretion, that the Spread covered by a Stock Appreciation Right may not exceed a specified amount.

4.5 Repricing Prohibited. Except in connection with an adjustment involving a corporate transaction or similar event, the Board or Committee may not authorize the amendment of any outstanding Stock Appreciation Right to reduce the Grant Price, and no outstanding Stock Appreciation Right may be cancelled in exchange for other awards, or cancelled in exchange for Stock Appreciation Rights having a lower Grant Price, or cancelled in exchange for cash, without stockholder approval.

ARTICLE V

The Committee is authorized to grant Phantom Stock Awards to Employees, Service Providers and Non-Employee Directors, which are rights to receive cash or Common Stock (or a combination of both) equal to the Fair Market Value of a specified number of shares of Common Stock upon vesting, subject to the terms and conditions of this ARTICLE V.

Except as

otherwise may be required under Section 409A of the Code, such payment shall be made in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date on which vesting occurs. Should the Participant die before receiving all vested amounts payable hereunder, the balance shall be paid to the Participant's estate by such date.

5.4 Performance Goals. If the Committee determines that an Award of Phantom Stock to a Covered Employee shall meet the requirements for Performance-Based Compensation, the applicable Award Agreement shall so state and it and the Award shall be subject to and comply with ARTICLE IX.

6.3 Restrictions, Restricted Period and Vesting.

(a) Restrictions. The Restricted Stock shall be subject to such Performance Criteria (including, without limitation, limitations that qualify as a substantial risk of forfeiture within the meaning given to that term under Section 83 of the Code) and to the right of repurchase by the Company as the Committee, in its sole discretion, shall determine. Prior to vesting, any transfer attempted of Restricted Stock shall be prohibited, ineffective and void. The Company shall have the right to repurchase or recover such forfeited shares of Restricted Stock for the lesser of (i) the amount of cash paid by the Participant to the Company therefor, if any, or (ii) the Fair Market Value of an equivalent number of the shares of Common Stock determined on the date the Restricted Stock is forfeited.

(b) Immediate Transfer Without Immediate Delivery of Restricted Stock. Each certificate representing Restricted Stock awarded under the Plan shall be registered in the name of the Participant and, unless and until such Restricted Stock vests, shall be left on deposit with the Company, or in trust or escrow pursuant to an agreement satisfactory to the Committee, along with a stock power endorsed in blank, until such time as the restrictions on transfer have lapsed. Unless otherwise provided in the Award Agreement, the Participant holding Restricted Stock shall have all the rights of a stockholder with respect to such shares including the right to vote and the right to receive dividends or other distributions when paid or made with respect to such shares; *provided, however*, that unless otherwise provided in the Award Agreement in the case of Restricted Stock with respect to which vesting is conditioned on Performance Criteria other than the continuation of the Participant's Employment or status as a Non-Employee Director or Service Provider for a Restricted Period of a fixed or specified duration, the Participant shall not have the right to receive dividends with respect to such Restricted Stock until the Restricted Stock vests, at which time the sum of all dividends on such Restricted Stock for the Restricted Period shall be paid to the Participant without interest. Any certificate or certificates representing shares of Restricted Stock shall bear a legend similar to the following:

The shares represented by this certificate have been issued pursuant to the terms of the Flotek Industries, Inc. 2014 Long-Term Incentive Plan, and may not be sold, pledged, transferred, assigned or otherwise encumbered in any manner except as is set forth in the terms of such award dated _____, 20__.

The shares represented by this certificate have not been registered under the Securities Act of 1933, as amended (the Act), or any other securities law. No sale, transfer or other disposition of such securities, or of any interest therein, may be made or shall be recognized unless in the satisfactory written opinion of counsel for, or other counsel satisfactory to, the issuer such transaction would not violate or require registration under the Act or other law.

6.4 Delivery of Shares of Common Stock. After the satisfaction of all of the terms and conditions set by the Committee with respect to an Award of Restricted Stock (including the withholding requirements and other requirements of ARTICLE XI), a certificate for the number of shares that are no longer subject to such restrictions, terms and conditions shall be delivered to the Participant.

