Questions and Answers about Voting and Annual Meeting

Q: Why were you sent this Proxy Statement?

A: On or about April 5, 2016, we began mailing this Proxy Statement to our stockholders of record on March 7, 2016 (the Record Date) in connection with our Board of Directors solicitation of proxies for use at the 2016 Annual Meeting of Stockholders and any adjournment thereof (the Annual Meeting). We will hold the Annual Meeting at Kansas City Southern, Grand Hall, 427 W. 12th Street, Kansas City, Missouri on Thursday, May 5, 2016 at 3:00 p.m. Central Time. The Notice of Annual Meeting of Stockholders, our 2015 Annual Report to Stockholders (the Annual Report), and a proxy card and voting instructions accompany this Proxy Statement. Unless otherwise indicated or the context requires, references in this Proxy Statement to KCS or the Company include Kansas City Southern and its consolidated subsidiaries.

We will pay for the Annual Meeting, including the cost of mailing the proxy materials and any supplemental materials. Directors, officers and employees of KCS may, either in person, by telephone or otherwise, solicit proxy cards. They have not been specifically engaged for that purpose, however, nor will they be compensated for their efforts. We have engaged Morrow & Co., LLC, 470 West Avenue, Stamford, Connecticut 06902, to assist in the solicitation of proxies and provide related informational support, for a service fee and the reimbursement of customary disbursements that are not expected to exceed \$25,000 in the aggregate. We will pay these fees and expenses. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of our shares for their expenses in forwarding this Proxy Statement, the Annual Report and other soliciting materials to the beneficial owners.

Brokers, dealers, banks, voting trustees, other custodians and their nominees are asked to forward this Notice and Proxy Statement, the proxy card and the Annual Report to the beneficial owners of our stock held of record by them. Upon request, we will reimburse them for their reasonable expenses in mailing these materials to beneficial owners of our stock.

Q: Who may attend the Annual Meeting?

A: Only KCS stockholders or their proxies and guests of KCS may attend the Annual Meeting. Any stockholder or stockholder s representative who, because of a disability, may need special assistance or accommodation to allow him or her to participate in the Annual Meeting may request reasonable assistance or accommodation from us by contacting the office of the Corporate Secretary at our principal executive offices, (888) 800-3690. If written requests are made to the Corporate Secretary of KCS, they should be mailed to P.O. Box 219335,

Kansas City, Missouri 64121-9335 (or by express delivery to 427 West 12th Street, Kansas City, Missouri 64105). To provide us sufficient time to arrange for reasonable assistance, please submit all requests by April 28, 2016.

Q: Who may vote at the Annual Meeting?

A: Only the holders of record of our common stock, par value \$0.01 per share (the Common Stock), and our 4% Noncumulative Preferred Stock, par value \$25.00 per share (the 4% Preferred Stock), at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting. On the Record Date, we had outstanding 242,170 shares of 4% Preferred Stock (excluding 407,566 shares held in treasury) and 108,079,193 shares of Common Stock (excluding 15,272,992 shares held in treasury) for a total of 108,321,363 shares eligible to vote at the Annual Meeting.

Table of Contents

KANSAS CITY SOUTHERN

Q: How many votes does each Voting Share have?

A: The Common Stock and the 4% Preferred Stock (collectively, the Voting Stock) constitute our only voting securities and will vote together as a single class on all matters to be considered at the Annual Meeting. Each holder of Voting Stock is entitled to cast one vote for each share of Voting Stock held on the Record Date on each matter.

Q: How can you vote by proxy and what vote is necessary?

A: Registered stockholders can vote by proxy in three ways, each of which is valid under Delaware law:

By Internet: Access our Internet voting site at www.envisionreports.com/ksu or by scanning the QR code on the proxy card with your smartphone and follow the instructions on the screen, prior to 1:00 a.m., Eastern Time, on May 5, 2016 (May 2, 2016 for participants in certain employee benefit plans discussed below).

By Telephone: Using a touch-tone telephone, call toll-free at 1-800-652-VOTE (8683) and follow the voice instructions, prior to 1:00 a.m., Eastern Time, on May 5, 2016 (May 2, 2016 for participants in certain employee benefit plans discussed below).

By Mail: Mark, sign, date and return the enclosed proxy or instruction card in the enclosed envelope so it is received before the Annual Meeting (May 2, 2016 for participants in certain employee benefit plans discussed below).

If you are the beneficial owner of your shares, please refer to your voting form for specific voting procedures from your broker.

Stockholders owning at least a majority of the shares of Voting Stock entitled to vote must be present in person or represented by proxy to constitute a quorum for the transaction of business at the Annual Meeting. The shares of a stockholder who is present and entitled to vote at the Annual Meeting, either in person or by proxy, are counted for purposes of determining whether there is a quorum, regardless of whether the stockholder votes the shares. Abstentions and broker non-votes (defined below) are counted as present and entitled to vote for purposes of determining a quorum.

We have described the vote necessary for each Proposal in the description for that Proposal.

Voting ceases when the chairman of the Annual Meeting closes the polls. The votes are counted and certified by three inspectors appointed by the Board of Directors in advance of the Annual Meeting. In determining whether a majority of shares of Voting Stock present have been affirmatively voted for a particular proposal, except in the election of directors, the affirmative votes for the proposal are measured against the votes for and against the proposal plus the

abstentions from voting on the proposal. You may abstain from voting on any proposal. Except in the election of directors, abstentions from voting are not considered as votes affirmatively cast and therefore will have the effect of a vote against a proposal. With regard to the election of directors, abstentions will be excluded entirely from the vote and will have no effect.

Q: What if you hold shares in a brokerage account?

A: The Voting Stock is traded on the New York Stock Exchange, Inc. (the NYSE). Under the rules of the NYSE, member stockbrokers who hold shares of Voting Stock in their name for customers are required to obtain directions from their customers on how to vote the shares. NYSE rules permit brokers to vote shares on certain proposals when they have not received any directions. The Staff of the NYSE, prior to the Annual Meeting, informs brokers of those proposals on which they are entitled to vote the undirected shares.

A broker non-vote occurs when a broker holding shares of Voting Stock for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting

Table of Contents

KANSAS CITY SOUTHERN

authority for that proposal and has not received instructions from the beneficial owner (customer directed abstentions are not broker non-votes). Broker non-votes generally do not affect the determination of whether a quorum is present at the Annual Meeting because, in most cases, some of the shares held in the broker's name have been voted, and, therefore, all of those shares are considered present at the Annual Meeting. A broker may vote without direction only on Proposal 2. A broker non-vote will not be considered present and entitled to vote on non-discretionary items and will have no effect on the vote.

Q: How are your shares voted if you submit a proxy?

A: If you return a properly executed proxy card or properly vote via the Internet or telephone, you are appointing the Proxy Committee to vote your shares of Voting Stock covered by the proxy. The Proxy Committee is a committee of the three directors of KCS, whose names are listed on the proxy card, and are authorized to vote shares that the stockholder has authorized the Proxy Committee to vote as their proxy. If you wish to name someone other than the Proxy Committee as your proxy, you may do so by crossing out the names of the designated proxies and inserting the name of another person. In that case, it will be necessary for you to sign the proxy card and deliver it to the person so named and for that person to be present and vote at the Annual Meeting. Proxy cards so marked should not be mailed directly to us.

The Proxy Committee will vote the shares of Voting Stock covered by a proxy in accordance with the instructions given by the stockholder(s) executing the proxy or authorizing the proxy and voting via the Internet or telephone. If a properly executed or authorized and unrevoked proxy does not specify how the shares represented thereby are to be voted, the Proxy Committee intends to vote the shares as recommended by the Board of Directors for each Proposal and in accordance with their discretion upon such other matters as may properly come before the Annual Meeting.

Q: Can you revoke your proxy or voting instruction card?

A: At any time before the polls for the Annual Meeting are closed, if you hold Voting Stock in your name, you may revoke a properly executed or authorized proxy by (a) an Internet or telephone vote subsequent to the date shown on the previously executed and delivered proxy or the date of a prior electronic or telephonic vote, or (b) with a later-dated, properly executed and delivered proxy, or (c) a written revocation delivered to our Corporate Secretary. If you hold Voting Stock in a brokerage account, you must contact the broker and comply with the broker's procedures if you want to revoke or change the instructions previously given to the broker. Participants in certain employee benefit plans, as discussed below, must contact the plan trustee and comply with its procedures if they wish to revoke or change their voting instructions. Attendance at the Annual Meeting will not have the effect of revoking your properly executed or authorized proxy unless you deliver a written revocation to our Corporate Secretary before your proxy is voted.

Q: How do participants in the Kansas City Southern 401(k) and Profit Sharing Plan (the KCS 401(k) Plan) vote?

A: If you participate in the KCS 401(k) Plan and own shares of Common Stock in your account, you have received a separate voting instruction card (accompanying this Proxy Statement) to instruct the trustee of the KCS 401(k) Plan how to vote the shares of Common Stock held on your behalf. The trustee is required under the trust agreement to vote the shares in accordance with the instructions given on the voting instruction card. Voting instructions may also be given by Internet or telephone by participants in the KCS 401(k) Plan. The accompanying voting instruction card contains the Internet address and toll-free number. If voting instructions are not received from a participant, the trustee must vote those shares, as well as any unallocated shares, in the same proportions as the shares for which voting instructions were received from plan participants. Voting

KANSAS CITY SOUTHERN

instructions by Internet or telephone must be given by 1:00 a.m., Eastern Time, on May 2, 2016. Unless you give voting instructions by Internet or telephone, the voting instruction card should be returned in the envelope provided to Proxy Services, c/o Computershare, P.O. Box 30170, College Station, TX 77842-3170. The voting instruction card should not be returned to us. KCS 401(k) Plan participants who wish to revoke their voting instructions must contact the trustee and follow its procedures.

Q: Are the votes of participants in the KCS 401(k) Plan confidential?

A: Under the terms of the KCS 401(k) Plan, the trustee is required to establish procedures to ensure that the instructions received from participants are held in confidence and not divulged, released or otherwise utilized in a manner that might influence the participants' free exercise of their voting rights.

Q: What is Householding?

A: Pursuant to the rules of the SEC, services that deliver our communications to stockholders that hold their stock through a bank, broker or other nominee holder of record may deliver to multiple stockholders sharing the same address a single copy of our Annual Report and Proxy Statement. We will promptly deliver upon written or oral request a separate copy of the Annual Report and/or Proxy Statement to any stockholder at a shared address to whom a single copy of the documents was delivered. Written requests should be made to Kansas City Southern, P.O. Box 219335, Kansas City, Missouri 64121-9335 (or if sent by express delivery to 427 West 12th Street, Kansas City, Missouri 64105), Attention: Corporate Secretary's Office, and oral requests may be made by calling our Corporate Secretary's Office at (888) 800-3690. Any stockholder who wants to receive separate copies of the Proxy Statement or Annual Report in the future, or any stockholder who is receiving multiple copies and would like to receive only one copy per household, should contact the stockholder's bank, broker or other nominee holder of record.

Q: Are there any other matters that will be presented at the Annual Meeting?

A: The Board of Directors knows of no other matters that are expected to be presented for consideration at the Annual Meeting. Our Bylaws require that stockholders intending to bring business before an Annual Meeting, including the nomination of candidates for election to the Board of Directors, give timely and sufficient notice to our Corporate Secretary in the manner described below. However, if other matters properly come before the meeting, it is intended that persons named in the accompanying proxy will vote on them in accordance with their best judgment.

Proposals for 2016 Annual Meeting**1. Election of Directors**

The Board of Directors of KCS (the Board) is currently divided into two classes with nine total members. Prior to 2015, the members of each class served staggered three-year terms of office. As a result of the stockholder proposal that was approved at the 2014 annual meeting of stockholders, KCS is de-classifying its Board, starting with last year's annual meeting. Beginning in 2015, each director is elected for a one-year term. The term of office for the directors elected at this Annual Meeting will expire in 2017 or when their successors are elected and qualified, if earlier, or their earlier resignation or removal. There are three directors (Henry R. Davis, Robert J. Druten, and Rodney E. Slater) who are currently serving a three-year term through 2017.

The following individuals are being nominated by the Board for election as directors at the Annual Meeting. Their biographies are set forth below. Each of these nominees has indicated they are willing and able to serve as directors if re-elected and have consented to being named as nominees in this Proxy Statement. If any nominee should become unable or unwilling to serve, the Proxy Committee intends to vote for one or more substitute nominees chosen by the Board in their sole discretion.

The biography of each nominee contains information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years and experiences, qualifications, attributes or skills that led the Nominating and Corporate Governance Committee (the Nominating Committee) and the Board to conclude that the person should serve as a director for the Company as of the time that this proxy statement was filed with the SEC.

*The Board of Directors recommends a vote **FOR***

the election of these director nominees.

Vote Required for Approval

Pursuant to the Company's Bylaws, only directors that receive the affirmative vote of a majority of the votes cast for or against such director by the holders of the outstanding shares of Voting Stock entitled to vote for the election of directors will be elected. Any nominee for re-election in an uncontested election who does not receive votes for his or her election equal to a simple majority of the votes cast must submit an offer to resign from the Board. The Board will then consider the resignation offer and may either (i) accept the resignation offer or (ii) reject the resignation offer and seek to address the underlying cause(s) of the against votes. The Board is required to make its determination within 90 days following the certification of the stockholder vote and make a public announcement of its decision, including a statement regarding the reasons for its decision if the Board rejects the resignation offer.

Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on the election of directors unless the beneficial owner has given voting instructions as to each director. This means that if your broker is the record holder of your shares you must give voting instructions to your broker if you want your broker to vote your shares for the election of directors.

2. Ratification of Independent Registered Public Accounting

Firm for 2016

The Audit Committee of the Board of Directors has selected KPMG as our independent registered public accounting firm to audit our 2016 consolidated financial statements and provide an attestation report on the effectiveness of our internal control over financial reporting as of December 31, 2016. KPMG served as our independent registered public accounting firm in 2015. We are seeking our stockholders' ratification of the Audit Committee's selection of our independent registered public accounting firm even though we are not legally required to do so. If our stockholders ratify the Audit Committee's selection, the Audit Committee nonetheless may, in its discretion, retain another independent registered public accounting firm at any time during the year if the Audit Committee feels that such change would be in the best interests of KCS and its stockholders. Alternatively, if this proposal is not approved by stockholders, the Audit Committee may re-evaluate its decision. One or more representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity, if desired, to make a statement and are expected to be available to respond to appropriate questions from stockholders.

