Item 7.01. Regulation FD Disclosure.

In response to an investor inquiry, Granite Construction Incorporated (Granite) is providing the following information relating to its current plans regarding the convertible notes of Layne Christensen Company (Layne) following the completion of Granite 's acquisition of Layne in a stock-for-stock merger, which includes the assumption of Layne 's outstanding debt (which merger is described in Granite 's Current Report or Form 8-K filed with the Securities and Exchange Commission (the Commission) on February 14, 2018).

On February 14, 2018 representatives of Granite and Layne conducted an investor call in connection with the announcement of the stock-for-stock proposed merger of Granite and Layne. In that call, a Granite representative stated that Granite intends to refinance Layne 's 4.25% convertible notes. There was no discussion of timing. The 4.25% notes will mature on November 15, 2018 (see the definition of Maturity Date of Section 2.04 of the 4.25% note indenture furnished as Exhibit 99.1 to this report). If any 4.25% notes are not converted prior to November 15, 2018, Granite intends to refinance the outstanding 4.25% notes utilizing a combination of available cash and borrowings under Granite 's revolving credit facility.

The definition of Maturity Date in Section 2.04 of the 8.00% note indenture (furnished as Exhibit 99.2 to this report) specifies August 15, 2018 as the Maturity Date unless prior to that date either (1) the 4.25% notes are Effectively Discharged (as defined in the 8.00% note indenture), (2) the maturity date of the 4.25% notes is extended to a date beyond October 15, 2019, (3) all of the 4.25% notes are converted or (4) all of the 4.25% notes have been repurchased, redeemed or are otherwise no longer outstanding.

Forward Looking Statements

All statements included or incorporated by reference in this communication, other than statements or characterizations of historical fact, are forward-looking statements within the meaning of the federal securities laws, including, without limitation, the financing of the proposed merger between Granite and Layne and Granite 's plans and proposals regarding the maturity, repayment and refinancing of Layne 's outstanding notes. These forward-looking statements are not guarantees of future results and are subject to risks, including, among other things, the risk that the conditions to the closing of the transaction are not satisfied, including the risk that required approvals for the transaction from the stockholders of Layne are not obtained, litigation relating to the transaction, uncertainties as to the timing of the consummation of the transaction and the ability of each party to consummate the transaction and the terms and availability of the indebtedness planned to be incurred in connection with the transaction. If one or more of these risks or other risks materialize, actual results may vary from those expressed. For a more complete discussion of other risk factors that impact of business, financial condition and results of operations, see Granite 's filings with Securities and Exchange Commission, including the Registration Statement on Form S-4 filed with the SEC on March 12, 2018 and Granite 's Annual Report on Form 10-K for the year ended December 31, 2017. Investors and potential investors are urged not to place undue reliance on forward-looking statements in this document, which speak only as of this date. Granite does not undertake any obligation to revise or update publicly any forward-looking statement to reflect future events or circumstances.
