Ten Year Option Repricing

In February 2001, the Company lowered the exercise price of all options granted to employees and directors of the Company under the Plan during the calendar year of 2000 that had an exercise price above \$1.94. The options subject to this repricing allowed for the purchase of up to an aggregate of 2,676,000 shares of the Company's common stock and included options granted to those persons listed below. The Company's board of directors lowered the exercise price of these options because at the time of repricing, the options no longer provided an incentive to the option holders due to the difference between the exercise price of the options and the market price of the Company's common stock arising from the significant volatility of the Company's share price during 2000.

In April 2002, the Company lowered the exercise price of all outstanding options granted to employees (other than Mr. Calhoun) that had an exercise price above \$0.81. The Company also lowered the exercise price of all options granted to directors (including Mr. Calhoun but excluding Mr. Brodsky) that had an exercise price above \$1.00. The options subject to this repricing allowed for the purchase of up to an aggregate of 2,967,700 shares of the Company's common stock and included options granted to those persons listed below. The Company's board of directors lowered the exercise price of these options in order to provide additional incentive to the option holders due to the difference between the exercise price of the options and the market price of the Company's common stock arising from the significant volatility of the Company's share price during 2001 and the first half of 2002.

The following table provides more information concerning the repricing of the above described options.

Employment Agreements.

The Company has an employment agreement with Amr Abdelmonem dated as of January 1, 2001 to be Chief Technology Officer of the Company. Dr. Abdelmonem subsequently became the Chief Executive Officer of the Company in June 2002. The agreement is for a term of three years, with one year renewal options. Dr. Abdelmonem is paid an annual salary of \$200,000 and is paid a severance of one year's salary if (i) the Company terminates his employment without Cause (as defined in the agreement) or (ii) Dr. Abdelmonem terminates his employment for Good Reason (as defined in the agreement), which such severance is offset by any income received by Dr. Abdelmonem during the severance period. His severance is increased to two years salary in the case of a change in control (as defined in the agreement) of the Company and a termination as described previously. Dr. Abdelmonem also receives a severance of six months salary if his employment contract expires without renewal. Dr. Abdelmonem's agreement includes a provision for a bonus to be paid at the discretion of the board of directors and certain non-competition, non-solicitation, assignment of invention and confidentiality provisions.

In December 2002, the Board of Directors authorized a bonus pool of up to \$300,000 in which all officers, including Dr. Abdelmonem and Mr. Cesario, shall be eligible to participate in the event that the Company achieves two consecutive quarters of positive cash flow results after taking into account the payment of such bonuses. In the event the condition is achieved, the amount Dr. Abdelmonem and Mr. Cesario may receive from such pool shall be determined in the discretion of the Board.

Certain Business Relationships.

During April 2002, the Company entered into an agreement with Mr. Willes related to Mr. Willes' separation from employment with the Company. Pursuant to the terms of the agreement, Mr. Willes resigned from his employment with ISCO effective April 12, 2002 and released the Company from any and all claims, including, but not limited to any and all claims relating to or in any way arising out of any aspect of Mr. Willes' employment relationship and / or his separation from employment with the Company. Mr. Willes was paid \$100,000 in severance under the terms of the agreement and the Company also paid Mr. Willes' health and other insurance benefits (other than disability insurance benefits) through October 31, 2002. The agreement also provided that 550,000 options which would have vested by April 12, 2003 vested as of April 12, 2002 and will remain exercisable through April 12, 2004.

During June 2002 the Company engaged Nightingale & Associates, LLC to provide management consulting services. The Company paid \$87,765 for such consulting services during 2002. Mr. Hoffmann, a former director of the Company, is a principal of Nightingale.

-10-

During October 2002, the Company entered into an Uncommitted Line of Credit with its two largest shareholders, an affiliate of Elliott Associates, L.P. (Manchester Securities Corporation) and Alexander Finance, L.P. This line

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

provided that up to \$4 million may be borrowed by the Company, with \$1 million borrowed during October 2002 upon completion of the transaction. \$1 million was borrowed during November 2002, an additional borrowing of \$1 million occurred in March 2003, \$300,000 was borrowed in July 2003 and \$700,000 was borrowed in August 2003.

Borrowings on this line bear an interest rate of 9.5% and are collateralized by all the assets of the Company. Outstanding loans under this agreement would be required to be repaid on a priority basis should the Company receive new funding from other sources. Additionally, the lenders are entitled to receive warrants to the extent funds are drawn down on the line. The warrants bear a strike price of \$0.20 per share of common stock and expire on April 15, 2004. The credit line matures and is due, including accrued interest thereon, on March 31, 2004. Warrants to purchase 10 million shares of common stock were issued in connection with the borrowings under the line of credit during the year ended December 31, 2002. No warrants were issued in connection with the March 2003, July 2003 or August 2003 borrowings under the line of credit. Therefore, 10 million warrants were issued as a result of this transaction, presuming certain antidilutive features are not triggered.

The line of credit was subsequently amended in October 2003 to reflect: (i) an increase in the aggregate commitment of the Lenders to from \$4,000,000 to \$6,000,000; (ii) the elimination of warrant issuances from future drawdowns; (iii) interest on future loans will bear interest at the rate of 14% per annum; (iv) that future loans mature on October 31, 2004; (v) and that future loans be subject to the discretion of the Lenders. The Company borrowed \$1,000,000 from the line of credit agreement upon execution of the amendment. This line is uncommitted, such that each new borrowing under the facility would be subject to the approval of the lenders. If approved by the lenders, the Company may borrow up to an additional \$1 million.

THE FOLLOWING REPORT OF THE COMPENSATION COMMITTEE AND THE PERFORMANCE GRAPH ON PAGE 15 WILL NOT BE DEEMED INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS PROXY STATEMENT INTO ANY FILING UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, EXCEPT TO THE EXTENT THAT THE COMPANY SPECIFICALLY INCORPORATES THIS INFORMATION BY REFERENCE. THE FOLLOWING REPORT SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

Report of the Compensation Committee

The objectives of the Compensation Committee in determining the levels and components of executive compensation are (i) providing executives with both cash and equity incentives to further the interests of the Company and its stockholders, (ii) compensating them at appropriate levels with a recognition of compensation levels of executive officers at other high technology companies at a comparable stage of development, and (iii) attracting, rewarding and retaining outstanding executive officers to the Company. Generally, the compensation of all executive officers is composed of a base salary plus a discretionary bonus based upon achievement of specified goals. In addition, the Company grants stock options, from time to time in its discretion, to base potential compensation on stockholder return and to provide for compensation based upon the common stock performance over time. The Compensation Committee also recommends stock option grants to non-executive employees of the Company so as to encourage a team approach towards the success of the Company to the benefit of the stockholders.