6.5 Performance Goals. If the Committee determines that an Award of Restricted Stock to a Covered Employee shall meet the requirements for Performance-Based Compensation, the applicable Award Agreement shall so state and it and the Award shall be subject to and comply with ARTICLE IX.

ARTICLE VII

RESTRICTED STOCK UNITS

7.1 Eligibility and Awards. The Committee is authorized to grant Restricted Stock Unit Awards to all Employees, Service Providers and Non-Employee Directors (Restricted Stock Unit Awards), subject to the terms and conditions of this ARTICLE VII.

7.2 Terms. Restricted Stock Unit Awards shall be subject to such restrictions (which may include a risk of forfeiture), if any, as the Committee may impose, which restrictions may lapse at the expiration of the Restricted Period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, installments or otherwise, as the Committee may determine. Each grant of Restricted Stock Units shall be evidenced by an Award Agreement that shall specify the period(s) of restriction, the number of notional shares of Common Stock to which the Restricted Stock Unit Award pertains, and such other terms and conditions as the Committee shall determine.

7.3 Payment/Settlement of Restricted Stock Units. Subject to the withholding and other requirements of ARTICLE XI and provisions of the Restricted Stock Unit Award, the Company shall pay to the Participant an amount, in shares of Common Stock, cash or a combination of both, an amount equal to the number of notional shares of Common Stock that have vested multiplied by the Fair Market Value of a share of Common Stock as of the date of vesting. Except as otherwise may be required under Section 409A of the Code, such payment shall occur in a single lump sum no later than the fifteenth (15th) day of the third (3rd) calendar month following the date the Restricted Stock Unit vests. Should the Participant die before receiving all vested amounts payable hereunder, the balance shall be paid to the Participant's estate by this date.

7.4 Performance Goals. If the Committee determines that an Award of Restricted Stock Units to a Covered Employee shall meet the requirements for Performance-Based Compensation, the applicable Award Agreement shall so state and it and the Award shall be subject to and comply with ARTICLE IX.

Subject to the terms of this Plan, the Committee shall determine the terms and conditions of any such Other Stock or Performance-Based Awards, including the applicable Performance Criteria (if any) which shall be contained in an Award Agreement covering such Awards. ARTICLE IX

9.1 Awards of Performance-Based Compensation. Award Agreements for Awards that are intended and designated by the Committee as subject to the requirements for Performance-Based Compensation, other than Awards of Options and Stock Appreciation Rights, shall so state, shall specify Performance Criteria, each of which shall constitute a Performance Goal, and shall, along with the Award, be subject to and comply with this ARTICLE IX.

9.2 Performance Goals.

(a) General. Performance Goals shall be established by the Committee for each Performance Period and set forth in each Award Agreement. Each Performance Goal shall consist of and incorporate (i) one or more designated Business Criteria, (ii) the quantitatively determinable level(s), standard(s), degree(s) or range(s) of achievement to be applied to each such Business Criteria for the Performance Period, and (iii) the amount of compensation (which shall be objectively determinable under one or more formulas or pre-determined standards) that shall vest under the Performance Goal for the achievement of each specified Business Criteria at the prescribed level(s), standard(s), degree(s) or range(s). Performance Goals shall be established, Award shall be granted and the Award Agreement shall be provided to Participant and shall become binding at a time when the achievement of or outcome under each applicable Performance Goal is substantially uncertain (within the meaning of Section 162(m) of the Code), and in all events by no later than the earlier of the 90th day of the Performance Period or the lapse of 25 percent (25%) of the Performance Period, unless otherwise required or permitted for performance-based compensation under Section 162(m) of the Code. Performance Goals may differ among Awards granted to any one Participant or for Awards granted to different Participants. The Committee shall have the discretion to reduce the amount of Performance-Based Compensation payable under an Award (even if it has

It is the intent of the Company that Awards granted to Covered Employees and designated as intended to comply with the requirements for Performance-Based Compensation shall comply with the requirements necessary to constitute Performance-Based Compensation under Section 162(m)(4)(c) of the Code. Accordingly, the terms of this ARTICLE IX shall be interpreted in a manner consistent with Section 162(m) of the Code. If any provision of this Plan otherwise applicable to an Award that is designated as intended to comply with the requirements for Performance-Based Compensation does not so comply or

amended to the extent necessary to conform to such requirements and the provisions of this ARTICLE IX shall prevail with respect to such Award, but only to the extent necessary to prevent that Award from failing to comply with the requirements for Performance-Based Compensation.