*The Board of Directors recommends a vote **FOR** the ratification of the appointment of*

KPMG LLP as our independent registered public accounting firm for 2016.

Vote Required for Approval

The affirmative vote of a majority of the shares of Voting Stock present at the Annual Meeting in person or by proxy is required to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm. Under the rules of the NYSE, brokers may give proxies on Proposal 2 whether or not they receive instructions from the beneficial owners of those shares.

**3. Approval of the Kansas City Southern Annual Incentive Plan
for Purposes of Internal Revenue Code Section 162(m)**

We are asking stockholders to approve the Company's Annual Incentive Plan, as amended and restated effective March 10, 2016, so that the payments made to our Chief Executive Officer and certain other executives (collectively referred to as "covered employees") will be considered qualified performance-based compensation and therefore deductible by the Company pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Section 162(m) of the Code requires stockholder approval generally every five years.

Summary of the Annual Incentive Plan

The following is a summary of the principal features of the Annual Incentive Plan and its operation. The summary is not a complete description of all of the Annual Incentive Plan and is qualified by reference to the entire text of the Annual Incentive Plan attached as Appendix A.

Purpose. The purpose of the Annual Incentive Plan is to provide participants with annual incentive compensation based on the level of achievement of financial and other performance criteria. The Annual Incentive Plan is intended to focus the interests of participants on the key measures of the Company's success and to reward participants for achieving the key measures of the Company's success.

Administration. The Annual Incentive Plan will be administered by the Compensation Committee of the Board. The Compensation Committee is a committee appointed by the Board of Directors consisting solely of outside directors as that term is defined within the regulations implemented under Section 162(m) of the Code.

Eligibility. The individuals eligible to participate in the Annual Incentive Plan shall be selected by the Company and approved by the Compensation Committee each year. All employees in active service and who are not represented by a union or other collective bargaining organization are eligible to participate in the Annual Incentive Plan. There were approximately 1,134 such employees at the end of fiscal year 2015.

Maximum Award Amount. The maximum annual amount of compensation that may be paid to a participant under the Annual Incentive Plan is \$3,000,000 or, if less, 200% of the participant's target award.

Performance Goals. Awards to participants will be based on performance goals, which shall provide for a threshold, target and maximum level of achievement using one or more of the following predetermined measurements as determined by the Compensation Committee:

earnings (either in the aggregate or on a per-share basis);

net income (before or after taxes);

operating income;

cash flow;

return measures (including return on assets, equity or sales);

earnings before or after any, or any combination of, taxes, interest or depreciation and amortization;

gross revenues;

share price (including growth measures and stockholder return or attainment by the Company's Common Stock of a specified value for a specified period of time);

reductions in expense levels in each case, where applicable, determined either on a Company-wide basis or in respect of any one or more business units;

net economic value;

market share;

operating profit;

costs;

operating and maintenance cost management and employee productivity;

stockholder returns (including return on assets, investments, equity, or gross sales);

economic value added;

aggregate product unit and pricing targets;

strategic business criteria, consisting of one or more objectives based on meeting specified revenue, market share, market penetration, geographic business expansion goals, objectively identified project milestones, production volume levels, cost targets, and goals relating to acquisitions or divestitures;

achievement of business or operational goals such as market share and/or business development;

results of customer satisfaction surveys;

safety record;

network and service reliability;

debt ratings, debt leverage and debt service; and/or

operating ratio.

Such measurements may be designated by the Compensation Committee based upon the performance of the Company, the employer, or any operating unit level, division or function thereof, and may be applied either alone or relative to the performance of other businesses or individuals (including industry or general market indices), based on one or more of the performance measurements.

Awards. The Compensation Committee shall approve threshold, target and maximum awards payable to a participant if the pre-established performance goal(s) is achieved. Awards will be expressed as a percentage of a participant's base salary and correspond to salary grades. The Compensation Committee may, in its discretion, modify the amount of any award; provided, however, in the case of any payment that is intended to constitute qualified performance-based compensation under Section 162(m) of the Code, no such modification may increase the amount payable to a participant who is a covered employee. Participants may be treated differently under the Annual Incentive Plan. Payments under the Plan are normally made in cash. However, the Compensation Committee may direct that payment of an award be made in shares of the Company's common stock pursuant to the Company's 2008 Plan (or any successor plan), in lieu of cash, in accordance with any executive stock ownership guidelines adopted by the Compensation Committee.

Required Employment. A participant will not be eligible for an award if the participant is not employed by the Company (or any affiliate of the Company that elects to participate and be an employer under the Annual Incentive Plan with the Consent of the Company) on the last business day of a performance year, except that a participant may be entitled to a prorated amount in the case of certain qualifying terminations (including, for example, death or disability).

Interpretation of the Plan. The Compensation Committee shall have the authority to interpret all provisions of the Annual Incentive Plan; including, determining participant eligibility, annual recipients of award payments, and the amount of any award payments to be made.

Withholding. Awards are subject to withholding for applicable federal, state and local taxes.

Tax Aspects. The Company will be entitled to a tax deduction for an award in an amount equal to the ordinary income realized by the participant at the time the participant recognizes such income. In addition, Section 162(m) of the Code contains special rules regarding the federal income tax deductibility of compensation paid to our covered employees. The general rule is that annual compensation paid to any of these covered employees will be deductible only to the extent that it does not exceed \$1 million. The Company can preserve the deductibility of certain compensation in excess of \$1 million, however, if the Company complies with conditions imposed by Section 162(m) of the Code. The Annual Incentive Plan has been designed to permit the Committee to grant awards that satisfy the requirements of Section 162(m) of the Code.

The timing of compensation decisions is driven by a variety of tax considerations. To the extent the Compensation Committee determines that an award is intended to satisfy the deductibility requirements under Section 162(m) of the Code, performance goals must be established in the first 90 days of the period in which performance is measured. For annual performance-based payments, this means performance goals must be established no later than the end of March. In addition, in order to avoid being considered deferred compensation under Section 409A of the Code and to

be deductible for the prior tax year, the annual performance-based awards with respect to the prior year must be paid out by March 15.

Amendment of Annual Incentive Plan. The Compensation Committee may amend or terminate the Annual Incentive Plan at any time, effective at such date as the Compensation Committee may determine.

*The Board of Directors recommends a vote **FOR** the approval of the Company's*

Annual Incentive Plan for Purposes of Internal Revenue Code Section 162(m).

Vote Required for Approval

The affirmative vote of a majority of the shares of Voting Stock present at the Annual Meeting in person or by proxy is required to approve the Annual Incentive Plan for purposes of Section 162(m) of the Code. Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on this proposal unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 3 if you want your broker to vote your shares on this matter.

4. Advisory Vote to Approve Executive Compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the SEC's rules. The 2014 compensation of our Named Executive Officers was overwhelmingly approved by our stockholders in the advisory vote held at last year's annual meeting. Accordingly, the Compensation and Organization Committee (referred to in this Proxy Statement as the "Compensation Committee") continued with its strategy, as described below and in the Compensation Discussion and Analysis.

We believe that we maintain a compensation system that allows us to attract and retain quality Named Executive Officers and encourages our Named Executive Officers to continually improve the operations and performance of the Company in order to maximize the value of our cross-border rail network on behalf of our stockholders. A large percentage of each Named Executive Officer's compensation is comprised of long-term incentive awards in the form of equity awards, many of which include performance measures to incent our Named Executive Officers to perform well. This not only encourages each Named Executive Officer to take steps to achieve the Company's long-term goals, but also aligns their personal financial interests with those of our stockholders. Our Compensation Committee seeks to compensate each Named Executive Officer near market median of our peer group of companies in order to ensure that our Named

At the 2015 Annual Meeting, stockholders representing 96.9% of the votes cast at the meeting voted in favor of the 2014 compensation of the Named Executive Officers.

Executive Officers are compensated fairly and equitably. Further, our Compensation Committee annually reviews the design of our compensation programs to ensure that they do not encourage excessive risk taking by the Named Executive Officer in order to obtain a short-term personal gain that negatively impacts our long-term value proposition. Our Compensation Committee believes it has implemented compensation programs that are structured in the best manner to support our long-term business strategy and increase stockholder value.

We are asking our stockholders to indicate their support for our executive compensation program as described in this Proxy Statement. This proposal, commonly known as a "say on pay" proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our

Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we ask our stockholders to vote **FOR** the following resolution:

RESOLVED, that the stockholders of the Company, approve, on an advisory basis, the 2015 compensation of the Named Executive Officers as discussed and disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosures.

The say-on-pay vote is advisory, and therefore, not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the Named Executive Officers' compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

*The Board of Directors recommends a vote **FOR***

the approval of the resolution.

Vote Required for Approval

The affirmative vote of a majority of the shares of Voting Stock present at the Annual Meeting in person or by proxy is required to approve the resolution. Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on executive compensation matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 4 if you want your broker to vote your shares on this matter.

5. Shareholder Proxy Access

Mr. James McRitchie and Ms. Myra Young, 9295 Yorkship Court, Elk Grove, CA 95758, who represent that they hold not less than 50 shares of our common stock, has submitted the following proposal for consideration at the Annual Meeting.

RESOLVED: Shareholders of Kansas City Southern (KSU) (the "Company") ask the board of directors (the "Board") to adopt, and present for shareholder approval, a proxy access bylaw as follows:

Require the Company to include in proxy materials prepared for a shareholder meeting at which directors are to be elected the name, Disclosure and Statement (as defined herein) of any person nominated for election to the board by a shareholder or an unrestricted number of shareholders forming a group (the "Nominator") that meets the criteria established below.

Allow shareholders to vote on such nominee on the Company's proxy card.

The number of shareholder-nominated candidates appearing in proxy materials should not exceed one quarter of the directors then serving or two, whichever is greater. This bylaw should supplement existing rights under Company bylaws, providing that a Nominator must:

- a) have beneficially owned 3% or more of the Company's outstanding common stock, including recallable loaned stock, continuously for at least three years before submitting the nomination;
- b) give the Company, within the time period identified in its bylaws, written notice of the information required by the bylaws and any Securities and Exchange Commission (SEC) rules about (i) the nominee, including consent to being named in proxy materials and to serving as director if elected; and (ii) the Nominator, including proof it owns the required shares (the Disclosure); and

Table of Contents

KANSAS CITY SOUTHERN

- c) certify that (i) it will assume liability stemming from any legal or regulatory violation arising out of the Nominator's communications with the Company shareholders, including the Disclosure and Statement; (ii) it will comply with all applicable laws and regulations if it uses soliciting material other than the Company's proxy materials; and (iii) to the best of its knowledge, the required shares were acquired in the ordinary course of business, not to change or influence control at the Company.

The Nominator may submit with the Disclosure a statement not exceeding 500 words in support of the nominee (the Statement). The Board should adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, whether the Disclosure and Statement satisfy the bylaw and applicable federal regulations, and the priority given to multiple nominations exceeding the one-quarter limit. No additional restrictions that do not apply to other board nominees should be placed on these nominations or re-nominations.

Supporting Statement: Long-term shareholders should have a meaningful voice in nominating directors. The SEC's universal proxy access Rule 14a-11 (<https://www.sec.gov/rules/final/2010/33-9136.pdf>) was vacated, in part due to inadequate cost-benefit analysis. *Proxy Access in the United States* (<http://www.cfapubs.org/doi/pdf/10.2469/ccb.v2014.n9.1>), a cost-benefit analysis by CFA Institute, found proxy access would benefit both the markets and corporate boardrooms, with little cost or disruption, raising US market capitalization by up to \$140.3 billion. *Public Versus Private Provision of Governance* (<http://ssrn.com/abstract=2635695>) found a 0.5 percent average increase in shareholder value for proxy access targeted firms.

Enhance shareholder value. Vote for Shareholder Proxy Access Proposal 5.

Board of Directors Statement in Opposition to Proposal 5

The Board of Directors has carefully considered this proposal and recommends a vote AGAINST this Proposal 5. As discussed below, the Company has already implemented proxy access for its stockholders; accordingly, the Board believes that no further action is needed, and that the form of proxy access sought by the proponent is not in the best interest of the Company or its stockholders.

We have an established record of best governance practices and strong support from our stockholders. Our commitment to corporate governance best practices is well established and discussed throughout this proxy statement. See, for example, Corporate Governance Governance Highlights above on page 23. In recent years we have declassified our board, adopted majority voting and provided stockholders the opportunity to call special meetings, and on February 26, 2016, the Board appointed David Garza-Santos as a new independent director. Our stockholders have expressed continued confidence in our Board through support for each of our current director nominees in excess of 95% at each annual meeting in the last three years at which they were nominated. This support for our Board is also expressed through advisory votes in favor of our executive compensation programs in excess of 96% since 2012. We believe that the strength of our Board and our corporate governance practices provide shareholders meaningful opportunity to hold the Board accountable in the nomination and election of directors.

Our Board of Directors is responsive to stockholders. We routinely engage with many of our stockholders to discuss their views on corporate governance, executive compensation and other matters of interest to our stockholders, and have demonstrated our willingness to respond to their concerns. In accordance with this practice, we sought input about proxy access from several of our significant stockholders. Based on these discussions, we found that our stockholders generally support proxy access rights for long-term stockholders as a means to increase director accountability and give stockholders a more meaningful voice in director elections. Our stockholders do not have uniform views on the ownership levels and holding periods that should be required for a stockholder or group of stockholders to be eligible to include their nominees in our proxy materials, or the number of such nominees that may be included.

15

Table of Contents

KANSAS CITY SOUTHERN

However, two of our biggest stockholders expressed support for our existing proxy access bylaw because it falls within the parameters of the majority of such proxy access bylaws being adopted by other public companies.

Our Board of Directors has adopted proxy access for the benefit of all stockholders. Due to the interest of our stockholders in proxy access, our Board considered various potential formulations of proxy access, including the provisions advocated by the proponent. We took into account feedback from our stockholders, the level of ownership and nature of our larger holders and the size, tenure and structure of our Board. Based upon the Board's assessment of the relative advantages and disadvantages to the stockholders and the Company of the various proxy access formulations, in February 2016, the Board of Directors amended the bylaws of the Company to implement proxy access in the form it believes is most appropriate for the Company and its stockholders.