The Compensation Committee recommended to the board of directors the terms

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

of the employment agreements with Dr. Abdelmonem. In determining the base salaries of the executive officers, the Compensation Committee considered the performance of each executive, the nature of the executive's responsibilities, the salary levels of executives at high technology companies at a comparable stage of development, including other publicly held companies that are developing competitive products, and the Company's general compensation practices.

Discretionary bonuses for each of the Company's executive officers are based on achievement of specified goals of the Company and are a function of the criteria which the Compensation Committee believes appropriately take into account the specific areas of responsibility of the particular officer. After considering the status of the Company's finances, the board of directors did not award a bonus to Dr. Calhoun, Dr. Abdelmonem nor to any other officer for 2002. Furthermore, no raises in salary were approved for Executive Officers in 2002 other than Mr. Cesario who received a salary increase when he was appointed Chief Financial Officer in December 2002.

The Compensation Committee typically recommends the grant of stock options to executive officers and other employees with the purpose of aligning the executive officers and other employees with the interests of stockholders and encouraging a long-term focus in managing the Company. From time to time, the Compensation Committee evaluates this policy in light of the market and competitive factors. The exercise price of these stock options is generally the fair market value of the common stock on the dates of grant. Vesting periods are used to retain key employees and to emphasize the long-term aspect of contribution and performance. In recommending stock option grants to executives under the Plan, the Compensation Committee considers a number of factors, including the performance of the executive, achievement of goals, the responsibilities of the executive, review of compensation of executives in high technology companies at a comparable stage of development, and review of the number of stock options each executive currently possesses. Stock options were granted by the board of directors to Dr. Abdelmonem in April and December 2002, however no other executive officers received option grants in 2002.

Compensation of Chief Executive Officer. Dr. George Calhoun was appointed as Chief Executive Officer in November 1999 and served as Chief Executive Officer until July 2002. His compensation package of salary, stock options and bonus potential was determined by establishing a base competitive with those paid by other high-tech wireless systems technology companies. A base salary of \$250,000 was determined for Dr. Calhoun for 2000 and continued through 2001 and 2002 without a raise. A bonus potential up to 50% of his base salary is contingent upon achieving corporate and individual performance goals set by the board of directors. In addition, a grant of options to purchase common stock for 1,200,000 shares was approved in February 2001. These grants were designed to provide Dr. Calhoun with a continuing incentive to remain with the Company and contribute to corporate success.

Dr. Abdelmonem was appointed as Chief Executive Officer in July 2002. His compensation package of salary, stock options and bonus potential was not changed from the compensation he received as the Company's Chief Technology Officer. A base salary of \$200,000 was therefore continued for Dr. Abdelmonem for the remainder of 2002 and continued through 2003 without a raise. In addition, a grant of options to purchase common stock for 150,000 and

900,000 shares was approved in April and December 2002. These grants were designed to provide Dr. Abdelmonem with a continuing incentive to remain with the Company and contribute to corporate success.

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

In December 2002, the Board of Directors authorized a bonus pool of up to \$300,000 in which all officers, including Dr. Abdelmonem and Mr. Cesario, shall be eligible to participate in the event that the Company achieves two consecutive quarters of positive cash flow results after taking into account the payment of such bonuses. In the event the condition is achieved, the amount Dr. Abdelmonem and Mr. Cesario may receive from such pool shall be determined in the discretion of the Board.

Compliance with Section 162(m). The Compensation Committee generally intends for compensation paid to the executive officers to be tax deductible to the Company pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) provides that compensation paid to the executive officers in excess of \$1,000,000 cannot be deducted by the Company for Federal income tax purposes. However, this limitation does not apply to performance-based compensation, provided that certain conditions are satisfied. Although the Company's policy is generally to preserve the federal income tax deductibility of compensation paid, the Compensation Committee retains the authority to approve payments that may not be deductible if it believes that such payments are in the best overall interests of the Company and its stockholders.

Option Repricing. In April 2002, the board of directors, upon recommendation of the Compensation Committee reduced the exercise price of all outstanding options granted to employees (other than Mr. Calhoun) that had an exercise price above \$0.81. The Company also lowered the exercise price of all options granted to directors (including Mr. Calhoun but excluding Mr. Brodsky) that had an exercise price above \$1.00. The options were repriced to \$0.81, which was higher than the closing price of the Company's common stock on the OTC Bulletin Board closing price of \$0.78 on the date of the repricing. This action was taken in order to provide additional incentive to the option holders due to the difference in price between the exercise price and the market price of the Company's common stock arising from the significant volatility of the Company's share price during 2001 and the first half of 2002. The table set forth under "Ten Year Option" provides more information on the repricing of such options.

THE FOLLOWING REPORT OF THE AUDIT COMMITTEE WILL NOT BE DEEMED INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS PROXY STATEMENT INTO ANY FILING UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, EXCEPT TO THE EXTENT THAT WE SPECIFICALLY INCORPORATE THIS INFORMATION BY REFERENCE. THE FOLLOWING REPORT SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

Report of the Audit Committee

The Audit Committee of the board of directors is composed of three non-employee directors. The role of the Audit Committee is to assist the board of directors in its oversight of the Company's financial reporting process. The

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

board of directors, in its business judgment, has determined that each member of the audit committee is "independent" as defined in Rule 121A of the listing standards of The American Stock Exchange. The Committee operates pursuant to a charter that was last amended and restated by the Board on November 5, 2003, a copy of which is attached to this Proxy Statement as Appendix B. As set forth in the charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Committee has reviewed and discussed the audited financial statements with management and its independent auditors. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the company's auditors are in fact "independent".

Based upon the review, reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the charter, the Committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K, as amended, for the year ended December 31, 2002 as filed with the Securities and Exchange Commission.

