PROXY SUMMARY

Fiscal 2016 Performance

Returns to Stockholders

The Company's **stock price** increased 20.4% to \$95.94 per share at fiscal year-end (FYE) 2016, versus \$79.71 at FYE 2015.

We returned more than \$330 million in **cash to stockholders** during fiscal 2016, including over \$290 million in share buybacks and over \$40 million in dividends. The stock also hit a then all-time high of \$102.68 during the fiscal year.

Financial Highlights

Operating Earnings Per Share (Operating EPS⁽¹⁾) increased to \$3.86 per share for fiscal 2016 (versus \$3.00 for fiscal 2015), representing an increase of more than 25%, excluding the \$0.09 benefit from the 53rd week in fiscal 2016. This was the Company's fifth consecutive year of growth in excess of 20%.

Systemwide same-store sales grew 1.4% at Qdoba (on top of a 9.3% increase the prior year) and 1.2% at Jack in the Box (JIB) (on top of the 6.5% increase in fiscal 2015).

Consolidated restaurant operating margin (ROM) was 20.2% of sales, with margins at JIB increasing by 50 basis points to 21.2%.

During fiscal 2016, the Company made progress on **key strategic initiatives**, including reducing our G&A, increasing our borrowing capacity and beginning to implement plans to bring the JIB franchise mix to over 90% of the system.

(1) Operating EPS refers to diluted EPS from continuing operations on a GAAP basis excluding restructuring charges and gains/losses from refranchising. For a reconciliation, please see the Company's current report on Form 8-K and accompanying press release filed November 21, 2016.

Consolidated franchise margin, as a percentage of franchise revenues, improved 140 basis points to 52.9%.

Consistent with the fundamental principle that compensation programs should align pay with performance, the Company's fiscal 2016 performance directly impacted compensation decisions and pay outcomes as described in our Compensation Discussion and Analysis (CD&A) starting on page 44.

Executive Compensation Highlights (Proposal 3)

The Company seeks a non-binding advisory vote from its stockholders to approve the compensation of our named executive officers (NEOs) for fiscal 2016 (Say on Pay). The Board values stockholders' opinions, and the Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

Our CD&A describes the compensation decision-making process, details our programs and policies, and includes a chart showing our **compensation framework and key fiscal 2016 performance measures and pay actions** on page 45.

Our executive **compensation programs** are built on the following principles and objectives:

Competitive target pay structure, including base salary, annual incentive, and long-term incentives that enable us to attract and retain talented, experienced executives who can drive long-term stockholder value.

Pay for performance alignment, with a higher percentage of executive pay in the form of annual and long-term incentives that directly tie payouts to the achievement of incentive goals.

Comprehensive goal setting, with financial, operating, and strategic performance metrics that drive long-term stockholder value.

Incentivizing balanced short- and long-term executive decision making, through variable compensation components using varying timeframes.

Executive alignment with stockholders, through stock ownership and holding requirements.

Sound governance practices and principles in plan design and pay decisions, with the Committee considering both what and how performance is achieved.

Management of compensation risk, by establishing incentive goals that avoid placing too much emphasis on any one metric or performance time horizon, thereby discouraging excessive or unwise risk-taking.

Our stockholders approved each of the prior three years' Say on Pay proposals by over 97% of votes cast.

Table of Contents**PROXY SUMMARY****Compensation Governance Practices**

The company has several governance practices which we believe support the soundness and efficacy of our compensation programs. In short:

What We Do

Compensation Committee composed entirely of independent directors, who meet regularly in executive session without management present. *Pages 22, 51.*

Independent compensation consultant who works exclusively for the Committee (no other work for the Company). *Page 51.*

Robust stock ownership and holding requirements. *Page 56.*

Compensation Risk Committee that analyzes compensation plans, programs, policies and practices. *Page 61.*

Compensation Committee discretion to reduce payouts under incentive plans. *Page 61.*

Clawback policy providing ability to recover incentive cash compensation and performance-based equity awards based on financial results that were subsequently restated due to fraud or intentional misconduct. *Page 58.*

Re-approval of 2004 Stock Incentive Plan for Purposes of IRC 162(m) (Proposal 4)

The Company seeks stockholder re-approval of the Jack in the Box Inc. Stock Incentive Plan (2004 Stock Incentive Plan). Re-approval will allow compensation awarded under the Plan to qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code (IRC). Stockholders are not being asked to approve an increase in the number of shares available for grant under the 2004 Stock Incentive Plan or any other amendment to the terms of the plan. See pages 34-42 for a summary of the Plan, and Exhibit A for the complete Plan.

Frequency of Say on Pay Vote (Proposal 5)

The Company is required to provide stockholders with the opportunity to vote, on a non-binding, advisory basis, for their preference as to the frequency of future advisory votes on the compensation of our named executive officers

(NEOs) (Say on Pay votes). Stockholders may indicate whether they would prefer that we conduct future Say on Pay votes every one, two or three years, or abstain from casting a vote on this proposal. The Board recommends a **one year** vote as the preferred frequency.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

February 28, 2017

QUESTIONS AND ANSWERS

Proxy Materials and Voting Information

1. Why am I receiving these materials?

We sent you these proxy materials because the Board of Directors (sometimes referred to as the Board) of Jack in the Box Inc. (sometimes referred to as the Company, Jack in the Box, we, us, or our) is soliciting your proxy to vote at the 2017 Annual Meeting of Stockholders (the Annual Meeting) and at any postponements or adjournments of the Annual Meeting. The Annual Meeting will be held on February 28, 2017, at 8:30 a.m. Pacific Standard Time at our corporate headquarters located at 9330 Balboa Avenue, San Diego, CA 92123. If you held shares of our common stock on December 30, 2016 (the Record Date), you are invited to attend the Annual Meeting and vote on the proposals

described below under the heading What are my voting choices for each of the items to be voted on at the 2017 Annual Meeting? However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may complete, sign, date, and return the enclosed proxy card. You may also vote over the Internet or by telephone.

The Notice of Annual Meeting of Stockholders (the Notice), Proxy Statement, the enclosed proxy card, and our Annual Report on Form 10-K for the fiscal year ended October 2, 2016, will be mailed to stockholders on or about January 25, 2017.

If you were a holder of Jack in the Box common stock (the Common Stock) either as a *stockholder of record* or as the *beneficial owner of shares held in Street name* as of the close of business on December 30, 2016, the Record Date for the Annual Meeting, you may vote your shares at the Annual Meeting. As of the Record Date, there were 31,630,525

shares of Common Stock outstanding, excluding treasury shares. Company treasury shares will not be voted. Each stockholder has one vote for each share of Common Stock held as of the Record Date. As summarized below, there are some distinctions between shares held of record and those owned beneficially in Street name.

3. What does it mean to be a stockholder of record ?

4. What does it mean to beneficially own shares in Street name ?

If, on the Record Date, your shares were held in an account at a broker, bank, or other financial institution (we will refer to those organizations collectively as broker), then you are the

beneficial owner of shares held in Street name and these proxy materials are being forwarded to you by that broker. The broker holding your account is considered the stockholder of

Table of Contents

QUESTIONS AND ANSWERS

record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct your broker on how to vote the shares in your account. As a beneficial owner, you are invited to attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker giving you the legal right to vote the shares at the Annual Meeting, as well as satisfy the Annual Meeting admission criteria set out in

the Notice. Under the rules that govern brokers, your broker is not permitted to vote on your behalf on any matter to be considered at the Annual Meeting (other than the ratification of the appointment of KPMG LLP as our independent registered public accountants for fiscal 2017) unless you provide specific instructions to the broker as to how to vote. As a result, we encourage you to communicate your voting decisions to your broker before the date of the Annual Meeting to ensure that your vote will be counted.

5. What are my voting choices for each of the items to be voted on at the 2017 Annual Meeting?

Item 1: Election of Directors

QUESTIONS AND ANSWERS

6. What if I return the proxy card to the Company but do not make specific choices?

If you return a signed, dated, proxy card to the Company without making any voting selections, the Company will vote your shares as follows:

FOR the election of all director nominees;

FOR the ratification of the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending October 1, 2017;

FOR, on an advisory basis, approval of the compensation awarded to our named executive officers for the fiscal year ended October 2, 2016, as set forth in this Proxy Statement;

FOR re-approval of the Stock Incentive Plan for purposes of 162(m); and

FOR, on an advisory basis, a **ONE YEAR** vote on Say on Pay.

7. Could any additional matters be raised at the 2017 Annual Meeting?

We are not aware of any other matters to come before the Annual Meeting. If any matter not mentioned herein is properly brought before the Annual Meeting, the persons named in the

enclosed proxy will have discretionary authority to vote all proxies with respect thereto and in accordance with their best judgment.

8. What does it mean if I received more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different

accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

9. How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count FOR, AGAINST, abstentions and broker non-votes (and in the case of the Say on Pay Frequency vote, 1-YEAR, 2-YEAR, and 3-YEAR votes and abstentions). A broker non-vote occurs when your broker submits a proxy card for your shares of Common Stock held in Street name, but does not vote on a particular proposal because the broker has not received voting instructions from you and does not have the authority to vote on that matter without instructions. Under the rules that govern brokers who are voting shares held in Street name, brokers have the discretion to vote those shares on routine matters but not on non-routine matters.

For purposes of these rules, the only routine matter in this Proxy Statement is the ratification of the appointment of our independent registered public accountants. Therefore, if you hold your shares in Street name and do not provide voting instructions to your broker, your broker does not have discretion to vote your shares on any of the proposals at the Annual Meeting except the ratification of the appointment of independent registered public accountants. However, your shares will be considered present at the Annual Meeting for purposes of determining the existence of a quorum, as provided below.

Vote Required for Approval

In the election of directors, you may vote FOR, AGAINST, or ABSTAIN. The Company's Bylaws require that, in an election such as this, where the number of director nominees does not exceed the number of directors to be elected, each director will be elected by the vote of the majority of the votes cast (in person or by proxy) with respect to the director. A majority of votes cast means that the number of shares cast FOR a director's election exceeds the number of votes cast AGAINST that director. For purposes of determining the votes cast, only those votes cast FOR or AGAINST are included. Neither a vote to ABSTAIN nor a broker non-vote will count as a vote cast FOR or AGAINST a director nominee and, as a result, will have no direct effect on the outcome of the election of directors. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present.

In an uncontested election, a nominee who does not receive a majority of the votes cast will not be elected. An incumbent director who is not elected because he or she does not receive a majority of the votes cast will continue to serve, but shall tender his or her resignation to the Board. The Nominating and Governance Committee will take

action to determine whether to accept or reject the director's resignation, or whether other action is appropriate, and will make a recommendation to the Board. Within ninety (90) days following the date of the certification of the election results, the Board will act on the Committee's recommendation and publicly disclose its decision and the rationale for such decision.

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE

We operate within a comprehensive corporate governance structure driving and expecting the highest standards of professional and personal conduct. Our Corporate Governance Principles and Practices, our ethics Code of Conduct, the charters for our Audit, Compensation, Finance, and Nominating and Governance Committees, and other corporate governance information, are available at <http://investors.jackinthebox.com>. These materials are also available in print to any stockholder upon written request to the Company's Corporate Secretary, Jack in the Box Inc., 9330 Balboa Avenue, San Diego, CA 92123. The information on our website is not a part of this Proxy Statement and is not incorporated into any of our filings made with the Securities and Exchange Commission.

Directors Independence

The Jack in the Box Inc. Director Independence Guidelines provide that a director is not independent if he or she is: (a) a director, executive officer, partner or owner of 5% or greater interest in a company that either purchases from or makes sales to our Company that total more than one percent of the consolidated gross revenues of such company for that fiscal year; (b) a director, executive officer, partner or owner of 5% or greater interest in a company from which our Company borrows an amount equal to or greater than one percent of the consolidated assets of either our Company or such other company; or (c) a trustee, director or executive officer of a charitable organization that has received in that fiscal year discretionary donations from our Company that total more than one percent of the organization's latest publicly available national annual charitable receipts.

The Board has analyzed the independence of each Director. It has determined that all but Mr. Comma are independent directors under the NASDAQ Listing Rules, as well as the additional Director Independence Guidelines adopted by the Board. As part of its analysis, the Board determined that none of these Directors have a material relationship with the Company. Mr. Comma is our current Chief Executive Officer and an employee, and therefore he is not considered independent as that term is defined by the relevant listing rules and governance guidelines.

Board Meetings, Annual Meeting of Stockholders, and Attendance

In fiscal 2016, each director attended more than 75% of the meetings of the Board and of the committees on which he or she served. The Board held five meetings in fiscal 2016.

All of the directors standing for election in 2017 attended the 2016 Annual Meeting, and we currently expect all of our directors standing for election to be present at the 2017 Annual Meeting.

Determination of Current Board Leadership Structure

The Nominating and Governance Committee's Charter provides that the Committee will annually assess the leadership structure of the Board and recommend a structure to the Board for approval. In November 2016, the Board of Directors, with the counsel of the Nominating and Governance Committee, conducted this assessment, including assessing whether (i) the roles of Chief Executive Officer (CEO) and Chairman of the Board should continue to be combined, and (ii) the Board should continue to have an independent Lead Director. Based on the recommendation of the Nominating and Governance Committee, the Board believes that continuing with a combined Chairman/CEO is in the best interests of the Company and its stockholders.

The Board determined that having one individual serve in both roles provides for clear leadership, accountability, and alignment on corporate strategy. The Board believes that combining the roles of Chairman and CEO puts Mr. Comma in the best position to use his in-depth knowledge of our industry, our business and its challenges, and our stakeholders, including our stockholders, employees, franchisees and guests, to provide the Board with the information and leadership needed to set agendas and direction for the Company. The Board does not believe that having an independent Chairman would make the Board's risk oversight processes more effective. The Board noted that, during Mr. Comma's tenure as Chairman and CEO, and Mr. Goebel's service as Lead Director, the Board has received timely and relevant information regarding the Company's business.

Table of Contents

CORPORATE GOVERNANCE

In reaching its conclusion, the Board also considered the longstanding policies and practices at Jack in the Box Inc. for strong, independent oversight, including:

a Board with a high degree of independence, including only one non-independent member;

Board Committees (other than the Executive Committee) that are composed entirely of independent directors;

Board Committee Chairs who review and approve agendas before Committee meetings;

an annual evaluation of the performance of the Chairman and Chief Executive Officer by the Compensation Committee, which evaluation is then discussed with the independent directors of the Board in executive session; regular executive sessions held by the Board and key Board Committees, attended only by independent directors;

the ability of the independent directors to call meetings of the Board and recommend agenda topics to be considered by the Board;

a strong, independent Lead Director who has oversight responsibility for executive sessions and information flow to the Board.

Based on these factors, the Board has concluded that retaining the current Board leadership structure provides valuable stability and effective leadership.

Lead Director

The independent directors have appointed Mr. Goebel to serve as Lead Director. Our Corporate Governance Principles and Practices provide for the Lead Director to fulfill the following functions:

set agendas for the executive sessions of the Board;

serve on the Executive Committee;

preside at the executive sessions of the independent directors held following each scheduled board meeting;

act as a key communication channel between the Board and the CEO;
lead the Board in determining the format and adequacy of information the directors receive;

provide the Chairman with input on agendas for Board meetings and the schedule of meetings in order to assure sufficient time for discussion of all agenda items;

call meetings of independent directors; and

if requested by major stockholders, ensure that he or she is available for consultation and direct communication. The Lead Director may perform other functions as the Board may direct.

The Board's Role in Succession Planning

The Board expects Management to have an ongoing program for effective senior leadership development and succession. As reflected in our Corporate Governance Principles and Practices, the Board's practice is to have the CEO review annually with the full Board the abilities of the key senior managers and their likely successors. The Board also considers management succession issues when meeting in executive session at each Board meeting. Additionally, the

Board oversees ongoing plans for management development and retention, as well as executive succession, including CEO succession. At times, the Board will delegate to the Compensation Committee responsibility to review and advise on succession planning, in which case the Board expects the Committee to review such plans with Management and the Board and to make recommendations to the Board with respect thereto.

The Board's Role in Risk Oversight

Management is responsible for the Company's day-to-day risk management. The Board's role is to provide oversight of the processes designed to identify, assess and monitor key risks and risk mitigation activities. The Board fulfills its risk oversight responsibilities through (i) quarterly reports from the Vice President of Internal Audit (VP, Internal Audit) to the Audit Committee relating to risk management and oversight;

(ii) annual enterprise risk management discussions by the full Board with the VP, Internal Audit and Company leadership; (iii) receiving reports directly from managers responsible for the management of particular business risks; and (iv) reports by each Committee Chair regarding the respective Committee's oversight of specific risk topics.

Table of Contents

CORPORATE GOVERNANCE

The Board reviews cybersecurity risk with the Chief Information Officer at least annually and has delegated oversight of other specific risk areas to Committees of the Board. For example, the Audit Committee discusses with Management the Company's major financial risk exposures and the steps Management has taken to monitor and mitigate those risks. As another example, the Compensation Committee discusses with its independent consultant, Management and the Compensation Risk Committee the risks arising in connection

with the design of the Company's compensation programs and succession planning. The risk oversight responsibility of each Board Committee is described in its committee charter available at <http://investors.jackinthebox.com>.

A more detailed discussion of the Compensation Committee's oversight of compensation risk is found in the Section Risk Analysis of Compensation Programs contained later in this proxy.

Executive Sessions

Our independent, non-employee Directors meet in executive session without Management present at each regularly scheduled meeting of the Board. Mr. Goebel is currently designated by the Board to act as the Lead Director for such executive sessions.

The Audit Committee also holds executive sessions at each regularly scheduled meeting, and the other Committees of the Board meet in executive session as they deem appropriate.

Committees of the Board

The Board of Directors has five standing committees: Audit, Compensation, Nominating and Governance, Finance, and Executive. The Board considers new committee and chair assignments, and the designation of a Lead Director, effective each February. Effective February 2016, the Board of Directors approved the Board Committee assignments for the year and re-designated David Goebel as the Lead Director. The committee makeup is provided in the table on

page 5 of the Proxy Summary.

The authority and responsibility of each Committee is summarized below. A more detailed description of the functions of the Audit, Compensation, Nominating and Governance, and Finance Committees is included in each Committee charter available at <http://investors.jackinthebox.com>.

Committee Member Independence. The Board has determined that each member of the Audit, Compensation, Nominating and Governance, and Finance Committees is an independent director for purposes of the NASDAQ Listing Rules as well as under the additional Director Independence Guidelines adopted by the Board. In addition, the members of the Audit Committee are all independent as required under Rule 10A-3(b)(1)(ii) under the Securities Exchange Act of 1934, and the members of the Compensation Committee meet the definitions of (i) a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, (ii) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (IRC), and (iii) the requirements of Rule 10C-1 under the Securities Exchange Act of 1934.

Audit Committee. As more fully described in its charter, the Audit Committee assists the Board of Directors with overseeing:

the integrity of the Company's financial reports;

the Company's compliance with legal and regulatory requirements;

the independent registered public accountant's performance, qualifications and independence;

the performance of the Company's internal auditors; and

the Company's processes for identifying, evaluating, and addressing major financial, legal, regulatory compliance, and enterprise risks.

The Audit Committee has sole authority to select, evaluate, and, when appropriate, replace the Company's independent registered public accountants. The Audit Committee has appointed KPMG LLP (KPMG) as its independent registered public accountants for fiscal 2017 and is asking the stockholders to ratify this appointment in Proposal 2. In the event the stockholders fail to ratify the appointment, the Audit Committee will reconsider the selection to determine, in its discretion, whether to retain KPMG or to select a different registered public accountant. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year.

The Audit Committee meets at least each quarter with KPMG, Management and the Company's VP, Internal Audit, to review the Company's annual and interim consolidated financial results before the publication of quarterly earnings press releases and the filing of quarterly and annual reports with the

Table of Contents**CORPORATE GOVERNANCE**

Securities and Exchange Commission. The Audit Committee also meets at least each quarter in private sessions with KPMG, Management, and the VP, Internal Audit. The Audit Committee also oversees the Company's Business Ethics Program, which includes receiving a quarterly report from the Ethics Officer. The Board of Directors has determined that each member of the Audit Committee qualifies as an audit committee financial expert as defined by SEC rules.

Additional information regarding the Audit Committee is set forth in the Report of the Audit Committee on page 29.

The Audit Committee held four meetings in fiscal 2016.

Compensation Committee. As more fully described in its charter, the Compensation Committee assists the Board in discharging the Board's responsibilities relating to Director and executive officer compensation, and it oversees the performance evaluation of Management. The Compensation Committee reviews and approves the Company's compensation philosophy, and the compensation of executive officers, including short- and long-term goals, and metric and compensation components (e.g., cash, equity and other forms of compensation). The Compensation Committee discusses with Management and reports to the Board any significant risks associated with the design and administration of the Company's compensation programs and succession planning, and actions taken by Management to mitigate such risks. The Committee has approved the disclosures in the Company's Compensation Discussion and Analysis that begins on page 44 of this Proxy Statement. The Compensation Committee held six meetings in fiscal 2016.

Executive Committee. The Executive Committee is authorized to exercise all powers of the Board in the management of the business and affairs of the Company while the Board is not in session. The Executive Committee did not meet in fiscal 2016.

Finance Committee. As more fully described in its charter, the Finance Committee assists the Board in advising and consulting with Management concerning financial matters of importance to the Company. Topics considered by the Committee include the Company's capital structure, financing arrangements, stock repurchase programs, capital investment policies, investment performance oversight for the Company's

retirement plans, the budget process, and the financial implications of major acquisitions and divestitures. The Finance Committee discusses with Management and reports to the Board major risk exposures and the monitoring and mitigation activities undertaken by Management in connection with the matters overseen by the Committee, including proposed major transactions, capital structure, investment portfolio including employee benefit plan investments, financing arrangements, and share repurchase programs. The Finance Committee held five meetings in fiscal 2016.

Nominating and Governance Committee. As more fully described in its charter, the Nominating and Governance Committee duties include assessing the makeup and diversity of the Board, identifying and recommending qualified candidates to be nominated for election as directors at the Annual Meeting or to be appointed by the Board to fill an existing or newly created vacancy on the Board; recommending members of the Board to serve on each Board committee; and annually reviewing and recommending the leadership structure of the Board. The Nominating and Governance Committee discusses with Management and reports to the Board major risk exposures in connection with matters overseen by the Committee. Its activities include:

evaluating director candidates for nomination;

evaluating the appropriate Board size;

reviewing and recommending corporate governance guidelines to the Board;

providing oversight with respect to the annual evaluation of Board, Committee and individual director performance;

overseeing the Company's political and charitable contributions;

assisting the Board in its oversight of the Company's insider trading compliance program; and

recommending director education.

All nominees for election as directors currently serve on the Board of Directors and are known to the Nominating and Governance Committee in that capacity. The Nominating and Governance Committee held four meetings in fiscal 2016.

Board Composition and Refreshment

Policy Regarding Consideration of Director Candidates and Makeup and Diversity of the Board. The Nominating and Governance Committee has the responsibility to identify, screen, and recommend qualified candidates to the Board for nomination as directors. In evaluating director candidates, the Nominating and Governance Committee considers the qualifications listed in the Jack in the Box Inc. Corporate Governance Principles and Practices, which are available at <http://investors.jackinthebox.com>.