Under the bylaw amendment adopted by the Board, any stockholder or group of up to 20 stockholders that beneficially owns at least 3% of our outstanding Common Stock continuously for three years is permitted to nominate candidates for election to the Board and to require the Company to list such nominees along with the Board's nominees in the Company's proxy statement. Recallable loaned shares are counted towards the 3% ownership threshold and fund families are treated as one stockholder for purposes of the aggregation limit. The bylaw amendment does not impose any special post-meeting ownership requirements on nominating stockholders or any special re-nomination restrictions on failed proxy access candidates tied to not having received a minimum percentage of votes the prior year. The qualifying stockholder or group of stockholders may nominate up to the greater of two members or 20% of the Board. We believe this reflects a balanced, workable and mainstream approach.

By-law Comparison

Stockholder Proposed Proxy Access By-Law. As set forth above, the Stockholder proposed proxy access By-Law would provide that a single stockholder or unlimited group of stockholders collectively owning at least 3% of the Company's outstanding common stock (including recallable loaned stock) for at least three years would be able to include their own nominees in the Company's proxy statement for up to the greater of 2 or 25% of the number of directors then serving. Essential details, including how to determine ownership and which nominees to include in the proxy materials in the event of multiple shareholder proposals, would be left for the Board of Directors to determine. The proposal is non-binding on the Company, even if approved by stockholders.

The Company's Proxy Access By-Law. As mentioned above, the Company has already adopted a proxy access By-Law. While many companies have adopted bylaws requiring ownership at a 5% level, our ownership threshold is 3%, the same as the stockholder proposal. As described above, the Company's proxy access bylaw limits a stockholder group to 20 and the number of directors who can be nominated to the greater of two or 20% of the Board. We believe both of these provisions are consistent with the majority of proxy access bylaws and are supported by our largest stockholders.

The proponent's version of proxy access is unnecessary and could be detrimental to stockholders as a whole. In selecting the appropriate proxy access formulation, our Board sought to balance the desire to provide meaningful rights to stockholders who we believe are generally representative of our other long-term stockholders against the potential harm to Board effectiveness that may be caused by the nomination of directors who may pursue narrow

special interests, including interests unrelated to long-term stockholder value. We believe that limiting the number of stockholders who may aggregate their shares better serves the interests of all stockholders. Allowing an unlimited number of holders to act as a group undermines the principle that we believe is shared by most of our stockholders: that the right to nominate a director using the Company's proxy statement should be available only for those who have a sufficient financial stake in the Company to cause their interests to be aligned with the interests of the stockholders as a whole. We also

believe that allowing an unlimited number of stockholders to aggregate their shares imposes an unnecessary administrative burden and expense in verifying the nature and duration of the holdings of a large number of stockholders.

Further, we believe that the right to nominate up to the greater of two members or 20% of the Board is a reasonable limit that will afford stockholders a meaningful opportunity to obtain representation without disruption of the balance of skill, experience and diversity of the Board. Some of our large stockholders have expressed support for this limit.

For the reasons stated above, our Board believes that the Company's current proxy access bylaw is in the best interests of our stockholders and that the proponent's approach is not appropriate for the Company.

Vote Required for Approval

The affirmative vote of a majority of the shares of Voting Stock present at the Annual Meeting in person or by proxy is required to approve this proposal. Corporate Governance

Governance highlights

The Company actively communicates with its major stockholders about various issues concerning the Company, including various corporate governance matters. In recent years, the Company has undertaken a number of corporate governance initiatives in response to feedback it has received from its stockholders. In 2016, the Company reached out and sought input from its largest stockholders on proxy access . The Company realized that proxy access is important to our stockholders and wanted to be responsive to their views on good corporate governance practices. After receiving input from the stockholders, the Board amended its bylaws in February 2016 to adopt proxy access. The Company has also undertaken other corporate governance initiatives in recent years, including:

Elimination of classified Board on a phased-in basis; complete declassification by 2017

Adoption of majority voting

Elimination of super-majority voting

Amendment of Bylaws to allow for stockholders to call a special meeting

Separation of leadership roles of Chairman of the Board and CEO

Adoption of policy requiring independent Chairman of the Board

Amendment of Bylaws to prohibit nomination of former Company CEOs to the Board

Disclosure of political contributions on the Company's website

Policy on Director Attendance at Annual Stockholder Meetings

Our directors are encouraged to attend the annual stockholder meetings. All directors serving at the time of the 2015 annual stockholder meeting attended that meeting.

Director Qualifications, Qualities and Skills

The Guidelines establish certain qualifications, qualities and skills that directors and nominees must meet to be eligible to serve on our Board of Directors. Under the Guidelines, directors and nominees must be committed to representing the long-term interests of our stockholders and meet, at a minimum, the following qualifications:

High personal and professional ethics, integrity and values;

Independence, in accordance with the requirements of the NYSE, unless their lack of independence would not prevent two-thirds of the Board from meeting such requirements;

No current service on boards of companies that, in the judgment of the Nominating Committee, are in competition with, or opposed to the best interests of, the Company;

Below the age of 75 years as of the date of the meeting at which his or her election would occur; and

Has not previously served as the Company's Chief Executive Officer.

Additionally, it is considered desirable that directors and nominees possess the following qualities and skills:

Significant experience at policy making levels in business, government or education;

Significant experience or relationships in, or knowledge about, geographic markets served by us or industries that are relevant to our business; and

Willingness to devote sufficient time to carrying out their duties and responsibilities effectively, including service on appropriate committees of the Board.

Director Independence

The Guidelines require that a majority of the Board of Directors must be independent, as determined affirmatively by the Board in accordance with the listing standards of the NYSE, although our goal is to have two-thirds of the members of the Board meet these requirements. We refer to directors who meet the NYSE independence standards as Independent Directors. The Independent Directors constitute more than two-thirds of our Board of Directors. The Independent Directors are Messrs. Davis, Druten, Dunn, McDonnell, Mr. David Garza-Santos, Secretary Slater, Ambassador Antonio Garza and Ms. Córdova. Our Board has affirmatively determined that each Independent Director has no material relationship with the Company and is independent in accordance with applicable NYSE listing standards. These standards assist the Board in determining that a director or nominee has no material relationship with KCS, either directly or as a partner, shareholder or officer of an organization that has a relationship with KCS.

The Board holds regular executive sessions of the Independent Directors. All Board committees, other than the Executive Committee, are comprised of only Independent Directors. Thus, the Independent Directors directly oversee critical matters such as the compensation of executive management, the selection and evaluation of Board nominees, the integrity of the Company's financial statements, and the development of corporate governance programs of the Company.

Board Leadership Structure

The Board regularly considers the appropriate leadership structure for the Company. Our Bylaws and our Guidelines require that the position of Chair of the Board be filled by an Independent Director, which effectively requires separation of the positions of Chief Executive Officer and Chair of the Board. The Board believes this structure

ensures appropriate oversight by the Independent Directors. Meetings of the Independent Directors will be presided over by the Chair (currently Mr. Druten) since he or she will also be an Independent Director.

The Board's Role in Risk Oversight

The Board of Directors is responsible for overseeing the Company's enterprise risk management process and program. This includes understanding the Company's philosophy and strategy towards enterprise risk management and mitigation. The Board reviews the Company's most significant risks and whether management is responding within the Company's risk management and mitigation strategies. The Board has delegated to the Audit Committee the primary responsibility for reviewing the Company's risk assessment and risk management policies. Management periodically reports to the Audit Committee on the Company's risk identification, assessment and mitigation activities. The Company has an enterprise risk management coordinator who supervises the enterprise risk management process. Furthermore, the

KANSAS CITY SOUTHERN

Company has given its disclosure committee responsibility to review the comparability of the risk factors disclosed in the Company's Annual Report on Form 10-K with the Company's enterprise risk profile. The risk oversight structure has no effect on the Board's leadership structure.

Director Diversity

The Nominating Committee strives to nominate directors who represent an appropriate mix of backgrounds and experiences to best enhance the functions of the Board. The Nominating Committee considers diversity in the broadest sense, thus including factors such as age, sex, race, ethnicity and geographic location, as well as a variety of experience and educational backgrounds (such as operations, finance, accounting and marketing experience and education) when seeking Board nominees. The Nominating Committee does not have a diversity policy in place.

Stockholder/Interested Person Communication with the Board

Any stockholder or interested person may communicate with the Independent Directors by sending such communication in writing to the office of the Corporate Secretary, Kansas City Southern, P.O. Box 219335, Kansas City, Missouri, 64121-9335, or by express carrier to the Corporate Secretary, Kansas City Southern, 427 West 12th Street, Kansas City, Missouri 64105. To be considered, such communications must be signed by the stockholder or other interested party, with the stockholder's or other interested party's name, address and telephone number. The Independent Directors shall review such communication with the Board, or the group addressed in the communication, for the purpose of determining an appropriate response and any appropriate action that should be taken. Any communications received may be shared with management on the instruction of the Independent Directors.

2015 Say-On-Pay Vote on Executive Compensation

At the 2015 Annual Meeting, stockholders representing 96.9% of the votes cast at the meeting voted in favor of the 2014 compensation of the named executive officers. The Compensation Committee is responsible for establishing our executive compensation policies and overseeing our executive compensation practices to align compensation with the principles described herein. The Compensation Committee believes our executive compensation program will achieve the following objectives:

Facilitate the attraction and retention of highly-qualified executives;

Motivate our executives to achieve our operating and strategic goals;

Align our executives' interests with those of our stockholders by rewarding them in accordance with the creation of stockholder value; and

Deliver executive compensation in a responsible and cost-effective manner that reflects sound governance principles on the part of the Company and its Board.

The Compensation Committee seeks to provide base salaries, target total cash and target total direct compensation that are consistent with market median practices, recognizing internal equity and incumbent-specific considerations such as performance, future potential, and tenure with the Company. We define the market as comparably-sized transportation and mature capital intensive companies. Based on the findings of the executive compensation analysis in 2014, which was updated in 2015, the Compensation Committee believes that our targeted executive compensation levels are competitive in aggregate, within a +/- 15% of the target market 50th percentile.

What We Do

We tie pay to performance. The great majority of executive pay is not guaranteed. We set clear financial goals for corporate performance.

We seek to mitigate undue risk, including utilizing caps on potential payments and robust Board and management processes to identify risk.

We have adopted stringent share ownership guidelines, which all Named Executive Officers meet.

We reward our executives for long-term growth and therefore measure our performance over a three-year cycle.

We provide only modest perquisites that have a sound benefit to the Company's business.

We have reasonable post-employment and change in control provisions in our executive employment agreements.

Our equity plans under which awards may be granted generally provide for accelerated vesting of future awards after a change in control only if an employee is also terminated (a double-trigger).

Our Compensation Committee benefits from its utilization of an independent compensation consulting firm.

The Compensation Committee closely monitors any other services provided to the Company by its compensation consulting firm to ensure they don't create a potential conflict of interest.

Pursuant to the claw back provision in our performance share award agreement, participants who engage in gross misconduct must forfeit outstanding awards and repay awards previously paid.

What We Don't Do

We do not reprice underwater stock options.

We do not provide tax gross-ups for perquisites.

We do not have excise tax gross-ups other than historical provisions contained in employment agreements entered into prior to 2007.

We prohibit hedging of Company stock by officers, directors and employees.

Primary Elements of Compensation

The primary elements of our 2015 executive officer compensation package are described below. The amount and types of elements differ between our U.S. and Mexico executives as a result of custom, traditions, compensation statutes and tax law differences.

<i>Compensation Element</i>	<i>Purpose</i>	<i>Characteristic</i>
<i>Base Salary</i>	To provide a fixed element of pay for an individual's primary duties and responsibilities.	Base salaries are reviewed annually and are set based on competitiveness versus market and internal equity considerations.
<i>Annual Incentive</i>	To encourage and reward the achievement of specified financial goals on an annual basis.	Performance-based cash award opportunity; amount earned is based on actual results relative to pre-determined goals.
<i>Long-Term Incentives</i>		
<i>Performance Share Awards</i>	To motivate management for long-term financial success.	Three-year performance-based share awards with pre-determined financial goals.
<i>Restricted Stock</i>	To align the executives' interests with those of investors (via creation of stockholder value), to encourage stock ownership, and to provide an incentive for retention.	Service-based long-term incentive opportunity; ultimate award value depends on share price.
<i>Non-Qualified Stock Options</i>	To incent and reward the creation of stockholder value.	Service-based long-term incentive opportunity; amounts realized are dependent upon share price appreciation.

Other Elements of Compensation

We provide certain benefit programs that are designed to be competitive within the marketplace from which we recruit our employees. The majority of employee benefits provided to our Named Executive Officers are offered through broad-based plans available to our management employees generally.

KCS 401(k) and Profit Sharing Plan (the KCS 401(k) Plan). The KCS 401(k) Plan is a qualified defined contribution plan. Eligible U.S. employees may elect to make pre-tax or post-tax deferral contributions, called 401(k) contributions, to the KCS 401(k) Plan of up to 75% of eligible compensation subject to certain limits under the Code. We match contributions to the KCS 401(k) Plan equal to 100% of a participant's 401(k) contributions and up to the lesser of a maximum of 5% of a participant's eligible compensation or the statutory limit imposed by the Code. Our matching contributions for the KCS 401(k) Plan vest over five years as follows:

0% for less than two years of service;

20% upon two years of service;

40% upon three years of service;

60% upon four years of service; and

100% upon five years of service.

We may also make, in our discretion, annual profit sharing contributions to the KCS 401(k) Plan in an amount not to exceed the maximum allowable deduction for federal income tax purposes and certain limits under the Code. Only employees who have met certain standards as to hours of service are eligible to

Table of Contents

KANSAS CITY SOUTHERN

receive profit sharing contributions. No minimum contribution is required. Each eligible participant, subject to maximum allocation limitations under the Code, is allocated the same percentage of the total contribution as the participant's compensation bears to the total compensation of all participants. Profit sharing contributions are 100% vested when made. No profit sharing contributions were made in 2015.

Participants may direct the investment of their accounts in the KCS 401(k) Plan by selecting from one or more of the diversified investment funds available under the KCS 401(k) Plan.