ARTICLE X**CERTAIN PROVISIONS APPLICABLE TO ALL AWARDS**

10.1. General. Awards shall be evidenced by an Award Agreement between the Company and the Participant in such forms as the Committee shall provide and may be granted on the terms and conditions set forth herein. In addition, the Committee may impose on any Award or the exercise thereof, such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine. The terms, conditions and/or restrictions contained in an Award may differ from the terms, conditions and restrictions contained in any other Award. The Committee may amend an Award; *provided, however*, that, subject to Section 10.9, no amendment of an Award may, without the consent of the holder of the Award, adversely affect such person's rights with respect to such Award in any material respect. (Adjustments pursuant to Section 1.3(c) shall not be considered as adversely affecting a person's rights.) The Board or the Committee shall retain full power and discretion to accelerate or waive, at any time, any term or condition of an Award that is not mandatory under the Plan; *provided, however*, that subject to Section 10.9, the Board or the Committee shall not have the discretion to accelerate or waive any term or condition of an Award, to increase the amount, if any, otherwise payable in accordance with the terms of the Award, or to pay any amount in lieu of an amount not earned or vested under the terms of an Award if such Award is intended to qualify as Performance-Based Compensation and such discretion would cause the Award not to so qualify. Except in cases in which the Board or the Committee is authorized to require other forms of consideration under the Plan, or to the extent other forms of consideration must be paid to satisfy the requirements of the Delaware General Corporation Law, no consideration other than services may be required for the grant of any Award.

10.2 Stand-Alone, Additional and Tandem Awards. Awards granted under the Plan may, in the discretion of the Board or the Committee, be granted either alone or in addition to, or in tandem with, any other Award or any award granted under another plan of the Company, any Affiliate or any business entity to be acquired by the Company or an Affiliate, or any other right of a Participant to receive payment from the Company or any Affiliate. Any such additional or tandem Awards may be granted at any time. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Affiliate. Any action contemplated or otherwise permitted under this Section 10.2 shall be allowed and effective only to the extent that such action would not cause or otherwise result in adverse consequences under Section 409A of the Code.

10.3 Term of Awards. Term or Restricted Period of each Award that is an Option, Stock Appreciation Right, Phantom Stock, Restricted Stock, Restricted Stock Unit or Other Stock or Performance-Based Award shall be for such period as may be determined by the Board or the Committee; *provided, however*, that in no event shall the term of any such Award exceed a period of ten (10) years (or such shorter terms as may be required in respect of an Incentive Stock Option under Section 422 of the Code).

10.4 Securities Requirements. No exercise of any Option or any Stock Appreciation Right shall be effective, and no payment of cash or transfer of shares of Common Stock will be made unless and until all then-applicable requirements imposed by federal and state securities and other laws, rules and regulations and by any regulatory agencies having jurisdiction and by any stock market or exchange upon which the Common Stock may be listed, have been fully met and the Company may require the Participant to take any reasonable action to meet such requirements. Company shall not be obligated to take any affirmative action in order to cause the issuance or transfer of shares pursuant to an Award to comply with any law or regulation described in the second preceding sentence.

Table of Contents

10.5 Transferability.

(a) Non-Transferable Awards and Options. Except as otherwise specifically provided in the Plan, no Award and no right under the Plan, contingent or otherwise, other than Restricted Stock which has vested, will be (i) assignable, saleable or otherwise transferable by a Participant except by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order or (ii) subject to any encumbrance, pledge or charge of any nature. No transfer by will or by the laws of descent and distribution shall be effective to bind the Company unless the Committee shall have been furnished with a copy of the deceased Participant's will or such other evidence as the Committee may deem necessary to establish the validity of the transfer. Any attempted transfer in violation of this Section shall be void and ineffective for all purposes.