Performance Graph

Set forth in this section is a line graph comparing the cumulative total

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

stockholder return on the Company's common stock against the cumulative total return of the Nasdaq Market Index, the American Stock Exchange ("AMEX") Index, the JP Morgan H&Q Technology Index and the Nasdaq Telecommunications Index for the fiscal period of five years commencing December 31, 1997 and ending December 31, 2002. The graph and table assume that \$100 was invested on December 31, 1997 in the Company's common stock, the Nasdaq Market Index, the AMEX index, the JP Morgan H&Q Technology Index and the Nasdaq Telecommunications Index, and that all dividends were reinvested. The AMEX index is included because on June 7, 2003, the Company's common stock began trading on The American Stock Exchange (AMEX) under the symbol "ISO." Prior to this date, the Company's common stock was traded on the OTC Bulletin Board under the symbol "ISCO." The JP Morgan H&Q Index was discontinued during 2002. Accordingly, the Company has selected the Nasdaq Telecommunications Index as a replacement for the discontinued index. This data was furnished by publicly available sources.

The Indices have been selected because the Company has been unable to identify a peer group of companies for comparison. No single public or private company has a comparable mix of technologies under development or products which serve the same markets as the Company.

PROPOSAL 2

APPROVAL OF THE

ISCO INTERNATIONAL, INC. 2003 EQUITY INCENTIVE PLAN

On November 5, 2003, the board of directors adopted, subject to stockholder approval, the ISCO International, Inc. 2003 Equity Incentive Plan (the "Incentive Plan"). The purpose of the Incentive Plan is to enable the Company to recruit and retain highly qualified employees, directors and consultants and to provide those employees, directors and consultants with an incentive for productivity and an opportunity to share in the growth and value of the Company. The Incentive Plan provides for the award of restricted shares of common stock, incentive stock options, non-qualified stock options and stock appreciation rights with respect to shares of common stock, to our employees, directors, consultants and other individuals who perform services for us.

The Incentive Plan replaces the 1993 Stock Option Plan which terminated in August 2003. At the time the 1993 Stock Option Plan terminated, awards had not been granted with respect to 5,038,994 of the 14,011,468 shares authorized for issuance under that plan. The board of directors believes that a new stock incentive plan is needed in order to (i) attract and retain qualified

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

engineering, technical and administrative personnel, as well as Non-Employee Directors, in the face of an increasingly competitive hiring environment; (ii) encourage the acquisition by key employees and Non-Employee Directors of a proprietary interest in the Company; (iii) fashion attractive incentive awards based upon the performance of the Company and the price for the common stock; and (iv) better align the interests of employees, consultants and Non-Employee Directors with the interests of the Company's stockholders.

The Company believes that its growth and long-term success depend in large part upon attracting, retaining and motivating key personnel, and that such retention and motivation can be achieved in part through the grant of stock-based awards. The Company also believes that stock-based awards will play an important role in our success by encouraging and enabling the directors, officers and other employees of the Company -- upon whose judgment, initiative and efforts the Company depends -- to acquire a proprietary interest in the Company's long-term performance. The Company anticipates that providing these persons with a direct stake in the Company will ensure a closer identification of the interests of the participants in the Incentive Plan with those of the Company, thereby stimulating the efforts of these participants to promote our future success and strengthen their desire to remain with the Company. The Company believes that the adoption of the Incentive Plan will help the Company accomplish these goals and will keep the Company's equity incentive compensation in line with that of other companies comparable to the Company.

Vote Required. The affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the meeting and entitled to vote on the matter is required to approve the adoption of the ISCO International, Inc. 2003 Equity Incentive Plan.

Recommendation of the Board of Directors. The board of directors recommends that the stockholders vote "FOR" the adoption of the ISCO International, Inc. 2003 Equity Incentive Plan.

The summary of the Incentive Plan provided below is qualified in its entirety by the provisions contained in the Incentive Plan, a copy of which is attached to this Proxy Statement as Appendix A. The essential features of the Incentive Plan are outlined below:

The maximum number of shares of common stock with respect to which awards may be made under the Incentive Plan is 5,038,994. No Participant will receive an award of stock options or stock appreciation rights under the Incentive Plan with respect to more than 2,000,000 shares of common stock in any calendar year. In the event of any stock split, reverse stock split, stock dividend, recapitalization, reclassification or other similar event, adjustments may be made at the board of directors' discretion to the number of shares reserved for issuance under the Incentive Plan, to the limit on the number of shares that may be subject to stock options or stock appreciation rights granted to a single person in any calendar year and to the number, kind and price of shares covered by outstanding awards. Shares subject to forfeited, cancelled or expired awards will again become available for issuance under the Incentive Plan. In addition, shares surrendered in payment of any exercise price or in satisfaction of any withholding obligation arising in connection with an award granted under the Incentive Plan will again become available for issuance under the Incentive Plan.

The board of directors, or a committee appointed by the board of directors, administers the Incentive Plan. Under the terms of the Incentive Plan, the committee must consist of two or more non-employee directors. The board of directors or the appointed committee interprets the Incentive Plan, selects award recipients, determines the number of shares subject to each award and establishes the price, vesting and other terms of each award. While there are no

predetermined performance formulas or measures or other specific criteria used to determine recipients of awards under the Incentive Plan, awards are based generally upon consideration of the grantee's position and responsibilities, the nature of services provided, the value of the services to us, the present and potential contribution of the grantee to our success, the anticipated number of years of service remaining and other factors which the board of directors or the appointed committee deems relevant.

The Incentive Plan has no specified term, although incentive stock options will not be granted more than 10 years after the adoption of the Incentive Plan.

Stock Options. The Incentive Plan permits the grant of incentive stock options to our employees and the employees of our subsidiaries. The Incentive Plan also provides for the grant of non-qualified stock options to our employees, directors, and consultants and other individuals who perform services for us (as well as to employees, directors, consultants and service providers of our subsidiaries). The exercise price of any incentive stock options granted under the Incentive Plan may not be less than 100% of the fair market value of our common stock on the date of grant. Options granted under the Incentive Plan may be exercised by payment in cash or through an exchange for shares of common stock owned by the option holder for more than six months that have a fair market value on the date of exercise equal to the option exercise price.

Under the Incentive Plan, each option is exercisable at such time and to such extent as specified in the pertinent option agreement between the Company and the option recipient. However, no option shall be exercisable with respect to any shares of common stock more than ten years after the date of such award. Unless otherwise specified by the board of directors or the appointed committee with respect to a particular option, all options are non-transferable, except upon death.