Executive Plan. In order to provide executives with competitive retirement and savings plans, we maintain a supplemental benefit plan known as the Executive Plan for those U.S. executives who are designated by the President, Chief Executive Officer or Compensation Committee as participants in the plan. Our Executive Plan provides a benefit based on an amount equal to 10% of the excess of (a) the greater of (i) an executive's base salary times the percentage specified in his or her employment agreement (ranging from 145% to 175%) or, for those executives without employment agreements, 145% (see the Summary Compensation Table Narrative to Summary Compensation Table) or (ii) the sum of the executive's base salary earned for the year plus any short-term incentive that was earned during the applicable year, over (b) the maximum compensation that can be considered for benefit purposes in a qualified retirement plan. Payments are generally made annually under this plan and executives receive such payments in one year restricted stock, issued under our 2008 Plan which may be forfeited in the event of termination of employment prior to the end of the twelve-consecutive-month period beginning on the grant date.

Perquisites. As noted in our Summary Compensation Table, we provide our U.S. Named Executive Officers with certain perquisites consistent with market practice. We do not view perquisites as a significant element of our comprehensive compensation structure for our U.S. Named Executive Officers. For Mr. Zozaya and other executives employed by KCSM, we provide perquisites as required by Mexican law and consistent with Mexican customary practice.

We reimburse financial counseling expense for our Named Executive Officers up to a stated limit in accordance with the KCS Financial Planning Reimbursement Policy. The maximum amount of the annual reimbursement under this policy for our CEO is \$8,000. The maximum amount of the annual reimbursement under this policy for our other Named Executive Officers is \$5,000. We also pay for three years of the administrative fees charged by the Greater Kansas City Community Foundation (GKCCF) related to donor advised funds established by our U.S. executives at the GKCCF. These fees are paid out of funds from the Company's charitable foundation, which is administered by the GKCCF.

Consistent with applicable law and perquisite practices in Mexico generally, we provide the following perquisites to Mr. Zozaya: (1) annual Christmas bonus equal to 30 days of wages or salary (Mexican law requires an annual Christmas bonus equal to at least 15 days of wages or salary), (2) vacation and vacation premium payments of 50% (Mexican law requires a vacation premium of at least 25%), (3) food stipend (up to a maximum of Ps. 2,131 per month), (4) automotive allocations or use of a leased company car (and maintenance for the leased car), (5) gasoline coupons, (6) 100% payment of the employee's social security fees and (7) a limited reimbursement of expenses for financial planning services in accordance with the KCS Financial Planning Reimbursement Policy. The annual Christmas bonus is a payment in the amount equal to one month's salary, prorated based on time with the Company.

Executives based in Mexico have a number of vacation days as set forth in their respective employment agreements and a corresponding vacation premium equal to 50% of their earned vacation days, generally paid on or around their annual anniversary date, in accordance with the Company's payroll policy.

The Compensation Committee believes these perquisites are conservative, but reasonable and consistent with our overall compensation program, industry practice and applicable law, and better enable the Company to attract and retain high-performing employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to our Named Executive Officers. The Compensation Committee does not plan to materially increase the perquisites currently provided, subject to, with respect to Mr. Zozaya, requirements under Mexican law.

Other Benefits. For our U.S. employees, we pay a portion of premiums for medical coverage, pay premiums for short-term disability coverage, pay premiums for 50% coverage for long-term disability and pay premiums for AD&D coverage up to 2 1/2 times the annual salary for each employee up to a maximum of \$600,000. For U.S. and Mexico executives, we provide a basic amount of group life insurance coverage. Additionally, we provide eligible U.S. employees with the opportunity to purchase KCS Common Stock at a discount under the Kansas City Southern 2009 Employee Stock Purchase Plan, which plan is intended to satisfy Section 423 of the Code.

Benefits Provided for KCSM Executives. We provide accident, medical and life insurance for our executives based in Mexico. Each of our Named Executive Officers based in Mexico may contribute to a savings fund up to 13% of his base salary up to Ps. 2,770.35 monthly, the legal maximum. We make a matching contribution to each such Named Executive Officer's savings fund. In addition, we are required under Mexican law to make certain severance payments to any employee (including a Named Executive Officer) who is terminated without cause. See Potential Payments Upon Termination of Employment or Change in Control for a more detailed discussion of these payments.

Change in Control Benefits

Various compensation arrangements provide for award and account vesting and separation pay for our Named Executive Officers upon a change in control or the occurrence of certain events after a change in control. These arrangements are designed to:

preserve our ability to compete for executive talent;

provide stability during a change in control by encouraging executives to cooperate with and achieve a change in control approved by the Board, without being distracted by the possibility of termination of employment or demotion after the change in control; and

provide an economic incentive to encourage an acquirer to evaluate whether to retain our executives rather than its own.

Please see the Potential Payments upon Termination of Employment or Change in Control for a discussion of why the Compensation Committee believes the current levels of post-employment termination compensation and benefits are appropriate and consistent with our compensation objectives.

Pay Mix

The percentage of a Named Executive Officer's total compensation resulting from each of the compensation elements is not specifically determined, but instead is a result of the targeted competitive positioning for each element. By design, at-risk components (particularly long-term incentives) comprise a significant portion of a Named Executive Officer's total compensation. This is consistent with the Compensation Committee's desire to reward long-term

performance in a way that is aligned with stockholders' interests. In 2015, the target pay mix for our Chief Executive Officer and all other Named Executive Officers serving on December 31, 2015 (as an average) was as follows:

Executive Stock Ownership Guidelines

The Compensation Committee has set stock ownership guidelines for our Named Executive Officers and other members of senior management, which require executives to own a certain number of shares of Company Common Stock based upon a multiple of base salary, with the number of shares required for each executive determined by salary grade. The required multiples for our Named Executive Officers are as follows:

	Multiple of Base Salary
Chief Executive Officer	5X
President	4X
Other Named Executive Officers	3X

The Compensation Committee will periodically review the continued appropriateness of the stock ownership guidelines. Executives are given five years from their start date or promotion date to meet the required stock ownership thresholds. All stock sales by executives who are not in compliance will be reviewed by the Corporate Secretary and approved by the CEO. If executives have not met this stock ownership requirement within five years, then they may be required to retain long-term incentive plan grants and 50% of AIP payouts may be awarded in stock until the executive is compliant.

Shares that count in determining compliance with the stock ownership guidelines are shares beneficially owned by the executive, shares held by the executive in any KCS benefit plan, restricted shares at the time of grant (even if not yet vested), performance shares when earned (even if not yet vested), and shares issued and retained on exercise of stock options. As of December 31, 2015, all of our executives met the stock ownership guidelines.

Participants in the Compensation Process

Compensation Committee. The Compensation Committee, which is responsible for establishing our executive compensation policies and overseeing our executive compensation practices, is comprised of three directors. Each of these directors meets the independence requirements of the NYSE, qualifies as an outside director under Section 162(m) of the Code, and is considered a non-employee director under Rule 16b-3 under the Exchange Act.

Role of Willis Towers Watson, our Compensation Consultant. For assistance in fulfilling its responsibilities, the Compensation Committee retained Willis Towers Watson as its compensation consultant to review and independently assess various aspects of our compensation programs, including the compensation of individuals serving as executives of KCSM, and to advise the Compensation Committee in making its executive compensation decisions for 2015. The Compensation Consultant is engaged by and reports directly to the Compensation Committee. The Compensation Committee has assessed the independence of the Compensation Consultant pursuant to SEC rules, analyzed whether the work performed raised any conflict of interest, and concluded that the Compensation Consultant is independent and that no conflict of interest exists. The Compensation Consultant's role in 2015 was to provide market data, including market trend data, to the Compensation Committee, to advise the Compensation Committee regarding the

Company's executive compensation relative to the market data, and to make recommendations to the Compensation Committee regarding compensation structure and components.

In 2014, at the direction of the Compensation Committee, the Compensation Consultant performed an executive compensation market analysis to assess the competitiveness of the compensation of the executives of the Company, including the Named Executive Officers. This study, which was updated in 2015, was used to inform decisions regarding 2015 programs and grants.

The results of the most recent analysis were discussed with the Compensation Committee in February 2015. The Compensation Consultant analyzed the market competitiveness of the following elements for each of the covered executive positions:

base salary;

target annual incentive award opportunity (award that may be earned for achieving expected annual performance results);

target total cash compensation (salary plus target annual incentive award opportunity);

annualized expected value of long-term incentive grants/awards (estimated value on date of grant); and

target total direct compensation (target total cash compensation plus the annualized expected value of long-term incentive awards).

The Compensation Consultant also assessed the relative market positioning of retirement programs provided to executives including the Named Executive Officers, as well as perquisites.

In performing the study, the Company's executive positions were initially matched, based on the Compensation Consultant's understanding of the positions' primary duties and responsibilities, to similar positions in Willis Towers Watson's Executive Compensation Data Bank. At the request of the Company, a premium was applied to the market compensation data for certain benchmark survey position matches to reflect the differences between the responsibilities of the Company's positions and those of the benchmark survey job matches.

In connection with this analysis and prior benchmarking analyses, the Compensation Committee with its Compensation Consultant defined the Company's primary United States and Mexico competitive market as transportation and mature, capital-intensive companies with annual revenues of at least \$1 billion, but no more than \$5 billion that participate in the Compensation Consultant's Executive Compensation Database. Conclusions of Compensation Committee

The results of the study conducted by the Compensation Committee with its Compensation Consultant found that (i) our base salaries are, on average, aligned with approximately local country market 50th percentile levels; (ii) our target total cash compensation levels are on average within a competitive range around the U.S. market median; (iii) our target annual incentive award opportunities, expressed as a percentage of salary, are, on average, aligned with the U.S. market 50th percentile; and (iv) our target long-term incentive award opportunities, and resulting target total direct compensation levels, are, on average, consistent with U.S. market median practices. Results for individual officers varied. For the Named Executive Officers as a group, average competitive positioning for base salary was competitive with the median for the market. The study also found that the Company's retirement benefits fall within

the competitive range, but toward the lower end of this range. The study concluded that perquisites were modest, but consistent with typical current practices.

The conclusion by our Compensation Committee is that the Named Executive Officers are being compensated at or near market median given their positions and responsibilities. The Compensation Committee is satisfied that the ratio of compensation between the CEO and the other Named Executive Officers is acceptable and reasonable, particularly when taking into consideration the differences in responsibilities of each. The policies or decisions relating to the compensation of the CEO are not materially different than the other Named Executive Officers.

Risk Considerations in our Compensation Program

The Company also engaged Willis Towers Watson to review its compensation program to assess the risks that it could create, as reflected in the Company's risk management practices and policies. The review covered a number of key facets of the Company's compensation plans, including their purposes, the types of performance measures used, the number and organizational level of participants, the aggregate amount and maximum individual amounts payable under the plans, the ability of the participants to take actions that could influence the calculation of their awards, the scope of the risks that could be created by actions taken to enhance the amounts payable under the plans, and how the Company's risk management policies and governance practices are structured to mitigate these risks. As a result of this review, the Company concluded that its compensation program does not create risks that are reasonably likely to have a material adverse effect on the Company or its stockholders.

Tax and Accounting Considerations

Section 162(m) of the Code generally limits the deduction by publicly held corporations for federal income tax purposes of compensation in excess of \$1 million paid to the chief executive officer as of the end of the year and the next three highest compensated Named Executive Officers listed in the Summary Compensation Table, other than the chief financial officer, unless it is performance-based. Except as otherwise described in this section, the Compensation Committee intends to qualify compensation expense as performance-based and therefore deductible for federal income tax purposes.

The compensation packages of the Named Executive Officers for 2015 included base salary, annual cash incentives under the 2015 Annual Incentive Plan, performance share awards, restricted stock and non-qualified stock options. The highest total base salary was within the \$1 million limit. The Company's Annual Incentive Plan document was approved by stockholders in 2011 and is a performance-based plan under Section 162(m) of the code. At the 2016 Annual Meeting, stockholders are being asked to again approve the Annual Incentive Plan for purposes of Section 162(m). Restricted shares with time-based vesting requirements awarded under the provisions of the 2008 Plan do not qualify as performance-based compensation under Section 162(m). The restricted shares awarded to the Named Executive Officers have the potential to result in total compensation in excess of the \$1 million limit under Section 162(m). Restricted shares with performance-based vesting requirements, stock options and performance shares awarded under the provisions of the 1991 Plan and the 2008 Plan are intended to qualify as performance based compensation under Section 162(m) because the awards are earned based on our performance.

The Compensation Committee will review from time to time the potential impact of Section 162(m) on the deductibility of executive compensation. However, the Compensation Committee intends to maintain the flexibility to take actions it considers are in the best interests of KCS and our stockholders and which may be based on considerations in addition to tax deductibility.

The Compensation Committee periodically reviews projections of the estimated accounting (pro forma expense) and tax impact of material elements of the executive compensation program.

2015 Compensation Decisions

2015 Salary Adjustments

In February 2015, the Compensation Committee approved base salary increases of 3% for our Chief Executive Officer and the other U.S. Named Executive Officers and an increase of 4% for Mr. Zozaya.

2015 Short Term Incentive Plan

In February 2015, the Compensation Committee approved the 2015 Annual Incentive Plan (the "2015 AIP") for our Named Executive Officers. Similar to the AIP in prior years, each Named Executive Officer was assigned incentive targets at the threshold, target and maximum incentive performance levels that are a percentage of the Named Executive Officer's 2015 base salary earned in 2015. The target percentage assigned for each performance level depended on the executive's salary grade and is set forth in the following table:

Current Officers	Percentage of Base Salary		
	Threshold Performance Level	Target Performance Level	Maximum Performance Level
Mr. Starling	50%	100%	200%
Mr. Ottensmeyer(1)	35%	70%	140%
Mr. Upchurch	30%	60%	120%
Mr. Zozaya	30%	60%	120%
Mr. Hancock	30%	60%	120%

(1) In connection with Mr. Ottensmeyer's promotion to President, the percentage payouts for him under the 2015 AIP were adjusted, effective March 1, 2015. His current AIP percentage payouts are reflected in the above table.