(b) Ability to Exercise Rights. Except as otherwise specifically provided under the Plan, only the Participant or his or her guardian (if the Participant becomes Disabled), or in the event of his or her death, his or her legal representative or beneficiary, may exercise Options or Stock Appreciation Rights, receive cash payments and deliveries of shares or otherwise exercise rights under the Plan. The executor or administrator of the Participant's estate, or the person or persons to whom the Participant's rights under any Award will pass by will or the laws of descent and distribution, shall be deemed to be the Participant's beneficiary or beneficiaries of the rights of the Participant hereunder and shall be entitled to exercise such rights as are provided hereunder.

10.6 No Rights as a Stockholder. Except as otherwise provided in Section 6.3(b), a Participant who has received a grant of an Award or a transferee of such Participant shall have no rights as a stockholder with respect to any shares of Common Stock until such person becomes the holder of record. Except as otherwise provided in Section 6.3(b), no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued.

10.7 Listing and Registration of Shares of Common Stock. The Company, in its discretion, may postpone the issuance and/or delivery of shares of Common Stock upon any exercise of an Award until completion of such stock exchange listing, registration or other qualification of such shares under any state and/or federal law, rule or regulation as the Company may consider appropriate, and may require any Participant to make such representations and furnish such information as it may consider appropriate in connection with the issuance or delivery of the shares in compliance with applicable laws, rules and regulations.

10.8 Termination.

(a) Termination for Cause. Except as otherwise provided in the applicable Award Agreement, upon a Participant's termination for Cause, all unpaid Awards of that Participant, whether or not vested, shall terminate and be immediately forfeited. Shares of Restricted Stock so forfeited shall be subject to the provisions of Section 6.3(a).

(b) Termination for any reason Other than for Cause. Except as otherwise provided in Section 10.8(c) or the applicable Award Agreement, upon the termination of Participant for any reason other than for Cause, any unvested Award granted pursuant to the Plan outstanding at the time of such termination and all rights thereunder shall be forfeited and shall wholly and completely terminate and no further vesting shall occur.

(c) Continuation. The Board or the Committee, in its discretion, may provide for the continuation of any Award beyond a Participant's termination for such period and upon such terms and conditions as the Board or the Committee may determine, except to the extent that such continuation

Table of Contents

would cause the Award to become subject to the provisions of Section 409A of the Code or cause adverse tax consequences under Section 409A, if the Award is subject to the provisions of Section 409A. This Section 10.8(c) shall not apply to any Award intended to qualify as Performance-Based Compensation.

10.9 Change of Control.

(a) Change of Control. Unless otherwise provided in the Award, in connection with a Change of Control, the Board shall have the authority in its sole discretion to take any one or more of the following actions with respect to the Awards:

(i) the Board may accelerate vesting and the time at which all Options and Stock Appreciation Rights then outstanding may be exercised so that those types of Awards may be exercised in full for a limited period of time on or before a specified date fixed by the Board or the Committee, after which specified date all unexercised Options and Stock Appreciation Rights and all rights of Participants thereunder shall terminate, or the Board or the Committee may accelerate vesting and the time at which Options and Stock Appreciation Rights may be exercised so that those types of Awards may be exercised in full for their then remaining term;

(ii) the Board may waive, alter and/or amend the Performance Criteria and other restrictions and conditions of Awards then outstanding, with the result that the affected Awards may be deemed vested, and the Restricted Period or other limitations on payment in full with respect thereto shall be deemed to have expired, as of the date of the Change of Control or such other date as may be determined by the Board;

(iii) the Board may cause the acquirer to assume the Plan and the Awards or exchange the Awards for awards for the acquirer's stock;

(iv) the Board may terminate the Plan; and

(v) the Board may terminate and cancel all outstanding unvested or unexercised Awards as of the date of the Change of Control on such terms and conditions as it deems appropriate.

Notwithstanding the above provisions of this Section 10.9, the Board shall not be required to take any action described in the preceding provisions of this Section 10.9, and any decision made by the Board, in its sole discretion, not to take some or all of the actions described in the preceding provisions of this Section 10.9 shall be final, binding and conclusive with respect to the Company and all other interested persons.