Upon or in anticipation of a change of control of the Company, the board of directors or the appointed committee, may: (i) cause outstanding options to become immediately exercisable, (ii) provide for the cancellation of options in exchange for comparable options to purchase shares in a successor corporation, and/or (iii) provide for the cancellation of options in exchange for a cash and/or other substitute consideration.

Stock Appreciation Rights. The Incentive Plan also provides for the grant of stock appreciation rights, either alone or in tandem with stock options. A stock appreciation right entitles its holder to a cash payment of the excess of the fair market value of our common stock on the date of exercise, over the fair market value of our common stock on the date of grant. A stock appreciation right issued in tandem with a stock option will have the same term as the stock option. The term of a stock appreciated right granted alone, without an option, will be established by the board of directors or the appointed committee, in the award agreement governing the stock appreciation right.

Upon or in anticipation of a change of control of the Company, the board of directors or the appointed committee, may: (i) cause outstanding stock appreciation rights to become immediately exercisable, and/or (ii) provide for the cancellation of stock appreciation rights in exchange for a cash and/or other substitute consideration.

Restricted Shares. The Incentive Plan also provides for the grant of restricted shares. Restricted shares are shares of our common stock issued to an individual that will be forfeited to us if certain vesting conditions established by the board of directors or the appointed committee at the time of

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

grant (such as a specified period of continued employment or the fulfillment of specified individual or corporate performance goals) are not met. Restricted shares may be sold under the Incentive Plan (at their full value or at a discount), or may be granted solely in consideration for services.

Upon or in anticipation of an event of a change of control of the Company, the board of directors or the appointed committee may: (i) cause restrictions on restricted shares to lapse, (ii) cancel restricted shares in exchange for restricted shares of a successor corporation, and/or (iii) redeem restricted shares for cash or other substitute consideration.

Effect of Federal Income Taxation. Stock options granted under the Incentive Plan may be either incentive stock options intended to qualify under Section 422 of the Code ("ISOs") or NQSOs. The following summary of tax consequences with respect to stock options, stock appreciation rights and restricted shares that may be granted under the Incentive Plan is not comprehensive and is based upon laws and regulations in effect on the date of this proxy. Such laws and regulations are subject to change.

There are generally no federal income tax consequences either to the option holder or to the Company upon the grant of a stock option. On exercise of an ISO, the option holder will not recognize any income, and the Company will not be entitled to a deduction for tax purposes, although such exercise may give rise to liability for the option holder under the alternative minimum tax provisions of the Internal Revenue Code. Generally, if the option holder disposes of shares

-17-

acquired upon exercise of an ISO within two years of the date of grant or one year of the date of exercise, the option holder will recognize ordinary income and the Company will then be entitled to a tax deduction equal to the excess of the fair market value of the shares on the date of exercise over the option exercise price (or the gain on sale, if less). Otherwise, the Company will not be entitled to any deduction for tax purposes upon disposition of such shares, and the entire gain for the option holder will be treated as a capital gain.

On exercise of a NQSO, the amount by which the fair market value of the shares on the date of exercise exceeds the option exercise price will generally be taxable to the option holder as ordinary income and will generally be deductible by the Company. The dispositions of shares acquired upon exercise of a NQSO will generally result in a capital gain or loss for the option holder, but will have no tax consequence for the Company.

Under federal tax law, there are generally no federal income tax consequences to an employee of the Company due to the grant of stock appreciation rights. The employee will generally recognize ordinary income upon exercise of a stock appreciation right in an amount equal to the amount of cash, or the fair market value of the shares (determined at the time of exercise), the employee receives upon exercise.

Under federal tax law, in the absence of an election made under section 83(b) of the Internal Revenue Code, there are generally no federal income tax consequences to an employee of the Company due to the grant of restricted shares. The employee will generally recognize ordinary income upon the date on which the shares are no longer subject to a substantial risk of forfeiture. The amount of income recognized by the employee will be equal to the excess of the fair market value of the shares on the date on which they are first free from the substantial risk of forfeiture over the amount, if any, the employee paid for the shares. The Company will be entitled to a deduction in the same amount

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

at that time. The employee will have a basis in the shares equal to the amount, if any, he or she paid for the shares plus the amount of income he or she recognized in respect of the shares. The later disposition of restricted shares will generally result in a capital gain or loss for the employee. Such a disposition will have no tax consequences for the Company.

The tax treatment of restricted shares is different if the employee makes an election under section 83(b) of the Internal Revenue Code with respect to the restricted shares. If an employee makes such an election, he will recognize compensation income, and the Company will be entitled to a deduction, at the time the employee receives the restricted shares, even though the shares remain subject to a substantial risk of forfeiture. The amount of income to be recognized by the employee, and deducted by the Company, will be the excess of the fair market value of the restricted shares determined at the time of the employee's receipt of the shares, (without regard to the restrictions to which the shares are subject), over the amount, if any, the employee paid for the shares. The employee will have a basis in the shares equal to the sum of the amount of income recognized in respect of the shares plus the amount, if any, the employee paid for the shares. The later disposition of restricted shares will generally result in a capital gain or loss for the employee. Such a disposition will have no tax consequences for the Company. An election under section 83(b) must be made by the employee no later than 30 days after the employee first receives the restricted shares.

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1,000,000 paid to the chief executive officer of the Company or to one of the next-four highest paid executive officers of the Company, unless the excess compensation is considered to be "performance-based." Among other requirements contained in Section 162(m), the material terms of a compensation plan in which such officers participate, including the number of shares available for grant and the number of shares that may be issued to one person, must be approved by stockholders for awards or compensation provided under the plan to be considered "performance-based." The Company intends that its deductions for amounts paid pursuant to ISOs, NQSOs and stock appreciation rights granted under the Incentive Plan will not be limited by Section 162(m) because such awards qualify as performance-based compensation. However, restricted shares awarded under the Incentive Plan may not qualify as performance-based compensation for purposes of 162(m) and therefore, may be subject to the limits of Section 162(m).