Following are the 2015 consolidated operating ratio incentive targets, as well as the percentage payout of the executive's total incentive target for these metrics:

Performance Level	Consolidated Operating Ratio	Percentage Payout at Total Incentive Target
Threshold	67.1%	50%
Target	65.5%	100%
Maximum	64.9%	200%

For the year ended December 31, 2015, our consolidated operating ratio as defined in the 2015 AIP was 67.05%. As a result of this, the Named Executive Officers each earned a 2015 AIP payout of 52% of the target amount. See the Summary Compensation Table for actual amounts paid. Each year, the Compensation Committee will determine whether an annual incentive program will be adopted for that year and will establish participation, award opportunities and corresponding performance measures and goals, considering general market practices and its own subjective assessment of the effectiveness of such program in meeting its goals of motivating and rewarding our executives.

2015 Long-Term Incentive Program

As a result of the performance of the Company's Named Executive Officers and the overwhelming approval of the say-on-pay vote at last year's annual meeting, the Compensation Consultant used the guidelines developed during the

creation of the 2014 long-term incentive program (the 2014 LTI Program) to assist in the development of the 2015 long-term incentive program (the 2015 LTI Program). The Compensation Committee agreed that the 2015 LTI Program should continue to:

Drive sustained improvement in our operating performance;

Communicate strong performance focus to the external market;

Support execution of our long-term business strategy;

Provide a balanced program based on performance, share price leverage and employee retention;

Maintain flexibility to dovetail with our other talent management tools;

Maintain our external competitiveness; and

Be simple and transparent.

KANSAS CITY SOUTHERN

The 2015 LTI Program was approved in February 2015. The mix of awards was as follows:

2015 Long-Term Incentive Mix

Performance Shares: Under the 2015 LTI Program, a three-year performance share award was granted. The performance metrics for earning the performance shares awarded under the 2015 LTI Program were determined by setting performance goals for each year of the three-year performance period. The average of the results for each year as measured against these performance goals at the end of the three-year performance period will then be multiplied by the total number of shares awarded at target to determine the number of performance shares earned. The Compensation Committee decided this was an appropriate manner to determine the shares earned, and believed this best aligned executives' long-term incentive compensation with our multi-year business plan as well as with the interests of our stockholders.

Management may earn between 50% and 200% of the performance share award by meeting or exceeding the performance criteria set for the three-year period. The performance criteria for the three year plan were set at the February 2015 meeting of the Compensation Committee. The performance shares earned, if any, will vest at the end of the three year period, on the later of (i) February 23, 2018 or (ii) the date the Compensation Committee certifies that the Performance Goals for the three-year Performance Period are (or are not) satisfied.

The Compensation Committee determined to use the Company's return on invested capital (ROIC) and consolidated operating ratio (OR) as the performance metrics for the performance shares under the 2015 LTI Program, weighted 75% and 25%, respectively. The Compensation Committee believes that ROIC allows it to not only assess the Named Executive Officers' performance with respect to our earnings, but also allows the Compensation Committee to measure the efficiency of management in stewarding our capital base and determine the success of management in making long-term capital investment decisions to improve our financial and operating performance. ROIC provides the Compensation Committee a measurement that can hold management accountable for earning a return in excess of our cost of capital.

For this purpose, ROIC is defined as the quotient of the Company's net operating profit after taxes (NOPAT) for the applicable performance period divided by the Company's invested capital where (i) NOPAT is the sum of the Company's net income, interest expense and interest on the present value of the Company's operating leases (all preceding items tax effected), with further adjustments to eliminate the after-tax effects of (a) lease termination costs reported as a separate line item within operating expenses in the consolidated statement of income, (b) debt retirement costs reported as a separate line item in the consolidated statement of income, (c) foreign exchange gains/losses reported as a separate line item in the

consolidated statement of income, (d) the foreign exchange impact on the Company's income tax expense, (e) the impacts of changes in statutory income tax rates and laws on the Company's income tax expense, (f) the impacts of changes in accounting principles, and (g) other special one-time adjustments included in Adjusted Diluted Earnings Per Share as reported by the Company which are not already included in the preceding points; and (ii) invested capital is the sum of the Company's average equity balance, average debt balance and the present value of the Company's operating leases, with further adjustments to eliminate the average equity impacts of (a) changes in accounting principles, and (b) incremental debt incurred after January 1, 2015 for lease conversions. Incremental debt is defined as debt incurred to finance the purchase of equipment under existing operating leases and the purchase of replacement equipment as operating leases expire, reduced by the present value of the related operating leases.

The Compensation Committee determined to use OR as the other performance metric believing it to be a solid indicator of the Company's financial performance and profitability. The Compensation Committee recognized that OR is a measure easily monitored by our management employees and is widely monitored by investors. For this purpose, OR is defined as the Company's consolidated operating ratio with any necessary adjustments to eliminate the effects of (a) fluctuations in the value of the Mexican peso against the U.S. dollar from the average exchange rates assumed in the Company's 2015 long range plan, (b) impacts to fuel surcharge revenue and fuel expense for changes in fuel-related indices from the indices assumed in the Company's 2015 long range plan, (c) lease termination costs recognized as a separate line item within operating expenses in the consolidated statement of income, (d) changes in accounting principles, and (e) other special one-time adjustments included in Adjusted Operating Ratio as reported by the Company which are not already included in the preceding points.

Following are the performance levels for the 2015 LTI Program*:

Performance Level	Return on Invested Capital (75% weight)	Consolidated Operating Ratio (25% weight)	Percentage Payout at Total Incentive Target
2015			
Threshold	9.3%	67.1%	50%
Target	9.9%	65.5%	100%
Maximum	10.2%	64.9%	200%
2016			
Threshold	9.9%	65.5%	50%
Target	10.5%	64.6%	100%
Maximum	10.8%	63.9%	200%
2017			
Threshold	10.5%	64.6%	50%
Target	11.1%	63.0%	100%
Maximum	11.4%	61.9%	200%

*These performance levels should not be viewed as predictions or estimates of future performance and the actual achievement of these levels is subject to numerous known and unknown risks and uncertainties including, without limitation, those described under forward looking statements , risk factors or similar headings in our quarterly and annual reports filed with the SEC. The Compensation Committee establishes these levels solely to help it align pay with performance. The levels are not intended to provide investors or any other party with guidance about our future financial performance or operating results.

For the year ended December 31, 2015, our return on invested capital (as defined under the 2015 LTI Program) was 9.06%. Our consolidated operating ratio (as defined under the 2015 LTI Program) was 67.05%. These results will be combined with the results of 2016 and 2017 to determine the average results of the three-year performance period that will be used to determine the number of performance shares earned under the 2015 LTI Program.

The following awards were granted to the Company's Named Executive Officers for the 2015 LTI Program:

Current Officers	Number of Target	Number of Non-Incentive	Number of Shares
	Performance Shares Granted Under the 2015 LTI Program	Stock Options Granted Under the 2015 LTI Program	Restricted Stock Granted Under the 2015 LTI Program
David L. Starling	9,237	13,285	4,618
Michael W. Upchurch	2,590	3,726	1,295
Patrick J. Ottensmeyer	3,930	5,652	1,965
José G. Zozaya	2,590	3,726	1,295
Brian D. Hancock(1)			

(1) Mr. Hancock was not an employee at the time the 2015 LTI Program was adopted.

Restricted Stock: In addition to the performance share component of the 2015 LTI Program, the Compensation Committee determined it appropriate that 25% of the award be in the form of time-based, cliff vesting, restricted stock of the Company for purposes of acting as a management retention tool during the three-year term of the program. The restricted stock awarded under the 2015 LTI Program does not vest until February 23, 2018.

Options: The other 25% of the award is in the form of time-based non-qualified stock options under the 2015 LTI Program, which provides a high degree of alignment between management and stockholders. The options become vested and exercisable in equal installments on February 18, 2016, February 18, 2017 and February 18, 2018, respectively. The stock options must be exercised in all events no later than ten years from the date of grant. The exercise price of the stock options is equal to the fair market value of the Company's common stock on the date of grant.

The restricted stock, stock options and performance shares granted to the Named Executive Officers were awarded under the Company's 2008 Stock Option and Performance Award Plan (the "2008 Plan"). The purpose of the 2008 Plan is to allow officers, directors, employees and consultants of KCS and its affiliates to acquire or increase equity ownership in the Company. The 2008 Plan was approved by the stockholders of the Company on October 7, 2008. In 2013, stockholders re-approved the material terms of the performance measures under the 2008 Plan for the payment of performance-based awards granted under the 2008 Plan. The equity awards described in the Non-Management Director Compensation Table and Summary Compensation Table were also awarded under the 2008 Plan.

Discretionary Supplemental Cash Award

As disclosed in the Company's 2015 Proxy Statement, when the Company established its 2012 and 2013 long-term incentive programs (the "2012 LTI Program" and the "2013 LTI Program"), the Company was in the very early stages of analyzing the opportunity to purchase or replace equipment that was under operating leases, and therefore the ROIC and OR goals established in these LTI Programs did not include any potential impacts from lease conversion

activities. The Company ultimately executed lease conversion transactions which resulted in significant incremental financial benefit. The incremental debt incurred to finance the purchase or replacement of equipment under operating leases and resulting lease termination costs negatively impacted ROIC for 2013, 2014, and 2015, and negatively impacted OR for 2014 and 2015, and therefore resulted in a reduction in the number of performance shares earned by the executive under the 2012 and 2013 LTI Programs. The Compensation Committee believes that the lease conversion activities were in the best interests of the Company and wants to incent executives to take actions that benefit all stockholders as originally intended under these LTI Programs. In February 2015, the Compensation Committee approved a discretionary supplemental cash award to each of the Company's then-current executives who were participants in the 2012 LTI Program to adjust for the share reduction due to the lease conversion activities. In February 2016, the Compensation Committee applied the same

approach with respect to the 2013 LTI Program and approved a discretionary supplemental cash award to each of the Company's current executives who were participants in the 2013 LTI Program. The total number of performance shares earned under the terms of the 2013 LTI Program was 84.7% of the performance shares granted to the executives for the 2013 LTI Program. The amounts of the supplemental cash payments is shown in the "Bonus" column in the Summary compensation Table for the Named Executive Officers. The total amount of this discretionary supplemental cash award to all executives in 2016 was \$1.03 million.

Impact of Changes in NEO Positions

In connection with his appointment as President, Mr. Ottensmeyer was granted 10,000 shares of restricted stock. This grant is reflected in the compensation tables presented later in this Proxy Statement. He also entered into a new employment agreement, which is described later in this Proxy Statement.

In February 2015, the Company and Mr. Starling entered into a Retention Agreement regarding Mr. Starling's future retirement and his retention until December 31, 2016. Under the Retention Agreement, Mr. Starling was granted 30,000 performance shares under the 2008 Plan. This grant is reflected in the compensation tables presented later in this Proxy Statement.

In connection with his hiring, Mr. Hancock entered into an employment agreement with the Company and was granted 10,000 shares of restricted stock. The provisions of his employment agreement are described later in this Proxy Statement.

The Compensation Committee has received and discussed with management the disclosures contained in the "Compensation Discussion and Analysis" in this Proxy Statement. Employment Agreements. Each of the Named Executive Officers is a party to an employment agreement.

Pursuant to their respective employment agreements, Messrs. Starling, Upchurch, Zozaya, Ottensmeyer, and Hancock receive as compensation for their services an annual base salary at the rate approved by the Compensation Committee. The salaries for these executive officers shall not be reduced except as agreed to by the parties or as part of a general salary reduction applicable to all officers. Messrs. Starling, Upchurch, Zozaya, Ottensmeyer, and Hancock are eligible to participate in benefit plans or programs generally available to management employees of KCSR or KCSM, as applicable. Each of the employment agreements of Messrs. Starling, Upchurch, Ottensmeyer, and Hancock provides that the value of the respective Named Executive Officer's annual compensation is fixed at a percentage of base salary for purposes of determining contributions, coverage and benefits under any disability insurance policy and under any cash compensation-based plan provided to the Named Executive Officer as follows: 175% for Mr. Starling; 145% for Mr. Upchurch; 175% for Mr. Ottensmeyer; and 145% for Mr. Hancock.

Indemnification Agreements. We have entered into indemnification agreements with our KCS officers and directors. Each of our U.S. Named Executive Officers is an officer of KCS. These agreements are intended to supplement our officer and director liability insurance and to provide the officers and directors with specific contractual assurance that the protection provided by our Bylaws will continue to be available regardless of, among other things, an amendment to the Bylaws or a change in management or control of KCS. The indemnification agreements provide for indemnification to the fullest extent permitted by the Delaware General Corporation Law and for the prompt advancement of expenses, including attorneys' fees and all other costs and expenses incurred in connection with any action, suit or proceeding in which the director or officer was or is a party, is threatened to be made a party or is otherwise involved, or to which the director or officer was or is a party, is threatened to be made a party or is otherwise involved by reason of service in certain capacities. Under the indemnification agreements, if required by the Delaware General Corporation Law, an advancement of expenses incurred will be made upon delivery to us of an undertaking to repay all advanced amounts if it is ultimately determined by final adjudication that the officer or director is not entitled to be indemnified for such expenses. The indemnification agreements allow directors and officers to seek court relief if indemnification or expense advances are not received within specified periods, and obligate us to reimburse them for their expenses in pursuing such relief in good faith.

- (3) The amounts in these columns were calculated by multiplying the closing price of our Common Stock on the NYSE on December 31, 2015, the last trading day in 2015, which was \$74.67, by the number of shares of stock that have not vested.
- (4) Except as noted in footnote 5 below, the amounts in this column reflect the maximum performance shares for the performance shares granted pursuant to the 2014 LTI and the threshold performance shares for the performance shares granted pursuant to the 2015 LTI Programs, in each case which may be earned upon certification by the Compensation Committee of achievement of pre-determined performance goals for the performance period ending December 31, 2016 and December 31, 2017, respectively. See Compensation Discussion and Analysis for more information on 2015 LTI Program. For information on the 2014 LTI Program, see the Compensation Discussion and Analysis in the Company's 2015 Proxy Statement filed with the Securities and Exchange Commission on April 6, 2015. Actual amounts earned may be more or less than reflected depending on whether such performance shares are earned at the threshold, target or maximum level. If earned, these shares will vest on the later of (a) February 28, 2017 for the 2014 LTI Program and February 23, 2018 for the 2015 LTI Program or (b) the date the Compensation Committee certifies the achievement of the related performance targets. Performance shares that are not earned within the applicable performance period are forfeited.
- (5) This amount represents a one-time retention award that was granted to Mr. Starling on February 18, 2015, in which 20,000 shares may be earned upon certification by the Compensation Committee of achievement of pre-determined performance goals for the performance period ending December 31, 2015 and 10,000 shares may be earned upon certification by the Compensation Committee of achievement of pre-determined performance goals for the performance period ending December 31, 2016.