The following are some of the factors generally considered by the Nominating and Governance Committee in evaluating director candidates:

the appropriate size of the Board;

the perceived needs of the Company for particular skills, background, and business experience;

Table of Contents

CORPORATE GOVERNANCE

the skills, background, reputation and experience of the nominees, including whether those qualities add to a diversity of experiences, backgrounds, individuals, viewpoints and perspectives on the Board;

leadership, character and integrity;

independence from Management and from potential conflicts of interest with the Company;

experience with accounting rules and practices;

experience with executive compensation;

applicable regulatory and listing requirements, including independence requirements and legal considerations;

interpersonal and communications skills and the benefits of a constructive working relationship among directors;
and

the desire to balance the considerable benefits of continuity with the periodic injection of the fresh perspective provided by new members.

The Nominating and Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its stockholders.

Retirement Policy. The Board has adopted a retirement policy under which directors may not stand for election or be appointed after age 73. The Board does not believe it should establish term limits which could disadvantage the Company by forcing out directors whose tenure and experience continue to add value to the workings of the Board.

Board Tenure Review Policy. Beginning in fiscal 2016, the Company adopted a tenure review policy pursuant to which any director who has served more than 12 years on the Board shall submit his or her voluntary offer to resign to the Committee. The Committee will undertake a thorough review of the director's continued effectiveness and appropriateness for service, and recommend to the full Board that it either accept or reject the offer of resignation; in the latter event, the long-tenured director may continue to serve on the Board and must re-submit his or her resignation offer every three years for subsequent review.

Stockholder Recommendations and Board Nominations

In order to be evaluated pursuant to the Nominating and Governance Committee's established procedures, stockholder recommendations for candidates for the Board must be sent in writing to the following address at least 120 days prior to the first anniversary of the date of the previous year's Annual Meeting of Stockholders:

Nominating and Governance Committee of the Board of

Directors c/o Office of the Corporate Secretary

Jack in the Box Inc.

9330 Balboa Avenue

San Diego, CA 92123

Any recommendation submitted by a stockholder to the Nominating and Governance Committee must include the same information concerning the potential candidate and the recommending stockholder as would be required under Article III, Section 3.16 of the Jack in the Box Inc. Bylaws if the stockholder wished to nominate the candidate directly.

The Committee considers all candidates regardless of the source of the recommendation. In addition to stockholder recommendations, the Committee considers recommendations from current directors, Company personnel and others. The Company generally retains a search firm to assist it in identifying and screening candidates, and in conducting reference checks. The Committee applies the same standards in evaluating candidates submitted by stockholders as it does in evaluating candidates submitted by other sources.

A candidate nominated by a stockholder for election at an Annual Meeting of Stockholders will not be eligible for election unless the stockholder proposing the nominee has provided timely notice of the nomination in accordance with the deadlines (at least 120 days and no more than 150 days prior to the first anniversary of the date of the previous year's Annual Meeting of Stockholders) and other requirements set forth in the Company's Bylaws. Article III, Section 3.16 of the Company's Bylaws provides that, in order to be eligible for election as a director, a candidate must deliver to the Corporate Secretary statements indicating whether the candidate:

is a party to any voting commitment that has not been disclosed to the Company;

is a party to any voting commitment that could limit the nominee's ability to carry out a director's fiduciary duties;

is a party to any arrangements for compensation, reimbursement, or indemnification in connection with service as a director and has committed not to become a party to any such arrangement;

will comply with the Company's publicly disclosed policies and guidelines.

The foregoing is a summary of provisions of the Company's Bylaws, and is qualified by reference to the actual provisions of Article III, Section 3.16.

CORPORATE GOVERNANCE

Code of Conduct

Jack in the Box Inc. is committed to establishing and maintaining an effective ethics and compliance program that is intended to increase the likelihood of preventing, detecting, and correcting ethical lapses and violations of law or Company policy. In 1998, the Company adopted a Code of Conduct (the "Code") which applies to all officers, and employees, as well as to our Board of Directors. The Company also provides our franchisees and significant vendors with our Code and with procedures for communicating any ethics or compliance concerns to the Company. The Code is revised from time to time, most recently with non-substantive updates in May 2014.

The Code is available on the Company's website at <http://investors.jackinthebox.com>. We will disclose amendments to, or waivers of our Code that are required to be disclosed under the securities rules, by posting such information on the Company's website, www.jackintheboxinc.com. Any waiver of our Code for directors or executive officers must be approved by the Board of Directors. The Company did not grant any such waivers in fiscal 2016 and does not anticipate granting any such waiver in fiscal 2017.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee is an officer, former officer, or employee of the Company. During fiscal 2016, no member of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During fiscal 2016, no

interlocking relationship existed between any of our executive officers or Compensation Committee members, on the one hand, and the executive officers or Compensation Committee members of any other entity, on the other hand.

Additional Corporate Governance Principles and Practices

The Company has adopted Corporate Governance Principles and Practices (the "Principles and Practices") which contain general principles and practices regarding the functioning of the Board of Directors and the Board Committees. The Nominating and Governance Committee regularly reviews the Principles and Practices and

recommends revisions if and as appropriate. The full text of the Principles and Practices may be found at <http://investors.jackinthebox.com>. The Principles and Practices address many of the items discussed above, and also include the following items:

Limitation on Other Board Service. Non-employee directors may not serve on the boards of more than three other public companies. Our corporate officers are generally limited to serving on no more than one outside public company board, taking into consideration the time commitment and potential business conflicts inherent in such service.

Review of Director Skill Matrix. The Nominating and Governance Committee annually utilizes a skill matrix to assess the capabilities of the current directors and any needs for the board as a whole. The matrix itself is updated if and as necessary to assure that it remains relevant to the evolving needs of the Company and the Board.

Board, Committee, and Individual Director Evaluations. The directors annually participate in a robust evaluation process focusing on an assessment of Board operations as a whole and the service of each director. Additionally, each of the Audit, Compensation, Finance, and

Nominating and Governance Committees conducts a separate evaluation of its own performance and the adequacy of its charter. The Nominating and Governance Committee coordinates the evaluation of individual directors and of the Board operations, and reviews and reports to the Board on the outcome of these self-evaluations. As part of the evaluation process most years, the Lead Director will meet individually with each director to generate and discuss any ideas for improving the effectiveness of the director and/or the Board.

New Director Orientation and Continuing Education. The Board works with Management to schedule new-director orientation programs and continuing education programs for directors. Orientation is designed to familiarize new directors with the Company and the franchise restaurant industry as well as Company personnel, facilities, strategies and challenges, and corporate governance practices, including board ethics. Continuing education programs may include in-house and third-party presentations and programs.

DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES

DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES

The Compensation Committee of the Board of Directors (the "Committee") is responsible for reviewing and recommending to the Board the form and amount of compensation for our non-employee directors. The following discussion of compensation and stock ownership guidelines applies only to our non-employee directors and does not apply to Mr. Comma. Mr. Comma is an employee of the Company. He is compensated as an executive officer and does not receive additional compensation for service as a director.

The Board believes that total compensation for directors should reflect the work required in both (i) their ongoing oversight and governance role and (ii) their continuous focus on driving long-term performance and stockholder value. The compensation program is designed to provide pay that is competitive with directors in the Company's peer group (which is described in the Compensation Discussion & Analysis ("CD&A") in this Proxy Statement). It consists of a combination of cash retainers and equity awards in the form of time-vested restricted stock units ("RSUs").

Competitive is defined as approximating the 50th percentile of pay of Peer Group directors.

Director Compensation Program Review and Changes

Director compensation is reviewed by an independent compensation consultant every two to three years. Any changes to director cash retainers and/or annual stock award

values generally occur only after such review. The most recent review was completed during fiscal 2014. There were no changes to director compensation for fiscal 2016.

Annual Compensation Program

a. Cash Retainers

Each director receives an annual cash retainer for his or her service on the Board, service on Board committees, service as chair of a Board committee, and service as Lead Director, as applicable. There are no meeting fees. Retainers are paid in a single installment on the first business day of the month following the Annual Stockholder Meeting each year. Each new director receives a prorated retainer that is paid on the first business day of the month following his or her appointment to the Board.

2016 RETAINERS

Annual Board Service:	\$65,000
Lead Director:	\$17,500

Committee	Committee Chair ⁽¹⁾	Committee Membership
Audit	\$ 25,000	\$ 10,000
Compensation	\$ 25,000	\$ 7,500
Finance	\$ 12,500	\$ 5,000
Nominating & Governance	\$ 12,500	\$ 5,000

(1) Includes Committee membership retainer

Directors may elect to defer receipt of some or all of their cash retainers in the form of Common Stock equivalents under the

Jack in the Box Inc. Deferred Compensation Plan for Non-Management Directors (the Director Deferred Compensation Plan). The number of Common Stock equivalents credited to a director s account is based on a per share price equal to the average of the closing price of Common Stock on the NASDAQ Stock Market for the 10 trading days immediately preceding the date the deferred compensation is credited to the director s account. Under the Director Deferred Compensation Plan, to the extent dividends are paid, dividend equivalents and fractions thereof are converted to additional Common Stock equivalents and are credited to a director s deferred compensation account as of the dividend payment dates. Each director s account is settled in an equal number of shares of Common Stock upon the director s termination of service from the Board. The Director Deferred Compensation Plan is a non-qualified plan under the Internal Revenue Code.

b. Expenses

The Company reimburses directors for customary and usual travel and out-of-pocket expenses incurred in connection with attendance at Board and committee meetings.

Table of Contents**DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES****c. Annual Equity Grant Restricted Stock Units**

Each director receives an annual grant of RSUs under the 2004 Stock Incentive Plan. We grant RSUs for the following reasons:

RSUs cause the value of directors' share ownership to rise and fall with that of other stockholders, serving the objective of alignment with stockholder interests.

RSUs are a prevalent form of director compensation among the Company's Peer Group. The Company determines the number of RSUs to be granted by dividing the annual equity award value of \$90,000 by the

closing price of Common Stock on the date of the annual grant, which is the second business day of the next window period opened in accordance with the Company's Employee/Insider Trading Policy. RSUs vest on the earlier of the first business day 12 months from the date of grant or upon the director's termination of service with the Board, unless deferred. Directors may elect to defer receipt of shares issuable under RSU awards to termination of their board service; and beginning with the February 2015 RSU awards, shares that have vested and been deferred earn a dividend (in the form of Common Stock equivalents) to the same extent the Company pays a dividend on outstanding shares.

Director Ownership and Stock Holding Requirements

The Board believes that all directors should maintain a meaningful personal financial stake in the Company to align their long-term interests with those of our stockholders. Pursuant to our Corporate Governance Principles and Practices, the Board desires that, within a reasonable period after joining the Board, each non-employee director hold Common Stock with a value of at least three times the annual cash Board service retainer. Direct holdings, unvested and deferred RSUs, and Common Stock equivalents count toward ownership value. In addition, each director is required to hold at least 50% of the shares resulting from all RSU grants until termination of his or her Board service. The table below shows each non-employee director's ownership value as of fiscal year end 2016, based on a closing stock price of \$95.94 on the last trading day of fiscal 2016, September 30, 2016. Each of our directors meets the stock holding requirement.

REPORT OF THE AUDIT COMMITTEE

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to Jack in the Box Inc.'s audited consolidated financial statements for the fiscal year ended October 2, 2016.

The Audit Committee has reviewed and discussed the annual consolidated financial statements with Management and KPMG LLP, the Company's independent registered public accounting firm (the independent auditor). Management is responsible for the financial reporting process, the system of internal controls, including internal control over financial reporting, risk management and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. The independent auditor is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on the effectiveness of internal control over financial reporting. The Audit Committee is responsible for the appointment, compensation and oversight of the independent auditor. The Committee was also involved in selection of the firm's lead engagement partner for fiscal 2017. The Audit Committee met on four occasions in the fiscal year ended October 2, 2016. The Audit Committee met with the independent auditor, with and without Management present, to discuss the results of its audits and quarterly reviews of the Company's financial statements. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Statement on Auditing Standards No. 16 *Communications with Audit Committees*. The Audit Committee also received from the Company's independent auditor the written disclosures and the letter required by applicable requirements of the PCAOB regarding

their communications with the Audit Committee concerning independence, and has discussed with the independent auditor its independence from the Company. The Audit Committee also has considered whether the provision of non-audit services to the Company is compatible with the independence of the independent auditor.

In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Company's management and internal audit group as well as the Company's independent auditor whose reports express opinions on the conformity of the Company's annual financial statements with U.S. generally accepted accounting principles and on the effectiveness of internal control over financial reporting.

Based on the reviews and discussions referred to above, and the reports of KPMG LLP, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended October 2, 2016, for filing with the SEC.

PROPOSAL THREE ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), stockholders have the opportunity to cast an advisory vote on the compensation of our named executive officers (NEOs) as disclosed in the CD&A, the compensation tables, narrative disclosures, and related footnotes included in this Proxy Statement. This Say on Pay vote is advisory, and therefore nonbinding on the Company; however, the Compensation Committee of the Board of Directors, which is comprised entirely of independent directors, values the opinions of our stockholders and will take into account the outcome of the vote when considering future executive compensation decisions. We received a 98.6% favorable vote on Say on Pay at our February 2016 Annual Meeting of Stockholders.

The Compensation Committee engages the services of an independent compensation consultant to advise on executive compensation matters, including competitive compensation targets within the marketplace, and Company performance goals and analysis.

As discussed in more detail in the CD&A, our executive compensation program is designed to attract and retain a talented team of executives who can deliver on our commitment to build long-term stockholder value. The Compensation Committee believes our program is competitive in the marketplace, links pay to performance by rewarding our NEOs for achievement of short-term and long-term financial and operational goals (and, in some years, strategic goals), and aligns our NEOs' interests with the long-term interests of our stockholders by providing a mix of performance and service-based equity awards. Specifically, a significant portion of compensation paid to our NEOs is based on the Company's business performance.

Our fiscal 2016 NEOs consist of four Brand Services executives supporting both brands, namely our Chief Executive Officer (CEO), Chief Financial Officer (CFO), Chief Legal and Risk Officer (CLO), and Chief People, Culture and Corporate Strategy Officer, along with our Jack in the Box Brand President.

The Compensation Committee believes stockholders should consider the following key components of our compensation programs and governance practices when voting on this proposal:

Pay for Performance Orientation

Competitive, Targeted Pay. We target executive base salary, total cash compensation, and total direct compensation to deliver competitive pay for performance that meets expectations, and the opportunity for higher pay only if performance exceeds expectations.

Pay Mix. Our executive compensation program includes a mix of fixed and variable compensation, with a majority of target compensation in the form of annual and long-term incentives that directly tie to key Company goals and drive long-term stockholder value.

Long-Term Incentives (LTI). Annual equity awards for our NEOs included a mix of stock options, performance shares (PSUs) and time-vested restricted stock units (RSUs) with holding requirements. The PSUs vest three years after the grant, depending on the Company s achievement of goals over a three-fiscal year period. The grant guidelines, goals, and performance metrics for the LTI awards granted in November 2015 for the performance period fiscal 2016-18 are further described in the CD&A.

2016 Annual Incentives. In 2016, our NEOs annual incentive was based partly on Operating Earnings Per Share (EPS), with (a) the Brand Services executives incentive also partly based on a consolidated Restaurant Operating Margin (ROM) target; and (b) the Jack in the Box Brand President s annual incentive partly based on the Jack in the Box brand s Earnings from Operations and ROM.

Each of the Brand Services NEOs earned an annual incentive payment in fiscal 2016 based on the Company substantially exceeding its financial performance target for EPS and meeting its consolidated ROM target.

The JIB Brand President earned an incentive based on EPS achievement and the brand performing just above its Earnings from Operations target, and exceeding its maximum ROM target.

Equity Awards. The largest portion of our NEOs' total pay is delivered in equity awards (including options, PSUs and RSUs), with such equity awards accounting for 66% of the CEO's total direct compensation in 2016 (excluding a special one-time retention stock award).

Option awards and time-vested RSUs have multi-year vesting; performance awards are based on achievement of financial goals over a three-fiscal year period.

All RSUs and PSUs beginning in fiscal 2016 are subject to a holding requirement of at least 50% of after-tax net shares until termination or retirement.

Stock Ownership Requirement. Our NEOs and other senior executives are required to own a significant amount of the Company's stock, based on a multiple of salary.

No Evergreen No Repricing. We do not have an evergreen plan, and we prohibit repricing equity awards without stockholder approval.

No Pledging or Hedging. We prohibit Section 16 officers and Corporate Vice Presidents from pledging Company stock as collateral for any obligation or engaging in hedging transactions involving our stock.

Recommendation

With the assistance of its independent compensation consultant, the Committee has thoughtfully developed our executive compensation programs, setting NEO compensation that links pay to performance and provides an appropriate balance of short-term and long-term incentives that are aligned with long-term stockholder interests. Accordingly, the Board of Directors recommends that you vote in favor of the following resolution:

RESOLVED, that Jack in the Box Inc. stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as described in the Company's Compensation Discussion and Analysis, tabular disclosures, and other narrative disclosures in this Proxy Statement for the 2017 Annual Meeting of Stockholders.

Approval of the Say on Pay proposal requires the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions will be included in the number of shares present and entitled to vote, and will have the same effect as a vote AGAINST the proposal. Broker non-votes will not count as votes cast FOR or AGAINST the proposal, and will not be included in calculating the number of votes necessary for approval for this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY

STATEMENT.

PROPOSAL FOUR RE-APPROVAL OF STOCK INCENTIVE PLAN

PROPOSAL FOUR RE-APPROVAL OF CERTAIN TERMS AND CONDITIONS SET FORTH IN OUR 2004 STOCK INCENTIVE PLAN THAT WILL PERMIT US TO GRANT AWARDS THAT MAY QUALIFY AS PERFORMANCE-BASED COMPENSATION WITHIN THE MEANING OF SECTION 162(m) OF THE CODE

Overview

In 2004 the Board adopted and our stockholders approved, the 2004 Stock Incentive Plan (the Plan). The Plan was amended and restated in 2012 (the Plan as amended and restated, the Amended 2004 Plan). To allow for certain awards under the Amended 2004 Plan to qualify as tax-deductible performance-based compensation within the meaning of Section 162(m) (Section 162(m)) of the Internal Revenue Code, as amended, (the Code), we are asking stockholders to re-approve certain terms and conditions under the Amended 2004 Plan that are described below. Stockholders are not being asked to approve an increase in the number of shares available for grant under the Amended 2004 Plan or any other amendment to the Amended 2004 Plan.

The Amended 2004 Plan provides for performance-based awards that are intended to satisfy the requirements for performance-based compensation within the meaning of Section 162(m). The Board believes that it is in the best interests of the Company and our stockholders to maintain a plan under which performance-based stock and cash compensation awards made to certain executive officers may be deducted by the Company for federal income tax purposes, as further described below.

Proposal 4 must receive the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal in order to be approved. In the event that our stockholders do not approve Proposal 4, the Amended 2004 Plan will not be available for future grants of performance-based awards, and we may not be entitled to a tax deduction for some or all of the compensation paid to our chief executive officer and our other most highly compensated officers.

Continued Ability to Grant Qualified Performance-Based Compensation under Section 162(m)

Section 162(m) disallows a U.S. tax deduction to any publicly held corporation and its affiliates for certain compensation paid to any covered employee (the chief executive officer and the next three most highly compensated officers other than the chief financial officer) to the extent that the compensation paid to the covered employee for the taxable year exceeds \$1,000,000. However, certain kinds of compensation, including qualified performance-based compensation, are not subject to this deduction limitation.

In order for compensation awarded under a plan to qualify as performance-based compensation under Section 162(m), among other requirements, the following terms and conditions must be disclosed to and approved by the stockholders before the compensation is paid: (i) a description of the employees eligible to receive such awards; (ii) a description of the business criteria upon which the performance goals for performance-based awards may be based; and (iii) a per-employee limit on the number of shares subject to performance-based stock awards and the amount of cash subject to performance-based cash awards that may be

granted or paid to any employee under the plan during any specified period.

In 2012, our public company stockholders approved the Amended 2004 Plan, including the terms and conditions necessary for us to grant awards under the Amended 2004 Plan that may qualify as performance-based compensation under Section 162(m). Under U.S. tax rules, in order for us to continue to grant performance-based stock and cash awards under the Amended 2004 Plan that may qualify as performance-based compensation under Section 162(m), our stockholders must reapprove such terms and conditions no later than the first stockholder meeting that occurs in the fifth year following the year in which our stockholders previously approved such terms and conditions.

Accordingly, we are requesting that our stockholders re-approve the terms and conditions of the Amended 2004 Plan regarding eligibility for performance-based awards, the business criteria upon which the performance goals for performance-based awards may be based, and annual

per-employee limits on performance-based awards (as described in the summary below). We believe that it is in the best interests of the Company and our stockholders to preserve the ability to grant awards in the future that may qualify as performance-based compensation under Section 162(m). However, in certain circumstances, we may determine to grant awards to our covered employees that are not intended to qualify as performance-based compensation under Section 162(m). Moreover, even if we grant awards that are intended to qualify as performance-based compensation under Section 162(m), we cannot guarantee that such compensation ultimately will be deductible by us under U.S. tax rules.

Description of Amended 2004 Plan

The material features of the Amended 2004 Plan are summarized below. This summary is qualified in its entirety by reference to the complete text of the Amended 2004 Plan, which is appended to this proxy statement as Exhibit A and may be accessed from the SEC's website at www.sec.gov.

Purpose of the Amended 2004 Plan. The purpose of the Amended 2004 Plan is to advance the interests of the Company by providing an incentive program that will enable the Company to attract, retain, and motivate employees, consultants and directors upon whose judgment, interest and efforts the Company's success is dependent, and to provide them with an equity interest in the success of the Company in order to motivate superior performance. These incentives may be provided through the grant of stock options (including indexed options), stock appreciation rights, restricted stock purchase rights, restricted stock bonuses, restricted stock units, performance shares, and performance units.

Key Features of the Amended 2004 Plan Designed to Protect Stockholders' Interests. The Amended 2004 Plan includes provisions that reflect our commitment to strong corporate governance and the desire to preserve stockholder value as demonstrated by the following features:

No Evergreen Feature. The maximum number of shares available for issuance under the Amended 2004 Plan is fixed and cannot be increased without stockholder approval. In addition, unless extended by a vote of our stockholders, no awards may be granted under the Amended 2004 Plan after November 16, 2021.

Repricing Prohibited. Stockholder approval is required for any repricing, replacement, or buyout of underwater awards.

No Discount Awards; Maximum Term Specified. Stock options and stock appreciation rights generally must have an exercise price no less than the closing price of the Company's stock on the date the award is granted and, starting in November 2009, a term no longer than seven years from the date of grant.

Per-Employee Limits on Awards. The Amended 2004 Plan limits the size of awards that may be granted to any one employee within any fiscal year of the Company.

Minimum Three-Year Vesting Period. Restricted shares and RSUs granted to employees and vesting solely on the basis of continued service require a minimum three years of employment, from date of grant, to vest (with the exception of a maximum of 10% of the total shares being available for full value awards with a vesting period of less than three years).

Award Design Flexibility. Different kinds of awards may be granted under the Amended 2004 Plan, giving the Company the flexibility to design our equity incentives to complement the other elements of compensation and to support our attainment of strategic goals.

Performance-Based Awards. The Amended 2004 Plan permits the grant of performance-based stock awards that are payable upon the attainment of specified performance goals.

Responsible Share Counting. Any shares of common stock tendered or withheld to pay taxes or an option's exercise price are not available for re-issuance.