If a disqualified individual (i.e., an officer, stockholder or highly compensated individual) receives any payments or rights which are contingent upon a "change in control", such payments may constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. A disqualified individual will be subject to an excise tax (in addition to ordinary income tax liability) on the amount of such excess parachute payments and the Company will not be allowed to deduct such excess parachute payments. A portion of the payments under the Incentive Plan will be considered contingent on a change in control to the extent that the change in control accelerates the vesting of options, stock appreciation rights or restricted shares.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF AUDITORS

The board of directors, upon the recommendation of the Audit Committee, has appointed Grant Thornton LLP ("Grant Thornton"), independent certified public accountants, as auditors of the Company's financial statements for 2003. Grant Thornton has acted as auditors for the Company since December 2000.

The board of directors has determined to afford stockholders the opportunity to express their opinions on the matter of auditors, and, accordingly, is submitting to the stockholders at the Annual Meeting a proposal to ratify the board of directors' appointment of Grant Thornton. If a majority of the shares voted at the Annual Meeting, in person or by proxy, are not voted in favor of the ratification of the appointment of Grant Thornton, the board of directors will interpret this as an instruction to seek other auditors.

Grant Thornton has examined the financial statements of the Company for the year December 31, 2002. The Company expects representatives of Grant Thornton to be present at the Annual Meeting and to be available to respond to appropriate questions from stockholders. The representatives of Grant Thornton will have the opportunity to make a statement at the meeting if they desire to do so.

- (1) Audit fees billed by Grant Thornton LLP consisted of the examination of the Company's annual report on Form 10-K and review of other Company filings with the Securities and Exchange Commission.
- (2) "All Other Fees" by Grant Thornton LLP for non-audit services were tax related services.

Pursuant to the adoption of the revised Audit Committee Charter (which is attached to this proxy as Appendix A), the Board of Directors has adopted a revised policy which prohibits the Company from entering into non-audit related consulting agreements for financial information systems design and implementation, for certain other services considered to have an impact on independence, and for all other services prohibited by the Sarbanes-Oxley Act of 2002 and new Securities and Exchange Commission regulations. The policy also contains procedures requiring Audit Committee pre-approval of all audit and permitted non-audit services provided by the Company's independent auditors.

Recommendation of the Board. The board of directors recommends that the stockholders vote "FOR" the ratification of the appointment of Grant Thornton LLP as independent auditors of the Company's financial statements for the fiscal year ending December 31, 2003.

The Board will have the authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan as it, from time to time, deems advisable; to establish the terms of each Award Agreement; to interpret the terms and provisions of the Plan and any Award issued under the Plan (and any Award Agreement); and to otherwise supervise the administration of the Plan. All decisions made by the Board pursuant to the provisions of the Plan will be final and binding on all persons, including the Company and Participants. No Director will be liable for any good faith determination, act or omission in connection with the Plan or any Award.

SECTION 3. Shares Subject to the Plan.

(a) Shares Subject to the Plan. The Shares to be subject to or related to Awards under the Plan will be authorized and unissued Shares of the Company, whether or not previously issued and subsequently acquired by the Company. The maximum number of Shares that may be subject to Options or Restricted Shares under the Plan is 5,038,994 and the Company will reserve for the purposes of the Plan, out of its authorized and unissued Shares, such number of Shares. No Participant may receive an award of Options or SARs under the Plan with respect to more than 2,000,000 Shares in any calendar year.

(b) Effect of the Expiration or Termination of Awards. If and to the extent that an Option expires, terminates or is canceled or forfeited for any reason without having been exercised in full, the Shares associated with that Option will again become available for grant under the Plan. Similarly, if and to the extent any Restricted Share is canceled, forfeited or repurchased for any

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

reason, or if any Share is withheld pursuant to Section 11(d) in settlement of a tax withholding obligation associated with an Award, that Share will again become available for grant under the Plan. Finally, if any Share is received in satisfaction of the exercise price payable upon exercise of an Option, that Share will become available for grant under the Plan.

(c) Other Adjustment. In the event of any recapitalization, stock split or combination, stock dividend or other similar event or transaction affecting the Shares, equitable

A-4

substitutions or adjustments may be made by the Board, in its sole and absolute discretion, to the aggregate number, type and issuer of the securities reserved for issuance under the Plan, to the number, type and issuer of Shares subject to outstanding Options or SARs, to the exercise price of outstanding Options or SARs, and to the number, type and issuer of Restricted Shares.

(d) Change in Control. Notwithstanding anything to the contrary set forth in the Plan, upon or in anticipation of any Change in Control of the Company or any of its Affiliates, the Board may, in its sole and absolute discretion and without the need for the consent of any Participant, take one or more of the following actions contingent upon the occurrence of that Change in Control: (i) cause any or all outstanding Options and SARs held by Participants affected by the Change in Control to become vested and immediately exercisable, in whole or in part; (ii) cause any or all outstanding Restricted Shares held by Participants affected by the Change in Control to become non-forfeitable, in whole or in part; (iii) cancel any Option held by a Participant affected by the Change in Control in exchange for an option to purchase common stock of any successor corporation, which new option satisfies the requirements of Treas. Reg. ss. 1.425-1(a)(4)(i) (notwithstanding the fact that the original Option may never have been intended to satisfy the requirements for treatment as an Incentive Stock Option), (iv) cancel any Restricted Shares held by a Participant affected by the Change in Control in exchange for restricted shares of the common stock of any successor corporation, (v) redeem any Restricted Shares held by a Participant affected by the Change in Control for cash and/or other substitute consideration with a value equal to the Fair Market Value of an unrestricted Share on the date of the Change in Control; or (vi) cancel any Option or SAR held by a Participant affected by the Change in Control in exchange for cash and/or other substitute consideration with a value equal to (A) the number of Shares subject to that Option or SAR, multiplied by (B) the difference, if any, between the Fair Market Value per Share on the date of the Change in Control and the exercise price of that Option or SAR; provided, that if the Fair Market Value per Share on the date of the Change in Control does not exceed the exercise price of any such Option, the Board may cancel that Option without any payment of consideration therefor.

SECTION 4. Eligibility. Employees, Directors, consultants, and other individuals who provide services to the Company or its Affiliates are eligible to be granted Awards under the Plan. Persons who are not employees of the Company or a Subsidiary are not eligible to be granted Incentive Stock Options but are eligible to be granted other types of Awards.

SECTION 5. Options. Options granted under the Plan may be of two types: (i) Incentive Stock Options or (ii) Non-Qualified Stock Options. Any Option granted under the Plan will be in such form as the Board may at the time of such grant approve.