- (1) The amounts in these columns were calculated by multiplying the number of shares of stock by the fair market value of our Common Stock on the NYSE on the exercise/vesting date, or if the market was not open on such date, the fair market value of our Common Stock on the NYSE on the next preceding trading date and for options subtracting the exercise price multiplied by the number of shares. For awards granted prior to November 1, 2008, the fair market value was calculated by averaging the high and low stock price. For awards granted after November 1, 2008, the fair market value equaled the closing price.
- (2) 6,138 of these shares became non-forfeitable due to the fact that Mr. Starling meets the retirement criteria under the 2008 Plan; however, they remain subject to sale and transfer restrictions.

Potential Payments Upon Termination

Of Employment or Change in Control

As described above in the section titled Narrative to the Summary Compensation Table, each of our Named Executive Officers is a party to an employment agreement. Each agreement provides certain benefits in the event of the termination of the U.S. Named Executive Officer's employment without cause or after a change in control. The agreements do not provide for any benefits in the event of the termination of employment resulting from death, disability or retirement. We believe that providing certain severance protections in the event of a change in control plays an important role in attracting and retaining key executive officers. The Compensation Committee believes the severance benefits are an appropriate and necessary component of each Named Executive Officer's compensation package.

The severance benefits described below are required to be provided pursuant to the terms of employment agreements with our Named Executive Officers. These agreements may only be amended with the consent of the U.S. Named Executive Officer.

Severance Benefits Other than After a Change in Control

U.S. Named Executive Officers. Each of Messrs. Starling's, Upchurch's, Ottensmeyer's, and Hancock's employment agreement provides that in the event of termination of employment without cause for any reason other than a change in control, death, disability or retirement, such Named Executive Officer will receive one year of salary, payable in equal installments over a twelve-month period at the rate in effect immediately prior to the termination of his employment. Additionally, each is entitled to a continuation of health and life insurance costs for twelve months. After termination of employment without cause for any reason other than a change in control, death, disability or retirement, the U.S. Named Executive Officer would not be entitled to accrue or receive benefits under any other employee benefit plan under the current provisions of such plans.

As part of his employment agreement, each of the U.S. Named Executive Officers has agreed not to use or disclose any trade secrets of the Company or any of its affiliates, as applicable, after any termination of his employment. Severance payments are conditioned upon the U.S. Named Executive Officer's waiver of any claims against the Company upon termination. In addition, each U.S. Named Executive Officer has agreed not to compete with the business of the Company in the geographic area in which the Company operates for a period of one year following the date of termination (other than in the event of a change in control, with respect to Messrs. Ottensmeyer, and Hancock). They have also agreed for a period of one year following the date of termination (other than in the event of a change in control with respect to Messrs. Ottensmeyer, and Hancock) not to (i) divert business from the Company, (ii) accept any business of any customer or prospective customer of the Company with whom the U.S. Named Executive Officer had any contact or association or who was under the U.S. Named Executive Officer's supervision, or the identity of whom was learned by the U.S. Named Executive Officer as a result of his employment with the Company, whether or not solicited by the U.S. Named Executive Officer or (iii) induce, solicit or cause any employee of the Company to leave the employ of the Company.

None of the U.S. Named Executive Officers is eligible to receive payments or benefits upon a voluntary termination of employment or a termination of employment for cause.

Mr. Zozaya. For 2015, Mr. Zozaya is the only Named Executive Officer employed in Mexico. We are required under Mexican law to provide certain termination benefits to all employees employed in Mexico, including any Named Executive Officers. We have provided additional termination benefits to Mr. Zozaya, as described below, in order to remain competitive with benefits offered in the local country market, as well as to facilitate our retention and recruitment efforts.

Upon a termination of employment without cause, Mr. Zozaya is entitled under Mexican law to a severance payment equal to a minimum of ninety days' integrated salary (consisting of base salary plus benefits), plus an additional payment equal to twenty days' integrated salary for each year of service with KCSM. In addition and as required by Mexico law, as of December 31, 2015, Mr. Zozaya would be eligible to receive a seniority premium equal to Ps. 17,466.3 per year for each year of service for KCSM (which if converted at a conversion rate of 17.2065 Mexican pesos per U.S. dollar, the conversion rate reported by Banco de México on December 31, 2015, would equal \$1,015.10 per year).

If Mr. Zozaya's employment with KCSM is terminated, whether or not the termination was for cause, he would receive a payment equal to the value of any earned but unpaid Christmas bonus, vacation days, vacation premium, food stipend and savings plan balance. The Christmas bonus is paid on a pro rata calendar year basis, while the vacation premium is paid on an annual pro rata basis that commences on each anniversary of the employee's seniority date. Because the food stipend is paid to Mr. Zozaya on a monthly basis, he is only eligible to receive a pro rata payment of the amount earned but not paid in the month of termination. Finally, Mr. Zozaya would receive a payment equal to the account balance of his savings plan, including all amounts contributed to the plan by the Company.

Mr. Zozaya is not eligible to receive payments upon a voluntary termination of employment or a termination of employment for cause, other than the payment of the earned but unpaid Christmas bonus, vacation premium, food stipend and savings plan balance, as each is described in the immediately preceding paragraph.

Severance Benefits Following a Change in Control

Summary of Benefits. In the event of a termination of employment by the Company without cause in the case of our U.S. Named Executives Officers, or without just cause in the case of Mr. Zozaya, or a resignation by a U.S. Named Executive Officer for good reason (as defined below), or a resignation for unjust causes in the case of Mr. Zozaya, within a two-year period after a change in control, the executives receive the following benefits pursuant to the terms of their respective employment agreements:

Cash Severance (paid in a lump sum, less any amounts paid over 12 months as described above for a termination without cause)

Starling: Salary x 2 x 1.75

Upchurch: Salary x 2 x 1.60

Ottensmeyer: Salary x 2 x 1.75

Zozaya: Salary x 2 x 1.00 (subject to adjustment as described below)

Hancock: Salary x 2 x 1.60

Become immediately vested.

Medical, prescription and dental continue for all other U.S. Named Executive Officers for one year at the rate that would be charged to an active employee with similar coverage.

Termination Provisions of Employment Agreements of U.S. Named Executive Officers

Definition of cause and good reason. The employment agreements of Messrs. Starling, Upchurch, Ottensmeyer and Hancock generally define cause in the context of a termination of employment prior to a change in control to include:

breach of the executive's employment agreement by the executive;

dishonesty involving the Company;

gross negligence or willful misconduct in the performance of his duties;

failure to substantially perform his duties and responsibilities, including willful failure to follow reasonable instructions of the Board, President or other officer to whom he reports;

breach of an express employment policy;

fraud or criminal activity;

embezzlement or misappropriation; or

breach of fiduciary duty to the Company.

The employment agreements of the U.S. Named Executive Officers generally define cause in the context of a termination of employment after a change in control to mean commission of a felony or a willful breach of duty, but excluding:

bad judgment or negligence;

an act or omission believed by the executive in good faith to be in or not opposed to the interest of the Company, without intent to gain a profit to which he is not entitled;

an act or omission with respect to which a determination could be made by the Board that the executive met the standard of conduct entitling him to indemnification by the Company; or

an act or omission occurring more than twelve months before the date on which any member of the Board knew or should have known about it.

The employment agreements of the U.S. Named Executive Officers generally define "good reason" in the context of a resignation by the executive after a change in control to include:

assignment to the executive of duties inconsistent with his position, authority or duties that result in a diminution or other material adverse change in his position, authority or duties;

a material change in the geographic location where he performs his services;

a material diminution in compensation; or

any other action or inaction by the Company that constitutes a material breach of the agreement.

Triggering Events. The employment agreements of the U.S. Named Executive Officers generally provide that the following events (which we also refer to as "triggering events") constitute a "change in control":

a majority of the members of the Company's Board is replaced during any twelve-month period with directors whose appointment or election was not endorsed by a majority of the members of the Company's Board, in office immediately prior to the date of such appointment or election; or

any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) or group has acquired during a twelve-month period ending on the date of the most recent acquisition by such person or group ownership of stock of the Company possessing 30% or more of the total voting power of the outstanding stock of the Company; or

Table of Contents

KANSAS CITY SOUTHERN

any person or group has acquired ownership of stock of the Company that constitutes more than 50% of the total fair market value or total voting power of the outstanding stock of the Company; or

any person or group has acquired during a twelve-month period ending on the date of the most recent acquisition by such person or group assets of the Company that have a total gross fair market value of more than 40% of the total gross fair market value of all of the assets of the Company immediately before such acquisition.

Termination Provisions of Mr. Zozaya's Employment Agreement

Summary of Benefits. Mr. Zozaya entered into an amendment to his employment agreement in May 2009. Pursuant to the terms of this amendment, in the event of a termination of employment by KCSM without just cause or a resignation by Mr. Zozaya for unjust cause (as defined below) within a two year period after a change in shareholder control (as defined below), (a) Mr. Zozaya will be eligible to receive, in addition to any other severance benefits for which he is eligible under Mexican law, a lump sum payment equal to the product of (i) the rate of his annual base salary as of the date of termination, multiplied by (ii) two and less (iii) the aggregate amount of other severance payments for which he is eligible under Mexican law, (b) any unvested or unexercisable equity awards shall become immediately vested or exercisable, as applicable, and (c) if applicable, Mr. Zozaya will have the opportunity to purchase the executive vehicle assigned to him at the time, in accordance with KCSM's vehicle policy. In addition, KCSM will transfer the right to Mr. Zozaya to use the telephone number corresponding to the cellular telephone assigned to him by KCSM.

In addition to the above, if Mr. Zozaya's employment with KCSM is terminated, whether or not the termination was for cause, he would receive a payment equal to the value of any earned but unpaid Christmas bonus, vacation premium, food stipend and savings plan balance as described above in the description of his severance benefits other than after a change in control.

Definition of just cause and with cause. The employment agreement of Mr. Zozaya generally defines just cause or with cause in the context of a termination of employment following a change in shareholder control to include the rescission of employment by KCSM without liability to KCSM as provided for by the Federal Labor Law of Mexico, including termination for the commission of any criminal offense or the failure of the executive to comply with his obligations while performing his duties.

Definition of unjust cause or without just cause. The employment agreement of Mr. Zozaya generally defines unjust cause or without just cause in the context of a resignation by him following a change in shareholder control to include any of the following events:

a significant reduction or other significant negative change in the responsibilities, powers or duties of the executive;

a reduction of the remunerations of the executive;

KCSM requiring the executive to perform his regular duties from any office or site located more than sixty kilometers from the place where he had performed his duties prior to receiving such order; or

any other action or omission on the part of KCSM that would constitute a breach of the executive's employment agreement or a violation of the Federal Labor Law of Mexico.

Triggering Events. Mr. Zozaya's employment agreement generally provides that the following events (which we refer to as triggering events) constitute a change in shareholder control:

the majority of the members of the KCS Board of Directors are replaced during any twelve-month period with directors whose election or appointment was not submitted or resolved by the majority of the members of the KCS Board of Directors serving immediately prior to such election or appointment; or

Table of Contents

KANSAS CITY SOUTHERN

any person or group of persons has acquired during a twelve-month period ending on the date of the most recent acquisition by such person or group of ownership of stock of KCS possessing 30% or more of the total voting power of the outstanding stock of KCS; or

any person or group has acquired ownership of stock of KCS that constitutes more than 50% of the total fair market value or total voting power of the outstanding stock of KCS; or

any person or group has acquired during a twelve-month period ending on the date of the most recent acquisition by such person or group assets of KCS that have a total gross fair market value of more than 40% of the total gross fair market value of all of the assets of KCS immediately before such acquisition; or

any individual person or legal entity or any group of persons other than KCS or its affiliates, subsidiaries, or related entities (the KCS Group), directly or indirectly acquires ownership of more than 50% of the outstanding stock of KCSM; or

any individual person or legal entity or any group of persons other than the KCS Group acquires KCSM assets representing a gross fair market value of more than 51% of the total gross fair market price for all KCSM assets immediately prior to such acquisition; or

the majority of the members of the KCSM Board of Directors is replaced with board members whose appointment or election has not been approved by the entities of the KCS Group that are stockholders in KCSM.

Double-Trigger Severance Benefits

Severance benefits under the employment agreements for our Named Executive Officers do not become due only upon a change in control. Severance benefits are payable upon a termination of employment without cause or a resignation for good reason within a two-year period after a change in control. Requiring that a termination of employment without cause or a resignation for good reason after a change in control before certain compensation and benefits are available is called a double trigger. We believe a double trigger for severance benefits is in the best interest of our stockholders because it:

encourages executives to help transition through a change in control;

mitigates any potential disincentive for the executives when they are evaluating and/or implementing a potential change in control, particularly when the acquiring company may not require the services of our executives; and

protects executives from termination of employment without cause or an adverse change in position following a change in control.

Reasonableness of Change in Control Severance Payments

The post-employment termination compensation and benefits described above are required under the terms of employment agreements with the Named Executive Officers and, with respect to Mr. Zozaya, applicable Mexican law. These benefits may be amended only with the consent of the executive, or not at all in the case of benefits required under Mexican law, and in all events cannot be changed unilaterally. In 2013, the Compensation Committee asked the Compensation Consultant to perform a competitive analysis of the Company's employment agreements with respect to the reasonableness of the change in control severance payments thereunder. The Compensation Consultant advised that the potential financial impact of change in control severance arrangements in the general marketplace was approximately 1-3% of the transaction value. Based on the results of this information and the analysis performed by the Compensation Consultant, which were presented to the Compensation Committee in February 2013, the Compensation Committee determined that the benefits included and amounts paid under these agreements, including amounts paid upon a change of control of the Company, were reasonable and not in excess of predominant market practices and were consistent with the compensation philosophy adopted by the Compensation Committee.

Other Compensatory Plans that Provide Benefits on Retirement or Termination of Employment

Described below are the portions of our compensation plans in which the accounts of Named Executive Officers become vested as a result of (a) their retirement, death, disability or termination of employment, (b) a change in control of us, or (c) a change in the Named Executive Officer's responsibilities following a change in control.