Responsible Change in Control Provisions. The Amended 2004 Plan's definition of a change-in-control transaction provides that any award benefits triggered by such a transaction are contingent upon the actual consummation of the transaction, not merely its approval by our Board or stockholders. Additionally, since 2014, all grants of options and restricted stock units provide that unvested awards that continue after a Change in Control (as defined below) are double-trigger, requiring both a Change in Control and qualifying termination of service for vesting to accelerate. Since 2014, the terms of performance awards provide for vesting upon a Change in Control that pays out at actual levels achieved for completed performance periods and at target level for incomplete periods.

Deductibility of Awards. The Amended 2004 Plan includes provisions intended to meet the requirements for deductibility of executive compensation under Section 162(m), including by qualifying payments under the Amended 2004 Plan as performance-based compensation.

Independent Committee. The Amended 2004 Plan is administered by our Compensation Committee or other committee of the Board as duly appointed to administer the Amended 2004 Plan.

Share Reserve. As of the record date, of the shares of our common stock approved for issuance under the Amended 2004 Plan, 826,955 shares are subject to issuance or release under outstanding awards and 2,062,864 shares of our common stock remain available for future awards (not

Table of Contents**PROPOSAL FOUR RE-APPROVAL OF STOCK INCENTIVE PLAN**

including any shares that might in the future be returned to the Amended 2004 Plan as a result of awards expiring, being forfeited or otherwise terminating).

The Amended 2004 Plan provides that grants or settlement of full value awards (such as restricted stock bonus awards, restricted stock purchase rights, restricted stock units, performance shares or performance units settled in shares) made on or after February 10, 2010 are counted against the Amended 2004 Plan's share reserve on a one-and-three-quarters-for-one basis (i.e. each full value award is counted against the share limit as 1.75 shares). If any award expires, lapses or otherwise terminates or is forfeited for any reason without having been exercised or settled in full, the shares subject to the award will again become available for issuance under the Amended 2004 Plan. To the extent a share that was subject to an Award that counted as one share is returned to the Amended 2004 Plan, the share reserve will be credited with one share. To the extent that a share that was subject to an Award that counts as 1.75 shares is returned to the Amended 2004 Plan, the share reserve will be credited with 1.75 shares. Upon any stock dividend, stock split, reverse stock split, recapitalization, or similar change in our capital structure, appropriate adjustments will be made to the shares subject to the Amended 2004 Plan, to the award grant limitations, and to all outstanding awards.

Administration. The Amended 2004 Plan has been and will continue to be administered by the Compensation Committee or other Committee of the Board of Directors duly appointed to administer the Amended 2004 Plan, or, in the absence of such committee, by the Board of Directors. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m), administration must be by a compensation committee comprised solely of two or more outside directors within the meaning of Section 162(m). (For purposes of this summary, the term Committee will refer to either such duly appointed committee or to the Board of Directors.) Subject to the provisions of the Amended 2004 Plan, the Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Committee may, subject to certain limitations on the exercise of its discretion required by Section 162(m) and the repricing and vesting restrictions described below, amend, cancel, renew, waive any restrictions or conditions applicable to any award, and accelerate, continue, extend or defer the vesting of any award. The Amended 2004 Plan provides, subject to certain limitations, for indemnification by the Company of any director, officer, or employee against all reasonable expenses, including attorneys' fees, incurred in connection with any legal action arising from such person's action or failure to act in administering the Amended 2004 Plan. The Committee will interpret the Amended 2004 Plan and awards granted thereunder, and all determinations of the Committee will be final and binding on all persons having an interest in the Amended 2004 Plan or any award.

Eligibility. Awards may be granted to employees, directors and consultants of the Company or of any present or future parent or subsidiary corporations of the Company. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of the Company or any parent or subsidiary corporation of the Company. As of October 2, 2016, the Company had approximately 22,200 employees, including ten executive officers, and seven non-management directors who would be eligible under the Amended 2004 Plan.

Repricing and Vesting Restrictions. The Amended 2004 Plan forbids, without stockholder approval, the repricing of any outstanding stock option and/or stock appreciation right. In addition, the Amended 2004 Plan forbids (1) any acceleration of vesting of awards by the Committee for any reason other than upon a Change in Control or after a participant's death, retirement or disability, (2) vesting of full value shares on the basis of continued service any more rapidly than annual pro rata vesting over three years (with the exception of no more than 10% of the total shares being available for full value awards that have a vesting period of less than three years) and (3) vesting on the basis of

performance over a performance period of less than 12 months.

Stock Options. Each option granted under the Amended 2004 Plan must be evidenced by a written agreement between the Company and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the Amended 2004 Plan. The exercise price of each option may not be less than the fair market value of a share of Common Stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company (a Ten Percent Stockholder) must have an exercise price equal to at least 110% of the fair market value of a share of Common Stock on the date of grant. The exercise price of each indexed stock option, and the terms and adjustments which may be made to such an option, will be determined by the Committee in its sole discretion at the time of grant.

On December 30, 2016, the closing price of the Company's Common Stock on the NASDAQ stock market was \$111.64 per share. Subject to appropriate adjustment in the event of any change in the capital structure of the Company, no employee may be granted in any fiscal year of the Company options and/or freestanding stock appreciation rights which in the aggregate are for more than 500,000 shares.

The Amended 2004 Plan provides that the option exercise price may be paid in cash, by check, or in cash equivalent, by the assignment of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the option, to the extent legally permitted, by tender of shares of Common Stock owned by the optionee having a fair market

PROPOSAL FOUR RE-APPROVAL OF STOCK INCENTIVE PLAN

value not less than the exercise price, by such other lawful consideration as approved by the Committee, or by any combination of these. Nevertheless, the Committee may restrict the forms of payment permitted in connection with any option grant. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option, including, if permitted or required by the Company, through the optionee's surrender of a portion of the option shares to the Company.

Options will become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Committee. The maximum term of any option granted before November 12, 2009 under the Amended 2004 Plan is ten years, and the maximum term of any option granted on or after November 12, 2009 under the Amended 2004 Plan is seven years, provided, however, that an incentive stock option granted to a Ten Percent Stockholder must have a term not exceeding five years. The Committee will specify in each written option agreement, and solely in its discretion, the period of time post-termination that an optionee may exercise the option before it expires.

Stock options are nontransferable by the optionee other than by will or by the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee. However, a nonstatutory stock option may be assigned or transferred to the extent permitted by the Committee and set forth in the option agreement, subject to applicable limitations of securities law.

Stock Appreciation Rights. Each stock appreciation right granted under the Amended 2004 Plan must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the Amended 2004 Plan. A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of Company Common Stock between the date of grant of the award and the date of its exercise. The Company may pay the appreciation either in cash, in shares of Common Stock or in any combination thereof as set out in the award agreement. The Committee may grant stock appreciation rights under the Amended 2004 Plan in tandem with a related stock option or as a freestanding award. A tandem stock appreciation right is exercisable only at the time and to the same extent that the related option is exercisable, and its exercise causes the related option to be canceled. Freestanding stock appreciation rights vest and become exercisable at the times and on the terms established by the Committee. The maximum term of any stock appreciation right granted before November 12, 2009 under the Amended 2004 Plan is ten years, and the maximum term of any stock appreciation right

granted on or after November 12, 2009 under the Amended 2004 Plan is seven years. Subject to appropriate adjustment in the event of any change in the capital structure of the Company, no employee may be granted in any fiscal year of the Company freestanding stock appreciation rights and/or options which in the aggregate are for more than 500,000 shares. Stock appreciation rights are nontransferable by the participant other than by will or by the laws of descent and distribution, and are exercisable during the participant's lifetime only by the participant.

Restricted Stock Awards. The Committee may grant restricted stock awards under the Amended 2004 Plan, either in the form of a restricted stock purchase right, giving a participant an immediate right to purchase Common Stock, or in the form of a restricted stock bonus, for which the participant furnishes consideration in the form of services to the Company. The Committee determines the purchase price, if any, payable under restricted stock purchase awards. Restricted stock awards may be subject to vesting conditions based on such service or performance criteria as the Committee specifies, and the shares acquired may not be transferred by the participant until vested, other than pursuant to an ownership change event as described in the Amended 2004 Plan. Unless otherwise provided by the

Committee, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service. Participants holding restricted stock will have the right to vote the shares and to receive any dividends paid, except that dividends or other distributions paid in shares will be subject to the same restrictions as the original award.

The Committee also may grant restricted stock awards under the Amended 2004 Plan in the form of restricted stock units which represent a right to receive shares of Common Stock at a future date determined in accordance with the participant's award agreement. No monetary payment is required for receipt of restricted stock units or the shares issued in settlement of the award, the consideration for which is furnished in the form of the participant's services to the Company. The Committee may grant restricted stock unit awards subject to the attainment of performance goals similar to those described below in connection with performance shares and performance units, or may make the awards subject to vesting conditions similar to those applicable to other restricted stock awards. Participants have no voting rights or rights to receive dividends with respect to restricted stock unit awards until shares of Common Stock are issued in settlement of such awards. However, the Committee may grant restricted stock units that entitle their holders to receive dividend equivalents, which are rights to receive additional restricted stock units for a number of shares whose value is equal to any dividends we pay. Dividend equivalents shall only be payable to the extent the Participant's right to any stock is nonforfeitable.

PROPOSAL FOUR RE-APPROVAL OF STOCK INCENTIVE PLAN

Subject to appropriate adjustment in the event of any change in the capital structure of the Company, no employee may be granted in any fiscal year of the Company restricted stock awards in the aggregate for more than 200,000 shares of stock on which the restrictions are based on performance criteria.

Performance Awards. The Committee may grant performance awards subject to such conditions and the attainment of such performance goals over such periods as the Committee determines in writing and sets forth in a written agreement between the Company and the participant. These awards may be designated as performance shares or performance units. The PSUs granted to executive officers as part of our long-term incentive program fit within the definition of performance shares under the Amended 2004 Plan.

Performance shares and performance units represent a right to receive a share of common stock, an equivalent amount of cash, or a combination of shares and cash as determined by the Committee, if vesting conditions are satisfied. The initial values of such awards are equal to the fair market value of a share of stock on the grant date and \$100 per unit, respectively.

Performance awards will specify a predetermined amount of performance shares or performance units that may be earned by the participant to the extent that one or more predetermined performance goals are attained within a predetermined performance period. Subject to appropriate adjustment in the event of any change in the capital structure of the Company, for each fiscal year of the Company contained in the applicable performance period, no employee may be granted performance shares that could result in the employee receiving more than 200,000 shares of Common Stock or performance units that could result in the employee receiving more than \$1,000,000.

Prior to the beginning of the applicable performance period or such later date as permitted under Section 162(m), the Committee will establish one or more performance goals applicable to the award. Performance goals will be based on the attainment of specified target levels with respect to one or more measures of business or financial performance of the Company and each parent and subsidiary corporation consolidated therewith for financial reporting purposes, or such division or business unit of the Company as may be selected by the Committee. The Committee, in its discretion, may base performance goals on one or more of the following such measures: sales, revenue, gross margin, operating margin, operating income, pre-tax profit, earnings before interest, taxes, depreciation and/or amortization, net earnings, net income, cash flow, expenses, expense management, stock price, earnings per share, operating earnings per share, defined operating earnings per share, average unit sales or volume, return on stockholders' equity, return on capital, return on assets, return on invested capital, economic value added, number of customers, market share, same store sales, average restaurant margin, restaurant operating margin,

return on investment, profit after tax, customer satisfaction, guest transactions, number of restaurants franchised, number of restaurants remodeled or reimaged, franchise revenues, gains on restaurants sold, cash proceeds on restaurants sold, return on equity, cash on cash return, and system-wide sales. The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Committee. The degree of attainment of performance measures will, according to criteria established by the Committee, be computed before the effect of changes in accounting standards, restructuring charges and similar extraordinary items occurring after the establishment of the performance goals applicable to a performance award.

The Committee may also provide that one or more of the following objectively determinable adjustments shall be made to one or more of the performance goals: items related to a change in accounting principle; items relating to financing activities; expenses for restructuring or productivity initiatives; other non-operating items; items related to

acquisitions; items attributable to the business operations of any entity acquired by the Company during the performance period; items related to the disposal of a business or segment of a business; items related to discontinued operations that do not qualify as a segment of a business under United States generally accepted accounting principles; items attributable to any stock dividend, stock split, combination or exchange of shares occurring during the performance period; any other items of significant income or expense which are determined to be appropriate adjustments; items relating to unusual or extraordinary corporate transactions, events or developments; items related to amortization of acquired intangible assets; items that are outside the scope of the Company's core, on-going business activities; or items relating to any other unusual or nonrecurring events or changes in applicable laws, accounting principles or business conditions.

Following completion of the applicable performance period, the Committee will certify in writing the extent to which the applicable performance goals have been attained and the resulting value to be paid to the participant. The Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable to the participant on the basis of the performance goals attained. However, no such reduction may increase the amount paid to any other participant. In its discretion, the Committee may provide for the payment to a participant awarded performance shares or dividend equivalents with respect to dividends paid on the Company's Common Stock, however, dividend equivalents shall only be payable to the extent the Participant's right to any performance award is earned and nonforfeitable.

Unless otherwise provided by the Committee, if a participant's service terminates due to the participant's death, disability or retirement prior to completion of the applicable performance period, the final award value will be determined at the end of

Table of Contents**PROPOSAL FOUR RE-APPROVAL OF STOCK INCENTIVE PLAN**

the performance period on the basis of the performance goals attained during the entire performance period but will be prorated for the number of months of the participant's service during the performance period. If a participant's service terminates prior to completion of the applicable performance period for any other reason, the Amended 2004 Plan provides that, unless otherwise determined by the Committee, the performance award will be forfeited. No performance award may be sold or transferred other than by will or the laws of descent and distribution prior to the end of the applicable performance period.

Change in Control. The Amended 2004 Plan defines a Change in Control of the Company as any of the following events upon which the stockholders of the Company immediately before the event do not retain immediately after the event (in substantially the same proportions as their ownership of shares of the Company's voting stock immediately before the event) direct or indirect beneficial ownership of a majority of the total combined voting power of the voting securities of the Company, its successor, or, in the case of (iii) below, the corporation or corporations to which the assets were transferred: (i) a sale or exchange by the stockholders in a single or series of related transactions of more than 50% of the Company's voting stock; (ii) a merger or consolidation in which the Company is a party; (iii) the sale, exchange or transfer of all or substantially all of the assets of the Company; or (iv) a liquidation or dissolution of the Company. If a Change in Control occurs, the surviving, continuing successor or purchasing corporation or parent corporation thereof may either assume outstanding options or stock appreciation rights or substitute new awards having an equivalent value.

In the event of a Change in Control, in which the outstanding stock options and stock appreciation rights are not assumed or replaced, then all unexercisable, unvested or unpaid portions of such outstanding awards will become exercisable, vested and payable in full prior to the date of the Change in Control. Since 2014, however, all grants of stock options that continue after a Change in Control are double trigger, requiring both a Change in Control and a qualifying termination of service for vesting to accelerate.

In the event of a Change in Control, the lapsing of all vesting conditions and restrictions on any shares subject to any restricted stock award, restricted stock unit award or performance award held by a participant whose service with

the Company has not terminated prior to the Change in Control may be accelerated effective as of the date of the Change in Control, subject to the terms of the applicable grant agreement. Since 2014, all grants of restricted stock that continue after a Change in Control are double trigger, requiring both a Change in Control and a qualifying termination of service for stock vesting to accelerate. Since 2014, all performance award grant agreements provide that the value of outstanding performance awards will be determined and paid at (i) the degree of attainment of the applicable performance goals for the completed performance periods prior to the date of the Change in Control and (ii) 100% of the pre-established performance goal target for incomplete periods.

Any option or stock appreciation right not assumed, replaced, or exercised as of the date of the Change in Control will terminate. The Amended 2004 Plan authorizes the Committee, in its discretion, to provide for different treatment of any award, as may be specified in such award's written agreement, which may provide for acceleration of the vesting or settlement of any award, or provide for longer periods of exercisability, upon a Change in Control.

Termination or Amendment. The Amended 2004 Plan will continue in effect until the first to occur of (i) its termination by the Committee or (ii) the date on which all shares available for issuance under the Amended 2004 Plan have been issued and all restrictions on such shares under the terms of the Amended 2004 Plan and the agreements evidencing awards granted under the Amended 2004 Plan have lapsed. Unless extended by a vote of our stockholders,

no awards may be granted under the Amended 2004 Plan after November 16, 2021. The Committee may terminate or amend the Amended 2004 Plan at any time, provided that no amendment may be made without stockholder approval if the Committee deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the Common Stock of the Company is then listed. No termination or amendment may affect any outstanding award unless expressly provided by the Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless required to enable an option designated as an incentive stock option to qualify as such or necessary to comply with any applicable law, regulation or rule.

Summary of U.S. Federal Income Tax Consequences

The following is a general summary of the federal income tax treatment of stock options, which are authorized for grant under the Amended 2004 Plan, based upon the provisions of the Code as of the date of this proxy statement. This summary is not intended to be exhaustive and the exact tax consequences to any award holder depend upon his or her

particular circumstances and other facts. Plan participants should consult their tax advisor with respect to any state, local and non-U.S. tax considerations or relevant federal tax implications of options granted under the Amended 2004 Plan.

Table of Contents**PROPOSAL FOUR RE-APPROVAL OF STOCK INCENTIVE PLAN**

Incentive Stock Options. An option holder recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option that qualifies under Section 422 of the Code. Option holders who neither dispose of their shares within two years of the date that the option was granted or within one year following the exercise of the option, normally recognize a capital gain or loss on the sale of the shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies these holding periods, on the sale of the shares, we are not entitled to any deduction for federal income tax purposes. Where an option holder disposes of shares within two years after the date of grant of those options or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the exercise date and the option exercise price (which is not to exceed the gain realized on the sale, if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) is taxed as ordinary income at the time of disposition. Any gain in excess of that amount is a capital gain. If a loss is recognized, there is no ordinary income, and such loss is a capital loss. Any ordinary income recognized by the option holder on the disqualifying disposition of the shares generally results in a deduction by the Company for federal income tax purposes.

Nonqualified Stock Options. Options not designated or qualifying as incentive stock options are nonqualified stock options having no special tax status. An option holder generally recognizes no taxable income as a result of the grant of the option. On the exercise of a nonqualified stock option, the option holder normally recognizes ordinary income

in the amount of the difference between the option exercise price and the fair market value of the shares on the exercise date. Where the option holder is an employee, such ordinary income generally is subject to withholding of income and employment taxes. On the sale of shares acquired by the exercise of a nonqualified stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date), is taxed as a capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonqualified stock option or the sale of the stock acquired pursuant to such grant. The Company should generally be entitled to a deduction equal to the amount of ordinary income recognized by the option holder as a result of the exercise of a nonqualified stock option.

Deductibility of Compensation. The Code allows publicly held corporations to deduct compensation that is in excess of \$1,000,000 paid to the corporation's chief executive officer and any of its three most highly compensated executive officers (other than the chief executive officer and the chief financial officer) if the compensation is payable solely based on the attainment of one or more performance goals and where certain statutory requirements are satisfied. It is intended that compensation arising from awards granted under the Amended 2004 Plan that are based on performance goals, and stock options and stock appreciation rights, are to be deductible by us as qualified performance-based compensation not subject to the \$1,000,000 limitation on deductibility under the Code. Despite this, we reserve the right to grant awards under the Amended 2004 Plan that do not result in qualified performance-based compensation and, as such, may not entitle us to a tax deduction.

The number of shares subject to each such awards is determined by dividing the annual equity award value of \$90,000 by the closing price of Common Stock on the date of the annual grant, which is the second business day of the next window period opened in accordance with the Company's Employee/Insider Trading Policy and, therefore, is not determinable at this time. Required Vote and Board of Directors Recommendation

The affirmative vote of a majority of the votes cast at the meeting at which a quorum is present, either in person or by proxy, is required to re-approve certain terms and conditions set forth in our Amended 2004 Plan that will permit us to grant awards under our Amended 2004 Plan that may qualify as performance-based compensation within the meaning of Section 162(m). If you hold your shares in your own name and abstain from voting on this matter, your abstention will have the effect of a vote AGAINST the proposal. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Broker non-votes will be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

The Board believes that the proposed re-approval of these terms and conditions under the Amended 2004 Plan is in the best interests of the Company and its stockholders for the reasons stated above.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR RE-APPROVAL OF CERTAIN TERMS AND CONDITIONS SET FORTH IN OUR AMENDED 2004 PLAN THAT WILL PERMIT US TO GRANT AWARDS UNDER OUR 2004 PLAN THAT MAY QUALIFY AS PERFORMANCE-BASED COMPENSATION WITHIN THE MEANING OF SECTION 162(m).

PROPOSAL FIVE ADVISORY VOTE ON THE FREQUENCY OF VOTE ON EXECUTIVE COMPENSATION

PROPOSAL FIVE ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, we are required to provide stockholders with the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently to vote on future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation every one, two, or three years. Stockholders also may abstain from casting a vote on this proposal.

The Board has determined that an annual advisory vote on executive compensation will permit our stockholders to provide direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year, which is consistent with our efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, our Board, or the Compensation Committee. However, our Board values the opinions that our stockholders express in their votes and will take into account the outcome of the vote when considering how frequently we should conduct an advisory Say on Pay vote on the compensation of our named executive officers.

Stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years, or three years (or may abstain) when voting in response to the resolution set forth below.

RESOLVED, that the stockholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company's named executive officers as set forth in the Company's proxy statement should be (i) every one year, (ii) every two years, or (iii) every three years.

Required Vote and Board of Directors Recommendation

The choice of frequency that receives the highest number of FOR votes will be considered the advisory vote of the stockholders. Brokers will not be able to cast votes if clients do not provide voting instructions on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE OPTION ONE YEAR VOTES AS THE PREFERRED FREQUENCY FOR ADVISORY VOTES ON COMPENSATION.

CD&A I. EXECUTIVE SUMMARY

b. Fiscal 2016 Compensation Framework and Key Pay Actions

Our executive compensation program is designed to motivate, engage, and retain a talented executive leadership team and to appropriately reward them for their contributions to our business. Our performance measurement framework consists of a combination of financial and operational performance metrics, varying time horizons, and multiple equity vehicles. The largest portion of our executives' compensation is variable and is directly tied to the achievement of annual and longer-term financial and operating goals. In combination, these metrics and variables provide a balanced and comprehensive view of performance, and drive the Committee's executive compensation decisions.

Consistent with the fundamental principle that compensation programs should align pay with performance, the Company's fiscal 2016 performance directly impacted compensation decisions and pay outcomes, as shown in the chart below that summarizes the compensation framework, key fiscal 2016 performance measures and 2016 pay actions. In addition to the long-term incentive awards outlined below, the Committee awarded the CEO a special retention stock award in 2016 described in Section I.c.

Table of Contents**CD&A I. EXECUTIVE SUMMARY****c. Fiscal 2016 Targeted Total Direct Compensation Mix**

The chart below shows the percentage breakdown of targeted total direct compensation (TDC) (consisting of base salary, target annual incentive, and target long-term incentive) for each NEO in fiscal 2016, excluding Mr. Comma s special one-time retention award. Target TDC is set within a competitive range of the median of Market compensation based on market data and advice provided by the Committee s independent consultant (as described in Section III.a

Compensation Competitive Analysis). Consistent with our objective of pay for performance alignment (described in Section II Compensation Principles and Objectives), the largest portion of compensation is variable, at-risk pay in the form of annual and long-term incentives, including annual incentive, stock options and PSUs. In fiscal 2016, 61% of our CEO s pay was at risk, and 54%-55% of pay for our other NEOs was at risk.