The Award Agreement evidencing any Option will incorporate the following terms and conditions and will contain such additional terms and conditions, not

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

inconsistent with the terms of the Plan, as the Board deems appropriate in its sole and absolute discretion:

(a) Option Price. The exercise price per Share purchasable under a Non-Qualified Stock Option will be determined by the Board. The exercise price per Share purchasable under an Incentive Stock Option will be not less than 100% of the Fair Market Value of the Share on the date of the grant. However, any Incentive Stock Option granted to any

A-5

Participant who, at the time the Option is granted, owns more than 10% of the voting power of all classes of shares of the Company or of a Subsidiary will have an exercise price per Share of not less than 110% of Fair Market Value per Share on the date of the grant.

(b) Option Term. The term of each Option will be fixed by the Board, but no Incentive Stock Option will be exercisable more than 10 years after the date the Option is granted. However, any Incentive Stock Option granted to any Participant who, at the time such Option is granted, owns more than 10% of the voting power of all classes of shares of the Company or of a Subsidiary may not have a term of more than five years. No Option may be exercised by any person after expiration of the term of the Option.

(c) Exercisability. Options will vest and be exercisable at such time or times and subject to such terms and conditions as determined by the Board at the time of grant. If the Board provides, in its discretion, that any Option is exercisable only in installments, the Board may waive such installment exercise provisions at any time at or after grant, in whole or in part, based on such factors as the Board determines, in its sole and absolute discretion.

(d) Method of Exercise. Subject to the exercisability provisions of Section 5(c), the termination provisions set forth in Section 7 and the applicable Award Agreement, Options may be exercised in whole or in part at any time and from time to time during the term of the Option, by the delivery of written notice of exercise by the Participant to the Company specifying the number of Shares to be purchased. Such notice will be accompanied by payment in full of the purchase price, either by certified or bank check, or such other means as the Board may accept. As determined by the Board, in its sole discretion, at or after grant, payment in full or in part of the exercise price of an Option may be made in the form of previously acquired Shares based on the Fair Market Value of the Shares on the date the Option is exercised; provided, however, that, in the case of an Incentive Stock Option, the right to make a payment in the form of previously acquired Shares may be authorized only at the time the Option is granted.

No Shares will be issued upon exercise of an Option until full payment therefor has been made. A Participant will not have the right to distributions or dividends or any other rights of a stockholder with respect to Shares subject to the Option until the Participant has given written notice of exercise, has paid in full for such Shares, and, if requested, has given the representation described in Section 11(a) hereof.

(e) Incentive Stock Option Limitations. In the case of an Incentive Stock Option, the aggregate Fair Market Value (determined as of the time of grant) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year under the Plan and/or any other plan of the Company or any Subsidiary will not exceed \$100,000. For purposes of applying the foregoing limitation, Incentive Stock Options will be taken into account in the order granted. To the extent any Option does not meet such limitation, that Option will be treated for all purposes as a Non-Qualified

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

Stock Option.

(f) Termination of Employment. Unless otherwise specified in the applicable Award Agreement, Options will be subject to the terms of Section 7 with respect to exercise upon or following termination of employment.

A-6

(g) Transferability of Options. Except as may otherwise be specifically determined by the Board with respect to a particular Option, no Option will be transferable by the Participant other than by will or by the laws of descent and distribution, and all Options will be exercisable, during the Participant's lifetime, only by the Participant or, in the event of his Disability, by his personal representative.

SECTION 6. Stock Appreciation Rights.

(a) Grant. The grant of an SAR provides the holder the right to receive the appreciation in value of Shares between the date of grant and the date of exercise. SARs may be granted alone ("Stand-Alone SARs") or in conjunction with all or part of any Option ("Tandem SARs"). In the case of a Non-Qualified Stock Option, a Tandem SAR may be granted either at or after the time of the grant of such Option. In the case of an Incentive Stock Option, a Tandem SAR may be granted only at the time of the grant of such Option.

(b) Exercise.

(i) Tandem SARs. A Tandem SAR or applicable portion thereof will terminate and will no longer be exercisable upon the termination or exercise of the related Option or portion thereof, except that, unless otherwise determined by the Board, in its sole discretion at the time of grant, a Tandem SAR granted with respect to less than the full number of Shares covered by a related Option will be reduced only after such related Option is exercised or otherwise terminated with respect to the number of Shares not covered by the Tandem SAR.

A Tandem SAR may be exercised by a Participant by surrendering the applicable portion of the related Option, only at such time or times and to the extent that the Option to which such Tandem SAR relates will be exercisable in accordance with the provisions of Section 5 and this Section 6. Options which have been so surrendered, in whole or in part, will no longer be exercisable to the extent the related Tandem SARs have been exercised.

Upon the exercise of a Tandem SAR, a Participant will be entitled to receive, upon surrender to the Company of all (or a portion) of an Option in exchange for cash and/or Shares, an amount equal to the excess of (A) the Fair Market Value, as of the date such Option (or such portion thereof) is surrendered, of the Shares covered by such Option (or such portion thereof) over (B) the aggregate exercise price of such Option (or such portion thereof).

Upon the exercise of a Tandem SAR, the Option or part thereof to which such Tandem SAR is related, will be deemed to have been exercised for the purpose of the limitation set forth in Section 3 of the Plan on the number of Shares to be issued under the Plan, but only to the extent of the number of Shares issued under the Tandem SAR at the time of exercise based on the value of the Tandem SAR at such time.

A Tandem SAR may be exercised only if and when the Fair Market Value of the Shares subject to the Option exceeds the exercise price of such Option.

(ii) Stand-Alone SARs. A Stand-Alone SAR may be exercised by a

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

Participant giving notice of intent to exercise to the Company, provided that all or a portion of such Stand-Alone SAR will have become vested and exercisable as of the date of exercise.

A-7

Upon the exercise of a Stand-Alone SAR, a Participant will be entitled to receive, in either cash and/or Shares, an amount equal to the excess, if any, of (A) the Fair Market Value, as of the date such SAR (or portion of such SAR) is exercised, of the Shares covered by such SAR (or portion of such SAR) over (B) the Fair Market Value of the Shares covered by such SAR (or a portion of such SAR) as of the date such SAR (or a portion of such SAR) was granted.