KCS 401(k) Plan. Participants, including our U.S. Named Executive Officers, are fully vested in their accounts under the KCS 401(k) Plan, other than their matching contributions. Subject to certain exceptions, Company matching contributions vest as follows: 20% vesting after two years of service, 40% after three years of service, 60% after four years of service and 100% after five years of service. Vesting is accelerated in the case of retirement at age 65, death or disability or upon a change in control of us (as defined in the KCS 401(k) Plan). Distribution of benefits under the KCS 401(k) Plan will be made in connection with a participant's death, disability, retirement or other termination of employment. Subject to certain restrictions, a participant may elect whether payment of his or her benefits will be in a lump sum or installments. Benefits are normally paid in cash. However, to the extent a participant's accounts are invested in whole shares of our Common Stock, the participant may elect to receive distributions of benefits under the KCS 401(k) Plan in cash, whole shares of our Common Stock, or in a combination of cash and whole shares of our Common Stock.

2008 Plan. Subject to the terms of the specific award agreements, under the 2008 Plan, the termination of affiliation of a grantee of an award by reason of death, Disability, Retirement or on account of a Change of Control (as such terms are defined in the 2008 Plan) may accelerate the ability to exercise an award.

Death or Change of Control. Upon the death, or upon the termination of affiliation on account of a Change of Control, of a grantee of an award under the 2008 Plan, unless otherwise specified in the award agreement:

- (i) the grantee's restricted shares and restricted share units, if any, that were forfeitable will become nonforfeitable,
- (ii) any options or stock appreciate right (SAR) not exercisable at that time will become nonforfeitable and exercisable and the grantee's personal representative or other transferee upon death may exercise such options or SARs up to the earlier of the expiration of the option or SAR term, one year after the death of the grantee, or ten years from the grant date of the award,
- (iii) the benefits payable with respect to any performance share or performance unit for which the performance period has ended will become nonforfeitable, and the benefits payable with respect to any performance share or performance unit for which the performance period has not ended will become nonforfeitable in the amount that would be earned for such performance period if the performance goals for such performance period were met at target, and
- (iv) any shares subject to a deferred stock award will become nonforfeitable.

Disability or Retirement. Upon the termination of affiliation by reason of Disability or Retirement of a grantee of an award under the 2008 Plan, unless otherwise specified in the award agreement:

(i) the grantee's restricted shares and restricted share units, if any, that were forfeitable will become nonforfeitable in a number determined by multiplying the total number of restricted shares and restricted share units by a fraction, the numerator of which is the number of twelve-month periods of employment commencing on the grant date that have been completed by the grantee, and the denominator of which is the total number of twelve-month periods in the period of restriction,

(ii) any options or SARs not exercisable at that time will become nonforfeitable and exercisable and the grantee or the grantee's legal representative (or the grantee's transferee upon the death of the grantee) may exercise such options or SARs up to the earliest of the expiration of the option or SAR term, one year following the grantee's termination of affiliation by reason of Disability, five years following the grantee's termination of affiliation by reason of Retirement (for options granted prior to February 2015) or 10 years from the grant date of the award,

(iii) the benefits payable with respect to any performance share or performance unit for which the performance period has ended will become nonforfeitable, and the benefits payable with respect to any performance share or performance unit for which the performance period has not ended will be forfeited, and

(iv) any shares subject to a deferred stock award will become nonforfeitable.

Other Termination of Affiliation. Upon the termination of affiliation of a grantee of an award under the 2008 Plan for any reason other than death, Disability, Retirement, or on account of a Change of Control, then, unless otherwise specified in the award agreement:

(i) the grantee's restricted shares and restricted share units, if any, that were forfeitable on the date of the grantee's termination of affiliation, are forfeited on that date;

(ii) any options or SARs not exercisable at that time will be forfeited, and any options or SARs that are vested and exercisable or become exercisable at that time may be exercised by the grantee up to the earlier of the expiration of the option or SAR term, three months following the grantee's termination of affiliation, or ten years from the grant date of the award; provided, however, that if termination of affiliation is for Cause (as defined in the 2008 Plan), then any unexercised options or SARs will be forfeited;

(iii) the benefits payable with respect to any performance share or performance unit for which the performance period has ended but which are not vested will be forfeited, and the benefits payable with respect to any performance share or performance unit for which the performance period has not ended will be forfeited; and

(iv) any nonvested shares subject to a deferred stock award will be forfeited.

1991 Plan. Subject to the terms of the specific award agreements, under the 1991 Plan, the death or disability, retirement or other Termination of Affiliation (as such terms are defined in the 1991 Plan) of a grantee of an award or a Change of Control (as defined in the 1991 Plan) may accelerate the ability to exercise an award, as described below.

Death, Disability or Retirement. Upon the death, disability or retirement of a grantee of an award under the 1991 Plan,

(i) the grantee's restricted shares, if any, that were forfeitable will become nonforfeitable unless otherwise provided in the specific award agreement,

(ii) any options or SARs not exercisable at that time become exercisable and the grantee (or his or her personal representative or transferee under a will or the laws of descent and distribution) may exercise such options or SARs up

to the earlier of (A) the expiration of the option or SAR term or (B) 12 months from the date of death or disability or five years from the date of retirement, and

(iii) the benefits payable with respect to any performance share or performance unit for which the performance period has not ended will be determined based upon a formula described in the 1991 Plan or the applicable award agreement.

Change of Control. Upon a Change of Control (as defined in the 1991 Plan);

- (i) a grantee's restricted shares, if any, that were forfeitable become nonforfeitable;
- (ii) any options or SARs not exercisable at that time become immediately exercisable;
- (iii) we will pay to the grantee, for any performance share or performance unit for which the performance period has not ended as of the date of the Change of Control, a cash payment based on a formula described in the 1991 Plan or the applicable award agreement, and
- (iv) all SARs (which may be granted in tandem with options awarded under the 1991 Plan) are automatically exercised upon a Change of Control that is not approved by our Incumbent Board (as such terms are defined in the 1991 Plan). Upon exercise of an SAR, the grantee may receive a cash payment based upon the difference between the fair market value on the date of the Change of Control or other specified date and the per share exercise price of the related option and the related option is canceled.

Termination of Affiliation. If a grantee has a Termination of Affiliation (as defined in the 1991 Plan) for any reason other than for Cause (as defined in the 1991 Plan), death, disability or retirement, then

- (i) the grantee's restricted shares, if any, to the extent forfeitable on the date of the grantee's Termination of Affiliation, are forfeited on that date;
- (ii) any unexercised options or SARs, to the extent exercisable immediately before the grantee's Termination of Affiliation, may be exercised in whole or in part, up to the earlier of the expiration of the option or SAR term or three months after the Termination of Affiliation; and
- (iii) any performance shares or performance units for which the performance period has not ended as of the Termination of Affiliation will terminate immediately upon that date.

Certain Award Agreements under 2008 Plan. Certain award agreements provide for alternate termination provisions than those provided for in the 2008 Plan.

Restricted Shares Award Agreements for newly hired or promoted executives provide that if there is a termination of affiliation by reason of retirement prior to vesting, then for every consecutive twelve-month period of employment completed during the period beginning on the grant date and ending on the date of termination of affiliation by reason of retirement, 1/5 of the number of restricted shares will vest and no longer be subject to restriction.

Restricted Shares and Performance Shares Award Agreements for the 2013 LTI Program and 2014 LTI Program provide that the restricted shares will vest and no longer be subject to restrictions upon a termination of affiliation by reason of a disability prior to vesting. Additionally, for the performance shares, if there is a termination of affiliation due to a disability prior to vesting, then upon such termination of affiliation the executive will be deemed to have earned a number of shares determined as if the Performance Goals were at target. Also, for the performance shares, if there is a termination of affiliation prior to vesting due to retirement, a portion of the performance shares will be forfeited where the forfeited portion shall equal the number of performance shares times a fraction, the numerator of which is the total number of remaining whole months in the performance period and the denominator of which is thirty-six months. The portion of performance shares not forfeited pursuant to the foregoing shall be earned based on the applicable performance percentage achieved and shall be paid on the later of the vesting date or the date the results are certified.

Restricted Shares Award Agreements used for our Executive Plan provide that restricted shares will no longer be subject to restrictions upon a termination of affiliation due to retirement prior to vesting.

Restricted Shares and Stock Option Award Agreements generally provide that all awards become fully vested or exercisable upon a Change of Control.

Trusts Securing the Rights of the Officers, Directors, Employees and Former Employees

We have established a series of grantor trusts (commonly referred to as "rabbi trusts") that are intended to secure the rights of our officers, directors, employees, former employees and others (each a "Beneficiary") under various contracts, benefit plans, agreements, arrangements and commitments. The function of each trust is to receive contributions from us and, following a change in control of the Company (as defined by the trust), if we fail to honor certain obligations to a Beneficiary, the trust shall distribute to the Beneficiary amounts accumulated in such Beneficiary's trust account, or in the general trust account, to discharge such obligations as they become due, to the extent of available trust assets. The trusts require that we be solvent as a condition to making distributions. Trusts have been established with respect to the employment continuation commitments under employment agreements, the Executive Plan, the Directors Deferred Fee Plan, indemnification agreements, the 1991 Plan, the 2008 Plan and our charitable contribution commitments, among others. New trusts were executed on February 24, 2011. The new trusts are revocable by the Board of Directors until a change in control of the Company. KCSR has established similar trusts tied to any failure by KCSR to honor its obligations to beneficiaries following a change in control of KCSR.

Tables Summarizing Payments Upon Employment Termination

The following tables summarize the estimated payments that would be made under each contract, agreement, plan or arrangement which provides for payments to a Named Executive Officer at, following, or in connection with any termination of employment, including by resignation, retirement, disability, or dismissal or resignation for good reason following a change in control. None of our Named Executive Officers are eligible to receive payments upon a voluntary resignation or a termination for cause (as defined above), except that because Mr. Starling meets the definition of "retirement" under the 1991 Plan and the 2008 Plan in that each is over 55 years old and has over ten years of service to KCS, he has restricted stock that is non-forfeitable and would be payable upon a voluntary resignation. In accordance with SEC regulations, we do not report any amount to be provided under any arrangement which does not discriminate in scope, terms or operation in favor of our Named Executive Officers and which is available generally to all salaried employees in the United States or Mexico, as applicable. The following tables do not repeat information provided in the Summary Compensation Table or the Outstanding Equity Awards at Year-End Table, except to the extent the amount payable would be enhanced by the termination event.

For purposes of the quantitative disclosure in the following tables, and in accordance with SEC regulations, we have assumed that the termination took place on December 31, 2015, the last trading day in 2015, and that the price per share of our Common Stock was \$74.67, the closing market price on that date.

Director Compensation

This section describes the compensation paid to our directors. Only directors who are not members of management receive compensation for service as a director. David L. Starling, our CEO, serves on our Board, but is not paid any compensation for his service on the Board. His compensation as an executive is described in the Summary Compensation Table included in this Proxy Statement.

Director Fees

Director Compensation Practices

The Compensation Committee recommends each component of director compensation to the Board. The Compensation Committee seeks to recommend competitive compensation packages that include both cash and stock components. The Board does not delegate its authority for determining director compensation to any other person.

In recommending director compensation, the Compensation Committee may consider, and determine the weight it will give to, any combination of the following:

market competition for directors;

securities law and NYSE independence, expertise and qualification requirements;

director compensation provided by peer group companies selected by the Compensation Committee with the assistance of the Compensation Consultant;

directors' duties and responsibilities; and

director retention.

Director Compensation Program

Under the current director compensation program (the Director Compensation Program), each non-management director receives the following compensation for his or her service as a member of the Board:

Annual Retainers for Board and Committee Membership

Type	Amount
Annual Board retainer	\$ 50,000
Chair of the Board retainer	\$ 60,000
Audit Committee Chair	\$ 10,000
Compensation Committee Chair	\$ 7,000
Executive Committee Chair	\$ 15,000
Finance Committee Chair	\$ 7,000
Nominating Committee Chair	\$ 7,000
Audit Committee Membership	\$ 5,000

Fees per Meeting Attended

Type	Amount

Director Stock Awards

Under the Director Compensation Program, each non-management director is awarded a grant of Common Stock under the 2008 Plan on the date of each annual meeting, which vests immediately. The grant is for a number of shares equal to approximately \$90,000 in value. Following the 2015 annual meeting of stockholders, each director was awarded 890 shares of Common Stock calculated using an average closing price of \$101.07 per share.

Director Stock Ownership Guidelines

The Board has adopted stock ownership guidelines for directors that require each director to beneficially own shares of our Common Stock with a fair market value equal to at least five times the base annual retainer for serving as a Board member (currently $5 \times \$50,000 = \$250,000$). Restricted stock granted to directors will count toward this requirement. Directors must achieve this ownership level within five years from the date of their election to the Board. All of the directors currently meet this stock ownership requirement.

Director Expense Reimbursement

In addition to compensating the directors as discussed above, we also reimburse the directors for their expenses in attending Board and Committee meetings.

Directors' Fee Deferral Plans

Directors are permitted to defer receipt of directors' cash fees and retainers under an unfunded Directors' Deferred Fee Plan (which we refer to as the "Deferred Fee Plan") adopted by the Board. Earnings on deferred fees and earnings credited to the director's account are determined by the hypothetical investment of deferred fees based on the director's election among investment options designated by us from time to time for the Deferred Fee Plan. An underlying investment rate determined from time to time by the Board (currently the rate on United States Treasury securities with a maturity of 10 years plus one percentage point, adjusted annually on July 1) is used to credit with interest any part of a director's account for which a mutual fund has not been designated as the hypothetical investment. A director's account value will be paid after the director ceases to be a director of KCS. Amounts deferred, including related earnings, will be paid either in installments or a lump sum, as elected by the director. Distributions under the Deferred Fee Plan are allowed prior to cessation as a director in certain instances as approved by the Board. The Board may designate a plan administrator, but in the absence of such designation, the Corporate Secretary of KCS will administer the Deferred Fee Plan. Mr. McDonnell participated in the Deferred Fee Plan during 2015.