CEO - 2016 TDC

Using the methodology described above, the Committee determined that the target TDC for our CEO in fiscal 2016 was \$5.3 million (consisting of base salary of \$900,000, target annual incentive of \$900,000, and target long-term incentive of \$3.5 million), which was approximately 13% below the TDC Market median.

When reviewing fiscal 2016 pay, the Committee was mindful of the Company s strong performance under Mr. Comma s leadership, the criticality of his role in value creation for our stockholders, and his being recognized within the institutional investment community as one of the top performing restaurant industry CEOs. For these reasons, the Committee wanted to reward Mr. Comma and above all incentivize him to remain with the Company, while providing measured increases to ongoing, target total direct compensation. Accordingly, the Committee awarded him a special one-time retention stock award in addition to his annual LTI award.

This special retention award consists of restricted stock units (RSUs) with a target value of \$4 million, which vest only if Mr. Comma remains employed with the Company for at least four years from the grant date, at which time 50% of the award vests, with the remaining 50% vesting five years after grant. The Committee, with the advice of its independent consultant, designed the award to have a long vesting tail and be back-loaded to align the award s ultimate worth with continued value creation for stockholders. Including this

special non-recurring retention stock award, Mr. Comma s Target TDC in fiscal 2016 was \$9.3 million, as shown in the table below.

	Target	SCT⁽¹⁾
Salary	\$ 900,000	\$ 909,615

Annual Incentive	\$ 900,000	\$ 1,506,240
Long-Term Incentive (LTI)	\$ 3,500,000	\$ 3,167,729
FY 2016 Annual Target TDC	\$ 5,300,000	\$ 5,583,584
Special Retention Stock Award (vesting 50% after year 4 and 50% after year 5)	\$ 4,000,000	\$ 3,499,432
Total, including Special Award	\$ 9,300,000	\$ 9,083,016

⁽¹⁾ This column shows the CEO's actual TDC-- as reflected in the Summary Compensation and Grants of Plan-Based Awards tables. The difference between Target and SCT compensation is due to: (a) the 5th week of salary in FY 2016; and (b) Mr. Comma's fiscal 2016 annual incentive payout of 167% of target (resulting from the Company exceeding target performance on its goals), which are offset by: (c) the difference in stock price between the price on the actual grant date of the long-term incentive awards and the earlier 60-day average price used by the Committee to establish the number of options, RSUs and PSUs to be granted; and (d) the SCT use of the grant date fair value for RSU and PSU awards, as described in the footnotes to those tables.

The LTI components are described in detail in Section VI.c. Fiscal 2016 Compensation Long-Term Incentive Compensation.

Table of Contents**CD&A I. EXECUTIVE SUMMARY****d. CEO Compensation and Pay for Performance Alignment**

Each year, the Committee assesses our CEO's actual compensation relative to the Company's performance. The following graph shows the relationship of our CEO's actual TDC compared to our cumulative total shareholder return (TSR) performance in each of the last five fiscal years. Actual TDC in this chart includes base salary, actual annual incentive earned for the year, and the long-term incentive value based on the stock price at the time of grant, as detailed in the section immediately above. Pay for performance alignment is shown relative to the TDC of our current CEO, Mr. Comma, for fiscal 2014-2016, and relative to our former CEO, Ms. Lang, for fiscal 2012-2013. As illustrated, CEO compensation was generally aligned with Company performance (except in fiscal 2014 when the CEO's pay declined during the transition from the former CEO to the new CEO, although TSR improved significantly). The FY 2016 bar reflects Mr. Comma's annual LTI incentive and the special retention stock award. No part of the special award vests for at least four years from the grant date, as described in section I.c.

(1) The graph above shows the cumulative return to holders of the Company's Common Stock at September 30th of each year assuming \$100 was invested on September 30, 2011, and assumes reinvestment of dividends. The Company began paying dividends in fiscal 2014.

e. Say-on-Pay Feedback from Stockholders

In 2016, we sought an advisory vote from our stockholders regarding our executive compensation program and received a 98.6% favorable vote supporting the program. Each year, the Committee considers the results of the advisory vote as it completes its annual review of each pay element and the compensation provided to our NEOs and other executives. Given the significant level of stockholder support and our stockholder outreach throughout the year, the Committee concluded that our executive compensation program continues to align executive pay with stockholder interests and provides competitive pay that encourages retention and effectively incentivizes performance of talented NEOs and executives. Accordingly, the Committee determined not to make any significant changes to our programs as a result of the vote. The Committee will continue to consider the outcome of our say-on-pay votes and our stockholders' views when making future compensation decisions for the NEOs and executives.

Table of Contents

CD&A II. COMPENSATION PRINCIPLES AND OBJECTIVES

II. COMPENSATION PRINCIPLES AND OBJECTIVES

The Committee focuses on the following principles and objectives in determining and measuring the various components of our executive compensation programs:

Competitive target pay structure, including base salary, annual incentive, and long-term incentives that enable us to attract and retain talented, experienced executives who can drive long-term stockholder value.

Pay for performance alignment, with a higher percentage of executive pay in the form of annual and long-term incentives that directly tie payouts to the achievement of incentive goals.

Comprehensive goal setting, with financial, operational, and/or strategic performance metrics that drive long-term stockholder value.

Incentivizing balanced short-term and long-term executive decision making, through variable compensation components (cash and stock) using varying timeframes.

Executive alignment with stockholder interests, through stock ownership and holding requirements.

Sound governance practices and principles in plan design and pay decisions, with the Committee considering both what and how performance is achieved.

Management of compensation risk, by establishing incentive goals that avoid placing too much emphasis on any one metric or performance time horizon, thereby discouraging excessive or unwise risk-taking.

Internal Pay Equity

Our compensation programs are designed so that potential compensation opportunities are appropriate relative to each executive's level of responsibility and impact. While program design is similar for executives at the same level, actual pay may vary based on job scope and individual performance over time. In fiscal 2016, our CEO's targeted TDC was approximately 2.9 times higher than the next highest paid executive when excluding the special retention stock award, described in Section I.c.

CD&A III. COMPENSATION COMPETITIVE ANALYSIS

III. COMPENSATION COMPETITIVE ANALYSIS

a. Competitive Analysis

Each year the Committee relies on multiple data points to assess the competitiveness of our executive compensation program and the individual compensation of our executives. Information the Committee uses to perform this analysis includes:

The Company's performance against its financial and operational goals;

The mix of short-term and long-term compensation in the form of cash and equity-based compensation; and
A review of Market compensation by the Committee's independent consultant, which includes data from (a) proxy statement disclosures of our Peer Group (defined below), (b) a restaurant industry compensation survey, (c) general industry data from national compensation surveys; and (d) the Company's financial performance relative to our Peer Group.

b. Fiscal 2016 Peer Group

We use a Peer Group to assess the competitive pay levels of our NEOs and other executives, and to evaluate program design elements. The Committee believes the Peer Group should consist of a combination of restaurant and retail companies because these are the primary companies with which we compete for executive talent.

Our practice in selecting Peer Group companies is to look for companies in the restaurant industry that are comparable in size (GAAP revenue, market capitalization and systemwide sales) generally between 0.5x and 2.0x Jack in the Box Inc. The Committee also considers number of locations, business models and consumer focus. In reviewing systemwide sales comparisons, the Committee focuses on the eleven restaurant companies in the Peer Group (for which comparative data is applicable). Given the small number of public restaurant companies that meet the above criteria, our peer group also includes retail companies, using the same criteria described above.

For 2016, the Committee's independent consultant recommended, and the Committee approved, the following changes to the Peer Group:

Removing Aeropostale Inc. and Ruby Tuesday, Inc. due to their relatively small size and weak performance, and

Replacing the previous two companies with Papa John's International Inc. and Express, Inc. because they more closely meet the established Peer Group criteria described above.

The Committee approved the revised fiscal 2016 Peer Group in July 2015. At such time, the new Peer Group members median trailing four-quarter revenue was \$2.1 billion and the median market capitalization (as most recently reported) was \$3.0 billion, compared with projected Jack in the Box Inc. trailing four-quarter revenue of \$1.5 billion and market cap of \$3.5 billion. For the peer group restaurant companies, median systemwide sales (as of their most recently completed fiscal year) was \$4.0 billion, compared to \$4.2 billion projected for Jack in the Box.

Table of Contents**CD&A IV. ELEMENTS OF COMPENSATION****IV. ELEMENTS OF COMPENSATION**

Our executive compensation programs consist of the elements summarized below, and are designed to (a) achieve our compensation objectives, (b) enable the Company to attract, retain, motivate, engage, and reward our NEOs and other executives, and (c) encourage an appropriate level of risk taking, as discussed later in this CD&A.

Element /**Type of Plan Link to Compensation Objectives Key Features****Current Year Performance**

Base Salary (Cash)	Fixed amount of compensation for performing day-to-day responsibilities. Provides financial stability and security, and represents the smallest portion of TDC.	Competitive pay that is targeted to approximate a reasonable range of the median of the Market, taking into account job scope and complexity, criticality of position, knowledge, skills and experience. Generally, executives are eligible for an annual salary increase, depending on individual performance, market pay changes, and internal equity.
----------------------------------	---	--

Annual Incentive (Cash)	Variable compensation component. Motivates and rewards for achievement of annual financial and operational goals, and in some years, other annual strategic objectives.	Incentives are targeted to approximate a reasonable range of the Market median. Total potential payouts range from 0% - 200% of target payout. Goals and weighting are set annually to align with specific financial, operational, and/or strategic performance objectives and the Company's operational plan and budget. <i>Fiscal 2016 goals are described in Section VI.b.</i>
---------------------------------------	---	---

Multi-Year Performance

Long-Term Incentive (LTI) (Equity)	Variable compensation component. Motivates and rewards for sustained long-term financial and operational performance designed to increase long-term stockholder value.	LTI guidelines are reviewed annually and set to result in total pay that is within a reasonable range of the Market median. Actual grants may vary from the LTI guideline based on individual performance. No dividends are paid on unvested RSUs or PSUs.
	Encourages continued employment through required vesting periods in order to obtain shares.	<u>Stock Options:</u> In fiscal 2016, option awards represented 34% of each executive's LTI guideline; they vest 33% per year over three years and expire seven years from the grant date. The exercise price is equal to the closing price of Jack in the Box Common Stock on the date of grant.

Stock ownership and holding requirements align the financial interests of our executives with the financial interests of our stockholders.

Performance Shares (PSUs): In fiscal 2016, PSUs represented 33% of the LTI guideline; they vest at the end of three years, and are payable in stock, with the amount vesting based upon achievement of pre-established performance goals (ranging from zero to 150% of the target number of shares granted). Beginning in fiscal 2016, PSUs are subject to a holding requirement (executives must hold 50% of after-tax net shares resulting from the vesting of PSUs until termination of service). *The goals for the FY 2016-2018 grant are described in Section VI.c.*

Restricted Stock Units (RSUs): In fiscal 2016, RSUs represented 33% of the LTI guideline, vest 25% per year over four years, and are payable in stock. RSUs are subject to a holding requirement (executives must hold 50% of after-tax net shares resulting from the vesting of RSUs until termination of service). Prior to FY 2016, RSU awards were generally subject to a 50-100% holding requirement depending on whether the recipient had met their stock ownership guideline at the time of grant.

(Pension, SERP, 401(k), Deferred Compensation)

Supplemental Executive Retirement Plan (SERP) The SERP was closed to new participants in 2007. Two NEOs, who were hired or promoted into Officer positions prior to 2007, are participants in the plan. The plan provides retirement income on a non-qualified basis, without regard to IRC limitations.

401(k) Plan The 401(k) plan is a qualified deferred compensation plan that is available to all employees who are at least age 21. The 401(k) plan includes a Company matching contribution of up to 4% of compensation deferred by employees, subject to annual IRC limits.

Executive Deferred Compensation Plan (EDCP) The EDCP is a non-qualified deferred compensation plan that is offered to

highly-compensated employees. Prior to January 1, 2016, the EDCP included a Company matching contribution of up to 3% of compensation deferred, and beginning January 1, 2016, was replaced with an annual restoration matching contribution for participants whose deferrals to the 401(k) plan (and related Company matching contributions) are limited due to tax code limits applicable to the 401(k) plan. A participant must be employed on the last day of the calendar year to receive the restoration matching contribution. Executives hired or promoted to an Officer position after 2007, and not eligible for the SERP (including three NEOs), also receive a Company contribution to the EDCP for ten years from their hire date dates, equal to 4% of their base salary and annual incentive.

CD&A V. COMPENSATION DECISION-MAKING PROCESS

V. COMPENSATION DECISION-MAKING PROCESS

a. Role of the Compensation Committee

The Committee works closely with its independent consultant and meets regularly, including in executive session without members of Management present, to make decisions on our executive compensation program and on the compensation of our CEO and other executives. The Committee reviews a variety of market data and information, including Company, Peer Group, restaurant/retail industry, and general industry compensation information, and considers the recommendations of its independent consultant when making compensation decisions. The Committee Chair reports the actions of the Committee to the Board at each regular meeting. The Committee's responsibilities include reviewing and approving:

The Peer Group;

Our compensation principles and objectives;

The amount and form of executive compensation (pay increases, equity grants);

CEO performance and compensation, and executive officer compensation;

Annual and long-term incentive plans and benefit plans;

Performance metrics and goals, and the achievement of annual and long-term incentive plan goals;

Board compensation; and

Annual proxy statement/CD&A disclosure.

b. Role of the Independent Compensation Consultant

The Committee has retained Semler Brossy Consulting Group, LLC (Semler Brossy or the Consultant) as its independent compensation consultant since January 2010. The Consultant reports directly to the Committee and performs no other work for the Company. The Committee has analyzed whether the work of Semler Brossy as a

compensation consultant raises any conflict of interest, taking into consideration the following factors: (i) whether Semler Brossy provides any other services to the Company; (ii) the amount of fees paid by the Company to Semler Brossy as a percentage of Semler Brossy's total revenue; (iii) Semler Brossy's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Semler Brossy or the individual compensation advisors employed by the firm with any executive officers of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Committee; and (vi) any stock of the Company owned by Semler Brossy or the individual compensation advisors whom it employs. The Committee has determined, based on its analysis of the above factors, that the work of Semler Brossy and the individual compensation advisors employed by

Semler Brossy as compensation consultants to the Committee has not created any conflict of interest.

The Consultant does the following for the Committee:

Attends Committee meetings;

Provides independent advice to the Committee on current trends and best practices in compensation design and program alternatives, and advises on plans or practices that may improve effectiveness of our compensation program;

Provides and discusses peer group and survey data for competitive comparisons and, based on this information, offers independent recommendations on CEO and NEO compensation;

Reviews the CD&A and other compensation-related disclosures in our proxy statements;

Offers recommendations, insights and perspectives on compensation related matters;

Evaluates and advises the Committee regarding enterprise and related risks associated with executive compensation components, plans and structures; and

Assists the Committee in designing executive compensation programs that are competitive and align the interests of our executives with those of our stockholders.

In fiscal 2016, Semler Brossy attended all Committee meetings in person or by telephone, including executive sessions as requested, and consulted frequently with the Committee Chair between meetings. Semler Brossy reviewed this CD&A.

c. Role of the CEO in Compensation Decisions

When making decisions on executive compensation, the Committee considers input from the Company's CEO, who reviews the performance of the other NEOs and executives and provides his recommendations to the Committee on NEOs and other executives' compensation. The Company's Chief People, Culture and Corporate Strategy Officer (CPO), compensation and benefits department, and the CFO and finance department also provide information and answer the Committee's questions regarding Company financial targets and projections. The CEO meets privately with

the Committee and its Consultant to discuss his executive pay recommendations, and provides his insight and perspectives to the Committee on the reports and recommendations of the Committee's Consultant relating to plan design and strategies, goal setting, payout structure, stock grants and holding requirements, and related topics.

The Committee reviews and discusses pay decisions related to the CEO in executive session without the CEO or any other members of Management present.

Table of Contents**CD&A VI. FISCAL 2016 COMPENSATION****VI. FISCAL 2016 COMPENSATION****a. Base Salary**

In fiscal 2016, the Committee approved the following NEO salary increases, effective November 2015, to maintain Market competitiveness, and to recognize individual performance, skills, experience, and criticality of position. The Committee gave Mr. Comma a higher percentage salary increase than the other NEOs to achieve its objective of bringing his pay closer to the Market median over time.

2016 Base Salary Increases

Name	Fiscal 2015 Salary	Fiscal 2016 Salary	% Increase
Mr. Comma (CEO)	\$ 850,000	\$ 900,000	5.9%
Mr. Rebel (CFO)	\$ 556,000	\$ 564,000	1.4%

b. Performance-Based Annual Incentive Compensation (Cash)

In November 2015, the Committee approved the annual incentive goals for fiscal 2016 consistent with the Company's fiscal 2016 operational plan and budget approved by the Board. For Brand Services executives (Mr. Comma, Mr. Rebel, Dr. Blankenship and Mr. Rudolph), the annual goals included: (1) Operating EPS, using the same calculation that Management and the investment community commonly use to assess the Company's performance; and (2) Consolidated Restaurant Operating Margin (ROM), as described below. For Ms. Allen, the JIB President (an NEO), and the Qdoba President (who is not an NEO for fiscal 2016), the goals included a combination of the corporate Operating EPS goal, and specific goals for each of their respective brands.

When setting fiscal 2016 annual incentive goals, the Committee and our CEO considered: (1) the Company's fiscal 2016 operational plan and budget, that included then-current

economic conditions, and potential events that could impact future sales and earnings levels; (2) a sensitivity analysis of Company and brand performance results relative to the incentive targets; and (3) the advice of the Committee's Consultant. Based on this review, the Committee set goals based on key financial metrics that it believed would increase stockholder value if achieved, with target and higher goals set at challenging, yet reasonable levels. The plan structure and relative weights of each goal are shown in the table below.

2016 Performance Metrics

Why Goal Is Used

Operating EPS (diluted) ⁽¹⁾	This is a primary measure of how well the Company is performing overall, and is a key driver of stockholder return over the long term. This metric excludes restructuring charges and gains and losses from refranchising.
Consolidated Restaurant Operating Margin (ROM)	Consolidated ROM measures how effectively the Company manages its business operations and costs, and is a key performance metric for alignment with our franchise operators, our franchising strategy, and our stockholders and potential investors.
JIB/Qdoba Brand Earnings From Operations	Brand Earnings from Operations is a key performance metric for measuring operational performance relative to profitability, and is reported in the footnotes to our financial statements as Earnings from Operations by Segment. It includes all earnings for the specified brand all revenue less costs before interest and taxes, where such costs include regional administrative costs, but excludes restructuring costs and unallocated costs related to shared service functions (such as accounting/finance, IT, human resources, audit services, legal, tax and treasury) as well as unallocated costs such as pension expense and share-based compensation.
JIB/Qdoba Restaurant Operating Margin (ROM)	Brand ROM measures how effectively JIB and Qdoba manage their respective business operations and costs, and is a key performance metric that aligns with the interests of each brand's franchise operators, as well as with our stockholders and potential investors.

⁽¹⁾ Operating EPS refers to diluted EPS from continuing operations on a GAAP basis excluding restructuring charges and gains/losses from refranchising. For a reconciliation, please see the Company's current report on Form 8-K and accompanying press release filed November 21, 2016.

CD&A VI. FISCAL 2016 COMPENSATION

Fiscal 2016 Performance Results

The Company and Committee use a rigorous process to set challenging, yet reasonably attainable goals. This process includes (a) aligning annual goals with the fiscal year budget approved by the Board, (b) considering current and projected performance of the restaurant industry in general and companies within our peer group, (c) considering internal and external situations that could impact performance, and (d) ensuring appropriate and competitive levels of payout relative to performance achievement.

Jack in the Box Inc. performance: The Company performed near the maximum performance goal set for fiscal 2016 Operating EPS, and achieved the target goal for Consolidated ROM (the Brand Services goals).

JIB performance: The JIB brand performed just above the target goal set for JIB Earnings from Operations, and exceeded the maximum performance goal for JIB ROM.

Qdoba performance: The Qdoba brand did not achieve the minimum threshold goals set for Earnings from Operations or brand ROM.

The charts below show actual financial performance relative to target performance for the two corporate goals and the two JIB and Qdoba brand-specific goals, respectively.

Fiscal 2016 Payouts

The 2016 target and maximum annual incentive payout percentages for the NEOs, expressed as a percentage of annual base salary, are shown in the table below. The payout percentages are set by position level, taking into account the compensation competitive analysis described in Section III.a. and each executive's role in the Company. There is no minimum amount of incentive payout guaranteed for the NEOs, but the maximum amount is capped at 2x target payout (which is 200% of salary for the CEO, and 150% of salary for the other NEOs). The payouts as a percent of target incentive and as a percent of annual salary are shown below.

	Potential Payout (As Percent of Annual Salary)		Incentive Target Payout (Annual Salary)	Actual Payout (As Percent of Actual Incentive)		Payout
	Target	Max		As Percent of	As Percent of	
Mr. Comma (CEO)	100%	200%	\$ 900,000	167.4%	167.4%	\$ 1,506,240
Mr. Rebel (CFO)	75%	150%	\$ 423,000	167.4%	125.6%	\$ 708,243

CD&A VI. FISCAL 2016 COMPENSATION

c. Long-Term Incentive Compensation

In fiscal 2016, the LTI program for all our Company NEOs was comprised of 34% stock options, 33% performance shares (PSUs), and 33% restricted stock units (RSUs). The Committee chose these forms of equity awards and weightings to (a) provide options which align executive pay with the creation of value for our stockholders through stock price appreciation, (b) provide PSUs that directly link executive pay to achievement of longer-term Company financial and operational goals, and (c) provide time-vested RSUs to facilitate stock ownership and retention. All executives (Brand Services, JIB Brand, and Qdoba Brand) share the same PSU goals.

Each year, the Committee's Consultant advises the Committee on the LTI grant guidelines that reflect approximately the median of Market TDC when combined with base salary and the target annual incentive. For the fiscal 2016 grant, the Committee considered the equity grant guidelines, the Company's overall performance, each brand's performance for the prior fiscal year, recommendations from the CEO (except with regard to his own compensation), and input from the Consultant to determine the actual grant value for each NEO. The chart below illustrates our LTI structure and the key elements of each type of award for our NEOs and other executives for fiscal 2016.

Table of Contents**CD&A VI. FISCAL 2016 COMPENSATION****Performance Shares**

PSUs are granted annually and vest after three years based on achievement of performance metrics that are established for the three-fiscal year performance period (Performance Period). The Committee sets specific performance goals (including minimum, target, and maximum) either (a) at the beginning of the Performance Period, or (b) annually at the beginning of each fiscal year of the Performance Period, depending on the goal; in the latter case, the threshold performance goals set for the second and third years of the Performance Period may not be lower than the threshold set for the first year. The Committee believes that for some metrics, setting annual performance goals improves its visibility into the relative attainability and difficulty of the goals and, as a result, better aligns performance and payouts. Vesting ranges from 0% to 150% of the target number of shares granted; the threshold payout (50% of target) requires achieving an established minimum performance requirement (there is no payout if performance doesn't meet the minimum requirement).