(b) Right to Cash-Out. The Board shall, in connection with a Change of Control, have the right to require all, but not less than all, Participants to transfer and deliver to the Company all Awards previously granted to the Participants in exchange for an amount equal to the Cash Value of the Awards. Such right shall be exercised by written notice to all affected Participants. The amount payable to each Participant by the Company pursuant to this Section 10.9(b) shall be in cash or by certified check paid within five (5) days following the transfer and delivery of such Award (but in no event later than fifty (50) days following the date of the Change of Control) and shall be reduced by any taxes required to be withheld.

10.10 Payment or Settlement of Awards. Unless otherwise specified in an Award Agreement, any Award may be settled in cash, shares of Common Stock, or a combination of cash and Common Stock. For this purpose, the withholding of shares of Common Stock otherwise issuable upon settlement of an Award in order to satisfy withholding taxes or to make payment for the Exercise Price of an Award shall be treated as settled in cash.

Table of Contents

10.11 Lock-Up Agreement. In the event of any underwritten public offering of the Company's securities made by the Company pursuant to an effective registration statement filed under the Securities Act, the Board and the Committee shall have the right to impose market stand-off restrictions on each Award recipient whereby such Participant shall not offer, sell, contract to sell, pledge, hypothecate, grant any option to purchase or make any short sale of, or otherwise dispose of any shares of stock of the Company or any rights to acquire stock of the Company for such period of time from and after the effective date of such registration statement as may be established by the underwriter for such public offering; *provided, however*, that such period of time shall not exceed one hundred eighty (180) days from the effective date of the registration statement to be filed in connection with such public offering. The foregoing limitation shall not apply to shares registered in the public offering under the Securities Act.

10.12 Stockholder Agreements/Investment Representations. As a condition to the exercise of an Option or the issuance of Common Stock hereunder, the Committee or the Board may require the Participant to enter into such agreements (including but not limited to a buy/sell or voting trust agreement) with respect to the shares as may be required of other stockholders of the Company. In addition, the Committee or the Board may require the Participant to represent and warrant at the time of any such exercise or issuance that the shares are being purchased only for investment and without any present intention to sell or distribute such shares, if, in the opinion of counsel for the Company, such a representation is required by any relevant provisions of law.

10.13 Exemptions from Section 16(b) Liability. It is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to Section 16 of the Exchange Act shall be exempt from Section 16(b) of the Exchange Act pursuant to an applicable exemption (except for transactions acknowledged by the Participant in writing to be non-exempt). Accordingly, if any provision of this Plan or any Award Agreement does not comply with the requirements of Rule 16b-3 under the Exchange Act as then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under Section 16(b) of the Exchange Act.

ARTICLE XI

WITHHOLDING FOR TAXES

Any issuance of Common Stock pursuant to the exercise of an Option or a Stock Appreciation Right (if applicable) or in payment of any other Award under the Plan shall not be made until appropriate arrangements satisfactory to the Company have been made for the payment of any tax amounts (federal, state, local or other) that may be required to be withheld or paid by the Company with respect thereto at the minimum statutory rate. Such arrangements may, at the discretion of the Committee, include allowing the Participant to request the Company to withhold shares of Common Stock being acquired pursuant to the Award, whether through the exercise of an Option or as a distribution pursuant to the Award, which have an aggregate Fair Market Value as of the date of such withholding that is not greater than the sum of all tax amounts required to be withheld with respect thereto, together with payment of any remaining portion of such tax amounts in cash or by certified check payable and acceptable to the Company. Notwithstanding the foregoing, if on the date of an event giving rise to a tax withholding obligation on the part of the Company the person is an officer or individual subject to Rule 16b-3 under the Exchange Act, such person may direct that such tax withholding be effectuated by the Company withholding the necessary number of shares of Common Stock (at the tax rate required by applicable law) from such Award payment or exercise.

ARTICLE XII

MISCELLANEOUS

12.1 No Rights to Awards or Uniformity Among Awards. No Participant or other person shall have any claim to be granted any Award; there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards; and the terms and conditions of Awards need not be the same with respect to each recipient.

12.2 Conflicts with Plan. In the event of any inconsistency or conflict between the terms of the Plan and an Award, the terms of the Plan shall govern.