In 2011, the Board adopted the Director Deferred Stock Program (the "Deferred Stock Program"). Under the Deferred Stock Program, cash retainers paid each year may be deferred into shares of KCS common stock. Meeting fees are not eligible for the Deferred Stock Program. Directors may defer a percentage or a specific dollar amount into KCS common stock. The number of shares granted under the Deferred Stock Program will be equal to (a) the aggregate value of annual cash retainers elected to be deferred, divided by (b) the fair market value per share on the grant date. The stock is 100% vested, but has no voting rights. Dividend equivalents (if any) will also be credited to the KCS deferred stock account. Directors may elect the date that distribution of the deferred shares occurs. They may

also choose to receive payment in either lump sum or installments (up to 5 years). Payment will be accelerated in the event of a change in control of KCS or the director's death. Mr. Druten participated in the Deferred Stock Program during 2015.

Certain Transactions

The Board of Directors is empowered to review, approve and ratify any transactions between the Company and related persons, as that term is defined by Item 404 of Regulation S-K. The charter of the Nominating Committee contains procedures for the review of related person transactions and the reporting of such transactions by the Nominating Committee to the full Board of Directors for approval or ratification. These transactions, which include any financial transaction, arrangement or relationship or any series of similar transactions, are reviewed for approval or ratification for any transaction between the Company and its directors, director nominees, executive officers, greater than five percent beneficial owners and their respective immediate family members, where the amount involved in the transaction exceeds or is expected to exceed \$120,000 in a single fiscal year. The Nominating Committee has directed the Corporate Secretary to review on behalf of the Nominating Committee responses to annual director and officer questionnaires to determine whether any related person has, or has had, a direct or indirect material interest in any transaction with the Company or its subsidiaries, other than the receipt of ordinary director or officer compensation in the last fiscal year. The charter of the Audit Committee contains procedures designed to ensure that any related person transactions that are ratified or approved by the Nominating Committee are properly reported by the Company in its financial statements and SEC filings.

The policy outlined in the Nominating Committee Charter provides that the Nominating Committee reviews certain transactions subject to the policy and determines whether or not to approve or ratify those transactions. In doing so, the Nominating Committee takes into account, among other factors it deems appropriate:

the significance of the transaction to the Company;

the best interests of the Company's stockholders;

the materiality of the transaction to the related person;

whether the transaction is significantly likely to impair any judgments an executive officer or director would make on behalf of the Company;

the Company's Code of Business Conduct and Ethics;

whether a related person serves on the Compensation Committee and if so, whether such continued service is appropriate in accordance with the Compensation Committee charter; and

whether the terms of the transaction are more favorable to the Company than would be available from an unrelated third party.

There were no related party transactions in 2015.

Section 16(a) Beneficial Ownership

Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and certain other officers and persons who own more than 10 percent of our Common Stock or Preferred Stock (collectively Reporting Persons), to file reports of their ownership of such stock and changes in such ownership with the SEC, the NYSE and KCS (the Section 16 Reports). Based solely on a review of the Section 16 Reports for 2014 and any amendments thereto furnished to us and written representations from certain of the Reporting Persons, we believe no Reporting Person was late in filing such Section 16 Reports for fiscal year 2015.

Stockholder Proposals for 2017 Annual Meeting

Our Bylaws set forth the advance notice requirements that stockholders must follow in order to either make a director nomination or bring any other business at any annual or special meeting of the stockholders, and explicitly provide that the procedure provided in the Bylaws is the exclusive means for a stockholder to make such nominations or proposals (other than proposals submitted for inclusion in the proxy statement governed by Rule 14a-8 of the Exchange Act). The Bylaws provide that to be properly brought before a meeting, a proposal must be brought (i) pursuant to our proxy materials with respect to such meeting, (ii) by or at the direction of the Board of Directors, or (iii) by a stockholder who (A) was a stockholder of record both at the time of giving of notice for the meeting and at the time of the meeting and is entitled to vote at the meeting and (B) has timely complied in proper written form with the procedures set forth in the Bylaws. In addition, the Bylaws (A) expand the required disclosure regarding stockholders making proposals or nominations to include, among other things, disclosure of all ownership interests, class and number of shares owned, hedges, derivative and or short positions, hedging or other transactions, profit interests, options, any voting or dividend rights with respect to any shares of securities of the Company, any material interests of the stockholder (and beneficial owner, if any) in the nomination or proposal, and any other information that would be required in a solicitation of proxies for the nomination or proposal, and (B) require a stockholder nominating a person for election as a director to include in the advance notice certain biographical information about each such nominee, a fully completed Director's Questionnaire on the form supplied by the Company, a written representation of such nominee as to any voting commitments or related transactions, and an agreement by such nominee to comply with the Company's corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines.

If a holder of our Common Stock wishes to present a proposal for inclusion in our proxy statement for next year's annual meeting of stockholders, the proposal must be made in accordance with the applicable laws and rules of the SEC and the interpretations thereof, as well as our Bylaws. Any such proposal should be sent to our Corporate Secretary at P.O. Box 219335, Kansas City, Missouri 64121-9335 (or if by express delivery to 427 West 12th Street, Kansas City, Missouri 64105) and must be received no later than December 6, 2016.

(o) Performance Year shall mean the calendar year of the Company.

(p) Plan shall mean the Kansas City Southern Annual Incentive Plan, as set forth herein, as from time to time amended.

(q) Qualified Performance-Based Award shall mean an Award to a Covered Employee that is intended to meet the qualified performance-based compensation exception contained in Section 162(m)(4)(C) of the Code.

(r) Retirement shall mean an Employee's separation of employment from the Company with an immediate eligibility to receive a retirement annuity per the provisions of the Railroad Retirement Board.

(s) Target Award shall mean an Award level that may be paid if the target level of the Performance Goal(s) is achieved in the Performance Year.

(t) Threshold Award shall mean an Award level that may be paid if the threshold level of the Performance Goal(s) is achieved in the Performance Year.

3. ELIGIBILITY and PARTICIPATION. A Participant must be employed by the Employer on the last business day of the Performance Year in order to be eligible to receive an Award, except in the cases of Retirement, death or Disability.

4. DETERMINATION OF AWARDS.

(a) Establishment of Performance Goal(s) and Awards. The Company shall establish objective Performance Goals for each Award after the beginning of each Performance Year subject to the approval of the Committee. The Performance Goals may be based upon the performance of the Company, the Employer, or any operating unit level, division or function thereof, and may be applied either alone or relative to the performance of other businesses or individuals (including industry or general market indices), based on one or more of the Performance Measures. Performance Goals may be expressed as whole dollar amounts, percentages or growth rates. Performance Goals will be determined each year by the senior management of the Company, with consultation from other third party sources, and are subject to the approval of the Committee.

The Company shall also establish, subject to the approval of the Committee, the Threshold Award, Target Award and Maximum Award payable to the Participant if the Performance Goal(s) is achieved. Threshold Awards, Target Awards and Maximum Awards will be expressed as a percentage of a Participant's Eligible Earnings and correspond to the Participant's designated Award level. No Award will be made under a Performance Measure if results are below the threshold level.

(b) Payment of Awards. The payment of any Award shall be subject to achievement of the applicable Performance Goals and certification by senior management of the Company to the degree to which each of the Performance Goals have been attained. The Committee will consider such certification in its determination hereunder of whether an Award shall be paid and at what level. If a Participant's Target Award level changes during a Performance Year, the amount of the Participant's Award will be computed in proportion to his or her Award level that applied to such Participant each day during such Performance Year.

A-3

Table of Contents

(c) Adjustments to Awards. Subject to the limitations under Section 6, the Committee may, in its discretion, modify the amount of any Award based on such criteria as it shall determine, including, but not limited to, financial results, individual performance, safety performance, business unit and site accomplishments, and other factors tied to the success of the Company or any of its business units. There is no obligation of uniformity of treatment of Participants under the Plan.

(d) Profit Sharing Adjustment. If, under statutory law, a Participant is entitled to a profit sharing payment from the Employer for a calendar year that coincides with a Performance Year, then the Award amount otherwise payable to the Participant hereunder shall be reduced by an amount equal to such statutory profit sharing amount payable to the Participant. If applicable, for purposes of calculating such reduction, the statutory profit sharing amount shall be converted to U.S. dollars in accordance with procedures established hereunder.

5. PAYMENT OF AWARDS.

(a) Time of Payment. An Award shall be paid to a Participant in cash after the Committee has certified in writing that the Performance Goal(s) for the Performance Year have been achieved but in no event later than the 15th day of the third month following the end of such Performance Year. Notwithstanding the foregoing, an Award with respect to a Performance Year to be paid to a Participant that is not subject to income taxation under the laws of the United States, may be paid later than the 15th day of the third month following the end of such Performance Year, but shall not in any event be paid later than the 30th day of the fourth month following the end of such Performance Year. Awards payable to other Participants who have had a termination of employment on account of Retirement, death or Disability during the Performance Year shall be payable in accordance with Section 3(b) of the Plan and at the same time other Participants receive Awards under the Plan. If the Participant dies prior to receiving payment of an Award, any Award payable under the Plan to such Participant shall be paid to the Participant's surviving spouse (if married) or estate (if unmarried).

(b) Withholding. Awards are subject to withholding for applicable federal, state and local taxes.

6. COMPLIANCE WITH SECTION 162(M) OF THE CODE.

(a) Purpose. The purpose of Section 6 of the Plan is to provide the Committee the ability to grant Qualified Performance-Based Awards to Covered Employees, in accordance with Section 162(m)(4)(C) of the Code. This Section 6 of the Plan shall apply only to Qualified Performance-Based Awards granted to Covered Employees and shall supersede any other provision of such Award or this Plan that is inconsistent with this Section 6.

(b) Procedures with Respect to Qualified Performance-Based Awards. Any Qualified Performance-Based Award granted by the Committee to a Covered Employee shall be set forth in writing and shall specify the following:

(i) the Covered Employee to whom the Award is made;

(ii) the Performance Goals applicable to the Performance Year, which shall be specified by the Committee no later than ninety (90) days after the beginning of such Performance Year, but in no event after twenty-five percent (25%) of the applicable Performance Year has elapsed, provided that the outcome is substantially uncertain at the time the Committee establishes such Performance Goals; and

(iii) the amount that may be earned upon attainment of such Performance Goals.

Table of Contents

(c) Payment of Qualified Performance-Based Awards. Except as otherwise permitted under Section 162(m) of the Code, payment of any Qualified Performance-Based Award subject to this Section 6 of the Plan shall be contingent on the attainment of the Performance Goals applicable to such Award. Following the completion of each Performance Year and prior to the payment of such Qualified Performance-Based Award, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Year. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Year. A Covered Employee shall be eligible to receive payment pursuant to a Qualified Performance-Based Award for a Performance Year only if the Performance Goals for such year are achieved.

(d) Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute Qualified Performance-Based Award shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan and/or any Award shall be deemed amended to the extent necessary to conform to such requirements.

7. PLAN ADMINISTRATION.

(a) Administration. The Plan shall be administered by the Committee. The Committee shall have full discretionary authority to establish the rules and regulations relating to the Plan, to interpret the Plan and those rules and regulations, to determine the Awards and the Performance Measures applicable to each Award, to approve all Awards, to decide the facts in any case arising under the Plan, and to make all other determinations and to take all other actions necessary or appropriate for the proper administration of the Plan. In making any determinations under or referred to in the Plan, the Committee shall be entitled to rely on opinions, reports or statements of employees of the Company and of counsel, public accountants, and other professional or expert persons. The Committee's administration of the Plan, including all such rules and regulations, interpretations, selections, determinations, approvals, decisions, delegations, amendments, terminations and other actions, shall be final and binding on the Company and its stockholders and all employees, including Participants and their beneficiaries. No member of the Committee shall be liable for any action taken or determination made in good faith with respect to the Plan or any Award.

(b) Delegation. Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members, and may delegate all or any part of its responsibilities and powers for administering the Plan to one or more persons as the Committee deems appropriate, and at any time may revoke any such allocation or delegation.

8. AMENDMENT OR TERMINATION OF PLAN. The Committee may amend (in whole or in part) or terminate the Plan at any time, effective at such date as the Committee may determine. The Company also may amend (in whole or in part) or terminate the Plan at any time effective as of such date as the Company may determine, provided, however, any such amendment of the Plan by the Company is subject to the approval of the Committee.

9. MISCELLANEOUS PROVISIONS.

(a) Awards Not Transferable. A Participant's right and interest under the Plan may not be assigned or transferred. Any attempted assignment or transfer shall be null and void and shall extinguish, in the Committee's sole discretion, the Company's obligation under the Plan to pay Awards with respect to the Participant.

(b) Effect of Awards on Other Compensation.

1) Awards shall not be considered eligible pay under other plans, benefit arrangements or fringe benefit arrangements of the Company, unless otherwise provided under the terms of other plans.

2) To the extent provided in the applicable benefit plan or benefit arrangement of an Employer, amounts payable as Awards will be reduced in accordance with the Participant's compensation reduction election, if any, in effect under other plans at the time the Award is paid.

(c) No Employment Rights. This Plan is not a contract between the Employer and any employee or Participant. Neither the Plan, nor any action taken hereunder, shall be construed as giving to any Participant the right to be retained in the employ of the Employer. Nothing in the Plan shall limit or affect in any manner or degree the normal and usual powers of management, exercised by the officers and the Board or any committee of the Board, to change the duties or the character of employment of any employee or to remove an individual from the employment of the Employer at any time, all of which rights and powers are expressly reserved.

(d) Unfunded Plan. The Plan shall be unfunded. No Employer shall be required to establish any special or separate fund, or to make any other segregation of assets, to assure payment of Awards. Awards shall be paid solely from the general assets of the Participant's Employer, to the extent the payments are attributable to services for the Employer. To the extent any person acquires a right to receive payments from an Employer under the Plan, the right is no greater than the right of any other unsecured general creditor.

(e) Payment in Shares of Company Common Stock. Notwithstanding any provision in this Plan to the contrary, the Committee may direct that payment of an Award be made in shares of the Company's common stock, in lieu of cash, in accordance with any executive stock ownership guidelines adopted by the Committee. Any such Award paid in shares of the Company's common stock shall be made pursuant to and in accordance with the Kansas City Southern 2008 Stock Option and Performance Award Plan (or any successor plan).

(f) Applicable Law. The Plan shall be governed by the laws of the State of Missouri and applicable federal law.