PSUs Granted in Fiscal 2016: In November 2015, the Committee granted PSU awards to our NEOs and executives for the fiscal 2016-2018 Performance Period, based on two equally-weighted metrics: (a) adjusted ROIC from Operations and (b) Consolidated Systemwide Sales Growth. The ROIC performance goals were established for the full Performance

Period and will be measured at the end of the third fiscal year (fiscal 2018), while the sales goals were set only for the first year (fiscal 2016) of the Performance Period. Goals for fiscal 2017 and 2018 will be set at the beginning of each respective year. These metrics support the critical drivers of our success: growing top-line sales profitably at both brands, and encouraging prudent deployment of capital to drive the business. For each metric, the Committee believes the goals set are appropriately challenging, yet reasonably attainable.

PSUs Vested in 2016: PSUs granted in November 2013 (based on the fiscal 2014-2016 Performance Period) vested and were payable in November 2016. Consistent with our pay for performance philosophy, the payout level was determined based on the average of the performance level attained in each fiscal year of the performance period for the three goals, based upon (a) an ROIC from Operations measure (weighted 50%), (b) JIB Systemwide Average Unit Sales Growth (JIB-AUV) (weighted 25%), and (c) Qdoba Systemwide Average Unit Sales Growth (Qdoba AUV) (weighted 25%). The average achievement level of payout on the ROIC from Operations goal was above target at 148.1%. Achievement on the JIB-AUV goal was just above target at 104.3%. And achievement on the Qdoba-AUV goal was below target at 88.8%. Together, this resulted in a weighted payout of 122.4% of the target number of PSUs granted to each of the NEOs except Ms. Allen (who was hired in fiscal 2015).

The Grants of Plan-Based Awards table shows the LTI awards to each of our NEOs in fiscal 2016.

d. Cash Perquisite Allowance

Executives receive an annual cash requisite allowance, intended to contribute to the executive's expenses for financial planning, and the executive's use of their personal automobile and cell phone for business purposes. The allowance is

taxable to each executive, and the Company does not provide a related tax gross-up.

Name	Allowance
Mr. Comma (CEO)	\$ 66,500
Mr. Rebel (CFO)	\$ 52,000
Ms. Allen (JIB President)	\$ 52,000
Dr. Blankenship (CPO)	\$ 52,000
Mr. Rudolph (CLO)	\$ 52,000

Table of Contents**CD&A VII. ADDITIONAL COMPENSATION INFORMATION****VII. ADDITIONAL COMPENSATION INFORMATION****a. Executive Stock Ownership Requirements**

Our senior vice presidents and higher, including our NEOs, are subject to stock ownership guidelines. The guidelines are intended to assure that these executives maintain a meaningful financial stake in the Company in order to promote a long-term perspective in managing the business, and to align their long-term financial interests with those of our stockholders. Our stock ownership guidelines consist of (1) an ownership requirement set as a multiple of salary and (2) a holding requirement.

1. Stock Ownership Guideline

Position	Minimum Ownership (multiple of base salary)
Chairman and CEO	5.0x
Executive Vice President	3.0x
JIB and Qdoba Brand Presidents	3.0x
Senior Vice President	1.5x

2. Holding Requirements

Beginning in fiscal 2014 for annual RSU grants and in fiscal 2016 for PSUs, executives are required to hold until termination of service, a minimum of 50% of after-tax net shares resulting from the vesting of RSUs and PSUs. (For annual RSU grants prior to fiscal 2014, executives who had not yet met their ownership guideline were required to hold 100% of net shares.)

Prior to 2011, the executive stock ownership program consisted of one-time grants of restricted stock units that had to be held until the executive's termination of service with the Company.

NEO Stock Ownership

Each year, the Committee reviews our NEOs' stock ownership relative to their respective requirement, with new executives expected to meet their ownership requirement within five years from the date they became subject to the requirement. As of the end of fiscal 2016, all of our NEOs met their stock ownership requirement except Ms. Allen, who was hired in October 2014 and is still within her transition period for compliance.

b. Executive Benefits

Our NEOs and other executives receive the same benefits as those generally available to other employees in the Company. Both Company-subsidized and voluntary benefit programs are provided and include medical, dental, vision, life insurance,

and disability coverage. Additionally, the Company provides each NEO with an enhanced level of employer-paid term life insurance with a value for each NEO of \$770,000.

Table of Contents**CD&A VII. ADDITIONAL COMPENSATION INFORMATION****c. Retirement Plans**

The Company's retirement plans are designed to provide our employees, including our NEOs and other executives, with some retirement income security. These plans reward for service and provide an additional incentive for our employees to build long-term careers at Jack in the Box.

Defined Benefit Pension Plan (Retirement Plan). Four NEOs and all other employees hired before 2011 are participants in a tax-qualified defined benefit pension plan. This plan was closed to new employees hired on or after January 1, 2011, and sunset on December 31, 2015. This means that participants no longer accrue additional benefits based on additional pay and service as of that date. Participants may begin receiving their accrued benefit on or after retirement.

Supplemental Executive Retirement Plan (SERP). Two of our NEOs and one other Company executive are participants in the SERP. Effective January 1, 2007, the SERP was closed to new participants. The SERP is unfunded and not qualified for tax purposes. The SERP was established in 1990 to address Internal Revenue Code (IRC) limitations on pension benefits that could be accrued under our tax-qualified pension plan.

Qualified 401(k) Plan (401(k) Plan). Effective January 1, 2016, our NEOs became eligible to defer base salary and annual incentive compensation through the Company's qualified defined contribution plan, the 401(k) Plan. (Prior to that time, our NEOs and other highly compensated employees were excluded from participating.) The 401(k) Plan is available to all Company employees and provides to all employees who participate in the plan by deferring eligible compensation a Company matching contribution equal to 100% of the first four percent of compensation deferred, with immediate vesting.

Non-Qualified Deferred Compensation Plan (EDCP). In light of IRC limits imposed on the 401(k) Plan, we sponsor the EDCP Plan into which our NEOs and other highly compensated employees may also defer up to 50% of their base salary and up to 85% of their annual incentive compensation. In coordination with the 401(k) Plan changes that took effect January 1, 2016, the EDCP Company matching contribution (previously 100% of the first three percent of compensation deferred) was replaced with a restoration matching contribution. This means the Company will match up to the full four percent potential matching contribution for participants whose compensation or deferrals to the 401(k) Plan (and related Company matching contributions) are limited due to the IRC limits applicable to the 401(k) Plan. A participant must be employed on the last day of the calendar year to receive the restoration matching contribution, which is then 100% vested. Company matching contributions made prior to January 1, 2016 vested at a rate of 25% per year (such that the match fully vests after completion of four full years of service with the Company). Participants choose from an array of investment options, and their accounts are credited based upon the performance of the investment options. These obligations under the EDCP represent an unsecured claim against the Company.

Enhanced EDCP. Due to the closure of the SERP in 2007, employees hired or promoted into a Corporate Vice President position between January 1, 2007 and May 7, 2015 receive a supplemental contribution to their EDCP account of four percent of base salary and annual incentive each year for up to ten years. Three of our NEOs receive the enhanced EDCP.

d. Prohibition of Pledging and Hedging Transactions

The Company prohibits directors and Section 16 officers from engaging in certain derivative transactions in Company stock, including:

Trading in puts, calls, or other derivative vehicles involving the Company's securities (often referred to as hedging transactions);

Engaging in zero-cost collars, forward sales contracts or other hedging transactions in Company securities;

Holding Company securities in margin accounts; or

Pledging Company securities.

CD&A VII. ADDITIONAL COMPENSATION INFORMATION

e. Executive Compensation Recovery (Clawback) Policy

The Company's compensation recovery policy provides that in the event Jack in the Box Inc. materially restates all or a portion of its financial statements due to fraud or intentional misconduct, either committed by a Corporate Officer or knowingly permitted by a Corporate Officer, the Committee may take action to recover incentive cash compensation and performance-based equity awards that were based on the achievement of financial results that were subsequently restated. For purposes of this policy, a Corporate Officer is defined as an employee with the title of Corporate Vice President or above, and includes the JIB President and Qdoba President, as well as former Corporate Officers who were employed by the Company at the time of any fraud or intentional misconduct.

Executive compensation subject to recovery and/or cancellation may include:

- i) Annual incentive or incentive cash compensation paid to the Corporate Officer, plus a reasonable rate of interest,
- ii) Economic gains realized from the sale of shares awarded under a performance-based equity plan, and
- iii) Restricted stock or units, deferred stock awards or units, and outstanding stock options to the extent vesting of such awards is performance-based.

The Committee has the sole discretion to determine what action to take in the event of a restatement, including soliciting recommendations from the Audit Committee and the full Board and retaining outside advisors to assist in making its determinations. Any actions taken by the Committee would be independent of consequences imposed by law enforcement agencies, regulators or other authorities.

Since November 2015, all PSU grant agreements contain specific terms providing that the award is subject to recoupment in accordance with any clawback policy that the Company adopts pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Act or other applicable law. The Committee will continue to review potential changes to its policies in light of the Dodd-Frank Act final regulations.

f. Termination of Service

None of the 2016 NEOs have employment agreements that provide for benefits upon termination of service, except (a) in the event of a change in control (CIC) as described in the Compensation and Benefits Assurance Agreements discussion in the next section, and (b) in the case of Ms. Allen, whose employment offer letter provides for payment to her of one year base salary in the event she is terminated without cause.

When an NEO terminates employment with the Company, the NEO will receive amounts according to the specific terms and provisions of each compensation plan or benefit plan in which he or she participates. Such amounts may include:

Amounts contributed to and distributed under the Company's qualified and non-qualified deferred compensation plans (subject to the specific terms and requirements of IRC Section 409A).

Under the Company's equity incentive plan and standard equity agreements, upon a CIC: (a) vesting of PSUs based on actual levels achieved for completed performance periods and target level for incomplete periods, and (b) accelerated vesting of RSUs and options only upon both a qualified CIC and qualifying termination, as described in the Compensation & Benefits Assurance Agreements section below.

Amounts accrued and vested in the Company's pension plans (Retirement Plan for four NEOs; plus the SERP for Mr. Rebel and Dr. Blankenship only).

If termination is after the end of the fiscal year but before payment, the annual cash incentive award, subject to the Company's achievement of performance goals.

If eligible to retire under a Company-sponsored retirement plan, in addition to the above, and consistent with the terms of our standard equity agreement, a corporate officer (including all NEOs) is entitled to the following:

Accelerated vesting of options equal to 5% additional vesting for each full year of service with the Company.

Prorated vesting of PSUs and full vesting of time-vested RSUs in accordance with the vesting schedule of each award.

A prorated annual cash incentive award based on the number of full reporting periods worked in the fiscal year before retirement, subject to the Company's eligibility requirements and achievement of performance goals. If an NEO dies while employed by the Company, under the terms of the respective stock award agreements, all outstanding options and stock awards will become 100% vested on the date of his or her death (in the case of PSUs, subject to the number of periods completed during the performance period and actual performance achieved).

The values of additional potential payments to the NEOs are provided in the section entitled Potential Payments On Termination of Employment or Change in Control of this Proxy Statement.

CD&A VII. ADDITIONAL COMPENSATION INFORMATION

g. Compensation & Benefits Assurance (Change in Control) Agreements

The Committee believes that Compensation & Benefits Assurance Agreements (otherwise known as a Change in Control or CIC Agreements) benefit stockholders by providing an important incentive to senior executives to remain focused on running the business in the case of a pending or actual CIC event. Accordingly, each of the NEOs and two other officers have a CIC Agreement providing for compensation in the form of a lump sum payment and other benefits in the event of a qualifying termination within 24 months of the effective date of the CIC of the Company (a double-trigger agreement).

In 2009, in line with market practices, the Committee determined not to enter into any future compensatory agreements with executives that obligate the Company to provide tax gross-up payments intended to offset the cost of excise taxes imposed on excess parachute payments. Accordingly, no CIC Agreements entered into since 2009

include gross-up provisions. One grandfathered CIC Agreement, entered into with our CFO prior to 2009, was still in effect at fiscal year-end, and includes a gross-up provision.

The Company's current form CIC agreement includes a best after-tax provision where benefits would be reduced only if doing so would result in a better after-tax economic position for the affected executive. Under this provision, there are no gross-ups payable; the executive is solely responsible for payment of excise taxes and other applicable federal, state, and local income and employment taxes. The Committee plans to continue to monitor the costs and appropriate terms and conditions of CIC Agreements in the future.

A detailed discussion of the provisions of the CIC Agreements and associated monetary values is provided in the sub-section following the compensation tables entitled *Compensation & Benefits Assurance Agreements*.

h. Tax and Accounting Information

Internal Revenue Code Section 162(m)

The Committee and its Consultant consider the IRC Section 162(m) implications of all compensation decisions for our NEOs and other executives. Section 162(m) places a one million dollar limit on the amount of compensation that the Company can deduct in any one year for certain NEOs. Certain performance-based pay is excluded from this limit. For the reasons discussed earlier, our compensation programs are designed to provide the largest portion of an executive's compensation through programs intended to qualify as performance-based compensation under Section 162(m), including our annual performance incentive plan and long-term incentive plan in the form of stock options and performance shares. However, corporate objectives may not necessarily align with the requirements of Section 162(m). Accordingly, the Committee may grant awards or enter into compensation arrangements under which payments are not deductible under Section 162(m). For example, restricted stock awards are not considered

performance-based under Section 162(m) and, accordingly, are subject to the one million dollar deductibility limit.

Internal Revenue Code Section 409A

Under IRC Section 409A, amounts deferred by an employee under a non-qualified deferred compensation plan (such as the SERP and EDCP) may be included in gross income when deferred and be subject to a 20% additional federal tax, unless the plan complies with certain requirements related to the timing of deferral election and distribution decisions.

The Company administers the SERP and EDCP intending to comply with Section 409A. The Company intends that its stock options are exempt from Section 409A.

Expensing of Stock and Option Awards

The Company accounts for compensation expense associated with stock and option awards in accordance with the Financial Accounting Standards Board (FASB) authoritative guidance on stock compensation, and it uses a Black Scholes valuation model to determine the fair value of our stock options at grant. For further details regarding the accounting for the compensation expense associated with stock and option awards, refer to Note 12, *Share-Based Employee Compensation* in the Company s 2016 Annual Report on Form 10-K.

COMPENSATION COMMITTEE REPORT

COMPENSATION COMMITTEE REPORT

The Jack in the Box Compensation Committee is comprised solely of independent members of the Company's Board of Directors. The Committee assists the Board in fulfilling its responsibilities regarding compensation matters, and is responsible under its charter for determining the compensation of the Executive Officers. This includes reviewing all components of pay for our CEO and the other NEOs. The Committee reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with its Consultant, with Management and with the Board. Based on this review and discussion, the Committee, on behalf of the Board, has authorized that this Compensation Discussion and Analysis be included in this Proxy Statement for fiscal 2016, ended October 2, 2016.

COMPENSATION RISK ANALYSIS

COMPENSATION RISK ANALYSIS

The Committee has engaged in a thorough risk analysis of our compensation plans, programs, policies, and practices for all employees. This includes advice from the Committee's independent Consultant regarding executive programs, and a detailed report, prepared by a Company Internal Compensation Risk Committee, describing the risk mitigation characteristics of the Company's annual and long-term incentive programs. For the following reasons, the Committee believes that the design of our compensation programs, the governance of our programs, and our risk oversight process guard against imprudent risk taking that could have a material adverse effect on the Company.

Compensation Program Design Protections

Our base pay programs consist of competitive salaries that provide a fixed level of income on a regular basis. This mitigates incentives on the part of our executives and employees to take unnecessary or imprudent risks.

The Board approves the Company's strategic plan, capital budget, and long-term financial and operational plans that serve as the basis for setting short and long-term incentive goals. Goals are intended to drive stockholder value and are set relative to the approved budget, historical and future expected performance, and a reasonable amount of stretch so that they do not encourage imprudent risk taking.

Our annual incentive programs provide variable pay opportunities for certain position levels based on achievement of multiple annual performance goals including both financial, operational, and, for some years, strategic goals. Goals are set at reasonable levels and payouts are managed as a percentage of pay, with maximum caps. The largest amount of executive incentive compensation opportunity is tied to long-term incentive compensation that emphasizes sustained Company performance over time. This reduces incentive for executives and other employees to take risks that might increase short-term compensation at the expense of longer term Company results.

Equity awards have multi-year vesting, and RSU and PSU awards for executives have holding requirements until termination of service. This aligns the long-term interests of our NEOs and executives with those of our stockholders, and discourages taking short-term risks at the expense of longer-term performance.

The maximum awards that may be paid out under the annual and long-term incentive programs are capped at appropriate competitive levels, and the Committee retains the discretion to reduce payouts under the plans.

Structural Governance Protections

The Committee has adopted a clawback/compensation recovery policy that allows the Committee to take action to recover both cash compensation and performance-based equity awards for all NEOs and executives in the event of a material restatement based on fraud or intentional misconduct.

The Company has strong internal controls over the measurement and calculation of performance goals designed to keep them from being susceptible to manipulation.

Company policy also:

Prohibits directors and executive officers from engaging in hedging transactions involving our stock, which prevents executives from insulating themselves from poor stock performance by betting against our success; Prohibits directors and officers from pledging Company stock or holding Company stock in margin accounts. This reduces the risk that executives might create incentives to focus on short-term performance at the expense of long-term performance; and

Has a formal ethics code of conduct and an ethics helpline, and provides ethics training and communications to employees. The ethics program is intended to reinforce a culture of integrity.

The Company also has a Compensation Risk Committee that includes functional experts tasked specifically with evaluating potential unintended or unforeseen consequences of our compensation programs and their component parts.

⁽¹⁾ This column shows the base salary earned during the fiscal year, including any amounts deferred by the NEOs in the Executive Deferred Compensation Plan (EDCP). The amounts for 2016 reflect one additional week of compensation due to the Company's 53-week fiscal year.

⁽²⁾

Ms. Allen joined the Company during fiscal 2015 and this amount represents the new hire cash bonus she received.

- (3) *This column shows the aggregate grant date fair value of the PSUs and RSUs granted during the applicable fiscal year, in accordance with FASB ASC Topic 718 (ASC 718) based on the assumptions and methodologies set forth in the Company s 2016 Annual Report on Form 10-K (Note 12, Share-Based Employee Compensation). The 2016 amount for Mr. Comma also includes his special one-time retention RSU award which vests 50% four years after the date of grant, and the remaining 50% five years after grant. The 2015 amount for Ms. Allen also includes her new-hire grant of 4,207 RSUs, which vest 33% per year over three years on each anniversary of the grant. PSU awards, which cliff vest after three years, are made annually in November and vest based on our performance during the succeeding three-fiscal year period. The performance metrics are established at the beginning of the three-year period when the grant is made; the specific performance goals for all or a portion of the award are reviewed and set by the Committee (a) for the full three-year performance period at the time of grant for some performance metrics, or (b) for a one-year period at the beginning of each fiscal year for other performance metrics. The amounts for each year include the sum of the grant date fair values under ASC 718 for current and past year PSU grants, for which performance metrics were set in that year, at target values. Assuming the maximum level of performance achievement (150% of target), the PSU total values for each NEO in 2016 are, respectively: Mr. Comma, \$2,107,040; Mr. Rebel, \$586,928; Ms. Allen, \$325,112; Dr. Blankenship, \$323,664 and Mr. Rudolph, \$532,398.*
- (4) *This column shows the grant date fair values of stock options granted during the applicable fiscal year in accordance with ASC 718. The grant date fair values have been determined based on the assumptions and methodologies set forth in the Company s 2016 Annual Report on Form 10-K (Note 12, Share-Based Employee Compensation).*
- (5) *This column shows the annual incentive awards earned under the annual incentive plan for executives. Performance achievement is approved by the Committee at the November meeting following the end of the fiscal year. Annual incentive payments are made in December following Committee approval and reported in the SCT in the fiscal year for which the incentive is earned.*
- (6) *This column shows the change in the estimated present value of each NEO s accumulated benefit under (a) the qualified pension plan (the Retirement Plan) for Messrs. Comma, Rebel, Rudolph and Dr. Blankenship, and (b) the Supplemental Executive Retirement Plan (SERP) for Mr. Rebel and Dr. Blankenship only. The estimates are determined using interest rate and mortality rate assumptions consistent with those used in the Company s financial statements for fiscal years ending October 2, 2016, September 27, 2015, and September 28, 2014. The RP-2014 Mortality Table is used for the Retirement Plan and SERP estimates (the SERP uses a white collar adjustment). Both Plans used the MP-2015 generational scale projected from 2006, modified to use 15 year convergence to an ultimate rate of .75%. The amounts reported in this column may fluctuate significantly in a given year based on a number of factors that affect the formula to determine pension benefits, including changes in: (i) salary and annual incentive; (ii) years of service; and, predominantly (iii) the discount rates used in estimating present values, which were 3.60% for the SERP and 3.85% for the Retirement Plan for 2016, 4.45% for the SERP and 4.79% for the Retirement Plan for 2015, and 4.36% for the SERP and 4.60% for the Retirement Plan for 2014. Participating NEOs become vested in the Retirement Plan after five years, and in the SERP after attaining age 55 and completing ten years of service. Both plans have been closed to new participants, and the Retirement Plan was sunset on December 31, 2015. For a detailed discussion of the Company s pension benefits, see the sections of this Proxy Statement titled Retirement Plan, Supplemental Executive Retirement Plan and Pension Benefits Table and accompanying footnotes. The Company does not provide above-market or preferential earnings on non-qualified deferred compensation.*

The following table provides information on fiscal 2016 cash and equity incentive awards granted to our NEOs. Cash incentive awards are based on fiscal year performance under our annual incentive plan (AIP). Long-term equity incentive compensation includes stock options, time-based restricted stock units, and performance share awards that vest, if at all, upon achievement of performance goals over a three fiscal year period. - (1) All grants were approved at the November 2015 Committee meeting, with a grant date of November 24, 2015, the second business day of the Company's next open trading window, as is the Company's standard practice. In accordance with ASC 718, the grant date is shown for the portion of the PSUs awarded in fiscal 2016 that relate to the fiscal 2016 performance period, and the portion of the PSUs awarded in fiscal 2014 and 2015 related to the fiscal 2016 performance period, as further described in Footnote 7 to this table.
- (2) For PSU awards, this column shows the three fiscal years of the PSU performance period.
- (3) This column shows the potential payouts under the fiscal 2016 annual incentive plan, which could be earned based on performance in fiscal 2016. The threshold payout is zero, target payout represents the amount payable for achieving the target level of performance, and maximum payout is capped at two times target payout. Incentive payouts are prorated between performance levels, and the payout values are calculated using the executive's annual salary rate as specified at the time performance goals are approved by the Committee (no later than 90 days from the start of the fiscal year). The Summary Compensation Table for fiscal 2016 shows the actual incentive compensation earned by our NEOs for fiscal 2016 performance.
- (4) This column shows the threshold, target, and maximum potential share payout levels for the PSUs under the Company's long-term incentive plan for the fiscal 2016-2018 PSU award and for the fiscal 2016 performance period of the 2014-16 and 2015-17 PSU awards. The amount for the 2016-18 PSU award represents (a) the entire three-fiscal year period for one of the two performance metrics (ROIC from Operations), and (b) the fiscal 2016 performance period only for the second metric (consolidated systemwide sales growth) for the reasons explained in Footnote 7. Threshold payout for all of the PSUs reflected above is 50% of target and requires achieving an established minimum performance requirement (there is no payout if performance doesn't meet the minimum requirement). Maximum payout is 150% of target.
- (5) This column shows the number of RSUs granted on November 24, 2015 that vest 25% per year over four years on each anniversary of the grant date; and, on the second row for Mr. Comma, a special retention stock award which vests 50% four years after the date of the grant and the remaining 50% five years after grant.
- (6) This column shows the number of stock options granted in November 2015 that vest 33% per year over three years on the anniversary of the grant date. The options expire seven years from grant date. The exercise price is the closing price of Common Stock on the grant date of November 24, 2015 (\$75.24).
- (7) For stock options, the value represents the grant date fair value computed in accordance with ASC 718, which is a theoretical value at grant using a valuation model that requires the input of assumptions, including the expected volatility of our stock price. As such, the values may not reflect the actual amounts that our NEOs will realize; rather the actual amount realized will depend on the Company's stock price relative to the exercise price. The values of PSUs and RSUs also represent the grant date fair values, as computed in accordance with ASC 718, based on the closing price of the Company's Common Stock on the grant date discounted by the present value of

the expected dividend stream over the vesting period, as applicable, which was \$75.24 for PSUs, \$70.61 for Mr. Comma's special retention award RSUs and \$74.05 for all other RSUs. The grant date fair values of all awards were determined based on the assumptions and methodologies set forth in the Company's 2016 Annual Report on Form 10-K (Note 12, Share-Based Employee Compensation). PSU awards, which cliff vest after three years, are made annually in November and vest based on the Company's performance during the succeeding three-fiscal year period. The performance metrics are established at the beginning of the three-

fiscal year period when the grant is made; while the specific performance goals are either set by the Committee (a) at that time also for the full three-fiscal year performance period or (b) at the beginning of each fiscal year for that portion of the performance period; in accordance with SEC rules and ASC 718, the values shown on each of the three rows for the PSUs reflect the grant date fair value of the fiscal 2016 performance period (total or portion, as applicable) of the award based on probable outcome (target level performance) of each of the PSU awards.