(c) Terms and Conditions. The Award Agreement evidencing any SAR will incorporate the following terms and conditions and will contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Board deems appropriate in its sole and absolute discretion:

(i) Term of SAR. Unless otherwise specified in the Award Agreement, the term of a Tandem SAR will be identical to the term of the associated Option, and the term of a Stand-Alone SAR will be ten years.

(ii) Exercisability. SARs will vest and become exercisable at such time or times and subject to such terms and conditions as will be determined by the Board at the time of grant; provided that, unless otherwise specified in the Award Agreement, a Tandem SAR will vest and become exercisable in the same manner and at the same time as the associated Option.

(iii) Termination of Employment. Unless otherwise specified in the Award Agreement, SARs will be subject to the terms of Section 7 with respect to exercise upon termination of employment.

SECTION 7. Termination of Service. Unless otherwise specified with respect to a particular Award, Options or SARs granted hereunder will remain exercisable after termination of employment only to the extent specified in this Section 7.

(a) Termination by Reason of Death. If a Participant's service with the Company or any Affiliate terminates by reason of death, any Option or SAR held by such Participant may thereafter be exercised, to the extent then exercisable or on such accelerated basis as the Board may determine, at or after grant, by the legal representative of the estate or by the legatee of the Participant under the will of the Participant, for a period expiring (i) at such time as may be specified by the Board at or after the time of grant, or (ii) if not specified by the Board, then 12 months from the date of death, or (iii) if sooner than the applicable period specified under (i) or (ii) above, then upon the expiration of the stated term of such Option.

(b) Termination by Reason of Disability. If a Participant's service with the Company or any Affiliate terminates by reason of Disability, any Option or SAR held by such Participant may thereafter be exercised by the Participant or his personal representative, to the extent it was exercisable at the time of termination, or on such accelerated basis as the Board may determine at or after grant, for a period expiring (i) at such time as may be specified by the Board at or after the time of grant, or (ii) if not specified by the Board, then 12 months from the date of termination of service, or (iii) if sooner than the applicable period specified under (i) or (ii) above, then upon the expiration of the stated term of such Option or SAR.

A-8

(c) Cause. If a Participant's service with the Company or any Affiliate is terminated for Cause: (i) any Option or SAR not already exercised will be immediately and automatically forfeited as of the date of such termination, and (ii) any Shares for which the Company has not yet delivered share certificates will be immediately and automatically forfeited and the Company will refund to the Participant the Option exercise price paid for such Shares, if any.

(d) Other Termination. If a Participant's service with the Company or any Affiliate terminates for any reason other than death, Disability or Cause, any Option or SAR held by such Participant may thereafter be exercised by the Participant, to the extent it was exercisable at the time of such termination, or on such accelerated basis as the Board may determine at or after grant, for a period expiring (i) at such time as may be specified by the Board at or after the time of grant, or (ii) if not specified by the Board, then 60 days from the date of termination of service, or (iii) if sooner than the applicable period specified under (i) or (ii) above, then upon the expiration of the stated term of such Option or SAR.

SECTION 8. Restricted Shares.

(a) Issuance. Restricted Shares may be issued either alone or in conjunction with other Awards. The Board will determine the time or times within which Restricted Shares may be subject to forfeiture, and all other conditions of such Awards.

(b) Awards and Certificates. The Award Agreement evidencing the grant of any Restricted Shares will contain such terms and conditions, not inconsistent with the terms of the Plan, as the Board deems appropriate in its sole and absolute discretion. The prospective recipient of an Award of Restricted Shares will not have any rights with respect to such Award, unless and until such recipient has executed an Award Agreement and has delivered a fully executed copy thereof to the Company, and has otherwise complied with the applicable terms and conditions of such Award. The purchase price for Restricted Shares may, but need not, be zero.

A share certificate will be issued in connection with each Award of Restricted Shares. Such certificate will be registered in the name of the Participant receiving the Award, and will bear the following legend and/or any other legend required by this Plan, the Award Agreement, the Company's stockholders' agreement, if any, or by applicable law:

THE TRANSFERABILITY OF THIS CERTIFICATE AND THE SHARES REPRESENTED HEREBY ARE SUBJECT TO THE TERMS AND CONDITIONS OF THE ISCO INTERNATIONAL, INC. 2003 EQUITY INCENTIVE PLAN AND AN AGREEMENT ENTERED INTO BETWEEN [THE PARTICIPANT] AND ISCO INTERNATIONAL, INC. (WHICH TERMS AND CONDITIONS MAY INCLUDE, WITHOUT LIMITATION, CERTAIN TRANSFER RESTRICTIONS, REPURCHASE RIGHTS AND FORFEITURE CONDITIONS). COPIES OF THAT PLAN AND AGREEMENT ARE ON FILE IN THE PRINCIPAL

A-9

OFFICES OF ISCO INTERNATIONAL, INC. AND WILL BE MADE AVAILABLE TO THE HOLDER OF THIS CERTIFICATE WITHOUT CHARGE UPON REQUEST TO THE SECRETARY OF THE COMPANY.

Share certificates evidencing Restricted Shares will be held in custody by the Company or in escrow by an escrow agent until the restrictions thereon have lapsed. As a condition to any Restricted Shares award, the Participant may be

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

required to deliver to the Company a share power, endorsed in blank, relating to the Shares covered by such Award.

(c) Restrictions and Conditions. The Restricted Shares awarded pursuant to this Section 8 will be subject to the following restrictions and conditions:

(i) During a period commencing with the date of an Award of Restricted Shares and ending at such time or times as specified by the Board (the "Restriction Period"), the Participant will not be permitted to sell, transfer, pledge, assign or otherwise encumber Restricted Shares awarded under the Plan. The Board may condition the lapse of restrictions on Restricted Shares upon the continued employment or service of the recipient, the attainment of specified individual or corporate performance goals, or such other factors as the Board may determine, in its sole and absolute discretion.

(ii) Except as provided in this Paragraph (ii) or Section 8(c)(i), once the Participant has been issued a certificate or certificates for Restricted Shares, the Participant will have, with respect to the Restricted Shares, all of the rights of a stockholder of the Company, including the right to vote the Shares, and the right to receive any cash distributions or dividends. The Board, in its sole discretion, as determined at the time of award, may permit or require the payment of cash distributions or dividends to be deferred and, if the Board so determines, reinvested in additional Restricted Shares to the extent Shares are available under Section 3 of the Plan. Any distributions or dividends paid in the form of securities with respect to Restricted Shares will be subject to the same terms and conditions as the Restricted Shares with respect to which they were paid, including, without limitation, the same Restriction Period.