12.3 Rights as Employee, Service Provider or Director. No person, even though eligible under this Plan, shall have a right to be selected as a Participant or, having been so selected, to be selected again as a Participant. Nothing in the Plan or any Award granted under the Plan shall confer on any Participant a right to remain an Employee, Service Provider or Director, or interfere with or limit in any way any right of the Company or its Affiliates to terminate the Participant's Employment or service at any time. To the extent that an Employee of an Affiliate other than the Company receives an Award under the Plan, the Award can in no event be understood or interpreted to mean that the Company is the Employee's employer or that the Employee has an employment relationship with the Company.

12.4 Governing Law. The validity, construction and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with applicable federal law and the laws of the State of Delaware, without regard to any principles of conflicts of law.

12.5 Gender, Tense and Headings. Whenever the context requires such, words of the masculine gender used herein shall include the feminine and neuter, and words used in the singular shall include the plural. Section headings as used herein are inserted solely for convenience and reference and constitute no part of the Plan.

12.6 Severability. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or as to any Participant or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Board or the Committee, such provision shall be construed or deemed amended as necessary to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Board or the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Participant or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

12.7 Other Laws. The Board or the Committee may refuse to issue or transfer any shares or other consideration under an Award if, acting in its sole discretion, it determines that the issuance or transfer of such shares or such other consideration might violate any applicable law.

12.8 Unfunded Obligations. Any amounts payable to Participants pursuant to the Plan shall be unfunded and unsecured obligations for all purposes. Except as provided under ARTICLE VI of the Plan with respect to the delivery of stock certificates, no provision of the Plan shall require or permit the Company or any Affiliates, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company nor any Affiliates maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under the Plan other than as general unsecured creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other Employees, Service Providers or

Non-Employee Directors under general law. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Participant account shall not create nor constitute a trust or fiduciary relationship between the Committee or any Affiliate and a Participant, nor otherwise create any vested or beneficial interest in any Participant nor the Participant's creditors in any assets of the Company or any Affiliate. The Participants shall have no claim against any Affiliate for any changes in the value of any assets which may be invested or reinvested by the Company with respect to the Plan. The Plan shall not constitute an employee benefit plan for purposes of Section 3(3) of ERISA.

12.9 No Guarantee of Tax Consequences. The Participant shall be solely responsible for and liable for any tax consequences (including but not limited to any interest or penalties) as a result of participation in the Plan. Neither the Board, nor the Company nor the Committee makes any commitment or guarantee that any federal, state or local tax treatment will apply or be available to any person participating or eligible to participate hereunder and assumes no liability whatsoever for the tax consequences to the Participants.

12.10 Stockholder Agreements. The Board or the Committee may, from time to time, condition the grant, exercise or payment of any Award upon such Participant entering into a stockholders' agreement, voting agreement, repurchase agreement or lockup or market standoff agreement in such form or forms as approved from time to time by the Board.

12.11 Specified Employee under Section 409A of the Code. Subject to any other restrictions or limitations contained herein, in the event that a specified employee (as defined under Section 409A of the Code) becomes entitled to a payment under the Plan that is subject to Section 409A of the Code on account of a separation from service (as defined under Section 409A of the Code), such payment shall not occur until the date that is six months plus one day from the date of such separation from service.

12.12 No Additional Deferral Features. No Award shall contain or reflect, or be amended or affected or supplemented by any other agreement (including, but not limited to, employment agreements, other plan or arrangements of deferred compensation) so as to contain, include or be subject to, a deferral feature or an additional deferral feature within the meaning and usage of those terms under Section 409A of the Code.

12.13 Compliance with Section 409A of the Code. Certain items of compensation paid pursuant to this Plan are or may be subject to Section 409A of the Code. In such instances, this Plan is intended to comply and shall be administered in a manner that is intended to comply with Section 409A of the Code and shall be construed and interpreted in accordance with such intent.

12.14 Claw-back Policy. All Awards (including any proceeds, gains or other economic benefit actually or constructively received by the Participant upon any receipt or exercise of any Award or upon the receipt or resale of any Common Stock underlying the Award) shall be subject to the provisions of any claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or regulations promulgated thereunder, to the extent set forth in such claw-back policy and/or in the applicable Award Agreement.