⁽⁸⁾ Represents a special retention stock award approved by the Committee to reward Mr. Comma for his strong leadership and Company performance, and to incentivize him to remain with the Company over the longer term. The award vests 50% four years after the date of grant, and the remaining 50% five years after grant.

Outstanding Equity Awards at Fiscal Year End 2016

The following table provides information on all outstanding option awards and unvested stock awards held by each of the NEOs at the end of fiscal 2016. Each option grant is shown separately and the vesting schedule is shown as Footnote 1 to the table. The market value of the stock awards is based on the closing price of Jack in the Box Inc. Common Stock as of the last trading day of the fiscal year, September 30, 2016, which was \$95.94.

Table of Contents**EXECUTIVE COMPENSATION****Option Exercises and Stock Vested in Fiscal 2016**

The following table provides information on stock option exercises and shares acquired on the vesting of stock awards by the NEOs during fiscal 2016. Option award value realized is calculated by subtracting the aggregate exercise price of the options exercised from the aggregate fair market value of the shares of Jack in the Box Inc. stock acquired on the date of exercise. Stock award value realized is calculated by multiplying the number of shares shown in the table by the closing price of our stock on the date the stock awards vested.

	Option Awards		Stock Awards ⁽¹⁾	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting
Mr. Comma (CEO)	67,572	\$ 3,664,111	23,892	\$ 1,788,789
Mr. Rebel (CFO)	42,362	\$ 3,029,174	18,139	\$ 1,355,204

Mr. Rudolph (CLO)	8,505	\$ 599,739	11,419	\$ 853,844

⁽¹⁾ The reported number of shares and value realized on vesting includes time-vested RSUs granted in prior years, and the PSUs granted in November 2012 for the performance period fiscal 2013-2015, which vested in November 2015 and resulted in a payout of 117.3% of the target PSU award.

Retirement Plan Benefits

The following table provides information on the pension benefits for the NEOs under each of the following pension plans:

Retirement Plan

The Retirement Plan is a Company-funded and tax-qualified retirement plan that was offered to eligible employees hired prior to January 1, 2011 that had reached age 21 and completed one year of service (at least 1,000 hours/year). Four NEOs who were hired prior to 2011 participate in the plan. Participants are 100% vested after completing five years (1,000 hours per year) of service. As of December 31, 2015 the Retirement Plan was sunset and employees no longer accrue additional benefits based on additional pay and service. The plan provides that a participant retiring at the normal retirement age of 65 will receive benefits based primarily on the formula described below:

- (1) 1% of the average of the five highest consecutive calendar years of pay (Final Average Pay , includes base salary and annual incentive) out of the last ten years of eligible service, multiplied by the number of full calendar years and months while an eligible employee.

PLUS

- (2) 0.4% of Final Average Pay in excess of Covered Compensation (average of the Social Security taxable wage bases) multiplied by the number of full calendar years and months while an eligible employee (up to a maximum of 35 years).

A participant in the Retirement Plan who has at least ten years of vesting service may elect to begin receiving reduced payments as early as age 55. Note: Prior to 1989, benefits are subject to grandfathered minimum benefit accruals under the previous plan. Retirement plan benefits are (i) not

permitted to be paid to participants while actively employed with Jack in the Box Inc. and (ii) typically paid in the form of a monthly annuity unless the present value of the accrued benefit is equal to or less than \$20,000 (previously \$15,000) at termination and in such event, may be paid in the form of a lump sum payment.

Supplemental Executive Retirement Plan (SERP)

Effective January 1, 2007, the SERP was closed to new participants. Executives and certain highly compensated employees who were hired or promoted into such position prior to January 1, 2007 (including two NEOs) are eligible to participate in the SERP. The SERP, established in 1990, provides for retirement benefits above amounts available under the Company's Retirement Plan due to IRC limits that restrict benefits available under the Company's tax-qualified plan. The SERP is unfunded and not qualified for tax purposes.

The SERP provides that a participant retiring at the normal retirement age of 62 will receive a benefit equal to a target replacement income, based on final average pay and service. When combined with other amounts payable under the Company's tax-qualified pension benefit, and other qualified

and non-qualified deferred compensation programs, the target replacement income is up to 60% of Final Average Pay and subject to the following conditions:

Final Average Pay is defined as the average of the five highest calendar years of pay (base salary and annual incentive) out of the last ten years of employment with the Company.

Table of Contents**EXECUTIVE COMPENSATION**

Service is defined as the entire period of employment in calendar years and months while an eligible employee.

There is no reduction in the target replacement income (60%) if a participant has 20 or more years of service. For participants with less than 20 years of service, the target replacement income percentage is determined by multiplying the number of years of service times 3%, up to a maximum of 20 years.

To receive a retirement benefit under the SERP, a participant must attain the earlier of (i) age 62 or (ii) age 55 with ten years of service while employed at Jack in the Box or while disabled. A participant may begin receiving payments as early as age 55 subject to a reduction in benefits (equal to 5/12 of 1% for each month by which commencement of benefit payments precedes the participant's attainment of age 62).

Benefits under the SERP are only available to retirees as monthly payments and cannot be received in a lump sum.

Death benefits are payable if a participant dies while employed.

The SERP provides for spousal joint and survivor annuities.

The following table provides information on the actuarial present value of the NEOs' accumulated pension and SERP benefits as of the end of fiscal 2016 (October 2, 2016), using fiscal 2016 earnings (base salary and annual incentive). The maximum amounts used for the Retirement Plan do not exceed the IRS-prescribed limit applicable to tax-qualified plans (\$265,000 for 2016). Present values were calculated using the interest rate and mortality assumptions used in the Company's financial statements for fiscal year 2016.

	SERP	19	\$ 4,281,792	\$ 0
Mr. Rudolph (CLO)	Retirement Plan	8	\$ 333,357	\$ 0

⁽¹⁾ Messrs. Comma, Rebel, Rudolph and Dr. Blankenship participate in the Retirement Plan; Mr. Rebel and Dr. Blankenship are the only NEOs who participate in the SERP.

(2) *As of the end of fiscal 2016, all four Retirement Plan participants are vested in the Plan, and Mr. Rebel and Dr. Blankenship have met the service and minimum age requirements for vesting in the SERP. The actuarial present value of accumulated benefits under the Retirement Plan and the SERP is based on discount rates of 3.85% and 3.60% respectively, as of October 2, 2016. The RP-2014 Mortality Table is used for both the Retirement Plan and the SERP calculations (the SERP uses a white collar adjustment). Both Plans use the MP-2015 generational scale projected from 2006, modified to use 15 year convergence to an ultimate rate of .75%. Participants are assumed to retire at the latest of current age and the plan's earliest retirement date with unreduced benefits. No pre-retirement mortality, retirement, or termination has been assumed for the present value factors.*

Non-Qualified Deferred Compensation

Executive Deferred Compensation Plan (EDCP)

In addition to eligibility to participate in the 401(k) Plan, the NEOs and other highly compensated employees are eligible to defer up to 50% of base salary and up to 85% of annual incentive pay to the EDCP, an unfunded, non-qualified deferred compensation plan, with benefits paid by the Company out of its general assets. The plan is subject to IRC Section 409A for all deferred compensation earned on or after January 1, 2005; deferred compensation earned prior to 2005 is not subject to Section 409A requirements and continues to be governed under the terms of the plan and tax laws in effect on or before December 31, 2004, as applicable. In conjunction with the 401(k) Plan changes that took effect January 1, 2016, the EDCP Company matching contribution (previously 100% of the first three percent of compensation deferred) was replaced with a restoration matching contribution. This means the Company will match up to the full four percent potential matching contribution for participants whose deferrals to the 401(k) Plan (and related Company

matching contributions) were limited due to the IRC limits applicable to the 401(k) Plan. A participant must be employed on the last day of the calendar year to receive the restoration matching contribution, which is then 100% vested. Company matching contributions made prior to January 1, 2016 vest at a rate of 25% per year (such that the match fully vests after completion of four full years of service with the Company). Participants choose from an array of investment options.

Enhanced EDCP Beginning January 1, 2007, new Corporate Vice Presidents and above who otherwise would have been eligible for the SERP receive an additional annual Company contribution of 4% of base salary and annual incentive to their EDCP account for up to ten years. Participants become vested in the supplemental contribution at the rate of 25% per year (such that they are fully vested after completing four full years of service with the Company). The Enhanced EDCP was closed to new participants as of May 7, 2015.

The following table provides information on the contributions, earnings, withdrawals and distributions in the Executive Deferred Compensation Plan during fiscal 2016 and the

account balances as of the end of fiscal 2016. As of October 2, 2016, all NEOs, except Ms. Allen are 100% vested in Company contributions.

(2) These amounts are reported as *All Other Compensation* in the SCT.

(3) Amounts reported in this column are included in the *Salary* column in the SCT in prior years if the named executive officer was an NEO in previous years. The balance at FYE 2016 reflects the cumulative value of each NEO's deferrals, match, and investment gains or losses. These FYE amounts do not include contributions or earnings related to the fiscal 2016 annual incentive payment which was paid after the end of fiscal 2016 (but which amounts are included in the executive and registrant contributions columns of this table).

Potential Payments on Termination of Employment or Change in Control

Compensation & Benefits Assurance Agreements. The Company provides CIC Agreements because it considers it in the best interest of its stockholders to encourage continued employment of key management in the event of a CIC transaction. These agreements help facilitate successful performance by key executives during an impending CIC, by protecting them against the loss of their positions following a change in the ownership or control of the Company, and ensuring that his or her expectations for long-term incentive compensation arrangements will be fulfilled. Generally, under the agreements, a CIC is defined to include:

(i) the acquisition by any person or group of 50% or more of the outstanding stock or combined voting power of the Company (excluding acquisitions by the fiduciary of the Company benefit plans or certain affiliates);

(ii) circumstances in which individuals constituting our board of directors generally cease to constitute a majority of the board; and

(iii) certain stockholder-approved mergers, consolidations, sales of assets or liquidation of the Company.

These CIC Agreements provide certain specified benefits to the executive if, within twenty-four (24) full calendar months following the effective date of a CIC, his or her employment is terminated (Qualifying Termination):

(i) involuntarily other than for cause, death, or disability, or

(ii) voluntarily for good reason. Voluntary termination for good reason is generally defined as the executive's resignation due to:

(a) the assignment of the executive to duties or responsibilities inconsistent with his or her status, or a reduction or alteration in the nature or status of his or her duties or responsibilities in effect as of ninety (90) days prior to the CIC event;

(b) the acquiring company's requirement that the executive be based at a location in excess of fifty (50) miles from his or her location immediately prior to a CIC;

(c) a material reduction in base salary;

(d) a material reduction in the Company's compensation, health and welfare, retirement benefit plans, or any perquisites, unless an alternative plan is provided of a comparable value; or

(e) the Company's failure to require any successor to assume the CIC agreement benefits.

CIC benefits under the CIC Agreements are not provided in the event of terminations by reason of death, disability, voluntary termination without good reason, or the Company's involuntary termination of the executive's employment for cause. CIC benefits under the CIC Agreements are also not provided in the event of a CIC when there is not a corresponding Qualifying Termination. In the event of a CIC of the Company and Qualifying Termination of an executive covered under a CIC Agreement as described above, the executive is entitled to the following severance benefits:

1. A lump sum cash payment equal to his or her accrued but unpaid annual salary and unreimbursed business expenses.

Table of Contents**EXECUTIVE COMPENSATION**

2. A lump sum cash amount equal to a multiple of the executive's then-current annual salary, based on their position, as follows:

	Multiple of Salary
Mr. Comma	3.0x
Mr. Rebel	2.5x
Ms. Allen	2.5x
Dr. Blankenship	2.5x
Mr. Rudolph	2.5x

3. A lump sum cash incentive award equal to the multiple above times the greater of: (a) the average annual incentive percentage for the last three fiscal years prior to the CIC times annual salary; or (b) the average dollar amount of the annual incentive paid for the last three fiscal years prior to the CIC. If an executive does not have three full years of incentive awards, the Company will apply the target incentive award percentage for each missed year.
4. Continuation of health insurance coverage at Company expense at the same cost and same coverage level as in effect as of the executive's Qualifying Termination date (subject to changes in coverage levels applicable to all employees generally) for a specified coverage period as provided below, to run concurrently with any coverage provided under COBRA. If an executive receives health insurance coverage with a subsequent employer prior to the end of 18 months, the continuation of health insurance coverage under the agreement is discontinued.

	Coverage Period
Mr. Comma	36 months
Mr. Rebel	30 months
Ms. Allen	30 months
Dr. Blankenship	30 months
Mr. Rudolph	30 months

5. Standard outplacement services at Company expense, from a nationally recognized outplacement firm selected by the executive, for a period of up to one year from the date of Qualifying Termination.
6. Vesting of unvested restricted stock and RSUs, PSUs, and in-the-money stock options, in accordance with the terms of the applicable award agreement and stock incentive plan. Since 2014, all options and RSU awards provide that unvested units that continue after a CIC are double-trigger, requiring both a CIC and Qualifying Termination for vesting to accelerate. (For grants prior to 2014, and for PSU grants, no Qualifying Termination is required.) Since 2014, the terms of PSU awards provide for accelerated vesting upon a CIC that pays out at actual levels achieved for completed performance periods and at target level for incomplete periods. See Footnote 4 to the following table.

7. For the one NEO with a pre-2009 agreement in effect as of fiscal 2016 year end, in the event that any portion of the payments and benefits provided for under the agreement are considered excess parachute payments under IRC Section 280G and are thus subject to the 20% excise tax imposed by IRC Section 4999, the agreement provides for a conditional gross-up payment to reimburse the executive for the excise tax and additional taxes resulting from the imposition of the excise tax. The gross-up payment will be made only if the amounts treated as parachute payments under Section 280G exceed the Section 280G threshold by more than 10%. If the parachute payments exceed the Section 280G threshold by 10% or less, then the payments to the executive will be reduced to an amount that is one dollar less the Section 280G threshold. At the time these agreements were entered into, the potential tax gross up payment, in the Committee's view, was an appropriate method for the Company to insulate the executives from excise tax imposed under Section 4999 and was a more common practice in the market.

8. For agreements in 2009 and later, there is no excise tax gross up. The four remaining NEOs are parties to this form of agreement, which provides for payment of the greater of: (i) the aggregate parachute payments reduced to the maximum amount that would not subject the executive to relevant excise taxes; or (ii) the aggregate parachute payments, with the executive paying the relevant excise taxes and such other applicable federal, state and local income and employment taxes. Under this best after tax provision, the executive is solely responsible for payment of excise taxes and other applicable federal, state, and local income and employment taxes.

Supplemental Executive Retirement Plan. For the two NEOs who are SERP participants, in the event of an involuntary termination (or material diminution in duties or responsibilities or material downward change of title) within 24 months following a CIC, the SERP provides for payment to the participant of the actuarial equivalent of his accrued early retirement benefit unreduced for early commencement, in the form of three annual installments commencing on termination.

Non-Qualified Deferred Compensation. In the event of a CIC, in accordance with the EDCP, a participant shall become 100% vested in any Company contributions without regard to service requirements. Accounts shall be distributed in accordance with the participant's existing distribution election (on termination of employment or under a scheduled in-service withdrawal).

Termination of Employment Without Change in Control. In the event of a termination not related to a CIC, NEOs will receive amounts under the terms and provisions of the specific plans in which they are a participant, including the Retirement Plan, the SERP and the EDCP, and with respect to Ms. Allen, her offer letter, as described in Section VII.f. of the CD&A, Termination of Service. Mr. Rebel and Dr. Blankenship are the only NEOs who are SERP participants and the only ones currently eligible to retire under the Retirement or SERP plans.

Table of Contents**EXECUTIVE COMPENSATION****Potential Payments on Termination of Employment or Change in Control**

The following table helps illustrate the potential payments and benefits our NEOs would be entitled to as of fiscal 2016 year-end: (1) in the event of a termination of employment not related to a CIC, including termination due to death or disability; (2) in the event of a CIC and a Qualifying Termination, and (3) in the event of a CIC without a corresponding termination of employment. The potential payments assume that the termination and/or termination

resulting from a CIC occurred on the last day of fiscal 2016, October 2, 2016, and, where applicable, use the closing price of our Common Stock of \$95.94 on September 30, 2016 (the last market trading day in the fiscal year). The actual amounts to which an NEO may be eligible to receive can only be determined at the time of such termination or CIC, and therefore, the actual amounts will vary from the estimated amounts in the table below.

⁽¹⁾ **Cash Severance:** For all NEOs, amounts shown in the table for a CIC/Qualifying Termination reflects multiple of annual base salary under the CIC Agreement, as described in the Compensation and Benefits Assurance Agreements section (CIC Section) above. In the case of Ms. Allen, the amount shown in the table for a termination not related to a CIC represents the one year base salary she is entitled to for termination without cause pursuant to her employment offer letter.

⁽²⁾ **Annual Incentive:** Reflects multiple of annual incentive as described in the CIC Section.

Table of Contents**EXECUTIVE COMPENSATION**

- (3) Continuation of Benefits: Reflects benefits continuation as described in the CIC section, including an outplacement fee estimate of \$10,000; and 100% vesting of company matching and supplemental contributions to the EDCP.
- (4) Equity Incentive and Stock Awards: The amounts shown in the table reflect only the value of unvested awards and options that would be accelerated upon termination and/or CIC as applicable; they do not include the vested portion of awards and options as of the end of fiscal 2016. For a CIC, the amounts shown reflect only the amount of acceleration of unvested restricted stock awards and stock units, unvested performance shares, and in-the-money unvested stock options. All references to termination below exclude terminations for cause.
- a) *Pre-2011 Stock Awards (RSA/RSU under the stock ownership program in place prior to fiscal 2011, for Messrs. Comma, Rebel and Rudolph only)*:
- (i) Upon termination not related to a CIC, if eligible to retire under a Company sponsored retirement plan, determination of shares vested is based on a schedule of the greater of: a) 30% of the award vesting three years from the date of grant, and 10% vesting for each year of service thereafter as of the date of retirement; b) such vesting as would have occurred had 10% of the award vested for each year of service with the Company, or c) in such greater amount as may be determined by the Board in its sole discretion.
- (ii) Upon termination not related to a CIC, and not eligible to retire under a Company sponsored retirement plan, determination of shares vested is based on a schedule of 15% vesting on or after three years from the grant date, and 5% vesting for each year of service thereafter as of the termination date.
- (iii) Upon death, disability, or a CIC, stock awards would vest 100%.
- b) *Performance Shares (PSUs)*:
- (i) Upon termination not related to a CIC, if eligible to retire under a Company sponsored retirement plan or due to death or disability, and the awardee had been continuously employed by the Company as of the last date of the first fiscal year of the performance period, the performance shares would vest on a prorated basis, based on the number of full accounting periods the awardee was continuously employed by the Company during the performance period and to the extent to which performance goals are achieved.
- (ii) Upon termination not related to a CIC (other than as described above), the award would be cancelled.

- (iii) Upon a CIC, PSUs awarded prior to 2014 would vest and pay out at the greater of the performance level attained as of the date of the CIC or 100% of target, and PSUs granted in 2014 and thereafter would vest and pay out based on actual achievement for completed fiscal years for which targets have been set and performance results measured and/or at 100% of target for any incomplete fiscal years for which performance results are not known.

For the accelerated portion of PSUs for which performance was unknown as of the last day of fiscal 2016, the amounts in the table assume that the PSUs will be accelerated based on target performance levels.

c) Time-vested RSUs:

- (i) Upon termination not related to a CIC, disability, or retirement, the award would be cancelled.

- (ii) Upon death, disability or retirement, the RSUs would vest 100%.

- (iii) Upon a CIC, RSUs awarded prior to 2014 would vest 100%, and RSUs awarded in 2014 and thereafter would vest only upon a Qualifying Termination.

d) Option Awards:

- (i) Upon termination not related to a CIC, and eligible to retire under a Company sponsored retirement plan, determination of shares vested is based on a formula of 5% additional vesting for each year of service with the Company.

- (ii) Upon termination not related to a CIC, and not eligible to retire under a Company sponsored retirement plan, there is no acceleration of option awards.

- (iii) Upon death, options would vest 100%.

- (iv) Upon a CIC, where options are not assumed by the acquiring company, options awarded prior to 2014 would vest 100%, while those awarded in 2014 and thereafter would vest 100% only upon a Qualifying Termination related to the CIC.

- (v) Vesting upon disability is based on the number of shares which would have been vested as of twelve months following the optionee's first day of absence from work with the Company, and therefore, for purposes of this table, no additional vesting is applied in the event of a disability.