(iii) Subject to the applicable provisions of the Award Agreement, if a Participant's service with the Company terminates prior to the expiration of the Restriction Period, all of that Participant's Restricted Shares which then remain subject to forfeiture will then be forfeited automatically.

(iv) If and when the Restriction Period expires without a prior forfeiture of the Restricted Shares subject to such Restriction Period (or if and when the restrictions applicable to Restricted Shares lapse pursuant to Sections 3(d)), the certificates for such Shares will be replaced with new certificates, without the restrictive legends described in Section 8(b) applicable to such lapsed restrictions, and such new certificates will be promptly delivered to the Participant, the Participant's representative (if the Participant has suffered a Disability), or the Participant's estate or heir (if the Participant has died).

SECTION 9. Amendments and Termination. The Board may amend, alter or discontinue the Plan at any time, but, except as otherwise provided in Section 3(d) of the Plan,

A-10

no amendment, alteration or discontinuation will be made which would impair the rights of a Participant with respect to an Award, without that Participant's consent, or which, without the approval of such amendment within one year (365 days) of its adoption by the Board, by a majority of the votes cast at a duly held stockholder meeting at which a quorum representing a majority of the Company's outstanding voting shares is present (either in person or by proxy), would: (i) increase the total number of Shares reserved for the purposes of the Plan (except as otherwise provided in Section 3(c)), or (ii) change the persons or class of persons eligible to receive Awards.

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

SECTION 10. Unfunded Status of Plan. The Plan is intended to be "unfunded." With respect to any payments not yet made to a Participant by the Company, nothing contained herein will give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Board may authorize the creation of grantor trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or payments in lieu of Shares or with respect to Awards.

SECTION 11. General Provisions.

(a) The Board may require each Participant to represent to and agree with the Company in writing that the Participant is acquiring securities of the Company for investment purposes and without a view to distribution thereof and as to such other matters as the Board believes are appropriate. The certificate evidencing any Award and any securities issued pursuant thereto may include any legend which the Board deems appropriate to reflect any restrictions on transfer and compliance with securities laws.

All certificates for Shares or other securities delivered under the Plan will be subject to such share-transfer orders and other restrictions as the Board may deem advisable under the rules, regulations, and other requirements of the Securities Act of 1933, as amended, the Exchange Act, any stock exchange upon which the Shares are then listed, and any other applicable federal or state securities laws, and the Board may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(b) Nothing contained in the Plan will prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

(c) Neither the adoption of the Plan nor the execution of any document in connection with the Plan will (i) confer upon any person any right to continued employment or engagement with the Company or such Affiliate, or (ii) interfere in any way with the right of the Company or such Affiliate to terminate the employment of any of its employees at any time.

(d) No later than the date as of which an amount first becomes includible in the gross income of the Participant for federal income tax purposes with respect to any Award under the Plan, the Participant will pay to the Company, or make arrangements satisfactory to the Board regarding the payment of any federal, state or local taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Board, the minimum

A-11

required withholding obligations may be settled with Shares, including Shares that are part of the Award that gives rise to the withholding requirement. The obligations of the Company under the Plan will be conditioned on such payment or arrangements and the Company will, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant.

SECTION 12. Effective Date of Plan. The Plan will become effective on the date that it is adopted by the Board; provided, however, that all Options intended to be Incentive Stock Options will automatically be converted into Non-Qualified Stock Options if the Plan is not approved by the Company's stockholders within one year (365 days) of its adoption by the Board in a manner consistent with Treas. Reg. ss. 1.422-5.

Edgar Filing: ISCO INTERNATIONAL INC - Form DEF 14A

SECTION 13. Term of Plan. The Plan will continue in effect until terminated in accordance with Section 9; provided, however, that no Incentive Stock Option will be granted hereunder on or after the 10th anniversary of the date of stockholder approval of the Plan (or, if the stockholders approve an amendment that increases the number of shares subject to the Plan, the 10th anniversary of the date of such approval); but provided further, that Incentive Stock Options granted prior to such 10th anniversary may extend beyond that date.

SECTION 14. Invalid Provisions. In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability will not be construed as rendering any other provisions contained herein as invalid or unenforceable, and all such other provisions will be given full force and effect to the same extent as though the invalid or unenforceable provision was not contained herein.

SECTION 15. Governing Law. The Plan and all Awards granted hereunder will be governed by and construed in accordance with the laws and judicial decisions of the State of Delaware, without regard to the application of the principles of conflicts of laws.

SECTION 16. Board Action. Notwithstanding anything to the contrary set forth in the Plan, any and all actions of the Board or Committee, as the case may be, taken under or in connection with the Plan and any agreements, instruments, documents, certificates or other writings entered into, executed, granted, issued and/or delivered pursuant to the terms hereof, will be subject to and limited by any and all votes, consents, approvals, waivers or other actions of all or certain stockholders of the Company or other persons required by:

(a) the Company's Certificate of Incorporation (as the same may be amended and/or restated from time to time);

(b) the Company's Bylaws (as the same may be amended and/or restated from time to time); and

(c) any other agreement, instrument, document or writing now or hereafter existing, between or among the Company and its stockholders or other persons (as the same may be amended from time to time).

SECTION 17. Notices. Any notice to be given to the Company pursuant to the provisions of the Plan will be addressed to the Company in care of its Secretary (or such

A-12

other person as the Company may designate from time to time) at its principal executive office, and any notice to be given to a Participant will be delivered personally or addressed to him or her at the address given beneath his or her signature on his or her Award Agreement, or at such other address as such Participant may hereafter designate in writing to the Company. Any such notice will be deemed duly given on the date and at the time delivered via personal, courier or recognized overnight delivery service or, if sent via telecopier, on the date and at the time telecopied with confirmation of delivery or, if mailed, on the date five (5) days after the date of the mailing (which will be by regular, registered or certified mail). Delivery of a notice by telecopy (with confirmation) will be permitted and will be considered delivery of a notice notwithstanding that it is not an original that is received.