Pension and SERP: Annual benefit amounts listed for each NEO are subject to the eligibility and vesting provisions of the Retirement Plan (Messrs. Comma, Rebel, Rudolph and Dr. Blankenship) and the SERP (Mr. Rebel and Dr. Blankenship), which are described above in the sections of this Proxy Statement titled Retirement Plan, Supplemental Executive Retirement Plan and Pension Benefits Table and accompanying footnotes. All values shown represent present values and are based on the following:

a) In the event of a voluntary/involuntary termination (for any reason) or death, benefit values are based on accrued benefits as of fiscal year end payable at normal retirement. Benefit values were calculated as of October 2, 2016, based on a discount rate of 3.847% for the qualified pension plan and 3.598% for the SERP. The RP-2014 Mortality Table is used for both the Retirement Plan and the SERP calculations (the SERP uses a white collar adjustment). Both Plans use the MP-2015 generational scale projected from 2006, modified to use 15 year convergence to an ultimate rate of .75%. In the event of death, since both NEOs in the SERP are age 55 with more than ten years of service, the amount of the survivor benefit would be the greater of one times the participant's compensation or the actuarial equivalent lump sum present value of the participant's supplemental retirement benefit. In the event of death while actively employed, the amount of the benefit under the Retirement Plan would be the accrued actuarial equivalent pension benefit as determined on the date of death. Such benefit is not subject to any reduction of benefits.

b) Disability benefits shown assume an NEO terminates employment with the Company due to disability and remains continuously disabled until reaching normal retirement age. Benefit values are based on accrued benefits as of the NEOs normal retirement age and were calculated as of October 2, 2016 based on a discount rate of 3.847% for the qualified pension plan and 3.598% for the SERP and the RP-2014 Mortality Table as described above.

c) In the event of an involuntary termination (or material diminution in duties or responsibilities or material downward change of title) within 24 months following a CIC, a participant would become 100% vested in the SERP. Benefit values are based on accrued benefits as of fiscal year end and were calculated as of October 2, 2016. The SERP values are based on an interest rate of 6.0% and the RP-2000 Mortality Table, projected ten years.

d) As described in the Non-Qualified Deferred Compensation Section above, all of the NEOs received a three percent Company match on their contributions made to the non-qualified deferred compensation (EDCP) prior to January 1, 2016, and an annual restoration match of up to 4% for contributions made after January 1, 2016. In addition, Messrs. Comma, Rudolph and Ms. Allen, who are not eligible to participate in the SERP, receive an additional four percent Company contribution to their EDCP accounts for up to ten years. As of the end of fiscal 2016, all the NEOs, except Ms. Allen, are 100% vested in the Company matching contributions. Accordingly, these amounts are not included here, but are described in the Non-Qualified Deferred Compensation Section above.

(6) Gross-Up for Excise Tax: No gross-up would be payable to any NEOs for termination at FYE 2016. While Mr. Rebel does have an agreement (entered into prior to 2009) that could provide for a gross-up in the event of excess parachute payments under IRC Section 280G(b)(1) subject to excise tax, no such gross-up would be triggered as of FYE 2016, applying calculations based on the value of all benefits that could have been received and characterized as contingent upon a CIC under IRC Section 280G and related regulations as of FY 2016, except for equity award acceleration which is calculated based on the assumption that the CIC occurred on December 31, 2016. For purposes of this calculation, the value of the acceleration of vesting of all outstanding

equity awards is calculated according to Section 280G and the related regulations. Other than Mr. Rebel, all other NEOs have 2009 and later agreements under which no gross-up is provided in any circumstance.

- (7) *The CIC Agreement best after tax provision applied to Ms. Allen at FYE 2016 would result in reducing her cash severance payment so as to remain below the maximum amount she may receive without triggering an excise tax. The estimated reduction is \$971,660, which is reflected in the amounts shown in the Cash Severance and Total columns for Ms. Allen.*

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, each executive officer, each director, and each beneficial owner of more than 10% of the Company's Common Stock is required to file certain forms with the Securities and Exchange Commission. A report of beneficial ownership of the Company's Common Stock on Form 3 is due at the time such person becomes subject to the reporting requirements and a report on Form 4 or Form 5 must be filed to reflect changes thereafter. Based on written statements and copies of forms provided to us by persons subject to the reporting requirements, we believe that all such reports

required to be filed by such persons during fiscal 2016 were filed on a timely basis, except as noted below.

Following the death of Raymond Pepper's father during fiscal year 2016, Mr. Pepper was granted a power of attorney resulting in his acquiring shared investment control over assets held in his parents' family trust, which assets included 400 shares of our Common Stock. Mr. Pepper did not file a Form 4 in connection with his acquisition of the power of attorney beneficial ownership of these 400 shares; however, this event was reported in his year-end Form 5.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

It is the Company's policy that the Audit Committee approve or ratify transactions involving the Company and its directors, executive officers or principal stockholders or members of their immediate families or entities controlled by any of them or in which they have a substantial ownership interest in which the amount involved exceeds \$120,000 and that are otherwise reportable under SEC disclosure rules.

During fiscal year 2016, the Company was not a party to a transaction or series of transactions in which the amount involved did or may exceed \$120,000 in which any of its directors, named executive officers or other executive officers, any holder of more than 5% of its Common Stock or any member of the immediate family of any of these persons had or will have a direct or indirect material interest, other than the compensation arrangements (including with respect to equity compensation) described in Executive Compensation above.

- 3.5 Committee Complying with Section 162(m).** If the Company is a publicly held corporation within the meaning of Section 162(m), the Board may establish a Committee of outside directors within the meaning of Section 162(m) to approve the grant of any Award which might reasonably be anticipated to result in the payment of employee remuneration that would otherwise exceed the limit on employee remuneration deductible for income tax purposes pursuant to Section 162(m).
- 3.6 No Repricing.** Without the affirmative vote of holders of a majority of the shares of Stock cast in person or by proxy at a meeting of the stockholders of the Company at which a quorum representing a majority of all outstanding shares of Stock is present or represented by proxy, the Board shall not

approve a program providing for either (a) the reduction of the exercise price of outstanding options and/or SARs; or (b) the cancellation of outstanding Options and/or SARs in exchange for cash, other Awards or Options and/or SARs with an exercise price that is less than the exercise price of the original Options and/or SARs. This paragraph shall not be construed to apply to issuing or assuming a stock option in a transaction to which section 424(a) applies, within the meaning of Section 424 of the Code.

3.7 Indemnification. In addition to such other rights of indemnification as they may have as members of the Board or the Committee or as officers or employees of the Participating Company Group, members of the Board or the Committee and any officers or employees of the Participating Company Group to whom authority to act for the Board, the Committee or the Company is delegated shall be indemnified by the Company against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any right granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at its own expense to handle and defend the same.

4. Shares Subject to Plan.

4.1 Maximum Number of Shares Issuable. Subject to adjustment as provided in Section 4.2, the maximum aggregate number of shares of Stock that may be issued under the Plan shall be Eleven Million Six Hundred Thousand (11,600,000), all of which shall be eligible to be issued pursuant to incentive stock options intended to qualify under Code section 422. If an outstanding Award for any reason expires or is terminated without having been exercised or settled in full, or if shares of Stock acquired pursuant to an Award subject to forfeiture are forfeited by the Participant, the shares of Stock allocable to the terminated portion of such Award or such forfeited shares of Stock shall again be available for issuance under the Plan. Shares of Stock shall not be deemed to have been issued pursuant to the Plan with respect to any portion of an Award that is settled in cash. Shares of stock covered by an SAR, to the extent that it is exercised and settled in shares of Stock, whether or not shares of Stock are actually issued to the Participant upon exercise of the SAR, shall be considered issued or transferred

Table of Contents**EXHIBIT A**

pursuant to the Plan. The number of shares available for issuance under the Plan shall be reduced by (i) shares of Stock withheld by the Company to satisfy any tax withholding obligation pursuant to Section 13.2 and (ii) the gross number of shares for which an Option is exercised, if the exercise price of the Option is paid by tender to the Company or attestation to the ownership of shares of Stock owned by the Participant. Shares of Stock that are repurchased by the Company with Option proceeds shall not be added to the aggregate plan limit described above. Any shares issued pursuant to Awards granted under this Plan as Full-Value Shares on or after February 10, 2010 shall be counted against this limit as one-and-three-quarters (1.75) shares for every one share subject to such Award. To the extent a share that was subject to an Award that counted as one share is returned to the Plan, the share reserve will be credited with one share. To the extent that a share that was subject to an Award that counts as 1.75 shares is returned to the Plan, the share reserve will be credited with 1.75 shares.

4.2 Adjustments for Changes in Capital Structure. In the event of any stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification or similar change in the capital structure of the Company, appropriate adjustments shall be made in the number and class of shares subject to the Plan, including Plan limits and share ratios, and to any outstanding Awards, and in the exercise price per share of any outstanding Options, Restricted Stock Purchase Rights, and SARs. If a majority of the shares which are of the same class as the shares that are subject to outstanding Awards are exchanged for, converted into, or otherwise become (whether or not pursuant to an Ownership Change Event, as defined in Section 11.1) shares of another corporation (the New Shares), the Committee may unilaterally amend the outstanding Awards to provide that such Awards shall be for New Shares. In the event of any such amendment, the number of shares subject to outstanding Awards and the exercise price per share of outstanding Options and Restricted Stock Purchase Rights shall be adjusted in a fair and equitable manner as determined by the Committee, in its discretion. Notwithstanding the foregoing, any fractional share resulting from an adjustment pursuant to this Section 4.2 shall be rounded down to the nearest whole number, and in no event may the exercise price of any Option or Restricted Stock Purchase Right be decreased to an amount less than the par value, if any, of the stock subject to such Award. The adjustments determined by the Committee pursuant to this Section 4.2 shall be final, binding and conclusive.

5.0 Eligibility and Award Limitations

5.1 Persons Eligible for Incentive Stock Options. Incentive Stock Options may be granted only to Employees. For purposes of the foregoing sentence, the term Employees shall include prospective Employees to whom Incentive Stock Options are granted in connection with written

offers of employment with the Participating Company Group, provided that any such Incentive Stock Option shall be deemed granted effective on the date such person commences Service as an Employee, with an exercise price determined as of such date in accordance with Section 6.1. Eligible persons may be granted more than one (1) Incentive Stock Option.

5.2 Persons Eligible for Other Awards. Awards other than Incentive Stock Options may be granted only to Employees, Consultants and Directors. For purposes of the foregoing sentence, Employees, Consultants and Directors shall include prospective Employees, prospective Consultants and prospective Directors to whom Awards are granted in connection with written offers of an employment or other service relationship with the Participating Company Group; provided, however, that no Stock subject to any such Award shall vest, become exercisable or be issued prior to the date on which such person commences Service. Eligible persons may be granted more than one (1) Award.

5.3 Fair Market Value Limitation on Incentive Stock Options. To the extent that options designated as Incentive Stock Options (granted under all stock option plans of the Participating Company Group, including the Plan) become exercisable by a Participant for the first time during any calendar year for stock having a Fair Market Value greater than One Hundred Thousand Dollars (\$100,000), the portions of such options which exceed such amount shall be treated as Nonstatutory Stock Options. For purposes of this Section 5.3, options designated as Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of stock shall be determined as of the time the option with respect to such stock is granted. If the Code is amended to provide for a different limitation from that set forth in this Section 5.3, such different limitation shall be deemed incorporated herein effective as of the date and with respect to such Options as required or permitted by such amendment to the Code. If an Option is treated as an Incentive Stock Option in part and as a Nonstatutory Stock Option in part by reason of the limitation set forth in this Section 5.3, the Participant may designate which portion of such Option the Participant is exercising. In the absence of such designation, the Participant shall be deemed to have exercised the Incentive Stock Option portion of the Option first.

5.4 Award Limits. The following limits shall apply to the grant of any Award if, at the time of grant, the Company is a publicly held corporation within the meaning of Section 162(m).

(a) Options and SARs. Subject to adjustment as provided in Section 4.2, no Employee shall be granted within any fiscal year of the Company one or more Options or Freestanding SARs (as defined in Section 7) which in the aggregate are for more than Five Hundred Thousand (500,000) shares of Stock. An Option which is canceled (or a Freestanding SAR as to which the exercise price is reduced to reflect a reduction

in the Fair Market Value of the Stock) in the same fiscal year of the Company in which it was granted shall continue to be counted against such limit for such fiscal year.

(b) Restricted Stock Awards. Subject to adjustment as provided in Section 4.2, no Employee shall be granted within any fiscal year of the Company one or more Restricted Stock Awards, subject to Vesting Conditions based on the attainment of Performance Goals, for more than Two Hundred Thousand (200,000) shares of Stock.

(c) Limits on Vesting.

(i) Accelerated Vesting of Awards. The Committee shall not have the authority to accelerate vesting of Awards, except in connection with death, retirement, Disability or a Change in Control, and as described in Section 5.4(c)(ii).

(ii) Full-Value Shares. Any Full-Value Shares which vest solely on the basis of continued service shall not provide for vesting any more rapid than annual pro rata vesting over a three (3) year period and any Full-Value Shares which vest upon the attainment of Performance Goals shall provide for a Performance Period of at least twelve (12) months. There shall be no acceleration of vesting of such Full-Value Shares, except in connection with death, retirement, Disability or a Change in Control, as determined by the Committee and/or provided in the Award Agreement. Notwithstanding any contrary provision of the Plan, however, a maximum of 10% of the shares authorized for issuance as of November 17, 2011 may be issued without regard to the limitations of this Section 5.4(c)(ii).

5.5 Performance Awards. Subject to adjustment as provided in Section 4.2, no Employee shall be granted (A) Performance Shares which could result in such Employee receiving more than Two Hundred Thousand (200,000) shares of Stock for each full fiscal year of the Company contained in the Performance Period for such Award, or (B) Performance Units which could result in such Employee receiving more than One Million dollars (\$1,000,000) for each full fiscal year of the Company contained in the Performance Period for such Award. No Participant may be granted more than one Performance Award for the same Performance Period.

6. Terms and Conditions of Options.

Options shall be evidenced by Option Agreements specifying the number of shares of Stock covered thereby, in such form as the Committee shall from time to time establish. No Option or purported Option shall be a valid and binding obligation of the Company unless evidenced by a fully executed Option Agreement. Option Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

6.1 Exercise Price. The exercise price for each Option shall be established in the discretion of the Committee; provided, however, that (a) the exercise price per share shall be not less

than the Fair Market Value of a share of Stock on the effective date of grant of the Option, (b) no Incentive Stock Option granted to a Ten Percent Owner shall have an exercise price per share less than one hundred ten percent (110%) of the Fair Market Value of a share of Stock on the effective date of grant of the Option, and (c) in the case of an Indexed Option, the Committee shall determine the exercise price of such Indexed Option and the terms and conditions that affect, if any, any adjustments to the exercise price of such Indexed Option. Notwithstanding the foregoing, an Option may be granted with an exercise price lower than the minimum exercise price set forth above if such Option is granted pursuant to an assumption or substitution for another option in a manner qualifying under the

provisions of Section 424(a) of the Code.

6.2 Exercisability and Term of Options. Options shall be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria and restrictions as shall be determined by the Committee and set forth in the Option Agreement evidencing such Option; provided, however, that (a) no Option awarded prior to November 12, 2009 shall be exercisable after the expiration of ten (10) years after the effective date of grant of such Option, (b) no Option awarded on or after November 12, 2009 shall be exercisable after the expiration of seven (7) years after the effective date of grant of such Option, (c) no Incentive Stock Option granted to a Ten Percent Owner shall be exercisable after the expiration of five (5) years after the effective date of grant of such Option, (d) no Option granted to a prospective Employee, prospective Consultant or prospective Director may become exercisable prior to the date on which such person commences Service. Subject to the foregoing, unless otherwise specified by the Committee in the grant of an Option, any Option granted hereunder shall terminate seven (7) years after the effective date of grant of the Option, unless earlier terminated in accordance with its provisions.

6.3 Payment of Exercise Price.

(a) Forms of Consideration Authorized. Except as otherwise provided below, payment of the exercise price for the number of shares of Stock being purchased pursuant to any Option shall be made (i) in cash, by check or cash equivalent, (ii) by tender to the Company, or attestation to the ownership, of shares of Stock owned by the Participant having a Fair Market Value not less than the exercise price, (iii) by delivery of a properly executed notice together with irrevocable instructions to a broker providing for the assignment to the Company of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the Option (including, without limitation, through an exercise complying with the provisions of Regulation T as promulgated from time to time by the Board of Governors of the Federal Reserve System) (a Cashless Exercise), (iv) by such other consideration as may be approved by the Committee from time to time to the extent

EXHIBIT A

permitted by applicable law, or (v) by any combination thereof. The Committee may at any time or from time to time grant Options which do not permit all of the foregoing forms of consideration to be used in payment of the exercise price or which otherwise restrict one or more forms of consideration.

(b) Limitations on Forms of Consideration.

(i) Tender of Stock. Notwithstanding the foregoing, an Option may not be exercised by tender to the Company, or attestation to the ownership, of shares of Stock to the extent such tender or attestation would constitute a violation of the provisions of any law, regulation or agreement restricting the redemption of the Company's stock.

(ii) Cashless Exercise. The Company reserves, at any and all times, the right, in the Company's sole and absolute discretion, to establish, decline to approve or terminate any program or procedures for the exercise of Options by means of a Cashless Exercise.

6.4 Effect of Termination of Service.

(a) Option Exercisability. An Option granted to a Participant shall be exercisable after the Participant's termination of Service only during the applicable time period determined in accordance with the Option's term as set forth in the Option Agreement evidencing such Option (the Option Expiration Date).

(b) Extension if Exercise Prevented by Law. Notwithstanding the foregoing other than termination of a Participant's Service for Cause, if the exercise of an Option within the applicable time periods set forth in an Option Agreement is prevented by the provisions of Section 12 herein, the Option shall remain exercisable until one (1) month (or such longer period of time as determined by the Committee, in its discretion) after the date the Participant is notified by the Company that the Option is exercisable, but in any event no later than the Option Expiration Date.

(c) Extension if Participant Subject to Section 16(b). Notwithstanding the foregoing other than termination of a Participant's Service for Cause, if a sale within the applicable time periods set forth in an Option Agreement of shares acquired upon the exercise of the Option would subject the Participant to suit under Section 16(b) of the Exchange Act, the Option shall remain exercisable until the earliest to occur of (i) the tenth (10th) day following the date on which a sale of such shares by the Participant would no longer be subject to such suit, (ii) the one hundred and ninetieth (190th) day after the Participant's termination of Service, or (iii) the Option Expiration Date.

6.5 Transferability of Options. During the lifetime of the Participant, an Option shall be exercisable only by the Participant or the Participant's guardian or legal representative. No Option shall be assignable or transferable by the Participant, except by will or by the laws of descent and distribution. Notwithstanding the foregoing, to the extent

permitted by the Committee, in its discretion, and set forth in the Option Agreement evidencing such Option, a Nonstatutory Stock Option shall be assignable or transferable subject to the applicable limitations, if any, described in the General Instructions to Form S-8 Registration Statement under the Securities Act.

7. Terms and Conditions of Stock Appreciation Rights.

SARs shall be evidenced by Award Agreements specifying the number of shares of Stock subject to the Award, in such form as the Committee shall from time to time establish. No SAR or purported SAR shall be a valid and binding obligation of the Company unless evidenced by a fully executed Award Agreement. Award Agreements evidencing SARs may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

7.1 Types of SARs Authorized. SARs may be granted in tandem with all or any portion of a related Option (a Tandem SAR) or may be granted independently of any Option (a Freestanding SAR). A Tandem SAR may be granted either concurrently with the grant of the related Option or at any time thereafter prior to the complete exercise, termination, expiration or cancellation of such related Option.

7.2 Exercise Price. The exercise price for each SAR shall be established in the discretion of the Committee; provided, however, that (a) the exercise price per share subject to a Tandem SAR shall be the exercise price per share under the related Option and (b) the exercise price per share subject to a Freestanding SAR shall be not less than the Fair Market Value of a share of Stock on the effective date of grant of the SAR.

7.3 Exercisability and Term of SARs.

(a) Tandem SARs. Tandem SARs shall be exercisable only at the time and to the extent that the related Option is exercisable, subject to such provisions as the Committee may specify where the Tandem SAR is granted with respect to less than the full number of shares of Stock subject to the related Option. The Committee may, in its discretion, provide in any Award Agreement evidencing a Tandem SAR that such SAR may not be exercised without the advance approval of the Company and, if such approval is not given, then the Option shall nevertheless remain exercisable in accordance with its terms. A Tandem SAR shall terminate and cease to be exercisable no later than the date on which the related Option expires or is terminated or canceled. Upon the exercise of a Tandem SAR with respect to some or all of the shares subject to such SAR, the related Option shall be canceled automatically as to the number of shares with respect to which the Tandem SAR was exercised. Upon the exercise of an Option related to a Tandem SAR as to some or all of the shares subject to such Option, the related Tandem SAR shall be canceled automatically as to the number of shares with respect to which the related Option was exercised.

Table of Contents

EXHIBIT A

(b) Freestanding SARs. Freestanding SARs shall be exercisable at such time or times, or upon such event or events, and subject to such terms, conditions, performance criteria and restrictions as shall be determined by the Committee and set forth in the Award Agreement evidencing such SAR; provided, however, that (a) no Freestanding SAR awarded prior to November 12, 2009 shall be exercisable after the expiration of ten (10) years after the effective date of grant of such SAR, and (b) no Freestanding SAR awarded on or after November 12, 2009 shall be exercisable after the expiration of seven (7) years after the effective date of grant of such SAR.

7.4 Exercise of SARs. Upon the exercise (or deemed exercise pursuant to Section 7.5) of a SAR, the Participant (or the Participant's legal representative or other person who acquired the right to exercise the SAR by reason of the Participant's death) shall be entitled to receive payment of an amount for each share with respect to which the SAR is exercised equal to the excess, if any, of the Fair Market Value of a share of Stock on the date of exercise of the SAR over the exercise price. Payment of such amount shall be made in cash, shares of Stock, or any combination thereof as determined by the Committee and set forth in the Award Agreement. Unless otherwise provided in the Award Agreement evidencing such SAR, payment shall be made in a lump sum as soon as practicable following the date of exercise of the SAR. The Award Agreement evidencing any SAR may provide for deferred payment in a lump sum or in installments. When payment is to be made in shares of Stock, the number of shares to be issued shall be determined on the basis of the Fair Market Value of a share of Stock on the date of exercise of the SAR. For purposes of Section 7, an SAR shall be deemed exercised on the date on which the Company receives notice of exercise from the Participant.

7.5 Deemed Exercise of SARs. If, on the date on which an SAR would otherwise terminate or expire, the SAR by its terms remains exercisable immediately prior to such termination or expiration and, if so exercised, would result in a payment to the holder of such SAR, then any portion of such SAR which has not previously been exercised shall automatically be deemed to be exercised as of such date with respect to such portion.

7.6 Effect of Termination of Service. An SAR shall be exercisable after a Participant's termination of Service to such extent and during such period as determined by the Committee, in its discretion, and set forth in the Award Agreement evidencing such SAR.

7.7 Nontransferability of SARs. SARs may not be assigned or transferred in any manner except by will or the laws of descent and distribution, and, during the lifetime of the Participant, shall be exercisable only by the Participant or the Participant's guardian or legal representative.

8. Terms and Conditions of Restricted Stock Awards.

The Committee may from time to time grant Restricted Stock Awards upon such conditions as the Committee shall determine, including, without limitation, upon the attainment of one or more Performance Goals described in Section 9.3. If either the grant of a Restricted Stock Award or the lapsing of the Restriction Period is to be contingent upon the attainment of one or more Performance Goals, the Committee shall follow procedures substantially equivalent to those set forth in Sections 8.2 through 8.4. Restricted Stock Awards may be in the form of a Restricted Stock Bonus, which shall be evidenced by Restricted Stock Bonus Agreement, a Restricted Stock Purchase Right, which shall be evidenced by Restricted Stock Purchase Agreement or a Restricted Stock Unit, which shall be evidenced by a Restricted Stock Unit Agreement. Each such Award Agreement shall specify the number of shares of Stock subject to and the other terms, conditions and restrictions of the Award, and shall be in such form as the Committee shall establish from time to time. No Restricted Stock Award or purported Restricted Stock Award shall be

a valid and binding obligation of the Company unless evidenced by a fully executed Award Agreement. Restricted Stock Award Agreements may incorporate all or any of the terms of the Plan by reference and shall comply, as applicable, with and be subject to the following terms and conditions:

8.1 Purchase Price. The purchase price under each Restricted Stock Purchase Right shall be established by the Committee. No monetary payment (other than applicable tax withholding) shall be required as a condition of receiving a Restricted Stock Bonus or Restricted Stock Unit, the consideration for which shall be services actually rendered to a Participating Company or for its benefit.

8.2 Purchase Period. A Restricted Stock Purchase Right shall be exercisable within a period established by the Committee, which shall in no event exceed thirty (30) days from the effective date of the grant of the Restricted Stock Purchase Right; provided, however, that no Restricted Stock Purchase Right granted to a prospective Employee, prospective Director or prospective Consultant may become exercisable prior to the date on which such person commences Service.

8.3 Payment of Purchase Price. Except as otherwise provided below, payment of the purchase price for the number of shares of Stock being purchased pursuant to any Restricted Stock Purchase Right shall be made (i) in cash, by check, or cash equivalent, (ii) by such other consideration as may be approved by the Committee from time to time to the extent permitted by applicable law, or (iii) by any combination thereof. The Committee may at any time or from time to time grant Restricted Stock Purchase Rights which do not permit all of the foregoing forms of consideration to be used in payment of the purchase price or which otherwise restrict one

Table of Contents**EXHIBIT A**

or more forms of consideration. Restricted Stock Bonuses and Restricted Stock Units shall be issued in consideration for services actually rendered to a Participating Company or for its benefit.

8.4 Vesting and Restrictions on Transfer. Subject to Section 5.4(c), shares issued pursuant to any Restricted Stock Award may be made subject to vesting conditioned upon the satisfaction of such Service requirements, conditions, restrictions or performance criteria, including, without limitation, Performance Goals as described in Section 9.3 (the Vesting Conditions), as shall be established by the Committee and set forth in the Award Agreement evidencing such Award. During any period (the Restriction Period) in which shares acquired pursuant to a Restricted Stock Award remain subject to Vesting Conditions, such shares may not be sold, exchanged, transferred, pledged, assigned or otherwise disposed of other than pursuant to an Ownership Change Event, as defined in Section 11.1, or as provided in Section 8.7. Upon request by the Company, each Participant shall execute any agreement evidencing such transfer restrictions prior to the receipt of shares of Stock hereunder and shall promptly present to the Company any and all certificates representing shares of Stock acquired hereunder for the placement on such certificates of appropriate legends evidencing any such transfer restrictions.

8.5 Voting Rights; Dividends. Except as provided in this Section and Section 8.4, during the Restriction Period applicable to shares subject to a Restricted Stock Purchase Right and a Restricted Stock Bonus held by a Participant, the Participant shall have all of the rights of a stockholder of the Company holding shares of Stock, including the right to vote such shares and to receive all dividends and other distributions paid with respect to such shares; provided, however, that such dividends or distributions shall be subject to the same Vesting Conditions as the shares subject to the Restricted Stock Purchase Right and Restricted Stock Bonus with respect to which the dividends or distributions were paid. A Participant who is awarded a Restricted Stock Unit shall possess no incidents of ownership with respect to such a Restricted Stock Award; provided that the award agreement may provide for payments in lieu of dividends to such Participant.

8.6 Effect of Termination of Service. The effect of the Participant's termination of Service on any Restricted Stock Award shall be determined by the Committee, in its discretion, and set forth in the Award Agreement evidencing such Restricted Stock Award.

8.7 Nontransferability of Restricted Stock Award Rights. Rights to acquire shares of Stock pursuant to a Restricted Stock Award may not be assigned or transferred in any manner except by will or the laws of descent and distribution, and, during the lifetime of the Participant, shall be exercisable only by the Participant.

9. Terms and Conditions of Performance Awards

Subject to Section 5.4(c), the Committee may from time to time grant Performance Awards upon such conditions as the Committee shall determine. Performance Awards may be in the form of either Performance Shares, which shall be evidenced by a Performance Share Agreement, or Performance Units, which shall be evidenced by a Performance Unit Agreement. Each such Award Agreement shall specify the number of Performance Shares or Performance Units subject thereto, the method of computing the value of each Performance Share or Performance Unit, the Performance Goals and Performance Period applicable to the Award, and the other terms, conditions and restrictions of the Award, and shall be in such form as the Committee shall establish from time to time. No Performance Award or purported Performance Award shall be a valid and binding obligation of the Company unless evidenced by a fully executed Award Agreement. Performance Share and Performance Unit Agreements may incorporate all or any of the terms of the Plan by reference and shall comply with and be subject to the following terms and conditions:

9.1 Initial Value of Performance Shares and Performance Units. Unless otherwise provided by the Committee in granting a Performance Award, each Performance Share shall have an initial value equal to the Fair Market Value of a share of Stock on the effective date of grant of the Performance Share, and each Performance Unit shall have an initial value of one hundred dollars (\$100). The final value payable to the Participant in settlement of a Performance Award will depend on the extent to which Performance Goals established by the Committee are attained within the applicable Performance Period established by the Committee.

9.2 Establishment of Performance Goals and Performance Period. The Committee shall establish in writing the Performance Period applicable to each Performance Award and one or more Performance Goals which, when measured at the end of the Performance Period, shall determine the final value of the Performance Award to be paid to the Participant. Unless otherwise permitted in compliance with the requirements under Section 162(m) with respect to performance-based compensation, the Committee shall establish the Performance Goals applicable to each Performance Award no later than the earlier of (a) the date ninety (90) days after the commencement of the applicable Performance Period or (b) the date on which 25% of the Performance Period has elapsed, and, in any event, at a time when the outcome of the Performance Goals remains substantially uncertain. Once established, the Performance Goals shall not be changed during the Performance Period.

9.3 Measurement of Performance Goals. Performance Goals shall be established by the Committee on the basis of targets to be attained (Performance Targets) with respect to one or more measures of business or financial performance

EXHIBIT A

(each, a Performance Measure). Performance Measures shall have the same meanings as used in the Company s financial statements, or if such terms are not used in the Company s financial statements, they shall have the meaning applied pursuant to generally accepted accounting principles, or as used generally in the Company s industry. Performance Targets may include a minimum, maximum, target level and intermediate levels of performance, with the final value of a Performance Award determined by the level attained during the applicable Performance Period. A Performance Target may be stated as an absolute value or as a value determined relative to a standard selected by the Committee. Performance Measures shall be calculated with respect to the Company and each Subsidiary Corporation consolidated therewith for financial reporting purposes or such division or other business unit as may be selected by the Committee. For purposes of the Plan, the Performance Measures applicable to a Performance Award shall be calculated before the effect of changes in accounting standards, restructuring charges and similar extraordinary items, determined according to criteria established by the Committee, occurring after the establishment of the Performance Goals applicable to a Performance Award. Performance Measures may be one or more of the following, as determined by the Committee:

- a. sales
- b. revenue

- d. operating margin
- e. operating income

9.4 Adjustment of Performance Goals. The Committee may, in its sole discretion, provide that one or more objectively determinable adjustments shall be made to one or more of the Performance Goals. Such adjustments may include one or more of the following: (i) items related to a change in accounting principle; (ii) items relating to financing activities; (iii) expenses for restructuring or productivity initiatives; (iv) other non-operating items; (v) items related to acquisitions; (vi) items attributable to the business operations of any entity acquired by the Company during the Performance Period; (vii) items related to the disposal of a business or segment of a business; (viii) items related to discontinued operations that do not qualify as a segment of a business under United States generally accepted accounting principles (GAAP); (ix) items attributable to any stock dividend, stock split, combination or exchange of shares occurring during the Performance Period; or (x) any other items of significant income or expense which are determined to be appropriate adjustments; (xi) items relating to unusual or extraordinary corporate transactions, events or developments, (xii) items related to amortization of acquired intangible assets; (xiii) items that are outside the scope of the Company's core, on-going business activities; or (xiv) items relating to any other unusual or nonrecurring events or changes in applicable laws, accounting principles or business conditions. Unless otherwise determined by the Committee, the Committee shall not make an adjustment to an Award intended to qualify as performance-based compensation under Section 162(m) in a manner that would cause the Award not to so qualify.

9.5 Determination of Final Value of Performance Awards. As soon as practicable following the completion of the Performance Period applicable to a Performance Award, the Committee shall certify in writing the extent to which the applicable Performance Goals have been attained and the resulting final value of the Award earned by the Participant and to be paid upon its settlement in accordance with the terms of the Award Agreement. The Committee shall have no discretion to increase the value of an Award payable upon its settlement in excess of the amount called for by the terms of the Award Agreement on the basis of the degree of attainment of the Performance Goals as certified by the Committee. However, notwithstanding the attainment of any Performance Goal, if permitted under a Participant's Award Agreement, the Committee shall have the discretion, on the basis of such criteria as may be established by the Committee, to reduce some or all of the value of a Performance Award that would otherwise be paid upon its settlement. No such reduction may result in an increase in the amount payable upon settlement of another Participant's Performance Award. As soon as practicable following the Committee's certification, the Company shall notify the Participant of the determination of the Committee.

9.6 Dividend Equivalents. In its discretion, the Committee may provide in the Award Agreement evidencing any Performance Share Award that the Participant shall be entitled to receive Dividend Equivalents with respect to the payment of dividends on Stock having a record date prior to the date on which the Performance Shares are settled or forfeited. If the Committee provides in the Award Agreement that the Participant may receive Dividend Equivalents, the Dividend Equivalents shall be accumulated and will be paid only to the extent that Performance Shares are earned and become nonforfeitable, at the time determined by the Committee and designated in the Award Agreement. Settlement of Dividend Equivalents may be made in cash, shares of Stock, or a combination thereof as determined by the Committee, and may be paid on the same basis as settlement of the related Performance Share as provided in Section 9.6. Dividend Equivalents shall not be paid with respect to Performance Units.

9.7 Payment in Settlement of Performance Awards. Payment of the final value of a Performance Award earned by a Participant as determined following the completion of the applicable Performance Period pursuant to Sections 9.4 and 9.5 may be made in cash, shares of Stock, or a combination thereof as determined by the Committee. Except as otherwise provided in the Award Agreement, if payment is made in shares of Stock, the number of such shares shall be determined by dividing the final value of the Performance Award by the Fair Market Value of a share of Stock on the settlement date. Payment may be made in a lump sum or installments as prescribed by the Committee. If any payment is to be made on a deferred basis, the Committee may, but shall not be obligated to, provide for the payment during the

deferral period of Dividend Equivalents or a reasonable rate of interest within the meaning of Section 162(m).

9.8 Restrictions Applicable to Payment in Shares. Shares of Stock issued in payment of any Performance Award may be fully vested and freely transferable shares or may be shares of Stock subject to Vesting Conditions as provided in Section 8.4. Any shares subject to Vesting Conditions shall be evidenced by an appropriate Restricted Stock Bonus Agreement and shall be subject to the provisions of Sections 8.4 through 8.7 above.

9.9 Effect of Termination of Service. The effect of the Participant's termination of Service on any Performance Award shall be determined by the Committee, in its discretion, and set forth in the Award Agreement evidencing such Performance Award. Unless otherwise provided by the Committee, and subject to Section 5.4(c):

(a) the final award value of a Participant who terminates Service due to death, retirement or Disability prior to the end of the applicable performance period will be determined on a prorated basis, at the end of such performance period,

based on the number of months of the Participant's Service during the performance period, and the extent to which performance goals are achieved, and

(b) the Performance Award of a Participant who terminates Service for a reason other than death, retirement or Disability prior to the end of the applicable performance period will be forfeited.

9.10 Nontransferability of Performance Awards. Performance Shares and Performance Units may not be sold, exchanged, transferred, pledged, assigned, or otherwise disposed of other than by will or by the laws of descent and distribution until the completion of the applicable Performance Period. All rights with respect to Performance Shares and Performance Units granted to a Participant hereunder shall be exercisable during his or her lifetime only by such Participant.

10. Standard Forms of Award Agreement.

10.1 Award Agreements. Each Award shall comply with and be subject to the terms and conditions set forth in the appropriate form of Award Agreement approved by the Committee concurrently with its adoption of the Plan and as amended from time to time. Any Award Agreement may consist of an appropriate form of Notice of Grant and a form of Agreement incorporated therein by reference, or such other form or forms as the Committee may approve from time to time.

10.2 Authority to Vary Terms. The Committee shall have the authority from time to time to vary the terms of any standard form of Award Agreement either in connection with the grant or amendment of an individual Award or in connection with the authorization of a new standard form or forms; provided, however, that the terms and conditions of any such new, revised or amended standard form or forms of Award Agreement are not inconsistent with the terms of the Plan.

Table of Contents**EXHIBIT A****11. Change in Control.****11.1 Definitions.**

(a) An Ownership Change Event shall be deemed to have occurred if any of the following occurs with respect to the Company: (i) the direct or indirect sale or exchange in a single or series of related transactions by the stockholders of the Company of more than fifty percent (50%) of the voting stock of the Company; (ii) a merger or consolidation in which the Company is a party; (iii) the sale, exchange, or transfer of all or substantially all of the assets of the Company; or (iv) a liquidation or dissolution of the Company.

(b) A Change in Control shall mean an Ownership Change Event or a series of related Ownership Change Events (collectively, a Transaction) wherein the stockholders of the Company immediately before the Transaction do not retain immediately after the Transaction, in substantially the same proportions as their ownership of shares of the Company's voting stock immediately before the Transaction, direct or indirect beneficial ownership of more than fifty percent (50%) of the total combined voting power of the outstanding voting stock of the Company or, in the case of a Transaction described in Section 11.1(a)(iii), the corporation or corporations to which the assets of the Company were transferred (the Transferee Corporation(s)), as the case may be. For purposes of the preceding sentence, indirect beneficial ownership shall include, without limitation, an interest resulting from ownership of the voting stock of one or more corporations which, as a result of the Transaction, own the Company or the Transferee Corporation(s), as the case may be, either directly or through one or more subsidiary corporations. The Committee shall have the right to determine whether multiple sales or exchanges of the voting stock of the Company or multiple Ownership Change Events are related, and its determination shall be final, binding and conclusive. An Award Agreement may contain a different definition of Change in Control to the extent required to comply with Section 409A of the Code.

11.2 Effect of Change in Control on Options. In the event of a Change in Control, the surviving, continuing, successor, or purchasing corporation or other business entity or parent corporation thereof, as the case may be (the Acquiring Corporation), may, without the consent of the Participant, either assume the Company's rights and obligations under outstanding Options or substitute for outstanding Options substantially equivalent options for the Acquiring Corporation's stock. In the event that the Acquiring Corporation elects not to assume or substitute for outstanding Options in connection with a Change in Control, the exercisability and vesting of each such outstanding Option and any shares acquired upon the exercise thereof held by a Participant whose Service has not terminated prior to such date shall be accelerated, effective as of the date ten (10) days prior to the date of the Change in Control. The exercise or vesting of any Option and any shares acquired upon the exercise thereof that was

permissible solely by reason of this Section 11.2 and the provisions of such Option Agreement shall be conditioned upon the consummation of the Change in Control. Any Options which are neither assumed or substituted for by the Acquiring Corporation in connection with the Change in Control nor exercised as of the date of the Change in Control shall terminate and cease to be outstanding effective as of the date of the Change in Control. Notwithstanding the foregoing, shares acquired upon exercise of an Option prior to the Change in Control and any consideration received pursuant to the Change in Control with respect to such shares shall continue to be subject to all applicable provisions of the Option Agreement evidencing such Option except as otherwise provided in such Option Agreement. Furthermore, notwithstanding the foregoing, if the corporation the stock of which is subject to the outstanding Options immediately prior to an Ownership Change Event described in Section 11.1(a)(i) constituting a Change in Control is the surviving or continuing corporation and immediately after such Ownership Change Event less than fifty percent

(50%) of the total combined voting power of its voting stock is held by another corporation or by other corporations that are members of an affiliated group within the meaning of Section 1504(a) of the Code without regard to the provisions of Section 1504(b) of the Code, the outstanding Options shall not terminate unless the Committee otherwise provides in its discretion.

11.3 Effect of Change in Control on SARs. In the event of a Change in Control, the Acquiring Corporation may, without the consent of any Participant, either assume the Company's rights and obligations under outstanding SARs or substitute for outstanding SARs substantially equivalent SARs for the Acquiring Corporation's stock. In the event the Acquiring Corporation elects not to assume or substitute for outstanding SARs in connection with a Change in Control, then any unexercised and/or unvested portions of outstanding SARs shall be immediately exercisable and vested in full as of the date thirty (30) days prior to the date of the Change in Control. The exercise and/or vesting of any SAR that was permissible solely by reason of this paragraph 11.3 shall be conditioned upon the consummation of the Change in Control. Any SARs which are not assumed by the Acquiring Corporation in connection with the Change in Control nor exercised as of the time of consummation of the Change in Control shall terminate and cease to be outstanding effective as of the time of consummation of the Change in Control.

11.4 Effect of Change in Control on Restricted Stock Awards. In the event of a Change in Control, the lapsing of the Vesting Conditions applicable to the shares subject to the Restricted Stock Award held by a Participant whose Service has not terminated prior to such date shall be accelerated effective as of the date of the Change in Control (except as otherwise provided in the Award Agreement); provided that any acceleration of the lapsing of Vesting Conditions that was permissible solely by reason of this Section 11.4 and the provisions of such Award Agreement shall be conditioned upon the consummation of the Change in Control.

Table of Contents**EXHIBIT A**

11.5 Effect of Change in Control on Performance Awards. In the event of a Change in Control, the Performance Award held by a Participant whose Service has not terminated prior to such date shall become payable effective as of the date of the Change in Control (except as otherwise provided in the Award Agreement). For this purpose, the final value of the Performance Award shall be determined by the greater of (a) the extent to which the applicable Performance Goals have been attained during the Performance Period prior to the date of the Change in Control or (b) the pre-established 100% level with respect to each Performance Target comprising the applicable Performance Goals. Any acceleration of a Performance Award that was permissible solely by reason of this Section 11.5 and the provisions of such Award Agreement shall be conditioned upon the consummation of the Change in Control.

12. Compliance with Securities Law.

The grant of Awards and the issuance of shares of Stock pursuant to any Award shall be subject to compliance with all applicable requirements of federal, state and foreign law with respect to such securities and the requirements of any stock exchange or market system upon which the Stock may then be listed. In addition, no Award may be exercised or shares issued pursuant to an Award unless (a) a registration statement under the Securities Act shall at the time of such exercise or issuance be in effect with respect to the shares issuable pursuant to the Award or (b) in the opinion of legal counsel to the Company, the shares issuable pursuant to the Award may be issued in accordance with the terms of an applicable exemption from the registration requirements of the Securities Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance and sale of any shares hereunder shall relieve the Company of any liability in respect of the failure to issue or sell such shares as to which such requisite authority shall not have been obtained. As a condition to issuance of any Stock, the Company may require the Participant to satisfy any qualifications that may be necessary or appropriate, to evidence compliance with any applicable law or regulation and to make any representation or warranty with respect thereto as may be requested by the Company.

13. Tax Withholding.

13.1 Tax Withholding in General. The Company shall have the right to require the Participant, through payroll withholding, cash payment or otherwise, including by means of a Cashless Exercise of an Option, to make adequate provision for the federal, state, local and foreign taxes, if any, required by law to be withheld by the Participating Company Group with respect to an Award or the shares acquired pursuant thereto. The Company shall have no obligation to deliver shares of Stock, to release shares of Stock from an escrow established pursuant to an Award Agreement, or to make any payment in

cash under the Plan until the Participating Company Group's tax withholding obligations have been satisfied by the Participant.

13.2 Withholding in Shares. The Company shall have the right, but not the obligation, to deduct from the shares of Stock issuable to a Participant upon the exercise or settlement of an Award, or to accept from the Participant the tender of, a number of whole shares of Stock having a Fair Market Value, as determined by the Company, equal to all or any part of the tax withholding obligations of the Participating Company Group. The Fair Market Value of any shares of Stock withheld or tendered to satisfy any such tax withholding obligations shall not exceed the amount determined by the applicable minimum statutory withholding rates.

14. Termination or Amendment of Plan.

The Committee may terminate or amend the Plan at any time. However, subject to changes in applicable law, regulations or rules that would permit otherwise, without the approval of the Company's stockholders, there shall be (a) no increase in the maximum aggregate number of shares of Stock that may be issued under the Plan (except by operation of the provisions of Section 4.2), (b) no change in the class of persons eligible to receive Incentive Stock Options, and (c) no other amendment of the Plan that would require approval of the Company's stockholders under any applicable law, regulation or rule. No termination or amendment of the Plan shall affect any then outstanding Award unless expressly provided by the Committee. In any event, no termination or amendment of the Plan may adversely affect any then outstanding Award without the consent of the Participant, unless such termination or amendment is required to enable an Option designated as an Incentive Stock Option to qualify as an Incentive Stock Option or is necessary to comply with any applicable law, regulation or rule.

15. Miscellaneous Provisions.

15.1 Provision of Information. Each Participant shall be given access to information concerning the Company equivalent to that information generally made available to the Company's common stockholders.

15.2 Rights as Employee, Consultant or Director. No person, even though eligible pursuant to Section 5, shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant. Nothing in the Plan or any Award granted under the Plan shall confer on any Participant a right to remain an Employee, Consultant or Director, or interfere with or limit in any way the right of a Participating Company to terminate the Participant's Service at any time.

15.3 Rights as a Stockholder. A Participant shall have no rights as a stockholder with respect to any shares covered by an Award until the date of the issuance of a certificate for such shares (as evidenced by the appropriate entry on the

EXHIBIT A

books of the Company or of a duly authorized transfer agent of the Company). No adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date such certificate is issued, except as provided in Section 4.2 or another provision of the Plan.

15.4 409A Compliance. The Plan and all Awards granted hereunder are intended to comply with, or otherwise be exempt from, Section 409A of the Code. The Plan and all Awards shall be administered, interpreted, and construed in a manner consistent with Section 409A of the Code. Should any provision of the Plan, any Grant Agreement, or any other agreement or arrangement contemplated by the Plan be found not to comply with, or otherwise be exempt from, the provisions of Section 409A of the Code, such provision shall be modified and given effect (retroactively if necessary), in the sole discretion of the Administrator, and without the consent of the grantee or holder of the Award, in such manner as the Administrator determines to be necessary or appropriate to comply with, or to effectuate an exemption from, Section 409A of the Code. Notwithstanding the forgoing, no provision of the Plan, any Grant Agreement, or any other agreement or arrangement contemplated by the Plan shall be construed as a guarantee by the Company of any particular tax effect to grantees or holders of Awards. In any event,

except as otherwise provided under the applicable Grant Agreement, the Company shall have no obligation to pay any applicable tax on income to grantees or holders of Awards.

15.5 Unfunded Obligation. Any amounts payable to Participants pursuant to the Plan shall be unfunded obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974. No Participating Company shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Participant account shall not create or constitute a trust or fiduciary relationship between the Committee or any Participating Company and a Participant, or otherwise create any vested or beneficial interest in any Participant or the Participant's creditors in any assets of any Participating Company. The Participants shall have no claim against any Participating Company for any changes in the value of any assets which may be invested or reinvested by the Company with respect to the Plan.
